

## TRAFFIC COMMISSION

AGENDA SECTION	NEW BUSINESS
MEETING DATE	JUNE 7, 2021

<b>ITEM:</b>	REQUEST FOR SIGNAGE AND SAFETY IMPROVEMENTS NEXT TO 4003 STINSON BOULEVARD
<b>DEPARTMENT:</b> Public Works	<b>BY/DATE:</b> Kathy Young/June 2, 2021

**BACKGROUND:** Mr. James Denman has requested safety improvements for the curve on Stinson Boulevard, north of 40<sup>th</sup> Avenue/Silver Lane (St Anthony). There have been several instances where vehicles have lost control while going around the curve and damaged property. Mr. Denman also submitted photos showing examples of the damage.

Mr. Denman has requested a flashing yellow light on the warning sign and a guard rail.

Staff recommends a phased approach with signage improvements first. Staff will install a flashing yellow light on the curve warning sign, provided the neighbors agree. In addition, reflective strips will be added to the posts, increasing visibility.

<b>RECOMMENDED MOTION(S):</b>
MOTION: None
