COHOCTAH TOWNSHIP ORDAINS:

Section 1. Addition of New Section 13.28 to Township Zoning Ordinance

New Section 13.28 is added to the Zoning Ordinance and reads as follows:

Section 13.28 Moratorium on Commercial Wind and Solar Projects and Repeal of Sections of the Township Zoning Ordinance Pertaining to “Solar Farms” and “Solar Energy Systems”

- A: Definition.** A “Commercial Wind and Solar Energy Project” is a utility-scale commercial facility that converts energy into electricity, whether by wind, photovoltaics (PV) or various experimental solar technologies, for the primary purpose of wholesale or retail sales of generated electricity.
- B. Purpose and Findings.** The purpose of this moratorium is to provide sufficient time for the Cohoctah Township Planning Commission and Township Board to fully and thoughtfully explore, analyze, research, and make informed decisions regarding Commercial Wind and Solar Energy Projects. In support of this Ordinance, the Cohoctah Township Planning Commission and Township Board have determined the following:
1. The integration of Commercial Wind and Solar Energy Projects within the Township's existing land uses requires suitable regulations and controls to ensure compliance with the Township's Master Plan and for the protection for the health, safety and welfare of all of the Township's residents.
 2. The Township wishes to consider whether amendments to its Zoning Ordinance to regulate the establishment and use of Commercial Wind and Solar Energy Projects are necessary in order to better protect the public health, safety, and welfare of Township residents.

3. Imposing a moratorium, on a limited temporary basis, is reasonable and necessary in order to allow the Township time and space to fully and thoughtfully explore, analyze, research and develop any proposed zoning amendments regarding potential amendments to the Township's Zoning Ordinance applicable to Commercial Wind and Solar Energy Projects.
4. A moratorium should be imposed upon the issuance of any and all permits, licenses, and approvals for any property in the Township for the establishment and use of Commercial Wind and Solar Energy Projects for 12 months, subject to further extension by resolution adopted by the Township Board.
5. The following sections of the Township's Zoning Ordinance relating to "solar farms" should be repealed while the Planning Commission considers revised regulations: the definition of "solar energy system" and "solar farm" in section 2.02, section 4.03(M), section 5.03(L), section 6.03(K), section 7.03(H), section 10.03(G), section 11.03(X), section 16.58(C), section 13.27, and any other section that could be construed to permit Commercial Wind and Solar Energy Projects in the Township while the moratorium remains in effect. .

C: Moratorium. A moratorium is hereby imposed upon the issuance of any and all permits, licenses, or approvals for any property in the Township for the establishment and use of Commercial Wind and Solar Energy Projects, so long as this Ordinance is in effect.

D. Term of Moratorium; Renewal. The moratorium imposed by this Ordinance remains in effect for 12 months following the effective date of this Ordinance. Before this moratorium expires, the Township Board may, by resolution, extend the moratorium for up to 12 additional months, if in its judgment the Township Board determines additional time is necessary. If an extension is adopted, the Township will publish notice of the resolution of extension.

Section 2. Validity and Severability.

Should any portion of this Ordinance be found invalid for any reason, such holding will not affect the validity of the remaining portions of this Ordinance.

Section 3. Repealer.

Any ordinances or parts of ordinances in conflict with this Ordinance, including but not limited to Ordinance No. 84 adopted on November 9, 2017, are hereby repealed only to the extent necessary to give this Ordinance full force and effect. Specifically but without limitation, the following sections of the Township Zoning Ordinance pertaining to "solar farms" are repealed: the definition of "solar energy system" and "solar farm" in section 2.02, section 4.03(M), section 5.03(L), section 6.03(K), section 7.03(H), section 10.03(G), section 11.03(X), section 16.58(C), section 13.27, and any other section that could be construed to permit Commercial Wind and Solar Energy Projects in the Township while the moratorium remains in effect.

Section 4. Effective Date.

This Ordinance is effective as provided by law.
