

**Columbus Consolidated Government
Council Meeting Agenda Item**

TO:	Mayor and Councilors
AGENDA SUBJECT:	Repair Services for Al Jon Compactor for Public Works
INITIATED BY:	Finance Department

It is requested that Council approve payment to Flint Equipment Company (Columbus, GA location), in the estimated amount of \$39,856.59, for the repair services required for an Al Jon Compactor, vehicle #10916.

The John Deere engine in the compactor has completely shut down and is no longer working. It was diagnosed with a cracked cylinder head, which allowed the engine oil to contaminate the coolant system.

The only available known source for the replacement engine is John Deere, who has a unit in their warehouse in Canada. Once the repair is approved by Council, Flint Equipment Company, the authorized dealer for John Deere in this area, will remove the existing engine, order the new engine and install it once it arrives from Canada. Therefore, the vendor is considered an only known source for this purchase, per the Procurement Ordinance 3-114.

This equipment is critical to the daily operations of the Pinegrove Landfill in that it handles all compaction of the landfill waste.

Funds are available in the FY20 Budget: Integrated Waste Management Fund – Public Works – Pine Gove Landfill – Auto Parts and Supplies; 0207-260-3560-PGRO-6721.
