

TAX ALLOCATION DISTRICT UPDATE

April 29, 2025

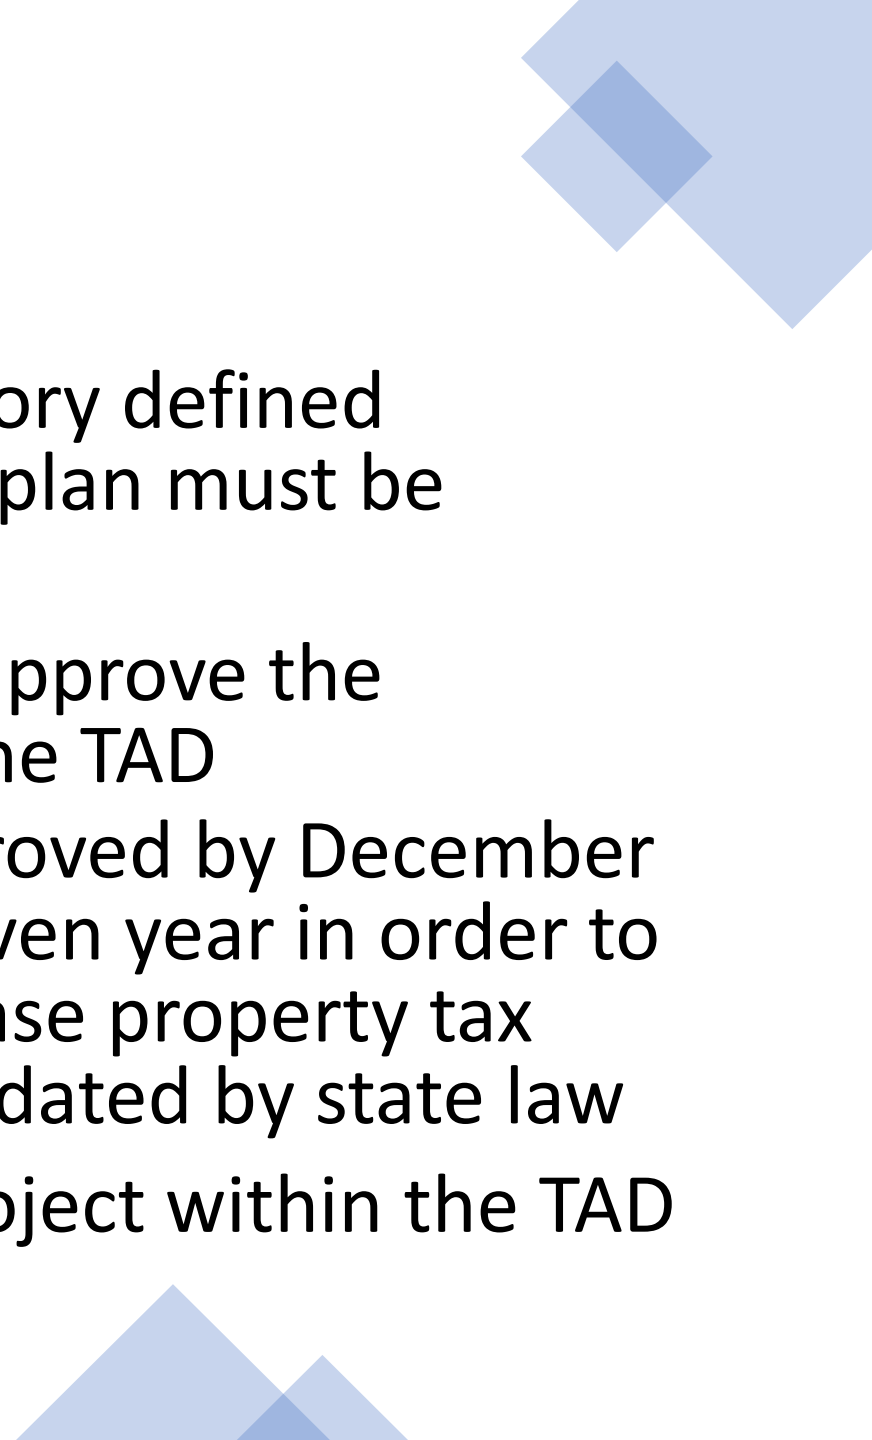

What is the purpose
of a Tax Allocation
District or TAD?

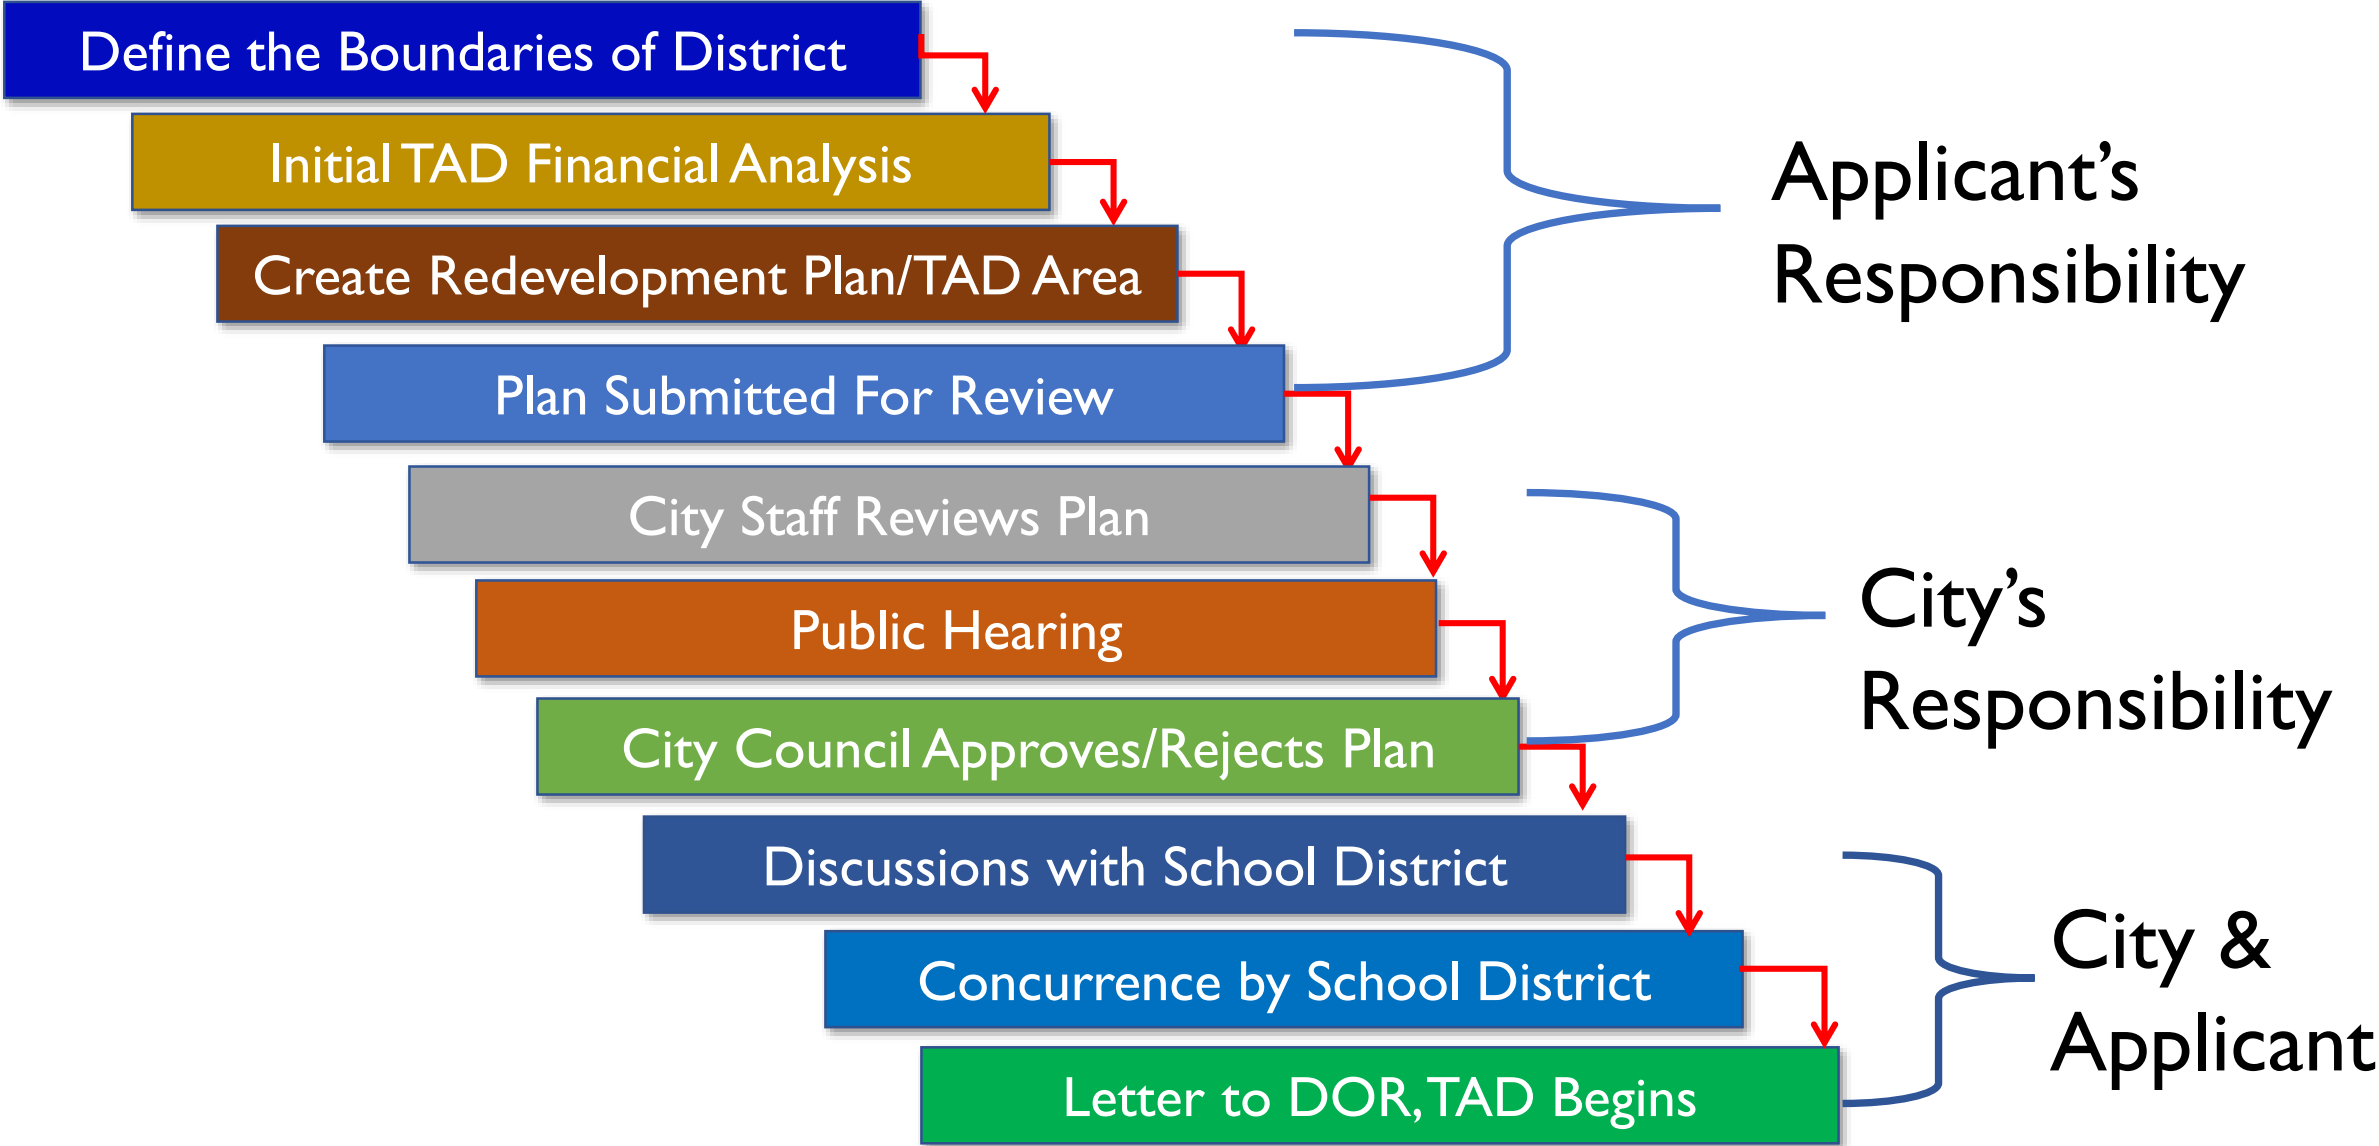

- A tool for redevelopment
 - Uses increases in property taxes (called “positive tax increment”) in a specific area to pay the costs of redeveloping the area.
 - In other states, TADs are called TIF (Tax Increment Financing) districts
- 
- 

Three Step Process for TADs

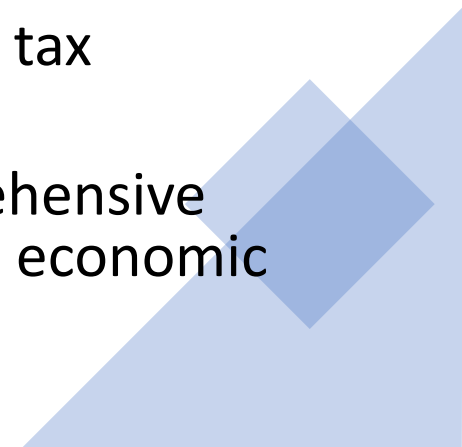

- 1. A state statutory defined redevelopment plan must be developed
 - 2. Identify and approve the boundaries of the TAD
 - Must be approved by December 31st of any given year in order to establish a base property tax value as mandated by state law
 - 3. Approve a project within the TAD
- 

Tax Allocation District Approval Process

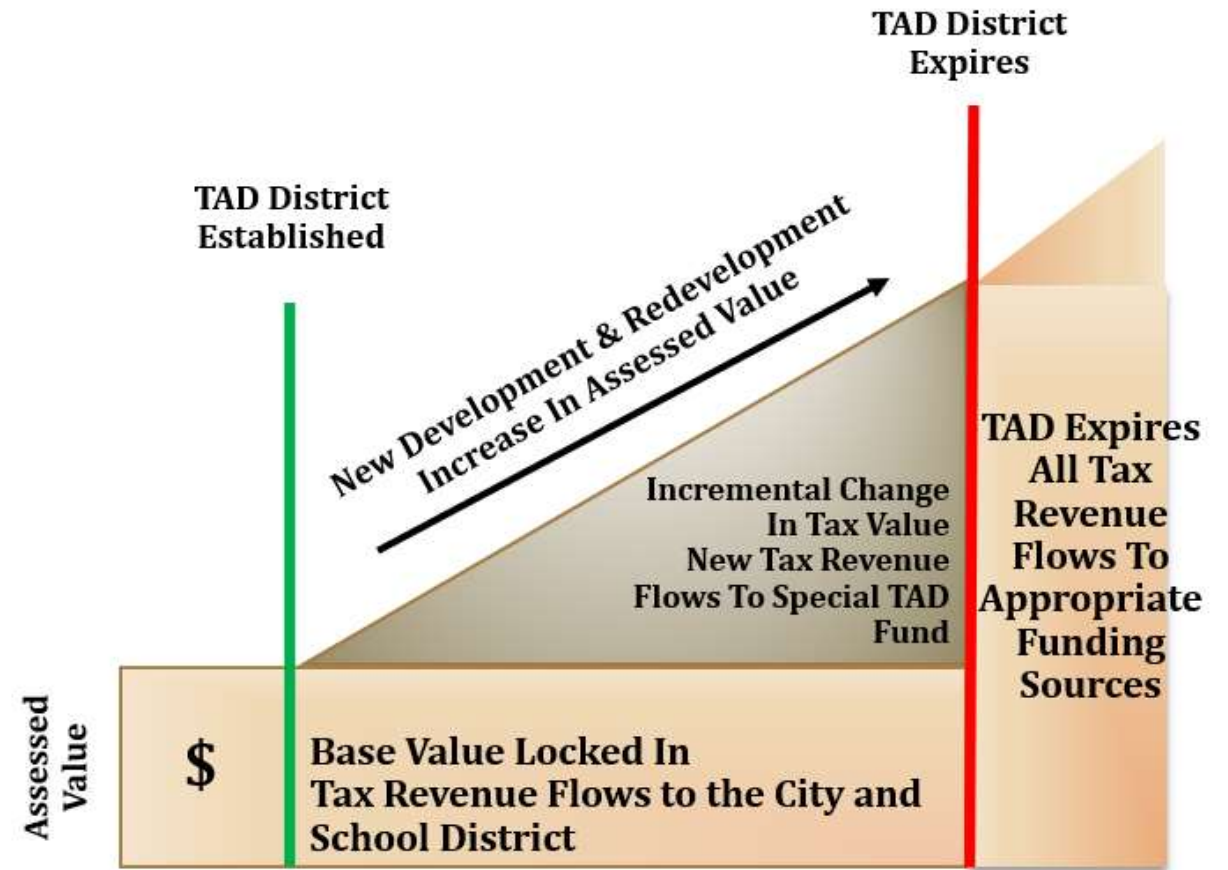

Project applications for funding from an approved TAD must demonstrate a substantial public benefit by:

- Creating new jobs
 - Substantially retaining existing jobs
 - Bolster the employment and economic base of Columbus
 - Provide diverse economic opportunities
 - Redevelop underperforming and underutilized neighborhoods
 - Increase sustainable development practices in commercial nodes
 - Decrease blight and poverty
 - Reduce crime
 - Increase property values and tax revenues to the CCG
 - Implement the CCG's comprehensive and transportation plans and economic development strategies.
- 

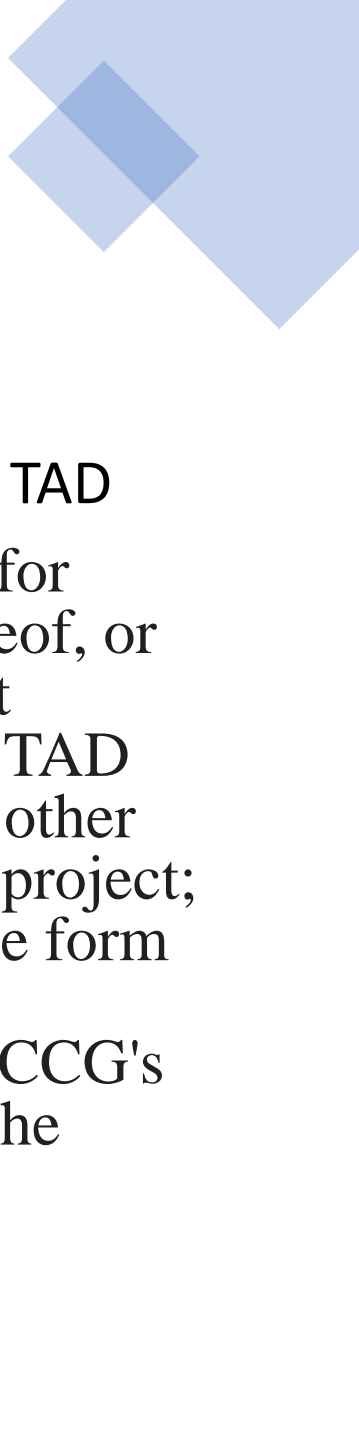

How does a TAD works

- Future property taxes from the new development and future growth are used to pay off Council approved TAD projects to accelerate new development
- All existing property tax revenues established under the base value continue to go to the City and School District
- Only additional (new) property tax revenues pledged to TAD
