Section 4 Code Amendment. Colusa Municipal Code Appendix A - Article 21.5 – Cannabis Regulations is hereby amended to read as follows:

Article 21.5. Cannabis Regulations

Sec. 21.5.01. Commercial cannabis activity and cannabis dispensaries allowable zones; regulations generally.

- (a) Commercial cannabis business facilities (cultivation, nursery, manufacturing, production, testing, microbusiness) are permitted, only upon the approval of a cannabis business special use permit issued by the city council, in the following zones:

Article 12. M-1 Light Industrial District.

Article 13. M-2 General Industrial District.

Article 14. M-L Limited Manufacturing District.

[Article 17.5 A-G Agricultural District.](#)

- (b) Cannabis storefront dispensaries are permitted, only upon the approval of a cannabis dispensary special use permit issued by the city council, in the following zones:

Article 12. M-1 Light Industrial District.

- (c) Upon application for a cannabis business special use permit, to be approved directly by the city council without need for a recommendation from the planning commission, the following regulations shall apply as to building type and construction, safety, and security, required permits, and other relevant provisions necessary to protect the public health, safety, and welfare. In any district where a cannabis business facility is permitted, the regulations of this article shall apply in addition to those hereinbefore specified for such district, provided that if a conflict in regulations occurs the regulations of this article shall govern.

Sec. 21.5.02. Purpose and intent.

Commercial cannabis activity facilities shall be permitted, in accordance with the criteria and procedures set forth in this Code, upon application and approval of a cannabis business special use permit and a regulatory permit, pertaining to the location and operation of the facility. The regulations set forth in this Article 21.5 and Chapter 12F of the Municipal Code shall control the location and operation of a cannabis business facility.

Sec. 21.5.03. Commercial cannabis special use permit limitations.

Prior to, or concurrently with, application for a regulatory permit, the applicant shall apply for and be issued a cannabis business special use permit as required by this article and article 33, section 33.03 of this code.

Information that may be duplicative in the two applications can be incorporated by reference. The cannabis business special use permit shall run with the regulatory permit and not the land.

- (a) Initial Maximum Amount of Cannabis Dispensary Permits. Upon the effective date of this provision, the city council may issue a maximum of up to one cannabis business special use permit to a qualified cannabis dispensary. The permit shall be issued in accordance with the application and permit approval process contained in this Chapter 12D and resolutions adopted pursuant to this chapter. The cannabis dispensary must obtain a cannabis regulatory permit from the city before commencing operations, must be in compliance with all applicable state and federal laws pertaining to its operation, including obtaining all necessary licenses from the state, and shall comply with all applicable operational and zoning requirements set forth in the city of Colusa Municipal Code. Nothing in this chapter creates a mandate that the city council must issue one or more cannabis business special use permit and regulatory permit to a cannabis dispensary if the city council determines that there are no qualified applicants, the proposed locations for cannabis businesses facilities are incompatible with neighboring land uses, or if the city council determines that the issuance of a cannabis dispensary would have a negative effect on the health, safety, or welfare of the citizens or businesses of the City of Colusa, or for any other reason allowed by law.
 - (1) City Council Review and Increased Maximum Number of Cannabis Dispensaries Special Use Permits to be Issued. Eighteen months after the first cannabis business special use permit for a dispensary is issued, the city manager shall deliver a report to the city council during a regular meeting which examines the positive and negative impacts that the cannabis dispensary has had on the community during the preceding eighteen months. The report shall include, among other things, an analysis of how the cannabis dispensary has complied with state and local regulations, any positive or negative community and law enforcement impacts, and any revenue generated. If after hearing the report the city council makes a determination that there were no significant consequences of allowing cannabis dispensaries to operate in the city, the city council at its sole discretion may vote to expand the number of authorized cannabis dispensary special use permits to be issued up to a maximum of two. If the city council takes no action, or finds that the impacts are unacceptable, then the maximum number and type of cannabis dispensaries authorized shall continue to be limited to one as provided in subdivision (a) above.
- (b) All Other Commercial Cannabis Facilities. The planning commission may issue permits to other qualified commercial cannabis activity owners or operators to operate cannabis cultivation, manufacturing, distribution, transporting, or testing laboratory businesses within the City of Colusa through the application and permit approval process contained in this article (21.5), and resolutions adopted pursuant to this chapter. All commercial cannabis facilities must obtain a cannabis regulatory permit and certification of occupancy from the city before commencing operations, must be in compliance with all applicable state and federal laws pertaining to its operation, including obtaining all necessary licenses from the state, and shall comply with all applicable operational and zoning requirements set forth in the City of Colusa Municipal Code. Nothing in this chapter creates a mandate that the planning commission or the city council must issue one or more cannabis special use permit to a cannabis cultivator, manufacturer, distributor, transporter, or testing laboratory if the planning commission or the city council determines that there are no qualified applicants, the proposed locations for cannabis facilities are incompatible with neighboring land uses, or if

the planning commission or the city council determines that the issuance of a cannabis special use permit would have a negative effect on the health, safety, or welfare of the citizens or businesses of the City of Colusa, or for any other reason allowed by law.

Sec. 21.5.04. Commercial cannabis facilities.
