**Policy Positions:**

**Property Tax Protection**

The Florida League of Cities SUPPORTS legislation that maintains an equitable property tax system while preserving a municipality’s ability to fund public infrastructure, police, fire, emergency services and other essential services. Any further erosions and/or exemptions on the current property tax structure will unfairly shift the tax burden to the business community, renters and others.

**Residential Zoning**

The Florida League of Cities SUPPORTS legislation that maintains, advances and encourages the fundamental ability for cities to tailor unique land development solutions through local decision-making, preserving the ability for cities to decide how they look and grow. Cities are strong supporters of affordable housing efforts and are best positioned to identify appropriate areas that can support high-density infill redevelopment.

**Transportation Funding**

The Florida League of Cities SUPPORTS legislation directing the Florida Department of Transportation to provide financial assistance and incentives to develop and implement multimodal transportation plans that optimize different modes of combined transport and are tailored to municipal transportation demands. The Florida League of Cities SUPPORTS identifying additional transportation revenue to fund innovative infrastructure (e.g., electric vehicles) and transit projects to meet the surging transportation demands driven by growth in population throughout Florida.

**Water and Wastewater Plant Operator Licensure**

The Florida League of Cities SUPPORTS legislation to address workforce shortages in municipal water and wastewater facilities by: one, defining facility operators as critical and essential workers; two, providing reciprocity with other states for licensure of facility operators; and three, allowing credit toward licensure for military experience and time served performing similar functions and providing flexibility for facilities to use retired or out-of-state operators in emergencies.
