

CITY COMMISSION STAFF REPORT

DEPARTMENT: Utilities Department

SUBJECT: Motion to approve and authorize Second and Final Amendment to Agreement with Advanced Environmental Laboratories in the amount not to exceed \$40,000 to provide laboratory services for wastewater by extending their contract until October 9, 2023 with the same terms and conditions as before.

CITY MANAGER RECOMMENDATION:

The City Manager recommends that the Commission approve and authorize Second and Final Amendment to Agreement with Advanced Environmental Laboratories in the amount not to exceed \$40,000 to provide laboratory services for wastewater by extending their contract until October 9, 2023 with the same terms and conditions as before.

BACKGROUND OF ITEM:

Pursuant to the requirements of the regulatory agencies, wastewater is sampled and tested at various points in the treatment chain to ensure strict compliance associated with wastewater treatment and disposal. Some of these tests are performed by the City staff, but many of them require specialized training and equipment and are more economically performed by a private, certified laboratory.

On October 9, 2018 the City Commission awarded two contracts for laboratory services pursuant to solicitation number ITB-2018-11-UTL – one to Advanced Environmental Laboratory for wastewater and the other to Pace Analytical Services for potable water. The original agreement was approved for three (3) years with the option of two (2), one (1) year renewals by mutual agreement between the City and Contractor. The first one (1) year renewal was approved on October 10, 2021 and is set to expire on October 9, 2022.

Advanced Environmental Laboratory has performed satisfactorily over the past four (4) years. The City Staff is recommending that the Commission approve the Second and Final Amendment for one additional year in the amount not to exceed \$40,000.
