**Subject:** [EXTERNAL] Muscogee, GDOT 2021 STATE FUNDED LMIG SAFETY ACTION PLAN (SAP)

Dear Donna,

To invest in improving the safety of the County road system, the Georgia Department of Transportation is targeting funds from the FY 2021 supplemental budget for safety improvements. The program focuses on low-cost safety improvements that can be implemented on Off-System routes that are likely to reduce the frequency and severity of crashes.

**Project/Selection Criteria:**

The Safety Action Program will follow the normal LMIG process in which direct payment is made by check/ACH after eligibility requirements are met. The total cost of the projects selected shall not exceed \$115,235.46. A 10% local match is required.

In order to aid in project selection, Traffic Operations has provided data driven crash summary reports. Project selection must be made from the attached project list.

**Local Government (LG) responsibilities:**

LGs will be responsible for submitting an LMIG application and project list to the District by April 15, 2021. The application package can be emailed to Jack Reed, State Aid Coordinator at [jreed@dot.ga.gov](mailto:jreed@dot.ga.gov). The LMIG Grant application package must include a cover letter signed by the Commission Chairman identifying the Project List. Also, the package should contain a LMIG Grant application form, map and a Project List. Applications submitted without this information will not be approved. The LMIG Grant Application form and Project List has been attached. No applications will be accepted after April 15, 2021. All projects must be under contract or completed by June 30, 2021.

LGs will be responsible for completion of fieldwork, plan preparation and bidding the project. LGs will also be fully responsible for all clearance of environmental requirements, utility adjustments and right of way.

**Payment:**

Payment of funds will be made through the normal LMIG process once the application and project list have been approved.

**Eligible Contract Items:**

Signing and Marking and Raised Pavement Markers (RPM's).

Please let me know if you have any questions.

Best Regards,

**Jack Reed**
