What interests/skills/life experiences do you bring to the City Boards and Commissions?

I deeply care about the quality of life of those around me and doing what’s right and best for everyone. I carry deep empathy and compassion for all those in my life and those I meet. I currently work at a nursing home and am planning to become a nurse in the future because my passion is to help and care for others.

What do you think are the most important issues facing Columbia Heights?

I think the most important issues is quality of education in our public schools and enforcing rules to protect and make things better for students and teachers. I also think helping finding jobs and making living easier for those in need is really important as it touches close to home. Making the city safe and as happy and enjoyable as possible is the goal!
