

City of Colusa California

STAFF REPORT

DATE: December 12, 2024
TO: Mayor and Members of the Council
FROM: Jesse Cain, City Manager

AGENDA ITEM: Consideration of a Resolution authorizing the City Manager to purchase a Boom Truck from Bar None Auction.

Recommendation: Council to adopt the Resolution authorizing the City Manager purchase a Boom truck from Bar None Auction in Sacramento.

BACKGROUND ANALYSIS: The City of Colusa has been struggling to keep the City's current boom truck certified and I believe that it is just a matter of time before we will have to take it out of service. With no backup, once we are not able to use our current boom truck will no longer be able to install banners on 5th street or get up in the trees safely to trim them.

I am in the process of looking at auction sites looking for street repair equipment and came across a boom truck. I was not looking for this type of equipment but after looking at it and knowing what shape our current boom truck is in. I thought that it would be in the best interest of the city if we were able to bid on this truck. I would like to ask the City council to give me the authority to bypass our purchasing policy and request proposal process and bid up to \$80,000 to purchase a 2017 Ford F650 Boom lift truck from bar none auction located in Sacramento.

BUDGET IMPACT: None, \$44,000 will be uses from the reaming funds that council as allocated to the public works department for equipment and the reaming \$33,000 if needed will be pulled from the City's current (LTF) local transportation fund

STAFF RECOMMENDATION: Council to adopt the Resolution
