In keeping with CDC/GDPH COVID-19 Community Mitigation Recommendations, this board of health meeting was held by conference call. All reports were emailed to all board members. Attendees verified by roll call.			
Agenda Topic	Discussion	Decision	Responsibility
Call to order	Dr. Chhokar called the meeting to order at 1:00 pm and wished all a Happy New Year.	None	None
Approval of Minutes	Dr. Chhokar: <ul style="list-style-type: none"> • Acknowledged a quorum was present. Referred to minutes from the December meeting. With no questions or discussion from the members, Dr. Chhokar asked for a motion of approval. • Called for the Director's report. 	Motion made by Isaiah Hugley, seconded by Dr. Alappan, and approved by all members present.	None
Director's Report	Dr. Townsend: <ul style="list-style-type: none"> • COVID testing continues as we roll out COVID vaccination clinics with drive through events including at the Civic Center and in our health departments which is taking a lot of effort. • Phone lines have been jammed with vaccine registration assistance, questions, complaints and once in a while expression of appreciation and kudos to our staff for their compassionate handling of the stressful situation. We are doing our best with limited resources including staff. We are hiring people to give shots, and they must be trained according to DPH requirements. 	None	None

<p>Director's Report Cont'd</p>	<ul style="list-style-type: none"> • Vaccines are limited. There are no reserves. We are limited by production and shipment of the vaccine and are working to get them out as soon as received, including working closely with Region I by helping to staff and to obtain volunteers for that location. • People are going online to get vaccine numbers, but the numbers may be a week behind in reporting vaccines given. We are ordering quantities of vaccines but may receive only a third of what we order. • The government has opened Phase 1 to the 65+ population. The state is working on a system to register for the vaccine but are not fully ready for implementation. Vaccine registration is done on our website for our district, but we do not make appointments until we have vaccines in hand. We appreciate having the members know what we are facing and what we are doing to meet the challenge. We are happy to hear of glitches in our process so that we can address and rectify those. • We will have a new COVID test provider on site to help keep testing going as our staff focuses on vaccine efforts. The company is called MAKO and will be located in our SPOC in the rear of Comer Avenue. We are also compiling a Strike Team to go to communities with the vaccine. We are taking on volunteers for mass vaccine events and really appreciate the city allowing us to use the Civic Center. Dentists can also participate as vaccinators and we are excited about that.

Agenda Topic	Discussion	Decision	Responsibility
<p>Director's Report Cont'd</p>	<p>QUESTION: Dr. McRae – What happens to the vaccines not used when people do not show for their appointment? RESPONSE: Dr. Townsend – We do not waste vaccines. Vaccines are kept at the required temperature and we are only using the Moderna vaccine, so it does not have to be kept frozen.</p> <p>QUESTION: Dr. McRae – What are we doing locally and at the state level to vaccinate the underserved? It is reported that 95% of people getting the vaccine are Caucasian. RESPONSE: Dr. Townsend – We have to take the vaccine out to them like we did with COVID testing by conducting clinics in the communities. That is the purpose of forming our Strike Team.</p> <p>QUESTION: Dr. McRae – Do we educate the people on the safety of the vaccines who are still reluctant to get it? RESPONSE: Dr. Townsend - Yes. Our many phone calls and conferences with our community partners are opportunities for educating. We try to arrange for those to be in groups to get the word out.</p> <p>RESPONSE: Asante' Hiltz – Jack Lockwood and Pam Kirkland put out informative material to the community including on social media. Pam has done interviews on vaccine safety and on how to register for the vaccine. Jack reaches out to faith-based community partners. We are interested in hearing your ideas on other ways to educate the community.</p>

<p>Director's Report Cont'd</p>	<p>RESPONSE: Dr. Lopez – Received complaints about getting registered and not receiving any follow up to confirm. Maybe we could get on the t.v. and radio to reassure the public.</p> <p>RESPONSE: Kim Fuller – Our current registrations number between 25,000 and 27,000 for Columbus.</p> <p>RESPONSE: Pam Kirkland – We have had interviews on registration and are doing a weekly update for our press releases. We keep our website information updated with our phone numbers. Interviews are how we answer these questions and address those issues. We hope the media will run and broadcast those interviews.</p>		
<p>Financial Report</p>	<p>Joanne Strickland:</p> <ul style="list-style-type: none"> • Presented financial overview, through the end of December 2020, with our current budget of \$5,882,786, which includes two revisions. Total expenses for FY21 through the end of December are \$3,065,698, which is 52% of our total budget and just over our target of 50% for six months of operations. Total fee income is \$664,917. Lines 6 through 16 show detail for fees and their comparisons to last year, which most are at a decrease, but up overall by \$42,661 because of the admin income we received from COVID testing. Prior Admin Claiming Income remains down by \$22,982.62 due to timing of receipts from the state. Detail of the summary are on pages 2 and 3. Page 4 shows our grants, which were all on target for six months of operation. <p>There were no questions.</p>	<p>The Financial Report is attached and made a part of these minutes.</p>	<p>None</p>

Program Reports	<p>Emergency Preparedness - Darrell Enfinger</p> <ul style="list-style-type: none"> • Regarding MAKO, we had been running 350-375 tests per day, but that has declined recently, and we are now averaging around 104 per day. We had been seeing an average turn around for results within 3 days, so we are looking for MAKO's turnaround time to be the same. • We did activate the morgue trailer for the COVID death overflow but have only had 3 bodies and the trailer is empty today. No other reported fatalities causing inadequate space for bodies. • We have administered 4,500 COVID vaccines at Region I and started on the second dose rounds, but do not have more vaccines in yet. <p>Public Information - Pam Kirkland</p> <ul style="list-style-type: none"> • We continue with the weekly COVID-19 updates for press release, including number of cases, information on testing and on vaccines. Good news is that in 15 of our 16 counties the case numbers have dropped over the last 2 weeks. • Conducting email campaigns on flu shots, drive through HIV testing, and COVID testing, throughout the district. Radio and social media campaigns on HPV and You Tube Channel commercials and video interviews. 	<p>Program reports are attached and made a part of these minutes.</p>	None

<p>Program Reports Cont'd.</p>	<p>Epidemiology - Brandi Nelson</p> <ul style="list-style-type: none"> • Muscogee County confirmed cases to date are at 11,025 and our 14-day positivity rate is at 16.5%. We have had a total of 870 hospitalizations and 241 deaths. <p>Environmental Health - Kristi Ludy</p> <ul style="list-style-type: none"> • Referred to the EH report which was emailed to all board members. Pages 1 and 2 show a summary of EH activity for the month of December, which includes inspections and investigations for Food Service, Pools & Spas, Tourist Accommodations, Tattoo Studios, Vector Control, Onsite Sewage, and Well Water. Three animals tested for rabies and all were negative. Food service inspection details are listed on pages 3 through 10 of the report. <p>Nursing Report - Kimberly Fuller</p> <ul style="list-style-type: none"> • Referred to the Nursing report emailed to board members and reported 2,428 initial visits, 538 return visits for a total of 2,966 visits from July 1 through December 31. Last year for the same time, total visits were 6,074. • Continued COVID-19 rapid testing for first responders as well as daily testing at the SPOC; clinical rotations for BSN nursing students from CSU; conducted a drive through flu clinic December 11th, and our initial drive through COVID vaccine clinic on December 23rd; and school immunization audits for Pre-K and 7th grade. 	<p>Program reports are attached and made a part of these minutes.</p>	<p>None</p>
