**Recommendation:** Approval is requested to execute a Memorandum of Agreement between the Columbus Consolidated Government and Chattahoochee Riverkeeper, Inc. to install, maintain, and operate trash traps located at Cooper Creek Park and Dinglewood Park to remove floating litter from tributaries of Chattahoochee River for a period of one year.

**Background:** The volume of garbage in the Chattahoochee River and its lakes and tributaries is a growing crisis requiring an array of creative solutions. During every rainstorm, stormwater carries litter pollution from roads, parks, and sidewalks into streams where it can break down and harm critical habitats. If left unchecked, plastic litter from the Chattahoochee Basin will break down into microplastics which eventually flow into the ocean.

Solving the problem requires effective and scalable strategies implemented at the community level. To address this issue, Chattahoochee Riverkeeper employs devices called “trash traps” to remove floating litter from tributaries of Chattahoochee River.

The trash traps are small-stream litter collection devices designed to catch floating garbage from stormwater runoff. The devices use booms to guide trash into a collection area where it can be captured and emptied after a rainstorm. Since the program’s inception in 2019, CRK’s trash traps have collected more than 15,000 pounds of floating trash. Approximately 30 percent of the volume of collected trash is recycled annually.

**Analysis:** CRK will install, maintain, and operate a trash trap located at Cooper Creek Park and a trash trap at Dinglewood Park for a period to be defined as one year. At the end of the initial period, the parties may mutually agree to extend the period of maintenance and operation, or if appropriate seek a mutually agreed upon site for relocation or remove the trash trap. Upon removal, CRK will maintain ownership and possession of the trash trap.

**Financial Considerations:** There are no financial obligations.

**Legal Considerations:** The City Attorney will approve as to form.

**Recommendation/Action:** Approval is requested to execute a Memorandum of Agreement between the Columbus Consolidated Government and Chattahoochee Riverkeeper, Inc. to install,

maintain, and operate trash traps located at Cooper Creek Park and Dinglewood Park to remove floating litter from tributaries of Chattahoochee River for a period of one year.
