

**Broward Sheriff's Office  
Cooper City District  
10550 Stirling Rd.  
Cooper City, FL 33026**

**EXTERNAL MEMO**

Date: 01-18-24

To: Mr. Ryan Eggleston  
City Manager  
City of Cooper City

From: Mr. Gary Harrington  
Cooper City District Chief  
Department of Fire Rescue and Emergency Services

Subject: Fire Chief's Report – Commission Meeting January 23, 2024

The following is the Fire Chief's report for the upcoming commission meeting. This report will follow the same flow of my prior reports, which is aimed at highlighting information pertinent to the city's main public safety concerns: Fire Rescue Incidents, Fire Apparatus/Station concerns, Fire Prevention, Community Outreach, and CERT.

**I. Fire/Rescue Incident Report**

- a. Total Fire Related Incidents 042
- b. Total Medical Related Incidents 100
- c. Total Incidents for January 1-15 142

Fastest Unit Response/Mutual Aid calls for January 1-15. Cooper City has responded outside its jurisdiction 11 times and has received outside emergency assistance 08 times.

The breakdown for each city is as follows:

	Pembroke Pines	Hollywood	Davie
BSO/Cooper City Responded outside its jurisdiction	04	00	07
Outside agencies responded to Cooper City	06	00	02

## II. Incident Response Summary for January 1-15

Total responses	Incident responses < 6 min.	Incident responses 6 – 9 min.	Outliers > 9 min.	Incident responses canceled enroute
142	97	32	02	11

Fastest Response Time: 00:59 sec.

Longest Response Time: 10:05 min.

Average Response Time: 05:22 min.

### OUTLIERS:

The outliers above represent a small percentage of the total responses. Outliers occur for a number of reasons, and those reasons vary with each call.

Besides Station 28 units responding from another call, they can also be responding from the hospital or another jurisdiction (as part of the fastest unit response agreement), all of which can result in an outlier. This month reflects the fastest unit response of 59 seconds. This incident occurred at 106 Avenue and Stirling Road. The responding apparatus, E28 and R28 responded Code 3 from Station 28. The longest response time was 10 minutes, 05 seconds. This incident was a Code 3 response by Quint 28 for a fire alarm located at 5135 Regency Isles Way in Country Glen. The homeowner advised it was an accidental trip. Crews responded from station 28 and continued their response to verify no hazards existed.

Outliers are not isolated to Cooper City; they occur in all fire departments regardless of jurisdiction. Outliers are also not new to Cooper City as they have always existed. This is not a new issue or a BSO issue. This is an issue that exists in every city no matter who is providing fire/rescue services.

As I have previously discussed with the former City Manager, current City Manager, and the City Commission, I believe that the main reason for outliers is distance. Station 28 covers 8.5 square miles which is one of the largest areas covered by any one fire station in Broward County. The average square mile coverage area per fire station is between 4 or 5 square miles. Some of the coverage areas per fire station in Broward County are as follows: 5.6 square miles for Pembroke Pines, 5.8 square miles for Davie, 5.4 square miles for Weston, 3.8 square miles for Lauderdale Lakes, 3.7 square miles for West Park/Pembroke Park, 2.0 square miles for Hallandale, and 4.0 square miles for Dania Beach. There are similar coverage areas for the remaining fire stations in Broward County; however, no fire station covers as large an area as Cooper City Fire Station 28.

The placement of fire stations and equipment dramatically impacts the effectiveness and efficiency of services provided by the fire department. I am proud of the current services provided by the men and women of Broward Sheriff's Office, but I am open to improving the services wherever and whenever possible. I will gladly assist the City Manager and the City Commission in discussing potential projects towards improving the fire rescue services for the residents and businesses within Cooper City.

### III. Fire Apparatus/Station Report

Fire Hydrant flushing project has been completed for 2023.

Total Hydrants:	1231
Flushed Hydrants:	1231
Out-of-Service Hydrants:	0
Pending:	0

### IV. Apparatus Service Days for January 1-15

Unit	In-service days	Out-of-service days	Comments
Q28	00	15	Accelerator Issue – control module replaced
E28	15	0	
R28	15	0	
R228	10	5	Chassis repair
DC28	15	0	

### V. Fire Prevention Report

- Fire Inspections: (FY to Date)
  - i. Total Properties 867
  - ii. Completed Inspections 231
  - iii. Jan 1 – Jan 15, Percentage 26.6%
  
- Monthly Report for January 1-15
  - i. Annual Fire Inspections: 27
  - ii. New Construction Insp: 03
  - iii. Plan Reviews: 07
  - iv. Re-inspections: 12
  - v. Special Events: 00

### VI. Community Outreach Report

- The CERT program manager, Donna Waskiewicz, has acquired a list of existing businesses within Cooper City. CERT members will be visiting each of these buildings to determine which building has an Automatic External Defibrillator (AED). I anticipate that this project will take several months for the CERT members to provide the necessary documentation to have the AED information placed into the PulsePoint AED app.
  
- January 13, 2024, Chief Harrington participated in the City of West Park parade honoring Martin Luther King Jr.

- January 18, 2024, CERT members enjoyed their CERT appreciation dinner at the Cooper City Diner.
- Chief Harrington has nominated our CERT Program Manager, Donna Waskiewicz, for the Broward Sheriff's Office Citizen of the Year award for her tireless dedication to the Community Emergency Response Team.

### **FIRE HYDRANT DESIGN UPDATE:**

I have met with representatives from 5 schools and the utilities department is in the process of cleaning and painting the chosen hydrants white as a base coat. I have also met with the management of Sherwin Williams to secure the proper paint and supplies for the art students at a discounted rate.

- To date, Franklin Academy fire hydrant designs have been completed. Pictures have been forwarded to Mike Cobelo for posting in the newsletter/website.
- Currently, the students at Embassy Creek Elementary and Pioneer Middle School are in the process of painting designs on the fire hydrants surrounding the school.
- The Cooper City teen council has expressed interest in painting designs on the fire hydrants surrounding Memorial Park. Brandon Zickar will be coordinating this project and I will provide the teens with the paint and supplies.
- I will be working with the remaining schools to establish a schedule for their students to participate in the program. The staff and students at all the schools I met with are very enthusiastic about this program. I am looking forward to this initial program being a success and then we will consider a possible expansion of this program.

## Fire and Medical Incidents

### Monthly Fire and Medical Call Volumes

### Annual Fire and Medical Call Volumes
