

**Columbus Consolidated Government
Council Meeting Agenda Item**

TO:	Mayor and Councilors
AGENDA SUBJECT:	Preventive Maintenance Services for the Fingerprint/Mugshot LiveScan Plus Hardware and Software System for Sheriff's Office
INITIATED BY:	Finance Department

It is requested that Council approve payment to Dataworks Plus (Greenville, SC), in the amount of \$25,869.00, for the annual preventive maintenance of the fingerprint/mugshot LiveScan Plus hardware and software system. It is also requested that payment be approved for subsequent annual maintenance fees for the fingerprint/mugshot LiveScan Plus hardware and software system.

The LiveScan Plus system captures, stores, and retrieves all primary biometrics including fingerprints and palm prints. The system interfaces with Sheriff's web site to provide photographs and data of inmates currently in the Muscogee County Jail. Additionally, the system's PhotoManager Biometric Identification system module integrates palm and finger templates. As well as, adds electronic card and storage retrieval interfaced with PhotoManager technology.

DataWorks*Plus* has been improving, expanding and building upon the initial inmate mugshot system platform purchased in 1996, per resolution #233-96. The vendor continues to maintain the current system. DataWorks*Plus* owns all rights and licenses to all the software modules, and therefore is the only known source to provide the maintenance.

Funds are budgeted in the FY23 Budget: General Fund – Sheriff – Detention – Service Contracts; 0101 – 550 – 2600 – JAIL – 6513. Funds will be budgeted in subsequent fiscal years for future annual payments.
