

## Memorandum

Date: 11/04/2022

To: Mr. Good

From: Roland Berrios *R.B.*

Subject: The Reason for using the alternate Dealership instead of Primary Dealership for Procurement of City Vehicles.

---

The reason I am using Duval Ford instead of Bozard Ford was due to lack of response from Bozard Ford in a timely manner.

Availability issues caused by supply chain problems, has caused vehicle shortages. Delays in communication with vendor can create critical problems with procurement, due to current supply situation.

Duval was immediately responsive & has been supportive with information for procurement purchasing throughout the process.

This has been critical for Cooper City to procure the new trucks requested.
