

2024 AGENDA ITEM

Utility Commission Meeting Date: 8/15/2024

ITEM: Electric Utility Transformer Purchase for 2025

DETAILED DESCRIPTION OF SUBJECT MATTER:

The inventory of transformers for the Electric Utility is nearly depleted. If the Utility were in need of certain transformers we would be forced to borrow from another utility and replace it when our order came in. That being said our Utility as we plan ahead for development and replacements needs to replenish the inventory on a number of items. One of the hardest assets to access due to procurement setbacks happens to be transformers. We have contacted Irby to provide us with a total of 44 transformers of various sizes and configurations for a total price of \$637,650. It is highly recommended by the Director that this order be placed immediately as the lead time is roughly 32 weeks. The order cannot be placed without your approval to this 2025 future budgeted purchase. Therefore, The Director is requesting approval to place this order and budget 2025 appropriately for this expense.
