Director's Report Cont'd	<ul style="list-style-type: none"> Governor plans to open vaccinations to those 16 years old and older tomorrow. Pfizer is recommended for the 16-17-year-old category. We do have all 3 brands, Janssen, Pfizer and Moderna, in Columbus and will utilize all 3. If people do not want the brand we are giving on a particular date, there will be other opportunities for the other brands and there are other groups giving vaccines. 		
Financial Report	<p>Joanne Strickland:</p> <ul style="list-style-type: none"> Presented financial overview, July 2020 through the end of February 2021. <p>Program Reports</p>	<p>Emergency Preparedness – Darrell Enfinger</p> <ul style="list-style-type: none"> COVID is taking the vast majority of our time and resources. The Strike Team is at a senior center now and have two more sites this afternoon. We are trying to take care of the smaller hot spots before we move on to the larger venues. SPOC testing has changed from about 1,070 in the third week of January to a current number of about 220 per week. <p>QUESTION: Dr. Alappan – Do patients have to register before getting vaccinated at the Civic Center?</p> <p>RESPONSE: Darrell Enfinger – Yes, but that is completely separate from us; that is GEMA. They were having issues with the registration site but should have that cleared up by next week. Yes, they do require an appointment.</p> <p>Epidemiology - Brandi Nelson</p> <ul style="list-style-type: none"> Muscogee County total confirmed cases to date as of March 15th is around 13,000. The weekly report is for the previous 14-day period. For the 3/15 week there were 176 confirmed cases per 100K and for the 3/22 week there were 215 confirmed cases per 100K. The positivity rate was 8.0% on 3/15 and 7.4% on 3/22. Total hospitalizations are at 1,060 and 362 confirmed deaths. COVID virus variants in the state of Georgia report 351 UK variant cases, 1 Brazilian case (P1) and 15 South African variant cases. <p>RESPONSE: Dr. Chhokar – Case numbers are coming down. Patients who come for testing are having virus antigen checked. Do you think we have more people coming than really need to be tested or are we seeing more sick people coming for testing?</p>

<p>Program Reports</p>	<p>RESPONSE: Brandi Nelson – The 3/15 report covers data from Feb 1 through March 12. I believe we are seeing patients who have tested positive and are getting retested (some jobs asking for negative test results). As for sick cases, I don't think we are seeing as many as in the beginning.</p> <p>RESPONSE: Dr. Townsend – Testing numbers are down as well. The demand is not there. We cut the number of days/hours of testing to Monday, Wednesday, and Friday because the demand is not there.</p> <p>RESPONSE: Dr. Chhokar – Some patients do not want to be tested or they do not want others to know they are being tested.</p> <p>Public Information – Pam Kirkland</p> <ul style="list-style-type: none"> • Continued weekly COVID-19 updates for press release, including number of cases, information on testing, vaccines and schedules and press release on a new program for expectant moms called <i>Count the Kicks</i>. • Television, radio, and newspaper interviews almost daily over the last month pertaining mostly to COVID19 and vaccines. Those include WTVM, WRBL, PMB Radio stations, Ledger-Enquirer, Washington Post and the Atlanta Journal Constitution. • Social media posts covering vaccine information, Georgia SNAP-Ed nutrition classes, updated guidelines for fully vaccinated persons, vaccine protocol and registration for vaccines. <p>There were no questions.</p>
