Dear Members of the Board and Council,

After 65 years of service to this community, it is with sincere regret that I offer my retirement from the Muscogee County Board of Elections and Registration. I have served as a board member since 1991 and have enjoyed every challenging moment. I have been a part of implementing three different types of voting systems and developing policies to execute new laws and procedures. I am satisfied with the work of the Board in effecting a strong organization that delivers quality services to our citizens.

I started my career with the city in February of 1955 as a part-time playground director for Parks and Recreation. I retired after 35 years of service and thought that I would continue walking at the mall, being a bookkeeper for my church, attending numerous community meetings and church meetings, and playing Sudoku. I certainly did not know that eleven months later, I would be confirmed by Council as a member of the Board of Elections.

I am appreciative of the confidence placed in me by Council that allowed me to serve for 30 years as a member of the best election board in the State of Georgia. I will be available to assist in the transition of a new member and look forward to what the future has in store.

Regards,

Eleanor White
