

**Columbus Consolidated Government  
Council Meeting Agenda Item**

<b>TO:</b>	Mayor and Councilors
<b>AGENDA SUBJECT:</b>	IPlanTables Workstations for the Engineering Department
<b>INITIATED BY:</b>	Finance Department

It is requested that Council approve the purchase of five (5) IPlanTables Workstations for the Engineering Department, from IProject Solutions, LLC, (Saint Joseph, MO), in the amount of \$62,615.00.

Currently, the Engineering Department has no digital method of reviewing plans for new site plans and other land disturbances. The IPlanTables Workstations will allow engineers and contractors to review instructions from the Project Engineers, Traffic Engineer, and Stormwater Manager in a more efficient manner. This also allows the Department to work closer towards the City Managers Paperless initiative for 2025.

Inspections and Codes, Planning and Columbus Fire and EMS have purchased the workstations during FY24 and FY25. The purchase for the Engineering Department will allow for greater cohesive workflow between the departments.

IProject Solutions, LLC is the developer and manufacturer of the IPlanTables workstations and is the only authorized sales, service and support provider. Therefore, the vendor is deemed the only known source per the Procurement Ordinance, Article 3-114.

Funds are budgeted in the FY25 Budget as follows: Paving Fund – Engineering – Highway & Roads – Computer Equipment; 0203 – 250 – 2200 – ROAD – 7751.
