05/08/2024

Dear Mr. Norman,

We are currently working with Amwins to provide BC&E with recapture insurance as relates to the Federal Tax Credits that are associated with the BC&E Project to be built in Colusa, CA.

Our Company has engaged Leo Berwick as requested by Amwins to provide an independent 3rd party evaluation of the risk of providing the recapture insurance that BC&E has requested. We believe that Amwins will issue a letter of commitment to issue recapture insurance once has completed their evaluation and provided it to Amwins.

We anticipate that this should be completed in the next week.
If you have any further questions, please do not hesitate to contact me.

Sincerely,

A handwritten signature in black ink, appearing to read "JP Holeman", written over the Pacific AG logo.
