

Agenda Item Report

Meeting Type: Committee of the Whole

Meeting Date: February 19, 2025

Item Title: Discussion regarding development of a snow and ice control policy

Submitted By: Matt Amundson, City Administrator

Detailed Description of Subject Matter:

I've included an example policy from the City of Middleton for discussion. A majority of municipalities in the State focus on clearing main and arterial streets during a snow event and clearing side streets/residential neighborhoods after 10 pm and/or at the conclusion of a snow event.

A goal of any snow and ice control policy should be to assure safe travel throughout the city in a cost effective and environmentally friendly manner.
