RECOMMENDATION:

Staff recommends that the City Commission approve the purchase and installation of a new playground shade for the swing area and an Engineered Wood Fiber (EWF) top-off at Christie Schafale Park from PlayCore Wisconsin, Inc., d/b/a GameTime, under OMNIA Partners Contract No. 2017001134, for \$41,613.65.

BACKGROUND OF ITEM:

The City of Cooper City Parks and Recreation Department continually evaluates its parks and facilities to identify improvements that enhance safety, comfort, and the overall user experience.

As part of the Department's cost-saving efforts, staff is identifying older playgrounds with significant remaining useful life that can be refreshed through targeted improvements rather than full replacement. Christie Schafale Park is one such location.

Staff recommends installing shade over the existing swing area and replenishing the Engineered Wood Fiber (EWF) playground surfacing. These improvements will enhance comfort and safety, refresh the playground, and extend its useful life while maximizing the City's investment.

ANALYSIS:

PlayCore Wisconsin, Inc., d/b/a GameTime, has submitted a proposal for the purchase and installation of the playground shade and EWF top-off at Christie Schafale Park.

The City can use OMNIA Partners Contract No. 2017001134 for this purchase. Using the competitively solicited cooperative contract enables the City to obtain the required equipment and installation services while complying with applicable purchasing requirements.

The proposed improvements will enhance the existing playground by providing additional shade for swing-area users and replenishing the playground's protective EWF surfacing.

FISCAL IMPACT:

The “Remaining Amount” below reflects the unencumbered balance for this line item after this transaction, accounting for YTD Activity, Open PO Balances, and previously Commission-Approved Contracts for this Project Code.
