

Agenda Item Report

Meeting Type: Committee of the Whole

Meeting Date: December 3, 2024

Item Title: Discussion of possible 2025 Stormwater Referendum question for the Spring Election ballot

Submitted By: Matt Amundson, City Administrator

Detailed Description of Subject Matter:

There are currently 123 communities in the state that have enacted a stormwater utility. The list below includes those added between 2014-2022. I believe that Menomonee Falls added in 2024 but I am working to confirm those details. In researching I've not found a great deal of information regarding the successful passing of these referendums. I hope to have more information at the meeting.

- Plymouth (2019)
- Somers (2018)
- Two Rivers (2014)
- Middleton (2014)
