Patty Hickel	P				

Please indicated attendance by: P –present and on time, L –present but late, A –absent

Actions Taken (Please list all actions taken, recommendations made, ongoing discussions):

1.) **Call to Order** 6:04pm

2.) **Roll Call** All Commissioners present.

3.) **Public Comments** There are no public comments.

4.) Topic: **Welcome newest Commissioner, Patty Hickel**

5.) Topic: **State of the Parks report- quick update from all commissioners.**

All of the parks are in excellent shape and have been getting plenty of use for practices and games. They have been kept very well maintained.

6.) Topic: **Pool Park Report and Improvements**

Sadie Ash's year end pool report has been received. The Pool is now shut down for the season and everything is packed and put away. The 2022 season concluded with the Pumpkin Plunge. Winter pool plans include winter repairs, including adding skylights in the restrooms and the swim team room, expanding solar heating, installing deck timers and putting in an auto valve and a new structure. There will be a 6 month pool season in 2023. The Colusa City Pool Board is doing a fantastic job!

7.) Topic: **Heritage Tree Process**

Commissioner Thomas Roach has been doing excellent job writing in the Pioneer Review highlighting our recreation programs, trees, and the hard work of the City staff. The Parks Recreation and Tree Commission has been discussing giving educational tips for caring for trees. The suggestions include pruning workshops, tree planting and maintenance.

8.) Topic: **Homeless Update**

The Ad hoc homeless task force is working efficiently. They are still working to move them to homeless shelters, but there is no short term fix. There have been notice violations given to four tent dwellers.

9.) Topic: **Rotary Trees**

The nine Rotary trees planted last year are looking great and are getting established. Rotary has a goal to plant 100 trees by their 100th anniversary. The next fifteen trees will be planted in November or December.
