

City of Colusa California

STAFF REPORT

DATE: February 3, 2026

TO: Mayor Conrado and Members of Council

FROM: Joanne Moore, Assistant City Manager through Jesse Cain, City Manager

AGENDA ITEM: Public Hearing to receive public input on Community Development Needs and Potential Community Development Block Grant (CDBG) Activities.

RECOMMENDATION: Conduct the first required public hearing to receive public input on community development needs and potential Community Development Block Grant (CDBG) eligible activities and provide direction to staff.

BACKGROUND ANALYSIS: The Community Development Block Grant (CDBG) Program is a federally funded program administered by the State of California through the Department of Housing and Community Development (HCD). The program provides funding to eligible jurisdictions for activities that primarily benefit low- and moderate-income persons, prevent or eliminate slums or blight, or address urgent community development needs.

As part of the CDBG application process, the City is required to hold at least two public hearings. The purpose of the first public hearing is to gather public input regarding community development needs, funding priorities, and potential activities that may be considered for inclusion in a future CDBG application.

This hearing is informational and procedural in nature. No project selection or funding commitment will occur at this time.

BUDGET IMPACT: There is no fiscal impact associated with conducting this public hearing. Future fiscal impacts, if any, will be presented to City Council if a specific CDBG project is proposed for consideration.

PUBLIC OUTREACH: Notice of the public hearing was published and posted in accordance with CDBG program requirements and applicable state law.

STAFF RECOMMENDATION: Adopt the Resolution of the City Council of the City of Colusa authorizing a public hearing to receive public input on community development needs and potential Community Development Block Grant (CDBG) activities.
