

**CITY COMMISSION  
STAFF REPORT**

**DEPARTMENT:** Finance

**SUBJECT:** Motion to Approve Purchase of Nutanix Cluster (ARPA) – **Finance**

**CITY MANAGER RECOMMENDATION:**

The City Manager Recommends approval of the purchase of Nutanix Cluster from Sirius Computer Solutions.

**BACKGROUND OF ITEM:**

The IT Division of Finance is responsible for the operation, maintenance, and improvement of the City’s Network and Technology Infrastructure. The city currently uses Nutanix HCI (Hyper-Converged Infrastructure) to provide the primary component of these enterprise cloud systems. The current system will no longer be supported after this fiscal year and will need to be replaced.

This funds the replacement of a Hyper-converged Infrastructure Cluster and is the core equipment that hosts all enterprise virtual servers. This project allows us to replace a system that is End of Life this fiscal year and unable to support the current Remote Desktop environment and the various servers required. This estimate covers the hardware, software, and support for five years.

The City will be piggybacking GSA (Government Services Administration) Contract # GS-35F-0119Y with Carahsoft to purchase Nutanix products through CDW Government. The GSA contract was advertised in the open market and is valid until December 19, 2026.

**ANALYSIS:**

The staff has examined several systems and that Nutanix will best suit the City’s needs.

**FISCAL IMPACT:**

The total cost is \$110,480.00.

<u>General Ledger Acct. Number</u>	<u>Budgeted Amount</u>	<u>Requested Amount</u>	<u>Remaining Amount</u>
ARPA	\$0.00	\$110,480.00	\$0.00

**ALTERNATIVES:**

Not replacing the current cluster. However, we would have no hardware or software support.

**ATTACHMENTS:**

1. CDWG GSA Executable Quote
2. CDWG Signed Addendum
3. Vendor Compliance
4. Nutanix GSA Price Sheet
5. CDWG GSA GS-35-F-0119Y Verified Vendor
