

**CITY OF COOPER CITY  
CITY COMMISSION REGULAR MEETING**

**Tuesday, October 12, 2021 at 6:30 PM  
City Hall Auditorium | 9090 SW 50th Place**

## **MINUTES**

### **PLEDGE OF ALLEGIANCE**

Mayor Ross opened the meeting at 6:34 PM and Carly Jenkins led the assembly in the Pledge of Allegiance.

### **ROLL CALL**

Present were Commissioners Shrouder, Meltzer, Pulcini, Green, and Mayor Ross.

### **CHANGES TO AGENDA/EMERGENCY MATTERS**

None.

### **PROCLAMATIONS/PRESENTATIONS**

Commissioner Shrouder presented Yard of the Month to Michael and Randi Adario.

Captain De Giovanni gave a presentation on LETF: ALPRS & Crime Prevention. He spoke on the benefits of automated license plate readers and provided information on numerous crimes. He stated that it brings value to economic development and will benefit residents for many years to come.

Commissioner Meltzer asked about the use of ARPA funds.

City Manager Napoli stated the City is researching what ARPA funds can be used for in relation to the program.

Commissioner Pulcini thanked Captain De Giovanni for the presentation and suggested we incentivize the HOA's to connect their security systems.

Mayor Ross asked if the LETF funds are priority. City Manager Napoli advised for the initial portion they will utilize LETF funds.

Commissioner Meltzer asked that the use of ARPA funds be looked into and brought back to prioritize the need.

Captain De Giovanni said the second portion of the LETF is to fund the crime prevention fund and chip a pet this fiscal year, which is a free service to residents.

### **PUBLIC SPEAKING**

#### **Open Public Meeting –**

Greg Manuel, spoke on a citation he received for a commercial vehicle.

Commissioner Pulcini asked if there are stipulations in the code for commercial vehicles.

Captain De Giovanni spoke on section 25-10.

Commissioner Green asked if there was a way to inform code about a vehicle temporarily being parked in the driveway.

City Attorney Horowitz advised that there is currently no waiver opportunity for that.

Commissioner Shrouder asked how the code could be changed to recognize an exception.

Commissioner Green suggested that commercial vehicles could apply for a permit.

Commissioner Shrouder stated that the code is fine, but more communication is needed.

Mayor Ross advised the Community Development Department will look into possible revisions that may need to be made.

Commissioner Meltzer advised Mr. Manuel that someone from the city staff will contact him when the issue is placed on the agenda.

David Nall spoke on lack of backup to the agenda items. He has a concern with agenda item 11. He asked the commission about the temporary labor invoices.

Marvin Stewart spoke in support of the two full-time facility maintenance positions and asked commission for a better resolution.

Susan Stewart also spoke in support of the two full-time facility maintenance positions.

Paul Higdon, spoke in support of the two full-time facility maintenance positions He thanked the commission for putting this item on the agenda.

Jimmy Goulet spoke on Mayor Ross meeting a resident and fees for Optimist and certain parks. He suggested a surcharge to assist with maintenance.

**Agenda Concerns –**

No agenda concerns.

**CONSENT AGENDA**

**Minutes**

Commission First Budget meeting minutes of September 13, 2021

Commission Recognition meeting minutes of September 14, 2021

Commission meeting minutes of September 14, 2021

**MOTION:** Commissioner Meltzer moved to approve the consent agenda. Commissioner Pulcini seconded the motion which prevailed by a unanimous roll call vote (5-0).

**REGULAR AGENDA**

**Discussion on Commission team building workshop - Commissioner Shrouder**

Commissioner Shrouder advised this item was brought back to include Commissioner Green as he was not at the previous meeting.

Commissioner Green said that they have had several team building workshops in the past. He suggested having an independent contractor to facilitate.

Commissioner Pulcini had concerns about costs for a facilitator.

Commissioner Meltzer supports the workshop.

Mayor Ross advised he sent some options to the City Manager to review for a possible workshop.

**Motion to approve first renewal of agreement with TD Bank for Procurement Card Services - Finance**

Commissioner Pulcini spoke on providing financial statements within 150 days of year end.

CFO Bridgeman is aware of the concerns.

City Manager Napoli advised the clause can be amended to ensure enough time.

Commissioner Pulcini asked if financial statements could be completed in February. CFO Bridgeman answered the numbers may not be in then.

City Attorney Horowitz advised this contract is a piggyback with the City of Deerfield.

Mayor Ross about the limiting reimbursement to the city and the liability issue of \$10,000.

City Attorney Horowitz stated the cap applies to the first year of the renewal and the limitation is half of one percent of the prior year.

Commissioner Shrouder asked if this applies to the line of credit and if there is language in the line of credit documents that reference the agreements are applicable.

Attorney Horowitz advised these are two separate items.

Commissioner Meltzer asked if there is a ceiling on the rebate CFO Bridgeman answered no.

**MOTION:** Commissioner Pulcini moved to approve first renewal of agreement with TD Bank for Procurement Card Services. Commissioner Green seconded the motion which prevailed by a unanimous roll call vote (5-0).

**Motion to approve agreement with Allied Universal for Sodium Hypochlorite – Utilities**

**MOTION:** Commissioner Meltzer moved to approve agreement with Allied Universal for Sodium Hypochlorite. Commissioner Pulcini seconded the motion which prevailed by a unanimous roll call vote (5-0).

**Discussion and possible action on reconsidering the conversion of two full time Facility and Recreation Assistants positions to four part-time positions – Mayor Ross**

Mayor Ross had asked for this item to be brought back for reconsideration. He advised full time positions offer continuity and history. He believes it is the City Manager's decision on whether a position is part time or full time with regards to operations. Mayor Ross asked for the vote to be recalled.

Commissioner Shrouder advised that would require a budget amendment.

Commissioner Pulcini said it is not necessary to amend the budget. There is a position open for park ranger.

Mayor Ross asked City Attorney Horowitz if a budget amendment is needed. City Attorney Horowitz replied if there is no change to the financial impact, it may not require an amendment. It depends on what the commission's direction is.

Commissioner Shrouder said the reason they have this issue is because there was no communication with employees. He said they voted to change the job description not to terminate employees. The city

should have reached out to the employees. He advised if it is more efficient and a better product for the position change, it needs to be done.

Mayor Ross advised he spoke to the Recreation Director and City Manager who spoke on the benefits of full time positions compared to part time.

Commissioner Shrouder advised he did not have that conversation with the Recreation Director of City Manager and does not agree that part time positions are not as efficient as full time positions.

Mayor Ross said that the points that were made are well taken and his own investigation led him to reconsider. He asked City Manager Napoli how it would be best to work out having the two full time positions reinstated. City Manager Napoli stated there is a couple of options. They could just reinstate the positions or there is a full time park ranger position available.

Commissioner Shrouder said he went on the website and there are full time positions available right now. He also advised a lack of communication from the City to the employees is the issue.

Commissioner Meltzer said it is a lack of communication. He wants to be more efficient and do more with less but also does not want anyone to lose their job. He said that the park ranger position is available and he supports shifting the employees into those positions. He also advised the Commission sets policy and it is up to the city staff to handle the rest. The City needs to be better with communication and in the future they can swap full time positions with part time, if feasible.

Commissioner Green said full time employees are an important part of the City and that is apparent with resident's comments. He supports Mayor Ross.

Commissioner Shrouder said he does not want anyone to lose their job and Human Resources should have discussed options and issues with the employees. He asked why the community center would need a full time employee.

Commissioner Green asked if there are open part time positions in the recreation department and the turnover rate.

Recreation Director Stacie Weiss advised there are part time positions for youth program instructor, facility attendants, and park attendants.

Commissioner Shrouder said the payment amount on the website for the park attendant position is not accurate.

Commissioner Shrouder asked Director Weiss if she met with the two employees about the vacant park attendant position.

Commissioner Meltzer advised City Manager Napoli and staff should find a way to place the two employees in different positions and deal with it at the manager's level.

Commissioner Shrouder said the need of the city comes first and some descriptions are inaccurate.

City Manager Napoli advised staff will reevaluate the options.

### **REGULAR RESOLUTIONS**

#### **Resolution 21-47 (Administration)**

City Attorney Horowitz read "A RESOLUTION OF THE CITY COMMISSION OF THE CITY OF COOPER CITY, FLORIDA, TO APPROVE AND EXECUTE THE REGIONAL INTERLOCAL AGREEMENT FOR COOPERATIVE FIRE, RESCUE, EMERGENCY MEDICAL SERVICES, AND SPECIAL OPERATIONS RESPONSE THROUGH AUTOMATIC AID AND CLOSEST UNIT RESPONSE BETWEEN THE CITY OF COOPER CITY, THE BROWARD COUNTY SHERIFF'S OFFICE, AND BROWARD COUNTY, ATTACHED HERETO AS EXHIBIT "A" AND INCORPORATED HEREIN; AUTHORIZING THE APPROPRIATE CITY OFFICIALS TO EXECUTE THIS AGREEMENT; PROVIDING FOR CONFLICTS; PROVIDING FOR SEVERABILITY; AND PROVIDING FOR AN EFFECTIVE DATE" by title.

Commissioner Pulcini advised this agreement will improve response time and residents will benefit from it.

Commissioner Meltzer advised education is necessary.

Commissioner Shrouder explained that with priority calls, the closest unit will respond.

Mayor Ross spoke on concerns and asked about fees assessed if the agreement is not executed. Chief Bishop answered about \$16,000.

Mayor Ross asked why the Broward League was not involved.

Chief Bishop said they were in 2002. He also advised this is through Broward County not BSO.

Mayor Ross asked if the airport and seaport are a part of this ILA. Chief Bishop responded that he does not know. Some other municipalities have had similar questions.

Commissioner Green said the ILA is in the best interest for the community.

**MOTION:** Commissioner Pulcini moved to approve Resolution 21-47. Commissioner Shrouder seconded the motion which prevailed by a unanimous roll call vote (5-0).

### **CITY MANAGER REPORT**

#### **Budget Transfer Notification**

City Manager Napoli said Mr. Nall's comment about not having enough backup is understood and there will be more backup in the future.

City Manager Napoli spoke on two budget transfers the internal auditor for risk assessment and the vacancy for the executive assistant.

Commissioner Pulcini advised a purchase order was missing.

Commissioner Meltzer said he knew about the temporary position but does not remember hiring a temp agency.

Commissioner Pulcini asked City Manager Napoli to look for other amounts that were spent and not encumbered.

Commissioner Meltzer asked for an agreement or purchase order authorizing it.

City Manager Napoli said Athena the agency is a part of a co-op agreement.

Commissioner Pulcini asked if the city has to pay them a fee for every employee hired. City Manager Napoli responded only if the temp agency is used.

Commissioner Meltzer said when he asked for backup, he received time sheets approved by the City Clerk.

Commissioner Shrouder asked what the \$19,000 is for. City Manager Napoli advised wages and fees.

### **Response on Recycling Issue from a Previous Agenda**

Henry Sori and Dawn McCormick from Waste Management gave a recycling presentation.

Commissioner Meltzer thanked Waste Management for the presentation. He asked about the monthly processing fee. Customer Service Supervisor Gabe Guerrero answered it is a true up and is based off of the average.

Commissioner Shrouder asked how much garbage and recycling is per residential household.

Mr. Guerrero answered under \$31.

Commissioner Shrouder mentioned that Davie has a proposal of \$5.75 per household for solid waste.

City Manager Napoli stated that Davie does not recycle but they are looking into it.

Commissioner Meltzer asked about other recycling options.

Commissioner Shrouder asked when the hauling contract will end.

Mr. Guerrero responded in September of 2023.

Commissioner Shrouder requested an alert if the market changes.

Mayor Ross asked how much commercial recycling pays as opposed to residential.

### **CITY ATTORNEY REPORT**

None.

### **POLICE CHIEF'S REPORT**

Captain De Giovanni spoke on school updates such as a parking lot option for Griffin Road. He discussed student safety with social media trends and provided an educational flyer to schools. He also spoke on the funeral services for Miya Marcano taking place in Cooper City. He reminded residents about Operation Front Porch and encourages everyone to take advantage of the free program. He discussed outreach at Renaissance Charter and recruitment for the Explorer's program. He also stated there is one community involvement specialist vacancy.

Commissioner Shrouder spoke on his support of Code Enforcement and their efforts.

### **FIRE CHIEF'S REPORT**

Chief Bishop advised the fire hydrant maintenance will be completed by the end of the year and inspections are on track to finish with 100 percent compliance. He spoke on life safety educators presenting for fire prevention month and thanked Mayor Ross for helping him contact the Cooper City High School principal. Lastly he reported rescue 28 is currently out of service due to mechanics and platform is out of service.

### **COMMISSIONERS' CONCERNS/REPORTS/ITEMS TO BE PLACED ON NEXT AGENDA**

WEBVTT

1

00:00:02.790 --> 00:00:03.540

Cooper City Hall: Our good.

2

00:00:05.700 --> 00:00:13.559

Cooper City Hall: city Commission regular meeting today is October 12 it's just past 636 34 and tonight.

3

00:00:14.099 --> 00:00:32.550

Cooper City Hall: We have the pledge of allegiance being led by carly Jenkins, who is 12 years old, is a seventh grader a pioneer middle and she attends dance classes five times a week, and if that wasn't enough she plays the trumpet and the wind assemble at her school.

4

00:00:33.720 --> 00:00:34.500

Art hiking.

5

00:00:35.940 --> 00:00:39.300

Cooper City Hall: With our many friends and family and all of a.

6

00:00:40.560 --> 00:00:41.820

Cooper City Hall: Sudden we proud of you carly and.

7

00:00:43.170 --> 00:00:43.590

Cooper City Hall: Many.

8

00:01:20.790 --> 00:01:23.310

Cooper City Hall: join me down at the podium.

9

00:01:26.850 --> 00:01:27.210

it's all.

10

00:01:49.290 --> 00:01:57.240

Cooper City Hall: I want to thank you very much my turn let everyone, so you want to thank you very much for completing the pledge of allegiance tonight.

11

00:01:57.690 --> 00:02:04.020

Cooper City Hall: And we have a certificate of appreciation presented to you Carly Jenkins for leading the city Commission in the pledge of allegiance.

12

00:02:04.320 --> 00:02:19.140

Cooper City Hall: signed by me as Mayor today October 12 2021 and on behalf the Commission want to say thank you very much, there that we also have your stay safe kit and most important, the pin to the city and again we thank you come on back you will take a picture.

13

00:02:36.270 --> 00:02:36.840

Wonderful.

14

00:02:52.140 --> 00:02:57.210

Cooper City Hall: Is a Michael or Mrs Dario here, Michael okay.

15

00:02:58.590 --> 00:03:04.020

Cooper City Hall: This is my yard, of the month for district three know for.

16

00:03:05.070 --> 00:03:13.590

Cooper City Hall: The other not numerically numbered correctly, but this month or the month goes to Michael and Randy Dario some of you guys might know.

17

00:03:14.640 --> 00:03:24.270

Cooper City Hall: brandi Dario, as Mrs Dario she works at mec creek elementary since since I was a student there so that was that was not that was by surprise, but.

18

00:03:25.170 --> 00:03:37.290

Cooper City Hall: Basically what everyone can see not only are the Halloween decorations gorgeous but, but this landscaping in this neighborhood is really something that we can all be proud of and try to model, our own neighbors our own houses after.

19

00:03:38.520 --> 00:03:39.090

Cooper City Hall: So.

20

00:03:40.530 --> 00:03:45.030

Cooper City Hall: She did all the work let's see hold on oh I got a script here i'm sorry.

21

00:03:45.300 --> 00:03:53.040

Cooper City Hall: Tonight we are pleased to announce yard, of the month for October key criteria, including manicured yard beautification originality and creativity.

22

00:03:53.310 --> 00:03:58.710

Cooper City Hall: The upkeep of the yard can reflect the efforts of the residents themselves or the professional landscapers or groundskeepers.

23

00:03:58.980 --> 00:04:09.870

Cooper City Hall: This one's proud recipients resides and Commissioners routers district with me and gardens West please join me in congratulating Mr and Mrs Michael and Randy are Dario so I don't know if.

24

00:04:10.980 --> 00:04:15.090

Cooper City Hall: I could say a few words and how you get the House looking so beautiful but we certainly appreciate.

25

00:04:17.220 --> 00:04:27.300

Cooper City Hall: Okay, and we have this sign here, you can put it in the in the yard and I, and I didn't I didn't know whose house, it was until after the fact, it took the picture.

26

00:04:30.180 --> 00:04:34.050

Cooper City Hall: yeah well i'm one of seven so she might have had a couple of us, but uh.

27

00:04:35.280 --> 00:04:41.940

Cooper City Hall: yeah I remember her when I was a kid and now, when I take my daughter to school, I see your work in the car lines still so we appreciate everything.

28

00:04:43.770 --> 00:04:47.010

Cooper City Hall: Well then, the yard, even better, looking right Thank you.

29

00:05:02.550 --> 00:05:02.970

mile.

30

00:05:14.640 --> 00:05:16.110

All right, thank you.

31

00:05:34.320 --> 00:05:35.640

Cooper City Hall: Right, please ever roll call.

32

00:05:36.960 --> 00:05:40.590

Cooper City Hall: Commissioners router your Commissioner Meltzer your mission apple cine.

33

00:05:41.970 --> 00:05:51.000

Cooper City Hall: Krishna Green, you may Ross and I am here we've got a number of different public comments first it up is Greg manual.

34

00:06:01.020 --> 00:06:07.470

Cooper City Hall: i'm actually here about a code violation I think most of you are aware of I emailed most of you and I made phone calls, I mean this.

35

00:06:08.460 --> 00:06:17.550

Cooper City Hall: Texas, and so forth i've heard back a few Commissioners Texas phone calls and also the captain of the bso I guess he's in charge of the code enforcement.

36

00:06:18.090 --> 00:06:29.370

Cooper City Hall: I received a violation at a fine for my son park in his van there it 1223 in the afternoon my son is in the autumn of detailing business has a minivan his name on the side.

37

00:06:29.880 --> 00:06:36.360

Cooper City Hall: And he came to the House for lunch to get some water for his truck and about a week and a half later I get \$100 fine in the mail for that.

38

00:06:36.870 --> 00:06:47.640

Cooper City Hall: And so obviously i'm a little upset about it, and so I made some calls texts emails and so forth, and the bso Captain called me and told me, the reason why and.

39

00:06:48.210 --> 00:07:01.020

Cooper City Hall: I said well that doesn't hardly seem fair I can come home for lunch in my own home, he said, well that's the way the laws written as well the laws not right, he said, well, you need to go to your Commission so i've done that the hundred dollar fine was rescinded.

40

00:07:02.640 --> 00:07:08.910

Cooper City Hall: I did a little digging day or two later, and I think i've emailed it to one or two of you, the code.

41

00:07:09.540 --> 00:07:18.300

Cooper City Hall: does give me the right to bring my commercial vehicles home between 6am and 7pm your code number 2510 paragraph three.

42

00:07:19.080 --> 00:07:26.040

Cooper City Hall: So I was unjustifiably cited and find and i've had to jump through hoops and everything else for the last.

43

00:07:26.580 --> 00:07:32.580

Cooper City Hall: Week 10 days which I shouldn't have had to go through up i've been i've been a citizen of Cooper city for over 30 years.

44

00:07:33.030 --> 00:07:38.940

Cooper City Hall: I keep my property nice I keep my yard update updated my house painted I keep things in tech.

45

00:07:39.570 --> 00:07:43.800

Cooper City Hall: And I like to be able to come home for lunch like be my bring my truck home wash it once in a while.

46

00:07:44.190 --> 00:08:01.560

Cooper City Hall: Without being looking over my shoulder make sure i'm not have the code car coming down the road site and me for \$100 now the Sheriff told me or the captain, excuse me said that I was every time I was to bring that vehicle home i'm liable to get another fine, but obviously we need to.

47

00:08:02.730 --> 00:08:13.320

Cooper City Hall: Our code people need to I guess learn to code, a little better, because I do have that right to bring that vehicle or my son you bring that vehicle home without being intimidated find or whatever.

48

00:08:13.830 --> 00:08:20.040

Cooper City Hall: I did move to Cooper city, because it is a clean environment I don't want a bunch of commercial vehicles around my neighborhood.

49

00:08:20.520 --> 00:08:25.860

Cooper City Hall: I wouldn't appreciate it, I have a storage facility and Cooper city storage facility I keep my truck at.

50

00:08:26.250 --> 00:08:30.570

Cooper City Hall: And, but I want the right to be able to bring my vehicles home during the course for data, whether I want to clean them.

51

00:08:30.900 --> 00:08:38.070

Cooper City Hall: I got a light bulb I need to replace or I need download something without worrying about it and the code does give me that right, and I just want everybody to be aware of that code.

52

00:08:38.430 --> 00:08:43.230

Cooper City Hall: and pass it on to the code enforcement people so that people won't go through i've went to last two weeks.

53

00:08:43.830 --> 00:08:51.750

Cooper City Hall: And, and I will ask you also to please when you have the magistrate hearing pass it on to the magistrate as well Okay, can I ask a quick question.

54

00:08:52.380 --> 00:09:11.310

Cooper City Hall: Thank you for coming in we're very careful to have the right codes, I would like grass Captain Giovanni and this case, how would we know if it's his vehicle coming home for lunch versus a repairman that he called to repair is a C.

55

00:09:12.780 --> 00:09:24.150

Cooper City Hall: or a plumber they called I mean we have to have some leeway, good evening commercial vehicles to come to people's homes, good evening, Commissioner, and to answer your question.

56

00:09:25.740 --> 00:09:29.790

Cooper City Hall: I empathize with Mr Manuel, but I do not believe he's correct and what he just stated.

57

00:09:30.840 --> 00:09:41.070

Cooper City Hall: The code 25 dash 10 where he's most likely reading has a stipulation in it during the timeframe that he stated.

58

00:09:41.640 --> 00:09:56.970

Cooper City Hall: For commercial vehicles we're actually doing work in the neighborhood on your home and the verbiage is who are without I forget the exact way it's worded, but they can't, it has to be consecutive loading, unloading.

59

00:09:58.080 --> 00:10:10.140

Cooper City Hall: that's occurring, and it has to be consecutive they can't like come in on load some equipment, you know leave it there be in the House for an hour and then come back out later and it doesn't really.

60

00:10:10.980 --> 00:10:24.900

Cooper City Hall: relate to residents who are coming home for lunch code typically tried to work with residents on that and that's what happened in this case with miss men well son the code actually gave them a warning citation.

61

00:10:26.040 --> 00:10:37.890

Cooper City Hall: At a courtesy that his son was there for lunch, but that's not what the audience actually reason Jacob and correct me if i'm wrong, but if I recall correctly that's how it's worded.

62

00:10:39.210 --> 00:10:40.890

Cooper City Hall: Thank you, any other questions.

63

00:10:42.750 --> 00:10:52.860

Cooper City Hall: During Commission great yep so in Mr manual, thank you for bringing this to our attention and I hear I heard what the captain said as well.

64

00:10:54.240 --> 00:10:56.280

Cooper City Hall: And I think i'm going to post this to.

65

00:10:58.140 --> 00:10:58.470

Cooper City Hall: To.

66

00:10:59.880 --> 00:11:11.460

Cooper City Hall: Mr Horowitz and i'm going to piggyback on what my colleague just said, if there is an if there is an instance, and this is a great example where someone is coming home a relative.

67

00:11:12.240 --> 00:11:23.070

Cooper City Hall: And I should have asked does your son I don't know if your son resides with you, he used to he doesn't know he came there for lunch to fill up with water tank Okay, so in an instance.

68

00:11:24.330 --> 00:11:30.540

Cooper City Hall: You know, in an instance like that I can see where the code officer is going to be at a disadvantage because they don't know.

69

00:11:31.740 --> 00:11:36.510

Cooper City Hall: You know they don't know if that individual is a relative if they're not if they're they're conducting business.

70

00:11:37.710 --> 00:11:41.760

Cooper City Hall: i'm just wondering out loud Mr Horowitz is there a way that.

71

00:11:45.060 --> 00:11:48.360

Cooper City Hall: That when something like this happens.

72

00:11:49.680 --> 00:12:00.300

Cooper City Hall: The resident can contact bso and say hey look, I have a relative I have my kid over who's in a commercial vehicle they're only here for lunch.

73

00:12:01.980 --> 00:12:08.100

Cooper City Hall: Can you pass that on to to the code officers, so that they won't, be they won't receive a.

74

00:12:09.150 --> 00:12:19.710

Cooper City Hall: A warning or violation I don't know I hear I hear your concern, Sir, but i'm also looking at what the code officers going out, day in and day out.

75

00:12:20.250 --> 00:12:31.440

Cooper City Hall: They don't know you know they don't know all of the particulars as it pertains to those commercial vehicles i'm just trying to think if there is a if there's a middle ground missed or what's.

76

00:12:32.340 --> 00:12:37.500

Cooper City Hall: It take America mission I hear what you're asking Commissioner, the code doesn't currently contemplate.

77

00:12:37.740 --> 00:12:45.630

Cooper City Hall: some kind of waiver opportunity or opportunity for resident to reach out to code enforcement to advise that a vehicle will be at a certain location, at a certain time.

78

00:12:46.230 --> 00:12:55.140

Cooper City Hall: And we're happy to work with DSL and look at that and to the extent that the code may need some clarification we can certainly consider that but, again, it could does not have a provision to that effect at the moment.

79

00:12:58.260 --> 00:13:05.460

Cooper City Hall: It good evening, Mr manual thanks for coming this evening thanks for reaching out to us, I do have a question I just lost my train of thought.

80

00:13:07.680 --> 00:13:19.440

Cooper City Hall: Okay, here it is your your son was at your home at lunchtime, yes or 1223 Okay, how does, how does the code enforcement officer not know or not know whether that.

81

00:13:20.160 --> 00:13:25.020

Cooper City Hall: That commercial vehicle was there to perform is commissionable Cheney has to perform work.

82

00:13:25.710 --> 00:13:29.010

Cooper City Hall: Or, for example, that's what sorry to clean my car free he's a detailed her.

83

00:13:29.280 --> 00:13:37.080

Cooper City Hall: until he does he cleans car, so he was back then the driver, he was getting water at the time, though, but my but my foot my turman yeah my question is how do they had is the dad is.

84

00:13:37.410 --> 00:13:45.600

Cooper City Hall: The code enforcement officer know that it's somebody that that your son was actually doing that and he was not there to perform some kind of a service and the normal course of business day.

85

00:13:50.700 --> 00:13:53.490

Cooper City Hall: So, Commissioner, if I mentioned the question correctly.

86

00:13:54.300 --> 00:14:05.040

Cooper City Hall: In this case, code is familiar with Mr manual his son, did you should resign Okay, so it so it's a familiar and they were cited with a warning on June I don't remember the exact date but in June.

87

00:14:05.610 --> 00:14:14.430

Cooper City Hall: The same commercial vehicle was given a warning, which is why was given the citation on the day and question, thank you, thank you for answering that work.

88

00:14:18.360 --> 00:14:20.970

Cooper City Hall: Any other questions yeah i'm.

89

00:14:22.140 --> 00:14:38.040

Cooper City Hall: In and I yeah I reached out to you as well, like it was via Facebook into the captain regarding this mom and my question is, how would we, I mean you, you agree that we don't want commercial vehicles everywhere, how would we.

90

00:14:39.300 --> 00:14:39.990

Cooper City Hall: How could we.

91

00:14:41.640 --> 00:14:50.520

Cooper City Hall: Change the code to address that would we say 12 to one is an exception i'm trying to think like Commissioner Green said, how does it what would we give the.

92

00:14:51.300 --> 00:15:01.380

Cooper City Hall: Because in this particular case, the code officer would have to have discretion and we have to give them some discretion they they had sent a warning and then it happened again.

93

00:15:02.640 --> 00:15:11.820

Cooper City Hall: So they sent the citation, but it was during lunch hours and and, ultimately, I think that our system didn't work well, you end up speaking with the captain of the sheriff's office and have and they.

94

00:15:12.180 --> 00:15:14.970

Cooper City Hall: They changed I think that's most cities you wouldn't be able to get that but.

95

00:15:15.210 --> 00:15:24.690

Cooper City Hall: How would we change it, or have you seen any other is there, another city that has a similar one never ran into this before I don't know i've been there 30 some years and i've just never been i've been a business owner almost all my life.

96

00:15:25.080 --> 00:15:36.060

Cooper City Hall: And I do bring the troops home once while my band or my son's van he just moved out a couple years ago he got married, but we do want to bring them home once or twice a month, a Washington or changing had light bulb or whatever, I mean.

97

00:15:37.350 --> 00:15:40.470

Cooper City Hall: I can't do the storage facilities there's no putting away, you know, and I.

98

00:15:41.100 --> 00:15:50.790

Cooper City Hall: I don't understand why I can't bring my own vehicle home as long as it's not Parker I want to be able to you know whether i'm going to walk especially wash my vehicle or like I said change a light bulb or.

99

00:15:51.150 --> 00:15:55.890

Cooper City Hall: put some stock back in it, or whatever the case, without having to worry about getting citation it's just.

100

00:15:56.430 --> 00:16:07.890

Cooper City Hall: i'm not looking to park it there, I might look in the pocket there from 6am to 7pm daily i'm looking to bring it in do what I gotta do leave with going to lunch with Washington, whether it's repairing something whatever.

101

00:16:09.270 --> 00:16:16.140

Cooper City Hall: I just need, I think we all have that right to do that without overstepping my bounds overstepping boundaries, you have parking or 24 seven.

102

00:16:16.500 --> 00:16:20.850

Cooper City Hall: Having trashing all or blocks motor block land in your front, you know I don't want any of that.

103

00:16:21.090 --> 00:16:29.100

Cooper City Hall: But I won't have the right to build bring my vehicles home and be able to clean them out or Whatever the case may be, at the particular time and based off of what you're saying, if I.

104

00:16:29.820 --> 00:16:36.300

Cooper City Hall: What I would have to say is, if you don't have good officer drove by and saw somebody out actively with the vehicle I would hope that they would.

105

00:16:37.260 --> 00:16:50.910

Cooper City Hall: Not mail, something I hope that they would either allow you to wash your vehicle or if they thought, maybe you weren't they roll the window down and then the communication happens, but i'm trying to figure out if, how do we achieve what.

106

00:16:51.570 --> 00:16:55.650

Cooper City Hall: How do we achieve those goals with I don't know I don't think they have a chance they can run.

107

00:16:55.800 --> 00:17:05.340

Cooper City Hall: run the license plate course the play goes like my business yeah it's still gonna come back so if somebody's not actively or appearing to be actively well they went inside to use the restroom when inside a good drink water, I mean.

108

00:17:05.580 --> 00:17:11.850

Cooper City Hall: Water tanks being filled up you know I mean there's a lot of different scenarios in that particular incident that coke force can be driving by.

109

00:17:12.150 --> 00:17:18.360

Cooper City Hall: He could be in the backyard turn off the water Val can be inside and some social reviews judgment well well yeah but i'm trying to think.

110

00:17:18.660 --> 00:17:30.330

Cooper City Hall: Essentially that's What did happen, ultimately, I can't fault, the code person because they saw that one cent the warning they saw it again, but then, when you were speaking with a captain and explain what happened, they change it back to a warning So yes, that.

111

00:17:30.600 --> 00:17:42.240

Cooper City Hall: which I appreciate, and I think we're all sympathetic to the to what you're saying also realizing as you do, as well that we don't want the city over Roman commercial absolutely not allowed so so what I would suggest that Jeff lunch ago.

112

00:17:43.530 --> 00:17:54.390

Cooper City Hall: I was thinking, I think, a good maybe resolution to to handle this just similar similarly what we do when folks want to come to a.

113

00:17:56.580 --> 00:17:56.940

Cooper City Hall: God.

114

00:17:58.920 --> 00:18:06.960

Cooper City Hall: When they bring when they bring when they want to sell stuff at the at the sports complex the roswell garage sale, they have to apply for a permit.

115

00:18:07.740 --> 00:18:18.150

Cooper City Hall: Could we could some education be done in the city throughout the city for those that have commercial vehicles, if they're going to be in their home if they're going to bring their their vehicles to their home that they.

116

00:18:18.900 --> 00:18:30.060

Cooper City Hall: Know feeling involved, but just apply for a permit and say hey look on X amount on this day my commercial vehicle is going to be there i'm going to be fixing changing light bulb or washing it.

117

00:18:30.600 --> 00:18:42.210

Cooper City Hall: So that if they have something there on display when the code officer comes by they will see that, and they will that would be an indicator to them that.

118

00:18:42.720 --> 00:18:51.600

Cooper City Hall: That you've applied for permit things of that nature i'm just talking speaking out loud yeah And what about it, then i'll piggyback on what commercial Green said and i'll.

119

00:18:52.140 --> 00:19:01.080

Cooper City Hall: cut the city out of it and just put a little note on the windshield and say i'm inside having lunch and i'll move the truck as soon as i'm done with lunch just put a little note.

120

00:19:01.890 --> 00:19:10.290

Cooper City Hall: i'm inside having lunch, but we don't have to involve the city with permits so and I think I think Christian agree with you said is you're on the right track, what I would suggest.

121

00:19:10.980 --> 00:19:16.860

Cooper City Hall: is throwing it back to Joe back to Carlos hearing what we're hearing what our thoughts are here and let's see if.

122

00:19:17.310 --> 00:19:24.090

Cooper City Hall: If there's something that he can put together that's fair and equitable and bring it before the Convention again but here's let's we're going.

123

00:19:24.870 --> 00:19:36.510

Cooper City Hall: somebody wants to come home and grab their their left their phone at home they're not going to have a plan for that apply for a permit No, of course, not and so to me it's the codes actually fine it's just an element of more communication.

124

00:19:37.080 --> 00:19:46.500

Cooper City Hall: Because when when we when we put the communication, in effect, the result really was you know, then that they said Oh well, you know it was lunchtime, you know I mean so.

125

00:19:47.280 --> 00:19:51.090

Cooper City Hall: I think we have to work on more, we have to just trust the officers to have.

126

00:19:51.870 --> 00:20:01.860

Cooper City Hall: discretion and communication, because how else if we said lunch between 12 and two, then what happened to the person comes and goes why work the evening shift and I, you know come home and.

127

00:20:02.220 --> 00:20:06.360

Cooper City Hall: I lab lecture three or he runs out of water three o'clock needs a refill or whatever.

128

00:20:06.660 --> 00:20:11.040

Cooper City Hall: I mean what if we is to give a picture of the vehicle and the license plate number you keep it on file with your code, unfortunately.

129

00:20:11.370 --> 00:20:19.230

Cooper City Hall: Well, but don't know if that's an old picture is going to do is no is prevent what's there I don't know Mr manuals you got to see the pictures, because if you look at the picture you can't tell.

130

00:20:19.440 --> 00:20:26.730

Cooper City Hall: It does it looks like it's parked if you if you don't mind, these are the pictures and it looks like it doesn't look like it's actively you know, this is the.

131

00:20:27.900 --> 00:20:29.670

fact that they're actually stolen.

132

00:20:31.170 --> 00:20:35.430

Cooper City Hall: And then, so you know, for them, they it doesn't appear like it's an act of war and.

133

00:20:39.120 --> 00:20:47.160

Cooper City Hall: So i'm trying to think of how we can put out where the code is not the time to do it it's been brought up, I think you have a good idea, given Carlos.

134

00:20:48.480 --> 00:20:58.890

Cooper City Hall: Maybe monastic happens to chime in no, no, not a permit no not suggesting I say Krishna Greens on the right track with let him look at it look at the maybe not.

135

00:20:59.640 --> 00:21:11.070

Cooper City Hall: Really, but some kind of there's got to be some kind of a and if we need to workshop at work, but at least bring it back on the agenda, let us talk about it now, at that point when it's on the agenda now, I understand.

136

00:21:11.760 --> 00:21:26.820

Cooper City Hall: You know it's been resolved just temporarily, how do we go forward that's why we're going to have Carlos look at it and then we'll bring it forward does it get any manual do that, yes, matlin have any suggestions he'll be part of it will be part of it.

137

00:21:28.800 --> 00:21:34.320

Cooper City Hall: Or the only other thing would be to ask that they that the code officer knock first.

138

00:21:35.700 --> 00:21:37.680

Cooper City Hall: and have contact and confirm that, having lunch.

139

00:21:38.970 --> 00:21:42.900

Cooper City Hall: When I know or or if it's a pain if it's a pain, you know.

140

00:21:44.040 --> 00:21:51.090

Cooper City Hall: Car then they're going to confirm the painting I you know there's a lot to be work with talk to Carlos bring it back so when.

141

00:21:51.450 --> 00:22:01.350

Cooper City Hall: We have something to discuss, but right now we're spit balling and and that's not a good thing to do all right it's manual Thank you very much for bringing our attention and things will move forward.

142

00:22:03.180 --> 00:22:10.080

Cooper City Hall: come to my home right now and wash my truck or pick up something that whenever during the course of a day, though, the same ordinance is still in effect.

143

00:22:10.920 --> 00:22:12.390

Cooper City Hall: So let's flip a coin.

144

00:22:13.290 --> 00:22:25.380

Cooper City Hall: same ordinance is still, in effect, when will we hear differently, as soon as it's for back take a look at the website always take a look the agenda and it will be on there Okay, thank you i'll tell you what better than that we will, we will somebody from the city staff will.

145

00:22:25.890 --> 00:22:29.370

Cooper City Hall: get in touch with you and let you know, thank you very much thank you, David no.

146

00:22:30.990 --> 00:22:31.560

Cooper City Hall: David know.

147

00:22:33.210 --> 00:22:34.830

Cooper City Hall: If there's any third time, you know get speak.

148

00:22:40.530 --> 00:22:41.340

Cooper City Hall: Listen, gentlemen.

149

00:22:43.560 --> 00:22:56.670

Cooper City Hall: You know i'm talking about number 11 and for years and years, even up to today I have complained about backup to the agenda items backup backup backup backup backup.

150

00:22:58.320 --> 00:23:04.980

Cooper City Hall: On this item, I even reached out to a few Commissioners and they couldn't even answer my questions this morning.

151

00:23:06.060 --> 00:23:06.600

Cooper City Hall: So.

152

00:23:07.890 --> 00:23:08.910

Cooper City Hall: I have a problem.

153

00:23:11.100 --> 00:23:17.640

Cooper City Hall: With number 11 on the transfer of \$19,000.

154

00:23:19.440 --> 00:23:19.920

Cooper City Hall: Why.

155

00:23:21.360 --> 00:23:33.750

Cooper City Hall: there's a reason for it, it says to pay for invoices related to temporary services for the Commission office from October i'm assuming that's October 2020.

156

00:23:35.190 --> 00:23:44.070

Cooper City Hall: We just now paying for them, where the invoices I don't know what it's really for i'm assuming it's for.

157

00:23:45.180 --> 00:23:48.090

Cooper City Hall: temporary or casual Labor as it states.

158

00:23:49.440 --> 00:23:51.060

Cooper City Hall: But if it's in the Commission.

159

00:23:52.200 --> 00:24:03.090

Cooper City Hall: I would have to assume that is for the commission's administration or administrative assistant I would assume now i'm not talking about the employee here.

160

00:24:04.500 --> 00:24:07.500

Cooper City Hall: i'm talking about the position and the process.

161

00:24:09.000 --> 00:24:19.980

Cooper City Hall: So i'm going to give you a couple comments that I see coming from a regular resident without any backup and what did it appears to me.

162

00:24:21.330 --> 00:24:25.230

Cooper City Hall: You know our previous charter stated that the.

163

00:24:26.340 --> 00:24:30.660

Cooper City Hall: Commission was responsible for hiring that position correct.

164

00:24:31.800 --> 00:24:33.870

Cooper City Hall: It was changed by the Charter in November.

165

00:24:34.980 --> 00:24:36.780

Cooper City Hall: Where the city manager cannot do that.

166

00:24:37.920 --> 00:24:38.580

Cooper City Hall: So.

167

00:24:39.600 --> 00:24:41.310

Cooper City Hall: If it was done in October.

168

00:24:43.170 --> 00:24:50.400

Cooper City Hall: I i'd like an explanation of what this is for is it did, is it a recruitment fee.

169

00:24:52.710 --> 00:25:01.680

Cooper City Hall: I don't know, are we paying a Commission for this hire or are we paying a temp agency for this with a markup.

170

00:25:02.880 --> 00:25:08.550

Cooper City Hall: You understand where i'm coming it's not here it's not on the backup I mean, I have no idea.

171

00:25:10.140 --> 00:25:16.020

Cooper City Hall: yeah these are my tax dollars and then you're going to turn around and you're going to say it's \$90,000.

172

00:25:17.040 --> 00:25:30.030

Cooper City Hall: From our tuber is that for October or from October there's if it's just for October that's 228 \$230,000 I don't know it's not here.

173

00:25:33.300 --> 00:25:45.390

Cooper City Hall: Can when is it going to come the day when we get proper backup where we can make logical sense from backup this is garbage.

174

00:25:47.640 --> 00:25:56.610

Cooper City Hall: So I have a zoom meeting for work so i'm not going to be here, but i'll be watching at home, I hope the Commission well as some of these questions.

175

00:25:56.940 --> 00:26:06.210

Cooper City Hall: To get to the bottom of it, and at least have a logical explanation because you know from a resident looking at this backup as usual it's deficient.

176

00:26:06.780 --> 00:26:15.690

Cooper City Hall: And it's getting the irritating me if i'm irritated you guys got to be irritated too because you're sick of hearing me come apparently pitch about the backup.

177

00:26:16.740 --> 00:26:17.790

Cooper City Hall: Thank you, thank you.

178

00:26:28.170 --> 00:26:28.530

Thank you.

179

00:26:32.130 --> 00:26:36.600

Cooper City Hall: Again I don't have such great speaking ability, but i'm here just up.

180

00:26:38.640 --> 00:26:45.990

Cooper City Hall: about the two employees that were voted to be let go i'm just here to support them that and hopefully that.

181

00:26:47.820 --> 00:26:53.040

Cooper City Hall: you've gone back and and thought this out again and hopefully come up with a better.

182

00:26:54.360 --> 00:27:01.830

Cooper City Hall: solution, I mean results and then i'm just here to let you know that I still care about these guys in their jobs, you know.

183

00:27:03.180 --> 00:27:08.250

Cooper City Hall: that's that's really all I got to say thank you very much thank you guys Susan store.

184

00:27:15.270 --> 00:27:38.430

Cooper City Hall: Good evening everyone and again, thank you for trying to make our city, a special place and as my husband said i'm here also to inquire or to be advised or whatever on any update on the employees, the full time employees i'm here, you know if you can't.

185

00:27:39.930 --> 00:27:43.560

Cooper City Hall: hear anything or give us information at this point.

186

00:27:44.880 --> 00:27:51.510

Cooper City Hall: that's you know your decision to make, but we i'm here to support them and.

187

00:27:52.830 --> 00:27:57.030

Cooper City Hall: I thank you for taking the time and hopefully.

188

00:27:59.460 --> 00:28:01.410

Cooper City Hall: something good.

189

00:28:02.460 --> 00:28:11.040

Cooper City Hall: But that's all you know i'm just in support, and thank you, thank you, thank you, Mr Paul higdon.

190

00:28:24.000 --> 00:28:28.800

Cooper City Hall: Mr America measures, good evening, ladies and gentlemen, good evening.

191

00:28:30.780 --> 00:28:46.920

Cooper City Hall: Two weeks ago I was here to discuss the termination of two of the loyal Cooper city employees from the gym and.

192

00:28:48.570 --> 00:28:49.530

Cooper City Hall: I told.

193

00:28:50.910 --> 00:28:54.840

Cooper City Hall: The Commission and everyone else that.

194

00:28:56.430 --> 00:28:58.380

Cooper City Hall: You people have courage.

195

00:28:59.430 --> 00:29:03.450

Cooper City Hall: Sometimes you can make a decision in error.

196

00:29:04.710 --> 00:29:24.210

Cooper City Hall: But I said the mayor and the Commissioners have the courage to take another look at this and see if there's another way around it and i'm here tonight to back that up and because it was put on the agenda.

197

00:29:25.260 --> 00:29:46.560

Cooper City Hall: As a discussion item, I want to thank you in advance for at least re reconsidering and I appreciate it very much and I know that all of the gym rats that go to the gym with me every day appreciate it as well.

198

00:29:47.670 --> 00:30:09.060

Cooper City Hall: And that's basically that's basically it if it's a I don't know what prompted the decision if it was a fiscal decision I think there's probably 100 different ways to find the money that these two employees would would.

199

00:30:10.170 --> 00:30:12.240

Cooper City Hall: cost and.

200

00:30:13.440 --> 00:30:27.630

Cooper City Hall: Once again, I just want to thank you for reconsidering and I appreciate it very much and I know that my colleagues do as well and that's basically it, thank you very much thank you.

201

00:30:30.540 --> 00:30:31.230

Cooper City Hall: Jimmy go away.

202

00:30:37.170 --> 00:30:37.680

They can be.

203

00:30:40.800 --> 00:30:54.600

Cooper City Hall: Good evening, gentlemen, first and foremost, Adam a neighbor we had a party for tonight is living Cooper city was over 25 years, and he has a nine year old kid that somehow is infatuated Meg Ross and.

204

00:30:57.060 --> 00:31:07.500

Cooper City Hall: I asked him to come over and Saturday at 10am before they moved out and Greg came over with a certificate and some goodies and and wish them good luck and good behind.

205

00:31:08.520 --> 00:31:17.280

Cooper City Hall: wanna bro made his day and his life I can't tell you how much of affected him, so thank you so much for doing that.

206

00:31:18.750 --> 00:31:22.590

Cooper City Hall: Have a comment about we discuss are you all discussed about.

207

00:31:24.630 --> 00:31:37.020

Cooper City Hall: The fees for optimist in certain parks and the park out and flamingo where we have you know, looking at a \$3 million investment sooner or later on replacing the.

208

00:31:39.390 --> 00:31:43.770

Cooper City Hall: turf I think we should have some type of surcharge.

209

00:31:45.690 --> 00:31:54.450

Cooper City Hall: For anybody who's playing out there, that would go to a fund that would assist us and paying for the replacement repairs for these fields.

210

00:31:56.670 --> 00:32:13.470

Cooper City Hall: it's different than grass, so I think we should effectively have a surcharge whether it's 1015 to 20 bucks per child that goes into into a fund that will help help us pay for that repair or replacement next 10 years.

211

00:32:14.700 --> 00:32:18.450

Cooper City Hall: that's all that's all going to say thank you, I thank you very much.

212

00:32:19.680 --> 00:32:23.940

Cooper City Hall: And what else wants you to speak that hasn't signed up yet and on on virtual.

213

00:32:25.050 --> 00:32:27.090

Cooper City Hall: No Sir we'll move on.

214

00:32:29.040 --> 00:32:34.800

Cooper City Hall: And we have a presentation of the I ETF I Captain be Giovanni.

215

00:32:43.500 --> 00:32:44.040

Cooper City Hall: Thanks Joe.

216

00:32:47.370 --> 00:32:47.490

Cooper City Hall: I.

217

00:32:53.430 --> 00:32:57.300

Cooper City Hall: mean the mayor Commissioner city manager staff and residents that are with us.

218

00:32:58.440 --> 00:33:06.810

Cooper City Hall: To be for you today, as you know, the city manager and i've been working on a you hold that thought, of course, and we get our TV john.

219

00:33:11.790 --> 00:33:14.790

Cooper City Hall: We want to see everything you're presenting absolutely.

220

00:33:35.640 --> 00:33:36.480

Cooper City Hall: Okay, thank you.

221

00:33:37.590 --> 00:33:42.960

Cooper City Hall: you're very welcome, as you know, the city manager and I have been working on a technology plan.

222

00:33:43.440 --> 00:33:52.590

Cooper City Hall: To ensure this Cooper city anomaly remains one of the safest place to live today on the state of Florida, but that it continues to be one of the safest places to live.

223

00:33:53.100 --> 00:34:05.430

Cooper City Hall: For the next 2030 years and part of that is investing in the correct technology to ensure that the public safety mission and Cooper city always remains at the foresight, for the benefit of the residents, one of those.

224

00:34:06.570 --> 00:34:11.700

Cooper City Hall: approaches are one of the phases to this technology plans to invest and automated license plate readers.

225

00:34:12.180 --> 00:34:19.170

Cooper City Hall: underlay automated license plate readers provide a lot of versatility to the law enforcement public safety mission.

226

00:34:19.830 --> 00:34:30.780

Cooper City Hall: They help us and identifying wanted vehicles organized crime criminal interdiction speed enforcement missing persons for silver alerts traveling into communities and so much more.

227

00:34:31.620 --> 00:34:44.190

Cooper City Hall: Essentially, a automated license plate reader set up at key junctures within the city what we've done to work with the city managers to present a plan that would eventually.

228

00:34:44.670 --> 00:34:52.650

Cooper City Hall: create a grid that would lock down Cooper city at any time that a wanted or fell in this vehicle entered Cooper city.

229

00:34:52.980 --> 00:34:57.420

Cooper City Hall: or it could be somebody who was missing or an amber alert and third Cooper city.

230

00:34:57.750 --> 00:35:09.090

Cooper City Hall: So that on duty law enforcement personnel would receive automated alerts that would tell them real time of this vehicles location of the vehicle description of the vehicle license plate, and so forth.

231

00:35:09.600 --> 00:35:20.070

Cooper City Hall: And that would help us to have a more robust law enforcement response real time in the city to better address crime trends, to prevent to prevent to better prevent crime.

232

00:35:20.490 --> 00:35:32.730

Cooper City Hall: And to better investigate crime and so with AI RPS we look at you know why do we want to invest in these things, and you have three things that you look at you look at the proactive side of it.

233

00:35:33.330 --> 00:35:42.390

Cooper City Hall: You look at the predictive side of it and you look at the research side of it right now currently Cooper city has mobile Alp ours.

234

00:35:42.810 --> 00:36:01.320

Cooper City Hall: We have them that we can move them at different locations within the city, but what we do not have is fixed Alp ours, which are not only will help us to have a more you know enhanced technology plan, but they'll also give us key locations within the city that are locked down.

235

00:36:02.850 --> 00:36:05.070

Cooper City Hall: So, if you look at the license plate readers.

236

00:36:06.840 --> 00:36:16.380

Cooper City Hall: themselves and in the field and how these have been used by other law enforcement agencies, we found that, statistically law enforcement agencies that have.

237

00:36:17.550 --> 00:36:24.180

Cooper City Hall: invested in this technology have a very significant reduction in crime St john county, for example, recently.

238

00:36:24.540 --> 00:36:33.120

Cooper City Hall: invested in a very robust technology plan very similar to what we're presenting and they ended up having an almost 56 50% reduction in crime, the first six months.

239

00:36:33.870 --> 00:36:40.080

Cooper City Hall: So, not just the reduction of crime, but you can have better officer safety, obviously, when we have officers in the field.

240

00:36:40.500 --> 00:36:50.160

Cooper City Hall: to know when a felon or wanted person enters the city is going to be very important for us real time to have that information and then also gives us increase productivity.

241

00:36:50.850 --> 00:37:01.020

Cooper City Hall: The more that we know that it's coming into the city of the more leads that we have investigative to research, the more productive, we can be for for the Commission and the residents.

242

00:37:02.460 --> 00:37:12.630

Cooper City Hall: When you look at the technology deployment, not only do you see the safety aspect, as far as crime statistics being reduced or crime prevention.

243

00:37:12.960 --> 00:37:20.940

Cooper City Hall: We also want to look at the value that this brings to economic development, I know this is one of the things that the city has talked about, and the importance of.

244

00:37:21.450 --> 00:37:28.440

Cooper City Hall: Its business community and economic growth, having that vibrant business district having those good strong property values.

245

00:37:28.800 --> 00:37:33.960

Cooper City Hall: And this is one of those ways that we do that businesses typically invest in communities that they know are safe.

246

00:37:34.440 --> 00:37:38.760

Cooper City Hall: Businesses typically invest in communities where they know they have a strong public safety mission.

247

00:37:39.210 --> 00:37:51.930

Cooper City Hall: And these Alp ours will be one of those things that I believe will help that business community coming into Cooper city to know that they feel safe and that city has the infrastructure in place to keep them and their customers safe.

248

00:37:53.400 --> 00:37:59.790

Cooper City Hall: I already told you that we seen St Johns county with about 50% reduction that was in car vehicle burglaries.

249

00:38:00.480 --> 00:38:06.420

Cooper City Hall: They also you know when they implemented this technology they had 17 missing and danger person located.

250

00:38:06.900 --> 00:38:19.320

Cooper City Hall: Through this technology might not sound like a big number, but for any parent who has a missing child or any loved one that has a let's say a missing all dimer elderly family member just one.

251

00:38:19.800 --> 00:38:30.180

Cooper City Hall: number in this category makes all the difference, so that have 17 missing in danger persons located through this technology that's very significant, not just the reduction.

252

00:38:30.540 --> 00:38:35.280

Cooper City Hall: of car break ins, but they also see it, they had 140 leads generated.

253

00:38:35.760 --> 00:38:45.780

Cooper City Hall: For investigative leads that's also very significant, because a lot of what we do on the law enforcement side is that predictive historical nature, we go back, we try to build a case we try to find evidence.

254

00:38:46.140 --> 00:38:56.850

Cooper City Hall: And the more tools that we give the detectives in the field to put together cases, the better chance that we have of identifying criminals, but not just identifying them but ensuring that we have a strong case file.

255

00:38:57.840 --> 00:39:03.210

Cooper City Hall: put together to ensure good charges in court, and that the cases are not thrown out.

256

00:39:04.320 --> 00:39:13.440

Cooper City Hall: And you also see, they have 3038 wanted persons that were located and arrested, based on their Alp ours in this their city.

257

00:39:13.860 --> 00:39:22.500

Cooper City Hall: And we believe we can duplicate that here in Cooper city even more you'll see the next map and the page this the key locations in the city that we've identified.

258

00:39:22.920 --> 00:39:39.480

Cooper City Hall: Where we would believe, as your law enforcement provider would be the best places to place Alp ours, which would help create this gridlock that we discussed, but essentially that's in those key locations that I met with each of you and shared and you'll see it here on the map.

259

00:39:41.070 --> 00:39:55.170

Cooper City Hall: One thing that I want you to know that you won't see you won't see the southern and eastern side of the city and this map and that's because this program looks into tying the Hoa is into the city plan and the Hoa would have a possibility of doing that a much.

260

00:39:55.650 --> 00:39:58.500

Cooper City Hall: lesser cost that would be fiscally.

261

00:39:59.070 --> 00:40:13.170

Cooper City Hall: responsible for them to do and we had been communicating with our HR partners, just so they know about this, and we believe that the city goes this route that the trades will see the productivity and the benefit of it and the beach boys will most likely get behind it as well.

262

00:40:15.360 --> 00:40:22.830

Cooper City Hall: Next I won't bore you with the the warranty and the WHO type information because that's really just specific to that one vendor.

263

00:40:23.460 --> 00:40:31.410

Cooper City Hall: But I did want to just let you know that I do believe that the Le tf funds utilized in this way is going to benefit the residents, for many years to come.

264

00:40:32.070 --> 00:40:42.390

Cooper City Hall: We always talk about the importance of the public safety mission and how safe this community is last night check Cooper city was the seventh safest city and the entire state of Florida.

265

00:40:42.840 --> 00:40:49.380

Cooper City Hall: And that's not just significant because that's that pretty darn good but that's another good, because we were in broward county.

266

00:40:49.890 --> 00:40:58.680

Cooper City Hall: And broward county has a lot of people and there's a lot of crime in the county but in this city, we have a very, very safe Community for our residents.

267

00:40:59.100 --> 00:41:08.070

Cooper City Hall: And I really truly believe that it's important that we lean forward and the technology and invest and make sure that that stays that way for the years to come.

268

00:41:09.300 --> 00:41:13.560

Cooper City Hall: So if you have any questions specific to me about the way that we desire to use these funds.

269

00:41:14.100 --> 00:41:22.560

Cooper City Hall: You know in regards to the Alp RPS let me know before I discussed the crime prevention original culture hi Thank you and good evening good.

270

00:41:23.040 --> 00:41:33.480

Cooper City Hall: evening to Giovanni, good evening servers and station, and thank you for speaking with me before the meeting I this question is might be for you, but might also be for city manager arpa funds.

271

00:41:37.740 --> 00:41:50.490

Cooper City Hall: Yes, Mr so we think that part of this program will be able to be funded with our fun so we're researching that right now, if it is then hopefully we can have a much more extensive.

272

00:41:51.240 --> 00:42:05.010

Cooper City Hall: program like exactly the real time prime Center so we're we're investigating there because I am a firm believer in the LP ours, you know captain's proven, time and time again no effective, they are in our city and yeah i'd love to expand the program even beyond what we have here.

273

00:42:06.630 --> 00:42:10.290

Cooper City Hall: We have that plan in place, like the manager said and we're looking at what's terrific.

274

00:42:12.420 --> 00:42:12.870

Cooper City Hall: Thank you.

275

00:42:14.130 --> 00:42:18.120

Cooper City Hall: Thank you very much, we needed this, and thank you for bringing new ideas to the city.

276

00:42:19.980 --> 00:42:30.180

Cooper City Hall: would like, if possible, to be proactive with a choice and bring forth the ideas enter the choice and go there and maybe incentivize them to connect to.

277

00:42:31.020 --> 00:42:39.480

Cooper City Hall: Be yourself with a with their security systems and maybe I don't know if they're willing to invest that may be kind of hesitant at the beginning, but.

278

00:42:40.200 --> 00:42:54.210

Cooper City Hall: You know, show them the the the benefits and maybe again he was opera money, if necessary, but find find ways to have a choice also participate, so we have the whole city covered under.

279

00:42:55.080 --> 00:43:03.900

Cooper City Hall: A safe to network Commission at the fantastic point we communicate with the H ways and one of the strategies, the manager and I have discussed is that.

280

00:43:05.190 --> 00:43:12.990

Cooper City Hall: Once the city invest in this we really started, but we are going to keep the success stories, all the success stories, all the cases cleared.

281

00:43:13.320 --> 00:43:23.070

Cooper City Hall: All of those really just great things that have happened because of this technology and we're going to be presenting that to the Hoa so that they can see a coupling that with the cost of prime.

282

00:43:23.730 --> 00:43:32.790

Cooper City Hall: so that they can also visualize that every time that we prevent crime from happening there's actually a cost savings to each and every one of the residents.

283

00:43:34.080 --> 00:43:40.710

Cooper City Hall: Thank you, thank you very much you're welcome, thank you, I think you've got your marching orders we don't need a.

284

00:43:42.120 --> 00:43:43.320

Cooper City Hall: consensus on this doing.

285

00:43:44.430 --> 00:43:53.370

Cooper City Hall: This this we put in the budget there's \$100,000 right foot in the ETF for for this purpose and he's explaining what the it's going to be useful okay.

286

00:43:54.240 --> 00:44:10.770

Cooper City Hall: And then we use the mobile right the funds correctly, the mobile now these would be fixed lpr Okay, the the ETF will be used to the fullest extent, and then the aarp funds what what i'm saying is led a priority.

287

00:44:12.000 --> 00:44:15.630

Cooper City Hall: Not not necessarily Mr Mayor we'll see what we can do with a.

288

00:44:16.410 --> 00:44:32.670

Cooper City Hall: With our funds but right now we plan on for this for the initial person using the lps and, furthermore, once you do your your study into whether the arpa funds can be used to pay for the initial hundred thousand and broaden the Program.

289

00:44:35.070 --> 00:44:43.740

Cooper City Hall: let's also take a look, I know there's we know for a fact that we have at least a couple hundred thousand dollars worth of things that are in our budget this year that can be.

290

00:44:45.360 --> 00:44:54.930

Cooper City Hall: offset by arpa monies and again what we would do I guess is figure out when we're talking about and then bring it back to Commission and we would prioritize how.

291

00:44:55.230 --> 00:45:00.870

Cooper City Hall: Perhaps with city, you know with your input, of course, how to spend that money, but I would say the LP or should be right near the top of that list.

292

00:45:01.350 --> 00:45:08.820

Cooper City Hall: that's Commission and we plan on bringing that initial plan for your review next Commission me okay super, thank you very good anything else.

293

00:45:09.660 --> 00:45:14.220

Cooper City Hall: Kevin Thank you very much, if I can really quick, just so you know the DL ETF That was the fourth.

294

00:45:14.730 --> 00:45:25.290

Cooper City Hall: First portion there's a second portion to it a small portion but we had talked about apportioning 5000 of the appropriate and monies toward the crime prevention fund.

295

00:45:25.860 --> 00:45:32.400

Cooper City Hall: And that would be used to not only fund the different activities that we have in a city, such as the co op program the explorers.

296

00:45:32.910 --> 00:45:35.700

Cooper City Hall: but also what we would look to do is they chip a pet.

297

00:45:36.300 --> 00:45:46.260

Cooper City Hall: For the residents coming up this fiscal year we already did coordinate with the veterinarian and they're on board with doing that and that would be a free service to the residents, but this is how we would fund that.

298

00:45:46.590 --> 00:45:52.830

Cooper City Hall: I just wanted to throw that out there, that that was included in the \$100,000 presentation.

299

00:45:53.970 --> 00:45:57.300

Cooper City Hall: Very good, thank you anything more no Sir.

300

00:45:58.830 --> 00:45:59.820

Cooper City Hall: Thank you, thank you.

301

00:46:02.070 --> 00:46:09.690

Cooper City Hall: Moving on i'll just confirm with city manager, that there are no emergency matters or any changes to the agenda.

302

00:46:12.210 --> 00:46:12.750

Cooper City Hall: Am I correct.

303

00:46:14.160 --> 00:46:24.720

Cooper City Hall: Yes, ma'am Okay, moving on to the consent agenda, do I have a motion motion by Convention Meltzer second by second dimension in full chain, a call about.

304

00:46:25.620 --> 00:46:31.410

Cooper City Hall: Commissioner shouter yes, Mr Meltzer yes commissionable cine yes, Mr green yes ma'am Ross yes.

305

00:46:32.250 --> 00:46:38.370

Cooper City Hall: And Item number six discussion on Commission team building workshop Commission or shorter.

306

00:46:38.700 --> 00:46:46.530

Cooper City Hall: I brought this up last time at the suggestion or as a result of the suggestion of Commissioner green the Commission Green wasn't here, so I figured bring it back up.

307

00:46:46.920 --> 00:46:57.690

Cooper City Hall: We should agree and said previously that they had some type of team building or goal setting workshop and wanted to put it on opportunity for the Commission to discuss.

308

00:47:01.680 --> 00:47:02.760

Cooper City Hall: If you have anything on that.

309

00:47:03.780 --> 00:47:05.610

Cooper City Hall: That was a recommendation after.

310

00:47:06.990 --> 00:47:08.790

Cooper City Hall: One of our most recent discussions.

311

00:47:10.350 --> 00:47:14.160

Cooper City Hall: we've had one historically we've had several in the past.

312

00:47:17.190 --> 00:47:20.730

Cooper City Hall: just wanted to hear what my colleagues had to say, I would in lieu of.

313

00:47:22.230 --> 00:47:23.610

Cooper City Hall: I would imagine that.

314

00:47:25.320 --> 00:47:41.490

Cooper City Hall: If we were to have something like this would be bringing in an independent contractor to do to to oversee that mediate that or whatever you know orchestrate that don't know what it would cost, but just want to.

315

00:47:42.810 --> 00:47:44.520

Cooper City Hall: want to hear what my colleagues at.

316

00:47:46.380 --> 00:47:46.710

Cooper City Hall: Convention.

317

00:47:48.510 --> 00:47:52.080

Cooper City Hall: i'm i'm all for it, except for the word cost.

318

00:47:53.430 --> 00:48:07.200

Cooper City Hall: We have more important things to consider especially an item today on the agenda, so we have more important things to spend the money on but i'm all for a day if we find a way to do what that doesn't break the bank.

319

00:48:09.690 --> 00:48:12.390

Cooper City Hall: And Commission mountain now I would support it as well how about arpa.

320

00:48:15.630 --> 00:48:16.350

Cooper City Hall: Has not gonna.

321

00:48:17.460 --> 00:48:23.280

Cooper City Hall: I was gonna fly but yes, I would support something, and you know I feel like with.

322

00:48:25.110 --> 00:48:29.910

Cooper City Hall: We can we can figure this one out, we should be able to figure this one out so i'll just leave it at that, thank you.

323

00:48:30.420 --> 00:48:37.560

Cooper City Hall: And I know that I Joe you received something from me, you know I didn't listen, you did not I did Oh, you did okay.

324

00:48:38.280 --> 00:48:46.620

Cooper City Hall: I know I had sent some stuff to Joe he's going to go through it bring it back it's it's team building it's learning governance.

325

00:48:47.340 --> 00:49:03.840

Cooper City Hall: professionalism stability it really covers a lot of different things, it was not extremely costly, but when Jones ready he'll present it and I to in favor of it, so thank you again for bringing it up and waiting for Commission agreeing to be here.

326

00:49:05.160 --> 00:49:12.540

Cooper City Hall: Moving on to Item number seven do have motion to approve the first renewal of the agreement with TD bank for the procurement card services.

327

00:49:14.010 --> 00:49:19.080

Cooper City Hall: Motion by Commissioner second janie second by commissioning green expressing, Commissioner.

328

00:49:20.280 --> 00:49:29.940

Cooper City Hall: Well jeannie and I have brought up two points, and then we had emailed the city manager in the city attorney and.

329

00:49:31.290 --> 00:49:45.030

Cooper City Hall: One they said was normal in these types of contracts, I still think we should at least discuss it and be aware of it there's a section, the contract that limits the bank's liability to \$10,000.

330

00:49:46.200 --> 00:50:01.350

Cooper City Hall: They said it's normal may not be in the residents interest but we just be should be aware of that, there is that stipulation in that in the contract that we are approving the other stipulation in the contract is that.

331

00:50:03.570 --> 00:50:15.630

Cooper City Hall: We have to provide the financial statements within 150 days of fiscal year end even in the best of times we have not been able to provide financial statements.

332

00:50:16.770 --> 00:50:29.100

Cooper City Hall: The sooner of 180 days after fiscal year end, so this is the same contract that would apply the same the same stipulations that will apply for the line of credit.

333

00:50:29.610 --> 00:50:38.700

Cooper City Hall: So if we agree to this will also be agreeing to line of credit stipulations and if we draw a line of credit, they would be able to call.

334

00:50:40.230 --> 00:50:42.450

Cooper City Hall: If i'm not mistaken, that line of credit.

335

00:50:43.770 --> 00:50:51.870

Cooper City Hall: And I know that we spoke to them and they said no don't worry but i'd rather have it, you know don't worry in writing in the contract.

336

00:50:52.410 --> 00:51:07.170

Cooper City Hall: Then have 120 days in the contract, knowing that we cannot comply with 150 days what, and the reason, one of the main reasons why we cannot comply is because we have our own pension and they provide us with the financial statements.

337

00:51:09.240 --> 00:51:21.480

Cooper City Hall: pretty much at the hundred 50 days mark so that will not give us enough days to prepare our own financial statements so there's no way that we can complete our financial statements at 150 days if we receive.

338

00:51:22.350 --> 00:51:37.500

Cooper City Hall: Our pensions financial statement that on for two days, if we had just frs and we wouldn't be able to probably to complete that but we don't so we're not able to complete financial statements on a few days after fiscal year and so that that clause.

339

00:51:39.180 --> 00:51:39.870

Cooper City Hall: Probably.

340

00:51:41.130 --> 00:51:42.120

Cooper City Hall: should be amended.

341

00:51:44.070 --> 00:51:46.530

Cooper City Hall: that's it Thank you sandy quantum.

342

00:51:54.150 --> 00:51:56.640

Cooper City Hall: leap, good evening commission's good evening.

343

00:51:57.990 --> 00:52:00.870

Cooper City Hall: Current the concerns, can you address them.

344

00:52:02.100 --> 00:52:09.300

Cooper City Hall: Correct, the first thing that we did earlier this year, knowing that the financials we're going to be.

345

00:52:10.410 --> 00:52:19.920

Cooper City Hall: Late so we contacted them and you told them that they were going to be late and they did say as soon as you get in just pass them along.

346

00:52:21.390 --> 00:52:30.900

Cooper City Hall: So that's what we did so, I understand the concern about what you're saying and the goal is to always be on time.

347

00:52:31.860 --> 00:52:47.220

Cooper City Hall: But we had circumstances that prevented us to be on time, this time and working with the actual is they always a little late, but when they come through in February, and if we are on time with the rest of the stuff we should be okay.

348

00:52:49.020 --> 00:52:53.490

Cooper City Hall: But we, we can we can go back and amend that class to make sure that we.

349

00:52:54.210 --> 00:53:02.640

Cooper City Hall: We have more time we'll go back and 150 days is February and that's when we receive the financial statements from the pension and there's no way we can.

350

00:53:03.000 --> 00:53:17.190

Cooper City Hall: complete our financial statements if we just received the pension financial statements, so we do need extra time to be the financial state, and so, even in the best of times we kind of we probably can't complete financial statements in February Am I correct.

351

00:53:18.450 --> 00:53:25.320

Cooper City Hall: Will you be able to complete financial statements in February, you win the bet you don't have the pensions financial statements or you just can't.

352

00:53:25.890 --> 00:53:44.700

Cooper City Hall: You don't have the numbers, we don't have the numbers and usually, when you get it late in February puts us at least 180 days in the best circumstances, you need 180 days that's the best case scenario, in our case, since we have our own pension, we need a recent 30 days.

353

00:53:45.990 --> 00:54:03.300

Cooper City Hall: But with different cities, who we have on better understand i'm just not sure, since we piggybacking I am not sure if we could change such a thing, but it's understandable that if we don't have it if we can't provide it, and it won't be available.

354

00:54:04.500 --> 00:54:14.580

Cooper City Hall: i'll ask Star Wars Thank you Eric Commission and Krishna puccini and I did discuss this particular item primarily in the context of the liability issue he mentioned prior.

355

00:54:15.120 --> 00:54:19.230

Cooper City Hall: As miss bridgeman indicated the city is piggybacking on this contract with the city deerfield.

356

00:54:19.560 --> 00:54:25.890

Cooper City Hall: So the city of deerfield some number of years ago went out to bid for P card services and we piggyback on their original agreement.

357

00:54:26.310 --> 00:54:39.210

Cooper City Hall: The only item before the Commission is a renewal, which provided for an extension for an additional five year period, the terms and conditions of the agreement really are embraced by the deerfield contract on which the city is is piggybacking on to.

358

00:54:40.590 --> 00:54:52.290

Cooper City Hall: As miss bridgeman also indicated based on that process I don't know the Bank would deviate from the deerfield agreement, however, if we have some confirmation that they went to give the city some grace period, provide the financials when they're done.

359

00:54:53.010 --> 00:55:04.620

Cooper City Hall: Without a menu in the contract which they couldn't do as part of the piggyback process that may be the city's best option is having some written confirmation that they'll accept the financials once they received and finally prepared and submitted to the bank.

360

00:55:06.600 --> 00:55:15.600

Cooper City Hall: And the issue that he brought up about contracting a way or let me rephrase that limiting the.

361

00:55:17.340 --> 00:55:17.850

Cooper City Hall: I guess.

362

00:55:18.990 --> 00:55:30.960

Cooper City Hall: Reimbursement to the city in a liability issue to \$10,000 is that referring to their negligence does, I think you and I would agree, you can't.

363

00:55:31.710 --> 00:55:37.950

Cooper City Hall: eliminate some of it is limitation liability relates specifically and, if I can pull that section up.

364

00:55:38.610 --> 00:55:50.190

Cooper City Hall: it's specifically to those types of claims similar to an indemnification provision, which has a limitation of liability, however, just be mindful that the \$10,000 CAP, the Commissioner referenced applies during the first year of the renewal.

365

00:55:50.700 --> 00:55:56.820

Cooper City Hall: In subsequent years the limitation equates to one half of 1% of the prior year's annual spend.

366

00:55:57.480 --> 00:56:10.530

Cooper City Hall: So would be 10,000 for the first year that once there's a baseline established after that year limitation liabilities half of 1% of the prior you're spending on the provider we don't use it then there's then there's essentially zero right okay.

367

00:56:12.090 --> 00:56:13.620

Cooper City Hall: Anything else yeah.

368

00:56:15.180 --> 00:56:17.190

Cooper City Hall: You said that this applies to the line of credit.

369

00:56:19.440 --> 00:56:20.130

Cooper City Hall: The.

370

00:56:21.630 --> 00:56:23.490

Cooper City Hall: The financial statements, yes.

371

00:56:24.900 --> 00:56:37.530

Cooper City Hall: Well, the agenda this I mean TD bank is the lender in the city line of credit, but this relationship has nothing to do with the city's separate agreement with the bank that line of credit, this is specific to the p card procurement.

372

00:56:37.950 --> 00:56:48.660

Cooper City Hall: Not not should not we should know that we have this limitations with them on a credit, so my question is if this agreement here requires financials within 180 days.

373

00:56:49.470 --> 00:57:00.480

Cooper City Hall: Is that what you're saying that is what this disagreement, we would I get I don't have the other documents in front of me with regards to the credit line, but this agreement would not have any consequences for us and not providing it to them.

374

00:57:02.130 --> 00:57:12.690

Cooper City Hall: To call back the p cards it doesn't have financial consequences the line of credit will have a consequence if we borrow that \$10 million and now all of a sudden, they call back.

375

00:57:13.290 --> 00:57:20.940

Cooper City Hall: The callbacks alone, all of a sudden, now I can put us saying, if we agree on here is their language in our line of credit.

376

00:57:21.330 --> 00:57:25.290

Cooper City Hall: documents that say that this to the agreements in here and applicable.

377

00:57:25.740 --> 00:57:35.340

Cooper City Hall: I get I don't have that in front of me but but, but the answer really is no we're talking about two separate relationships with the same lending institution one happens to be related to procurement cards, the cards for purchasing purposes.

378

00:57:35.640 --> 00:57:50.490

Cooper City Hall: The other is a line of credit, the city separately entered into yeah I want to bring your attention that line of credit is affected, so we probably want to discuss, and then a credit also, we will not affect the know this one is just the p cars, but it's the same contract as an acquaintance.

379

00:57:51.900 --> 00:57:56.910

Cooper City Hall: it's a different lender same lender it's isn't a municipal.

380

00:57:59.730 --> 00:58:11.820

Cooper City Hall: Community bank, the original the original agreement has as lender I think for the for the line of credit, I believe it was slow the municipal back.

381

00:58:13.050 --> 00:58:14.370

Cooper City Hall: Probably the time.

382

00:58:17.700 --> 00:58:19.050

Cooper City Hall: It will take a look at these will take.

383

00:58:20.430 --> 00:58:21.210

Cooper City Hall: Anything for.

384

00:58:22.470 --> 00:58:26.670

Cooper City Hall: hearing nothing called the vote Commissioners router up i'm sorry, you had said one quick thing.

385

00:58:28.260 --> 00:58:31.050

Cooper City Hall: I just say one quick comment I get winded note that.

386

00:58:32.070 --> 00:58:39.540

Cooper City Hall: Based on what we're looking to spend this year we're we're looking at about \$38,000 rebate is there any ceiling on how much money we can spend.

387

00:58:40.170 --> 00:58:48.630

Cooper City Hall: With these cards, and you know but it's not on the US it's a group of us in the co op so if everybody.

388

00:58:49.320 --> 00:58:59.520

Cooper City Hall: to smooth as the ball we get more money everybody gets mom right, I saw they were different tiers there, so all I can say is much we can put on these cards let's do it, thank you that's all I have.

389

00:59:00.540 --> 00:59:08.310

Cooper City Hall: Thank you all about Commissioner shutter Yes, Commissioner Meltzer fissionable cine Yes, Commissioner, green yes may Ross yes.

390

00:59:08.940 --> 00:59:20.220

Cooper City Hall: Moving on time number eight Dr motion to approve the agreement with that, like universal for the sodium Hypo chloride motion to approve I commit second second by Commissioner full chaining message out there.

391

00:59:21.750 --> 00:59:23.880

Cooper City Hall: was a motion to approve yeah call the vote.

392

00:59:25.980 --> 00:59:34.350

Cooper City Hall: OK call Commissioner shouter yes, Mr melter commissionable cine yes, Mr green yes me Ross yes sorry Mike you don't have to.

393

00:59:36.420 --> 00:59:37.380

Cooper City Hall: It means you want your night.

394

00:59:38.490 --> 00:59:43.980

Cooper City Hall: Thank you, moving on time number nine discussing impossible action i'm reconsidering the convergent have.

395

00:59:44.340 --> 00:59:53.700

Cooper City Hall: Two full time faculty and recreation assistant positions to the fourth time part time positions is at this be brought back for reconsideration, I think.

396

00:59:54.360 --> 01:00:06.270

Cooper City Hall: commissioned enshrouded did an excellent job, when he brought it to our attention for it up to different facets one was productivity which the four part timers would increase the productivity.

397

01:00:06.840 --> 01:00:20.220

Cooper City Hall: At a decreased rate, I think, was 32,005 I recall correctly, having said that 2020 hindsight, is always perfect and I look back and I see that.

398

01:00:20.700 --> 01:00:30.900

Cooper City Hall: While it would save some money and increase some productivity there's something to be said for the full time positions and the continuity.

399

01:00:31.500 --> 01:00:43.050

Cooper City Hall: And the history that goes along with the individuals so i'm asking the Commission to reconsider that vote as it pertains to these two individuals.

400

01:00:43.440 --> 01:00:53.970

Cooper City Hall: I will ask further that in all additional hiring that maybe they the idea of part timers is to be considered first.

401

01:00:54.900 --> 01:01:04.020

Cooper City Hall: Although I recognize, there are certain positions that are in fact full time so again I I think that's really more of a city manager.

402

01:01:04.560 --> 01:01:21.570

Cooper City Hall: scenario that he would get to decide who would be part time, who will be full time in regards to operations, but with respect to what we voted on i'm asking that we reconsider and literally recall the boat that we did make earlier.

403

01:01:22.830 --> 01:01:33.810

Cooper City Hall: That is my motion well you, it was done through the budget, so you have them in the budget Okay, so you can do that here don't but you see, you have to advertise it absolutely.

404

01:01:36.720 --> 01:01:49.830

Cooper City Hall: I have no difficulty with that, but i'd like to know the consensus, if you will, of the Commission, I mean I don't think it's necessary, we can probably solve the problem without amending the budget so.

405

01:01:51.870 --> 01:01:55.740

Cooper City Hall: there's a position open for park ranger.

406

01:01:57.420 --> 01:02:14.700

Cooper City Hall: And the other part, the other part, part time job to switch back to full time is only what \$13,000 i'm sure it's already someplace in the budget, so I don't think we need a budget amendment without always check into any budget amendment.

407

01:02:16.110 --> 01:02:21.960

Cooper City Hall: Yes, the answer is depends on how the transition is open to be structured if there is no change to the.

408

01:02:22.860 --> 01:02:33.690

Cooper City Hall: financial impact of the dollars that may not require a budget on your reallocating money to the various positions that depends on what the Commission directional Emily is, but let me, let me.

409

01:02:35.010 --> 01:02:55.650

Cooper City Hall: Try to re refocus conversation, so the first question is, are we in the business of making individual staff decisions or or larger decisions, you know policy decisions that would be my first thing and I spoke with some people about this and last time.

410

01:02:56.670 --> 01:03:04.350

Cooper City Hall: I think I tried to respond to emotion with facts, instead of facts with facts or emotion with emotion.

411

01:03:05.490 --> 01:03:20.100

Cooper City Hall: The reason why we're having an issue right now is because we fail to communicate with the employees nobody's actually spoken those employees so some of the residents that came up here said i'm here to talk i'm here to talk about the employees are being voted you guys voted determining.

412

01:03:21.510 --> 01:03:30.630

Cooper City Hall: We didn't vote to terminate any employees, we voted to change the job description to job descriptions or three job descriptions and into changing the part time positions and what.

413

01:03:31.110 --> 01:03:37.140

Cooper City Hall: should have happened when we when we did that, through the budget processes somebody should have reached out to those employees and.

414

01:03:37.800 --> 01:03:49.290

Cooper City Hall: spoke with them found other full time positions that you know that they qualify for or to do and to or whatever the alternative would be and to.

415

01:03:50.130 --> 01:04:01.380

Cooper City Hall: Actually, communicate, but instead it's somehow no one reached out to these employees, they panic set in and next thing you know this has become about two individuals, instead of.

416

01:04:02.130 --> 01:04:18.060

Cooper City Hall: an organization, so the question is it's not was not done to save \$30,000 that's that's you know it's not that the intent if if we have a position where we have to change the the responsibilities or the title or how they operate.

417

01:04:19.170 --> 01:04:34.170

Cooper City Hall: We have to do that, and if we have an employee who can you know meet those continue obligations they do, they can't, we have to do the best we can, to to replace them in the organization and and when I read you know.

418

01:04:35.250 --> 01:04:51.240

Cooper City Hall: How every readjust them in the organization so that's what has to happen, but this has become about emotions when it really shouldn't be the the city needs to show to have reached out to these employees found out what what else they could do.

419

01:04:52.470 --> 01:05:00.780

Cooper City Hall: And what they qualify for or if there's any other type of situation and that didn't happen so that that's really a shame, but at the same time.

420

01:05:01.410 --> 01:05:11.010

Cooper City Hall: that's our fault, ultimately, at the same time I don't think we can plan as an organization based off of individual things this person's been here 25 years.

421

01:05:11.340 --> 01:05:19.710

Cooper City Hall: We it's not a good job, but let's let them wait or this person is only been here a year let's let them bill we can't we can't do that that's not for us to do so.

422

01:05:21.090 --> 01:05:23.550

Cooper City Hall: My my thing would return.

423

01:05:24.570 --> 01:05:30.570

Cooper City Hall: These positions, is it more efficient, is it better for is the residence going to get a better product.

424

01:05:31.320 --> 01:05:42.720

Cooper City Hall: By changing them to part time positions and we're going to get you know more resources, so to say if that's in changing the job description, whether, if that's what it is, then we need to do it.

425

01:05:43.320 --> 01:06:02.010

Cooper City Hall: If there's more facts that need to be brought to us to look at that decision then that's Okay, but we, we cannot just respond to things off of emotion, we have to know what's best for the city overall and and that's why I brought up the fact that, when, in speaking to.

426

01:06:03.510 --> 01:06:13.260

Cooper City Hall: The and I haven't spoken to the individual, believe it or not, either one of the two individuals i've spoken with the Director and and i've gotten from her and understanding.

427

01:06:13.650 --> 01:06:22.740

Cooper City Hall: why it is important to have the full time employees as opposed to our time and and i've spoken to the city manager and he brings up you know next one point.

428

01:06:23.100 --> 01:06:33.870

Cooper City Hall: Part timers don't really have the heart and soul of the city, they here they hit and run they hit and run and there's no longevity to the part timers.

429

01:06:34.410 --> 01:06:45.240

Cooper City Hall: Full timers you do get that you do get the investment, if you will, from them in in helping the city, I think we've found that with all people who came forward.

430

01:06:45.930 --> 01:06:54.150

Cooper City Hall: candidly you know mayor, the director and the manager didn't have that confidence same conversation with me and and and so.

431

01:06:54.690 --> 01:07:02.670

Cooper City Hall: I didn't get that I didn't have a conversation, so this needs to be this position because it's more effective in the in the whole argument of reporters that's not true.

432

01:07:03.240 --> 01:07:13.080

Cooper City Hall: That the gentleman that read the meters for many years are part time employees, they do for knowledge of the gentlemen read at the at the optimist and city might have been there for years and the inner part time employees.

433

01:07:13.410 --> 01:07:21.870

Cooper City Hall: So this isn't about individual people we can't that's not our job we're at a policy decision if we think that this role needs to be.

434

01:07:22.110 --> 01:07:29.580

Cooper City Hall: adjusted, we have to do it, we can't ask residents to come out no pine over every change in a job description i'm not saying terminate anyone.

435

01:07:30.270 --> 01:07:33.840

Cooper City Hall: But our HR should have reached out to these individuals and said hey.

436

01:07:34.290 --> 01:07:43.290

Cooper City Hall: This is what we This position is going to change to or whatever, do you do, you need is 29 hours, good for you, I don't even know if they didn't they didn't.

437

01:07:43.770 --> 01:07:56.550

Cooper City Hall: Do you need this or that or we have other open positions do you meet the qualifications to be park ranger in that that didn't happen so now we're responding to an emotional response and feeling bad now which i'm.

438

01:07:57.570 --> 01:08:11.130

Cooper City Hall: i'm responding to my reconsideration of the issue and and I have now come up with the additional information and shame on me, I could have spoken to the director beforehand, I could have spoken to Joe beforehand.

439

01:08:11.490 --> 01:08:28.230

Cooper City Hall: But the points that were made were well taken and I took them a step further, and I did my own investigation, if you will, spoke to the right people and I need to reconsider, because I do find the.

440

01:08:29.460 --> 01:08:46.020

Cooper City Hall: I guess the justice in having the full time for these two particular positions so Joe you tell me how would it be best suited for you to work it out where the two full time positions would be.

441

01:08:47.700 --> 01:08:49.290

Cooper City Hall: In essence reinstated.

442

01:08:51.120 --> 01:09:00.030

Cooper City Hall: Whether there's a couple options and one needs to be just reinstate the two positions, a second one is as.

443

01:09:00.570 --> 01:09:06.330

Cooper City Hall: Commissioner router mentioned, and I believe commissionable cine we do have you're going to be reclassifying.

444

01:09:06.900 --> 01:09:19.620

Cooper City Hall: A position into a park ranger in one of those individually net of all time that's a full time job, and one of those individuals would be able to take that park ranger position so that that would be an option.

445

01:09:21.840 --> 01:09:29.940

Cooper City Hall: The other one we if if the Commission wants to consider is a hybrid we keep one of the positions and the other individual takes the park ranger position.

446

01:09:30.510 --> 01:09:43.680

Cooper City Hall: We have met to see if there's other positions coming up right now we're not aware of any positions coming up that we could offer the other individual, but we, I went on our website and we have full time positions available right now.

447

01:09:45.060 --> 01:09:52.110

Cooper City Hall: So who went and met with these individuals to say hey, this is what we currently have available to you qualify or not, who met with them and said that.

448

01:09:54.240 --> 01:10:08.730

Cooper City Hall: No one, no one, no one yeah they may not even know that they might you know my ex job better than you know, so we we it's just a total lack of communication and the other thing is I haven't heard it i've heard.

449

01:10:09.510 --> 01:10:15.570

Cooper City Hall: A lot of residents come out about the pool and tennis Center and it seems like the whatever employee I don't even know which employee works there.

450

01:10:15.960 --> 01:10:25.740

Cooper City Hall: is just a very good job as an ambassador is the other employee also at that same place, I thought the other employee was at the Community Center which has been closed for a year and a half.

451

01:10:26.820 --> 01:10:28.650

Cooper City Hall: So I mean what are we.

452

01:10:29.700 --> 01:10:47.880

Cooper City Hall: Are we just placing individuals, because we feel bad or these actual positions you know what's what's going on i've Commission melter and then Commissioner Greg you got the information as you brought it back up so where's the second position man, I will defer, if you will, to Joe.

453

01:10:49.140 --> 01:10:51.420

Cooper City Hall: The second position isn't the Community Center.

454

01:10:53.250 --> 01:11:06.630

Cooper City Hall: But again i'm not here to talk about the individuals themselves i'm here to talk about what we did before, and that is our position and look at it comes down to communication or lack thereof, which appears there has been a lack thereof in this case.

455

01:11:08.310 --> 01:11:11.370

Cooper City Hall: we're look for my me personally.

456

01:11:12.840 --> 01:11:21.630

Cooper City Hall: You know we're a little Cooper city here, I want to be more efficient, I want us to get more out of more with what we have do more with less if if we have to.

457

01:11:22.800 --> 01:11:30.360

Cooper City Hall: But by the same token, you know not looking for anybody to lose their jobs, and if that wasn't communicated last meeting I apologize for that.

458

01:11:31.320 --> 01:11:45.540

Cooper City Hall: But at the same time, we do have the we do have the vacant position coming up as a part for park ranger and then there may be something else coming down the pipe which would I would support shifting those resources those those gentlemen to those positions.

459

01:11:47.640 --> 01:11:54.570

Cooper City Hall: You know we're here to make policy, the five of us it's up to it's up to the city staff to handle the rest.

460

01:11:55.560 --> 01:12:05.280

Cooper City Hall: And if that means if that means taking two gentlemen who have been here for a number of years and reclassifying them into other positions and that's that's that's on you and staff Joe.

461

01:12:06.000 --> 01:12:13.320

Cooper City Hall: But we also have to be better communicators because, obviously, if people thought that that was what the the end game was going to be in this case we wouldn't have.

462

01:12:13.950 --> 01:12:23.010

Cooper City Hall: You know, we would have a multitude of residents at here calling to these people not to be terminated, so we have to, we have to approach approach it that way, and in the future.

463

01:12:24.360 --> 01:12:30.810

Cooper City Hall: You know let's be cognizant anytime we have a vacancy vacant position if we can take the full time vacant position.

464

01:12:31.380 --> 01:12:36.330

Cooper City Hall: And if it's feasible to turn it into a part time position or two part time positions.

465

01:12:37.080 --> 01:12:44.040

Cooper City Hall: let's discuss it, you know let's let's look into those options, because I think that's good that's good business, as Commissioner shredder has said time and again.

466

01:12:45.030 --> 01:12:50.940

Cooper City Hall: After after the last meeting we asked that staff meet with these individuals and see what we had available.

467

01:12:51.510 --> 01:12:58.950

Cooper City Hall: Okay, I don't know why that didn't happen there's a facility coordinator position available i'm not sure what the requirements are i'm not sure if there's individuals.

468

01:12:59.190 --> 01:13:11.850

Cooper City Hall: meet the requirements, I can tell you you're not going to know, unless you speak to them, because if you've got a job here 15 years ago, you might not have told them that you have an updated certification, or something further, furthermore, maybe if that let's let's say they don't.

469

01:13:13.110 --> 01:13:17.040

Cooper City Hall: they're not fit for those jobs, maybe there's somebody else in the organization further up the trough that is.

470

01:13:17.370 --> 01:13:31.050

Cooper City Hall: And then they could fill that person's position, I mean there's there's creative ways of this creative ways of skinning this cat Krishna green Thank you Mary Ross and at the at the at our final budget hearing what I would what I was at least what I was.

471

01:13:32.250 --> 01:13:49.530

Cooper City Hall: Supporting was the continuation of these two these two five full time positions, I know I had, I had asked questions of miss ya said at the final budget meeting with regards to the the part time employees, if there were any vacancies in part time.

472

01:13:50.670 --> 01:14:02.970

Cooper City Hall: Positions available in the recreation department miss Weiss indicated at that at that meeting that there were that there is a lot of turnover in terms of part time folks as the mayor had mentioned earlier.

473

01:14:04.470 --> 01:14:15.630

Cooper City Hall: I think we lose the continuity, we we lose if we talk about Cooper city and all of us speak about it at nauseam about Cooper city, being a little gym.

474

01:14:16.170 --> 01:14:24.630

Cooper City Hall: In this county part of that has to include our full time employees are full time employees contribute.

475

01:14:25.320 --> 01:14:35.820

Cooper City Hall: To that, so they are an integral part of everything that we do and it and and and it's on display when you have residents that come in to a Commission meeting.

476

01:14:36.150 --> 01:14:51.180

Cooper City Hall: and speak passionately about our full time full time staff, regardless of what department they're in, but the fact that they're speaking on behalf of of those employees that has to say that has that says something to me this is that.

477

01:14:51.900 --> 01:15:08.340

Cooper City Hall: Our our employees are fully invested into all things Cooper city and you get perhaps you get that with some part time employees and perhaps you don't The same can be said with regards to full time employees as well, and so.

478

01:15:09.360 --> 01:15:21.780

Cooper City Hall: You know i'm hoping that the question I think the other question that we have to ask ourselves, or perhaps we should ask the employees is, are you happy where you're at.

479

01:15:22.350 --> 01:15:40.710

Cooper City Hall: right that the employee is happy as a full time employee if they're happy where they're at if they're happy serving where they're at, and in that position has been been full time then Gentlemen, I think it's it's incumbent upon us to to to allow that to happen.

480

01:15:42.210 --> 01:15:45.810

Cooper City Hall: Even with those full time, even with the two full time positions.

481

01:15:47.070 --> 01:15:58.260

Cooper City Hall: And I know that we that there was a gentleman that had retired and his position was reclassified into a part time position, even with those two full time positions they still have turnover.

482

01:15:59.190 --> 01:16:08.400

Cooper City Hall: In the recreation department other departments that utilize part time employees, they have turnover with the with the part time employees.

483

01:16:09.300 --> 01:16:19.950

Cooper City Hall: So the answer isn't always going to be with part time employees versus full time, I think we have to, we have to look at it.

484

01:16:20.340 --> 01:16:35.430

Cooper City Hall: And we have to make the best decision for this city and for our residents and, sometimes, and I believe in this instance, it is for for us to keep those two full time positions in the REC department offset it is.

485

01:16:36.480 --> 01:16:46.380

Cooper City Hall: offset it with the with the with the two additional part time folks but, at the very least, I want, I would hope that our residents.

486

01:16:47.190 --> 01:16:58.140

Cooper City Hall: Will would have some familiarity with the staff and that's not always going to happen if you have a if you have part timers that are rotating in and out compared to.

487

01:16:58.500 --> 01:17:09.210

Cooper City Hall: If you have full time employees that you see, day in and day out, and they know what the concerns are right, and they are in there in it they're going to go above and beyond, to ensure.

488

01:17:09.690 --> 01:17:17.940

Cooper City Hall: That those concerns that those needs are met, and so mayor i'm supporting you with the hopefully having those two positions.

489

01:17:19.710 --> 01:17:28.170

Cooper City Hall: Come back as full time reclassified as full time positions and supporting that wholeheartedly thank you, you know I I.

490

01:17:29.400 --> 01:17:40.560

Cooper City Hall: it's hard for me to get away from the factual things and and it's not the most appealing, but this some of the things are said they just in my mind, they don't make sense.

491

01:17:41.790 --> 01:17:53.910

Cooper City Hall: part time employees, no continuity, we have a part time employees that have been here for a long time, and let me tell you this, we don't have full time employees that work on the weekends, that the weekends it's all part time employees right.

492

01:17:55.620 --> 01:17:57.930

Cooper City Hall: So when do people recreate most the time.

493

01:17:59.160 --> 01:18:07.680

Cooper City Hall: On the weekend so imagine that we're in one breath we're saying oh part time employees are there no good but didn't say no well.

494

01:18:08.610 --> 01:18:18.570

Cooper City Hall: Okay part time employees you're not consistent no continuity you just constant turnover which neither gentlemen has provided any any because i'm very fact based provide me some stats on that.

495

01:18:19.110 --> 01:18:24.030

Cooper City Hall: And I would say, well then that could that could be but there's been no stats provided online.

496

01:18:24.480 --> 01:18:30.630

Cooper City Hall: So we're going to say that, but we only have part time employees working when we recreate that just that that doesn't.

497

01:18:31.290 --> 01:18:34.170

Cooper City Hall: You know that that's just using emotion.

498

01:18:34.620 --> 01:18:45.600

Cooper City Hall: And anecdotal incidences to justify something, and when we get elected, we don't get elected, the handout money and benefits we get elected to be fiscally conservative every one of us said that when we ran.

499

01:18:45.930 --> 01:18:53.100

Cooper City Hall: And it means we got to make tough decisions, so you know what I don't want any gentleman, or in any employee to to lose their job that's that's not right.

500

01:18:53.550 --> 01:18:59.310

Cooper City Hall: Our HR should have met with them and discussed it only thing i've heard anything on is actually pulling tennyson.

501

01:18:59.760 --> 01:19:11.310

Cooper City Hall: I can tell you it if we had a CIO position I would hire the gentleman there because he can rally the troops he's done and he's obviously a very good ambassador, which is something to be said that that's that's important if you can get people.

502

01:19:11.700 --> 01:19:22.530

Cooper City Hall: To actually show up, so in that regard, I mean I don't doubt that he's not a very good employee, but there might be a better role and I don't think it has to necessarily be less money.

503

01:19:24.660 --> 01:19:31.230

Cooper City Hall: At the same time, tell me about the Community Center because if you're saying you want to talk about positions, why would you need a full time person at the Community Center.

504

01:19:32.310 --> 01:19:34.590

Cooper City Hall: point again i'll defer to the director.

505

01:19:35.670 --> 01:19:42.810

Cooper City Hall: And I thank you, my Ross and thinking Commissioners shower I think the question that that's on my mind is and I asked you this at the.

506

01:19:43.260 --> 01:19:51.810

Cooper City Hall: final budget hearing is, do we have currently do presently do we have part time positions that are open, that are available.

507

01:19:52.650 --> 01:20:02.010

Cooper City Hall: In the recreation department, please kind of if you can elaborate on what the turnover is like in that in that department, but then also.

508

01:20:02.670 --> 01:20:14.910

Cooper City Hall: Just for Mr Napoli to be thinking about I want to know, do we have part time available, have we had available part compositions for other departments that haven't been feel that we're trying to feel.

509

01:20:16.980 --> 01:20:25.350

Cooper City Hall: Yes, currently in the recreation department, we are seeking part time positions for both art for our youth program instructors.

510

01:20:25.830 --> 01:20:34.440

Cooper City Hall: Are facility attendant and then I do also know that, within the public works department they're also looking for the for part time park attendance as well.

511

01:20:34.920 --> 01:20:37.200

Cooper City Hall: With regards to the Community Center.

512

01:20:38.010 --> 01:20:48.660

Cooper City Hall: The individual that maintains and oversees the Community Center is not just responsible for the Community Center but also the uptake in the cleaning of this facility as well, so it's actually three facilities that.

513

01:20:49.530 --> 01:20:59.850

Cooper City Hall: Those individuals take care of as well okay let's be let's be honest here you just you said we're looking for for part time.

514

01:21:01.620 --> 01:21:09.840

Cooper City Hall: Work four which one does park attendance architects, we pay him not we were advertising less than minimum wage, the amount we advertise on a website is illegal.

515

01:21:10.530 --> 01:21:14.400

Cooper City Hall: We can even offer nine something an hour so that could be why we can't fill that.

516

01:21:14.910 --> 01:21:21.780

Cooper City Hall: But we also have part time park attendance there that have been there 20 years since I was a child, I played sports their.

517

01:21:22.260 --> 01:21:27.120

Cooper City Hall: city Mike has been there since I was a child to mike's no longer just retired like the last month.

518

01:21:27.630 --> 01:21:33.960

Cooper City Hall: Okay, so, and then you said Oh, you have part time spots, you also have full time spots that are vacant as well right.

519

01:21:34.200 --> 01:21:48.150

Cooper City Hall: I do currently have a position available for the facility coordinator so How does that, how does it having a part time position available mean the part time employees you can't fill it if you also have the same thing with full time because right now the.

520

01:21:51.390 --> 01:22:01.530

Cooper City Hall: The the job market is very interesting right now, how do you and what evidence, do you have for them, because their recruitment for the facility coordinator position, we received a plethora of applicants for it.

521

01:22:01.830 --> 01:22:12.270

Cooper City Hall: But they weren't qualified for it but that's a full time position right, that is a full time position but it's a specialty so you're assuming that because you can do in that one that also with part time it would apply even more.

522

01:22:12.630 --> 01:22:27.660

Cooper City Hall: know with part timers although budgeted for 29 hours typically you're up against another job schedule it's usually a substitution to another schedule So although I understand it's 29 hours per position, we may not get 29 hours out of that individual.

523

01:22:29.100 --> 01:22:33.390

Cooper City Hall: I don't know how you having a vacant full time position available.

524

01:22:33.870 --> 01:22:44.670

Cooper City Hall: That you can't fill means that if you have a part time positions that they're harder to fill because, as a recreation professional, I feel it was vital to bring the most qualified.

525

01:22:45.120 --> 01:22:56.340

Cooper City Hall: applicant, and for that that position that role, so if it took us a little bit longer to find that individual than it took us a little bit longer did you meet with either one of the employees that work for us now regarding that position now.

526

01:22:56.880 --> 01:22:58.710

Cooper City Hall: don't you think that would have been a good place to start.

527

01:22:59.550 --> 01:23:05.640

Cooper City Hall: It could have been but that vacancy did come up in May, if they if they hadn't expressed an interest in it as well, they could have comments spoken to us.

528

01:23:06.090 --> 01:23:09.150

Cooper City Hall: and told them they're gonna lose their job they might have done that absolutely.

529

01:23:09.600 --> 01:23:18.690

Cooper City Hall: So I mean you know I found out just for the first time asking before the meeting did anyone speak with you and the gentleman said no, no, no one zero, not a single person.

530

01:23:18.960 --> 01:23:23.850

Cooper City Hall: So that's total communication failure by by this Commission, we never we never should have let that happen.

531

01:23:24.840 --> 01:23:30.180

Cooper City Hall: Especially when, after at the last meeting I said, Mr manager, can you please make sure somebody reaches out.

532

01:23:30.480 --> 01:23:39.810

Cooper City Hall: And speaks with these individuals and make sure that we could find something because maybe we could have avoided people coming and how many I don't know how many sleepless nights that they probably had.

533

01:23:40.290 --> 01:23:47.460

Cooper City Hall: But that that's something that needs to be addressed the other thing you said is their responsibilities, also include three facilities when did that happen.

534

01:23:48.720 --> 01:23:56.400

Cooper City Hall: that's been since I since I joined the team that was previously the three three bodies for the three buildings Oh well.

535

01:23:56.820 --> 01:24:02.820

Cooper City Hall: Change the argument now you're saying two three that's what you said, a minute ago correct yes in April, when the individual retired.

536

01:24:03.030 --> 01:24:12.300

Cooper City Hall: We knew that we were about the three facilities we're going to maintain with the two assistant position to to wreck assistant position, so you still had a full time spot, how did you know that.

537

01:24:13.470 --> 01:24:15.600

Cooper City Hall: Because the spot was frozen you phrased.

538

01:24:19.020 --> 01:24:27.090

Cooper City Hall: It because we planned on reorganizing and drink and we plan on reclassifying that position because there's a more efficient way to do it.

539

01:24:27.630 --> 01:24:38.490

Cooper City Hall: I assume, and what you didn't do it for less efficient way, I imagine what happened was you realize that it's not as it's not as efficient as it should be in because somebody retired out.

540

01:24:39.000 --> 01:24:44.580

Cooper City Hall: You were matriculating that out you're naturally doing it, which would be a slower process than just doing it right off the BAT.

541

01:24:45.240 --> 01:24:54.510

Cooper City Hall: But that that cuts against the argument of Oh, that this is efficient that's it's the opposite it's not efficient, but it sounds like the manager didn't want to make a huge impact right away.

542

01:24:55.740 --> 01:25:07.410

Cooper City Hall: So that that it's not making sense staff, I have from one standpoint staff telling me this needs to be a full time spot the other one is the evidence shows the manager knew didn't need to be there's better ways, but he was just going to matriculate it out.

543

01:25:08.820 --> 01:25:21.270

Cooper City Hall: So, which one is it because this is the first time the mayor's here saying I rethought this after I got all the evidence I need I asked him the evidence, he doesn't he can't even tell you, if the other person's assigned over there, he calls on you, the stuff you're bringing is all anecdotal.

544

01:25:23.910 --> 01:25:29.070

Cooper City Hall: I don't want to have this conversation either, this is not comfortable, for me, but I didn't run saying.

545

01:25:29.580 --> 01:25:32.250

Cooper City Hall: i'm going to just hand out jobs, regardless of whether.

546

01:25:32.550 --> 01:25:39.150

Cooper City Hall: it's efficient enough, the way it works is if there's a change in need, we change that and then we go to our those employees who are loyal.

547

01:25:39.360 --> 01:25:43.860

Cooper City Hall: And we help them re just there might be a time where we tell an employee, you have to work Saturday.

548

01:25:44.220 --> 01:25:50.610

Cooper City Hall: We don't not do that, we don't come in and say, well, there have been a loyal employee they don't they don't have to work set, we have to do what's best for the city.

549

01:25:51.030 --> 01:25:56.760

Cooper City Hall: And we tell you when the city cut of people from the police department I didn't hear anyone coming in saying anything.

550

01:25:57.180 --> 01:26:02.250

Cooper City Hall: Whereas the Commission here when the it person who works for Cooper city for many years, no longer works capacity.

551

01:26:02.760 --> 01:26:14.670

Cooper City Hall: didn't hear anything but you know he didn't he didn't get fired on have a job his job transferred when they were going to cut code enforcement, no one came in here, I met mark reality works for code enforcement agencies for 25 years.

552

01:26:14.970 --> 01:26:18.000

Cooper City Hall: he's longer than any other employee in the building well I shouldn't say that probably.

553

01:26:19.620 --> 01:26:23.910

Cooper City Hall: 95% nobody was doing those code enforcement officers went months.

554

01:26:24.990 --> 01:26:34.230

Cooper City Hall: But what did we do we came up with a plan to fix the issue, so we should never have gone out there and said to the staff members you're going to lose your job.

555

01:26:34.950 --> 01:26:46.320

Cooper City Hall: and your health insurance and all these things we should have said there's a change in need we're going to try it out we're gonna we're gonna find you in a new position, a new role that's the way it should have been done, the responsible thing i'd like to make a.

556

01:26:48.450 --> 01:26:52.950

Cooper City Hall: An offer here, something probably something we should have we should have done two weeks ago.

557

01:26:53.550 --> 01:27:04.140

Cooper City Hall: Can we swing this back to Joe and staff, but then aggressively find a way to if we can place these two individuals in positions like one of them is a road ranger position, perhaps there's another way.

558

01:27:05.070 --> 01:27:08.700

Cooper City Hall: Like like I suggested earlier, we have the big enough to deal with it.

559

01:27:09.090 --> 01:27:15.720

Cooper City Hall: At the manager level wrecked out thinking is a mission system facility coordinator if neither one of these gentlemen qualify.

560

01:27:16.020 --> 01:27:22.920

Cooper City Hall: Maybe there's somebody else in your organization that does that we can move to that spot than one of these gentlemen can take their spot I mean just get, we have to get creative here.

561

01:27:23.640 --> 01:27:35.370

Cooper City Hall: But, but the fact is, we have to continue thinking efficiency efficiency efficiency first thing we have to do is, we have to decide the news, nobody should lose our jobs over this, we have to decide the need of the city first so that's it so if you guys wanted to.

562

01:27:36.510 --> 01:27:48.390

Cooper City Hall: The need is it works, then then that's a separate i'm okay with evaluating the need of the position but i'm not okay tying it to individual things, no, no, no that's not what i'm suggesting at all.

563

01:27:48.750 --> 01:27:58.350

Cooper City Hall: So we're we're already halfway home, we have the park the park Rover position, but is our focus on on on creating a job for a person not definitely create new jobs okay.

564

01:28:00.540 --> 01:28:08.310

Cooper City Hall: Let me tell you, I can tell you where we do have vacancies in the city, right now, I can tell you where we have I know we have areas that need help park attendant needs help.

565

01:28:08.700 --> 01:28:13.590

Cooper City Hall: park attendant detail, we have trouble keeping that job it's probably because we pay them nine something an hour.

566

01:28:14.040 --> 01:28:29.970

Cooper City Hall: You know that would you know, but we have to look into just I at this Community Center we have not felt a huge effect by not having somebody in that position, because the gentleman in that position, right now, has been out 800 hours is here he's been out for 800 hours.

567

01:28:32.190 --> 01:28:35.790

Cooper City Hall: So we have to look is efficient or not, maybe the maybe the pool and tennis Center.

568

01:28:35.910 --> 01:28:44.070

Cooper City Hall: should have somebody there who can fix all these mechanical things but there's not a pool over there, if you look at the job description and talks about dealing with chemicals there's no chemicals at that place.

569

01:28:44.400 --> 01:28:46.770

Cooper City Hall: In the third position was here used to deliver the mail.

570

01:28:47.310 --> 01:28:54.450

Cooper City Hall: How does that make any sense in HR that we had one position on the direct department or one of them delivers the mail and does janitorial the other one.

571

01:28:54.660 --> 01:29:04.740

Cooper City Hall: Is is doing pools and stuff and I don't know what the Community Center one is because most of the Rentals there are after hours on the weekends and the full time employees don't work after hours.

572

01:29:06.090 --> 01:29:12.090

Cooper City Hall: i'm suggesting if you know, whatever you whatever you all want to do if anybody else has anything is that workable yeah we'll.

573

01:29:13.860 --> 01:29:20.970

Cooper City Hall: we'll we'll go back and reevaluate the finding the second position is hard because we've already tried to do that, but we'll go back, keeping in mind that.

574

01:29:21.480 --> 01:29:27.330

Cooper City Hall: You know, we, this is still, this is still an organization that understands to be efficient, and you know.

575

01:29:28.200 --> 01:29:39.810

Cooper City Hall: understand why this is the third and fourth highest paid positions and REC department, with benefits okay this isn't like a low people on the totem pole how many employees are there in the REC department.

576

01:29:40.920 --> 01:29:50.280

Cooper City Hall: There was previously 12 full time positions and how and how many part time I don't know off the top okay so it's like 40 some this comes out to this like third and fourth highest.

577

01:29:51.360 --> 01:30:02.580

Cooper City Hall: With benefits it does it make you know it's just not like we're we're nitpicking small things, so we have the third and fourth highest position, and no one can tell me, on the one that Community Center the vacuum that's been created.

578

01:30:03.870 --> 01:30:09.840

Cooper City Hall: I mean we have that we have to be responsible, with money that's why she said, we had 12 how many do we have full time now.

579

01:30:10.680 --> 01:30:20.070

Cooper City Hall: We had 12 full time positions, one of them was converted to the park ranger position so that is currently vacant and then with the way that the current.

580

01:30:20.400 --> 01:30:27.270

Cooper City Hall: Budget was approved that reduced it down by the two, so I guess that would be 10 full time positions now.

581

01:30:28.110 --> 01:30:36.420

Cooper City Hall: And then, how many use you didn't know the number of part timers that we have not off the top of my head no Okay, we should be looking at full time equivalents to.

582

01:30:36.990 --> 01:30:55.650

Cooper City Hall: Because you know it's it's a misnomer to think you know the other thing that we have for 24 what full time equivalent 24 full time equipment okay so 24 full time equivalent in this would be third and fourth highest they had on the recreation department.

583

01:30:58.080 --> 01:31:00.060

Cooper City Hall: Max bbq said 24 fold.

584

01:31:03.270 --> 01:31:13.920

Cooper City Hall: According to the 2019 khafre when they counted full time equivalents it was 24 full time equivalents is that all very reason for me was that all recreation.

585

01:31:15.090 --> 01:31:17.670

Cooper City Hall: recreation, you were creation yes.

586

01:31:18.990 --> 01:31:29.550

Cooper City Hall: So creation, yes, at a minimum we have we have a lack of communication, we have a we have a lack of analysis well let's just I i've got the direction, but I just wanted.

587

01:31:30.030 --> 01:31:43.020

Cooper City Hall: To say and there's you know there's a difference of opinion and I know, Commissioner, what you think those three individuals do and we've we've discussed this on numerous cases, what what they've actually while we're here today actually do in that individual.

588

01:31:44.370 --> 01:31:51.510

Cooper City Hall: Although he's been out a lot of people have had to pick up the slack here so it's not like that that position, people have not had to pick up.

589

01:31:52.230 --> 01:32:07.140

Cooper City Hall: The responsibilities there but i'm clear on the direction we will see what we can do we know we have one position we'll see what we can do with the other other position you had if you had a passport person what happened to that position that was another position you had.

590

01:32:09.810 --> 01:32:21.390

Cooper City Hall: That there's a vacancy in that well there will be a vacancy for the passport position, there are vacant full time positions in the city, there are and and we have to look at qualifications and if people actually actually.

591

01:32:22.170 --> 01:32:27.870

Cooper City Hall: can do those those positions and and we've done that analysis and we'll go back and look at it again.

592

01:32:28.440 --> 01:32:42.300

Cooper City Hall: enter, would you come back to us next meeting with in the last thing is that is, I believe it has to be a budget amendment because we budgeted by position and we're and my question is the budget that we that we just approved two weeks ago.

593

01:32:44.730 --> 01:32:59.550

Cooper City Hall: With the with the assumed vacancies that we were going to have or the change to port for part time to full time when does that suppose that's January January 1 so we have a little bit of budget for January 1 right great and Jacob does have to be a budget amendment.

594

01:33:02.550 --> 01:33:14.550

Cooper City Hall: said the interest let's see what the manager comes back with if the manager comes back with a proposal them into the budget and the answer is yes, if the manager can accommodate the specific individuals by filling vacancies that currently exist, it may not require a budget.

595

01:33:14.880 --> 01:33:19.980

Cooper City Hall: So without knowing more how the manager is going to come back i'm not sure I can answer that question that's Okay, thank you.

596

01:33:21.420 --> 01:33:29.190

Cooper City Hall: let's move on to the regular resolution 21 dash 47 genco Horowitz Thank you mayor Commission the items a resolution to city Commission the city a.

597

01:33:29.400 --> 01:33:39.330

Cooper City Hall: city Florida to approve and execute the regional and local agreement for cooperative fire rescue and emergency medical services and special operations response to automatic aid and closest unit response to in the city.

598

01:33:39.510 --> 01:33:44.010

Cooper City Hall: The city, the broward county sheriff's office and broward county attached churches exhibit and incorporating your in.

599

01:33:44.430 --> 01:33:56.820

Cooper City Hall: authorizing the appropriate city officials to execute the agreement fight for conflict fine for severability at fighting for effective date do I have a motion to approve for discussion purposes motion by Commissioner pulcini second by.

600

01:33:59.400 --> 01:34:02.040

Cooper City Hall: Second, it dies me by Commissioners router.

601

01:34:03.750 --> 01:34:04.650

Cooper City Hall: Very simple change.

602

01:34:07.710 --> 01:34:11.670

Cooper City Hall: I think this is great i've been wanting this for a long time.

603

01:34:14.340 --> 01:34:20.610

Cooper City Hall: I like this, I looking at me, I think we may not like it, but i'm okay well.

604

01:34:23.400 --> 01:34:39.780

Cooper City Hall: I I thank you for bringing putting this on the agenda that we're putting on the agenda, and I think it's a it's a great thing I think it will help the city will improve response time and the residents will benefit from it whatever objections, you have will not be valid.

605

01:34:40.980 --> 01:34:43.020

Cooper City Hall: So wait until you hear them.

606

01:34:44.520 --> 01:34:47.550

Cooper City Hall: The same manager of this a good.

607

01:34:48.600 --> 01:35:04.530

Cooper City Hall: A good plan, I think, at the end of the day, it is a good plan for the correct it's better for this presidential provide a better insurance potential, it will save lives, hopefully so it's a great thing so good, thank you well all vote yes thanks.

608

01:35:08.310 --> 01:35:16.470

Cooper City Hall: But I just have one thing don't, but it was permission to drive to the second did it i'm sorry it's I hope it works out as it should work out.

609

01:35:17.550 --> 01:35:22.260

Cooper City Hall: You know I hope so, as well, and remember, we also you know it's a matter of educating people.

610

01:35:23.430 --> 01:35:30.750

Cooper City Hall: We had we received an email from I believe it was the folks in country Glenn who were skeptical when this was brought up once before, and.

611

01:35:31.380 --> 01:35:38.820

Cooper City Hall: I don't see I see it, as I see it as a home run, so I just want to make sure that they are properly educated to understand that.

612

01:35:39.660 --> 01:35:51.870

Cooper City Hall: You know less distance is better when it comes to an emergency, can I explain a second to the residents what this is yeah absolutely what changing mutual aid to automatic eight that means well.

613

01:35:53.040 --> 01:36:02.160

Cooper City Hall: It really isn't that no sorry that he's gonna try something out that if if a rescue truck driving by from another city city drop someone off at memorial West.

614

01:36:02.520 --> 01:36:08.430

Cooper City Hall: And they're driving back to whatever city they're from in a certain priority call comes out certain level like a heart attack.

615

01:36:08.730 --> 01:36:15.840

Cooper City Hall: That that closest vehicle would go even though they may not be in that city Okay, they don't but they don't need to call for authorization before going for a dispatcher.

616

01:36:16.140 --> 01:36:24.720

Cooper City Hall: Okay, well, the same thing yeah before they have to call with this, they don't have to make the call but they automatically go to the closest closest unit will go, you know we I told the.

617

01:36:25.620 --> 01:36:33.180

Cooper City Hall: Chief they better not unplug the GPS and the way back to another call or the closest unit will respond to the emergency instead of.

618

01:36:33.540 --> 01:36:44.010

Cooper City Hall: Having to call in and get approval before right just because they just because Cooper city residents getting is getting emergency service from a vehicle that doesn't say Cooper city bso on it.

619

01:36:44.220 --> 01:36:49.140

Cooper City Hall: They shouldn't be alarm they're still going to get the same they're going to get the service probably quicker than they would have ordinarily.

620

01:36:49.590 --> 01:36:57.000

Cooper City Hall: And it's going to be the same level of service that they're receiving otherwise yeah Hollywood drives by you're having a heart attack you're going to get them first.

621

01:36:57.810 --> 01:37:17.190

Cooper City Hall: In concept, this is terrific but let's look at who we're dealing with and here's the problem see what i've been told, is either you sign this under duress and coercion i'll go so far as to say extortion or.

622

01:37:18.210 --> 01:37:24.870

Cooper City Hall: you're going to Ob so money, what was the term about 31,000 32,000.

623

01:37:26.580 --> 01:37:27.540

Cooper City Hall: Come on up Jesus.

624

01:37:31.050 --> 01:37:38.220

Cooper City Hall: asked him the first question now your first question of the night, usually know how wait i'll wait on that it's there.

625

01:37:39.450 --> 01:37:54.270

Cooper City Hall: So this is how much were you told that we would Oh, if we do not sign the contract if if you, we do not take part in this inner local agreement.

626

01:37:55.830 --> 01:38:14.160

Cooper City Hall: We would have to then pay for the mdt which are the mobile data terminals and the trucks that give us our updates That said, of course, cost of about \$4,000 per vehicle so say \$16,000.

627

01:38:15.990 --> 01:38:25.350

Cooper City Hall: give or take Okay, so what what i'm hearing is, if you don't use this you're going to wind up paying me 16,000 and, mind you, I have.

628

01:38:26.250 --> 01:38:35.940

Cooper City Hall: yeah that's what he said no, if we if we don't right, but if we do they're going to give them to us no they don't give anything we're paying for.

629

01:38:36.210 --> 01:38:44.670

Cooper City Hall: Now this is an inner local agreement I don't think there's just a cost to this Okay, it includes it's a cost if you don't sign the I la.

630

01:38:45.240 --> 01:38:56.040

Cooper City Hall: pretty much if you if the county is paying for the LGBT This is all of the of the cities that that sign it oh now now Joe just hit on something.

631

01:38:56.460 --> 01:39:19.560

Cooper City Hall: So I simply asked why wasn't the broward league involved in getting all the cities to sign on what an idea, he said they sent you an email, no one responded really bad back in back in 2002 when this when they did i'm sorry 2002 is 19 years ago.

632

01:39:22.740 --> 01:39:23.700

Cooper City Hall: I know I wasn't here.

633

01:39:27.000 --> 01:39:51.810

Cooper City Hall: So you're saying you took bsl nobody around, no, no, no, no, did not be so Okay, it was broward county all of this is through broward county bso has nothing to do with this, they are part of the The co op I go then tell me because you're bsl so tell me that i'm Cooper city.

634

01:39:54.990 --> 01:39:56.190

Cooper City Hall: True i'm sorry it's.

635

01:39:57.450 --> 01:40:11.010

Cooper City Hall: Through enter your Cooper city, but vso pays your paycheck so tell me are the airport personnel trucks, etc, and the seaport also part of this is la.

636

01:40:11.760 --> 01:40:25.380

Cooper City Hall: I do not know that I only know I don't know any other municipality, that is in or out, I can only tell you that some of the other municipalities.

637

01:40:25.770 --> 01:40:38.550

Cooper City Hall: had some questions and I have contacted those municipalities i've contacted plantation i've contacted cold springs, and they are pointing fingers at the county.

638

01:40:39.270 --> 01:40:47.400

Cooper City Hall: Because they have their own 911 they're the worst examples that those two cities are irresponsible okay.

639

01:40:47.610 --> 01:40:56.310

Cooper City Hall: And and installing Douglas happen because parkland that's how it happened, but it was worse because parkland contracted with cool springs for fire and all those calls.

640

01:40:56.490 --> 01:41:04.380

Cooper City Hall: went to calls routed because cool springs wanted to be isolationist in say we're getting our radios better and not participate in the county wide system.

641

01:41:04.680 --> 01:41:12.990

Cooper City Hall: And, and what coral springs is saying, because I spoke to the city manager and the chief is hey All we want is an opportunity, through the county.

642

01:41:13.440 --> 01:41:22.140

Cooper City Hall: To see if our hub would work meaning seamlessly it would get routed to the closest unit, and I think it's a great idea.

643

01:41:22.680 --> 01:41:40.800

Cooper City Hall: Of course, the county according to coral springs is saying no because we fear that in the trial period, you will put our 911 system down and out there Ross and I hear you and I think I think that's a conversation for another day I believe that will.

644

01:41:42.150 --> 01:41:47.820

Cooper City Hall: I believe what we are talking about tonight is this I II I la agreement.

645

01:41:48.390 --> 01:41:53.550

Cooper City Hall: That I that I believe and i'm going to be supporting it, I believe that it's in the best interest of our Community.

646

01:41:53.940 --> 01:42:03.690

Cooper City Hall: Because it does allow for if something happens, God forbid, if something happens in this city in both of our rescue vehicles or out our fire trucks are out and about.

647

01:42:04.050 --> 01:42:11.520

Cooper City Hall: The closest vehicle that can respond here to address that immediate need within those that five criteria.

648

01:42:12.120 --> 01:42:20.040

Cooper City Hall: We know that they're going there's going to be somebody coming, and so I hear you to your point with regards to those other in other cities.

649

01:42:20.430 --> 01:42:27.180

Cooper City Hall: But that's you know that's another conference that's a conversation for another day and and I can appreciate it and don't get me wrong.

650

01:42:27.570 --> 01:42:35.370

Cooper City Hall: Initially, and and the chief was there I said no, this, this is, overall, is a benefit, it is a good idea, and then he turned around.

651

01:42:35.640 --> 01:42:42.030

Cooper City Hall: And he said, but don't forget if you don't sign it we're going to charge it i'd like to see how they're going to do that under what contract.

652

01:42:42.630 --> 01:42:48.330

Cooper City Hall: And under what theory they're not going to be so they're not gonna pay obviously because be so he's going to provide the equipment, of course.

653

01:42:49.260 --> 01:43:01.200

Cooper City Hall: You can't threaten him like that he gets upset over that but to be honest with you that you got in you guys you're going to take the fire is far behind this is good step it's a small step.

654

01:43:01.650 --> 01:43:12.300

Cooper City Hall: But it should be, this should have been years ago regional eyes fire if people knew that if they had a heart attack in a day, the fire truck was driving by and they and they weren't going to be dispatched because, as the wrong patch on their.

655

01:43:13.020 --> 01:43:23.010

Cooper City Hall: People in broward county don't realize that and that's why I don't understand like plantation in coral springs won't get their stuff together many years ago there was a woman who's being followed by a stranger.

656

01:43:23.400 --> 01:43:35.640

Cooper City Hall: boyfriend calls 911 and got sunrise she pulled into the parking lot of plantation you remember this and he murdered her in the parking lot of plantation please visit no shoes outside right because it patchwork 911 systems.

657

01:43:36.000 --> 01:43:45.390

Cooper City Hall: And how does plantation respond to that they stay on the patch works now one system, so if you call 911 in broward county centralized unless you're in cool springs or plantation.

658

01:43:45.840 --> 01:43:52.080

Cooper City Hall: And that's horrible and thank you guys for taking in 20 years I little little little babies when I married.

659

01:43:52.590 --> 01:44:01.320

Cooper City Hall: 19 years there were 11 dispatch centers now there's three right now there's plus two all right there's three regional.

660

01:44:02.160 --> 01:44:13.440

Cooper City Hall: premier partner pine sunrise COPA those regional ones i'll talk yes plantations in those roles they don't they got a patch you added the patching work for my stoma Douglas.

661

01:44:15.420 --> 01:44:22.140

Cooper City Hall: Not so well now there's, this is a great step forward, thank you, thank you for taking 19 years to do it.

662

01:44:23.850 --> 01:44:26.910

Cooper City Hall: All about Commissioner shutter Yes, Commissioner mauser.

663

01:44:28.860 --> 01:44:40.560

Cooper City Hall: Yes, mission porcine yes mission, a green yes may Ross yes, moving on to Item number 11 the budget transfer notification city managers report, yes, Mr Mayor and.

664

01:44:41.940 --> 01:44:46.050

Cooper City Hall: You know, every day, you learn something in this job and Mr knowles.

665

01:44:47.910 --> 01:44:55.710

Cooper City Hall: externalities comments about not having adequate backup on the budget transfer is well taken and I, and I take the responsibility for not putting.

666

01:44:56.250 --> 01:45:02.670

Cooper City Hall: More information their budget transfers, a relatively new we've been using this form, but I could understand from a resonance perspective.

667

01:45:03.060 --> 01:45:17.580

Cooper City Hall: That they saw that they wouldn't understand what it wasn't would want to know what it is, so I do apologize for that in the future we'll make sure to have more backup there's to budget transfers one is for the internal audit or they're doing there they they started.

668

01:45:19.080 --> 01:45:34.680

Cooper City Hall: They started their risk assessment if you recall, in the rfp with \$17,500 we wanted to pay that so we wouldn't use this year \$70,000 that we have budgeted so that's the first one, the second one is for going back a ways if you recall.

669

01:45:36.270 --> 01:45:42.180

Cooper City Hall: When we reorganize the Community development department, we moved the executive assistant.

670

01:45:43.260 --> 01:45:51.390

Cooper City Hall: To the Commission, this wasn't starting in October of last year on to the Community development department and we hadn't they can see.

671

01:45:51.750 --> 01:46:01.080

Cooper City Hall: On for the executive assistant position in them when we agreed, when I presented that plan that we would bring on someone temporarily until we could fill it.

672

01:46:01.620 --> 01:46:12.750

Cooper City Hall: First, full time, so we went through a temp agency and that \$19,000 is for October November and December of last year to pay that temp agency.

673

01:46:13.440 --> 01:46:24.300

Cooper City Hall: For that position, mind you that that \$19,000 to the temp agency, not to the individual, but at the same time we weren't paying benefits.

674

01:46:25.020 --> 01:46:35.520

Cooper City Hall: For that position so it's about \$3.5 thousand for three months for the benefits that we would have paid, so you know, essentially, we saved \$3.5 thousand a night and paying benefits.

675

01:46:36.090 --> 01:46:53.820

Cooper City Hall: And then, of course, in January we hired the permanent position so that's what that's what that \$19,000, for I thank you, can you yeah Can I make a comment I understand what it is, and I saw the invoices and everything one thing that's missing is a purchase order.

676

01:46:55.020 --> 01:47:09.090

Cooper City Hall: In in August on August 31 received a list on the purchase orders that we rolled forward to the next fiscal year and there's nothing indicating that those.

677

01:47:10.230 --> 01:47:13.590

Cooper City Hall: Expenses were encumbered in the last fiscal year.

678

01:47:15.030 --> 01:47:33.150

Cooper City Hall: And that is why we required that report, so we know what expenses, we had in the previous fiscal year, so you encourage those expenses, but you did not encumbered the money in the previous fiscal year and I think anything over 2500 our Paul ordinance requires a purchase order to be issued.

679

01:47:34.800 --> 01:47:37.080

Cooper City Hall: I don't know if miss a horse can confirm that.

680

01:47:39.870 --> 01:47:42.090

Cooper City Hall: pointing to procurement code, I believe that is correct.

681

01:47:43.560 --> 01:47:45.390

Cooper City Hall: And all because we passed that ordinance.

682

01:47:46.530 --> 01:48:03.390

Cooper City Hall: of purchasing order ordinance so anything over 20 \$500 requires of purchase order so we can encumber the money so when we get this report, we know what will be rolled forward we don't have that, on the report.

683

01:48:05.100 --> 01:48:08.340

Cooper City Hall: So I know what we want to do about.

684

01:48:09.840 --> 01:48:11.250

Cooper City Hall: retroactively, you can.

685

01:48:12.420 --> 01:48:14.850

Cooper City Hall: Do, no, no, you can't do it with.

686

01:48:16.200 --> 01:48:21.930

Cooper City Hall: Dan and stamp, but for record keeping purposes, so that you have a time machine.

687

01:48:23.040 --> 01:48:26.730

Cooper City Hall: If we have a time machine, yes, we can do that will cover that.

688

01:48:32.400 --> 01:48:44.940

Cooper City Hall: Good try it's part of the budget, the reason why we want, we wanted this in August, because it was part of the budgeting process budgeting process is over right, so no we can't go back in time.

689

01:48:46.050 --> 01:48:50.130

Cooper City Hall: So that's it, thank you for advising us what wasn't there that we can't do anything about.

690

01:48:51.990 --> 01:48:52.050

Cooper City Hall: It.

691

01:48:55.560 --> 01:49:03.930

Cooper City Hall: i'm sorry, Mr may we have the presentation by waste management meeting gets Oh, you have i'm sorry good yeah sorry i'm sorry.

692

01:49:05.460 --> 01:49:12.390

Cooper City Hall: You know, and I spoke to I spoke to city manager before the earlier about the way this transpired.

693

01:49:13.680 --> 01:49:23.910

Cooper City Hall: You know, and there was a car, I guess, there was a conversation last year when we were contemplating making the change, you know, and this is before before the election and before the Charter amendment passed.

694

01:49:26.400 --> 01:49:30.780

Cooper City Hall: And I guess you know my memories little foggy but city manager said that we talked about.

695

01:49:31.200 --> 01:49:43.740

Cooper City Hall: doing a part time a temporary position until we found you know, to see if that person was right person, if not, we find the right person temporary I agree with, but I don't remember anything in the conversation about hiring a temp agency.

696

01:49:44.940 --> 01:49:46.230

Cooper City Hall: To you know just seems like.

697

01:49:47.400 --> 01:50:00.420

Cooper City Hall: wasted money, it seemed like it seemed like we spent we spend money where we really didn't need to, and I understand it's being offset by 30 \$500 so we're down, you know 15 five, but you know that's it.

698

01:50:01.530 --> 01:50:05.160

Cooper City Hall: To me it seems a little foolhardy that we went that route and.

699

01:50:06.780 --> 01:50:08.100

Cooper City Hall: You know, especially since.

700

01:50:09.330 --> 01:50:20.430

Cooper City Hall: Read I know Marcia we found or the sea manager founder right she was not found by the template exactly so I've just is the 19 five covering an invoice to them.

701

01:50:21.150 --> 01:50:25.560

Cooper City Hall: The invoice and actually pay me to her or that's an actual fee to them that's a feat of them, I have the end.

702

01:50:26.040 --> 01:50:29.760

Cooper City Hall: We were sent the invoices earlier, it comes out today it's actually about 18,600.

703

01:50:30.030 --> 01:50:39.840

Cooper City Hall: Today, today, yes yeah well, I asked for today I got a job, but again, and this is more and again Joe you said as part of the backup in the future with the transfers and you'll you'll make sure that happens.

704

01:50:40.380 --> 01:50:47.370

Cooper City Hall: And the meantime Joe sorry, can you also look for any other amount so that we're spending not encumbered.

705

01:50:48.480 --> 01:50:53.760

Cooper City Hall: Will just 615, just in case things yeah i'm in case something else comes up.

706

01:50:57.870 --> 01:51:07.230

Cooper City Hall: what's the what is this like a not as an HR hiring someone know, I have one of the invoices here and, basically, and I, and I also asked for a.

707

01:51:08.700 --> 01:51:19.530

Cooper City Hall: You know, for an agreement, you know some kind of an agreement if not an agreement that's some kind of a purchase order as commissionable cine intimated earlier just authorizing this whole thing.

708

01:51:20.070 --> 01:51:34.980

Cooper City Hall: You know, I just want to see you know you're you're bringing somebody into a temp agency what's the hourly rate as per either the contract, the agreement, I know we did this with this wasn't with with the Agency itself, we did it through the Co op which city of deerfield I believe.

709

01:51:36.780 --> 01:51:38.130

Cooper City Hall: yeah, we can see, we did, I think.

710

01:51:39.360 --> 01:51:49.110

Cooper City Hall: We did, and I just didn't see you know, I just want to see the proper paper trail what we do it through a Co op we piggyback what we we didn't sign that you got on their rate.

711

01:51:50.700 --> 01:52:05.670

Cooper City Hall: But I, but again I don't go out to a signed agreement between the cydia Cooper city, we, and then we can I ask for it earlier and I didn't receive what I can actually answer that was something you were told we piggyback on like a Co op Okay, so I can tell you that.

712

01:52:06.930 --> 01:52:19.440

Cooper City Hall: Last year I asked her all the information on this, I received all the emails on this and and there is nothing that was produced about a Co op What happened was We contacted the temp agency, we said we want to hire this person at this rate, they added on their fee on top of that.

713

01:52:20.940 --> 01:52:30.900

Cooper City Hall: And that's that's what happened, what I mean that the Athena is part of the co op they may be part of a Co op but we didn't go through a Co op we didn't sign an agreement.

714

01:52:31.200 --> 01:52:42.060

Cooper City Hall: We didn't know, I was told we don't have a signed agreement we haven't what just because someone has a Co op with you know kalamazoo Michigan Does that mean why, why do we went through them, why did we Why did we go.

715

01:52:43.470 --> 01:52:59.910

Cooper City Hall: Dana thing is, we are part of the color up since I think it was since 2020 it's on our contract matrix expires in 2022 and Athena is one of the temp agencies and the co op and they had the lowest rate.

716

01:53:00.960 --> 01:53:09.390

Cooper City Hall: But do we have a contract that hold on job everybody that we hire has to go through them, what does everybody we hire have to go through them.

717

01:53:10.080 --> 01:53:27.900

Cooper City Hall: No, no, I don't understand you mean it doesn't everybody we hire have to go through them do we have to pay them a fee for everyone, we hire if we if we use a temp agency Okay, but not everybody else, what can you define us temp agency.

718

01:53:30.360 --> 01:53:38.370

Cooper City Hall: If we hire someone temporarily and we hired through the temp agency, yes, but we didn't use a temp agency to find the employee that we.

719

01:53:40.080 --> 01:53:45.600

Cooper City Hall: know we want to use that the temp agency to bring on that employee temporarily.

720

01:53:47.280 --> 01:53:49.170

Cooper City Hall: This is something.

721

01:53:50.190 --> 01:53:54.900

Cooper City Hall: This is, I if I if i'd received we'd receive that in that like.

722

01:53:56.130 --> 01:53:59.550

Cooper City Hall: The explanation you just you just gave us.

723

01:54:00.720 --> 01:54:10.860

Cooper City Hall: That at least make sense that that's one thing makes sense, but what I received when I asked for, when asked for backup on this, I received a bunch of I guess time sheets.

724

01:54:12.000 --> 01:54:19.590

Cooper City Hall: That, I was told were approved by by the city clerk and that's how and that's the agreement that's basically the agreement we have that we have.

725

01:54:20.700 --> 01:54:25.590

Cooper City Hall: No, that was just that was just the support for the invoice right and I understand that, but that but I wasn't you know.

726

01:54:26.220 --> 01:54:31.920

Cooper City Hall: Well, if it was explained to me the way you just explained it then it makes some sense now the other question is why.

727

01:54:32.730 --> 01:54:46.350

Cooper City Hall: And that's what i'm trying to i'm trying to wrap my arms around here, let me, let me a brain or ask the question the 19,000 what is that amount for that thing you're showing me shows like ours is well this it to be, I mean, is it wait well with the city manager, but.

728

01:54:48.150 --> 01:54:56.670

Cooper City Hall: They know they pay the employee, they have a contract with the employee, so they paid the employee out of that \$19,000 \$10,000 has a certain overhead I don't know.

729

01:54:57.630 --> 01:55:04.170

Cooper City Hall: they're not saying oh you end up hiring employees so we're going to charge you an additional 19 oh no no point was that was wages that was her way to.

730

01:55:04.500 --> 01:55:11.160

Cooper City Hall: Go that three months that's it was 19,000 well portion of that was wages unfortunate as you with the temp agency there's some overhead.

731

01:55:11.400 --> 01:55:21.390

Cooper City Hall: or so it's just a small overhead bolting right exactly but it doesn't say that you know it doesn't say that anywhere I didn't know if they charged a fee for you know you hire someone from a temp agency, sometimes they charge you a premium.

732

01:55:21.660 --> 01:55:28.380

Cooper City Hall: For that, and actually you know what I did take the time to read what I was sent and buried in there and it does say it, but these are the things.

733

01:55:28.920 --> 01:55:39.570

Cooper City Hall: Man, it would make it a lot easier if the back of the bag, I understand that easy for us to digest and nagging hold on to her paycheck came from Athena enough capacity right.

734

01:55:40.620 --> 01:55:49.740

Cooper City Hall: Okay, yes, I remember this, because remember she couldn't have an employee ID because she wasn't an option employee to give her a purchasing card.

735

01:55:50.580 --> 01:55:54.780

Cooper City Hall: yeah but what does that yeah paychecks income from city.

736

01:55:55.530 --> 01:56:05.730

Cooper City Hall: that's why she didn't have the employee yeah remember this was the whole conversation wait a second so now now maybe I didn't understand it, the way it was the reality prior so you're saying that.

737

01:56:06.450 --> 01:56:13.290

Cooper City Hall: These invoices for paid directly, these are being paid now directly to Athena or to deerfield beach.

738

01:56:14.310 --> 01:56:21.210

Cooper City Hall: They paid her salary marsha salary, the first three months yeah so it's not costing us an additional 19 less 3500.

739

01:56:22.650 --> 01:56:31.470

Cooper City Hall: Perfect no it's not a small percentage or whatever, whatever the markup is being offset by the benefits that we would have had to pay no we wouldn't have to pay benefits let's.

740

01:56:32.430 --> 01:56:38.970

Cooper City Hall: Note is mark know if marcia was if we hire somebody by Cooper said, you know we hire someone as a temporary employee we don't have to pay benefits.

741

01:56:39.750 --> 01:56:46.500

Cooper City Hall: And so it probably needed to be explained a little bit better in the in this i'm not gonna i'm.

742

01:56:47.070 --> 01:56:59.310

Cooper City Hall: Not gonna fix it so i'm not gonna blame the manager, because I don't think he knew the operations of the city at that point, because you were still fairly new to it, but if we want to hire if you want to hire someone as a temporary employee you don't have to offer them.

743

01:57:00.930 --> 01:57:03.300

Cooper City Hall: Health Insurance and all that that doesn't have to be offered to them.

744

01:57:05.010 --> 01:57:15.930

Cooper City Hall: And, and I want to make sure it's clear, so if you want to hire the next Secretary as a temporary employee, you can do that, we don't have to go through one of these agencies and and Jacob, is that accurate come.

745

01:57:17.370 --> 01:57:24.840

Cooper City Hall: So far as i'm aware yeah so and that could be different from other places you've gone where they have you know collective bargaining agreements and things like that so.

746

01:57:26.520 --> 01:57:34.770

Cooper City Hall: Certain cities, you had to have to probably bring them understand I got it you didn't have to do we don't let me, let me just be let me make sure i'm crystal clear before we had this discussion tonight.

747

01:57:35.640 --> 01:57:42.690

Cooper City Hall: So marcia was here let's call it from October 1 to the to the to the first of the year, the end of the end of December for three months.

748

01:57:43.590 --> 01:57:58.560

Cooper City Hall: Those three months, we did not cut her paycheck her to pay out of from Athena so Athena basically they're out whatever whatever 25% of your salary is for the year they've been waiting for us to do they I mean look.

749

01:57:59.730 --> 01:58:08.340

Cooper City Hall: i'm of the opinion, if somebody doesn't send me an invoice not going to pay I do it in my business all the time, I have to chase people don't pay them believe that it was a part of the contract that they were going to wait until the end of our.

750

01:58:09.540 --> 01:58:09.900

Cooper City Hall: voices.

751

01:58:10.920 --> 01:58:19.530

Cooper City Hall: yeah they got lost okay that's fine, but thank you for clarifying everything, and I hope in the future, everything is as crystal clear, as it was tonight, thank you.

752

01:58:20.190 --> 01:58:31.470

Cooper City Hall: Well, thank you very much, moving right on to the next item re cycling issue we have Henry story and dawn McCormick from waste management.

753

01:58:32.520 --> 01:58:41.580

Cooper City Hall: Good evening, Mr Mayor, Commissioners, Mr manager city attorney and city clerk my name is Henry Saudi government affairs with waste management.

754

01:58:42.030 --> 01:58:50.850

Cooper City Hall: I was recently assigned to work with a great city with a great city of Cooper city to work with a city and assist with issues relating to our solid waste contract.

755

01:58:51.480 --> 01:58:59.880

Cooper City Hall: i'm still getting acclimated, but I do have vowed that I will work with every one of you, and making sure that everything runs smoothly through the remainder of our contract.

756

01:59:00.750 --> 01:59:11.970

Cooper City Hall: few weeks ago, we met with with staff on various issues and one of the items that came up was a request to provide a status of recycling in Cooper city and that's why we're here tonight.

757

01:59:12.420 --> 01:59:22.020

Cooper City Hall: With me is don McCormick area Director of Public Affairs will walk through a PowerPoint presentation and then obviously open it up for any questions that you may have, thank you very much.

758

01:59:30.090 --> 01:59:36.240

Cooper City Hall: hi good evening mayor Commissioners and all at the dyess again i'm dawn McCormick.

759

01:59:36.690 --> 01:59:46.980

Cooper City Hall: And while i'm based in our area office of boca raton I really work statewide on recycling issues i'm also chair of Florida recycling partnership and.

760

01:59:47.580 --> 01:59:57.030

Cooper City Hall: The legislative chair of recycle Florida today, so I spend about 20 or 30% of my time on recycling issues statewide i'm also on the Florida working group.

761

01:59:57.270 --> 02:00:05.910

Cooper City Hall: that's working with ftp on the 75% recycling goal, so I just share that so um you understand my background on the recycling issues that we're going to talk about today.

762

02:00:07.140 --> 02:00:15.090

Cooper City Hall: So I just wanted to start with a highlight of you know why we recycle and we obviously do that for the environmental benefits.

763

02:00:15.420 --> 02:00:28.080

Cooper City Hall: And this slide talks about the significant environmental benefits of recycling and largely with the reduction in greenhouse gas emissions that we are all striving to do when you recycle.

764

02:00:28.980 --> 02:00:40.200

Cooper City Hall: metal paper and plastic you're actually avoiding the most greenhouse gas emissions of any materials, because you're replacing less virgin material to make new products.

765

02:00:40.590 --> 02:00:49.560

Cooper City Hall: And the other point I want to make is an item's not recycled if it doesn't have an end market and we're going to talk a little bit about end markets tonight to.

766

02:00:49.890 --> 02:01:01.950

Cooper City Hall: There has to be a demand for a finished product, you have to be able to sell that bale of recyclables in order to truly recycle on the right, it shows you the different greenhouse gas emissions for the different materials.

767

02:01:02.400 --> 02:01:15.150

Cooper City Hall: and waste to energy technically is not recycling because you're not saving the Virgin material in the in the manufacturing process Florida, is the only state in the country that does count.

768

02:01:15.840 --> 02:01:24.420

Cooper City Hall: waste to energy for recycling credits up in tallahassee but it doesn't meet the typical definition of recycling because you're not saving that virgin material.

769

02:01:24.990 --> 02:01:32.730

Cooper City Hall: So this slide is really important to understand what has happened in the recycling markets over the last three or four years.

770

02:01:33.120 --> 02:01:47.910

Cooper City Hall: And we all know that recycling hit a challenging period starting in 2017 that's when China which, if you look at the graph in 2017 China was taking 27% of all of the global recycling.

771

02:01:48.510 --> 02:02:04.590

Cooper City Hall: into that country through a series of measures, the first was green fence the national sword, the Chinese Government really shut their door to global recycling and you saw it dropped 25% for so through those years.

772

02:02:08.070 --> 02:02:12.780

Cooper City Hall: It was a huge glut of recyclable bails on the global market, with no home.

773

02:02:13.050 --> 02:02:21.900

Cooper City Hall: And that's why you're going to see in the next chart price drop, but what I wanted to show you on this is the good news over the last three years, as we got through a really tough time.

774

02:02:22.170 --> 02:02:28.680

Cooper City Hall: Is the majority of that market now stays in the United States, we went from 62% to 81%.

775

02:02:29.010 --> 02:02:36.750

Cooper City Hall: So really pleased, a lot of paper mills expanded capacity we had new investment and paper mills to recycle paper.

776

02:02:37.020 --> 02:02:46.860

Cooper City Hall: Including ironically, the Chinese have come over here and built paper markets in our backyard, but also the plastics market and waste management, where the nation's largest.

777

02:02:47.340 --> 02:02:55.050

Cooper City Hall: recycler we're really pleased that hundred percent of the plastic material we recycle in our plans stays domestically.

778

02:02:55.350 --> 02:03:05.040

Cooper City Hall: So when you think of the ocean plastics issue and things you can rest assured that none of that is getting shipped overseas we do 100% of recycling in in the United States.

779

02:03:05.580 --> 02:03:16.380

Cooper City Hall: This charts really important from an economic standpoint, it shows you again why the last three years were very challenging when China closed its doors we had.

780

02:03:16.710 --> 02:03:30.450

Cooper City Hall: An average ton of recyclable material, and that would include the average of paper aluminum plastic and glass was averaging about \$110 a ton down at the lowest periods, a.

781

02:03:31.200 --> 02:03:44.670

Cooper City Hall: Q4 of 19 it dropped down to under \$40 a ton so that's why recycling got very, very expensive here for a while the great news is I showed you is we've been able to rebound the markets of rebound.

782

02:03:45.030 --> 02:04:00.240

Cooper City Hall: We are now up to over 20 \$96 a ton of the last couple months it's even been higher, we do expect those prices to continue to stay high we think we we rode through the real tough period and we're back up in an upswing.

783

02:04:00.660 --> 02:04:09.090

Cooper City Hall: and also one of the things we've learned through the pandemic was how important recycled material was to the manufacturing supply chain.

784

02:04:09.840 --> 02:04:15.120

Cooper City Hall: Amazon walmart needed the cardboard to make more and more E commerce boxes.

785

02:04:15.540 --> 02:04:23.370

Cooper City Hall: Our plastics industry really requires recycled content your Procter and gamble's and Johnson and Johnson.

786

02:04:23.700 --> 02:04:33.420

Cooper City Hall: All have sustainability goals, where they want more and more of their containers to have recycled content, so the market for recycling right now is booming and.

787

02:04:34.200 --> 02:04:39.300

Cooper City Hall: it's it's good news for all of us, including those of you who are worried about your local programs.

788

02:04:39.690 --> 02:04:46.680

Cooper City Hall: So coming now closer to home we're going to talk a little bit about waste management management's router recycling in pembroke pines.

789

02:04:46.950 --> 02:04:56.670

Cooper City Hall: That is where your material goes, it is the largest recycling facility in the southeastern United States we have tremendous capacity and technology there.

790

02:04:57.030 --> 02:05:04.980

Cooper City Hall: So your program you have a processing contract with waste management, you have a little more than 11,000 homes participating.

791

02:05:05.340 --> 02:05:22.230

Cooper City Hall: And in that last year period from June 2022 may 2021 we processed about 2100 tons of recyclables so the way the economics work are your residents are billed monthly for sanitation and recycling services through their utility bill.

792

02:05:22.860 --> 02:05:34.410

Cooper City Hall: They pay \$4 and 87 cents, a month for recycling \$3 and 29 cents, is for the collection, at their homes and then \$1 58 is for the processing and router.

793

02:05:36.180 --> 02:05:41.970

Cooper City Hall: In terms of the cost and the actual rebates that you're now getting from recycling.

794

02:05:42.450 --> 02:05:52.230

Cooper City Hall: Your monthly processing fee that you pay to waste management is \$16,669 that's up a little bit from the year prior because of the CPI.

795

02:05:52.920 --> 02:06:06.480

Cooper City Hall: Waste Management actually sends a check back to Cooper city each month, based on the average market value of a ton of material and that's about approximately 200 tons of month that we're processing for you.

796

02:06:07.740 --> 02:06:24.990

Cooper City Hall: So, if you look at the net payment that Cooper city received we go from November 2020 to July 2021 i'm going to also give you some the last two months, but the net cost for you to recycle \$9,000 down to five four or 5000.

797

02:06:26.310 --> 02:06:33.000

Cooper City Hall: The positive rebate you actually got a positive rebate in July of \$4,946.

798

02:06:33.420 --> 02:06:44.640

Cooper City Hall: The important thing to note there is, if you had taken that 200 tons to we'll have greater and paid a disposal fee at we'll have greater of \$46 and 57 cents a ton.

799

02:06:44.970 --> 02:06:58.770

Cooper City Hall: You would be paying \$9,314 to dispose of that in a waste to energy facility and incinerating so starting in November of 20 or December of 2020 it's been more.

800

02:06:59.280 --> 02:07:08.280

Cooper City Hall: cost effective for you to be recycling than if you had taken it to waste to energy and now it's even more positive so in August.

801

02:07:09.150 --> 02:07:26.190

Cooper City Hall: Waste management have made a payment to Cooper city of \$27,524 so again, you got a positive rebate of \$10,000 and 858 \$10,855 but you avoided that disposal cost so again.

802

02:07:27.360 --> 02:07:39.810

Cooper City Hall: Much more cost effective for for Cooper city and the right thing to do for the environment in September waste management's payment to Cooper city was \$29,000 plus so again \$13,000.

803

02:07:40.320 --> 02:07:49.020

Cooper City Hall: rebate, to you, positive and you avoided the \$9,000 you would have had to pay to dispose of it at waste to energy.

804

02:07:50.790 --> 02:07:59.490

Cooper City Hall: And I just want to talk real briefly about another way that you can continue to improve the economics of recycling here, for your residence.

805

02:07:59.910 --> 02:08:08.910

Cooper City Hall: contamination which is putting non recyclable material in your bins in your cards really drives up the cost.

806

02:08:09.210 --> 02:08:18.150

Cooper City Hall: The cities in broward county are charged \$55 a ton when they are over 10% contamination or garbage in the recycling.

807

02:08:18.480 --> 02:08:29.070

Cooper City Hall: And the reason that happens is we take that material at router, we have to run it through all the machines all the electricity and energy to do so, we have to bail it at the end of the line.

808

02:08:29.400 --> 02:08:37.680

Cooper City Hall: put it on a truck and transport it for disposal so that contamination when your residents don't recycle right it gets expensive for you.

809

02:08:37.920 --> 02:08:48.360

Cooper City Hall: So your contamination rate is 27% so that's what your residents are putting in their carts that they should not be it's a it's non recyclable material it's garbage.

810

02:08:48.600 --> 02:08:54.090

Cooper City Hall: But that's actually a little bit better than most of broward county cities so your residents do a pretty good job.

811

02:08:54.360 --> 02:09:02.400

Cooper City Hall: But if you wanted to continue to improve the economics, we can continue to work with you on the education of your residents to recycle right.

812

02:09:02.880 --> 02:09:09.180

Cooper City Hall: So we have tremendous educational resources at wm COM backslash recycle right.

813

02:09:09.630 --> 02:09:20.340

Cooper City Hall: We have education for your single family homes any multi family homes your businesses and a lot of curriculum for your school children and that's continually updated it's a great resource.

814

02:09:20.640 --> 02:09:24.870

Cooper City Hall: you're all welcome to use that in your communications team to use that.

815

02:09:25.230 --> 02:09:36.390

Cooper City Hall: Also additionally in in broward county we have social media channels, we call it green broward Facebook and Twitter, we are putting on new material up there every couple of days.

816

02:09:36.690 --> 02:09:42.540

Cooper City Hall: Getting your city stamp it's more than willing to tweet that out use that material to educate your residents.

817

02:09:42.840 --> 02:09:50.790

Cooper City Hall: And we really stand stand here ready to assist you in any way we can, I have a team of education folks who are are available to you.

818

02:09:51.210 --> 02:09:58.200

Cooper City Hall: And, as you know, in the last couple years we did have a few cities in broward county that temporarily suspended recycling.

819

02:09:58.470 --> 02:10:06.870

Cooper City Hall: When it got a little costly for them, or the economics were upside down I pleased to report that tomorrow night coral springs is voting on.

820

02:10:07.290 --> 02:10:15.420

Cooper City Hall: Bringing recycling back to its residents, because they realize, now that the economics are really favorable over a waste to energy.

821

02:10:15.720 --> 02:10:32.010

Cooper City Hall: And we are also entering into early discussions with several other cities that left to come back so great news it's always good to share good news, but the economics of recycling are very, very positive, not only in Florida, but across the country, and we see that trend continuing.

822

02:10:33.090 --> 02:10:40.740

Cooper City Hall: So i'm here to answer any questions you might get a general yes, good evening, thank you very much for the presentation, Mr sorry, are you this evening I just see both.

823

02:10:41.820 --> 02:10:57.270

Cooper City Hall: I do have a question regarding our monthly processing the payment to waste management, I see it went up from about \$15,000 is 16 669 on June 1 you mentioned, I was because of the CPI the rising the CPI.

824

02:10:58.830 --> 02:11:05.520

Cooper City Hall: CPI rose 5.3% for 12 months ending August 31 but yet we're paying 11.2% more.

825

02:11:07.620 --> 02:11:16.740

Cooper City Hall: yeah you can talk about the contract terms of yeah for if that's just want clarification if it's actually the CPI that's that's that's driving this you know or what's the.

826

02:11:17.550 --> 02:11:31.680

Cooper City Hall: Good evening variable here um it went up in June for the true, so we do a trip in May upset for the what the true up so every month we pay based off, on average, and then in May we true it up, based on whether it was no higher or lower to the actual.

827

02:11:32.190 --> 02:11:39.630

Cooper City Hall: So then that's why I went up in June, because we had seen right, I know, went up in June, but it didn't go up the correct amount, because that was based off of the average so.

828

02:11:40.710 --> 02:11:45.330

Cooper City Hall: I just heard that it was due to the CPI CPI happens in November, so that.

829

02:11:46.140 --> 02:11:58.830

Cooper City Hall: it's okay to CPI only went up 5.3% or 5.4% last year we just had gotten into this agreement so, then the rate that we had gone into, for this is for the recycles processing agreement that has nothing to do with the holiday agreement.

830

02:11:59.850 --> 02:12:04.020

Cooper City Hall: So last year when we got we got into this agreement, starting in November of 2020.

831

02:12:04.470 --> 02:12:11.430

Cooper City Hall: For the processing of recyclables right and then in May we chewed it up, based off of the average that we've been processing per month.

832

02:12:11.880 --> 02:12:26.190

Cooper City Hall: So, then, that average went up because we started that 160 tons per month that's how much we were paying them on a monthly basis, consistently and then we seen that the recyclables have been rising so, then they goes up to 178 but it look yeah 177 91 right.

833

02:12:28.920 --> 02:12:38.880

Cooper City Hall: All right, are you you look you're the numbers guy you're the one that is helping put this thing together, you have to go with the fact that we were paying 11.2% more than we were the previous year.

834

02:12:39.990 --> 02:12:42.210

Cooper City Hall: Well you're also bringing back in for the processing faith.

835

02:12:43.320 --> 02:12:52.140

Cooper City Hall: Right it's not just based on CPI the CPI is yeah that CP hasn't happened in November Okay, but but but it happens in November, but it had to happen.

836

02:12:52.740 --> 02:13:03.630

Cooper City Hall: Last November i'm sure you took last November CPI raise increase in effect when you came up with the new rates on June 1 well we went into the agreement it last November, so the rates that we went into where the.

837

02:13:04.230 --> 02:13:16.080

Cooper City Hall: rates from the start, this will be the first CPI this November that this we're gonna we're gonna work, we should expect about a 5% increase coming November 1 I haven't got the number yet, but I guess up to a 5% of the right okay.

838

02:13:16.770 --> 02:13:27.090

Cooper City Hall: Right, yes, yes we're making up their increasing and we aim for, because the amount we home even more right.

839

02:13:27.690 --> 02:13:42.030

Cooper City Hall: So, not just the cost per item goes up, but the math they were while they were hauling if it's more than we're also then we're also selling it for more money, because the market prevailing you know I guess the prevailing market for this kind of stuff is higher than it was last time.

840

02:13:43.200 --> 02:13:49.110

Cooper City Hall: You speak on the Holocaust how that's affected if there's an increase in volume I don't think that's affected yeah.

841

02:13:50.370 --> 02:13:59.760

Cooper City Hall: And the other piece of the Holocaust, I guess My other question contract work right now for collect for our residents are paying for 87 a month 329 for recycling collection.

842

02:14:00.210 --> 02:14:12.060

Cooper City Hall: And buck 58 for processing, because every residents paying that amount, regardless of whether they recycle or not, in other words, this isn't an optional program this is yeah that's actually.

843

02:14:12.630 --> 02:14:19.680

Cooper City Hall: Part of our ordinance right so they're paying, regardless of whether they're recycling or not when's the last time those fingers went up.

844

02:14:21.300 --> 02:14:32.910

Cooper City Hall: There was a was an increase, as per the contract, I guess, for the recycling processing or the elect for collection and processing, so the collection goes up as of October 1 there was an increase and that's based off the CPI but this for the hauling.

845

02:14:33.600 --> 02:14:37.500

Cooper City Hall: And then the last increase for the third cycle processing your email was in June.

846

02:14:37.980 --> 02:14:46.290

Cooper City Hall: And that was the true up that we did in May, so that was the true up and then, then the three \$3 and 29 cents for collection that I can assume that was 5% or so increase.

847

02:14:46.500 --> 02:14:58.920

Cooper City Hall: I can give you this, I can I can send you that number of the we just we just put those rates and recently yeah and, again, I just want to be educated on this because it's our residents money you know it's it's that important right.

848

02:15:00.930 --> 02:15:06.150

Cooper City Hall: We so anyway, I go down to do you, in addition to that what's the charge for trash.

849

02:15:10.320 --> 02:15:24.960

Cooper City Hall: The shipping fee oh there's a blue trash can we put the recycling in what do we charge per month for solid waste that's the green one like the hauling of it or the disposal of it all of them how much total repaying for.

850

02:15:25.440 --> 02:15:35.730

Cooper City Hall: garbage and recycling for residential household a month took about like a 3030 some odd dollars 30 I would say, less than \$31 one of my questions is.

851

02:15:36.840 --> 02:15:45.030

Cooper City Hall: Davey I saw they had a proposal on there, it looks like this updated one, it says single family residential solid waste five point 75.

852

02:15:45.540 --> 02:15:55.650

Cooper City Hall: So \$5 and 75 cents per household per month for what was that for navy for recycling, well, it says single family residence residential solid waste TV.

853

02:15:55.890 --> 02:16:04.440

Cooper City Hall: Is not recycling at all, they did nothing it now they bring a bag and therefore dollars or \$4 for recycling residents, they have not started recycling right.

854

02:16:05.010 --> 02:16:14.970

Cooper City Hall: Oh, they haven't no they haven't they still collect I mean there's residents can separate it if they want, but it all goes in the same truck they take it away celebrated there and they're looking into.

855

02:16:17.040 --> 02:16:22.050

Cooper City Hall: into recycling again, but they have not started oh I gotta call the sunset and and what i'm know yeah.

856

02:16:22.980 --> 02:16:37.050

Cooper City Hall: We talked to the last meeting we're talking about, I think it was plastic bags that can be taking the public's so it's not mistake is wrong, this end was that we didn't we talked about plant, they were plastic bags at publix takes and recycles.

857

02:16:38.640 --> 02:16:47.250

Cooper City Hall: That we spoke about last meeting of the meeting before if you're talking about plastic bags we don't want plastic bags or recyclables bag.

858

02:16:47.670 --> 02:17:01.950

Cooper City Hall: It curbside but if you'd like to take those back to publix or walmart they do collect them source separated, but they do, and they do, and I know we're talking about lows I believe there's some product that they take back, and if you get to bring it to them, of course.

859

02:17:03.870 --> 02:17:12.720

Cooper City Hall: i'm just curious to see for the different I know that I think they said they were 37 grades of recyclables mistaken what options what other options, there are.

860

02:17:13.740 --> 02:17:14.520

Cooper City Hall: No just just.

861

02:17:16.170 --> 02:17:18.930

Cooper City Hall: You know I think I think it might not be a bad exercise.

862

02:17:20.880 --> 02:17:32.160

Cooper City Hall: that's all I have to look into Thank you anyone else yeah yeah, and so my one question is, I think, well, you guys are experts is Davey start the recycling back in.

863

02:17:33.510 --> 02:17:45.510

Cooper City Hall: We don't service, the city of davy davy so I don't I don't know what is no I know coral springs voting tomorrow night I know to other cities that suspended our sessions.

864

02:17:46.470 --> 02:18:05.190

Cooper City Hall: This morning, so this rfp that he got recently says single family residential solid waste 575 per household and recycling \$4 per household so we're at 47 per household and what did you say our household.

865

02:18:06.240 --> 02:18:08.250

Cooper City Hall: game was on fella waste.

866

02:18:09.840 --> 02:18:11.610

Cooper City Hall: guess like 2425 bucks.

867

02:18:12.750 --> 02:18:18.480

Cooper City Hall: It must be good looking at something different, because that would be huge or that also includes the bulk.

868

02:18:19.590 --> 02:18:29.490

Cooper City Hall: So I don't know if they have it broken out by solid way to recycle and bulk and is our recycling part of our waste management contract or is it separate contract.

869

02:18:31.110 --> 02:18:33.120

Cooper City Hall: The Hollings part of the waste management contract.

870

02:18:34.560 --> 02:18:35.550

Cooper City Hall: hauling is.

871

02:18:36.810 --> 02:18:48.600

Cooper City Hall: In hauling means what picking it up pick it up and we tell them where to take it Okay, and then there's a separate contract on actually disposing of the processing of them Okay, and so the hauling one when is that contract of.

872

02:18:50.790 --> 02:18:55.680

Cooper City Hall: 2223 23 September December September of 23 That was the one that we did.

873

02:18:56.940 --> 02:19:01.290

Cooper City Hall: But no one did any bitch know that that's the the recycle processing agreement.

874

02:19:03.240 --> 02:19:15.720

Cooper City Hall: That that one that's a five year term, but that has like a 90 day out, we can get out at any point in time there's no What about on our hauling hauling agreement we're set through September of 2013 they were they won't let you guys won't, let us out.

875

02:19:16.950 --> 02:19:26.160

Cooper City Hall: i'm just teasing I knew the answer to that all right, but I, it does appear like there might be some more competitive rates yeah I don't think you got you guys weren't here, the last time.

876

02:19:26.520 --> 02:19:42.450

Cooper City Hall: But the last time our Commission agreed to not send out our waste management contract bid, because one of the Commissioner said that you guys have nice trucks and they're always clean and then I think you guys give us an extra 20 \$500 for a scholarship so.

877

02:19:43.890 --> 02:19:50.910

Cooper City Hall: I hope, waste management will work with us next time, and you know we'll come up with something more realistic than clean trucks and.

878

02:19:52.020 --> 02:19:55.530

Cooper City Hall: 2500 bucks because it is a significant amount of money that's charged.

879

02:19:56.760 --> 02:19:57.330

Cooper City Hall: So I.

880

02:19:59.100 --> 02:20:13.020

Cooper City Hall: And then I would like an alert if the if the market changes and it's costing us money from the city not you guys, but that I really one of my questions is you're telling me that the recycling is booming now Am I correct on.

881

02:20:14.940 --> 02:20:25.200

Cooper City Hall: we're back up to about 120 to \$130 a ton of average market value nationwide and the historic high was about \$150 a ton.

882

02:20:25.410 --> 02:20:32.880

Cooper City Hall: So when I showed you that chart and it dropped down to \$40 the fact that we're back up to 120 hundred and \$30 a ton This is very significant.

883

02:20:33.180 --> 02:20:42.360

Cooper City Hall: And, and most importantly it's you're not you're getting a rebate now plus you're avoiding the cost of disposing at we elaborate or of those 200 tons.

884

02:20:42.480 --> 02:20:49.410

Cooper City Hall: But then we don't get the credit for the waste to energy well you're getting the recycling credits because you're actually recycling and what's the recycle rate and Cooper city.

885

02:20:51.060 --> 02:21:08.610

Cooper City Hall: Well you're recycling 200 tons a month and the contamination rates 27% and I think your your city is doing very well in terms of recycling, we can continue to harden and from a question what's your recycle rate I don't I don't know what your city recycling rate is.

886

02:21:09.990 --> 02:21:10.230

Cooper City Hall: Okay.

887

02:21:12.840 --> 02:21:13.080

yeah.

888

02:21:16.140 --> 02:21:24.180

Cooper City Hall: Because yeah yeah I don't know I don't know what that is it something we look into but um let me ask you this i'll ask it a different way is it 75%.

889

02:21:27.480 --> 02:21:39.570

Cooper City Hall: If you want to talk about the 75% recycling goal state statewide i'll tell you that the ftp statistics are that we're recycling about 48% traditionally.

890

02:21:40.170 --> 02:21:54.330

Cooper City Hall: of recyclable statewide and the if you add in the waste to energy credits it's about 56% so the state FDP has acknowledged in the last two yearly reports that.

891

02:21:54.960 --> 02:22:02.010

Cooper City Hall: The state will not make 75% recycling, it was always a goal, and if you know how that was originally come.

892

02:22:02.370 --> 02:22:09.450

Cooper City Hall: came together 10 years ago there was no scientific base to that there's no state in the country unless you have mandatory.

893

02:22:09.690 --> 02:22:21.090

Cooper City Hall: residential and commercial recycling in organics recycling that's making a 75% goal, the working group that i'm on with ftp and Dr TIM Townsend out of the University of Florida.

894

02:22:21.660 --> 02:22:31.890

Cooper City Hall: is coming up and working with the legislature now on a potential new goal, but one that's based more on true sign in science and sustainable materials management.

895

02:22:32.220 --> 02:22:42.090

Cooper City Hall: And they're looking at what the next goal should be for Florida, but they understand that 75% was was not achievable and was never very realistic so.

896

02:22:42.780 --> 02:22:51.450

Cooper City Hall: One of the things we're trying to do is do a goal that makes sense it doesn't make sense to have a weight based goal when recycling.

897

02:22:51.690 --> 02:22:57.510

Cooper City Hall: a ton of glass has far less environmental impact than recycling a ton of aluminum so.

898

02:22:57.810 --> 02:23:06.180

Cooper City Hall: that's what the scientists out of the University of Florida, and the Hinckley Center are telling ftp and that's the direction you're going, if you want to read their white paper.

899

02:23:06.420 --> 02:23:12.510

Cooper City Hall: They talked very much on sustainable materials management, which is what the EPA is recommending states look to.

900

02:23:12.810 --> 02:23:23.070

Cooper City Hall: on their future recycling goals, we are waiting for on the bite administration to come up with a new EPA recycling goal and Florida is going to look at that closely to see if that might.

901

02:23:23.790 --> 02:23:34.410

Cooper City Hall: influence the state's next goal, so you you service us here in Cooper city, but you don't know the recycle rate, do you know the recycle rate for all of our county.

902

02:23:35.310 --> 02:23:43.020

Cooper City Hall: broward county is about 35% I believe is Cooper city, more or less than the very canny seat so.

903

02:23:43.830 --> 02:23:55.170

Cooper City Hall: The tonnage that you produce of garbage it's hard for us to know, unless we did an audit of your garbage to understand how many of your your residents are putting good clean recyclables in your garbage.

904

02:23:55.440 --> 02:24:09.240

Cooper City Hall: So if you had waste management do an audit of that we could determine that that's not not something we determine on a on an ongoing basis, explain to me what was the \$96 versus the 4657.

905

02:24:17.040 --> 02:24:29.760

Cooper City Hall: yeah yeah okay so correct So if you take your tons to waste to energy and don't recycle them through router you pay \$46 4657 a ton to do that.

906

02:24:31.290 --> 02:24:53.640

Cooper City Hall: And that cost you \$9,314 a month to burn your good clean recyclables and you're not getting any the environmental benefit from that, but because the commodity value that we share with you now is increasing is dramatically, it is, it is you're actually getting a rebate.

907

02:24:54.690 --> 02:25:05.640

Cooper City Hall: For your recyclables plus you're avoiding the cost of disposal, but since December of 2020 you have actually been better off economically.

908

02:25:06.090 --> 02:25:10.680

Cooper City Hall: By recycling that material than if you had it taken it to we'll have writer.

909

02:25:11.070 --> 02:25:19.650

Cooper City Hall: And that's what many of the other cities, who suspended their program in broward county are coming to realize that they made a short term decision.

910

02:25:19.950 --> 02:25:29.550

Cooper City Hall: That for maybe a year or so made some sense, but now they're there they're underwater again so they're coming back to recycling and the residents were not happy that they.

911

02:25:29.910 --> 02:25:43.860

Cooper City Hall: suspended their program and from an environmental standpoint we're not reaping the benefits and the greenhouse gas emissions of actually recycling our our next door neighbor pines is doing everything waste energy to burning everything.

912

02:25:46.410 --> 02:25:57.660

Cooper City Hall: In some some cities are, but some, but many cities are coming back to recycling and I think 18 or 20 of the broward county cities never left recycling they've always recycled.

913

02:26:01.050 --> 02:26:06.090

Cooper City Hall: What does the commercial pay here in Cooper city, as opposed to residential.

914

02:26:09.330 --> 02:26:11.340

Cooper City Hall: yeah and commercial recycling.

915

02:26:12.660 --> 02:26:17.250

Cooper City Hall: yeah yeah and i'm not certainly I know that that's not under the.

916

02:26:18.030 --> 02:26:28.710

Cooper City Hall: Contract agreement like they're not any they can build out like a commercial account can vet it out to anybody, so it doesn't have to be disposed specifically waste management, the law prohibits I think franchise fee on recycling.

917

02:26:29.430 --> 02:26:32.400

Cooper City Hall: So you have the people who get recycling and throw the trash in any way.

918

02:26:33.900 --> 02:26:44.880

Cooper City Hall: To kind of you know well, every commercial kind of would have to like make their own recycling agreement with whoever they they choose, so they don't choose that any recycling they don't have to they could just throw it all in the trash.

919

02:26:46.890 --> 02:26:47.580

Cooper City Hall: Okay, thank you.

920

02:26:49.410 --> 02:26:59.580

Cooper City Hall: Any other questions of waste management, the last one was that chargeback fee for the contamination is that already netted out of that number of the rebate number, we got Okay, so that that's a net number a rebate we go.

921

02:27:00.390 --> 02:27:11.640

Cooper City Hall: Alright, so my point being you could do even better if we if we continue to work with you to get that contamination down but that's already in those numbers so even at 27% contamination.

922

02:27:12.030 --> 02:27:21.090

Cooper City Hall: you're still better off economically continuing your recycling program then taking it to waste, energy and it's you know arguably the right thing to do for the environment.

923

02:27:22.680 --> 02:27:30.960

Cooper City Hall: just said, one more objective something no Okay, so one more question slash comment on page one page number page six.

924

02:27:32.190 --> 02:27:33.210

Cooper City Hall: Where the numbers are.

925

02:27:35.160 --> 02:27:37.590

Cooper City Hall: It says your course to take recyclables to elaborate or.

926

02:27:38.940 --> 02:27:49.800

Cooper City Hall: 200 tons times 4657 per ton \$9,314 that number is really gave I think you attest to this earlier that number is really 178 tons not 200 right.

927

02:27:51.360 --> 02:27:57.750

Cooper City Hall: yeah so the 170 tons is based off of the the last I guess the right so it's actually 178 times oh so we're actually.

928

02:27:58.080 --> 02:28:07.200

Cooper City Hall: Actually, costing us about \$1,000 less a month to take if we were to take it to real operator yeah I think so right on that 200 days you just went off based off the last few months.

929

02:28:07.740 --> 02:28:12.300

Cooper City Hall: It was a it was an average number, it was an Okay, but the real numbers like 178 times.

930

02:28:13.260 --> 02:28:24.510

Cooper City Hall: I just want to be clear, well, based on the last you know six the last nine months, I guess, so the last trip was done from April of 2020 to May of 2021.

931

02:28:24.810 --> 02:28:36.030

Cooper City Hall: yeah I mean i'm from i'm looking at i'm looking at November of 20 through July of 21 or through may of 21 rather right Okay, I just want to be clear on that Thank you can ask a question to GABE.

932

02:28:37.320 --> 02:28:45.210

Cooper City Hall: And just a question i'm looking at the agents, you find on the gaffer and there's 330 and 20 to 30,000 and.

933

02:28:46.380 --> 02:28:46.740

Cooper City Hall: and

934

02:28:48.630 --> 02:28:58.230

Cooper City Hall: I guess and receivables not to 92 and receivables and 330 and short term investments which it should be a payable, who is a payable to.

935

02:28:59.970 --> 02:29:09.330

Cooper City Hall: i'd have to see, but you know that's going to 30,000 payable I don't know, I have to see the balance sheet and see what you're angry exactly what you're looking at him and I don't know okay.

936

02:29:10.530 --> 02:29:11.370

Cooper City Hall: Any other questions.

937

02:29:12.450 --> 02:29:14.430

Cooper City Hall: Thank you very much for your presentation, thank you.

938

02:29:16.440 --> 02:29:22.560

Cooper City Hall: This is a city manager anything else, no Mr Mayor, thank you, we have city attorney's report.

939

02:29:24.180 --> 02:29:32.910

Cooper City Hall: I don't have anything is using metrics want to thank you have the conditional again for your time during the shade session earlier this evening, but I don't have anything of substance tonight, thank you and a place to support.

940

02:29:39.960 --> 02:29:49.350

Cooper City Hall: me again mayor Commissioner city manager staff and residents, I just wanted to give the Convention a few updates regarding our our schools.

941

02:29:50.370 --> 02:29:58.770

Cooper City Hall: We are currently working with the city and regards to a park and walk option for Griffin elementary We do believe that's going to be a good solution for.

942

02:29:59.250 --> 02:30:08.670

Cooper City Hall: Getting some of that congestion out of the neighborhood by providing another option for parents, so that is in the works currently with the city and the school working through.

943

02:30:09.120 --> 02:30:21.990

Cooper City Hall: That agreement and that advertisement to the parents, but that's one short term solution that we had for that school that we believe will help impact the congestion and will continue to work on solutions for the other schools.

944

02:30:22.950 --> 02:30:32.730

Cooper City Hall: I want to kind of divert from talking about the normal school traffic and congestion issues and talk a little bit more about the schools as far as student safety.

945

02:30:33.240 --> 02:30:48.870

Cooper City Hall: we've had some concerning trends picking up on social media lately with the children, the youth, specifically the teens, where there are some concerning trends, where people are being challenged to do.

946

02:30:50.940 --> 02:31:01.860

Cooper City Hall: conduct that would be unbecoming at a school, such as hitting school officials or you know committing some type of act of vandalism.

947

02:31:02.340 --> 02:31:12.060

Cooper City Hall: And we unfortunately did have one such event in Cooper city high school last month that was created a significant disturbance and damage that.

948

02:31:12.570 --> 02:31:21.120

Cooper City Hall: High School so I want to just take a moment for the parents and just remind the parents, the importance of watching your.

949

02:31:21.630 --> 02:31:30.600

Cooper City Hall: children's Apps their phones the things that they're downloading their social media engagement it's all software out there, that will help parents track the safety of their.

950

02:31:31.020 --> 02:31:41.640

Cooper City Hall: children's social media habits, we do have an educational flyer that we put together that is 15 Apps that parents should be aware of that their children are using.

951

02:31:42.000 --> 02:31:47.790

Cooper City Hall: And we did actually provide that education flyer to all of our area school principals and answer these.

952

02:31:48.210 --> 02:31:54.390

Cooper City Hall: So we can get that into the hands of the parents who the parent links, but for the students, I just want to remind them as well.

953

02:31:55.170 --> 02:32:04.410

Cooper City Hall: The importance of think before you post words, not just actions have ramifications, there was a day and age, that you could say things and get away with it.

954

02:32:05.160 --> 02:32:12.030

Cooper City Hall: That has slowly been taken away, there are certain things that you can say, such as threats that will cause.

955

02:32:12.840 --> 02:32:16.470

Cooper City Hall: A very serious case criminal case sometimes.

956

02:32:16.950 --> 02:32:24.720

Cooper City Hall: To be taken so just want to remind the students that think before you post and the parents, they really look at that parent link that was sent out by the principles.

957

02:32:25.050 --> 02:32:43.860

Cooper City Hall: And to help us monitor your children's social media habits i'm in regards to school this week for the Cooper city high school obviously there is a significant event that's taking place in the city of Cooper city tomorrow and Thursday and that's the funeral of miss myra are.

958

02:32:45.150 --> 02:32:51.450

Cooper City Hall: very, very tragic situation that occurred i'm sure most residents in the Commission are very aware.

959

02:32:52.020 --> 02:33:02.910

Cooper City Hall: of that case up in Orlando and the tragedy of what happened with this young expiring female, I can only imagine the pain that her family feels and.

960

02:33:03.390 --> 02:33:12.810

Cooper City Hall: You know they're going to be grieving and remembering and honoring her at the Church of God Cooper city on one Wednesday for the memorial service.

961

02:33:14.460 --> 02:33:17.220

Cooper City Hall: And then, on Thursday, for their funeral.

962

02:33:18.420 --> 02:33:27.270

Cooper City Hall: From 11am to 1230 P, but this is important for the Cooper city high school parents, we also did put out an educational flyer.

963

02:33:27.600 --> 02:33:34.380

Cooper City Hall: Through the principal and the S RD to just let them know that there might be some traffic patterns that are impacted by this funeral.

964

02:33:34.770 --> 02:33:44.010

Cooper City Hall: we're working closely with the church and with the funeral director to ensure that the funeral concludes, at a time that does not clash with the high school dismissal.

965

02:33:44.610 --> 02:33:49.710

Cooper City Hall: But we do have a contingency plan in place to ensure that we can safely manage that same.

966

02:33:50.490 --> 02:33:57.810

Cooper City Hall: in regards to code enforcement last week we had our code enforcement sweep it was very successful we had 32 commercial vehicles that were cited.

967

02:33:58.440 --> 02:34:09.810

Cooper City Hall: Of those 32 commercial vehicles that were cited 30 were found in compliance on the next time that we went out so only two were actually issued the violation so 30 we're in compliance thereafter.

968

02:34:10.350 --> 02:34:20.760

Cooper City Hall: We had side to one person for both trash issue one parking over a catch basin and then for for parking on the sidewalk specifically and the timberlake community.

969

02:34:22.320 --> 02:34:28.020

Cooper City Hall: in regards to crime, I want to remind the residents, this is that time of year that we need to be mindful.

970

02:34:29.040 --> 02:34:34.230

Cooper City Hall: Of the crime trends, this is typically the time of year that we will start seeing people.

971

02:34:35.400 --> 02:34:47.130

Cooper City Hall: Trying door handles and stealing packages off of your front porch we've already had some cases in October, where we've had vehicle burglars try to target some communities and Cooper city.

972

02:34:47.550 --> 02:35:00.060

Cooper City Hall: and also some package steps and our neighborhoods, and so we want to remind the residents, the importance of that we made so much progress this year with our burghley conveniences to the 9pm initiative.

973

02:35:00.570 --> 02:35:05.730

Cooper City Hall: And we want to just double down on that, especially during the holiday seasons don't get lacks.

974

02:35:06.780 --> 02:35:14.220

Cooper City Hall: continue to remind yourself remind your neighbors the importance of locking your vehicles 9pm daily reminder.

975

02:35:14.820 --> 02:35:24.240

Cooper City Hall: This holiday season, unfortunately, brings a criminal element to it so let's be watching for one another let's see something say something and contact my team.

976

02:35:24.660 --> 02:35:32.130

Cooper City Hall: Should you see any suspicious activity and on that note, I want to remind the residents of operation front porch November 20.

977

02:35:32.700 --> 02:35:42.930

Cooper City Hall: Through December 24 you are able to no cost to you, I read it in the Cooper city ship your holiday packages to your local police department.

978

02:35:43.350 --> 02:35:57.480

Cooper City Hall: Where we will sort them and hold them it's a secure facility, there is a camera in that room, nobody will be going through your packages, they will be safe, nobody will steal your packages off your front porch while you're.

979

02:35:58.110 --> 02:36:06.570

Cooper City Hall: at work, and you can stop by at any time of day, any day of the week to pick up your packages and know that they're safe, while you're working.

980

02:36:06.900 --> 02:36:18.330

Cooper City Hall: I would really encourage the residents to take advantage of this free innovative program that we have available for every Cooper city resident November 20 through December 24.

981

02:36:19.980 --> 02:36:26.340

Cooper City Hall: mom it's arts Community outreach just Commission know as i'm sure we all know, this is the busy time of year with events.

982

02:36:26.760 --> 02:36:34.830

Cooper City Hall: And we're going to be participating in a lot of them Renaissance Charter has a trunk or treat this Friday we're going to be participating in and actually recruiting.

983

02:36:35.430 --> 02:36:40.890

Cooper City Hall: Hopefully, some explorers to join our explorer program from their eighth grade you know team.

984

02:36:41.550 --> 02:36:54.750

Cooper City Hall: Cooper city high school big year for them 50th anniversary something very special, so we will be out there with them to help celebrate that to ensure safe Friday night homecoming game, and also their homecoming dance on Saturday.

985

02:36:56.160 --> 02:37:00.210

Cooper City Hall: And then the heroes Day next week on Wednesday 9am at the Cooper city.

986

02:37:00.810 --> 02:37:10.350

Cooper City Hall: Pentecostal church on flamingo road in regards to vacancies, we have one Community involvement special as they can see, I actually had the secondary interview scheduled for tomorrow.

987

02:37:10.860 --> 02:37:23.070

Cooper City Hall: From which then I can make the selection and do the hiring process and just to remind you, we have a good retirement for coming on October 22 that concludes our report any questions or the captain.

988

02:37:25.110 --> 02:37:27.570

Cooper City Hall: Thank you very much yeah hold on yeah.

989

02:37:29.100 --> 02:37:42.240

Cooper City Hall: I wanted to say something about code enforcement well first about the officers patrolling I told you this weekend I was out, and I saw the verb patrol they were everywhere, it could have just been by chance, but.

990

02:37:43.350 --> 02:37:44.490

Cooper City Hall: they're really being proactive.

991

02:37:45.600 --> 02:37:53.820

Cooper City Hall: I want to discuss good unfortunate because we've pushed for code enforcement and they're producing and I think we need to, we need to back them up.

992

02:37:54.480 --> 02:38:08.610

Cooper City Hall: And I see on social media all the time people chastising code enforcement and the narratives just not accurate, the amount of citations with money attached to it that have been issued a very, very few.

993

02:38:09.240 --> 02:38:22.350

Cooper City Hall: One of the people on there, I went and look they had six warnings before they got the citation, so I think our city P O needs to work with be so to one let people know the expectation.

994

02:38:23.400 --> 02:38:31.230

Cooper City Hall: Let them know that this is not road code enforcement officers, these are we've asked them to to everyone, you know.

995

02:38:32.760 --> 02:38:40.650

Cooper City Hall: You know fix up their area, a little bit, I know I was waiting for a warning on my sidewalk until I finally got a chance to to pressure clean it and.

996

02:38:41.670 --> 02:38:49.380

Cooper City Hall: And it's just a strange thing people go NUTS over receiving a warning I don't understand it says courtesy warning home inspection.

997

02:38:50.040 --> 02:38:56.670

Cooper City Hall: But then again my own life was a Park, where she shouldn't because she showed up to school.

998

02:38:57.120 --> 02:39:07.080

Cooper City Hall: Early to pick up my daughter, and after she got her warning she called me screaming, to which I told her call Commissioner Commissioner Meltzer because he's the one who's real big on the.

999

02:39:07.560 --> 02:39:17.070

Cooper City Hall: You know the school thing, so I the public so know if we're you know I would rather get a citation so I could use that against her and tell her what a bad driver she is.

1000

02:39:17.460 --> 02:39:25.380

Cooper City Hall: But um you know, no one is exempt from this, we all can do it, and one of the comments I saw on Facebook was from somebody who was pretty good.

1001

02:39:25.650 --> 02:39:35.520

Cooper City Hall: He said I live in this city for 30 years and i've had you know warnings ever by whatever and i've never paid a single dollar, the city and you know what every time i've gotten it.

1002

02:39:36.150 --> 02:39:41.970

Cooper City Hall: At first I might get upset but then I looked at it, so you know my my driveway could be partially cleaner, this could happen or whatever.

1003

02:39:42.930 --> 02:39:51.090

Cooper City Hall: And, and so that's my thing to the residents it's easier for us to agree with him and say Oh, they should have done it, but the reality is I go in into the code enforcement system.

1004

02:39:51.810 --> 02:40:00.810

Cooper City Hall: I look and it's the vast majority of it is warnings everyone expect a warning know that we are.

1005

02:40:01.740 --> 02:40:08.790

Cooper City Hall: You know this as a city we're pushing so the excuse that i've parked my this here i've done this for five years and.

1006

02:40:09.540 --> 02:40:19.320

Cooper City Hall: You know that's that may happen, but we're trying to not look like other other other cities, and we are being reasonable we've increased the height on rv.

1007

02:40:20.070 --> 02:40:28.560

Cooper City Hall: To 13 feet, to include more you know things that that you know would otherwise not be allowed we've removed the.

1008

02:40:29.460 --> 02:40:40.770

Cooper City Hall: The requirements to have covers on our views, because we heard from residents about the mole that it creates and we've we've given direction, not to use a ladder.

1009

02:40:41.460 --> 02:40:53.970

Cooper City Hall: As an identifying character to make a vehicle commercial, but at the same time, we are going to enforce the stuff that's on the books and you might have to buy a white magnet put it on your vehicle.

1010

02:40:54.990 --> 02:41:00.000

Cooper City Hall: You know we're not telling anyone we want them to be out of business or anything like that, but you can't.

1011

02:41:00.450 --> 02:41:11.250

Cooper City Hall: park across the sidewalk we all we've all done it, but you know what if you come out and you get caught and you get a warning and then yeah yeah you haven't done it with your mile long driveway but.

1012

02:41:12.330 --> 02:41:23.700

Cooper City Hall: sidewalk sidewalk Okay, but the ones that have you know you might have to do that and, in so the city code enforcement is doing what we've asked them to do is as a Commission.

1013

02:41:24.420 --> 02:41:30.300

Cooper City Hall: And I want to you know come on record and back them up, because that has got to be the toughest job.

1014

02:41:31.140 --> 02:41:37.920

Cooper City Hall: I mean i've never you, you would be better if you take the person to jail for having the commercial view because they're not as mad as if you give them a warning.

1015

02:41:38.490 --> 02:41:46.500

Cooper City Hall: And and, and so I don't know why it is we've even had people on fake social media putting the address of where the code enforcement officers live.

1016

02:41:46.920 --> 02:42:03.090

Cooper City Hall: I mean it's actually sick, you know and i've had friends that are police officers, which re me out, you know, and I said well hey man you kind of do look like you need to have it pressure wash you know you're going to come over and we'll do it together so guys they're there to help us.

1017

02:42:04.800 --> 02:42:13.710

Cooper City Hall: We need to support them and I guarantee that if you have a specific issue and you can't afford or something like that, if you pick up the phone and you call them.

1018

02:42:14.280 --> 02:42:23.340

Cooper City Hall: They are going to help you figure it out so let's do communication let's support it resonance and know that this is just so that everything looks better.

1019

02:42:24.420 --> 02:42:30.990

Cooper City Hall: Commissioner, I really, really appreciate that you hit on something that I just would hope you let me, you know elaborate on to.

1020

02:42:32.250 --> 02:42:40.800

Cooper City Hall: Unfortunately, social media tends to bring out the worst in some people, and there are things that are sometimes said that should not be said.

1021

02:42:41.850 --> 02:42:52.230

Cooper City Hall: or mannerisms that should not be and it crosses sometimes the area of free speech into criminal and, as far as posting.

1022

02:42:52.740 --> 02:43:08.580

Cooper City Hall: addresses of public officials, and this is something that today I contacted my my counterparts to discuss, but I will be looking into i'm gonna make this very clear and be very firm on this, I will be looking into every legal.

1023

02:43:09.600 --> 02:43:21.600

Cooper City Hall: ramification and anything at all on social media targeting one of my team members in an inappropriate a criminal way we are going to ensure that that person is arrested.

1024

02:43:21.960 --> 02:43:29.010

Cooper City Hall: And that that conduct will not be tolerated, I am not at all opposed to dealing with complaints.

1025

02:43:29.490 --> 02:43:42.210

Cooper City Hall: I will, I will contact residents myself i'll meet them at their house, I will find solutions everybody knows that when we start targeting people and we start trying to cause a mob.

1026

02:43:42.960 --> 02:43:54.720

Cooper City Hall: feel to target public officials that crosses a line that's not just ethical but potentially criminal and I will ensure that that conduct is not accepted.

1027

02:43:55.140 --> 02:43:59.490

Cooper City Hall: I just wanted to make that clear, thank you, we may want to think about putting.

1028

02:43:59.760 --> 02:44:08.820

Cooper City Hall: A Mailer or flyer in the in the warning thing letting them know that it's an issue you know I don't I even said, maybe we should make them Nice and I looked at the letters are not even that mean.

1029

02:44:09.270 --> 02:44:18.510

Cooper City Hall: it's just cursing inspect so well you're a magistrate you understand i'm an even the gentleman that came today I want to recap it sure you had a complaint.

1030

02:44:19.470 --> 02:44:37.290

Cooper City Hall: You were reached out to by city, Commissioner, and the captain, the police department and they changed it to a warning that seems like a phenomenal city to live in, you know that seems like a reasonable avenue not you know so and we're addressing the issue yeah yeah and so.

1031

02:44:38.640 --> 02:44:46.470

Cooper City Hall: resonance neighbors let's you know don't take it personal let's work together or together and call the code officer if there's.

1032

02:44:48.210 --> 02:44:54.840

Cooper City Hall: If there's an issue call and i'm sure they're gonna understand if you can't afford to paint or something let them know welfare programs.

1033

02:44:56.910 --> 02:45:08.760

Cooper City Hall: appreciate that and truly thank you for what you do and all the men and women under you working with you, I appreciate our pleasure, thank you, thank you alright juice report.

1034

02:45:11.520 --> 02:45:17.970

Cooper City Hall: Now we're going to give me the answer before he even asked you know they only bring it in every other Tuesday now believe it.

1035

02:45:19.440 --> 02:45:21.450

Cooper City Hall: In the evening mayor Commissioners.

1036

02:45:22.620 --> 02:45:24.060

Cooper City Hall: A couple of things.

1037

02:45:25.140 --> 02:45:34.020

Cooper City Hall: On the fire side of the House we're out there, working on some hydrants trying to get them done, we will have them completed by the end of the year.

1038

02:45:35.520 --> 02:45:37.980

Cooper City Hall: Because we do have ISO coming up next year.

1039

02:45:39.210 --> 02:45:50.280

Cooper City Hall: Inspections he's on track to finish those up so we'll have 100% compliance on our inspections, this year we have our life safety educators.

1040

02:45:50.880 --> 02:46:00.630

Cooper City Hall: That are out being October being fire prevention month so they've been out at different schools it's a pretty busy month for us.

1041

02:46:01.320 --> 02:46:18.450

Cooper City Hall: So we send a apparatus out there to help them and do that our call volume it's running about the same as we were last month, but we're up from lat this time last year we're up about 5%.

1042

02:46:19.800 --> 02:46:20.550

Cooper City Hall: With that.

1043

02:46:22.080 --> 02:46:31.560

Cooper City Hall: The marijuana, thank you for put me in contact with the the principal at the high school we're working with them to start.

1044

02:46:32.490 --> 02:46:47.970

Cooper City Hall: A team CERT program it said, its infant stages, right now, or just laying the groundwork trying to get some things we had a meeting that it went very well so we're trying to keep that moving, so I appreciate your help on that.

1045

02:46:49.530 --> 02:46:54.270

Cooper City Hall: Rescue 28 is out of service due to mechanical.

1046

02:46:55.440 --> 02:47:01.590

Cooper City Hall: Over the weekend and our platform is out of service.

1047

02:47:03.510 --> 02:47:04.890

Cooper City Hall: it's hit the reset go plan.

1048

02:47:06.870 --> 02:47:07.440

Cooper City Hall: So.

1049

02:47:08.670 --> 02:47:15.120

Cooper City Hall: Our rescue it's the end same year truck it's one it's our reserve truck.

1050

02:47:16.200 --> 02:47:19.110

Cooper City Hall: That were in the white one if you see it out there.

1051

02:47:20.640 --> 02:47:23.490

Cooper City Hall: But our rescue 20 went down to the mechanical.

1052

02:47:25.170 --> 02:47:26.040

Cooper City Hall: platform.

1053

02:47:27.180 --> 02:47:28.950

Cooper City Hall: we're in a reserve ladder truck.

1054

02:47:30.210 --> 02:47:32.130

Cooper City Hall: That we have now what year.

1055

02:47:33.270 --> 02:47:34.560

Cooper City Hall: To 2019.

1056

02:47:37.680 --> 02:47:40.890

Cooper City Hall: And that's a reserve that's our reserve ladder truck.

1057

02:47:43.230 --> 02:48:01.530

Cooper City Hall: it's your Quinn, if you want to ensure Quint what you do call it does it's a ladder truck that meets the requirements to be a coin at five feet of ground ladders 500 gallon fuel water tank so but it's a ladder truck well, then why do they call it a ladder truck inadequate.

1058

02:48:03.330 --> 02:48:04.140

Cooper City Hall: semantics.

1059

02:48:05.340 --> 02:48:12.090

Cooper City Hall: Because you could be a ladder truck and not meet the requirements to be equipped doesn't have a pump on it, or may not have.

1060

02:48:13.560 --> 02:48:22.440

Cooper City Hall: The size pump on it, this particular one meets all those requirements, so it can be called a Quint ladder truck.

1061

02:48:23.760 --> 02:48:26.730

Cooper City Hall: What do you want to call it is a serving Cooper cydia.

1062

02:48:31.920 --> 02:48:33.630

Cooper City Hall: So, but.

1063

02:48:34.680 --> 02:48:39.720

Cooper City Hall: It is in service, so our platform is out of the 10 eight being repair.

1064

02:48:41.580 --> 02:48:43.290

Cooper City Hall: estimate when that will be back.

1065

02:48:46.230 --> 02:48:46.740

know.

1066

02:48:49.170 --> 02:48:50.460

Cooper City Hall: Any questions of the chief.

1067

02:48:52.830 --> 02:48:53.490

Cooper City Hall: Thank you, chief.

1068

02:48:54.690 --> 02:48:59.370

Cooper City Hall: Oh, by the way the calls are a 5% and as a result of the.

1069

02:49:00.660 --> 02:49:11.670

Cooper City Hall: ordinance The excuse me, the I la that we just passed, there will be an increase in the number of times the rescue is being used about five per month Am I correct.

1070

02:49:15.630 --> 02:49:28.140

Cooper City Hall: I can't guarantee that I could, because when I ran the numbers, there are certain things that I can look at on our medical reports and there's some things with baby I can't look at due to hipaa.

1071

02:49:28.770 --> 02:49:40.290

Cooper City Hall: So I can only tell you what cat dispatches it as if it dispatches is as an unconscious feigning but you get there and it's a weekend dizzy.

1072

02:49:40.860 --> 02:49:58.470

Cooper City Hall: Then it's not a true and that's just another part that they have to educate in the 911 call takers have to get more information so that doesn't happen so, but if you were to run the true numbers, we would probably.

1073

02:49:59.550 --> 02:50:01.500

Cooper City Hall: see an increase of maybe.

1074

02:50:02.880 --> 02:50:06.930

Cooper City Hall: Five calls a month give or take, but we may.

1075

02:50:08.400 --> 02:50:12.030

Cooper City Hall: give away six calls a month, so.

1076

02:50:13.140 --> 02:50:15.600

Cooper City Hall: It just all depends, thank you.

1077

02:50:17.340 --> 02:50:20.880

Cooper City Hall: All right, right on we've got the Convention or concerns permission green.

1078

02:50:22.440 --> 02:50:31.050

Cooper City Hall: I have none, this evening, a mere roscoe meeting wish that everyone has a have a good at good evening that's all thank you jeannie.

1079

02:50:33.030 --> 02:50:43.890

Cooper City Hall: Good meeting everybody, thank you, I have one little thing to discuss with the Commission now's the time to put the children to bed for those at home, because this was a little bit boring.

1080

02:50:44.880 --> 02:51:07.110

Cooper City Hall: The cost allocation plan, I had discussed it as a manager I know we just ordered a new one, and I want to make sure that they don't use the current khafre but as a schedule that the use of the FT ease is not correct and I brought the classification plan that we have now.

1081

02:51:09.330 --> 02:51:15.960

Cooper City Hall: The location basis units that the variable that is used to calculate the cost.

1082

02:51:17.010 --> 02:51:26.550

Cooper City Hall: To be allocated the shared costs will be allocated the various departments, the most common variable is full time equivalents.

1083

02:51:27.630 --> 02:51:30.510

Cooper City Hall: And that is the schedule that was incorrect.

1084

02:51:31.620 --> 02:51:43.170

Cooper City Hall: And the capture, so we want to make sure that the new farm is made aware of that and if they use anything they use last year's Catherine of this year's khafre.

1085

02:51:44.310 --> 02:51:47.790

Cooper City Hall: When when doing this because we don't want to throw good money.

1086

02:51:49.170 --> 02:51:52.140

Cooper City Hall: or bad is good money, whatever the saying is and.

1087

02:51:53.400 --> 02:52:00.240

Cooper City Hall: pay for a new classification plan and then find out that's not good, and another thing about the cost allocation plan.

1088

02:52:02.580 --> 02:52:03.240

Cooper City Hall: The.

1089

02:52:05.520 --> 02:52:16.560

Cooper City Hall: I know if we had spoken about this in the past but storm water utilities storm water is paying 100% of tree trimming.

1090

02:52:19.080 --> 02:52:27.840

Cooper City Hall: I think we all have the complication planet of those centers if you look at the last page of the plan you'll see that it's 341,000.

1091

02:52:28.980 --> 02:52:29.790

Cooper City Hall: With tree trimming.

1092

02:52:31.020 --> 02:52:32.640

Cooper City Hall: So 100% of tree trimming.

1093

02:52:34.470 --> 02:52:42.810

Cooper City Hall: is allocated to a storm water makes sense that's where the leaves fall there's no there's no there's no one location whatsoever for tree trimming.

1094

02:52:43.950 --> 02:53:02.070

Cooper City Hall: These are the account details that we may want to look at when we receive the plan because storm water cannot afford that they the whole fund is 500,000 a year so obviously we can't have them pay 340,000 and if we don't use a cost allocation plan then we're not using.

1095

02:53:06.600 --> 02:53:15.750

Cooper City Hall: An approved plan with just guessing the costs and when we set the rates without saying the rates based on.

1096

02:53:16.830 --> 02:53:20.160

Cooper City Hall: On a cool plan so it's important to have the plan.

1097

02:53:21.600 --> 02:53:22.110

Correct.

1098

02:53:23.640 --> 02:53:32.160

Cooper City Hall: whenever they go through that when you when are we doing in the US right the Read studies by wrong on the storm water one is like when we do.

1099

02:53:35.970 --> 02:53:37.920

Cooper City Hall: We need another great study.

1100

02:53:39.750 --> 02:53:41.310

Cooper City Hall: But please make sure that.

1101

02:53:42.840 --> 02:53:48.090

Cooper City Hall: The variables are correct and don't make mistakes, like they did in the past.

1102

02:53:51.150 --> 02:53:53.310

Cooper City Hall: Thank you, Chris and thank you, everybody.

1103

02:53:55.170 --> 02:54:03.360

Cooper City Hall: Thanks, Mr Ross and I just want to wish everybody a safe evening there was a good meeting tonight, I do have one item that I wanted to bring up for maybe.

1104

02:54:03.810 --> 02:54:13.620

Cooper City Hall: Discussion on the next agenda and it's something that city manager and I have talked about i've mentioned it up here before and that's our method of.

1105

02:54:14.310 --> 02:54:24.540

Cooper City Hall: aggressive outreach to the residents and not just not just with the weekly email blast but, having a database and i've also and i've also spoken with Michael.

1106

02:54:25.620 --> 02:54:33.750

Cooper City Hall: touched on it a little bit with him as well, but having having a database a database of email addresses where we can.

1107

02:54:34.290 --> 02:54:42.060

Cooper City Hall: Obviously, send out our email blast on Thursdays, to all the residents, but then sub but then sub categories in a database where.

1108

02:54:42.720 --> 02:54:52.620

Cooper City Hall: i'll use the walkman club as an example where if there's a change to the time of the walking club or you know the weather's implement we can just send out one email blast boom it's done.

1109

02:54:53.370 --> 02:55:00.420

Cooper City Hall: Presidents have it we do same thing with senior community to every said the same thing with everybody that participates in our swim events.

1110

02:55:01.470 --> 02:55:04.260

Cooper City Hall: Over at the pool and tennis Center just want to have.

1111

02:55:07.470 --> 02:55:12.720

Cooper City Hall: I want to have it starts with a good database, we could have the greatest information in the world, and if we can't disseminated.

1112

02:55:15.300 --> 02:55:23.820

Cooper City Hall: I guess the words properly or efficiently, then what good is it so we, the first thing we need to do is collect and I know you're working on that.

1113

02:55:24.540 --> 02:55:33.660

Cooper City Hall: And I know we have the qr code that we're putting all over town, people can just click it takes it right to the city's website, right to the page you put your name and address and email address in there and you're done.

1114

02:55:35.040 --> 02:55:45.030

Cooper City Hall: But I wanted, I want to really see if we can, if we can accelerate that and then have a good plan in place, you know to collect maintain.

1115

02:55:46.680 --> 02:55:51.870

Cooper City Hall: email addresses and just be able to get the disseminate information to the residents as efficiently as possible.

1116

02:55:52.170 --> 02:56:02.820

Cooper City Hall: So i'd like to maybe talk about that at the next meeting, and if you can just as far as backup goes if you can just let us know what you guys are doing right now to that end right just just a little detail i'd appreciate that Thank you.

1117

02:56:03.960 --> 02:56:05.280

Cooper City Hall: Thank you commissioned a shorter.

1118

02:56:07.620 --> 02:56:18.690

Cooper City Hall: All right, alright in regards to that we're at the autism event, and you know each year, I know that we always take down the email addresses of everyone, but that wasn't being done.

1119

02:56:19.740 --> 02:56:24.780

Cooper City Hall: And there are other events that when people sign up, we can get their email addresses.

1120

02:56:25.860 --> 02:56:34.560

Cooper City Hall: We need, we need to actively and aggressively do that and, in this day and age, I still say it, and congratulations Jared blow out.

1121

02:56:35.040 --> 02:56:47.640

Cooper City Hall: of Dr w I think that's the best way to communicate with the residents, they read the magazine problem is it's only on a monthly basis and, in this day and age of email instagram.

1122

02:56:49.110 --> 02:57:05.850

Cooper City Hall: Facebook we've got to get better communication out there, so we've got the CIO let's make good use of him having said that, I thank you very much to have emotion Oh, excuse me, additional public comments and the first one is Marcos Rita Thank you.

1123

02:57:14.400 --> 02:57:15.930

Cooper City Hall: Good evening everyone.

1124

02:57:17.070 --> 02:57:20.610

Cooper City Hall: I wanna say thank you i'm here i'm going to talk about pickle ball.

1125

02:57:23.700 --> 02:57:38.070

Cooper City Hall: We have the most amazing courts in broward county you guys did it for us think about a year and a half ago, we came here a band of six women and their husbands and we came here and and for for what we wanted, and you guys.

1126

02:57:39.150 --> 02:57:42.990

Cooper City Hall: gave us truly the best courts in broward county.

1127

02:57:44.670 --> 02:57:45.570

Cooper City Hall: With that said.

1128

02:57:47.010 --> 02:57:52.500

Cooper City Hall: i've taken upon myself to be the ambassador of pickup ball and Cooper city.

1129

02:57:53.490 --> 02:58:10.080

Cooper City Hall: Everyone that shows up at those courts in the morning, or in the afternoon knows Marcos I believe that there's if there's a new face that and recognize I make it my business to go up there and introduce myself and welcome them teach them the game as not that i'm a great player myself.

1130

02:58:11.130 --> 02:58:11.580

Cooper City Hall: But.

1131

02:58:13.530 --> 02:58:22.290

Cooper City Hall: We welcome them we create the spirit of Cooper city, you know, and we do it very well and i'm not alone, I have an army behind me, you know doing this.

1132

02:58:23.850 --> 02:58:24.300

Cooper City Hall: The same.

1133

02:58:25.680 --> 02:58:28.020

Cooper City Hall: So i'm here, because our course i've grown.

1134

02:58:29.070 --> 02:58:36.090

Cooper City Hall: We need some things you know, and I believe the citizens have to put forth their effort, and I want the permission.

1135

02:58:36.540 --> 02:58:42.330

Cooper City Hall: I don't know who to go to the gun to pull the words are going to parks, recreation that we.

1136

02:58:42.990 --> 02:58:47.820

Cooper City Hall: win some squeegees when you some signage for some rules because we've grown to where we need to think.

1137

02:58:48.210 --> 02:58:51.900

Cooper City Hall: we're okay with flipping the bill ourselves we're not coming here for the money.

1138

02:58:52.260 --> 02:59:01.800

Cooper City Hall: we're coming here for the permission to do these things, let us help you know we clean those courts, we backing them we do everything that we can to improve this course.

1139

02:59:02.100 --> 02:59:15.960

Cooper City Hall: We still want to do things that without the permission of the city i'm running out of time, so besides Thank you and I just like to give you the some rules that we'd like to be made a sign if whoever needs to get these could yes.

1140

02:59:17.010 --> 02:59:20.010

Cooper City Hall: pass them on your city manager will take them.

1141

02:59:21.450 --> 02:59:30.000

Cooper City Hall: And Marcos, thank you for what you do, thank you for asking for the permission, we will certainly work with you regarding that and.

1142

02:59:31.440 --> 02:59:33.750

Cooper City Hall: Joe you'll be with you'll get yes.

1143

02:59:34.980 --> 02:59:36.810

Cooper City Hall: The Mayor is actually a mean player.

1144

02:59:38.010 --> 02:59:42.510

Cooper City Hall: He is amazing, you know I have him on very good video.

1145

02:59:47.010 --> 02:59:48.480

Cooper City Hall: Marcus Thank you very much.

1146

02:59:49.620 --> 02:59:56.490

Cooper City Hall: anyone else wishing to speak at this time, anyone on virtual no Sir now man have a motion, thank you.

Commissioner Green thanked everyone for a good meeting.

Commissioner Pulcini discussed the cost allocation plan. He spoke on the new plan and his concern with the current CAFR being used because the FTE's are not correct.

Commissioner Meltzer would like a communication engagement plan to be placed on the next agenda.

Mayor Ross said better communication is needed.

**ADDITIONAL PUBLIC COMMENTS (2 MINUTES)**

Marcos Ritter, spoke about signage at the pickle ball courts.

Mayor Ross advised the City will address his questions.

**ADJOURNMENT**

The meeting was adjourned at 9:33 p.m.

---

**ADA NOTICE**

This meeting is open to the public. In accordance with the Americans with Disabilities Act of 1990, all persons who are disabled and who need special accommodations to participate in this meeting because of that disability should contact the Office of the City Clerk, 954-434-4300 ext. 220, not later than two days prior to such proceeding. One or more members of the City of Cooper City Advisory Boards may be in attendance and may participate at the meeting. Anyone wishing to appeal any decision made by the Cooper City Commission with respect to any matter considered at such meeting or hearing will need a record of the proceedings and, for such purpose, may need to ensure that a verbatim record of the proceedings is made, which record includes the testimony and evidence upon which the appeal is to be based. Agenda items may be viewed online at [www.coopercityfl.org](http://www.coopercityfl.org) or at the Office of the City Clerk, City of Cooper City, 9090 SW 50 Place, Cooper City, Florida, 33328, 954-434-4300.
