City of Colusa Planning Commission  
City Council of Colusa  
425 Webster Street  
Colusa, CA 95932

We, the undersigned merchants and businesses in the City of Colusa want the City Planning Commission and the City Council to be aware that collectively we are very opposed to the idea of marijuana dispensaries be allowed anywhere in our city.

This is not the type of commerce that presents our city as a safe and family oriented community. If allowed, it is likely that crime would rise as it has in other cities that have allowed dispensaries. Federal law prohibits the sale of marijuana. It is classified as a Schedule 1 drug by the DEA. We absolutely do not want our community's children exposed to drugs being sold openly.

That the city would even be considering allowing drug sales for the sake of possible tax dollars is simply unacceptable.

Respectfully submitted by local businesses and citizens in the City of Colusa.
