Commission

DEPARTMENT:

SUBJECT: Discussion and possible action on Retaining Thomas Good as a consultant to complete the City's Upcoming Solid Waste RFP. – **Commissioner Shrouder**

RECOMMENDATION:

Commissioner Shrouder requests a discussion on retaining the services of Thomas Good as a consultant to help us finish our upcoming RFP for solid waste removal. This will allow the City to keep its timeline to get the RFP out on time and not have to delay it, which could result in an interruption of garbage pickup services in the City if delayed past the contract expiration.
