BACKGROUND ANALYSIS:

The City of Colusa began reviewing Planning Zone Articles 21.5 and 33, City Code Chapters 12D-F concerning Commercial Cannabis within the City of Colusa in September 2022. Originally written and approved in 2017, after several uses and new businesses entered city limits, a review of all details including permit limits, smell mitigation, and updating language to reflect the industry accurately was needed.

Beginning in December of 2022 and ending in May of 2023, several public workshops with the Planning Commission were held to read through all language of Articles 21.5 and 33. Updates were sent to legal counsel, and their feedback is reflected in the articles presented.
