September 2025: Meeting took place at Public Safety Building. This is the follow up email I sent to the group. We had a very small turnout yesterday so did not have any business to review, but Katina brought in a few members from the K-9 unit and they spent the hour with us talking

about how they operate, how the K-9s train and all the gear needed to keep them safe and protected. Because this was an impromptu meeting, they offered to do a demonstration of the K-9s capabilities at our next meeting. The location right now is still to be determined but it will be here in Columbus. More to come.

October 2025: Meeting took place at Lakebottom Park and the K-9 Unit did a demonstration

Email sent to committee in advance of meeting...Meeting Cancelled.

Due to the proximity of Thanksgiving break and various events going on in the city for Thanksgiving, Walter would like to cancel our November meeting. We do not have a December meeting, so the next time we will meet will be in January 15th, 4:00 PM at the Public Safety Office.
