Background: Funds have been allocated to the Georgia Trauma Commission for the purchase of trauma equipment. In 2007, the Georgia Legislature through senate Bill 60 established the Georgia Trauma Care Network Commission. In 2012, the Georgia Legislature through SB 489 amended SB 60 and thus O.C.G.A 31-11-100 to require annual reporting of the Commission’s activities to both House and Senate Committees on Health and Human services. Trauma continues to be the leading cause of death between the ages of 1 -44. Overall, injury is the 4th leading cause of death in the United States, but life – years lost are greater from injury than from 3 other leading causes of death combined, which are heart disease, cancer, and stroke. Analysis: The Department of Fire and Emergency Medical Services will purchase equipment with funds being reimbursed by the state.

Financial Considerations: The grant is for equipment that will enhance the treatment of the trauma patient amounting to \$10,679.90, with no matching funds required.

Legal Considerations: The Consolidated Government of Columbus is eligible to receive the funds.
