

To whom it may concern,

Please consider this application for a rental exception for this property that I own. I am very sorry if I have not complied with the city requirements. I was under the assumption that a rental license was not required. I have lived in this beautiful city for a very long time and my family, and I would love to continue to live here and keep our properties here in Columbia Heights. Please consider this application. Thank you very much.

Norma
