Project Description

The Family FIRST program is based on a curriculum titled Family Wellness: Survival Skills for Healthy Families. The program teaches patterns and skills that support a healthy family life. This program provides instruction on the role of parents, the role of children and the role of other adults in the family. Single parent homes and step-family concerns are also covered in this program. The examples and exercises used in Family FIRST offer ways to practice the skills taught and a chance to learn the patterns that support healthy family life. Families, including children age 8 and above, attend this program together and learn from other families while participating. All participants will receive encouragement and follow-up communication regarding how to develop and practice the skills to manage their lives and to prevent and solve problems.
