Hello,

I hope this email finds you well. My name is Jose Molina and I live with my wife Zoila Molina at 4942 7th st NE Columbia Heights. We have 4 children who now are all married and have kids of their own. My wife and I were excited to start a new chapter in our life, retirement. We have our house for which we were hoping to rent for a source of income and were surprised to learn we are not allowed to. I'm 64 years old and my wife 65 and battled breast cancer 5 years ago. We just want to rent our home and have a peaceful retirement and not worry about money. We would like to request if we can rent our home as this would be a much needed source of income for us. Thank you so much in advance and i hope to hear back from you soon.
