Round corner tower with clock and bell cupola, round arches on 1st story. Corbelled cornice. Square corner tower with round arch windows. Massive round arch window and entrance. A fire bell and tower were removed in 1948 when the fire department moved to a new location. Local artist Susan Stare has framed paintings displayed in the interior of the City Hall. There is an auditorium on the second floor.

Reasons for the designation as proposed include:

- The auditorium, originally designed by Truman D. Allen of Minneapolis, MN, occupies the second and third floors of the Columbus City Hall. It was originally designed in 1891 to accommodate an audience of 600. It was last occupied in the late 1940s, and the second floor was closed to the public in the 1950s. The auditorium was used for silent movies, traveling speakers, entertainment, and school functions.
- The building is composed of area materials consisting of Watertown cream brick, Doylestown red sandstone, and rock-faced Waukesha limestone. About half of T.D. Allen's works remain and are included in the National Historic Register. The Columbus City Hall displays many characteristics of his works.
- Added to the National Register of Historic Places in 1979 and the State Register of Historic Places in 1989.
