

Agenda Item Report

Meeting Type: Utility Commission

Meeting Date: April 17, 2025

Item Title: Consider and take action to direct staff to acquire metering cabinet and transformer for a large Columbus Utilities customer

Submitted By: Matt Amundson, City Administrator & Dalton Hiley, Lead Lineman

Detailed Description of Subject Matter:

As part of a customer expansion project, the Utility must acquire a metering cabinet and transformer. The customer will be invoiced and reimburse the Utility for the estimated \$100K infrastructure capital cost.

List all Supporting Documentation Attached:

Included as part of the Forster Electrical Engineering presentation

Action Requested of Council:

Consider and take action to direct staff to acquire a metering cabinet and transformer for electrical service to the large customer.
