ANSWER CHOICES	RESPONSES
None of the above	7.61% 30
30-gallon food organics collection cart	29.70% 117
5-gallon food organics pail	46.95% 185
Other (please specify)	15.74% 62
<b>TOTAL</b>	<b>394</b>

#	OTHER (PLEASE SPECIFY)	DATE
1	Since I live in an apartment building, I would like to see the city offer an organics recycling site where apartment dwellers can bring their compost. We had this in Spring Lake Park, and it seemed successful there.	1/6/2024 9:31 PM
2	Assuming collection every two weeks, a 10/15 gallon cart would be a good size, if that exists	1/4/2024 8:13 AM
3	prefer to use 1 container for both purposes.	1/4/2024 5:11 AM
4	I want both, small in the house and large outside for organics (not also a second large for yard waste)	1/3/2024 9:36 PM
5	Either	1/3/2024 7:23 AM
6	20 gallon cart	1/2/2024 11:40 PM
