**Attorney Austin Gibson (Page, Scrantom, Sprouse, Tucker & Ford)** approached the rostrum representing the owners of the property, Banana Bay, LLC. He explained the purpose for the rezoning request is to develop a gate community geared toward fifty-five and older residents, with one hundred fifteen single family homes on quarter to half acre lots on thirty of the total fifty acres being developed. He also agreed to the conditions incorporated into the proposed rezoning ordinance. He further agreed to draft the condition as provided by Councilor Davis to send to the City Attorney for his approval.

**Agent Kel Bowers (Banana Bay, LLC)** came forward to provide information on the plans for one hundred fifteen age focused single family units with dedicated yard space on the fifty-acre property located on Old Guard Road. He explained Columbus has a need for housing for the fifty-five and older age group that does not need homes assistance and prefers not to live in apartment buildings. He stated this age focused development would include amenities targeting seniors, limit school impact in the area, and would provide a major property tax increase for the City of Columbus.

**Councilor Glenn Davis** explained the property will need to be developed eventually and he believes what has been presented is an attractive idea. He stated there are times Council approves an ordinance rezoning a property based on the site plans that are presented, but later something happens causing the development to take a different route than what was initially presented; for this reason, he will be asking for a condition to require the developer to adhere to the site plan as presented to protect the residents in that area.

**Planning Director Rick Jones** approached the rostrum to provide the reasons for the recommendation for denial from the Planning Department. He explained the traffic impact a development of this size would have on the area is the reason for his recommendation. He stated the Planning Advisory Council requested a traffic impact study from the developer, and without this information, they are not comfortable with making assumptions on the development not having a significant impact on the already congested traffic in the area during the school year.

**Senior Director James "Ward" Odom (Muscogee County School District, Operations and Facilities)** came forward to represent the school district in this matter. He explained the district is concerned about the impact on traffic this development would have on Veterans Middle School and Northside Elementary School.

**Ms. Beth Leatherwood** came forward to speak in opposition of the proposed rezoning. She explained they own property adjacent to this property in question and voiced her concerns regarding the traffic from the two schools on Old Guard Road.

**Mr. Brett Leatherwood** came forward to speak in opposition of the proposed rezoning. He expressed his concerns with similar developments being permitted in the area if this rezoning is approved.

**Ms. Fran Carpenter** came forward to speak in opposition of the demolition of the property located at 600 8<sup>th</sup> Street as a resident in a historic district. She then encouraged the members of Council to enforce codes that are in place to protect historic properties by not allowing demolition by neglect.

**Mr. Chance Chancellor** came forward to speak in opposition of the demolition of the property located at 600 8<sup>th</sup> Street as a resident in a historic district.
