

CITY OF COOPER CITY
COMMISSION/OPTIMIST WORKSHOP
Thursday, May 15, 2025 at 5:30 PM
City Hall Auditorium | 9090 SW 50th Place

MINUTES

PLEDGE OF ALLEGIANCE

Mayor Curran opened the meeting at 5:30 PM.

Mayor Curran asked the commission if they are available to continue this discussion on May 28th.

Commissioner Katzman would like the agreement on the May 27th Regular Commission Meeting agenda.

Commissioner Shrouder does not want to delay.

Commissioner Smith wants to address the topic tonight.

Mayor Curran led the assembly in the Pledge of Allegiance.

ROLL CALL

Present were Commissioners Smith, Mallozzi (via Zoom), Katzman, Shrouder and Mayor Curran.

PUBLIC COMMENTS (3 MINUTES)

David Nall spoke on indemnification of the liability between the city and the Optimist Club.

Howard Schachere, spoke on concerns he has had the past few months with the Optimist Club, including limited practices for sports. He would like all the money for registration to be collected by the city moving forward.

TOPICS FOR DISCUSSION

1. Facility Use Agreement

Present from the Optimist Club was President Pete Schlang, Past President Wayne Stofksky and Second Vice President Mike Stamm.

Commissioner Smith asked for clarification on item 1 through 6. City Manager Rey advised items 2-6 are items where staff have not been able to reach consensus with the Optimist Club.

Mayor Curran does not want to address the entire agreement tonight.

Commissioner Katzman would like to discuss the agreement as a whole.

Commissioner Shrouder wants to address the agenda items and the agreement as a whole.

City Manager Rey said the agreement gives the director of parks and recreation, the ability to set the number of participants in each of the sports in consultation with the club.

2. How do we work through Rec Trac?

City Manager Rey said the city has purchased the upgraded Rec Trac system. The Optimist Club uses another program to schedule referees. The city agreed to move those activities to Rec Trac in the future. The Optimist Club has issues with the operational intent.

Mr. Stamm said Rec Trac does not have the ability to schedule and manage games as it is not built out completely. Commissioner Smith asked what is missing in the system to accomplish this task.

City Manager Rey said Rec Trac will be the tool to use for registrations and residency.

Commissioner Shrouder would like language to include all registration fees will be collected through the software.

City Manager Rey said the system is ready for registrations and collection of funds. The operational day-to-day assignment portion will take several months to complete. The agreement states the Optimist Club will maintain the data until that portion is completed and then inserted in.

Mr. Stamm said there is a user fee included with registrations to help pay for the registration software which they will now not have. He would like a hybrid system that can collect the funds and confirm residents and nonresident participants.

Commissioner Shrouder answered that all money needs to be collected by the city. Scheduling of referees can be done by the Club.

Mr. Stofksky said their concern is running the program. The Rec Trac program cannot export registrations to their system.

Commissioner Shrouder said data can be easily exported.

Mr. Stamm said they can not upload users to their account.

Commissioner Mallozzi asked if we can collect an additional fee to have staff import the data into the Optimist Club software. City Manager Rey answered yes, they can.

Mayor Curran was under the impression the city was hiring an individual to work Rec Trac. City Manager Rey said a data entry individual would be an additional staff member.

Commissioner Mallozzi said this would be for a short-term basis.

Commissioner Shrouder said the city would start with one sport at a time.

City Manager Rey said if the registration cost needs to be increased for data entry it is an option.

Commissioner Smith said they are in a situation currently where everyone is either saying I can't believe what occurred or I told you so. The residents are demanding that the dollars be collected by the city and be accounted for. He asked what the city needs to do to have this process completed.

Mr. Schlang said the city needs to trust the current club as they are trying to fix anything that went astray.

Mr. Stamm said the indictment was a Zelle issue not a registration issue. He spoke on the logistics of refunds and how that will be handled. He does not believe the agreement handles all aspects.

Commissioner Smith asked what other cities use. Mr. Stamm said the City of Pembroke Pines uses the Optimist system for certain registrations.

Commissioner Shrouder said the money will be collected through the city. His stance is final.

Mr. Stamm said the program is not ready.

Assistant Parks and Recreation Director Josh Rhodes said the system can take registrations and collect the funds. The information can be sent to the Optimist.

Commissioner Mallozzi said we can raise the registration fee to hire a data entry individual.

Commissioner Smith asked why it would take seven months to update the system. City Manager Rey said it takes time to address all capabilities in the system.

Commissioner Smith asked what it takes to launch this process next week.

Assistant Parks and Recreation Director Josh Rhodes stated staff would need to divert their current duties to take on this task fully.

Commissioner Mallozzi asked what sport they are registering for currently. Mr. Stamm said flag football. Commissioner Mallozzi asked how many participants they have in flag football. Mr. Stamm said 400. Commissioner Mallozzi said that it can be the first sport to test in Rec Trac.

Commissioner Katzman said they met in February, and the Commission directed staff to move forward, and he does not see any updates with Rec Trac. He stated the residents have made it clear they want all money collected by the city. There have been occurrences that have led to a lack of trust among the residents. There are many allegations involving money. The Commission has fiduciary responsibility on behalf of the residents.

Mr. Schlang said the Optimist are trying to correct any wrongdoings and they need to be trusted.

Commissioner Katzman does not understand the difficulty with the city collecting the money and giving it over to the Optimist. This leads to accountability.

Commissioner Smith said the residents are looking for accountability. He asked if they could start with one program working through all issues to see what may need adjusted. Mr. Schlang said if the city can expedite the data to the Optimist program it would be helpful. Commissioner Smith said these issues should have been addressed already by staff.

Mr. Stamm would like a soft rollout with these items. He stated it will be impossible for the individual teams to manage themselves with the city collecting all monies.

Commissioner Shrouder said language can be included to state the Optimist will use software determined by the city and it will be rolled out as ready.

Assistant Parks and Recreation Director Josh Rhodes said Rec Trac will offer a login for the participants.

Mr. Stamm said they are not opposed to everything but there are more details that need collected.

Commissioner Shrouder said staff will handle any additional requirements.

Mr. Stofksky said their system handles cancelations and uniform needs. They want the program to run smoothly.

Commissioner Shrouder said Rec Trac has better capabilities than what the Optimist use currently.

Commissioner Katzman said these details should have been handled by the City Manager and the Optimist. He has a lot of respect for the Optimist and their volunteers. He wants the Optimist to handle the scheduling and needs.

Mayor Curran asked the backup plan if softball registrations do not work properly. City Manager Rey said they will make sure the information is in the Optimist system.

Mr. Stamm would like to run the season in the systems simultaneously.

Commissioner Shrouder said he asked for the cost of the program the Optimist uses in January. Mr. Stamm said he asked the vendor for those costs.

Commissioner Smith said if we need to run a parallel system at first he is fine with that.

Mr. Stofksky asked where the money in Rec Trac goes. City Manager Rey said there will be a banking account connected based on what the city collects and what the Optimist collects.

Commissioner Smith said the details should have been discussed previously. Commissioner Smith asked how many hours was put into this agreement by both parties. Mr. Schlang answered two, two-hour meetings. The commission is willing to help with the cost for software and needs, these issues should have been addressed before tonight.

Mr. Stamm said he has dealt with other conversations.

3. Concession Stands and Assumption of Equipment

Mr. Stamm said there are 5 concessions stands with equipment. They would like to do an inventory of equipment, and the AC needs fixed in one stand. Some nets and goals are handled by the city and some are handled by the Optimist.

City Manager Rey would like to be responsible for the equipment and take it in any condition. He would like the concession stands to be self sufficient and fixed by those funds.

Commissioner Shrouder suggested separate sections in the agreement one for equipment in the concession stand.

Commissioner Smith asked if the concession stand is the City's responsibility. City Manager Rey answered yes. Mr. Stamm would like to do an inventory of equipment as there are broken coolers.

Assistant Parks and Recreation Director Josh Rhodes said the city built the concession stand at Flamingo West in partnership with the Optimist. The stand is running with no AC but before the city can give it to the Optimist, they now want an AC to be installed. Mr. Schlang said inside equipment fails due to the heat.

Commissioner Smith asked if the Commission approves AC will the cost be collected from Optimist. City Manager Rey said maintenance will be done by the City and the money would come from capital improvements. He does not believe the city should handle the concessions stands. He believes they should run with stand funds.

Commissioner Smith would like to receive the cost on AC's for the stands to make a decision.

The Optimist will accept the equipment as is if the city installs AC units.

Commissioner Mallozzi does not want to pay for structural changes for the AC's.

4. Basketball & Non-resident Fees

Mr. Schlang would like the donations paid to the schools for the use of their facilities to be deducted from the non-resident fee.

Assistant Parks and Recreation Director Rhodes stated there is no cost for the use of the school facility because the City has an agreement with the school board.

Commissioner Shrouder said basketball uses the school boards facility under the City's Recipical Use agreement.

Mr. Schlang said basketball has an additional cost.

Commissioner Shrouder said there is no payment needed.

Mr. Stofksky asked if they do not donate, will the courts not be available.

Mr. Schlang would like the donation amount to be deducted from the city's side.

Commissioner Shrouder said the city will make sure the courts are available.

Commissioner Mallozzi asked what will happen if the courts are not available because the donation is not made.

Commissioner Shrouder said we have a legal agreement with the school board.

Commissioner Katzman said the school will still provide janitorial services if the donation is not available.

Mayor Curran said there was a year where Cooper City High School did not want to give access to the gym. There is no one to clean up after the games. He stated the school covers janitorial costs when the city uses the space for events.

Commissioner Shrouder said the city will make sure the courts are available.

Language will be added that the city will handle the relationship with the School Board, and if there are any concerns about not being able to secure the dates, the city will do help secure a location.

5. Section 4.11 - Who can get paid and beach volleyball, etc

City Manager Rey said section 4.11 of the agreement prohibits board members from accepting funds for the club. Transparency is important.

Mr. Stofksky asked if he is speaking on voting members or nonvoting members. He asked if the uniform vendor is on the board but does not vote can he still accept funds.

Mr. Stamm said the organizations' structure was questioned which led the Optimist Club to look at the structure and positions.

Commissioner Shrouder read language from the City of Pembroke Pines contract as follows: No board member, director, or officer of licensee collectively, member shall, either directly or indirectly, purchase, rent, or lease any realty goods or services from the leasee, from any business entity of which the member or the member's immediate family is an officer, partner, director, or proprietor, or in which the member or the member's immediate family has a material interest. The board of directors should not receive any funds.

Mr. Stamm said they are working on updating their articles of incorporation. They said they have 12 elected board members. They will reduce the number of voting members in their club.

Commissioner Mallozzi said the club should solicit bids for uniforms.

Commissioner Smith asked if the club has issues with section 4.11. Mr. Stamm said that the Optimist Club has concerns with the indirect compensation as they give discounts to children of coaches.

Commissioner Shrouder said every city has a clause that an individual cannot get paid if they serve on the board.

Commissioner Smith wants to follow ethical standards.

Mr. Schlang said they are a private entity.

Mr. Stamm said they like the language as written but staff had concerns.

City Manager Rey said they have concerns with line 3. No one that gets compensated should be on the board.

Commissioner Shrouder said the current articles they operate under do not allow for how they run currently.

Mr. Stamm said the concession individual is also on the board and votes.

Discussion ensued about voting members.

Commissioner Shrouder said they can add an clause that coaches' children can get a discount without listing names.

Commissioner Mallozzi asked what the paid positions are in the Optimist Club. Mr. Stamm answered referees, umpires, assigners, outside concessionaries and treasurers.

Commissioner Katzman would like there to be a threshold for elements that need procured. Mr. Stamm said they went with a different soccer uniform vendor this year and had numerous issues. They have looked for vendors and encountered issues with timing.

City Manager Rey also spoke on concerns with commissioners having a for-profit business that conflicts with being in a role of leadership with the sport.

Commissioner Mallozzi wants to address only concerns in the agreement.

6. Banners & Sponsorship

Commissioner Shrouder wants to add a procurement clause in section 6.6. Mr. Stamm said they have issues with securing goods in a timely manner.

Commissioner Mallozzi said the Optimist Club can estimate a count for uniforms.

Mr. Schlang said they have the lowest prices around.

Mr. Stamm asked what the process for purchasing.

Commissioner Katzman said it is best practice in any organization to look for quotes.

Commissioner Smith wants to memorialize the purchasing process.

City Attorney Horowitz said the City's procurement code states any purchase over \$10,000 requires three quotes.

Commissioner Shrouder suggested the language the Optimist Club shall submit a copy of their purchasing guidelines to the city.

City Manager Rey said the zoning code does not allow financial parts. The city will have to revise the land development code.

Commissioner Smith would like standardization for banners.

Commissioner Katzman said the charge for sponsors should be consistent.

City Manager Rey said the regulations can be placed in the ordinance.

Commissioner Shrouder will send his notes to the City Manager for inclusion. His main goal is to have all money collected through the city and sent to the Optimist Club.

Commissioner Mallozzi agrees that recent issues need addressed but she does not want the Commission to lose sight of all the volunteers that have their heart in the right place.

Commissioner Smith wants to see field rentals, sponsorships and registrations go through the city portal. He wants accountability for the funds.

Mr. Stamm believes the sponsorship tracking is to much. He suggested only checks be accepted.

Commissioner Mallozzi spoke on travel team needs.

Commissioner Katzman said the residents have called for accountability.

Commissioner Mallozzi asked if RecTrac allows sponsorships to be line itemed to a specific team. Assistant Finance Director Tena Granit said yes.

Commissioner Shrouder said they need accountability on money collected.

Mr. Stamm asked about the nonprofit exempt status. Commissioner Shrouder said the city will make sure they are accommodated.

Commissioner Katzman will send his additional thoughts to the City Manager and the City Attorney.

Commissioner Shrouder would like the Optimist Club to start working on these matters. He also asked that F.S. 119 be adhered to.

Commissioner Smith wants the Optimist Club to work with the city and start the measures being adopted.

Commissioner Shrouder said he tried to communicate with the Optimist Club about his concerns.

Commissioner Katzman said he spoke with the Optimist Club about his concerns that are not included in the agreement.

Mr. Stamm said over 900 background checks have been conducted and those are not included in the agreement.

Commissioner Smith said if the Club has concerns, he suggested the club show examples from other municipalities.

Commissioner Shrouder said the city can take over the background checks.

ADJOURNMENT

The meeting adjourned at 8:47 PM.

The minutes of the City Commission Workshop of May 15, 2025 were approved during the regular Commission meeting of June 10, 2025.

Mayor James Curran

Tedra Allen, City Clerk

ADA NOTICE

This meeting is open to the public. In accordance with the Americans with Disabilities Act of 1990, all persons who are disabled and who need special accommodations to participate in this meeting because of that disability should contact the Office of the City Clerk, 954-434-4300 ext. 220, not later than two days prior to such proceeding. One or more members of the City of Cooper City Advisory Boards may be in attendance and may participate at the meeting. Anyone wishing to appeal any decision made by the Cooper City Commission with respect to any matter considered at such meeting or hearing will need a record of the proceedings and, for such purpose, may need to ensure that a verbatim record of the proceedings is made, which record includes the testimony and evidence upon which the appeal is to be based. Agenda items may be viewed online at www.coopercity.gov or at the Office of the City Clerk, City of Cooper City, 9090 SW 50 Place, Cooper City, Florida, 33328, 954-434-4300.

DECORUM

Members of the Commission, staff members, citizens, and others are required to use civil and appropriate language when addressing the Commission or anyone present at the meeting and must refrain from using profanity, cursing, or exhibiting aggressive or threatening behavior. All comments should generally be directed to the presiding officer and not to individual members of the Commission, staff, or the audience. No personal verbal attacks toward any individual by either the Commission, staff, citizens, or others shall be allowed during any meeting of the Commission.

Any persons making impertinent or slanderous remarks or personal attacks or who becomes boisterous while addressing the Commission or who otherwise violates the decorum rules set forth herein shall be barred from further audience before the Commission by the Mayor, or by request of any member of the Commission unless permission to continue or again address the Commission be granted by a majority vote of the Commission members present.

WEBVTT

1

00:00:05.170 --> 00:00:06.650

Cooper City Hall: Hello, everybody!

2

00:00:09.390 --> 00:00:13.549

Cooper City Hall: I'd like to thank you all for coming to the meeting tonight. This is a workshop.

3

00:00:15.780 --> 00:00:29.369

Cooper City Hall: we're working on the facility. Use agreement. I do want to ask my colleagues before we get started. To check your calendars for May 28.th No. Is that the right date? May 28, th we have a commission meeting on the 27.th

4

00:00:29.590 --> 00:00:33.510

Cooper City Hall: Can we check 28th for another workshop on this item?

5

00:00:35.630 --> 00:00:37.080

Cooper City Hall: Yeah. And I'll tell you why,

6

00:00:38.420 --> 00:00:43.380

Cooper City Hall: we're at the disadvantage commissions at a disadvantage right at this moment, just getting this today

7

00:00:43.930 --> 00:00:49.280

Cooper City Hall: they've had it Optimus has had it, and I'm sure that we're all gonna have comments and stuff that we need to.

8

00:00:49.500 --> 00:00:59.839

Cooper City Hall: you know, work out in the next. So it gives us a couple of days to look at the contract. Look at what's going on, and see if we need to add stuff to it. So if you could check your calendars to see if it's possible.

9

00:01:00.675 --> 00:01:10.259

Cooper City Hall: I I'd like to discuss potentially just including it on on the agenda, on the 27.th No, because we have a workshop.

10

00:01:11.510 --> 00:01:18.120

Cooper City Hall: We we have like workshop after workshop, after workshop, and you can't do anything. A workshop. Oh, I don't, I understand. But if we

11

00:01:18.290 --> 00:01:32.160

Cooper City Hall: if we meet on the 28, th and we have this meeting. Any items we bring forward we can go bring to June 10th meeting and be done. Well, you know, we we initially said 45 days, and that was in January. Now we're talking about

12

00:01:32.950 --> 00:01:40.790

Cooper City Hall: June. That's I prefer not even if you don't have a no workshop Commissioner shrouder. It's not coming before June, Mayor.

13

00:01:41.510 --> 00:01:54.290

Cooper City Hall: for all intents and purposes, if we want to hold the 28.th But I'm hoping to get stuff situated, and I can't wait to dive into this. I understand that. Okay. What I'm saying is, I don't think 28th I can hold got it. I'm gonna hold it.

14

00:01:54.960 --> 00:01:55.480

Cooper City Hall: Okay.

15

00:01:55.875 --> 00:01:56.270

Lisa Mallozzi: There!

16

00:01:56.270 --> 00:01:59.669

Cooper City Hall: Path. Optimist, Lisa, you on.

17

00:01:59.670 --> 00:02:04.830

Lisa Mallozzi: I'm on. But the 28th is the Bingo on badges with Dso.

18

00:02:05.390 --> 00:02:06.280

Cooper City Hall: What is it?

19

00:02:06.280 --> 00:02:09.090

Lisa Mallozzi: The Bingo and badges with Dso.

20

00:02:09.240 --> 00:02:14.309

Cooper City Hall: Here's another event, Bingo and badges with Ds, okay, I guess you're gonna have to pick which one's important.

21

00:02:14.863 --> 00:02:19.340

Lisa Mallozzi: I'm just letting you know that there's potentially a conflict. And yes.

22

00:02:19.850 --> 00:02:23.070

Lisa Mallozzi: I can. This is important. So obviously, I would

23

00:02:23.280 --> 00:02:27.370

Lisa Mallozzi: pick this over that. But I'm just letting you know that there's another event.

24

00:02:27.780 --> 00:02:28.450

Cooper City Hall: Okay.

25

00:02:29.210 --> 00:02:30.800

Cooper City Hall: That being said.

26

00:02:31.220 --> 00:02:42.390

Cooper City Hall: I want to make sure that everybody here understands the public comment and everything else. Today we're not going to go back and forth on. We're just going to have it now. Public input will go once, and then I'll invite everybody up

27

00:02:42.490 --> 00:02:47.989

Cooper City Hall: and we'll start this process of digging in. So right now, I guess we go to public comment.

28

00:02:48.860 --> 00:02:50.830

Cooper City Hall: Oh, we gotta do a pension. I'm sorry

29

00:02:55.360 --> 00:03:05.899

Cooper City Hall: I pledge allegiance to the United States of America and to the Republic, for which is one nation under God, physical liberty and justice for all, for all.

30

00:03:06.100 --> 00:03:07.500

Cooper City Hall: Roll call, please.

31

00:03:11.680 --> 00:03:14.450

Cooper City Hall: Commissioner Smith. Here Commissioner Malozi.

32

00:03:14.450 --> 00:03:15.200

Lisa Mallozzi: Here.

33

00:03:15.740 --> 00:03:19.880

Cooper City Hall: Commissioner Katzman here, Commissioner Schrouter, here, Mayor Curran, here

34

00:03:20.800 --> 00:03:22.519

Cooper City Hall: we're gonna go to public comment.

35

00:03:27.820 --> 00:03:29.509

Cooper City Hall: If you have public comment.

36

00:03:29.770 --> 00:03:31.250

Cooper City Hall: Ms, Ted, do you have any issues.

37

00:03:32.724 --> 00:03:38.989

Cooper City Hall: Okay, Mister Noll. Oh, I know

38

00:03:40.260 --> 00:03:43.519

Cooper City Hall: you have my, but my information on file.

39

00:03:44.440 --> 00:03:54.069

Cooper City Hall: They are over there, though, if anybody else wants to speak, and they get a card. Please fill out. When you're done I'll fill it out when I'm done. Okay, I

40

00:03:54.530 --> 00:04:02.985

Cooper City Hall: I spoke to Jacob just a few moments ago, and Commissioner Shrouder and Mister

41

00:04:05.590 --> 00:04:09.919

Cooper City Hall: gosh! I got a sorry. I'm sorry, Commissioner.

42

00:04:10.464 --> 00:04:18.240

Cooper City Hall: Mayor. I believe I had a conversation with you last night. But the the main thing that I want to speak about tonight is

43

00:04:18.390 --> 00:04:24.969

Cooper City Hall: when I read the agreement of the backup. I know that the agreement is pretty in depth

44

00:04:25.250 --> 00:04:36.840

Cooper City Hall: with the indemnification of of the liability between the city and the licensee, which is the optimist.

45

00:04:37.840 --> 00:04:39.199

Cooper City Hall: it's in depth.

46

00:04:39.540 --> 00:04:44.160

Cooper City Hall: But, as you know, I'm in a very litigious

47

00:04:45.330 --> 00:04:50.079

Cooper City Hall: industry of construction, and when a claim is made.

48

00:04:51.840 --> 00:04:58.090

Cooper City Hall: the insurance companies start negotiating of whether they're gonna pay or they're not gonna pay.

49

00:04:58.410 --> 00:05:08.430

Cooper City Hall: because it's cheaper to pay than it is to litigate. We all know that if you've ever been in an auto accident, it it's.

50

00:05:08.790 --> 00:05:19.280

Cooper City Hall: you know, one of those things that it's. You know, it's gonna cost us 50 grand to litigate this and defend it. If we pay 15,000 we could be done and over with.

51

00:05:19.550 --> 00:05:21.939

Cooper City Hall: it's the same thing in a major claim.

52

00:05:22.440 --> 00:05:31.299

Cooper City Hall: And what I did not see in this green. This agreement is the 2 endorsements

53

00:05:31.490 --> 00:05:33.650

Cooper City Hall: that I think is very important.

54

00:05:33.840 --> 00:05:43.790

Cooper City Hall: The the agreement does have the additional insured endorsement required under the contract. That's fine.

55

00:05:44.910 --> 00:05:49.480

Cooper City Hall: but there are. There are endorsements that can be

56

00:05:50.380 --> 00:05:57.850

Cooper City Hall: added to that that protects the city more in-depthly, and that means.

57

00:05:58.730 --> 00:06:01.340

Cooper City Hall: for instance, the waiver of subjugation.

58

00:06:01.440 --> 00:06:10.970

Cooper City Hall: It's a very standard endorsement, and I recommend that this be included in the agreement.

59

00:06:11.250 --> 00:06:19.330

Cooper City Hall: But, more importantly, is the primary and the non contributory endorsement.

60

00:06:20.670 --> 00:06:32.870

Cooper City Hall: Now, I'm gonna leave it to Jacob to go through the legality of disagreement. Because basically.

61

00:06:33.660 --> 00:06:43.869

Cooper City Hall: the Optimus is a sub of the city. Technically, they're a sub. They're they're providing a service

62

00:06:44.100 --> 00:06:45.940

Cooper City Hall: on behalf of the city.

63

00:06:46.370 --> 00:06:57.559

Cooper City Hall: So the primary and non-contributory, I believe, is very important, because when there's a claim

64

00:06:57.810 --> 00:07:08.339

Cooper City Hall: and before litigation, or it goes to trial, insurance companies obviously communicate between themselves.

65

00:07:09.210 --> 00:07:17.880

Cooper City Hall: So what I'd like to see if it's applicable. And Jacob is going to research. This is that the

66

00:07:18.520 --> 00:07:34.459

Cooper City Hall: endorsement of primary and non-contributory means that the licensee or the optimist insurance must pay their entire policy limit

67

00:07:34.930 --> 00:07:42.890

Cooper City Hall: before the city's insurance. If they are liable to pay any money.

68

00:07:43.720 --> 00:08:11.590

Cooper City Hall: If you don't have that endorsement, then the insurance companies can haggle. Well, I'm going to pay 70%. I can pay 30%, or whatever the case may be. But in a case of this, you know, with a case with the optimist, you know, somebody would have to prove gross negligence on behalf of the city, and I just don't see that happening. So at this point.

69

00:08:11.670 --> 00:08:16.379

Cooper City Hall: I would think that you would want to force the optimist insurance

70

00:08:16.490 --> 00:08:23.120

Cooper City Hall: to pay up to their policy limits before any type of

71

00:08:23.320 --> 00:08:27.640

Cooper City Hall: city insurance would kick in if that makes sense.

72

00:08:28.330 --> 00:08:33.599

Cooper City Hall: That's my comments for tonight. Thank you, sir. Yep, Mr. Schachner, it's just here.

73

00:08:43.280 --> 00:08:44.952

Cooper City Hall: Alright. Good evening, everyone.

74

00:08:45.800 --> 00:08:52.959

Cooper City Hall: I was going to talk about. You know the 50 foot view of you know what I've noticed as a coach and as a parent

75

00:08:53.100 --> 00:08:58.460

Cooper City Hall: within the Optimus over the last 8 seasons. But given, you know, the events that happened earlier in the week.

76

00:08:58.890 --> 00:09:03.280

Cooper City Hall: I thought, it's important to look at it from a 5,000 foot view and kind of drop yourself down a little bit.

77

00:09:04.930 --> 00:09:11.540

Cooper City Hall: 1st 5 seasons that we were part of Optimus. It was fantastic. There was one concern, and it was corrected

78

00:09:12.100 --> 00:09:13.650

Cooper City Hall: within hours.

79

00:09:14.330 --> 00:09:17.331

Cooper City Hall: The last 3 seasons have raised concerns.

80

00:09:17.940 --> 00:09:21.819

Cooper City Hall: and I know there is a medium to go into this. You know you go to the meetings.

81

00:09:21.980 --> 00:09:28.930

Cooper City Hall: but in hearing from and seeing how people are treated when they don't say what people want to hear.

82

00:09:29.530 --> 00:09:32.830

Cooper City Hall: it's discouraging, and people don't want to speak.

83

00:09:33.710 --> 00:09:36.130

Cooper City Hall: So I'm kind of speaking on behalf of a lot of people

84

00:09:36.870 --> 00:09:42.069

Cooper City Hall: from a 5,000 foot view, and I know we're working through an agreement with the optimist. Right now.

85

00:09:42.470 --> 00:09:51.559

Cooper City Hall: I think it makes sense that we don't run into a situation of what you know has transpired ever again, all registrations and monies need to be handled by the city

86

00:09:52.020 --> 00:09:56.629

Cooper City Hall: that alleviates the concern and also make sure that the player capacity is optimal.

87

00:09:56.910 --> 00:10:05.840

Cooper City Hall: Some age groups in certain sports are way too big, bigger is not always better because you hit that point of diminishing returns. Then the experience just deteriorates because it's too big.

88

00:10:06.950 --> 00:10:18.579

Cooper City Hall: The the optimist, you know, in the city need to work together on a budget for each league, each season for purchase orders equipped for uniforms, equipment. It should all go through the city city should handle the bidding process

89

00:10:18.830 --> 00:10:21.540

Cooper City Hall: for everything. There should be 3 bids

90

00:10:21.950 --> 00:10:24.660

Cooper City Hall: also there. There should not be, you know.

91

00:10:24.760 --> 00:10:28.840

Cooper City Hall: board members should not be eligible to be part of that bidding process

92

00:10:29.360 --> 00:10:33.935

Cooper City Hall: it. It just kind of clears up the conflict of interest that a lot of people have shared.

93

00:10:34.670 --> 00:10:40.239

Cooper City Hall: you know, there could be deviations. There could be some cost overruns officiating things like that, and that could be worked out.

94

00:10:41.520 --> 00:10:47.139

Cooper City Hall: And that's just right. That's just recommendations. I'm not saying it has to be adopted, but you know just kind of looking at it from a 5,000 foot view.

95

00:10:47.760 --> 00:10:54.809

Cooper City Hall: Now, from a 50 foot view, the there are many things to speak on, and I think you know, it comes down to a culture issue. And

96

00:10:54.950 --> 00:10:56.290

Cooper City Hall: okay, where is he?

97

00:10:56.700 --> 00:11:09.889

Cooper City Hall: You know I I commend you for coming back. You know I I know it can be discouraging, leaving something in a good place and coming back, and it's in a tougher spot. So you know, I commend you for coming back. I do appreciate that.

98

00:11:10.310 --> 00:11:12.890

Cooper City Hall: But some things that I've noticed over the last 3 seasons.

99

00:11:14.240 --> 00:11:17.740

Cooper City Hall: There have been commissioners who are also coaches and League coordinators.

100

00:11:18.668 --> 00:11:22.970

Cooper City Hall: And I'm seeing it more so in baseball than the other sports.

101

00:11:23.900 --> 00:11:36.259

Cooper City Hall: This, this has created a number of challenges. Number one relating to practice schedules for the last 2 seasons, and it would have been this season, possibly until I reached out to the city after not receiving a response from

102

00:11:36.420 --> 00:11:48.640

Cooper City Hall: the optimist. We didn't have any practices scheduled. Once the season started we practiced in plantation sunrise, Weston, Davie, and our batting practice was at the Memorial Hospital, batting cages on the coach's dime.

103

00:11:49.250 --> 00:11:58.039

Cooper City Hall: This should not be the case, but after I reached out to the city within one day everything was on the calendar. It could be coincidence. I don't know.

104

00:11:59.510 --> 00:12:15.790

Cooper City Hall: The other challenge, I've noticed is, you know, baseball is originally set up as a rec league, and travel, you know, has come on over the last few seasons, and it's awesome. It's a great avenue for some kids who are, you know, a higher skill level and, you know, want to take it, you know. Want to want to be a little more competitive than others.

105

00:12:16.420 --> 00:12:19.950

Cooper City Hall: The issue is, it seems that the practice times that Rec wasn't getting

106

00:12:20.160 --> 00:12:23.029

Cooper City Hall: travel is on those fields most of the time.

107

00:12:23.170 --> 00:12:26.469

Cooper City Hall: And so you kind of look and say, Why is that

108

00:12:27.050 --> 00:12:37.380

Cooper City Hall: And that that does bring up the question of the field. Use agreement. You know? How is the League set up? Is it travel? Is it? Rec. Is it both? How do we, you know, make it equitable?

109

00:12:40.180 --> 00:12:41.770

Cooper City Hall: On the same topic.

110

00:12:42.200 --> 00:12:46.189

Cooper City Hall: The rules state that a player can play either Rec or travel, but not both.

111

00:12:46.360 --> 00:12:48.539

Cooper City Hall: But there are plenty of travel players in 10 U.

112

00:12:48.680 --> 00:12:57.050

Cooper City Hall: And they are dominating. Okay, they'll probably dominate 12. You also. It was brought up, and we were kind of poo-pooed about it.

113

00:12:58.190 --> 00:13:12.120

Cooper City Hall: And lastly, and you know, I brought up culture in the beginning. The coaches chat, you know, and we're going to lose a lot of coaches this year. Just because of the way they're being treated, at least on the baseball side.

114

00:13:12.240 --> 00:13:17.229

Cooper City Hall: That coach's chat is set up to post scores as a communication medium for the coaches.

115

00:13:17.520 --> 00:13:22.189

Cooper City Hall: but some of the coaches have shared what goes on in that chat, and the best I could describe it is bullying.

116

00:13:22.900 --> 00:13:31.680

Cooper City Hall: Someone will ask a question or concern, and the response given either by other coaches or the League Commissioner, is consent, condescending comment, or a meme belittling the person.

117

00:13:31.890 --> 00:13:33.320

Cooper City Hall: it's not acceptable.

118

00:13:34.120 --> 00:13:49.659

Cooper City Hall: And so, when you, when you look, you know, top down. Got to kind of look at it and just say, you know, what are the guidelines, what is acceptable? Parents had a code have a code of conduct. And I think really, if the parents and the adults are the ones setting the examples, this shouldn't be happening.

119

00:13:50.330 --> 00:13:53.300

Cooper City Hall: Thank you. Thank you. Is there anybody else?

120

00:13:55.860 --> 00:14:00.479

Cooper City Hall: All right, I'd like to invite the city and the optimist to the table and

121

00:14:01.640 --> 00:14:03.479

Cooper City Hall: thank you all for being here tonight.

122

00:14:08.970 --> 00:14:11.910

Cooper City Hall: Want to go around the room and do a little.

123

00:14:13.830 --> 00:14:18.079

Cooper City Hall: Hi, my name is, and we'll start with

124

00:14:19.860 --> 00:14:25.040

Cooper City Hall: Mr. Slang. Hi! My name is Pete Slang. I'm the current president of the club, Pete.

125

00:14:25.490 --> 00:14:27.079

Cooper City Hall: turn it on the green.

126

00:14:28.190 --> 00:14:31.389

Cooper City Hall: I am Beach Lang. I'm the current president of the club.

127

00:14:32.910 --> 00:14:34.180

Cooper City Hall: Welcome back.

128

00:14:34.660 --> 00:14:44.819

Cooper City Hall: thank you. My name is Wayne Safsky. I've been a member for 21 years on the board for 19, and I am a past president of the club

129

00:14:45.580 --> 00:14:48.529

Cooper City Hall: and a life. Member. Hi! I'm Mike Stam.

130

00:14:48.750 --> 00:14:51.159

Cooper City Hall: I am a the second Vp. Of the club.

131

00:14:53.230 --> 00:14:57.349

Cooper City Hall: It works, you know Alex Royce, you, the manager.

132

00:14:57.890 --> 00:15:12.800

Cooper City Hall: Jennifer McMahon, deputy City manager, Joshua Rhodes, assistant Director of Parks and Recreation. We're good. We're good. Yeah. I'm gonna I'm gonna allow the Commission. If you have any opening comments to start with before we get started. Commissioner Smith. Yes, thank you.

133

00:15:13.000 --> 00:15:14.809

Cooper City Hall: I do have a few

134

00:15:14.940 --> 00:15:20.907

Cooper City Hall: comments and questions. I'm gonna defer this mayor to the city manager. If that's okay, sure.

135

00:15:22.390 --> 00:15:37.159

Cooper City Hall: I want to ask when I'm looking at one through 6, do I assume that the facility use agreement is incorporating numbers 2 through 6 as sub pieces inside of this facilities agreement that need to be exclusively talked about.

136

00:15:37.800 --> 00:16:00.619

Cooper City Hall: The the list of items that you have in front of you. Are items where we have not been able to reach consensus between the club and us. We have met twice and exchange several versions of the agreement. But these are the topics of discussions are the open items. Okay? So facility use agreement is one. And under there I've got

137

00:16:00.640 --> 00:16:20.409

Cooper City Hall: 5 more sections or subsections inside of this facility use agreement. The way I'm looking at it, then, is not the way it's presented. I just want to make certain that when I look at your number 2, it's really not number one. I'm now looking at. How does how do we work through rec track? Correct? Okay? So. So then, at this point

138

00:16:21.510 --> 00:16:27.150

Cooper City Hall: 2 through 6, I'm expecting that at this point you've brought this back.

139

00:16:27.270 --> 00:16:32.430

Cooper City Hall: both sides cannot come to an agreement. And now this is coming for our City

140

00:16:32.690 --> 00:16:37.290

Cooper City Hall: Commission Commission to give us guidance. Look to get closure on and direction right?

141

00:16:37.480 --> 00:16:49.280

Cooper City Hall: And if, in the event we can do that then the 28th is gone, because then this is going to be finalized. No, sir, if there are no other issues that the elected officials want to put on the table.

142

00:16:49.280 --> 00:17:10.050

Cooper City Hall: This has been negotiated without the input from the elected officials. This has been negotiated between the club and and staff, including the city attorney. Okay, I would hope that nobody is looking to add to. We've asked our city to do their work, and I'm hoping at this point we can go ahead and get through these items and wrap this deal up already.

143

00:17:10.339 --> 00:17:12.339

Cooper City Hall: I want to clarify. I use the flavor.

144

00:17:12.740 --> 00:17:29.970

Cooper City Hall: If if we can work through these items tonight. Then yes, we would need the meeting on the 28, th and we can bring this agenda item back. How soon can you bring it back on the 27, th then or no, we can bring it back on the 27.th It might be a late item, but you would have already seen the item. So no, okay, hopefully, pretty good, Commissioner Katzman.

145

00:17:30.430 --> 00:17:32.560

Cooper City Hall: I'm sorry, Commissioner Melosi.

146

00:17:33.240 --> 00:17:35.789

Cooper City Hall: I do it rank as far as simulated.

147

00:17:35.920 --> 00:17:37.999

Cooper City Hall: Commissioner Malosi. Do you have anything.

148

00:17:38.000 --> 00:17:40.860

Lisa Mallozzi: No, I wanna. I want us to move forward and

149

00:17:41.010 --> 00:17:43.419

Lisa Mallozzi: start talking about this right now.

150

00:17:44.940 --> 00:17:45.620

Cooper City Hall: No.

151

00:17:45.900 --> 00:17:46.760

Lisa Mallozzi: No.

152

00:17:46.980 --> 00:17:52.089

Cooper City Hall: No, you if you're talking about the 5 items. Yes, if you're talking about doping into the contract. No.

153

00:17:52.390 --> 00:17:53.690

Lisa Mallozzi: No, I'm talking.

154

00:17:53.690 --> 00:17:54.950

Cooper City Hall: Stay on task tonight.

155

00:17:54.950 --> 00:17:57.010

Lisa Mallozzi: I am. I'm talking about the items. I want us to.

156

00:17:57.010 --> 00:18:00.109

Cooper City Hall: Okay. I'm sorry. I'm sorry the way you said it.

157

00:18:00.110 --> 00:18:01.029

Lisa Mallozzi: Alright. Thank you.

158

00:18:01.640 --> 00:18:22.340

Cooper City Hall: Minister Katzman. Thank you. So we're not talking about the agreement. Our thoughts on the agreement. No, not now. Right now. We're going to stay focused on these 5 items. Right? So I just don't know. And that's what the 28th meeting was asking that I was asking for. If you have items that are different than these. Yeah, I mean, I went through the agreement. I have input on the agreement for tonight.

159

00:18:22.702 --> 00:18:38.160

Cooper City Hall: But it's not if we're planning to discuss it, which I thought we were the other items. I guess we. We have to have a dialogue, because and and I almost would think that maybe the city manager would have us go through each item or something.

160

00:18:38.440 --> 00:18:57.070

Cooper City Hall: These 5, the 5 items. Yeah, that's exactly how it's not. Yeah. They're gonna they're gonna present their side. They're going to present their side. And then we're going to present how we move forward. I'm looking forward to speaking. I don't really have any. Commissioner Schroder. Yeah, I'm ready to speak on these items listed, and I have my own items that I'm going to address.

161

00:18:57.700 --> 00:19:17.770

Cooper City Hall: But we're not. They're not ready to answer them. They'll be addressed here. It's what we're in a workshop for. So I wasn't involved in the negotiation of this, so I would suggest, we start with these, and maybe it will solve some of our individual concerns, and if not, we'll add, you know, we'll discuss those concerns. We have enough time. That's awesome.

162

00:19:17.900 --> 00:19:36.230

Cooper City Hall: That makes sense. I have none. I've got to speak to the city manager before the meeting. My recommendation would be. Either you go from the 1st page to the last, or you start with these 4 or 5 items. And however you guys want to do it, I'm not. I'm going to speak for myself on that. I'm not ready to go past the 5. I got this today, and I didn't even see it till 3 o'clock.

163

00:19:36.750 --> 00:19:43.420

Cooper City Hall: you know. Well, if you disagreement has been circulating in one form or another for 4 years.

164

00:19:45.010 --> 00:19:50.920

Cooper City Hall: But I'm not voting on that one right. I'm voting on this one Mayor, if we can. Please start on those 2. So I can hear what the record issue is.

165

00:19:52.520 --> 00:20:17.719

Cooper City Hall: Yeah. And before I start with the 5 items just to address one of the concerns from the speakers. The agreement in section 4.8 basically gives the director of parks and recreation, the ability to set the number of participants in each of the sports in consultation with the ultimate club, and that is a point that is clearly written here, and it's been agreed to by both parties.

166

00:20:18.130 --> 00:20:19.710

Cooper City Hall: So that's part of that.

167

00:20:20.020 --> 00:20:35.400

Cooper City Hall: So the 1st one is is an issue that had a lot of discussion, which is, how do we work through red track? The city has completed the purchase of the red track upgrade, and we have not upgraded in years. So that has been completed.

168

00:20:35.840 --> 00:20:57.050

Cooper City Hall: And it is going right now through training with the new modules that the system can provide. What we have basically put in the agreement in principle is that there will be a city provided software that is going to be used for reg registration and is also going to be used for other

169

00:20:57.050 --> 00:21:23.519

Cooper City Hall: activities. Now, the the Optimus Club uses another program right now, that gets a lot more in depth into how do they assign referees to a particular games and moving individual players between teams? What we have agreed to is to the extent that retro can provide a lot of that. There will be later on slower migration towards that.

170

00:21:23.520 --> 00:21:30.739

Cooper City Hall: But if we still need to maintain 2 systems, we'll figure out at what point, we transfer data from our system to their system.

171

00:21:30.780 --> 00:21:43.959

Cooper City Hall: so is seamless, but they need to be able to perform some of the other activity that they that they have in their system. I I think I laid out correctly. And people, what's the disagreement on that item?

172

00:21:44.090 --> 00:22:00.139

Cooper City Hall: There, there! There's no disagreement is just the wording that we have is it says it is, is more rewarding of intent on how he's going to operate is so it's operational intent rather than

173

00:22:00.250 --> 00:22:07.470

Cooper City Hall: this is the exact point where we will transfer the information to. You know, to to the ultimate stop.

174

00:22:08.440 --> 00:22:09.240

Cooper City Hall: I would

175

00:22:09.510 --> 00:22:23.509

Cooper City Hall: optus. Do you guys have anything you want to add to this? Will you please bring us to a subsection that we can look at the language? So we see I'm looking for closure tonight on this item. I'm not looking to debate it.

176

00:22:24.020 --> 00:22:26.769

Cooper City Hall: You're not what in all fairness yes.

177

00:22:27.410 --> 00:22:29.149

Cooper City Hall: this is for north of board.

178

00:22:29.640 --> 00:22:41.720

Cooper City Hall: I'm there. Just tell me where you want me to bring my eyes.

179

00:22:42.720 --> 00:22:43.530

Cooper City Hall: The

180

00:22:44.820 --> 00:22:52.689

Cooper City Hall: there's there's 2 components with Rec track, you know. The idea of taking in all the registrations is one item.

181

00:22:53.820 --> 00:22:58.220

Cooper City Hall: but the idea of confirming res and non-res is another item.

182

00:22:58.430 --> 00:23:09.360

Cooper City Hall: But rec track as a sports operational program is not ready for the club to utilize, to schedule games, to to manage teams. It's not there yet has to be built out.

183

00:23:09.490 --> 00:23:16.440

Cooper City Hall: so it's difficult for us to fully agree to operate with rec track. If the program is not fully built out for our operation.

184

00:23:16.900 --> 00:23:36.934

Cooper City Hall: can you please hold a second? Yeah, I do recall from our side. We said that we were 100 from the Commission all in. So what does that mean? What does all in mean to you? And what does build out mean to you when they're saying that that right? So the all in means that

185

00:23:38.670 --> 00:24:05.261

Cooper City Hall: the goal is that the cities provide a software which is in this case Rec track. And we didn't want to list a specific software because it might change throughout the

years. It is going to be the tool by which we will register people. And it's going to be the tool by which you'll check Residency right? Because the the the way that this works is that anybody who's a resident will be already registered in in red track.

186

00:24:05.720 --> 00:24:07.680

Cooper City Hall: how much that

187

00:24:08.030 --> 00:24:18.930

Cooper City Hall: software then continues to get laid out, because, you know we want to be able to use this for field usage and for other things as as we're listed in in the section up here.

188

00:24:19.270 --> 00:24:27.140

Cooper City Hall: how much of that. And how often we can, how quickly we can push. This is something that we're gonna have to work with them on on that.

189

00:24:27.480 --> 00:24:32.710

Cooper City Hall: Okay. But the intent, I think, is, is there that contractual standpoint? How come?

190

00:24:33.210 --> 00:24:40.309

Cooper City Hall: What's wrong with putting language that says that the licensee will use the software designated by the city.

191

00:24:41.187 --> 00:24:45.420

Cooper City Hall: and all registrations will be conducted.

192

00:24:45.750 --> 00:24:59.289

Cooper City Hall: And and when you say registrations, I'm assuming payment as well will be conducted through said software, if I may. It currently says that the participants shall utilize a city, provided software for registrations of players and coaches to confirm Residency

193

00:24:59.470 --> 00:25:07.389

Cooper City Hall: City shall collect a registration fee for all resident participants and registration and a field usage through fee through the software program

194

00:25:07.620 --> 00:25:23.309

Cooper City Hall: from only each non-resident participant as determined by the city provided for the cross reference. Yeah. So the the language where it says to confirm residency that that wouldn't be the only reason why we're using so I wouldn't make it specific. But it also is what you're saying. Yeah. It also

195

00:25:23.930 --> 00:25:32.100

Cooper City Hall: says that it only identifies 2 fees that are going to be collected through that that system as opposed to all registration fees.

196

00:25:32.240 --> 00:26:02.199

Cooper City Hall: So if it's \$200 to register and \$50, that's the or \$15 at the city's fee, the 15 shouldn't be collected the entire 200. If you go to the next bullet point as well, the licensee shall utilize the city provided software for registration of players, coaches, field assignments, payments, provide notifications and alerts to participants, etc. The intent of the article is to provide for the uniform registration of all participants typo through the city, provided software. All parties shall coordinate in good faith to ensure a seamless

197

00:26:02.200 --> 00:26:28.409

Cooper City Hall: registration process for all participants. So the the software can collect all of the money, have 2 different accounts in the collection of the money. One goes directly to them. One goes directly to us. I need it. I need to interrupt because we agree with that. But they're saying our system is not ready to facilitate their operational use. If that's correct, operational use is more, much more than registration.

198

00:26:28.970 --> 00:26:34.490

Cooper City Hall: That that's that's what I was trying to clarify. Please listen. I don't want to be confusing in this

199

00:26:35.410 --> 00:26:57.500

Cooper City Hall: is our system able and ready. If we say green light go, can we operationally meet the need to do what we need to do for them and for us? Election and for monitoring their system. That's my question. No. But when you say, Hold on one second, yes or no, the answer to that is, no, okay. What will that take. Okay.

200

00:26:58.090 --> 00:27:05.089

Cooper City Hall: we need to. The the system is ready to do. What's here is that is able to do the registration.

201

00:27:05.190 --> 00:27:12.430

Cooper City Hall: Okay, it's able to separate the money and say, This money goes to this bank account. This money goes to this bank account. Yeah.

202

00:27:12.720 --> 00:27:41.609

Cooper City Hall: that's not the issue I'm worried about right now. The the operational part is, whatever else goes into their day to day, assignment of fields and everything else that is going to take several months to to do, and it might be into well into the next season. No, they'll maintain their system. And until that happens we'll transfer the data from our system to their system eventually. It's not

203

00:27:41.660 --> 00:27:52.589

Cooper City Hall: efficient, for you know, for the for the parties to have 2 different systems. So the goal expressed in here is that we are going to work towards having everything in our system.

204

00:27:52.760 --> 00:27:54.430

Lisa Mallozzi: Can I jump in? Can I jump in.

205

00:27:54.430 --> 00:27:59.590

Cooper City Hall: One second one second. So from your perspective.

206

00:27:59.810 --> 00:28:08.379

Cooper City Hall: you guys agree with that. But your frustration point on agreeing to this is that you gotta wait 7 months and run 2 2 parallel systems. Is that your issue.

207

00:28:08.800 --> 00:28:14.329

Cooper City Hall: Commissioner? In all fairness? That's a yes and no answer. Okay? And I need to be vague because our systems.

208

00:28:14.660 --> 00:28:19.490

Cooper City Hall: the way our our websites are maintained and paid for is through registration fees.

209

00:28:19.940 --> 00:28:44.390

Cooper City Hall: So there's a user fee that goes on there. So then, we will now be paying for extra fees to maintain our own systems. Do you do? Have we sent to the city what that fee is going to be to offset that cost for you guys, if, since that's our problem for 7 months, so it partially varies and it's based on the size of the registration, the cost of the registration, the fees it gets amended. The other part is is that we were trying to come up with a hybrid. And if you look at some, there's other language in here like. So, for example, if you look at the 1, 2, 3, 4, 5,

210

00:28:44.390 --> 00:28:52.690

Cooper City Hall: 5, th 6 bullet point that's in green, you know. We just think that we agree that we want to work towards this. But we think this needs to be paused until the system can be built out and can be tested.

211

00:28:53.210 --> 00:28:54.199

Cooper City Hall: You know.

212

00:28:54.510 --> 00:29:02.240

Cooper City Hall: we think that we could come up with a hybrid. Could we register through your system, and it give a unique identifier. Yet we still pay through our system, so we can confirm res non res

213

00:29:02.440 --> 00:29:06.739

Cooper City Hall: no, no, no, no, that it's slick. I I picked up on it.

214

00:29:06.740 --> 00:29:08.429

Lisa Mallozzi: Sorry, can I? Can I cut in.

215

00:29:08.430 --> 00:29:09.950

Cooper City Hall: No working, no.

216

00:29:09.950 --> 00:29:11.320

Lisa Mallozzi: Commissioner Schroeder.

217

00:29:11.490 --> 00:29:12.670

Cooper City Hall: Now let me finish. Lisa.

218

00:29:12.670 --> 00:29:15.429

Lisa Mallozzi: No, because I was waiting. You're you're jumping on.

219

00:29:16.002 --> 00:29:34.609

Cooper City Hall: Payment goes through us. If you want to hit a button to schedule where they're gonna play on what day on your shift you can do that. And eventually, if ours has that capability, it's gonna be amazing. But the payment needs to be collected through us. Let's not get off of that so? Not endeavor not hopefully. The money needs to come to the city Cooper City. It's not ready.

220

00:29:34.610 --> 00:29:47.640

Cooper City Hall: It is that part is ready. That part is that part ready. They cannot give us a list. We cannot get something that can upload from your system to our system. At this moment it is ready. We could collect the money and the registrations. Today, you guys are arguing about 2 separate things here

221

00:29:47.700 --> 00:30:06.690

Cooper City Hall: because you're conflating it. No, no, he's not. And and be careful the way you talk to him. Okay, I'm just going to say that. No, no, no, you can collect the money. We don't care about that. Well, then, why are you saying you didn't finish? No, we don't care about the collection of the money. We are worried about running a program.

222

00:30:06.690 --> 00:30:19.119

Cooper City Hall: And right now you collect all the money. We don't have all the data, the names to pick teams to divide teams to tell them. If you do, we hit an export and we send it over. It's not enough, it does. It doesn't work in our system doesn't work.

223

00:30:19.570 --> 00:30:39.969

Cooper City Hall: So then, he said, the League module, where you can do everything you could hit. Okay, I want to. I want to schedule X. Amount of games on these days of the week is not built out yet that League module us hitting export on people who paid can be done like that. Then how do I get all of those people into our system imported.

224

00:30:39.970 --> 00:30:51.270

Cooper City Hall: You can't. It doesn't work that way. And that's what that's what we explained before. That's why we were trying to figure out a hybrid until these things can do what they're supposed to do as long as the hybrid involves us collecting the money

225

00:30:51.280 --> 00:31:03.039

Cooper City Hall: does your system have? It doesn't have an import feature. I. Your system has import feature, because the way yours is our system doesn't because you have to. You just like just like your system. Right now, you register for a daddy daughter dance.

226

00:31:03.390 --> 00:31:22.529

Cooper City Hall: You create a profile for your family. Okay, that same profile doesn't transfer over to our system. We can't just upload 600 baseball players from excel. Yeah, you yeah. It's through a through a database. We can't just upload 600 users right into the account. It just doesn't work that way.

227

00:31:22.530 --> 00:31:23.800

Lisa Mallozzi: Point of information.

228

00:31:24.110 --> 00:31:25.010

Cooper City Hall: Go ahead!

229

00:31:25.010 --> 00:31:26.040

Lisa Mallozzi: Thank you.

230

00:31:26.430 --> 00:31:33.429

Lisa Mallozzi: And and again I apologize for not being there. I had a family emergency. I'm out of state dealing with it, so

231

00:31:33.560 --> 00:31:41.189

Lisa Mallozzi: thank you for your patience and understanding. But remember that I am here, and it's frustrating not being able to interject

232

00:31:41.430 --> 00:31:46.140

Lisa Mallozzi: Mr. City manager, and or whomever can answer this question.

233

00:31:46.630 --> 00:31:54.519

Lisa Mallozzi: I understand retract can work 1,000% because it is proven and it works in our city.

234

00:31:55.170 --> 00:31:56.630

Lisa Mallozzi: Can we?

235

00:31:57.940 --> 00:32:01.910

Lisa Mallozzi: Because we need to somehow get

236

00:32:02.250 --> 00:32:08.359

Lisa Mallozzi: little Susie's name into an optimist program so that they can

237

00:32:08.780 --> 00:32:15.949

Lisa Mallozzi: schedule little Susie the way that they need, and then assign her to a team. Is it possible

238

00:32:16.100 --> 00:32:24.480

Lisa Mallozzi: to. And I'm just throwing out a number. Is it possible to add, let's say, a dollar to a registration fee?

239

00:32:24.790 --> 00:32:35.339

Lisa Mallozzi: So that way we can pay someone to import little Susie's name from our if we, if we export all a list.

240

00:32:35.720 --> 00:32:39.639

Lisa Mallozzi: and then give that to little to Mrs. Smith.

241

00:32:39.900 --> 00:32:55.730

Lisa Mallozzi: to then import all of the data, and we can give her a dollar per name. And we could add that to the registration and then import all of that into the optimist website or whatever software they use.

242

00:32:55.890 --> 00:33:09.160

Lisa Mallozzi: And then they can have little Susie, little little Johnny, and everyone's information into their website that way. It's not additional work for them, because we know that, you know they're.

243

00:33:09.580 --> 00:33:10.920

Cooper City Hall: It's not making sense.

244

00:33:10.920 --> 00:33:19.599

Lisa Mallozzi: It is making sense that way we're paying. We're we're paying someone to do it. But we're adding, we're tacking that on as a dollar a person.

245

00:33:19.600 --> 00:33:23.129

Cooper City Hall: Okay, we're we're okay there, Lisa. I got a point of order for that, though.

246

00:33:23.130 --> 00:33:23.690

Lisa Mallozzi: Okay.

247

00:33:23.690 --> 00:33:32.700

Cooper City Hall: Aren't you hiring somebody? Didn't you just hire somebody to do this? Aren't you putting a thing out for a rec director or a Rec. That's gonna take care of all this.

248

00:33:32.930 --> 00:33:40.910

Cooper City Hall: But to answer Commissioner Malosi's question, the answer is, yes, but we don't need to add a dollar, because you're already paying for one. You're hiring somebody to do this.

249

00:33:41.230 --> 00:33:42.660

Cooper City Hall: Yeah, we're correct.

250

00:33:42.800 --> 00:34:02.520

Cooper City Hall: No, we're not hiring anybody to do data entry. Wait a minute. Wait a minute, because I got data entry. No, no, I was under the impression when you told me you were hiring somebody to take care of rec track. Yes, no, no, not wreck, I mean, you told me they were taking care of recreational park attendance, so they can handle this.

251

00:34:03.160 --> 00:34:10.670

Cooper City Hall: What Commissioner Malosi is suggesting is having a data entry person, which is a very different level than

252

00:34:10.860 --> 00:34:16.849

Cooper City Hall: no. You just keep adding, people can put the information in. That's what the Commission.

253

00:34:16.850 --> 00:34:33.339

Lisa Mallozzi: And that would be. And that would be just to until our software is at the level that the optimist need which which we know that it is not. It is, it is. It is at a great level for

254

00:34:34.560 --> 00:34:40.690

Lisa Mallozzi: them, enrolling and for us to collect the money. But it is not at the level that they can use to

255

00:34:41.190 --> 00:34:54.789

Lisa Mallozzi: teams not at the level, for them to assign teams and to assign practices. We know that because we have not done that yet. The city manager has also just agreed that it is not at that level yet.

256

00:34:55.610 --> 00:34:59.489

Cooper City Hall: Lisa. What we would do is we would start with one sport

257

00:34:59.670 --> 00:35:08.289

Cooper City Hall: and we onboard like every other software in the world, you onboard, and then you go the next sport. You don't do all in one day. It's it's pretty easy.

258

00:35:08.600 --> 00:35:12.230

Cooper City Hall: It's easy, easy easy that if there's.

259

00:35:12.230 --> 00:35:21.109

Lisa Mallozzi: At Lion. The city manager literally just said that our software is not at the level that they need.

260

00:35:21.530 --> 00:35:23.140

Lisa Mallozzi: He just said it.

261

00:35:24.070 --> 00:35:31.520

Cooper City Hall: For that's for operational. You need League scheduling correct. The League scheduling is is.

262

00:35:31.520 --> 00:35:35.619

Lisa Mallozzi: So that is so. That is why they need someone

263

00:35:36.130 --> 00:35:39.510

Lisa Mallozzi: put all of the information into their system.

264

00:35:39.820 --> 00:35:45.410

Cooper City Hall: No commission. Give me one second, please

265

00:35:46.970 --> 00:35:53.880

Cooper City Hall: please don't debate with my other colleague on zoom right now. No, no, no, but yeah, I think the

266

00:35:54.630 --> 00:35:55.959

Cooper City Hall: she's onto something.

267

00:35:56.600 --> 00:36:05.210

Cooper City Hall: If the if the registration needs to go up by a couple of dollars to pay for somebody to do that entry until their system can upload the information.

268

00:36:05.620 --> 00:36:20.630

Cooper City Hall: Then that can work, you know. We'll we'll give them. They will give them the download of the data, and if their system cannot upload it. Then there will be, you know, somebody's data entry work. Thank you for. Thank you for the insight. I got a question.

269

00:36:21.080 --> 00:36:24.000

Cooper City Hall: But before my question. I need to give you a statement.

270

00:36:26.170 --> 00:36:34.570

Cooper City Hall: We right now at this side of the table, and Commissioner Melosi represent all of you that are residents, all that are here, those that are watching.

271

00:36:34.830 --> 00:36:44.219

Cooper City Hall: and we are in a situation that everyone is saying either 2 things, either. Wow! I can't believe what just happened in the last week.

272

00:36:44.540 --> 00:36:46.679

Cooper City Hall: or they're saying I told you so.

273

00:36:46.920 --> 00:36:52.710

Cooper City Hall: One of the 2 things are happening. So here's where I can't speak for my colleagues. But I want you to hear from me.

274

00:36:53.330 --> 00:37:14.889

Cooper City Hall: I now have to be able to look at you. Look at every other resident and be accountable. Now, if we're gonna be in an exclusive partnership where the optimist is Cooper City, because that's sort of the opinion this is the desire. This is the interest this has been since I've known it then we need to. Now figure out

275

00:37:15.100 --> 00:37:16.959

Cooper City Hall: this 1 point.

276

00:37:17.450 --> 00:37:24.410

Cooper City Hall: I can't have any fuzziness in this statement to you guys, when you guys give me an answer.

277

00:37:25.100 --> 00:37:54.809

Cooper City Hall: I have to now unequivocally see dollars come in and be accountable for those dollars, and I think the residents are demanding that from me. So that's my position. So now, knowing that I'm going to ask you guys, what do you need to do in order to make what we have in our system. What do we need to do to make it work? Is there money from our side that Commission needs to figure out how to find to assist. So the

278

00:37:55.070 --> 00:38:12.480

Cooper City Hall: transition isn't costing the optimist additional unaccountable money that wasn't necessarily budgeted for. What is that? I'm looking? Not necessarily for a nice answer. I'm looking for the solution. So we can then pivot to the city and look to make this happen.

279

00:38:12.640 --> 00:38:19.799

Cooper City Hall: So I'm gonna let Mike understands the registration system better than everybody in our club. I'm gonna let him answer that.

280

00:38:20.100 --> 00:38:21.030

Cooper City Hall: But

281

00:38:21.940 --> 00:38:32.979

Cooper City Hall: if this team doesn't trust what this club is doing by replacing what just happened and people sitting here trying to fix it. Then we should probably stop the club.

282

00:38:34.450 --> 00:38:46.629

Cooper City Hall: The group needs to realize that we are trying to fix a problem, but to simply stay there and say, we don't trust you guys at all anymore. I hate that. I hate that, Pete.

283

00:38:46.760 --> 00:38:58.790

Cooper City Hall: whether we hate it or not. That's what happened, and that's not where we're at. So, therefore my question was very clear, not pointing fingers asking for a solution of what you all need

284

00:38:59.230 --> 00:39:09.910

Cooper City Hall: from a League standpoint to get the job done. So I, on this side of the house, can be accountable to my residents. Help me out, Commissioner. I think there's there's 2 parts here.

285

00:39:10.550 --> 00:39:11.689

Cooper City Hall: number one.

286

00:39:12.090 --> 00:39:16.439

Cooper City Hall: the and and again, I don't want to get to the indictment, but I need to mention the indictment.

287

00:39:17.590 --> 00:39:21.610

Cooper City Hall: The indictment was a Zell transfer. It wasn't a registration issue.

288

00:39:22.020 --> 00:39:33.150

Cooper City Hall: Okay? So it had nothing to do with registration. I I that's just again, I'm only reading what's in the indictment. Whatever else is out there is hearsay. What's in the indictment? That was not a registration issue. Okay.

289

00:39:33.420 --> 00:39:38.379

Cooper City Hall: the second part is is that during one of our meetings we discussed the hybrid until this thing is ready to go.

290

00:39:38.650 --> 00:40:03.119

Cooper City Hall: If you look at the language we put in here, and that's why there's so many different colors is that we think there's a compromise until we can build out this system. So you're so just interrupt on your topic, staying on your point of view. Page 3. You're the green. You're the second bullet from the bottom is where my eyes are. And so the residents and everyone follow along on this could could understand what you're saying. Is that correct? Correct? Okay. So from that point, please take it over again. So

291

00:40:03.200 --> 00:40:08.999

Cooper City Hall: what I said here is references to city software and city collection of fees should be removed at this time.

292

00:40:09.100 --> 00:40:17.680

Cooper City Hall: so that the club can work in good faith towards a process that allows a better accounting of the residential fees and all the users. Now, why do I say that? Yes.

293

00:40:18.290 --> 00:40:20.949

Cooper City Hall: so right now there's other things in this agreement.

294

00:40:21.600 --> 00:40:23.140

Cooper City Hall: All right. For example.

295

00:40:23.280 --> 00:40:29.190

Cooper City Hall: city manager talked about the possibility of let's say we need to add a coach at the end.

296

00:40:29.370 --> 00:40:36.100

Cooper City Hall: We don't have a coach, and we want to be able to provide a discount to that coach. Well, that fee has already been paid. Who's gonna be processing the refunds.

297

00:40:36.430 --> 00:40:40.329

Cooper City Hall: Okay, these are things that logistically, we still have to work out.

298

00:40:41.260 --> 00:40:43.490

Cooper City Hall: We are not balking at this idea.

299

00:40:43.750 --> 00:40:46.329

Cooper City Hall: We just do not believe at this moment. In time

300

00:40:47.400 --> 00:40:51.380

Cooper City Hall: we are ready to put this into an agreement, because this isn't built out this way.

301

00:40:52.540 --> 00:41:00.439

Cooper City Hall: And and I I say this respectfully, there's there's this is, there's moving parts. So what we proposed, which seemed to be taking some traction was a hybrid

302

00:41:01.010 --> 00:41:05.760

Cooper City Hall: where our users will register inside rec track.

303

00:41:06.340 --> 00:41:15.839

Cooper City Hall: We'll pop out a unique identifier code, whether it's a residential or a non-residential. And then we can invoice them when they register in our system as a non res or res based on that issue.

304

00:41:16.220 --> 00:41:19.040

Cooper City Hall: And then we provide you with the accounting that follows along with that.

305

00:41:20.540 --> 00:41:27.199

Cooper City Hall: Until this can work all the way around. We shouldn't have data entry people. The families are going to do that stuff.

306

00:41:28.860 --> 00:41:32.099

Cooper City Hall: You. When this came to me first, st

307

00:41:32.820 --> 00:41:39.339

Cooper City Hall: this was an issue where the city was spending an enormous amount of time checking resident versus non-resident.

308

00:41:40.870 --> 00:41:42.820

Cooper City Hall: I was getting emails from your staff.

309

00:41:43.390 --> 00:41:47.399

Cooper City Hall: questioning the data that was uploaded by User X,

310

00:41:48.270 --> 00:41:54.110

Cooper City Hall: a resident in Southwest ranches who gets Cooper City Water, who has a Cooper City driver's license, got the Cooper City rate.

311

00:41:55.370 --> 00:41:58.549

Cooper City Hall: and we somehow owed you \$65 because we missed it.

312

00:41:59.170 --> 00:42:00.520

Cooper City Hall: That's where this started.

313

00:42:01.490 --> 00:42:05.460

Cooper City Hall: Now, we're into this other issue because of this other thing

314

00:42:06.360 --> 00:42:09.209

Cooper City Hall: we're asking until this can be built out

315

00:42:09.950 --> 00:42:22.629

Cooper City Hall: that we've got to work through this incrementally, so that it works for not only the city, for our families and for the club, so may I ask, and then I'll yield the floor because I'm sure other commissioners want to ask or have questions.

316

00:42:23.710 --> 00:42:35.010

Cooper City Hall: Other optimists is located, whether you want to use broward or tri-county. What system do those cities? And do those optimists use hybrids of both, sir?

317

00:42:35.440 --> 00:42:54.160

Cooper City Hall: So right now make it up. Pembroke Pines, Pembroke pines has 3 optimist clubs. They use their own registration system, who who uses their own registration. You register through their systems, whose system the club systems. So the city does not register correct at all. The city runs their own soccer program.

318

00:42:54.290 --> 00:42:59.979

Cooper City Hall: You register through the city system for soccer. The optimists run baseball, football and some other sports

319

00:43:00.370 --> 00:43:04.779

Cooper City Hall: and travel sports. They use their own systems. Plantation uses rec track

320

00:43:04.920 --> 00:43:07.240

Cooper City Hall: for registration, but they don't collect fees.

321

00:43:07.400 --> 00:43:09.727

Cooper City Hall: The fees stay with the club, the

322

00:43:10.440 --> 00:43:16.010

Cooper City Hall: It's the way it was described to me. No, you go on plantations. You sign up. You pay right through there.

323

00:43:16.400 --> 00:43:19.060

Cooper City Hall: I they told me differently. Wait! Listen.

324

00:43:19.540 --> 00:43:21.330

Cooper City Hall: You're very intelligent.

325

00:43:21.330 --> 00:43:34.829

Lisa Mallozzi: Plantation had an issue years ago, where there was a massive scandal, and they they changed it, be because of the scandal. And unfortunately Commissioner Shrouder was right.

326

00:43:35.690 --> 00:43:43.400

Cooper City Hall: Yeah. So maybe it's not for all the sports. I talked to the soccer firm. So let's get back to it.

327

00:43:45.070 --> 00:43:49.839

Cooper City Hall: Let's be very clear the money is going to be collected to the city of Cooper City. That's my position.

328

00:43:50.440 --> 00:43:53.739

Cooper City Hall: That's my, that's my position. If that's not your guys position. That's fine.

329

00:43:53.870 --> 00:44:00.750

Cooper City Hall: but that's my position. So when you collect it through the city of Cooper City, so it I I

330

00:44:00.990 --> 00:44:03.219

Cooper City Hall: I just want to be candid, go ahead.

331

00:44:04.420 --> 00:44:06.690

Cooper City Hall: If you're just looking at registration dollars.

332

00:44:08.700 --> 00:44:09.929

Cooper City Hall: Is that the issue?

333

00:44:11.180 --> 00:44:22.169

Cooper City Hall: The why would you guys have a problem with the city collecting the money? The system's not set up for you. Yes, it is. We just told you that. Okay, is it set up to do that, Mr. Rhodes?

334

00:44:22.400 --> 00:44:48.470

Cooper City Hall: Yes, the system can take the registration dollars. We can do a registration right now, we can do registration, and you can organize by each group is that the whole idea of what we're doing tonight has multiple. No, it has multiple today today, when you put this program online today, it's going to take money. And that's it. No, we can register kids and take money correct.

335

00:44:49.750 --> 00:44:57.120

Cooper City Hall: depending on what you if you want the system to do what you're asking for, what he asked me to do right now do registration. Yes, it can do that.

336

00:44:57.650 --> 00:45:13.700

Cooper City Hall: So you could put 200 kids to play baseball. Yeah, I can give you 200 kids baseball. Give you a roster. Do you listen to those 200 kids? Export it? However, you want that roster. Are you in your system? Can import? Yes, it can. A woman pulled up? I just looked it up.

337

00:45:14.090 --> 00:45:22.129

Cooper City Hall: I can't. I can't take 600 registrations and just pull it into our system manually. It doesn't work that way.

338

00:45:22.130 --> 00:45:39.339

Lisa Mallozzi: Can. If you pay someone to data, entry them right into your system, it's no different than if I were to go. And I I'm I'm trying to find a hybrid. I'm air quoting hybrid to work with both parties here.

339

00:45:39.340 --> 00:45:40.130

Cooper City Hall: You found it, Lisa.

340

00:45:40.130 --> 00:45:44.040

Lisa Mallozzi: I understand that, but I'm trying to make everybody happy right now.

341

00:45:44.350 --> 00:45:55.270

Lisa Mallozzi: and even the city manager agrees that I might be onto something if we can up a registration fee by one or \$2, pay someone to enter that information into the optimist system

342

00:45:55.350 --> 00:46:14.600

Lisa Mallozzi: and get all the information to you so that you can do everything you need to do, to schedule the games, to, to assign the referees, to do everything that you need to do,

then that does gives you everything that you need. Mike Stam. It may not be the optimum thing that you want, but is that something that you can work with.

343

00:46:18.160 --> 00:46:20.820

Cooper City Hall: Mister Manager, you can't answer that right, Mr. Manager. I got a question.

344

00:46:20.820 --> 00:46:25.580

Lisa Mallozzi: I mean. But I am asking that question. Is that something you can work with.

345

00:46:27.395 --> 00:46:28.180

Cooper City Hall: Okay.

346

00:46:28.360 --> 00:46:34.959

Cooper City Hall: So then, what happens is that person no longer longer has access to their own account. Inside our system.

347

00:46:35.280 --> 00:46:45.590

Cooper City Hall: They have their own unique email. They have their own, I mean, and all that stuff is tied to everything they do in the system, whether it's contact, information for gains, cancellations, everything. I mean

348

00:46:46.450 --> 00:46:59.240

Cooper City Hall: email. That's exactly it. So now you're going to have one person responsible for all those people's individual accounts, 1 1 question that you're presenting, that I want you to hear how I ask it.

349

00:46:59.480 --> 00:47:17.019

Cooper City Hall: And then, if they say something, this is gonna get quite interesting for me, you said it's going to take 7 months. Is that the number you said to but get out the or to roll out the upgraded system to meet their need? Is that the number. That's our our estimate in terms of why doing?

350

00:47:17.940 --> 00:47:26.349

Cooper City Hall: Why? Why can't it be purchased next week? And then we already purchased the system? No, no. Then why would we have to wait 7 months for a rollout

351

00:47:28.010 --> 00:47:43.320

Cooper City Hall: when you purchase a system, and you want to make sure that all of the capabilities that they want are addressed in the system. It takes time. You you don't do that overnight. These are package softwares

352

00:47:43.380 --> 00:47:59.429

Cooper City Hall: that have all of the tools embedded in them. But if they want to, you know, make sure that every little thing that the other thing other program does it? It takes time what we are ready to do right now is register. People

353

00:47:59.550 --> 00:48:12.470

Cooper City Hall: account account for the rest that's not good for us. What if we want more? What is good going to take if I wanted to take that complaint off the table tonight, if I told you I don't want to hear that complaint. What is it going to take.

354

00:48:12.910 --> 00:48:18.530

Cooper City Hall: How much money do you need to do it all right away? I want it live next week. What is it? Gonna take?

355

00:48:18.660 --> 00:48:22.530

Cooper City Hall: That's not possible. I don't know that. Don't say it's not possible. We go to the moon.

356

00:48:22.690 --> 00:48:48.670

Cooper City Hall: What will it take if we're going to go live within a week, or something like that. It would just take staff. My hours, Jonathan. Hours, not overtime. Just non distraction from other duties focus on this only one task, and that that takes the time away from doing other responsibilities in the city. So dividing our work up to do the hours, it takes time. That's where the time comes at, but we can get things done a little faster.

357

00:48:48.670 --> 00:48:49.309

Lisa Mallozzi: Sure, then.

358

00:48:49.310 --> 00:48:52.119

Cooper City Hall: It might have been a report.

359

00:48:52.120 --> 00:48:58.820

Lisa Mallozzi: Point of information. When is the next sport registering, or what sport are we currently registering for now.

360

00:48:59.060 --> 00:48:59.760

Cooper City Hall: It means

361

00:48:59.980 --> 00:49:05.509

Cooper City Hall: we're in the process of registering for flag football, which starts in July the end of August.

362

00:49:05.510 --> 00:49:08.940

Lisa Mallozzi: And how on average, how many, how many.

363

00:49:08.940 --> 00:49:09.469

Cooper City Hall: Like most of it.

364

00:49:09.470 --> 00:49:12.079

Lisa Mallozzi: Are in flag football on average.

365

00:49:13.300 --> 00:49:14.729

Cooper City Hall: 400 400, give or take.

366

00:49:14.730 --> 00:49:38.580

Lisa Mallozzi: So that should be something that rec track could easily handle, and just to see if the system works, and as a a trial to see if any bugs need to be worked out, I would say that we should try to work it, and if that would be, how that would be the the test subject.

367

00:49:39.210 --> 00:50:06.970

Lisa Mallozzi: and any bugs that need to be worked out, because that is a relatively, I'm air quoting small sport, and I'm sure Sam Giha would be very mad at me for saying that, and I don't mean that offensively, but that might be something to try and work out all the bugs, and then we can see where we need to focus our energy on on bugs to fix with web track. And if I am speaking illogically, please

368

00:50:06.970 --> 00:50:11.089

Lisa Mallozzi: somebody correct me, but I think that is a logical next step.

369

00:50:12.470 --> 00:50:15.339

Cooper City Hall: And we could literally launch this tomorrow.

370

00:50:15.340 --> 00:50:24.800

Cooper City Hall: I'm sorry, Lisa. Sorry calling the wife, so I think we need to back up. I think we we met here. What was it? February.

371

00:50:25.250 --> 00:50:52.149

Cooper City Hall: February was the last meeting. Right? Give or take, and we directed this to move forward from the Commission side, and it doesn't seem like a whole lot's been done. At least from the Rec. Track side. Seems like we didn't. We haven't done anything. So that's my number one, my number 2, we have upgraded the system. Okay, my number 2 comment is, I just wanna back up a little. So there's clarity from the commission side, and this is not intentionally

372

00:50:52.580 --> 00:51:14.349

Cooper City Hall: going. This is not to make people feel like they're not trusted, or any of that. But I do think that we are getting the directive from from the 35,000 people that we serve, that all money, not just registration, all money and sessions, sponsorships, everything needs to come through the city. So that's where I'm at

373

00:51:14.780 --> 00:51:27.260

Cooper City Hall: it seems to be a consensus up here. I don't know if I'm if I'm sure about that or not. But I think there needs to be a consensus from the Commission, so that there's a starting point on the finances.

374

00:51:27.768 --> 00:51:31.490

Cooper City Hall: So let me make sure I understand this right, because we're right back to what Pete said.

375

00:51:32.090 --> 00:51:40.930

Cooper City Hall: Are you saying you don't trust them. Put the money? No, no, I know you do, Ryan. You've made your point clear. That's fine. I'm saying that there have been incidences.

376

00:51:42.020 --> 00:51:49.140

Cooper City Hall: and there is a lack of trust from the community, and it was not just a Zelle transaction.

377

00:51:49.430 --> 00:51:50.590

Cooper City Hall: It was

378

00:51:50.840 --> 00:52:01.369

Cooper City Hall: concessions. Allegedly it was not a registration or or it was not one area of it was a sponsorship.

379

00:52:02.090 --> 00:52:04.530

Cooper City Hall: multiple sponsorships, concessions.

380

00:52:04.730 --> 00:52:21.209

Cooper City Hall: a variety of different factors that have shown the Commission. We are here for a fiduciary responsibility on behalf of the residents of Cooper city, and we have to make sure that the residents finances, are protected.

381

00:52:21.560 --> 00:52:22.850

Cooper City Hall: We have

382

00:52:23.170 --> 00:52:30.279

Cooper City Hall: currently remove that person until he's proven guilty, because right now it's still innocent in the United States.

383

00:52:32.060 --> 00:52:48.370

Cooper City Hall: you know. But by saying that okay, we appreciate you all you've done, but we still don't trust you, and we want all the money to come here. I mean, then run the program. What's what's the problem with the city taking the money and then giving it back? And there's accounting

384

00:52:49.130 --> 00:52:57.020

Cooper City Hall: building out this, and it's just a stick in the eye to say you can run the programs. But we don't trust you to do anything else

385

00:52:57.900 --> 00:53:02.670

Cooper City Hall: it's easier. It's volunteers. It's easier if we help track the money. Can I go?

386

00:53:03.480 --> 00:53:05.279

Cooper City Hall: So I'm I'm confused.

387

00:53:06.430 --> 00:53:08.190

Cooper City Hall: We don't want to run it.

388

00:53:09.140 --> 00:53:12.490

Cooper City Hall: Okay. So so then. So then.

389

00:53:12.630 --> 00:53:28.440

Cooper City Hall: I want you to understand, Pete. I am in a situation as an elected official, that people are going to wonder why I'm having a problem with a 3rd party vendor optimus. Forget it. I'm not looking. This is business.

390

00:53:28.670 --> 00:53:56.920

Cooper City Hall: This is not a friendship issue right now I like you. But this is business. So at \$35,000, at 35,000 in residents that essentially are encompassed on Google. If that's the

number today, my point would be in agreeing with Commissioner Katzman is, we're looking for solution. And here's my question. You heard if we wanted to implement immediately

391

00:53:56.940 --> 00:54:26.060

Cooper City Hall: what this would look like. So going back to what Commissioner Melosi said, Commissioner Shrouder said, what would be the issue with starting then, with one of our programs, not all of them, and working through that registration process in its entirety from the beginning to the end, doing whatever it's going to take. So it does not impede all the other programs that may or may not be going on. So we can see. Okay, it works. We need additional

392

00:54:26.060 --> 00:54:34.969

Cooper City Hall: plugins for something that you need for scheduling wise that maybe they didn't know needed to be adapted the module that would allow

393

00:54:35.340 --> 00:54:45.319

Cooper City Hall: the the individual life. You know the this is the non resist, so that that information can be uploaded so that we don't.

394

00:54:45.560 --> 00:55:10.549

Cooper City Hall: The the hard part is registering with you, and then manually, or whatever doing it again in our system, if you can expedite the connection so that that data right can easily get in, and then you can add the other things as quick as you possibly can. I'm gonna tell you what's not on my city bio is that I've dealt with coding. And I can actually talk to a wizard right

395

00:55:10.550 --> 00:55:20.859

Cooper City Hall: now that can make that happen, probably in 45 seconds. So we can make that happen. I feel like this like catsman already, said Commissioner. This was supposed to be done.

396

00:55:21.220 --> 00:55:23.350

Cooper City Hall: This is, should be at this level.

397

00:55:23.750 --> 00:55:51.299

Cooper City Hall: This is completely destroying the timeframe. And what you guys should have already had done. This is ridiculous. This did not get handled. What we left you guys to get done with. I'm just going to be clear. So maybe maybe there will be no more confusion. We can rewind this back later to understand where at least I'm at. It sounds like the Commission's at, but I don't want to speak for each one. But I want to get business done for you and for our residents. My question is, can we start with one of the programs in its entirety?

398

00:55:51.710 --> 00:55:59.240

Lisa Mallozzi: We can start with softball, which would the which would which has not started registration. Yet I understand.

399

00:55:59.240 --> 00:56:02.990

Cooper City Hall: We're waiting for the optimist. Answer, Melosi, that was to the optimist.

400

00:56:02.990 --> 00:56:04.120

Lisa Mallozzi: Oh, sorry!

401

00:56:04.950 --> 00:56:10.439

Cooper City Hall: So, Commissioner, ideally, that is kind of where we want to go with this. Okay.

402

00:56:10.680 --> 00:56:14.399

Cooper City Hall: we needed a soft rollout with some of these items. Okay, okay.

403

00:56:15.710 --> 00:56:19.400

Cooper City Hall: But and I'm gonna be. I need to say this.

404

00:56:19.870 --> 00:56:22.960

Cooper City Hall: we have interjected 4 different things into one conversation here.

405

00:56:23.620 --> 00:56:28.680

Cooper City Hall: So we've gone from taking registrations to every dollar.

406

00:56:29.120 --> 00:56:33.329

Cooper City Hall: Whether it's a sponsorship check, whether it's the money that they collect at publix.

407

00:56:34.780 --> 00:56:40.809

Cooper City Hall: that it's going to be impossible for the individual teams for the individual sports to manage themselves.

408

00:56:41.740 --> 00:57:02.149

Cooper City Hall: Okay, so let's focus on one item right now. So I guess that's where I want to go with this right? So just in this little piece here, we've gone from taking over registrations, and it's ready to go for everything to potentially registering one sport, the smallest sport fall softball, which hasn't started registrations yet, but starts registrations in the next couple of weeks

409

00:57:02.540 --> 00:57:07.240

Cooper City Hall: for the fall season, right? So they're ready.

410

00:57:08.240 --> 00:57:15.790

Cooper City Hall: Okay? So then, before we? And if if you've done coding before and before you've done this, I just, by the way, just got through a complete erp.

411

00:57:15.970 --> 00:57:20.850

Cooper City Hall: Okay, okay, this is like an Erp for sports. Sure. All right.

412

00:57:21.250 --> 00:57:25.039

Cooper City Hall: Months of testing to make sure it works. Got it all right.

413

00:57:25.400 --> 00:57:50.390

Cooper City Hall: We have no problem to take for a data dump. It's not the verbiage that you use in that industry, but that's what he asked for. But it's not really a date, this, this, honestly, a data dump's not going to work, I would agree. So listen, you are. What you're saying is right, but you're not here when I'm telling trying to tell you. They just gave you a 30,000 viewpoint. All of these eventually, is what they want to see done. But right now to at least get the ball rolling, and see what hurdles

414

00:57:50.390 --> 00:58:07.149

Cooper City Hall: that we have with this system and what you need to get done. We can work on one sport in its entirety from registration to closure. And let's see what happens. And I think you can get the consensus on that. We can keep y'all moving. We we have no issue with that. But I just want to let you know that during this part of the conversation that was conflated to other items.

415

00:58:07.150 --> 00:58:09.160

Cooper City Hall: and that's where I need to make the distinction

416

00:58:09.660 --> 00:58:12.670

Cooper City Hall: registering one sport and using that as our beta

417

00:58:13.490 --> 00:58:35.819

Cooper City Hall: is a very realistic solution to this issue. Okay, that is a very realistic on that topic because it has to do with Rec track. It has to do with getting it right. I'm going to yield the floor, but I'm going to leave it with a question to my colleagues. Are we on the same page with that premise from this at that at this moment, to at least expect something to happen and watch it for its entirety. Are you?

418

00:58:36.249 --> 00:58:57.570

Cooper City Hall: Yeah? So very easy. We're gonna put language saying, you're gonna use whatever software we see. And we're going to roll it out as we can do it. That's very easy, like any other rollout. So the the contractual language is going to say you're gonna use the software that the city says you're going to use. We're not going to put the name because the product could change

419

00:58:58.040 --> 00:59:02.800

Cooper City Hall: and the registrations will go through that, and the city will roll it out as it can handle it.

420

00:59:03.730 --> 00:59:06.430

Cooper City Hall: Okay, Commissioner Melosi.

421

00:59:06.630 --> 00:59:10.087

Lisa Mallozzi: Yes, and I just wanna make sure that

422

00:59:10.740 --> 00:59:34.590

Lisa Mallozzi: it's understood. And I'm going to reiterate it that Mike Stam, and maybe I'm not understanding it correctly. But if we have someone, and if we up the register, if we up the fee by a few dollars, and I literally have someone inputting everything no differently than if I were to go into your software. And I were to put in my children's information like I am registering them.

423

00:59:34.740 --> 01:00:03.720

Lisa Mallozzi: Then that's going to give my information into the system. So then, if I need to get a text message because my child's game is canceled, or whatever that's all going to be in there. I'm still going to be receiving that. So there's going to be no difference. So it's going to be the almost like a perfect hybrid, and everybody is going to get, I think, the the perfect, the perfect scenario. So I am all for that, and I think softball is going to be the smallest program.

424

01:00:03.760 --> 01:00:08.490

Lisa Mallozzi: No offense meant to anyone. And it's gonna be a wonderful rollout win-win.

425

01:00:08.990 --> 01:00:11.990

Cooper City Hall: All right. Thank you, Josh, go ahead. I'm sorry.

426

01:00:12.380 --> 01:00:14.213

Cooper City Hall: Just a comment with Mike.

427

01:00:15.510 --> 01:00:25.059

Cooper City Hall: If someone registering rec track, and then the person Lisa is paying to input the data in your system. What's the difference? Like? She said. If the mom is sitting there in herself.

428

01:00:25.350 --> 01:00:42.199

Cooper City Hall: it's the same data, same email address. Give it to the parent. When it's done they can log in and see their stuff. Well, no, no, but it's their account, just like their rectrac account. They're having their own personal information. No, no, no, no, Mike, so if I if I create your rectrac account, you give me your information from the registration form. I register you like I've done.

429

01:00:42.300 --> 01:00:59.380

Cooper City Hall: Almost everybody in this room registered in Rec track. It's their account. I just created it for them, but it's still theirs. Our system isn't set up that way. So how do you register your system? They create their own account. What if I upload their own birth certificate. If I'm you will create it for me and give me the information. Correct.

430

01:00:59.690 --> 01:01:04.500

Cooper City Hall: No, I wouldn't create it for you. You'd create your own if I cannot use a computer correctly, how would I do that?

431

01:01:04.700 --> 01:01:31.990

Cooper City Hall: You would? Someone would do it for me. You'd be sitting there waiting. But that's most of our registrations today are online. I mean, that's kind of same thing. If I didn't have Internet, someone would do it for me, it would give me the information. The same information would work because they have created it for me. If someone's created something for you, it's the same information, just like Commissioner Malozi was saying. So argue over the transition that's going to be in all fairness, Commissioner Chrouter. The transition matters. Okay. So is Rec track. Going to take the birth certificates. Yes.

432

01:01:32.100 --> 01:02:00.320

Cooper City Hall: yes, it's going to. Yes, it is okay. So then, so then, now, I'm transferring over birth certificates. Oh, listen, they'll figure out the transition. It's like any software transition. It's a different difference. Okay, they'll figure it out. And if there's cost we'll hire people to do it right, we'll hire people to do it. We got it covered. You won't do it twice below you add the dollar. We'll input it. No problem in all fairness, sir, with the greatest respect. What you're saying is the simplest thing is not the simplest thing. Our sports play in different organizations that require different items.

433

01:02:00.330 --> 01:02:20.740

Cooper City Hall: Some people have to upload a passport if they're foreign born. Everybody thinks this is just a swipe of a pen, and we're there. It's not. It's much more complicated than that. We have authorizations that they have to sign. We have training that they have to do. There's other things that go on in our system behind the scenes. So when I'm saying this, it's not that we're opposing anything.

434

01:02:21.000 --> 01:02:42.130

Cooper City Hall: It's just there's a lot more moving parts than just getting someone's name and email address. And I in all fairness, I feel like that's just what's being stated. And it's not the case. And and I'm appealing to you guys because, hey, we'll cover the cost of that

we'll talk to retract. They have, I'm sure, helpers that we could pay hourly. If we can't do it, we can do it all.

435

01:02:42.729 --> 01:02:46.920

Lisa Mallozzi: Mike, stay on point of information. The training that you're talking about that's for the.

436

01:02:46.920 --> 01:03:08.710

Cooper City Hall: We're not. Gonna we're not going to go live on everything right away. Anyways, we would just take it on. You're going to find okay, hey? You know what we need extra, hey? There's an extra question we need to ask. Ask the Jersey size. Okay? Well, that category like it could all be done. It's it's that. It is that simple transition software all the time.

437

01:03:08.760 --> 01:03:17.680

Cooper City Hall: And then each sport will have its own individual weaknesses. Of course, because each sport's different. It's modules I played with this. I think hopefully. People are now understanding

438

01:03:18.690 --> 01:03:27.090

Cooper City Hall: how many hours that the volunteers that are running sports, and I am not a sports commissioner. I don't do registrations. I don't collect money, and I never have.

439

01:03:27.350 --> 01:03:34.039

Cooper City Hall: But now you see how much time and effort goes into this. It's not as simple as just registering kids, making teams and go and play.

440

01:03:34.230 --> 01:04:03.560

Cooper City Hall: It is more than a full time job for all these commissioners, and and I'm hoping it's right, Josh, that the system can eventually do that. But there's so much communication that's involved between the system that gets blasted out on a daily basis. As soon as it starts raining it goes out, and it tells you. Then it tells you where it's rescheduled. It's telling umpires what fields they have to be at, you know, teams, uniform sizes, and I don't even know how to work the system. And I know just from my kids are playing, and that was years ago.

441

01:04:03.630 --> 01:04:14.529

Cooper City Hall: It's light years ahead now. We want to do this, because at the end of the day, hopefully, it makes the job easier of all the volunteers for sure. Okay? And and I know.

442

01:04:14.680 --> 01:04:21.299

Cooper City Hall: Commissioner, shrouder, that the main thing you're stuck on, it's obvious, is just collecting the money. And that's the thing we least care about.

443

01:04:21.410 --> 01:04:35.260

Cooper City Hall: Really, it's it's we want the program to continue to run smoothly. So the residents look at it like this is the greatest thing. It's so easy. My God! We know where we're playing when we're playing. If we're rained out when we're rescheduling, when the opening day is when the parties.

444

01:04:35.880 --> 01:04:42.820

Cooper City Hall: if we can get to that, it's going to be amazing or as simple as why the 10 you field it was closed half the year, and why you didn't have practice because there was an owl on it.

445

01:04:43.060 --> 01:04:48.020

Cooper City Hall: I mean, it could be. Is that simple, you know, because we heard some comments. This software.

446

01:04:48.320 --> 01:04:58.020

Cooper City Hall: It has even better capabilities than what's currently being used. Commissioner, in all fairness. I've talked to multiple cities that operate this software. And they say the same thing. They say it's good for database.

447

01:04:58.150 --> 01:05:11.980

Cooper City Hall: It's not good for sports operations, Mayor. I would like to hear Commissioner Katzman, if we can pick a sport and start moving forward to at least see where our weaknesses are. Yeah, I'm fine with that, I think. But I also think.

448

01:05:12.500 --> 01:05:14.510

Cooper City Hall: in in my opinion.

449

01:05:14.880 --> 01:05:22.029

Cooper City Hall: the nitty gritty of this conversation should not be at a commission meeting or at a workshop. This should have been handled by.

450

01:05:22.580 --> 01:05:38.660

Cooper City Hall: you know, a negotiation. We gave a directive. We said, use rec track. Everyone agreed. And we're here talking about, you know, which type of file and who who's gonna click, send. This is not a good use of the residents time. So I'm asking our team

451

01:05:39.170 --> 01:05:40.430

Cooper City Hall: to please

452

01:05:40.720 --> 01:05:50.309

Cooper City Hall: fix that to work with with the optimist who, by the way, I have a lot of respect and appreciate all the volunteer hours, and I I think what Mr. Stofsky said was

453

01:05:51.670 --> 01:05:52.870

Cooper City Hall: perfectly set.

454

01:05:53.070 --> 01:05:59.140

Cooper City Hall: You know this isn't about this is not. You guys don't want to be dealing with the money. Anyway, you want to do the coaching.

455

01:05:59.320 --> 01:06:12.269

Cooper City Hall: which are really good at the the organization, the field up, you know, the the field assignments all the things that Optimus is really good at, because my kids play and combined 5 sports and optimus like I, I'm there, I get it.

456

01:06:13.230 --> 01:06:15.940

Cooper City Hall: you know. So I appreciate you guys.

457

01:06:16.450 --> 01:06:21.419

Cooper City Hall: Commissioner below, should you have anything else to add on this one item on this one item.

458

01:06:21.630 --> 01:06:23.279

Lisa Mallozzi: I think we've said it.

459

01:06:23.890 --> 01:06:32.050

Cooper City Hall: Okay, I have 1 point order with this or not point. I have one thing to say. So we're we're we're in agreement. So we're gonna roll it out with softball.

460

01:06:32.620 --> 01:06:34.830

Cooper City Hall: What is the backup plan? If it doesn't work?

461

01:06:35.430 --> 01:06:43.190

Cooper City Hall: It's no, no, no, okay. But let me ask staff, please. I know. But let me ask Staff, so they so they know how simple it is.

462

01:06:44.400 --> 01:06:45.769

Cooper City Hall: I'm going to ask you.

463

01:06:45.980 --> 01:07:01.070

Cooper City Hall: what is your backup plan? Let's just say it goes live. It does everything it's supposed to do. The money gets hung up, or whatever it doesn't matter if something doesn't work and the kids don't get transferred over what happens to softball season. And what are you as the city manager going to do to make it right?

464

01:07:01.250 --> 01:07:11.340

Cooper City Hall: We'll type the information into their system. If that's if everything else fails, we'll we'll we'll go ahead and put the information into their system. You got it. But we so in in all fairness

465

01:07:11.640 --> 01:07:17.910

Cooper City Hall: you, it's okay. So I'm I'm gonna make an alternative here. What we need to do

466

01:07:18.380 --> 01:07:21.920

Cooper City Hall: is we need to run 2 systems during this 1st registration.

467

01:07:22.110 --> 01:07:45.310

Cooper City Hall: It needs to run simultaneously. Okay? Because again, you lose one kid, you lose 2 kids. Now, you don't have kids on teams. Okay? So we said, so you said there was a cost if you don't receive the revenue. So what is that cost for the 1st sport? Figure that out right on one sport. It may not be an issue, because the other sports are still registering. Understood. Okay. But as we remove sports, then we're going to get into

468

01:07:45.440 --> 01:07:56.410

Cooper City Hall: payments for the web page. What's the total cost of the website? It varies. But I asked you this months ago, and you haven't got the price. I asked you, Mike, how much I'll give you money in all fairness. Yeah. And I'm with 100 respect.

469

01:07:56.600 --> 01:08:08.740

Cooper City Hall: I don't answer to you. Okay, I don't answer to you. I get bullied by you, but I don't answer to you. I work with your staff, and we try to go through these things. So do you know I've asked our vendor to provide us things, and and since January you don't have the cost.

470

01:08:09.190 --> 01:08:13.160

Cooper City Hall: I've asked our vendor. There's different costs as it pertains to how much

471

01:08:14.060 --> 01:08:28.399

Cooper City Hall: it they provide excuses, man making excuses, man, with all respect. You know I've spent months, months months trying to address the issues that you keep bringing to me. I address them for you, and your 1st issue was

472

01:08:29.330 --> 01:08:35.439

Cooper City Hall: people not registering properly with the right city. And you said that refract was the optimal system, and we can get there.

473

01:08:35.770 --> 01:08:45.959

Cooper City Hall: Now, the, it's another issue. Again, we're we're just here trying to work with you. The reason this is before you commissioners in all fairness is because.

474

01:08:46.100 --> 01:08:51.500

Cooper City Hall: as you can see, there still is some nuance that's left here, and if we brought this to you

475

01:08:52.200 --> 01:08:53.760

Cooper City Hall: as it was suggested.

476

01:08:54.609 --> 01:09:03.280

Cooper City Hall: I've got one Commissioner that's not happy with the way it'd be proposed that rolled out. I don't think any of your commissioners would be happy because I don't think any of us are

477

01:09:03.279 --> 01:09:22.219

Cooper City Hall: so. Commissioner Kasma said it the best. Is there any confusion on the city side what our expectation is when we leave here? I hope not. But from a contract standpoint we're talking about language. Okay. The language is you use the software that the city tells you to use. They're going to figure out the operational plan you meet with them. We don't need doesn't have to go on a contract.

478

01:09:22.220 --> 01:09:39.339

Cooper City Hall: you know. We we made a deal with Bso to switch over. We didn't put in there. Who's gonna show up what day and change the stickers on the car? Okay, you're gonna use this, the software. And you guys work together. I know Josh was trying to get you on a demo for a while, you know, to check it out. You figured out. If it can't happen for 2 years we'll stay on your software for 2 years.

479

01:09:39.620 --> 01:09:51.479

Cooper City Hall: You guys figured out that doesn't need to go in here. We don't have to enunciate. It's going to be this sport or that sport. We're not writing that in contractual language, but we don't write that in contractual language we'll test one and see how it works. That's how it works.

480

01:09:51.770 --> 01:10:00.459

Cooper City Hall: You're gonna use the software that the city right? I want to be able to know

481

01:10:00.910 --> 01:10:28.379

Cooper City Hall: that if there's a cost that has to be on, it sounds like we're we're gonna be running a parallel system. And that's fine. It doesn't bother me. It didn't bother you that they're collecting. I think that meets some of the initial needs that we're getting from our residents. Now that's fine. So now that's put the bed that has nothing to do with you. All you guys have your communication database system flawless. We get to see what hurdles we. We deal with with one of the sports, and then maybe we've

482

01:10:28.800 --> 01:10:35.609

Cooper City Hall: we. It needs to be taken from there. But I think you all being willing to meet that need

483

01:10:35.900 --> 01:10:45.630

Cooper City Hall: definitely seems a lot lot more where we should be versus fighting over whether we can even attempt to do this so.

484

01:10:46.090 --> 01:10:57.410

Cooper City Hall: And and I don't. And these guys might know the answer because I wasn't involved in the back and forth. So when somebody registers in red track, we register the whole sport, they register the city, collects all the money.

485

01:10:57.930 --> 01:11:15.499

Cooper City Hall: Where does the actual money go? And then how does our club get it to pay for everything, so retro can split the money. So if somebody is a non-resident has to pay the non-resident fee that goes into one account, the regular registration goes into another account.

486

01:11:15.500 --> 01:11:33.570

Cooper City Hall: That account will be directly be the Optimist Club account, and it will go directly to your bank, so we would not be even in a check that we have to cut for you. It goes directly. It's just, it happens automatically, automatically, upon each registration. It's not like every 2 weeks. It's a push

487

01:11:33.570 --> 01:11:46.789

Cooper City Hall: the software might do once a week. So so in essence, the the fees, the fees that the city is keeping, let's just say that a registration for a sport is \$200

488

01:11:46.930 --> 01:12:02.069

Cooper City Hall: now, a kid registers, and he's a non-resident. That kid's going to pay \$265. \$200 goes to the optimist account. \$65 stays with the city, and it'll be like that for yeah, we have to set the same thing up like for taxes and refunds and same thing. So okay.

489

01:12:02.120 --> 01:12:28.430

Cooper City Hall: and whatever card, if you did have a refund or a coach that came in, we can refund whatever amount to the card that was used to register. And and if something has to come back out of the optimist account, do you guys have the ability, or you have the power to just take money from the optimist account. No, you just would. And and I say this

because you know how fast things happen, like, you know, at the end of a baseball registration.

490

01:12:28.620 --> 01:12:47.169

Cooper City Hall: It's literally 2 weeks. The uniforms have to be ordered and back. The season starts that fast, you know, and that's where vendors come into play, too, like it's the turnaround is unbelievable. How quickly the truth be told, it allows you to do multiple options, you can. You can designate 9 accounts. You could do one. But but in all fairness

491

01:12:48.650 --> 01:12:53.470

Cooper City Hall: to me that's great to me. That's something that should be in contractual language, that those accounts are ours.

492

01:12:54.270 --> 01:13:12.989

Cooper City Hall: It would be your bank account. We just get the number. It's not. We don't open the account. I'll be honest with you. I didn't know that part. I knew there were separate accounts. I didn't know they were separate accounts, I mean, Ryan. You could excuse me, Commissioner Schroeder.

493

01:13:13.010 --> 01:13:18.819

Cooper City Hall: I told you I did not say to you yesterday when we spoke. I was concerned, how fast those checks would come back to us.

494

01:13:18.840 --> 01:13:27.970

Cooper City Hall: That's under one method. That would be if it went to ours if we wrote. Check. No, but, Mayor, the fact that I'm asking that question. It's great now, because I didn't know any of this either. So keep going, guys.

495

01:13:27.970 --> 01:13:49.009

Cooper City Hall: No, no, no, I don't want this to keep going. I think we have a direction, and if I get garbage sent to me next time I sit here, then I will, on a commission meeting, start start doing some very stern maneuvers. I am not expecting at a workshop to have both sides talk about stuff that seemed that that should have been

496

01:13:49.010 --> 01:13:50.030

Cooper City Hall: done

497

01:13:50.090 --> 01:14:18.769

Cooper City Hall: weeks ago with an S. These were the items that we couldn't come to an agreement with in all fairness to everybody. We made a lot of changes to the original document that was presented that we did agree upon. You probably did. But we just heard you guys debate whether the account was going to give you the money or not, Pete. We couldn't agree on this item, which is but that would have been an easy, I mean, look at 10 seconds that took. But yet we did it here today.

498

01:14:18.770 --> 01:14:47.079

Cooper City Hall: Did we need to do it for the did we need to do it for the residents? Is that why we because I'm confused. I got up to go ahead and actually play games. I want to get business done. That's what the workshop was for for these 5 items because we kept going. That wasn't a part of the 5 items. Rec was, yeah, but it's the process of rec track. It seems

like, was the issue. And the software didn't seem like it was whether the account and the money was going to be split. And if we were going to have any of those issues that's concerning the money, the money Commissioner in all fairness the money was still up in the air.

499

01:14:47.580 --> 01:14:51.320

Cooper City Hall: It's ridiculous, and it was still up in the air because

500

01:14:52.050 --> 01:14:56.540

Cooper City Hall: we didn't know how it was going to work. It was more of an opt because we didn't understand the operations.

501

01:14:56.730 --> 01:15:06.369

Cooper City Hall: the money, and the whole, this nuance was there. And I I respect what you guys are saying, but that's why it was. How many, how many hours was put into this. That's my question right now. How many hours was put into this?

502

01:15:06.890 --> 01:15:13.910

Cooper City Hall: How many hours? There's 40 h in a work week? How many hours was put into this on both sides, you guys meeting not independently meeting

503

01:15:15.140 --> 01:15:23.290

Cooper City Hall: if I we had 2, 2 and a half, 2, 3 h meetings together. So so 4 h. You guys put on this.

504

01:15:23.560 --> 01:15:29.050

Cooper City Hall: But then into I mean, but yeah, I mean, but then we sent back and forth with other there was guys, you get an F.

505

01:15:29.290 --> 01:15:32.020

Cooper City Hall: Let me give you a letter grade for this. This is an F.

506

01:15:32.160 --> 01:15:41.350

Cooper City Hall: This is an F. You don't. It's not 1st attempt in learning F. It's an F. You don't pass. Go! You don't collect \$200. This is an embarrassment to the residents.

507

01:15:41.470 --> 01:15:59.540

Cooper City Hall: It's time to get something fixed. You got a commission that's willing to basically back over. We were willing to spend whatever dollar amount for you guys. These items should not be brought to our level. We're supposed to give you the green light to say, Guys, be fruitful. Make our residents great Commissioner, in all fairness.

508

01:16:00.070 --> 01:16:08.619

Cooper City Hall: and I have. I have tremendous amount of respect for you. I wish I wish you could see and feel the other parts of the conversations that you don't get to encounter.

509

01:16:09.080 --> 01:16:15.070

Cooper City Hall: and I know you don't encounter those, so I can't hold you accountable to that. But there are a lot more ugly conversations

510

01:16:15.620 --> 01:16:20.469

Cooper City Hall: with other folk that I've had to endure.

511

01:16:20.870 --> 01:16:25.330

Cooper City Hall: So the time put into this is because it's hard to get away from those conversations.

512

01:16:25.470 --> 01:16:27.290

Cooper City Hall: And the stuff you put into this

513

01:16:27.480 --> 01:16:33.170

Cooper City Hall: is because you only do. You don't know how far you can go and how far we can negotiate and how much we can talk.

514

01:16:33.310 --> 01:16:37.049

Cooper City Hall: You know there's a bunch of nuance to this that's still outstanding.

515

01:16:37.200 --> 01:16:39.589

Cooper City Hall: And if we just got past rec track

516

01:16:39.740 --> 01:16:43.880

Cooper City Hall: these other items, they're not as heavy, but they're there.

517

01:16:44.170 --> 01:16:46.569

Cooper City Hall: Well, let's move past them. Then we're running out of time.

518

01:16:47.260 --> 01:16:55.830

Cooper City Hall: So we got that one done. Well, do we? Do we? So that's the city manager. So yes, I would like to clear as to what we need to do.

519

01:16:56.840 --> 01:17:00.360

Cooper City Hall: So so then, so then, if Commissioner

520

01:17:00.490 --> 01:17:09.280

Cooper City Hall: Shrouder is saying, concession stands, and assumption of equipment right? I don't think that I think that's gonna fall into the first.st

521

01:17:09.450 --> 01:17:12.080

Cooper City Hall: The equipment piece is gonna fall into the 1st

522

01:17:12.550 --> 01:17:18.570

Cooper City Hall: program that you guys choose, is it what it not? Well, no. So, Commissioner, what's happening on this end is that

523

01:17:18.730 --> 01:17:20.029

Cooper City Hall: there are

524

01:17:20.480 --> 01:17:40.709

Cooper City Hall: 5 concession stands and there's equipment. Inside. These concession stands. We discussed taking over some of those concession stands. Historically the city maintained the equipment inside Flamingo West some of the equipment is broken, so before we could finalize this part, we need to do an inventory. We need to. Who's going to fix what one of the other challenges that's happening with. This is an air conditioning issue.

525

01:17:40.990 --> 01:17:44.549

Cooper City Hall: The concession stands get up over a hundred and something degrees.

526

01:17:45.120 --> 01:18:05.400

Cooper City Hall: You're in the fire service. That's not an optimal condition for anybody working in. It also deteriorates the equipment. So, okay, I got a great solution. Commissioner. I in all respect, can I just finish my statement? I want to be respectful to you. But these are the issues. And this is why it's here today. Because there are other items. Now, what we discussed, hey.

527

01:18:05.540 --> 01:18:08.540

Cooper City Hall: could we participate in permitting

528

01:18:08.850 --> 01:18:16.750

Cooper City Hall: doing it the right way, because we need to do a window some A/C, because we know then the equipment could last longer, and then it doesn't

529

01:18:16.920 --> 01:18:22.359

Cooper City Hall: put us in arrears to try to take over this equipment simultaneously. There's other equipment.

530

01:18:22.580 --> 01:18:37.789

Cooper City Hall: You may not know this, but all the goals at Flamingo West are operated by the city and the nets, whereas the goals at Bill Lips and Sue wellen are operated by the club, and we maintain those we just went through a significant expense to repair those. It's about \$13,000.

531

01:18:38.000 --> 01:18:40.179

Cooper City Hall: So this nuance

532

01:18:40.320 --> 01:18:45.159

Cooper City Hall: is still outstanding, not because we can't come up with a solution. It's just there's still pieces there.

533

01:18:45.300 --> 01:18:51.976

Cooper City Hall: Thank you. So from a city side, where, may I ask, city manager where we're at from our city perspective?

534

01:18:53.030 --> 01:18:56.120

Cooper City Hall: win started talking about

535

01:18:56.530 --> 01:19:04.290

Cooper City Hall: that. They have certain assets that we want to be responsible for so goals on equipment and everything else we want to be responsible.

536

01:19:04.950 --> 01:19:11.170

Cooper City Hall: We'll take it in whatever condition they exist, and after that we'll replace them as they're needed.

537

01:19:12.270 --> 01:19:22.139

Cooper City Hall: With respect to the concession stand, we have equipment right now at Flamingo West, that is still owned by the city, and we wanted to transfer that equipment to them.

538

01:19:22.700 --> 01:19:23.740

Cooper City Hall: And

539

01:19:23.840 --> 01:19:41.320

Cooper City Hall: my position is that the concession stands should be self sufficient, and if there are needing improvements and need equipment at the concession stand that should come from concession stands revenues, you know, not, not from the city, because we don't profit from concession stand. So.

540

01:19:41.520 --> 01:19:44.430

Cooper City Hall: you know, we'll give you the equipment as as it is.

541

01:19:44.560 --> 01:20:02.209

Cooper City Hall: and then, you know, you are responsible for doing whatever you need to do in the concession stand area was that the understanding generally in that? But the problem is the condition of some of that equipment. It's it's not fully operational right now did, and and I may have missed this, but was that? Did the city?

542

01:20:02.430 --> 01:20:11.340

Cooper City Hall: Was that city owned? And then they assumed utilizing it? Or is that their flamingo West is city owned equipment that they're using.

543

01:20:12.160 --> 01:20:40.709

Cooper City Hall: So the equipment, the equipment of Flinga West has been utilized by the optimus glove from its inception has never been utilized by anybody else. We don't rent that room out to anybody else, so if anything's broke, it broke during the utilization of the optimus or the heat from the building that we over time. Here's a solution. So you guys go in there. If you want the pretzel machine, you get it. If you don't let us know, we'll throw it away. Okay, but on the same, on the same time as that.

544

01:20:40.720 --> 01:21:09.790

Cooper City Hall: If we know there's a deficiency in the building as far as city needs to go in there and pop a window or put an air conditioner in it. Don't no no start with the equipment, the concession stand. That's a separate no, no, it's on the same. It's in the same. Okay. It already says you have had knowledge to this, evidently, and you're way way far ahead of us. Give us time to catch up to you. Okay, I'll never catch up. You're switching to facility improvements, which is a different thing only because of one reason. If you have Jamie, we have to go with the equipment. The concession stands first. st You guys want it or not.

545

01:21:10.180 --> 01:21:22.639

Cooper City Hall: May may I, may I ask the equipment? You said, there's \$13,000 worth of upgrades and stuff that, you guys, we we just we just spent about \$13,000, plus or minus to repair the goals at

546

01:21:23.120 --> 01:21:49.709

Cooper City Hall: now. But let me just ask you. So I don't blur this and confuse anyone here? Watch online? Number 3, am I assuming number 3 is concession stands in the equipment inside of it? Or are we saying it's concession stands? And then we're talking in addition to equipment. It's both. It's both yes, and that both means if the goals that we were, we're giving you something. You're giving us something when we break them into 2 sections.

547

01:21:49.710 --> 01:22:15.509

Cooper City Hall: the 1st one, the the concessions equipment, not the not the building, not the A/C the actual pretzel machine. If you guys want it, you can have it otherwise we throw it away. Is that fair? You want it. You have it otherwise. No, if you guys want to sell pretzels. You buy a pretzel machine if we have you keep it. I mean the fair, the fair part, I believe the pretzel machines are, anyway. But that's beside the point. But there's there's there's expensive coolers in there that do not work right now. Okay, so buy a new one.

548

01:22:15.670 --> 01:22:19.330

Cooper City Hall: And so so let me just make certain that I say it.

549

01:22:19.620 --> 01:22:29.060

Cooper City Hall: The city residents hear it, and we can debate it right now. The brick and mortar concession stand building, city responsibility or not.

550

01:22:31.800 --> 01:22:33.070

Cooper City Hall: Roof? Yes.

551

01:22:33.940 --> 01:22:34.300

Lisa Mallozzi: Yes.

552

01:22:34.400 --> 01:22:36.399

Cooper City Hall: It's our. It's our responsibility.

553

01:22:36.400 --> 01:22:37.529

Lisa Mallozzi: Think it should be all.

554

01:22:37.530 --> 01:22:50.719

Cooper City Hall: So in. So in this agreement, what then? So we are all on the same page. Are you proposing? That is the concession stand position that you guys, what does that look like then? So

555

01:22:51.000 --> 01:23:09.290

Cooper City Hall: what we said is that we want to do an inventory of the working equipment and discuss the other equipment, because right now there is a large cooler that has not been operational for a period of time. One of the things that has been impacting the operations of this equipment is this other issue in terms of making the facility air conditioned. So

556

01:23:09.760 --> 01:23:19.210

Cooper City Hall: this is where we are going with this. Okay? So if the building is ours, then the window Shaker A/C. Is our responsibility.

557

01:23:19.720 --> 01:23:30.709

Cooper City Hall: It does. Well, it doesn't have to be. But if you tell us that it is, then it is okay. And if okay.

558

01:23:31.070 --> 01:23:51.900

Cooper City Hall: is there a window Shaker air condition in there? No, there's no. So the building has been for 5 years without A/C unit. And you guys have been operating without it for 5 years. So this year that we're trying to hand it over, you want A/C installed. Maybe that's why the equipment has already failed. I understand I'm not disagreeing with you, but I'm just asking the city build a building

559

01:23:52.320 --> 01:24:19.560

Cooper City Hall: in partnership with optimus when designing Flamingo West Park. Correct, we all designed it together. You asked for air conditioning, but it was not accepted, and it wasn't accepted. The city agreed not to put air condition in and does. How many other your concession stands have air conditioned right now? Just one which we're trying to figure out when you put in, we put in, illegally correct the one that was put in. We're not talking about the whole understandable what I'm saying, Pete. Every concession stand here that is legally permitted seed.

560

01:24:19.710 --> 01:24:46.660

Cooper City Hall: It's not. There's no concession stands that should have A/C in them right now. So if we add, if we add A/C. To this one. What's next at Sue Ellen? What's next at Bill Lips? What's next at Pioneer? Or we're going to add acs in every concession stand that we're handing over now, and that's not going to be equal to the \$13,000 that you spend on field equipment. Okay, but I have a question for you, Mr. City Manager, would you put your employees in a building that was 100 degrees

561

01:24:46.750 --> 01:24:57.430

Cooper City Hall: and expect them to work? No, sir, thank you. That's the end of that question. What's the ask? You want? Acs. Okay, that's what I say. We'll fix the air conditioner. May I? May I ask.

562

01:24:57.640 --> 01:25:16.579

Cooper City Hall: is the opinion of the city manager. If this Commission gives direction in this negotiation, says, Hey, our building A/C it get it done right the the additional cost which is going to be the electric and all that is that assume that that's a part of the agreement between the city and the

563

01:25:16.610 --> 01:25:39.851

Cooper City Hall: and and the no, what we'll put in the agreement is that the city will be responsible for making improvements to the to the facility period the money will come from our capital projects. That will be putting A/C into the different facilities where the I think, the the biggest point, and having that clarity from the Commission is great.

564

01:25:40.410 --> 01:25:42.680

Cooper City Hall: I do feel that

565

01:25:43.220 --> 01:26:07.269

Cooper City Hall: if they got new equipment when the park open and that equipment has been depreciated and become useless, now that equipment should be replaced through the concession stand. Revenues and the concession stand. Fees should be enough to have a replacement program for all of that equipment, I think, for the city to continue to replace that equipment

566

01:26:07.440 --> 01:26:30.309

Cooper City Hall: that we don't manage, use, or control. I I don't think that it's good policy, but the Commission can tell me no replacing. And now I'm fine with it. Now, if hypothetically, the negotiation says, All right, add Acr building. My question to you guys is. I just heard our city manager on the other side said, whatever a physical equipment, not inside your concession stand, but talking about the goals and everything else that we said.

567

01:26:30.310 --> 01:26:49.890

Cooper City Hall: whatever we're taking over as our responsibility and whatever shape it's in, we're we're gonna just absorb it. So then, on that same point, then would you not be willing to then say whatever shape your concession stand equipment is in, you're just gonna absorb it the way it is? I think there's

568

01:26:49.890 --> 01:26:50.650

Cooper City Hall: 5 or months.

569

01:26:52.430 --> 01:26:57.890

Cooper City Hall: and we have no problem. We've already been replacing equipment in the other concession stands. We've already been doing that historically.

570

01:26:58.285 --> 01:27:22.359

Cooper City Hall: You've always done it, and you've never had A/C or whatever. Let's just get a price on it. Well, we know when we have to replace, we have to replace ice machines every 2 years when, instead of lasting every 5 years, it's a problem, does that fix 3? If this commission gives direction for A/C, yeah. But it would. It would have to have a window. Shaker. Right? That's the idea. It depends.

571

01:27:22.420 --> 01:27:52.410

Cooper City Hall: The building would have to be. You would need to some type and close the window because you're going to have A/C just blowing out to the open air. So you have to redo some construction part of the buildings. Whether you put a slide window or something would have to be done. I think I think I'll at least give my position. I think we need to at least get an idea of what the cost is going to be, so that we can make an informed decision. What what does it take for us to get a answer. So this commission can give you official direction. So you can close up 3.

572

01:27:52.470 --> 01:27:54.010

Cooper City Hall: We can have it before.

573

01:27:54.420 --> 01:28:18.210

Cooper City Hall: Yeah, okay, let's come back with a report what the standard is, what it is. No, we want to listen. We're not putting an Hva system in and dropping duct work and

everything in there. Listen, let's be real. We're going to put a window Shaker or something in there, and maybe exhaust fan on the side that we pull the heat out. Okay, I mean, that's what they're after. They're after some kind of josh. I did it, I mean, before you shake your head. Let me know. I'm just saying, Mayor, let let them do their

574

01:28:18.520 --> 01:28:29.950

Cooper City Hall: go ahead, but that's 1 half the other half. I think they're agreeing that they will accept the equipment as is. That's what I'm hearing. That's what I heard. That's exactly what we're right, Commissioner Melosi. Anything to add.

575

01:28:32.430 --> 01:28:32.890

Lisa Mallozzi: Well.

576

01:28:34.050 --> 01:29:00.620

Lisa Mallozzi: I think that you know I've been in those concession stands, and we live in Florida, and they're hot, and they're miserable. So I think that they do need A/C. But the problem that you have is, yes, there's this enormous window that they're serving. So then you're going to have to do structural changes, and that is a major issue. So you have to weigh everything. Is there any sort of? I don't even know? Is there a way that you can add a

577

01:29:01.130 --> 01:29:04.369

Lisa Mallozzi: you know, high powered fan to cool it down.

578

01:29:04.370 --> 01:29:15.370

Cooper City Hall: Lisa. That's not our job right now. That's not our job. That's that's city manager's job. We're directing him to get us bring us something back. We're not going to tell him what to bring back. Okay. Second item, the assumption of your equipment

579

01:29:15.470 --> 01:29:33.420

Cooper City Hall: is there you guys want to give it to us. What's the problem with the goals and stuff? We wanted to look at these in concert, that's all. We we didn't want to look at one thing in in one side and not look at the other, they should. This should be discussed in concert, that's all. It was so meaning that what we just agreed upon, though, would be the deal. Yes, all right, that was done.

580

01:29:34.120 --> 01:29:35.320

Cooper City Hall: Moving along.

581

01:29:35.480 --> 01:29:44.289

Cooper City Hall: May I ask a question, Mary, before we do you really want to discuss 4 at this level. Or do you think you guys can do that off offline between, this is actually you.

582

01:29:44.470 --> 01:29:55.769

Cooper City Hall: yeah, okay, this is this is actually 100 you because the resolution calls for all non-residents in every sport, even if they don't use city facilities to pay a non-res fee

583

01:29:55.890 --> 01:30:01.979

Cooper City Hall: city manager. I don't know. Explain this, because this is the issue that they brought up, which is.

584

01:30:02.560 --> 01:30:13.010

Cooper City Hall: we and and some of you have been on days for a while know that basketball was always had an issue, paying the non rent fees because they have to pay to use facilities.

585

01:30:13.470 --> 01:30:16.650

Cooper City Hall: The suggestion that we made this time around was

586

01:30:17.480 --> 01:30:39.360

Cooper City Hall: whatever basketball has to pay for the use of the facilities and to have maintenance people there be deducted from the non res fee that was calculated. So if there's a \$30,000 non res fee, and there's a \$15,000 cost to running that program that gets paid to the school. The net that we would pay to you guys would be the 15.

587

01:30:39.680 --> 01:30:46.079

Cooper City Hall: Okay? So it's not a, you know. That's that's 1 position. But you know, Mr. Rhodes.

588

01:30:46.450 --> 01:30:49.530

Cooper City Hall: You guys, we do, Rua, with the school.

589

01:30:49.990 --> 01:30:53.360

Cooper City Hall: the fee you pay to school, the donation that you give to school.

590

01:30:54.030 --> 01:30:57.669

Cooper City Hall: You say it's a donation. Argue it's not required donation.

591

01:30:57.970 --> 01:31:00.689

Cooper City Hall: So if you do that, that's something you're doing on your own.

592

01:31:01.440 --> 01:31:03.250

Cooper City Hall: and you should work out with the School Board

593

01:31:03.750 --> 01:31:21.520

Cooper City Hall: to say that you don't use our facilities. That's our facility essentially, because it's it's only allowed through us. If you went to the school board and rented it, it'd be different. So basketball. It's not that basketball does not use Cooper city facilities. No, they practice on all our facilities. They use the school boards facilities under our agreement. We're on the hook.

594

01:31:21.970 --> 01:31:45.210

Cooper City Hall: and if you, if you don't want to, you don't have to pay a fee, you can go directly to them and deal with them. But if you want to do it as an agent of Cooper City, you pay the fee, and and you don't have to give the donation that's between you guys and them, you know. I don't think we're allowed to use it unless they have their people there, and they pay their janitors, and I don't think they will allow that we. We know what legally it requires. If you're operating under us

595

01:31:45.210 --> 01:31:52.519

Cooper City Hall: in our facilities, you pay the non-usage fee or the non-resident. But I'm going to say this, and people here are going to know it. I mean, they probably already know it

596

01:31:52.640 --> 01:31:56.199

Cooper City Hall: just because you have an Rua doesn't mean the school has to let you use it.

597

01:31:56.740 --> 01:32:04.319

Cooper City Hall: If it's a legal document, there's requirements, it's an ask, though it's not a it's an ask. It is an ask.

598

01:32:04.720 --> 01:32:07.279

Cooper City Hall: So may I ask Optimus President.

599

01:32:07.563 --> 01:32:08.979

Lisa Mallozzi: Is correct. It's an ash.

600

01:32:08.980 --> 01:32:11.250

Cooper City Hall: What are we needing to do to fix?

601

01:32:11.430 --> 01:32:14.989

Cooper City Hall: Or then in your perspective? We were just trying to

602

01:32:15.190 --> 01:32:18.600

Cooper City Hall: say that basketball has this extra cost

603

01:32:18.720 --> 01:32:46.039

Cooper City Hall: so rather than paying one and a half times what the normal non res fee would be, because they have this extra cost. They don't, though. We just heard that that was an optional thing that has not been told to us. We've been running basketball there for 30 years. 40 years. Okay, 40 years. But that wasn't the pricing for 40 years, because it was after the Boy Scout situation where they changed the actual pricing used to have. No, I mean, let's not. Let's let's just erode legally. Do they have to pay anything?

604

01:32:46.150 --> 01:32:48.780

Cooper City Hall: Are you a we don't pay? Do you pay anything for pioneer?

605

01:32:50.750 --> 01:33:00.940

Cooper City Hall: Wait a minute. Yes, they gift both schools. They're giving gifts, or is it invoice? No, they're giving gifts. So it's different. A gift is not an invoice, sir. Okay, but what I'm saying to you is, is they? Go

606

01:33:01.390 --> 01:33:04.239

Cooper City Hall: here, let me just clear it up. Let's let's go another way, though.

607

01:33:04.660 --> 01:33:11.259

Cooper City Hall: So I talked to the optimist basketball Commissioner about this because I seen it earlier, and I asked him about it.

608

01:33:11.480 --> 01:33:20.370

Cooper City Hall: He said that if you guys were to work with him, and he said that he had heard that this commission is on the let's reduce the rates for the residents

609

01:33:20.730 --> 01:33:25.439

Cooper City Hall: he's offering to reduce the residence fees in the 1st year.

610

01:33:25.750 --> 01:33:38.219

Cooper City Hall: There's like way, too much wheeling and dealing going on in the city. Okay, we just stick with it. We got, we have a rule. This is what we pay. We have an agreement with the School Board. Move on, and and I don't know the answer to this. I haven't run basketball, so are you

611

01:33:38.470 --> 01:33:43.379

Cooper City Hall: saying that if we just stop giving a gift

612

01:33:43.560 --> 01:34:10.949

Cooper City Hall: to Cooper City High School to pioneer whatever facility we use, they're going to. Still, let us use as is you think so, Josh? I think you shouldn't be giving. I'm asked the mayor, who was at the High. No, no, don't ask me. I want I want Josh to say it. I think when we do the daddy daughter dance. The city does not give the school a gift, I think when we do other. Let me let me finish. I think, when you say a gift or donation, we should provide an invoice from the School Board.

613

01:34:11.170 --> 01:34:24.519

Cooper City Hall: and then you pay the School Board whether they're invoicing you. That's a different story. But who determines the monetary value of this gift? If we're trying to be full transparent? Yeah, yeah, you know, that's that's that's the conversation. It goes to the principal, and they use it in the school.

614

01:34:24.720 --> 01:34:27.999

Cooper City Hall: Is that the directive of the School board, or that the

615

01:34:28.050 --> 01:34:36.050

Cooper City Hall: school school, the principal school, the principal school, is telling the Commissioner of whatever League it is, but all I'm saying is, if we don't have to pay it.

616

01:34:36.090 --> 01:34:58.860

Cooper City Hall: We don't. We still get the use of the high school gyms in Pioneer? You do. Great! And does that involve? We don't know that for sure. You're saying that. But we don't. I'm saying, let's ask our lawyer. We got a lawyer. We have an agreement. What if the principal says you know what she doesn't have a say. It's a school board. I don't have the reciprocal use agreement in front of me if the agreement, in fact does not provide or require that payment.

617

01:34:58.970 --> 01:35:16.599

Cooper City Hall: The agreement was between the city and the school district, not between the city and the school, so there's nothing in that agreement that would compel a payment unless it is spelled out again. I don't have the document. No, no, you're you're exactly right, but that wasn't my question. My question was is, if we do not make a donation, whether the invoice is not, we don't make a donation.

618

01:35:16.820 --> 01:35:42.050

Cooper City Hall: Who's to say that the principal of each of those schools doesn't rent that facility to somebody else. And now we don't have. They wouldn't be able to if the agreement gives the city the rights to that facility, they would not be able to rent it to somebody else, saying, You don't have to pay them. They can't do anything. I'm just taking a wild guess that if we just say tomorrow we're not giving a donation to Cooper City High School.

619

01:35:42.050 --> 01:35:51.899

Cooper City Hall: and a church wants to go to Cooper City and use that gym nightly for services that they're going to give. Give it to them that they have the opportunity to do that. Am I right.

620

01:35:51.950 --> 01:36:00.749

Cooper City Hall: Mr. Rhodes, the opportunity would be there. But if there's a relationship they could say no, they could say No, I agree they could say no, so it's 1st come 1st serve.

621

01:36:01.220 --> 01:36:09.440

Cooper City Hall: but it's 1st come first.st Serve. They can say No, because you're not giving this donation, but this donation. You probably would talk to the School Board at that point because

622

01:36:09.440 --> 01:36:33.609

Cooper City Hall: you're looking at something that's going down a different road. May I ask, is this really an Us issue, or is this you were trying to see if we could figure something out here? Tell me your ask, because clearly it sounds like it's a little bit beyond us just for the one sport. And what were you recommending that we couldn't come to an agreement on with the city?

623

01:36:33.620 --> 01:36:44.310

Cooper City Hall: Whatever you pay the school to use the facility. What is that? I mean? Do we have room? I think it's it varies between 15 and 20. Grand, I believe. Okay.

624

01:36:44.330 --> 01:36:52.500

Cooper City Hall: whatever we pay from them would be deducted from the the \$65 the non res fee that is charged per player right.

625

01:36:52.650 --> 01:37:04.750

Cooper City Hall: which is between. And then we would write the city a check for the difference. What is what is seems like 40, something between the 2,000 fees for basketball right between the 2 seasons which would end up equaling what

626

01:37:05.010 --> 01:37:28.869

Cooper City Hall: you're saying, that 20,000 less, Commissioner, about 20,000, about 20,000 less to the city, and you would be able to show proof through receipts that you're presenting. X amount of dollars. Yes, that would be. That would be presenting. Why, there would be this desire to be. This is money coming back into the community. How about this? We'll work to make sure you get your scheduling with the School Board. Fine. You don't have to pay them the donation, and we'll figure it out.

627

01:37:28.870 --> 01:37:47.370

Cooper City Hall: We have. We take the money. We'll figure it out right. That's the best bet. If nobody can consult. We do. A lot of stuff will work just like when you want to use it. You have to go through us because it's us. We'll make sure that we do the scheduling because we have the relationships with them. We're going to make sure you're going to have that.

628

01:37:47.370 --> 01:37:50.550

Lisa Mallozzi: And are Commissioner Shroud, a point of information.

629

01:37:50.869 --> 01:37:54.699

Cooper City Hall: Trust me rather than just give us a \$20,000 discount.

630

01:37:55.210 --> 01:38:01.470

Lisa Mallozzi: If for some reason now, you just said you're going to make sure and work through us.

631

01:38:01.850 --> 01:38:23.750

Lisa Mallozzi: what happens if they don't get those facilities at the schools because we, for whatever reason, now, all of a sudden, this summer, they don't get those facilities. Then are you going? Are you going to figure out where those, those where the program is going to.

632

01:38:23.750 --> 01:38:26.260

Cooper City Hall: In the city. We'll give them the donation.

633

01:38:26.260 --> 01:38:32.849

Lisa Mallozzi: All those facilities then now might be taken by someone else, and it might. The donation might be moved at that.

634

01:38:32.850 --> 01:38:38.840

Cooper City Hall: It's a bribe. You gotta go give the principal a donation to use it. We have legal agreements in place. This is unbelievable.

635

01:38:38.840 --> 01:38:45.179

Lisa Mallozzi: But you're not understanding, Commissioner, shrouder. This is not a legal agreement. Well, the Ira.

636

01:38:45.610 --> 01:38:46.200

Cooper City Hall: No, no, no.

637

01:38:46.200 --> 01:38:47.270

Lisa Mallozzi: Yeah, I have no.

638

01:38:48.400 --> 01:38:49.230

Cooper City Hall: Chatter.

639

01:38:49.230 --> 01:38:50.369

Cooper City Hall: I'm speaking.

640

01:38:50.370 --> 01:38:51.710

Lisa Mallozzi: You have.

641

01:38:51.710 --> 01:39:02.409

Cooper City Hall: Okay? So listen, I, you have a legal agreement, 1,000%. That legal agreement.

642

01:39:02.970 --> 01:39:28.859

Lisa Mallozzi: I'm speaking, that legal agreement does not guarantee anything. It says that you can use the facilities. It does not guarantee that those facilities are not in use by someone else. As Joshua Rhodes stated, if they are not already used. So I'm not saying that what the optimists give is a bribe in any way, shape or form whatsoever.

643

01:39:29.020 --> 01:39:33.209

Lisa Mallozzi: But I'm just merely saying that if for some reason

644

01:39:33.340 --> 01:39:39.460

Lisa Mallozzi: the optimists do not give what they normally give, and the facilities are not available.

645

01:39:39.710 --> 01:39:48.020

Lisa Mallozzi: Will we figure out where these, where this sport is going to be housed, because there are many children that use it.

646

01:39:48.020 --> 01:40:09.480

Cooper City Hall: Okay, I just have a quick question. So just for clarification, you may know this or or Mr. Rhodes. Okay, well, I'm just trying to figure out like. So they're still going to clean the school. They're still going to take out the trash like we don't. Is that donation covering? That? Is it paying the overtime?

647

01:40:09.510 --> 01:40:18.170

Cooper City Hall: And and that's a great question. Are you done? Or you got more? Yeah, no, I just want to understand. I have. I have something I want to share with you guys. So you know, and Richard Shotter is fully aware of this as well.

648

01:40:18.760 --> 01:40:22.359

Cooper City Hall: It was a year that we couldn't use the High School. We had to go to Flanagan.

649

01:40:22.760 --> 01:40:26.910

Cooper City Hall: Bobby Fisk was the Commissioner at the time, and Gary Lauthenberg was there as well.

650

01:40:28.400 --> 01:40:30.969

Cooper City Hall: They didn't want to give us the school.

651

01:40:31.380 --> 01:40:36.800

Cooper City Hall: but under pressure, like you're saying we can do at Cooper City High School in Pioneer. You can pressure them into giving you the gym.

652

01:40:37.530 --> 01:40:39.280

Cooper City Hall: All they do is open the door.

653

01:40:39.640 --> 01:40:45.720

Cooper City Hall: There's no staff, there's nobody cleaning the bathrooms, there's nobody

654

01:40:45.990 --> 01:40:55.099

Cooper City Hall: that does the security. There's nobody does anything that you have the gym, and and I know this for a fact, because we had to hire their staff

655

01:40:55.610 --> 01:40:57.840

Cooper City Hall: at their hour and a half rate

656

01:40:58.060 --> 01:41:01.120

Cooper City Hall: to go back in after it was over. But we had nobody.

657

01:41:01.220 --> 01:41:14.880

Cooper City Hall: and and like you're saying Commissioner Shot, I agree with you totally. If you can get the gyms and and listen. The gifts they do. Those schools are all on invoices. It's not like they go there and give them a white envelope, or anything else like that. They they have a list. No, no.

658

01:41:14.990 --> 01:41:33.539

Cooper City Hall: they have a a list of like they do 2 banquets, you know, the beginning of school and the end of year luncheon, and then they do a gift, whether it be the scoreboards, or the lighting, or something. They enhance the school with that says they were there. That's 1 that's the gift part. But what we're saying now, guys, is you're gonna hire their staff

659

01:41:33.890 --> 01:41:44.209

Cooper City Hall: and the City Cooper City and their partnership and love for the city. When you have your daddy daughter dance, and you have all those events over there. The city doesn't pay the custodial. The principal does

660

01:41:44.770 --> 01:41:50.390

Cooper City Hall: out of a gift out of giving back to you. They could charge you their hourly rate

661

01:41:50.690 --> 01:41:54.739

Cooper City Hall: and make you bring Staff to clean it, but they don't.

662

01:41:54.850 --> 01:42:01.099

Cooper City Hall: So I just want you guys to remember this, give and take that. You guys think we're just going to go take over some gyms that's fine. Go do it.

663

01:42:01.410 --> 01:42:30.860

Cooper City Hall: But remember, you're already getting their their school 8 times a year, and they cover the custodial cost. So I'm just saying there is some partnership here. We're just going down some rabbit holes when you want to use it. How do you use it? How do you book it with them? Do you guys call them? No, you call City Cooper City right? Right? You call City Group City, and we book it. So we'll continue to book it for you, and if we got a problem with them we'll figure it out. If we got to pull the cops out and tell them I'll give you cops, or we're going to cut the road off. Whatever we got to do, we'll figure it out. We'll shut down the church parking lot we got to handle. We got good relations with them.

664

01:42:32.040 --> 01:42:32.910

Cooper City Hall: Shit

665

01:42:33.500 --> 01:42:45.459

Cooper City Hall: right. Turn off the water, turn off the water. There you go, turn off the watch. Are you guys? Good with that is, that is, is number 4. Put the rest then, and then, you know, at some point they're going to say, you know.

666

01:42:46.350 --> 01:42:58.569

Cooper City Hall: we could be shut down for a weekend. No, they're not that we schedule in advance. They tell us that those dates are available right at the beginning of the season. Isn't that what happened? We're currently working through the Rua with them right now, because they had a construction

667

01:42:58.680 --> 01:43:07.359

Cooper City Hall: project going on and doing that construction project. They still ask you guys for your donation before you even got the Rua signed and delivered. Correct?

668

01:43:08.180 --> 01:43:12.119

Cooper City Hall: Yeah. So you paid a donation without even using the facility. Are you using facility?

669

01:43:12.810 --> 01:43:39.239

Cooper City Hall: Yeah, we had tryouts there already. Yeah, tryouts there already without Rua signed. That's correct. So you utilized facility without Rua signed. Rua is not signed. You signed it this morning. Correct. I didn't sign it. Basketball ua sent over Ua. Why is it a sign? Because the school had construction going on, and they was holding the dates, saying they was waiting for the dates. I spoke to the athletic director at the school this week.

670

01:43:39.370 --> 01:43:57.029

Cooper City Hall: He confirmed with the vice principal. They got the dates worked out. She sent me an email with the new dates. I typed up the Rua this morning, passed it to Jennifer to sign off on it. So you guys, all I'm saying is for the city to give a discount on a nonresident fee because of something you're doing outside of the city

671

01:43:57.390 --> 01:44:10.869

Cooper City Hall: when you're still utilizing city facilities. Last season we installed new goals so you can raise the goal and lower the goal. That was a whole thing, I believe. We doctors paid a young man to

672

01:44:10.880 --> 01:44:38.449

Cooper City Hall: every set every night to go and lower the goals and raise the goals correct. So in our facilities. So these are. City facilities are still being utilized. The pool and tennis center have been utilized for basketball practice, also correct from optimus, but they pay for it. No, they do not pay for it. I don't have a problem with the discount. That's not my preference. My preference is the reason why you want a discount is because of something you're doing outside of these walls.

673

01:44:38.520 --> 01:44:41.530

Cooper City Hall: So commissioners and in all fairness, and

674

01:44:41.710 --> 01:44:46.419

Cooper City Hall: you 2 can correct me because I wasn't on the club. But I it's my understanding what. 7 years ago

675

01:44:46.850 --> 01:45:02.550

Cooper City Hall: we didn't pay non-res fees, and the city gave us money. Am I? Right or wrong? We used to get 30,000 from the city, and now we're now we're now we are providing

used to be majority residents. And now you're not. You've never been. Things change. Yeah, I look.

676

01:45:04.440 --> 01:45:28.730

Cooper City Hall: Let's not get into the little stupid things. Okay, no, this isn't a stupid amount of money you're not going to be. We're going to help you figure it out. We'll take them all to Wayne's school, and they'll play over there. No, no, they already rent that school that was rent. That's not a big thing. Okay, number 5. I'm saying they don't rent for you. But they rent the gym over there. Number 5.

677

01:45:28.750 --> 01:45:39.889

Cooper City Hall: No, our school has a separate gym number 5 guys. That security cost you way too much. So you guys are gonna put it together. So I wait a minute. So I know this number 4,

678

01:45:40.190 --> 01:45:43.630

Cooper City Hall: you guys are gonna put a guarantee that they're gonna get those gyms every year.

679

01:45:43.810 --> 01:45:51.690

Cooper City Hall: No, that's absurd. We're gonna we're telling you we're gonna find. How do you run a program? Not knowing if you have the gym or not? We'll put some language there that

680

01:45:52.080 --> 01:46:18.420

Cooper City Hall: the city will handle the relationship with the School Board, and if there is any concerns about not being able to secure the dates, the city will do whatever it needs to do to secure the dates. If we need to give donations, we'll do that. But I don't want to. I don't want to implying the agreement that we're going to give a donation because we're not going to expect it. So I lose my leverage after 30 years. I think they do expect it at the end of the day. This is why I tell people that

681

01:46:18.420 --> 01:46:22.699

Cooper City Hall: work for me and my boss is, I think, for both of us. It's

682

01:46:22.960 --> 01:46:33.990

Cooper City Hall: it's our job to make your job easier and vice versa, like we just help each other. And if it all becomes easier, then I think we're we're doing a great job. But I also think at the end of the day

683

01:46:34.550 --> 01:46:41.369

Cooper City Hall: those funds are going back to our kids and our schools, and that relationship is important.

684

01:46:41.810 --> 01:46:48.720

Cooper City Hall: And I, I get the apprehension I get it. It's not contractual. But this long history that we have there. Some of those things have value.

685

01:46:49.450 --> 01:47:12.479

Cooper City Hall: Whether or not they expect it every year. I don't know whether they have a we're going to do it. We sent the kids, the band kids to London one time we're with them. We've been great, you know, the church where the kids park and they go through. We pave it for the church. We haven't done it yet. Stop! Stop! You already spent a quarter in that church, number 5.

686

01:47:12.480 --> 01:47:15.540

Lisa Mallozzi: And we and we never sent the kids to London.

687

01:47:15.860 --> 01:47:16.950

Cooper City Hall: Go ahead. We did.

688

01:47:16.950 --> 01:47:17.960

Lisa Mallozzi: Did not.

689

01:47:18.940 --> 01:47:24.227

Cooper City Hall: Mayor. 5, 5. Yeah. So, section 4, 11 of the of the contract limits the

690

01:47:25.333 --> 01:47:33.279

Cooper City Hall: problems that members of the Board can have in relationships to revenue making activities that are

691

01:47:33.630 --> 01:47:43.279

Cooper City Hall: yeah, directly or indirectly related to the club of main Concern has been that the person who sells the uniforms to the club.

692

01:47:43.600 --> 01:47:56.929

Cooper City Hall: to the tune of 6 digits is a member of the board. And and basically, we said, if you're a member of the board. You shouldn't be receiving payments from the yeah from the club.

693

01:47:57.390 --> 01:48:26.310

Cooper City Hall: The person would have to choose one or the other role, and the other relationship is relationship in volleyball Beach volleyball where the you have the the Commissioner of that sport having a business in the same facility with a lot of the same kids that go from being part of the Optimus Club to being part of his private business. So it's kind of like a feeder system for his private business, and

694

01:48:27.050 --> 01:48:51.219

Cooper City Hall: whether the relationship between how much the optimist beach volleyball program does versus his private is conflicting from from our perspective, because, how many, how many kids, how many systems and everything else he does will impact his revenue on the other side. So there are other

695

01:48:51.350 --> 01:49:11.769

Cooper City Hall: OP. Opportune reasons why the board members can make some money out of the club that we felt there were incidental like, if somebody's going to referee something, somebody's going to umpire. They're going to get paid \$20 for for a game or something like that, that is to me is incidental to me. That's not a real concern.

696

01:49:12.750 --> 01:49:19.449

Cooper City Hall: But these 2 relationships that describe are, I think, are important to the way that

697

01:49:19.620 --> 01:49:32.409

Cooper City Hall: the the perception of the transparency among the board. It's gonna happen we have had at least, I think at every meeting we have discussed this issue. And it's still open because we

698

01:49:32.560 --> 01:49:36.899

Cooper City Hall: I've not got an agreement with clause. Can I ask a question when you say.

699

01:49:37.050 --> 01:49:43.870

Cooper City Hall: let's, let's, can. We split it up so we'll 1st with the individual you're talking about. That is the vendor for uniforms.

700

01:49:44.410 --> 01:49:47.670

Cooper City Hall: When you say can't be a board member. Do you mean

701

01:49:47.770 --> 01:49:52.200

Cooper City Hall: a member of the Board or a voting member of the Board, because

702

01:49:52.820 --> 01:50:01.299

Cooper City Hall: to me, if a volume member of the Board members will not have a vote, whether we

703

01:50:01.420 --> 01:50:11.079

Cooper City Hall: we've never been able to understand the bylaws in terms of who votes or not. But we're gonna throw that out right now. Okay, so we are in the process right now. And that's a it's a great point

704

01:50:11.700 --> 01:50:14.880

Cooper City Hall: of cleaning up the articles of incorporation

705

01:50:15.030 --> 01:50:22.980

Cooper City Hall: of the Optimist Club like, we're literally in that process. It's on our agenda tonight at our board to clean up the articles of incorporation

706

01:50:23.200 --> 01:50:36.359

Cooper City Hall: legally with an attorney it. Those things were done in 1973, and obviously the club has grown a hundred fold. The board has gotten bigger, so that is going to be cleaned up and be black and white

707

01:50:37.260 --> 01:50:45.069

Cooper City Hall: as well as bylaws and policies. So let's say now, that is all taken care of.

708

01:50:45.600 --> 01:50:48.729

Cooper City Hall: So board members. Now there will be

709

01:50:48.960 --> 01:50:55.930

Cooper City Hall: a lot fewer voting board members. But then there are other people that are just lifetime board members that don't have a vote.

710

01:50:56.060 --> 01:51:07.089

Cooper City Hall: They're like a members or like a board member. No, it's called a lifetime board members, part of optimist. International. Okay? But there are several of those guys that are not active. So they don't have a vote.

711

01:51:07.260 --> 01:51:15.690

Cooper City Hall: So my question is is, let's say the uniform vendor is on optimist board, but he doesn't vote on anything. He doesn't vote on budgets, he.

712

01:51:16.940 --> 01:51:21.829

Cooper City Hall: are we saying it's no to both? Or is it just no to. He can't have a vote

713

01:51:21.940 --> 01:51:30.950

Cooper City Hall: before he answers that. May I just ask, what was the sticking point from your guys aside? Was it that that was not able to be discussed. Well, no, Commissioner.

714

01:51:31.630 --> 01:51:32.560

Cooper City Hall: so

715

01:51:37.700 --> 01:51:42.700

Cooper City Hall: try to be nice. Hmm!

716

01:51:44.380 --> 01:51:48.089

Cooper City Hall: Better just to say it. Yeah. So we were. We were.

717

01:51:49.520 --> 01:51:53.710

Cooper City Hall: The the way the organization was structured was questioned, not by staff, but by other folk.

718

01:51:54.080 --> 01:51:59.900

Cooper City Hall: and it caused us to do a deeper dive into how the organization was structured, transparent by me. Well, and I was correct.

719

01:52:02.597 --> 01:52:08.019

Cooper City Hall: In all fairness, the operate. The organization's been around since 1973. We've served for 50 years

720

01:52:08.950 --> 01:52:10.220

Cooper City Hall: over time.

721

01:52:10.660 --> 01:52:26.809

Cooper City Hall: How we have operated has changed. So then one President turns to the next President turns the next President. They know they don't know any other way. This is the way it's been operated. So when reviewing the articles of incorporation and trying to go through the deeper dive, we realized that some stuff was adopted because optimist international, who we play under

722

01:52:27.130 --> 01:52:29.599

Cooper City Hall: change their bylaws and change how they were structured.

723

01:52:29.780 --> 01:52:33.230

Cooper City Hall: But those things may not have been reflected in articles of incorporation.

724

01:52:33.590 --> 01:52:39.809

Cooper City Hall: I believe that many of these things will become mute once we get ourselves reorganized.

725

01:52:40.060 --> 01:52:50.200

Cooper City Hall: and to be fair part of the reason why this is still an item of contention is. There were some positions that we wanted to be clear. We have no problem telling you that these positions will be paid positions. But some of these other positions

726

01:52:50.380 --> 01:52:54.909

Cooper City Hall: we're not ready to. We're not there yet, and I can't commit to something that's not done on paper yet.

727

01:52:55.790 --> 01:53:00.319

Cooper City Hall: Okay, so let me say this, I since Pembroke pines language.

728

01:53:00.430 --> 01:53:04.889

Cooper City Hall: I'm gonna read this. And you guys tell me if you have any problem with it says it's a 6

729

01:53:04.900 --> 01:53:32.510

Cooper City Hall: point 1 7. I say Pember Pines, because this template that we're on essentially followed it. No board, member, director, or officer of licensee collectively, member shall, either directly or indirectly, purchase rent, or lease any realty goods or services from the leasee, from any business entity of which the member or the member's immediate family is an officer, partner, director, or proprietor, or in which the member or the member's immediate family has a material interest.

730

01:53:32.520 --> 01:53:41.969

Cooper City Hall: Immediate family member is defined as someone's spouse grandparent. That goes with that. So basically, do you guys have any issue with?

731

01:53:42.150 --> 01:53:44.660

Cooper City Hall: And I'm going to use the word voting member.

732

01:53:44.830 --> 01:54:02.899

Cooper City Hall: But really, when you fix it, it's going to be board member, any board member, someone has the ability to vote governing board not being able to be compensated directly or indirectly. You guys have an issue with that? Yes, but it's there, there, you're saying board member, but every board member doesn't have a vote. So which one is it? Okay.

733

01:54:03.190 --> 01:54:16.739

Cooper City Hall: board member under the State of Florida, under the laws. So you guys start calling people board members that really aren't. The the board is the governing body

that gets the vote. Commissioner. I have an issue. I have an issue because a person may be a person may ref.

734

01:54:17.080 --> 01:54:19.663

Cooper City Hall: Well, then, they shouldn't be on the board. Well.

735

01:54:20.210 --> 01:54:39.610

Cooper City Hall: it's not the same thing, he just said. It's no, no, that's what we're we're proposing something different. But what he just said it was incidental or like, no, no, we're trying to get more people to volunteer. That's the problem. What he's saying is, except in a referee, with exception of referee. There's other positions. There's a so is it a volunteer organization.

736

01:54:40.380 --> 01:54:51.920

Cooper City Hall: the Board of directors, the one who vote should not be benefiting like if I'm on the City Commission, I can't also be an employee. I can't also be a maintenance worker here. So then, when we and and you know this

737

01:54:52.050 --> 01:55:08.159

Cooper City Hall: probably better than all of us when we reorganize the articles of incorporation. So bear with me here. You're going to have 5 positions, probably, which is the Executive or Leadership board. Right? You got a president, a 1st vice, a second vice, let's say a treasurer and a secretary.

738

01:55:08.560 --> 01:55:09.460

Cooper City Hall: Right?

739

01:55:09.910 --> 01:55:22.449

Cooper City Hall: Those guys don't vote in in the way the articles incorporation should be now drawn up for your corporation. Those guys are the executive. What are they called, sir, like executive committee or executive officers.

740

01:55:22.450 --> 01:55:45.909

Cooper City Hall: They don't vote now, but in many nonprofits those are positions that do vote. So it really depends how your board is structured we don't know. So you're saying we have the choice to choose whether they vote or vote, because I'm saying your articles and your bylaws are going to govern how the specialization operates. The attorney that specialized in this that does nonprofits is telling me those guys usually don't vote. They can. Okay, they can.

741

01:55:45.910 --> 01:55:55.479

Cooper City Hall: Now in our club, the way we're set up is we have 12 elected board members, 6 on each side. In the original articles of incorporation

742

01:55:55.650 --> 01:56:07.530

Cooper City Hall: from 50 years ago it said we had between 5 and 10. So we have those 12, those guys vote, and then the 7. However many we have now 7 sport Commissioners are board members who vote

743

01:56:07.760 --> 01:56:12.779

Cooper City Hall: all right. And now there are life members who currently vote. But we reorganize.

744

01:56:13.080 --> 01:56:26.160

Cooper City Hall: I'm just saying it here. All those people are not going to vote. So if if we just call them life members, we don't have to call them board right? So they're fine. So if any of these individuals

745

01:56:26.290 --> 01:56:29.219

Cooper City Hall: are there, and they're not called board members. And we've

746

01:56:29.570 --> 01:56:38.109

Cooper City Hall: taking care of the issue because I am telling you. And I'm on the record. And it's gonna happen tonight. But we're going to reduce the number of voting members

747

01:56:38.130 --> 01:57:02.310

Cooper City Hall: in our club. You're gonna have 15, Max. No, no, I didn't say it's gonna well, it is. It is because the articles I'm a member, the articles currently Max it at 15. So unless you amend it the other way. So then tabled. And you guys figure out the discussion's gonna happen. But if we're calling committees or whatever, if they're not calling forward, look, we want to abide by this, but we have to know what

748

01:57:02.490 --> 01:57:04.760

Cooper City Hall: we can't. So.

749

01:57:04.760 --> 01:57:06.829

Lisa Mallozzi: Can I get a point of information as well.

750

01:57:07.180 --> 01:57:08.389

Cooper City Hall: Looking forward to it.

751

01:57:08.700 --> 01:57:09.939

Lisa Mallozzi: Go ahead. Lisa.

752

01:57:10.570 --> 01:57:33.170

Lisa Mallozzi: in reference to this part of this, was brought up because of one entity making well over 6 figures in uniform contracts. And one of the things that we, as a as a municipality do is you're not giving a contract to one entity. You're not doing anything like that because you must get 3 bids on anything like that.

753

01:57:33.646 --> 01:57:41.550

Lisa Mallozzi: Excuse me so why, and and you all are not a municipality in in any way, shape or form whatsoever, but

754

01:57:41.910 --> 01:58:05.839

Lisa Mallozzi: just to save the children money. Because if you can potentially save money on a uniform because you're soliciting other bids from people and not just going with the same person you've been going with, for you know, umpteen years. There might be other people out there that can get you incredible uniforms quickly, etc. Etc.

755

01:58:06.010 --> 01:58:07.910

Lisa Mallozzi: Solicit other bids.

756

01:58:08.300 --> 01:58:20.759

Lisa Mallozzi: because I specifically know someone that that used to be with our club, that now is in another city, and they're getting almost the same exact quality uniforms. He's ordering them, and he's getting them for half price.

757

01:58:21.740 --> 01:58:26.129

Lisa Mallozzi: So I know that that's out there. So maybe we could

758

01:58:26.240 --> 01:58:32.909

Lisa Mallozzi: put something like that in there where you're getting multiple bids, just like we as a municipality, have to do just.

759

01:58:32.910 --> 01:58:35.339

Cooper City Hall: Hey, Mayor? 3 years ago.

760

01:58:35.510 --> 01:58:58.139

Cooper City Hall: would I be able? Optimist? Please put your eyes on 4, 11. If the language reads like this, Licensees shall not allow coaches, managers, or volunteers to be compensated, either directly or indirectly, without approval. To the of the city, however, the following position shall allow compensation, referee umpires, referee slash umpire.

761

01:58:58.190 --> 01:59:08.159

Cooper City Hall: What? What's an assigners? What's that? Okay, head wrap outside trainer concessionaries? If it read, if it looks like that, do we have a problem.

762

01:59:08.790 --> 01:59:11.440

Cooper City Hall: The only thing is the indirect compensation.

763

01:59:12.230 --> 01:59:17.949

Cooper City Hall: What? Okay? Hold on. I get where you're coming from, like, if your kid is a ref. If if my kid's a ref, or if

764

01:59:17.980 --> 01:59:46.719

Cooper City Hall: or well you can, it just has to be with city approval. So so I have to come to the city to say, this guy's going to be a coach, and I'm going to discount his kid. That's

that's a that's a waste of my time. That's a waste of your time. I'm not getting into the weeds because no offense. This is great language, and it came from your city where you're an assistant city manager. Why can't we? Why can't we have a contract the same you have, Mike. Why can't I have what Pembroke Pines has? But if I want to, if I want to change it up and give some flexibility. Oh.

765

01:59:46.910 --> 01:59:54.159

Cooper City Hall: we are someplace special. So let's go ahead and talk. Mike, are you listening to me? I'm trying my question to you is.

766

01:59:54.370 --> 02:00:09.609

Cooper City Hall: fill me in what the issue would be cause. You said, it's the indirect, correct, correct. And because you guys give some form of a discount if I gave a discount to a Co. Let's say, let's say one of my board members is a coach. Yes, and he had. He got a discount

767

02:00:09.710 --> 02:00:11.280

Cooper City Hall: on his registration. Okay.

768

02:00:11.280 --> 02:00:30.669

Lisa Mallozzi: Okay, wait. Point of information. I coach, for I don't know how many years, and had twins, and then a single and never once got a discount and paid through the nose. So how is that, I would like to know? I would like to know how that discount is figured out

769

02:00:30.670 --> 02:00:34.679

Lisa Mallozzi: so, because or once was I even offered a discount.

770

02:00:34.680 --> 02:00:39.010

Cooper City Hall: Commissioner in fairness, there's another section here we talk about that.

771

02:00:40.480 --> 02:00:42.410

Cooper City Hall: So this is something new.

772

02:00:43.020 --> 02:00:57.199

Cooper City Hall: So so what if it's by the way, I don't anticipate any other indirect compensation, but God forbid! They got a discount, and I've got a friend over here who questions that that person got paid so. So my question then, would be this.

773

02:00:57.400 --> 02:01:08.439

Cooper City Hall: if we agree that that Optimus is volunteer, the boards are volunteer. Right? Okay? So we're not debating that. So my statement then would be, what do we need to? Then we'll say

774

02:01:08.800 --> 02:01:12.229

Cooper City Hall: there could be a maybe it's a new subsection, but it'll clear this up.

775

02:01:12.500 --> 02:01:16.220

Cooper City Hall: Any board member is not paid period.

776

02:01:16.890 --> 02:01:32.250

Cooper City Hall: and whoever you need to be able to get it indirect that you identify here you can do a 4, 11, dash 5 or dash one. But when I say, Commissioner in fairness, if I say so, let's use Don Mccann's as an example. Okay.

777

02:01:32.370 --> 02:01:39.380

Cooper City Hall: okay. So Don Mccanns has served on our board. You guys gave him a resolution what? Last year sometime served on the board for over 30 years.

778

02:01:39.750 --> 02:01:42.280

Cooper City Hall: At times he stepped into the 1st vice position.

779

02:01:42.730 --> 02:01:45.910

Cooper City Hall: but he's also the referee assigner. How much does he make doing that?

780

02:01:46.750 --> 02:01:56.970

Cooper City Hall: No one has any numbers. How many people are paid there, Commissioner? Well, let me stay. Let me hear his point, please. No, stay on the point. This is why it's hard to work still. Come on. So

781

02:01:58.000 --> 02:02:02.260

Cooper City Hall: he gets compensation at the field. Yeah, okay?

782

02:02:02.860 --> 02:02:14.800

Cooper City Hall: And he, he's going to get cash at the field from the other team that comes in and plays because he's refereeing a game. Okay? Travel stuff. Okay? But that's in direct conflict with that section, because maybe he's serving in that 1st vice position.

783

02:02:15.570 --> 02:02:33.619

Cooper City Hall: or I shouldn't be on the board. Then he could pick it. He could pick it if I want to be the the scheduler and make money fine, so I don't disagree with your board going through tonight? Will you not be changing your bylaws to reflect that in theory, knowing where we're going, that you would not allow

784

02:02:33.940 --> 02:02:46.959

Cooper City Hall: someone in that role to step into a set fight. Second Vice President. And if so, then they have to relinquish one of the other positions. See, I actually, I don't think this. I really think that the referees and the assigners should be outside of this.

785

02:02:47.090 --> 02:02:50.939

Cooper City Hall: and I think that for many reasons I serve on other boards.

786

02:02:51.060 --> 02:02:56.260

Cooper City Hall: and in those same boards a person on the board can offer. Like I'm I'm on the Chamber of Commerce.

787

02:02:56.540 --> 02:03:05.039

Cooper City Hall: A member of the Board can offer a a discount to members where he may get business for insurance. For example.

788

02:03:05.650 --> 02:03:25.830

Cooper City Hall: for cruises you serve on the board, and maybe you want to offer a discount to. I'm just knowing people's professions offering a discount for cruises. Okay, those things exist, and that person may be compensated indirectly through that sale or through that opportunity what I don't want to do, even if we reorganize the board which we want to do because we want to come into compliance with it is.

789

02:03:26.610 --> 02:03:31.750

Cooper City Hall: I don't want to turn away a volunteer who can easily abstain from a vote on the soccer budget

790

02:03:31.880 --> 02:03:55.639

Cooper City Hall: and file a form to abstain from the vote on one particular budget, but not take away his service from the Board. It may have been there 5, 1030 years. No, if you're on the board. You don't get paid, that's what it is. Well, that's every tellers everywhere. I mean. Every city has that. Every city has my only question.

791

02:03:55.770 --> 02:03:58.749

Cooper City Hall: My compromise to. That was incidental money.

792

02:03:58.870 --> 02:04:10.529

Cooper City Hall: Because I'm not worried about the \$20 referee fee. And and all of this, yeah, assigners get get paid a little bit more than that, because they get the percentage of every you know assignment that they do.

793

02:04:10.890 --> 02:04:38.890

Cooper City Hall: But the big elephant in the room is the 2 big transactions uniforms. It is the uniforms, and it is the well that's elephant in the room today and tomorrow. It's something else. Is that is the language in your perspective. Fix that, then that's really the question. Language fixes it. But they haven't agreed to the language. But now you're saying you agree to it. I'm not okay with that language. I'm okay with what we proposed here

794

02:04:39.580 --> 02:04:46.010

Cooper City Hall: within here we added stuff at the bottom. But so what if there's he's what if there's a threshold.

795

02:04:46.250 --> 02:05:14.189

Cooper City Hall: Well, so this is what we're looking at. So when we reincorporate our articles of Confederate articles, Incorporation Star Wars. When we discussed this tonight, secede from Cooper City. Yeah, no, no. So, for example, currently, the treasurer is a board member. Okay? But historically, we have appointed the treasurer because we've not followed our full disclosure. We have not followed it, because the same person's been the treasurer of having them, you know. So if we pulled that treasurer off of

796

02:05:14.400 --> 02:05:17.980

Cooper City Hall: the board and made him an appointment or a committee member.

797

02:05:18.380 --> 02:05:20.930

Cooper City Hall: and he got a stipend to run our books, which is.

798

02:05:21.340 --> 02:05:24.489

Cooper City Hall: takes a lot of time. We don't think that should be penalized.

799

02:05:24.840 --> 02:05:29.480

Cooper City Hall: So so I so I do have a quick question to our city attorney.

800

02:05:33.120 --> 02:05:36.480

Cooper City Hall: Ethics, fireworks start blowing up through my mind.

801

02:05:36.730 --> 02:06:03.830

Cooper City Hall: Where does this put us as a city? If we're going to do business with an entity and agreed to their language, where does that put us part of the intent of this fundamentally was to hold the Board to the general standard, that the 5 members of the Commissioner held to the same provisions of chapter 1, 12. That says you can't do business with the city of Cooper City is the concept by which the city is looking to impute to the optimists. Okay? So so now, hearing that

802

02:06:04.650 --> 02:06:13.900

Cooper City Hall: volley, it's your serve. How do you feel now? That's the intent of this.

803

02:06:14.230 --> 02:06:28.160

Cooper City Hall: But you're but you're hearing the concern. You see it, you said you're gonna make changes. So tell me what those changes then are. Gonna reflect to make me understand that you've got what we would like again.

804

02:06:28.320 --> 02:06:40.550

Cooper City Hall: Obviously, we can't speak for the entire board understand today. So when you look at the articles of incorporation, we have to redirect the articles of incorporation. We have to identify board members, identify in the articles of incorporation life. Members

805

02:06:40.880 --> 02:06:45.479

Cooper City Hall: pull people off of the Board, for, like Terry, Fredericks, has been our treasurer for many, many years

806

02:06:46.030 --> 02:06:48.040

Cooper City Hall: if we pull him off of the board.

807

02:06:48.490 --> 02:06:51.380

Cooper City Hall: and he is a committee member and not subject to vote.

808

02:06:52.130 --> 02:06:55.169

Cooper City Hall: and he gets this. This is mute.

809

02:06:55.390 --> 02:07:06.309

Cooper City Hall: right? I I don't know names. And who's in what role, but what out of this? Just focus me on 4 11, you guys said, you added some other things. I don't see where your language

810

02:07:06.510 --> 02:07:22.390

Cooper City Hall: was, not, what what part. Just guide me to what you don't like in the language. Then we we like what's here right now, we, this was, this is what our compromise was. Okay, so so and and staff.

811

02:07:22.490 --> 02:07:52.159

Cooper City Hall: my question to you, please is based upon what is written. Can you please guide my eyes to where you want to see changes? Sure. Line 3, and the last line where it has site, supervision and flow pressure. Okay? Understood. So now that we know where our concern is with the city, my question to you quick. Sorry. I'm confused. Now

812

02:07:52.760 --> 02:07:55.150

Cooper City Hall: you're saying that no, none of those people should get compensated.

813

02:07:55.520 --> 02:07:57.249

Cooper City Hall: Those people should be on the board.

814

02:07:57.630 --> 02:08:01.650

Cooper City Hall: It can't be on the board, but so is a concession person on the board

815

02:08:03.150 --> 02:08:19.810

Cooper City Hall: technically now, yes. But this is something that we're trying to get away from. Okay. So then, so then, that wouldn't be a problem which is a problem for us. So then it wouldn't be a problem for you, because you want to pay them. And we're okay with it. But we don't want them on the board, but we can't put that in here yet, because we have to bring that to the board. No, no, that's not true. The current articles that you're operating under

816

02:08:20.070 --> 02:08:30.770

Cooper City Hall: do not allow for your setup right now. You you're maybe you're hoping to reorganize, to fix what you don't. But currently you're at 15 board members currently under this, the law in the State of Florida.

817

02:08:30.940 --> 02:08:57.519

Cooper City Hall: That's the action. And you know it because you've met with a lawyer, and I pointed out to you, so maybe you hope to change it. But actually, the whole 47 people voting is not actually legit. We know that. So if you're on the board, you can't be compensated. If you want to be one of the 15, you're not compensated. If you want to make a half a million dollars selling uniforms. You just step off. You still come, hang out! You can still complain, yell at Ryan, but you can't vote, and if you, if you want to start voting, then you then you don't do it. It's just one or the other.

818

02:08:58.600 --> 02:09:04.929

Cooper City Hall: So let's go through where the city sticking point is, and is it a sticking point where we're headed assigners?

819

02:09:06.160 --> 02:09:15.950

Cooper City Hall: I I don't think there's a sticking point that we we okay, you know what about outside trainers? There's no outside trainers. Okay? So that's a moot point concessionaries.

820

02:09:16.580 --> 02:09:24.830

Cooper City Hall: Our our concession person right now is they've always they've historically always been voted in as a member of the Board because they present a budget, and they do these things.

821

02:09:24.980 --> 02:09:45.509

Cooper City Hall: and when she works the window she's she's paid. During the time she works the window she's got to pick one or the other. But how do you do that? You want to sell concessions, or you want to vote all right. Commission, that's what I'm asking you. It sounds like everybody agrees. No, no, no, here's the point. She asked. What he's saying is correct. Well, she just doesn't vote, or whoever the person is.

822

02:09:46.290 --> 02:10:14.980

Cooper City Hall: So this is where we have to be able to do that. The governing body, yes, so so usually an executive board has has the the team of the President, the Vice president, secretary, treasure the people that can vote, and then everybody is a part of their. I don't know how you guys are structured. I don't try to meddle in that. And most of these and most of the organizations. They operate a whole bunch of different ways. Okay.

823

02:10:15.220 --> 02:10:25.060

Cooper City Hall: our challenge has been that we've been operating a certain way for 50 years. I'm trying to get away from. I want to get you a win, but I can't get there if you're not there. We got the win. My question is about

824

02:10:25.460 --> 02:10:29.999

Cooper City Hall: these people not being voting members. But my question is that you mentioned 15? Is that

825

02:10:30.070 --> 02:10:47.689

Cooper City Hall: is that a law? That's your article. Okay? Okay. Now, the very last one. I don't want you to to bypass it. Our last one. After that the city had a concern, was site supervisors, and the club treasurer.

826

02:10:47.690 --> 02:11:04.689

Cooper City Hall: I would think that would make sense. That's a the treasurer is a voting member. So so our club treasurer has not come to board meetings and has not been a voting member for many years. So the problem is, that's by design, though that's been by design. But the problem is is that our articles of incorporation currently have him as a board member.

827

02:11:04.750 --> 02:11:06.880

Cooper City Hall: And what's a site, supervisor?

828

02:11:07.120 --> 02:11:08.599

Cooper City Hall: That's what he'd pay.

829

02:11:08.780 --> 02:11:26.269

Cooper City Hall: I don't know. So sites all day long, making sure that our fights going on there for 8 h. Understood? Understood? So so you want to pay them. But but do they have to be a voting member?

830

02:11:27.270 --> 02:11:36.330

Cooper City Hall: Okay, that really, your concern is about voting. I think we can go back. And and but I think that Site Supervisor thing also started years ago. That was a person that really

831

02:11:36.710 --> 02:11:42.970

Cooper City Hall: the schools wanted us to have at the gym to make sure, not just to someone on 4 11.

832

02:11:43.200 --> 02:11:46.760

Cooper City Hall: Nobody's paid, directly or indirectly.

833

02:11:46.930 --> 02:12:11.270

Cooper City Hall: without approval of city commission, and then we went ahead and listed some jobs, and you can get more jobs if you need it. You come up with, you know, rain dance maker, whatever. It's fine, that's what, and then not to us. No, no, no, you just you just said that nobody gets an indirect payment unless they come to you. So if I if a if a coach gets a discount, if a guy comes in, no, no, not individuals, it says, no, no.

834

02:12:11.370 --> 02:12:26.480

Cooper City Hall: no, yes, okay, read it, read it, says licensees shall not allow coaches, managers, or volunteers to be compensated either directly or indirectly. This one says, was changed to say, without disclosure to the city. I want to go back to the original

835

02:12:26.480 --> 02:12:50.380

Cooper City Hall: that that your city has is without approval of the city. But and then you go on to define jobs which those are approved. As of this agreement, so you don't have to do. The challenge comes in here with a coach getting a discount. You're saying that no coach that's an indirect payment. The positions. No, Ryan. Sorry, Commissioner. In all fairness. A coach is an indirect position. If they get a discount. That's an indirect payment.

836

02:12:52.760 --> 02:13:03.389

Cooper City Hall: Yeah, it's a payment. You can't do that without approval. The the city you're gonna come up with something, and they're gonna say, okay, anyone who coaches coaches for free. That's proved you don't have to bring this specific person.

837

02:13:07.660 --> 02:13:25.079

Cooper City Hall: What's the hurdle? The hurdle is we're on. We're on draft. We're out there at tryouts, and I'm sure to coach. No, no coaches, kids, coach for free. That's approval of the city. We don't need to know this is the specific coach coach for free. No, I'm saying, if you wanted to do or play for free, or whatever coaches, if you want to say, coaches kids

838

02:13:25.170 --> 02:13:51.009

Cooper City Hall: play for free. That's fine. You don't have to bring up this person's name, whatever the discount, whatever you whatever you want to be, you don't need to bring that to us. You're saying, if it's equal, yeah, I don't have an issue with that. What what I'm suggesting is is that historically, we have had our own leeway, if I need to, hey? I need you to step up and be a coach. We're short of coach in this division.

839

02:13:51.300 --> 02:14:12.419

Cooper City Hall: We'll let your kid. We'll give your kid a 50% discount for you to step up and do that doesn't apply to everyone every coach. Then you can't, then you can't do it. It's fairness and transit. You. Only do it for one of the coaches. We've done it historically. If we were short of coach in a division. No, we we've done. We did that before again. We don't want to do that. We want to get away from side deals. We want everything to be fair.

840

02:14:12.420 --> 02:14:16.249

Lisa Mallozzi: Can I have a point of information if you don't mind?

841

02:14:16.910 --> 02:14:17.780

Lisa Mallozzi: Hello.

842

02:14:18.410 --> 02:14:19.100

Cooper City Hall: Go ahead.

843

02:14:19.100 --> 02:14:20.800

Cooper City Hall: Oh, I didn't know I was okay. Thank you.

844

02:14:20.800 --> 02:14:22.680

Cooper City Hall: Yeah, yeah. We're waiting on you, hey? I'm sorry.

845

02:14:22.910 --> 02:14:24.670

Lisa Mallozzi: What are.

846

02:14:24.790 --> 02:14:41.179

Lisa Mallozzi: and I'm not asking for people's names. But what are other than the the ones that we've already gone over? Are there other paid positions in the club, because several people, since the last couple of days have asked me what are the paid positions in the club.

847

02:14:42.170 --> 02:14:43.650

Cooper City Hall: We're listed in this document.

848

02:14:44.670 --> 02:14:50.679

Cooper City Hall: Same thing. They're listed here, referees, signers outside concessionaires.

849

02:14:50.870 --> 02:15:18.820

Cooper City Hall: Those are the people that are paid. The only thing that this doesn't listen has been our background check coordinator because we've hired somebody because of that background check issue. I think we added it in the last draft, you see where it says, conducting background, yeah. Oh, there it is on the second one. Sorry all the colors got me a little baffled, so I would. I would like to acknowledge something that Commissioner Melisi said earlier.

850

02:15:19.122 --> 02:15:21.540

Cooper City Hall: We were talking about bidding. I really think

851

02:15:21.660 --> 02:15:26.359

Cooper City Hall: that there should be a threshold on elements that need to be bid on versus just

852

02:15:26.880 --> 02:15:30.880

Cooper City Hall: you get a deal because you've been doing it for however many years.

853

02:15:31.517 --> 02:15:35.450

Cooper City Hall: So I I Commissioner, I will tell you that

854

02:15:36.080 --> 02:15:42.410

Cooper City Hall: we have. This year, for example, we went with a different soccer. Uniform. Vendor performance was horrible.

855

02:15:42.830 --> 02:15:45.510

Cooper City Hall: Sizes didn't fit, shirts were all off.

856

02:15:45.660 --> 02:15:56.099

Cooper City Hall: I know I got some girth, but I usually don't wear a 2 x, all right, I get it. The parents complained. If you've played 5 on 5 your shirts were up to here, and we were with a new vendor this year.

857

02:15:57.170 --> 02:16:01.440

Cooper City Hall: We historically have gone out gotten indirect quotes from people.

858

02:16:01.640 --> 02:16:04.500

Cooper City Hall: hey, this is, what would it cost? Can you deliver in this timeframe

859

02:16:04.990 --> 02:16:07.739

Cooper City Hall: sports? Do that? Individuals we do, that

860

02:16:08.880 --> 02:16:15.090

Cooper City Hall: our vendors have been able to perform in the timeframes that we allot 2 weeks turning around. 800 uniforms, 600 uniforms.

861

02:16:15.500 --> 02:16:18.140

Cooper City Hall: Most places can't do that. We can't even do that from China.

862

02:16:18.826 --> 02:16:25.970

Cooper City Hall: Not right now especially I will say this. The one thing that distinguishes our program compared to others

863

02:16:26.460 --> 02:16:35.949

Cooper City Hall: we played in when I was my kids were in 12 U. We went to Hollywood. We played a game. There wasn't traveled because we did an interleague with their program. They didn't have uniforms for the 1st 4 weeks of the season

864

02:16:36.170 --> 02:16:46.430

Cooper City Hall: we went to Pembroke Lakes. I coached in Pembroke Lakes before I came back to Cooper City. They didn't have uniforms for 3 weeks into the season as much as you think. This doesn't matter to people

865

02:16:47.280 --> 02:17:04.050

Cooper City Hall: the minute the Kid puts on his uniform. It's his happiest day, so should we not procure things. My question is, you're right. You're right. So I don't think we're looking to change any of that. But my question to you is on this where this is at, we think we're okay.

866

02:17:04.540 --> 02:17:21.159

Cooper City Hall: No, I'm asking about bidding, because I don't. Giving a hundred \$1,000 contract to somebody without a bid. Can we finish this one and then go to bidding? I thought we were done with this. We spend hundreds of thousands of dollars with no bids. We'll call it pickavaction board member.

867

02:17:21.691 --> 02:17:37.610

Cooper City Hall: So here's my only question, because you've got the you got the background checks here on 4 11 is there? Now, knowing where we wanna where everyone's trying to get to. And I think we're there. My last question is on this topic.

868

02:17:37.840 --> 02:17:46.440

Cooper City Hall: The indirectly to communicate with the city is that a problem. If if we're going to create some hey, coaches get a discount. Global thing. Yeah.

869

02:17:47.049 --> 02:17:58.729

Cooper City Hall: that takes away the indirect issue. I don't think that's a problem, okay is is getting is getting pizza an indirect payment. Oh, stop! No, no, no, we're talking about people stealing money, going to jail, not pizza. Come on.

870

02:17:59.400 --> 02:18:14.969

Cooper City Hall: No, I don't think that would be the intent. I I would not think that's the intent. Okay, but there's a lot of things I don't think there's any. So our attorney is here. Is there some good notes? We can crap this language? Okay, okay? So we could cover. So there's no concern. I understand.

871

02:18:15.530 --> 02:18:18.989

Cooper City Hall: Why are we not talking about procurement? We need to finish this one. Okay.

872

02:18:19.830 --> 02:18:47.910

Cooper City Hall: okay, we have to finish compensation. All right. So I think that one is good to move on to the very last bullet. Well, let me show you the Pines language. It's the same agreement in fairness to what he said he took notes. He says he knows, and obviously based upon what our recommendation is. You know, they know. And we talked about. Okay.

873

02:18:48.049 --> 02:19:10.009

Cooper City Hall: were we moving now to Number 6 or Yes, sir, 5. Yes, sir, we're on 6. Well, the only reason why I asked was, you guys had mentioned no, no, we were going 2 elephants in the room, not the only fires whatever. And they were talking about all 3 before. And here you talk about each volleyball right? Okay. Now that

874

02:19:10.250 --> 02:19:18.239

Cooper City Hall: that's not anything. It doesn't have to do anything with cooperation. Right? That's that's somebody's private business

875

02:19:18.959 --> 02:19:26.509

Cooper City Hall: that rented from you guys. And he was making money privately. We didn't. We didn't pay him if we did, I sure don't know about it. So

876

02:19:26.660 --> 02:19:39.319

Cooper City Hall: what do we need to fix here? Or is that taken care of. Well, it is part of the indirect benefits of being a commissioner of the sport.

877

02:19:39.459 --> 02:19:47.589

Cooper City Hall: and then having a private business that is directly related to hold on. Hold on, yeah.

878

02:19:47.730 --> 02:19:50.547

Cooper City Hall: for the for the same reason, for example, if

879

02:19:51.220 --> 02:19:54.904

Cooper City Hall: Chico, who's who's here, who, I'm sure, is a great coach

880

02:19:55.980 --> 02:20:01.811

Cooper City Hall: got all of the travel kids and says, Oh, when we finish the decision here

881

02:20:02.440 --> 02:20:09.140

Cooper City Hall: we're going to continue to practice here. And each of you guys pay me \$100 a month, and I'm going to make you much better players. Right?

882

02:20:09.600 --> 02:20:22.309

Cooper City Hall: So you are using your position to really have a feeding system into a private business that is directly related to what you're currently doing. So even

883

02:20:22.500 --> 02:20:28.330

Cooper City Hall: it if she don't want to to be, have a beach volleyball, you know, business

884

02:20:28.550 --> 02:20:37.250

Cooper City Hall: that wouldn't be related to to what he's currently doing with the club, but that that relationship to me creates an inherent conflict.

885

02:20:37.360 --> 02:20:38.530

Cooper City Hall: Because

886

02:20:38.910 --> 02:20:47.560

Cooper City Hall: if the if if you have beach volleyball as an activity by the club for 10 months out of the year, these other companies out of business.

887

02:20:48.580 --> 02:20:58.719

Cooper City Hall: Yeah, if if you have Beach volleyball as part of of the Cooper City Optimist Club 10 months out of the year his private business goes

888

02:20:59.020 --> 02:21:19.100

Cooper City Hall: well, I'm not. I'm not saying you can or not, but but it having those 2 things, you know, the same person controlling both sides creates A, and I understand everything you're saying, but the private business does go away. He just can't rent your courts as often as he rents them, because now

889

02:21:19.320 --> 02:21:26.140

Cooper City Hall: the League is playing right, and these kids and the kids and and the kids are only going to be in one or the other place.

890

02:21:26.510 --> 02:21:30.540

Cooper City Hall: That's not true. That's not the way it works in the world today in sports, it's not true.

891

02:21:30.790 --> 02:21:41.559

Cooper City Hall: Trust me. All the kids that are playing in Rec. Leagues are playing high school have private trainers everywhere all the time. It's it's overload. Trust me, I'm in that world every day all the time.

892

02:21:41.880 --> 02:21:45.190

Cooper City Hall: and and I'm not disagreeing with you at all. But

893

02:21:46.320 --> 02:21:50.499

Cooper City Hall: and what I heard the other night when that discussion was happening was.

894

02:21:50.740 --> 02:22:03.679

Cooper City Hall: you were just discussing a rental rate, and it seems like, if you guys can agree on the rental rate. There were really no issues. And in my mind, like I might call Mr. Rhodes and say, You know what I want to start renting fields, and I'm going to run a business.

895

02:22:03.680 --> 02:22:22.350

Cooper City Hall: It has nothing to do with the Optimist Club at all. If I'm doing, I get what you're saying, because it's a marketing thing. But I just want to make sure that these those 2 things are separately, like buying uniforms, and and they might both be right. They might both be wrong, but I think they're 2 different. They are, but they're too

896

02:22:22.740 --> 02:22:27.230

Cooper City Hall: 2 parts of the same, and relationship of

897

02:22:27.850 --> 02:22:32.670

Cooper City Hall: being part of the of the Board and making a profit

898

02:22:32.680 --> 02:23:01.970

Cooper City Hall: on a business. So if our sports commissioners weren't part of our board, no, if our sports commissioners weren't part of our board. Are they voting? If they were, yeah, no, if they were not sports commissioners just there. Is it a conflict? I think that it said, Voting member. Well, and I'm asking that you just said, No, no, that's what I thought. I just asked. And I thought you just said No, yeah. And so again, as we reorganize, I don't want to dig a hole. You're good. Okay, thank you. Can I move on to the next

899

02:23:02.150 --> 02:23:03.920

Cooper City Hall: wish? I said, oh, no, we're good

900

02:23:05.120 --> 02:23:11.429

Cooper City Hall: when you are awarding a contract. I think the not being part of the board clears the conflict.

901

02:23:11.610 --> 02:23:31.800

Cooper City Hall: If you are a commissioner, and being involved in that same sport. I think that's still a conflict, even if you're another board member, that's my opinion. So you're saying, in addition to whether you vote or not vote, you're saying being in a role of leadership over that sport. So that's something different. So correct.

902

02:23:32.270 --> 02:23:42.749

Cooper City Hall: Okay, that's something different. Again, that's not what the language, not we're at here. Does that concern get reflected in 4 11, where you highlighted that initially.

903

02:23:45.390 --> 02:23:56.990

Cooper City Hall: we, we have talked about this concern several times. But right now the language should not reflect. It's not currently reflected correct. So is this a new concept to you guys? No, we've had this conversation.

904

02:23:57.140 --> 02:24:04.210

Cooper City Hall: and we did not create or craft any language at this point we we were not at an agreement with this particular issue, and we also.

905

02:24:04.210 --> 02:24:06.759

Lisa Mallozzi: Mr. City Manager point of information

906

02:24:09.320 --> 02:24:19.290

Lisa Mallozzi: manager, if you're adding, if you're adding something like that at this late point in the game, can you hold off on that, and let's get through what we already have.

907

02:24:19.400 --> 02:24:23.329

Lisa Mallozzi: because we're already in a cluster over this.

908

02:24:24.420 --> 02:24:29.909

Cooper City Hall: What's on the agenda? It's on there. Lisa. Yeah, it's on the agenda and said, the initial issue is being described.

909

02:24:29.910 --> 02:24:45.549

Lisa Mallozzi: I know, but we're we're already. We're already jumping through hoops, and we're already inundated with all of this and trying to reach an agreement with this. And now we're adding more on, because now we have. We have a bone to pick with the the volleyball Commissioner.

910

02:24:45.730 --> 02:24:48.669

Lisa Mallozzi: because that's the latest person on the hit list.

911

02:24:49.450 --> 02:25:01.550

Cooper City Hall: Is, is. It's a if volleyball play. If if the Pure Energy group, the for-profit group played in a different location, not at sports complex.

912

02:25:02.580 --> 02:25:04.700

Cooper City Hall: Does that release your fear?

913

02:25:05.050 --> 02:25:11.930

Cooper City Hall: No, it reduces it, but not releases it. No, this is the thing, and maybe today isn't the

914

02:25:12.070 --> 02:25:16.750

Cooper City Hall: that language. But I'll just give you the concept. So if Robbie expanded

915

02:25:18.180 --> 02:25:20.659

Cooper City Hall: that from the 2 months to 6 months

916

02:25:21.280 --> 02:25:26.209

Cooper City Hall: he would lose money if he expanded the the optimist from 2 months to 6 months

917

02:25:26.210 --> 02:25:44.870

Cooper City Hall: he would lose money. But that's in all fairness that goes against everything we do in our club. We don't allow overlap sports, understand just the concept, the person who can make that decision to expand it from 2 months to 6 months. But he can't afford. So that's what we're saying, that person can't.

918

02:25:44.870 --> 02:25:57.799

Cooper City Hall: He can't do it on his own. He can't do it on his own, because he can't conflict with another sport. That's what makes our club different than all these other clubs. What sport is he conflicting with? There's no no, that's what I'm saying. So what would he be if he expanded his season.

919

02:25:57.800 --> 02:25:58.119

Lisa Mallozzi: Thank you.

920

02:25:58.120 --> 02:25:58.959

Cooper City Hall: Go into another season.

921

02:25:58.960 --> 02:26:00.159

Lisa Mallozzi: Within the soft phone.

922

02:26:00.160 --> 02:26:12.190

Cooper City Hall: That other sports weren't playing. You could hurt softball. Yeah, softball flag. But they could pick one or the other. But you can't expand in guys correct me if I'm wrong. If if we wanted to add another sports season.

923

02:26:12.310 --> 02:26:17.900

Cooper City Hall: whatever let's say, it's volleyball. So that's what we're talking about. And we say we want to run volleyball another 3 months.

924

02:26:18.530 --> 02:26:22.519

Cooper City Hall: Not only can a Commissioner do that on his own

925

02:26:22.950 --> 02:26:29.150

Cooper City Hall: I believe in in 15 years ago, being here. When we added the last port, we added.

926

02:26:29.150 --> 02:26:57.699

Cooper City Hall: I think that had to be cleared by the city, and then well, the new sport had to be, but not the season, not the extension. No, we put the season in a new season. We add a new season. We added the 5 on 5 football season or a new sport. It had to be approved. It was just free field use it would just be. I don't think it would be a commission vote. I think it would just be. I think we had to get. We had to get approval. Maybe that for sure. I think now we would. No, no, I think you still wouldn't. Now a new excuse me.

927

02:27:00.380 --> 02:27:06.069

Cooper City Hall: but we can't tell somebody who's running a private business because we want you to offer more.

928

02:27:06.320 --> 02:27:13.719

Cooper City Hall: He offers, you know, volleyball for the Optimist Club in the timeframe that he has in his personal life.

929

02:27:14.270 --> 02:27:33.899

Cooper City Hall: Yeah, that's the conflict. That's not good. That argument's not the good argument no one else would help with volleyball practice. You have more time to dedicate to the city. I can tell you what I don't do I give up the right to represent cities

930

02:27:33.960 --> 02:27:47.739

Cooper City Hall: for this job? Yeah, that's that's what I do. Right? That's what I do. I give up. I forego that because it's a conflict. So I can't. I give up the right to lobby in front of other governments? And I lose money to do this. Yeah.

931

02:27:48.000 --> 02:27:56.169

Cooper City Hall: yeah, that's how we do my business. Yeah, go in front of other governments right? Other governing bodies. So I forego that. Yeah, let's

932

02:27:57.390 --> 02:28:02.219

Cooper City Hall: so one of the issues that we brought up was now the procurement which we were kind of tying, that in there

933

02:28:02.720 --> 02:28:04.059

Cooper City Hall: to the wrong area.

934

02:28:04.440 --> 02:28:12.722

Cooper City Hall: So he, the natural spot, would be in 6.6, because where it says

935

02:28:13.290 --> 02:28:17.650

Cooper City Hall: well, I don't want to use the the other city's name, but since they were the exact template

936

02:28:18.200 --> 02:28:20.790

Cooper City Hall: the other city had in there

937

02:28:21.100 --> 02:28:38.060

Cooper City Hall: that the organization shall, you know, submit a copy of purchasing guidelines and purchases exceeding \$1,000 required rebate. So I guess where you're not. It's not in there. It's not in our because it was removed, but essentially procurement. So the question is.

938

02:28:38.720 --> 02:28:43.769

Cooper City Hall: Commissioner Casper said, there, we want to assure there's some level of procurement

939

02:28:44.740 --> 02:28:50.979

Cooper City Hall: on at least a certain amount. What what are you guys willing to do? If it's over a certain amount, it should be procured competitively.

940

02:28:51.690 --> 02:29:17.599

Cooper City Hall: What would you guys be willing to come to us? So we have to do? You want us to do written quotes, and we have no idea if that person can perform. I mean, I don't know how you you know, you guys have bid committees in order to examine these items. You know, we're we're contacting a vendor who can turn things around in 2 weeks so the city can offer to support. But, you guys, we had to go through your process. You can't.

You can't do it better than we can, and you can't meet our timelines. But how do you know, though, if you don't bid it out.

941

02:29:17.600 --> 02:29:42.019

Lisa Mallozzi: But point of information, you guys know, on a on a pretty much every year that your sport is going to be, you know. Let's say, within a hundred to 50 children. Give or take, and you know about what your uniforms are. You know that soccer is going to have. Let's say one jersey, one pair of shorts 1, 1 pair of socks. And so, you know, if you're going to have 600 children.

942

02:29:42.020 --> 02:29:53.830

Lisa Mallozzi: you need one shirt, 1, 1 pair of shorts, and one pair of socks for 600 children, and you know that soccer season is going to run from. Let's just say October to

943

02:29:54.060 --> 02:30:00.829

Lisa Mallozzi: March, so you know that if you're going to look for that amount that you know that that should start.

944

02:30:01.410 --> 02:30:28.970

Lisa Mallozzi: you know, throw it out there that you're going to look in in August for that uniform, and and that's really not going to deviate the the numbers might deviate a little bit. But you know what you're looking at same thing with softball softball. You know, you might target 400 people, but you might get 450, or or you know, 320, but that's you know, and and your gear is really not going to change. And and while your uniform color, or what have you might change.

945

02:30:28.970 --> 02:30:51.789

Lisa Mallozzi: but pretty much your numbers and everything is pretty much going to stay the same, so you can look and figure it out. Everybody is rated. We have the Internet now, and everybody has an opinion, and everybody loves to tell everyone what their opinion is. So you can look up a company. You can see what they are. You can have them send you sample sizes.

946

02:30:52.340 --> 02:31:03.539

Lisa Mallozzi: and I can't say what other companies do. But I know with travel. Soccer, we literally have sample sizes sent, and we can look at them and say, You know, this is this is true to size.

947

02:31:03.540 --> 02:31:32.999

Cooper City Hall: You're trying to get the lowest price possible, and as a club I think we are the lowest price, and you probably are, and you probably are. So how would we codify what you're doing? Currently, yeah, memorialize it. So what? So how many bids do we have to get? You want 3 bids. You want 4. But what do you do now? You have to work this out right? Everybody would get every.

948

02:31:33.160 --> 02:31:57.950

Cooper City Hall: That's what you guys do right now generally most of them do. Now. Do you have that memorialized anywhere? Is that like in your bylaws? No, we don't have it in our bylaws right now what is going on? Fees compared to other cities, we are the lowest across the board for our fees, so we and we produce a budget for every sport at the beginning of every season. So we're the lowest in the in the Southwest broward area.

949

02:31:58.280 --> 02:32:06.540

Cooper City Hall: I don't think we're doing anything wrong. Well, if you want to verify, you might be doing it correctly. So we're just saying, how do we codify that.

950

02:32:06.540 --> 02:32:18.350

Lisa Mallozzi: Point of information, and I'm sorry to interrupt. And and I'm I'm saying this with love. We're the lowest, because we're not paying our coaches. If we were paying our coaches, our prices would be much more.

951

02:32:18.450 --> 02:32:24.889

Lisa Mallozzi: and and that is said with love as a, as a, as someone that supports a volunteer organization.

952

02:32:25.090 --> 02:32:38.789

Cooper City Hall: Commissioner in fairness, here's the, here's gonna be the problem. Okay, let's say we get 2 written quotes. Let's say we get 2 written quotes, is that person gonna come to the city and say, Hey! My quote was lower, and they chose him.

953

02:32:38.960 --> 02:32:51.570

Cooper City Hall: And then what's going to be the course? No, no, hear me out, please, because I listen. I already have people coming to you when they don't get a practice field, but I've got an owl in the middle of it, I mean because I mean so if I if if this person

954

02:32:52.330 --> 02:32:54.509

Cooper City Hall: and and so then I got, then I get 3 bids.

955

02:32:54.650 --> 02:33:12.019

Cooper City Hall: and then I go 4 bids. And but my point is, yeah. Is that what then becomes the process? So now I've got to present 4 bids to the commission. Oh, no, no, no! Hear me out. Because take the lowest one, do we? Yeah, I mean, because you guys have a committee. When you guys listen. I sit on those committees. I say this with love myself.

956

02:33:12.020 --> 02:33:32.940

Cooper City Hall: You usually don't. Well, no, you look again. Is it an Rfp. Is it an Rfq. What's your process? If I became soccer, Commissioner and I asked you, Hey, boys, what do I do? I got to buy some stuff. What's the process? What do you tell these new people so? What we did in soccer this year, like I've already stated, we went out and we got a new local vendor. Tell me what you would tell Ryan to do

957

02:33:33.060 --> 02:33:48.099

Cooper City Hall: if you were the new Soccer Commissioner, I say, hey, hey! These are the 2 people that provided us uniforms in the past 2 years. Do I need to call and double check the price? Let them know what we do, and that's what we do. So let's just codify it. You know anything over a certain amount. We'll try. But when you get 2 bids, 3 bids.

958

02:33:48.300 --> 02:33:54.819

Cooper City Hall: So okay, I'm I'm treading lightly here, because now I'm putting, do I have to submit those bids to you cool?

959

02:33:55.260 --> 02:34:03.059

Cooper City Hall: So so where? So it's a best practice in any organization to have commission manager in a hundred.

960

02:34:03.060 --> 02:34:28.010

Cooper City Hall: I agree with you 110%. But if I have more than if I have to come, present that to the city that becomes a public record. Mike is my problem. Guy. Now I'm going to look to you 2. 1 of you is on my solution, Guy. So I've heard my problem. Now give me a solution, because I think, like a city commissioner. If I present those documents to you that becomes a public record, I appreciate that. No, no, but the bids aren't a public record. Give me what

961

02:34:28.010 --> 02:34:37.189

Cooper City Hall: solution is. If you guys, all, all I think that we need is, what do you? You currently have a practice? Can we memorialize it? And can we put like a threshold like

962

02:34:37.250 --> 02:34:40.660

Cooper City Hall: 15,000 20,000,

963

02:34:41.410 --> 02:34:53.690

Cooper City Hall: \$1520,000? Then we will get a second bid every 2 or 3 years. My, our city, our submissions. But under our procurement code anything over \$10,000 requires 3 written quotes.

964

02:34:54.120 --> 02:34:55.680

Cooper City Hall: yeah. Sounds good to me.

965

02:34:56.723 --> 02:35:03.609

Cooper City Hall: Have a point of order on that is that every 3rd year

966

02:35:04.880 --> 02:35:14.680

Cooper City Hall: is that for soccer season, then a football season any purchase. That's what I want to know. Any purchase over \$10,000 would require 3 written quotes.

967

02:35:14.700 --> 02:35:41.380

Cooper City Hall: If, in other words, if the city was going to make that purchase. That would be our process, that's every sport. But they could enter into a 3 year agreement. So the question from the President was Pete. Can you please refer that again? Asking. And so we can see. Could it be done every 2 or 3 years, and not every year? Multi-year agreement. Right? Remember, we're doing

968

02:35:41.810 --> 02:35:58.470

Cooper City Hall: multiple seasons each year in each sport. So you know, if there's 3 different soccer seasons, he's got to get 3 bids for a Rec. Just a recommendation. 5. I don't want to tell you how to how to do it, but you could bundle. You can say you think you can, but

969

02:35:58.590 --> 02:36:13.920

Cooper City Hall: every season it's different sizes, different numbers. You can aggregate. You can look at the last 3 years average and say, This is our cost, and then you the bigger question for me. I don't. I don't think collectively have an issue with doing this process.

970

02:36:13.930 --> 02:36:37.500

Cooper City Hall: If the city is going to require to see those bids. I'm not trying to hide anything, but then that becomes public record, and then I lose out on the competitive bidding process. You guys have bones of silence. You have really how it works. But anyway, so let's let's have a how it works. Listen. There's a portion of times where the bids are private and sealed, and then the bids get opened up in public. So how about this? In this? In the city the optimists shall submit a copy of their purchasing guidelines to the city.

971

02:36:37.670 --> 02:36:48.340

Cooper City Hall: So that means you make some guidelines. Right? You might say, Ryan soccer guy, you could spend up to 500 bucks. You're gonna go. More than that, you gotta come to us. The board, whatever you rules you come up with, you're gonna write them out because we know we need rules. Now

972

02:36:48.650 --> 02:36:55.440

Cooper City Hall: you're gonna write them out internally, and you submit us a copy, and then we'll say that you must competitively bid

973

02:36:55.780 --> 02:36:59.689

Cooper City Hall: or get 3 quotes on anything over X amount. Pick the number.

974

02:36:59.970 --> 02:37:09.340

Cooper City Hall: You guys put the number? No, no, that's how you quote it. Yeah, quote as 3 years or whatever. Yeah, I mean, Chico was, weren't you an internal auditor?

975

02:37:10.060 --> 02:37:25.580

Cooper City Hall: I think so. Right? He could write this stuff in 5 seconds. Right? Literally, you guys pick the number, and then I would just ask a certain threshold that you pick your board votes on instead of an individual person. So one individual person can't go outside the contract. They approve each budget. It's in the budget.

976

02:37:25.680 --> 02:37:32.580

Cooper City Hall: They already do it. Okay, perfect. That's not procuring. So what you're asking for is a separate vote on the procurement end

977

02:37:32.910 --> 02:37:50.719

Cooper City Hall: in our policy, and it won't be just once every 3 years. Then. Yeah, I guess that's what it would be. How much. You're asking us to rate something we don't do, no understood, understood, and and listen how much paid over 10 grand every 3.rd

978

02:37:50.950 --> 02:38:05.630

Cooper City Hall: We'll help you with the language. It's not like every 3rd year, if you quote it out for 3 years. That's how it is. But yeah, but we'll agree that you'll just. You'll submit to us your purchasing guidelines, which you're gonna make.

979

02:38:05.830 --> 02:38:08.840

Cooper City Hall: whatever it is that you guys do. So bids don't come to the city.

980

02:38:09.120 --> 02:38:10.280

Cooper City Hall: It's yours.

981

02:38:10.700 --> 02:38:13.140

Cooper City Hall: Yeah, we're not saying we're gonna approve it or anything.

982

02:38:13.620 --> 02:38:22.689

Cooper City Hall: Plan, Powell. They they require it to be submitted to the city for approval. We're not looking to do that we're just saying, put a process in what you guys said you were, gonna do, anyways.

983

02:38:23.480 --> 02:38:26.120

Cooper City Hall: don't compare us to Kyle and David.

984

02:38:26.610 --> 02:38:29.020

Cooper City Hall: Trust me, all right. Are we on 6?

985

02:38:30.700 --> 02:38:32.619

Cooper City Hall: Yes, yes. Okay.

986

02:38:33.410 --> 02:38:42.519

Cooper City Hall: What's our what's our hangup? This is a policy issue, because it requires a change in legislation for us right now are.

987

02:38:43.390 --> 02:39:00.383

Cooper City Hall: Zoning code doesn't allow for financing parts. Now they have been done, and we realize that they're there and they've been done. I don't know for how many years, but it is in public. So the Commission, in order to do this, we'll have to do 2 things

988

02:39:01.020 --> 02:39:11.979

Cooper City Hall: it will, you know, will bring a change in the land development code that allows for managing the parts to be used in conjunction with recreational activity. And then.

989

02:39:12.140 --> 02:39:24.859

Cooper City Hall: if you guys are willing to do that, then we'll bring. Then we'll add language in here. It says banners will be allowed as soon as the the Commission approves that. So that's going to go as an ordinance. Okay?

990

02:39:25.490 --> 02:39:37.789

Cooper City Hall: And this is us, if we do this, this is helping you guys out correct. And the small businesses of Cooper City and surrounding areas. I think the mayor just sold it for you.

991

02:39:38.650 --> 02:39:44.620

Cooper City Hall: It's a way, for you know, somebody to advertise them. I I hear you. We just want you to clean it up a little bit, too. Right?

992

02:39:44.820 --> 02:39:58.110

Cooper City Hall: Yeah. So so I do. I thank you, Mayor, you do bring up a a 1 point. Can we have some form of standards perfect?

993

02:39:58.340 --> 02:40:11.720

Cooper City Hall: So we'll have a everyone's going to be charged the same thing. Well, no, they. They have to be separate because each sport runs a different time period, different sports, different seasons. But like, okay, let's just say, I want to sponsor baseball

994

02:40:11.870 --> 02:40:34.019

Cooper City Hall: this year you want to sponsor fall baseball. That's a 2 month sponsorship. Or do you want to sponsor baseball for a year? Let's say the mayor wants to sponsor baseball also. But you like the mayor more. No, because he's better looking. So he gets a hundred dollar banner. That won't happen. That's what I'm trying to make sure it's all the same, because what happened last year what happened last year

995

02:40:34.370 --> 02:40:55.869

Cooper City Hall: was, we were very thankful for the sponsor that you brought to the club, but it kind of opened up Pandora's box as to what else we could get without having a formal kit in place, which is what we're working on. We're working on formal. I'm gonna nominate our city to help if you guys would like, because we just did a sponsorship package for this is a non voting. So you can't nominate anything. Right? Yeah.

996

02:40:56.490 --> 02:41:15.290

Cooper City Hall: So when when we do the the ordinance piece, you know, we, you can put regulations there as no political advertisement, or whatever regulations you want to put into that piece that will be in place already. That would be in the ordinance. No, the ordinance doesn't allow them right now we'd address.

997

02:41:15.570 --> 02:41:31.229

Cooper City Hall: Okay, so let me, I want to bring up one big concept and then all my notes. There's no way we can get through those. So I'm gonna suggest that I turn those into the manager and let yeah, because I have things like that, our rate will be here for a month.

998

02:41:31.360 --> 02:41:35.460

Cooper City Hall: so I don't wanna do that. But the only big concert I want to leave with.

999

02:41:37.450 --> 02:41:41.569

Cooper City Hall: Wait a minute. Are we okay with the banners. Do we all agree? Moving forward? Okay.

1000

02:41:41.750 --> 02:41:42.210

Lisa Mallozzi: Yes.

1001

02:41:42.560 --> 02:41:48.840

Cooper City Hall: The big concept is. So all these other things I'm gonna send it to the manager and ask him to work through, or whatever

1002

02:41:48.940 --> 02:41:53.170

Cooper City Hall: the big concept is the money, the banners

1003

02:41:53.440 --> 02:41:56.710

Cooper City Hall: that come comes through the city, and we can remit it over to you guys.

1004

02:41:58.170 --> 02:42:17.319

Cooper City Hall: So what are you saying like, it's like, like we were talking about earlier, like the registration. And then it goes into their bank account. Yeah, so we can track it. But there's no, there's no profit line on our side. No. And then and then I mean, including concessions like I'd like to put them on the pos system. So they? They scan something direct track. They get paid. But we know

1005

02:42:18.100 --> 02:42:24.210

Cooper City Hall: I think it's overkill. I think it's overkill. I think, having girls sponsors, I mean, that's going to be

1006

02:42:24.840 --> 02:42:35.760

Cooper City Hall: whatever happened, whatever has happened. And there's ways that we can do it. Sorry, Mayor. There's ways we can do internal policies to change that. What I want to say is, there's no way we could draft language

1007

02:42:35.970 --> 02:42:38.279

Cooper City Hall: to have caught what happened. Yeah, there is

1008

02:42:38.500 --> 02:42:44.830

Cooper City Hall: okay. What do you mean? I went there and says, Look, look! And yeah, they throw me out the window. You're taking around

1009

02:42:45.240 --> 02:42:50.549

Cooper City Hall: thousands and thousands of people 50 years. And one guy just freaking.

1010

02:42:50.550 --> 02:42:55.060

Lisa Mallozzi: Listen Commissioner, Commissioner Sprouter. Point of Information.

1011

02:42:55.060 --> 02:43:16.730

Cooper City Hall: Had a football and and had a storm. Didn't you have an issue with that 30 years ago? 3 years ago it was, I'm 36 years old. I wasn't 6 years old when that happened. Of course that's why you put we put things in place, but when you catch it

1012

02:43:16.730 --> 02:43:27.359

Cooper City Hall: it goes away. Well, there was money stolen \$700 last year or the year before out of the out of there, right? There's a police report. Yeah, I have a police report. So there's been more than one incident.

1013

02:43:27.590 --> 02:43:29.180

Lisa Mallozzi: Commissioner Schroeder.

1014

02:43:29.180 --> 02:43:30.100

Cooper City Hall: Yeah, you know, I don't care.

1015

02:43:30.100 --> 02:43:54.609

Lisa Mallozzi: Point of information. Well, I I appreciate everything, and I totally understand where you're coming from, and I think everybody is on the same page. I don't think anybody sitting in this room watching on TV, or or even anybody that has heard what has happened wants to ever see that happen again, and wants to do everything that they can to make sure that that money never goes missing. But also remember

1016

02:43:54.610 --> 02:44:02.329

Lisa Mallozzi: that there are hundreds of people that volunteer countless hours, and that have their heart

1017

02:44:02.330 --> 02:44:07.160

Lisa Mallozzi: in the right place, and that want to do everything they can

1018

02:44:07.230 --> 02:44:13.850

Lisa Mallozzi: to keep kids in sports and to, you know, and that that have a program.

1019

02:44:14.080 --> 02:44:25.360

Lisa Mallozzi: and that want to run a program for the right reasons so. And I understand what you're doing and why you're doing it. But the pendulum is now swinging

1020

02:44:25.490 --> 02:44:39.819

Lisa Mallozzi: way to the extreme. So there has to be a a i think, a balance. So I think the steps that we're taking are 1,000 in the right direction. Let's implement these steps.

1021

02:44:40.090 --> 02:44:42.030

Lisa Mallozzi: Get them right.

1022

02:44:42.290 --> 02:44:53.430

Lisa Mallozzi: and then move forward from there, not saying that that's going to be the end of it. But let's set the groundwork, make a good foundation, and then move forward from there

1023

02:44:53.700 --> 02:44:55.390

Lisa Mallozzi: is what I am saying.

1024

02:44:57.190 --> 02:45:20.419

Cooper City Hall: we just we just as a city agreed to throw to do 6. So there's no problem. So you have no issues there. Okay? All right. So here's what I need on Number 6 in very similar form and fashion. Innocent till proven guilty. I agree with you. So let's stay with that. I definitely don't want to ever believe that my city is ever going to have it where a vendor

1025

02:45:21.180 --> 02:45:36.850

Cooper City Hall: sponsor I buy a sign, and that money doesn't end up to where it belongs. So what I want you to do I just met you on 6, and I think this whole commission did on

banners. And we're gonna build an ordinance. And we're specifically gonna do it. So it benefits the League.

1026

02:45:37.140 --> 02:45:40.390

Cooper City Hall: the optimist. I want to. I want to see.

1027

02:45:40.960 --> 02:45:50.159

Cooper City Hall: I don't care about concessions. I'm not gonna put a point of sale system in there. If you guys can sell a million dollars worth of Frito chips. Good luck! Here's my point.

1028

02:45:50.300 --> 02:46:09.300

Cooper City Hall: I want to see field rentals. I want to see sponsorships. I want to see registrations to go through our one portal system, so I can look at any of you as a resident and say, this is what came in. This is what went out, and then I never have to get involved in any other

1029

02:46:09.830 --> 02:46:38.460

Cooper City Hall: piece of questionable material. So outside of what you guys do on your concession stands, maybe processing all those checks. Say again. Are you processing all those checks when you say processing? If someone were to you, I just heard your president say, there's going to be 3 different levels of sponsorships and those sponsorships are going to have a tier of size and money, so they're going to pay. It's going to go right to you. Then I missed it. Sorry! Let me, I think what he means is, let's say there's

1030

02:46:38.670 --> 02:46:52.250

Cooper City Hall: 300 sponsorship banners in baseball. Yes, all these sponsors come to you with a wreck. Well, well, let me. Well, let me let me stop. Let me not answer for the city based on their question. So the answer is, yes.

1031

02:46:52.470 --> 02:47:15.690

Cooper City Hall: So how? Okay? And that's they write the check to Cooper City, and then it well, obviously, they would have an online point of sale in the Rec track or wherever. But if someone writes a physical check, I think it's a granular discussion of who it gets written to. You guys discuss that. But the point of it pass through, I think, is okay. So we're doing. We they do a fundraiser at Publix. You've been out there. They hand out the money.

1032

02:47:15.690 --> 02:47:27.629

Cooper City Hall: How does that work? You didn't add that one, but I can add it. No, I'm talking about. I only told you the 3 that I'm looking for. But do you want to do you need anything else? Added? I think I'd be honest with you. I think this is Overkill.

1033

02:47:27.630 --> 02:47:50.010

Cooper City Hall: I manage my own travel soccer team. My families bring me sponsor checks. I give those to my commissioner. My commissioner deposits them into an account, and we manage our own accounts. Listen, listen, but I say this. See what you're saying. But listen, we're on tape right now. Do you understand? People are wondering where our ethic line is, I'm not asking for anything crazy. But here's but here's where the ethic line changes. What

1034

02:47:50.290 --> 02:47:57.179

Cooper City Hall: if we adopt as a club a no cash policy? I didn't say that. No, no, hear me out, no cash registrations.

1035

02:47:57.580 --> 02:48:01.899

Cooper City Hall: no cash sponsorships, cash donations can be accepted. Okay.

1036

02:48:03.780 --> 02:48:05.820

Cooper City Hall: we get rid of the Zelle issue

1037

02:48:06.110 --> 02:48:22.969

Cooper City Hall: because the Zell is the one thing that we could not track in this situation we had no access. Thank you so much for reporting the field usage, because now we found out there were cells, but that is not something we could have written a policy for, and that could happen today without any of this discussion. But what we haven't had happen

1038

02:48:23.130 --> 02:48:24.599

Cooper City Hall: this check issue.

1039

02:48:24.860 --> 02:48:32.479

Cooper City Hall: Okay, these check issues are written to the Cooper City Optimist Club of Cooper City. They get processed through our system. Yeah, this one person

1040

02:48:33.020 --> 02:48:35.139

Cooper City Hall: took a sponsorship without a kit.

1041

02:48:36.480 --> 02:48:47.300

Cooper City Hall: and we couldn't point to it. Why can't we just report back to you as opposed to have you process all this stuff, me wondering if my team's check got recorded to the right account, because now I can't go book a tournament.

1042

02:48:48.480 --> 02:48:51.170

Cooper City Hall: I feel like we're at a level of.

1043

02:48:51.170 --> 02:49:19.140

Lisa Mallozzi: Wait point of information. You're dealing with 2 separate entities as someone. No, no, stop, said Set, with with all due respect, and and I don't know if the rest of my commission understands this, because they've they've never dealt with travel, and I have. So what what Mr. Stam is referring to is as a as a travel team. They do an enormous amount of fundraising, because every as that they travel, not just.

1044

02:49:19.140 --> 02:49:44.649

Lisa Mallozzi: They don't just play on our fields, and they will travel. They can travel out of state, they can travel all throughout the State of Florida. It involves hotel, it involves registration, it involves Rec fees, and it can be very, very expensive. So travel teams

fundraise internally. But what also happens in a travel team is they have a team manager. That travel team also has an accounting.

1045

02:49:44.650 --> 02:49:49.280

Lisa Mallozzi: and that travel team also shows that accounting to

1046

02:49:49.550 --> 02:50:10.670

Lisa Mallozzi: the Soccer, Commissioner Chico. So that is but that is not something that Mr. Stam, and maybe I'm understanding this improperly. That is not something that the Commission is referring to, and I don't think that they are looking at that in any. I don't think that was even on their radar, because I don't think they know about that.

1047

02:50:10.670 --> 02:50:13.560

Cooper City Hall: On your fields. Those are my sponsors.

1048

02:50:13.560 --> 02:50:15.879

Lisa Mallozzi: Right. Those are your, but they are talking about.

1049

02:50:16.580 --> 02:50:21.549

Lisa Mallozzi: And and Mister Stan, they understand that from a banner.

1050

02:50:21.550 --> 02:50:23.620

Cooper City Hall: Your sponsors, field.

1051

02:50:23.620 --> 02:50:24.490

Lisa Mallozzi: Stop.

1052

02:50:24.490 --> 02:50:27.030

Cooper City Hall: It's not what he said. Stop.

1053

02:50:27.030 --> 02:50:27.360

Lisa Mallozzi: Shut up!

1054

02:50:27.360 --> 02:50:43.049

Cooper City Hall: It's not just. It's like, if you guys are still doing uniforms. But the sponsorships you said you're making a uniform packet, and that says you have to pick one of these categories, and that means, Oh, you're talking about for the fences. Yeah, my banner sponsor. Katzman's on uniforms.

1055

02:50:43.080 --> 02:50:57.870

Cooper City Hall: Yeah, I'm saying anything that adding things. I told you 3 things I've asked you to do. You're now saying other things. And now commissioners hear things and say maybe they want to stick. I don't know what's going on. I gave you 3. I say, this

1056

02:50:57.960 --> 02:51:17.889

Cooper City Hall: banner sponsored. Yes, and field accountability. You don't do Fields. We don't do, Josh. Does fields. Yes, but my point is to make sure. No, no, they were not never supposed to be doing that, I understand. Okay, so we don't even put that in there. Yes, we do, not you, but others. Here's an example. Here's an example. Come on, guys.

1057

02:51:18.720 --> 02:51:47.470

Cooper City Hall: Okay, last year we had soccer jerseys. We got it. It doesn't matter. But but the point is that the numbers didn't add up. We need a way to account for that. So the residents I got. We don't. Yes, we do. I can easily. We can easily give you a check. We can give you a copy of all the checks at the end of the season at the end of collections. Remember, we're having last time I had to go Terry's house, hang out with his dog, look on the computer. You know what? But this is where we're asking for a little bit of trust. How do I know that when that check is deposited to the city that it's going to get back to my account.

1058

02:51:47.470 --> 02:52:03.179

Cooper City Hall: Well, when you don't have it on your ledger, you're going to call up. Say, hey? What happened? And then? But now we're gonna have to handle it. You are adding A. It's 1 thing to do registrations because we're dealing with person to person. Now, you're so opposed to this sponsorship, I'm not opposed to it. You're you're asking a group of people.

1059

02:52:03.630 --> 02:52:25.889

Cooper City Hall: Okay, I put in countless hours to run my team to work on this club. And now you're asking me to figure out a whole different level of accounting as to where this money is going. And who's processing that check? Fortunately we've had to come up with accounting measures. No, but you know you know what you asked for us in here was

different types of reporting which we're ready and willing to do. What you're asking for us now, done before Monday.

1060

02:52:26.900 --> 02:52:38.510

Lisa Mallozzi: Because this is what we've been working on for months. Monday in light of Monday situation. We have to. But Monday situation wasn't Monday's situation. You know well, very well that Monday situation was Monday situation. Let's walk it back.

1061

02:52:38.510 --> 02:52:51.950

Lisa Mallozzi: Okay, but wait a second. What I ha! I hate to defend Commissioner shrouder. But unfortunately I have to defend Commissioner shrouder, and the sky is falling. What? And let's go back to the uniforms, and Commissioner.

1062

02:52:51.950 --> 02:52:53.189

Cooper City Hall: We're talking about uniforms, Lisa.

1063

02:52:53.190 --> 02:52:55.849

Lisa Mallozzi: No, no, you are, because it's part of a sponsorship.

1064

02:52:55.850 --> 02:53:00.369

Lisa Mallozzi: We're not, you are, and you don't get to say it, because I also get to speak.

1065

02:53:00.370 --> 02:53:01.180

Cooper City Hall: How can I do that?

1066

02:53:01.180 --> 02:53:04.100

Lisa Mallozzi: Talking about sponsoring and sponsorships.

1067

02:53:04.100 --> 02:53:04.589

Cooper City Hall: What do you say?

1068

02:53:04.590 --> 02:53:08.779

Lisa Mallozzi: Stop. No, no, Mayor Curran, because this is part of it.

1069

02:53:08.780 --> 02:53:15.330

Cooper City Hall: Sponsors on uniforms anymore. He's not doing sponsors on uniforms, trying to walk away from that program because of what trying to get away from it.

1070

02:53:15.330 --> 02:53:20.170

Lisa Mallozzi: Okay. So now, we're just talking about banners. So then, so then.

1071

02:53:20.170 --> 02:53:21.420

Cooper City Hall: That's Lisa.

1072

02:53:21.420 --> 02:53:40.474

Lisa Mallozzi: So that okay, stop. So then, Mr. City manager, I don't know if anyone from finance is in the audience. But if not, is there a way, and Josh walked away. Is there a way in our Rec. Track that we could put a line that says

1073

02:53:41.370 --> 02:53:56.130

Lisa Mallozzi: ABC motors is sponsoring a large banner for a thousand dollars, and that is sponsored by, and that that money is going towards Mike Stam's travel. Soccer.

1074

02:53:56.290 --> 02:53:58.130

Lisa Mallozzi: 10 U. Team.

1075

02:53:59.010 --> 02:53:59.860

Cooper City Hall: Yes.

1076

02:53:59.860 --> 02:54:13.740

Lisa Mallozzi: And then is that also? Oh, thank you, Tina Granite. And then is that also possible, Miss Granite, since you're there, and I will bother you. Is that also possible that when that

1077

02:54:13.910 --> 02:54:34.520

Lisa Mallozzi: check and that banner is inputted into the system, that we are then able to somehow allocate that money immediately because of that line. That's added immediately. Allocate that money to Mike Stam's 10 U travel soccer team.

1078

02:54:34.520 --> 02:54:37.159

Cooper City Hall: No, we're just gonna wait, wait! Wait! Hang on!

1079

02:54:37.650 --> 02:54:39.489

Cooper City Hall: Yes, that is possible.

1080

02:54:39.640 --> 02:54:43.199

Lisa Mallozzi: Go to that sport.

1081

02:54:43.200 --> 02:54:50.320

Lisa Mallozzi: No, not no, it does not need to go to that sport. It needs to go to his team because they work very hard getting those sponsors.

1082

02:54:50.510 --> 02:54:52.060

Cooper City Hall: And that's why I'm so opposed to this. This is.

1083

02:54:52.060 --> 02:55:03.020

Lisa Mallozzi: No, no, I understand. But I she is my finance person, and she knows so if she says that she can do it, then she can do it. Let her answer so, Miss Granny.

1084

02:55:03.340 --> 02:55:08.710

Cooper City Hall: Right? Yes, yes, we just need to know for which

1085

02:55:08.820 --> 02:55:12.739

Cooper City Hall: we can separate the money coming in.

1086

02:55:13.020 --> 02:55:25.509

Cooper City Hall: allocate it to a specific line item. So then we know that line item goes to x account, or y account, or z account, and then that could get paid out to x account y account or z account.

1087

02:55:25.510 --> 02:55:35.021

Lisa Mallozzi: And then be. And again, I'm sorry for asking a lot of questions, but I'm gonna use Mike Stan, because I know he has a travel team. So if Mike Stam got ABC.

1088

02:55:35.380 --> 02:56:00.650

Lisa Mallozzi: call service to sponsor the \$1,000 banner, and there's a line item that says that goes to Mike Stam's account. Then Mike Stam somehow will have an account with us, or every travel team will have an account established. That is something that we can do so that way. Once the the monies come in, that they have fundraised for it can go directly back to them. Once that check clears.

1089

02:56:01.060 --> 02:56:26.820

Cooper City Hall: Yes, we can have a separate account for each team travel, whichever one it is. Yeah, listen. Our chart of accounts is already in. Don't worry. It's, you know, adding, on 2030, 50, it's no big deal and then that money would then be able to be allocated back to them. I'm not trying to make this money, Erin, for that.

1090

02:56:26.980 --> 02:56:44.669

Cooper City Hall: You go ahead and you sell Girl Scout cookies. All of a sudden you got access to it. And you guys make money. We're not asking for that, Mike. You're not asking. No, I'm asking whether or not I'll take a public apology. I was legit. Was I not all the things I came to you on? I was right on, was I not?

1091

02:56:45.500 --> 02:56:54.419

Cooper City Hall: All? Yes or no? There's only 3 things I said that was it. You're getting away from other practices, sports, banners and field run. Yes, sir.

1092

02:56:55.430 --> 02:57:00.280

Cooper City Hall: good sponsor, no registrations a long time.

1093

02:57:00.520 --> 02:57:18.939

Cooper City Hall: What was it he's going to work. We added sponsorship. There's consensus. I believe there's consensus on that, at least from me shrouder and Malozi sponsorship. So if you want to make that you're painting the field. If you want to do your sponsorships to Jersey, whatever it is, it's going to be

1094

02:57:18.950 --> 02:57:37.320

Cooper City Hall: not. You're collecting money out out, you know not. You told a kid to go sell one of those discount cars, and we're willing to work with you, whatever if it's 50 bucks, maybe no. But if it's 506,000, something like that, we, those are big numbers. We want to be

1095

02:57:37.400 --> 02:57:48.390

Cooper City Hall: capture big numbers. Okay? So so do we say, if it's over a thousand bucks, you figure it out okay and figure it out. Come, and you know, come back on again. I'm not trying to muddy the waters and trying to understand

1096

02:57:49.360 --> 02:57:55.010

Cooper City Hall: when someone writes this check. Now they're writing it to the city of Cooper City. They're no longer writing it to us.

1097

02:57:55.550 --> 02:57:57.790

Cooper City Hall: What does that mean for tax exempt status for us?

1098

02:57:58.870 --> 02:58:00.459

Cooper City Hall: What does it mean for what? That

1099

02:58:02.300 --> 02:58:07.320

Cooper City Hall: you want? Your status, or you want the person to go to our bank account the checks made out to the city.

1100

02:58:07.500 --> 02:58:20.749

Cooper City Hall: They're creating an account for us. No, we have a nonprofit, too. I already thought about this. We have A, we have a nonprofit through our parks and Rec, we got it covered. Man, don't worry. We're going to get everybody their nonprofit. Get them the letter, if we have to. We got it all covered

1101

02:58:20.830 --> 02:58:40.979

Cooper City Hall: right, do we not? We have a nonprofit, appreciate the sarcasm, but it's fine. This is this is stuff that when we go to get a sponsor, these are things we offer to our sponsor. So the city's going to automatically send them a letter when they get the check, or you guys could do it. And we're processing the money over through to you. You could do that, you know, we're an intermediary that that could be done too. It's however, you want to make it easy. We can accomplish it. That'd be nice.

1102

02:58:41.320 --> 02:58:42.160

Cooper City Hall: Alright.

1103

02:58:42.810 --> 02:58:49.739

Cooper City Hall: I got it. They say it's at least no, everything's just easy. You could pass through as an intermediate intermediary, too.

1104

02:58:52.240 --> 02:59:04.680

Cooper City Hall: Yeah, it's not as per. What happens is the truth is, Chico. How many travel account? Actual bank accounts do you have for travel? 17. No bank account numbers

1105

02:59:06.130 --> 02:59:21.890

Cooper City Hall: one correct, and then you have your internal ledger. So the reality is, it's just gonna go. So if it's soccer, it just goes to that one account, and and he has the sub account numbers information

1106

02:59:22.000 --> 02:59:46.810

Cooper City Hall: taking a deduction, and if they're making the check out the city, then what does that do for them? So it might have to be done a different way. Didn't you say we have a parks and rec nonprofit? Yeah. Well, again, I'm not trying to muddy it. I just want to make sure it's abundantly clear. If they make it to us as custodian of that happens all the time

1107

02:59:48.310 --> 02:59:52.570

Cooper City Hall: we got it right. That's why the city needs to write the letter to the nonprofit

1108

02:59:52.700 --> 03:00:03.230

Cooper City Hall: to a point correct, it could be even cleaner again.

1109

03:00:03.650 --> 03:00:14.329

Cooper City Hall: I don't want to get into it. I don't want to get into it, but we're putting something in agreement. We have to understand how it works. We're just here. We're just here for the for the the checks and balance part.

1110

03:00:15.050 --> 03:00:23.269

Cooper City Hall: not trying to hinder the nonprofit aspect, or any of that obviously reportable mayor. Go ahead.

1111

03:00:23.430 --> 03:00:24.749

Cooper City Hall: You want to wrap this up.

1112

03:00:24.940 --> 03:00:29.989

Cooper City Hall: You have it. No, no, we're gonna Commissioner Melosi, do you have anything you want to add? Sorry, guys.

1113

03:00:30.440 --> 03:00:31.330

Lisa Mallozzi: I'm good.

1114

03:00:33.340 --> 03:00:34.380

Cooper City Hall: Commissioner Cassman.

1115

03:00:34.800 --> 03:00:42.150

Cooper City Hall: Yeah, I mean, I I'm gonna send my feedback on the agreement to the manager and the attorney. And any

1116

03:00:42.700 --> 03:00:45.972

Cooper City Hall: additional thoughts I have, I guess. So so that we can.

1117

03:00:46.870 --> 03:00:56.180

Cooper City Hall: Okay, so 2 things. One, we may need a follow up 2. I would

1118

03:00:56.310 --> 03:01:03.119

Cooper City Hall: ask the city to go ahead and start working towards implementing the things we've agreed on, even though they're, you know. So even though the agreement's not done.

1119

03:01:03.130 --> 03:01:27.559

Cooper City Hall: let's start working on those. I'm gonna send all my notes to you guys, too. So you guys could probably be more reasonable. And I know that one of the things that we

had in here which it seems like there wasn't push back on was the subjecting it to public records all. So I imagine you guys were okay with that, because that wasn't 1 of the items, and that was one of my big ones. So I mean, you have it in here.

1120

03:01:28.500 --> 03:01:34.530

Cooper City Hall: Well, it says any. I think it was deeper than that. You wanna okay. So I mean

1121

03:01:34.830 --> 03:01:37.299

Cooper City Hall: it said, in here you're gonna comply with 1, 1 9,

1122

03:01:37.670 --> 03:01:40.560

Cooper City Hall: which is the public records. Also.

1123

03:01:40.920 --> 03:01:44.299

Cooper City Hall: I think that adds a level of transparency. Everyone wants so

1124

03:01:45.350 --> 03:02:05.070

Cooper City Hall: well, I think we're trying to understand what? Whether to be fair, I think we're trying to figure out whether or not we're public aid is here or not.

1125

03:02:05.260 --> 03:02:22.090

Cooper City Hall: You agree? You think that we're a public agency. But when you look at the 7 prom test with Key Biscayne, we may not be a public agency. Well, I don't want to argue law with you. I don't want to argue law with you, but this is a contractually. We had it in there. So so 1 19 would apply to you without a contract, but contractually we added it in right.

1126

03:02:22.410 --> 03:02:24.210

Cooper City Hall: So there's no disputes.

1127

03:02:25.260 --> 03:02:27.959

Cooper City Hall: But I wanted to make sure that like that's

1128

03:02:29.260 --> 03:02:49.239

Cooper City Hall: the understanding right? That it would be subjected to get the revised draft. Well, let me see from the Commission, you guys do. We have consensus? And saying that the records shall be subject to pumps. The Sunshine law, the the financial records at least.

1129

03:02:50.630 --> 03:02:53.060

Cooper City Hall: was that not? That was already it is. And they

1130

03:02:55.330 --> 03:02:58.530

Cooper City Hall: it wasn't brought up. Hold on. Sorry, Commissioner Melosi.

1131

03:02:58.530 --> 03:02:58.920

Lisa Mallozzi: Nope.

1132

03:02:58.920 --> 03:02:59.350

Cooper City Hall: Quarter.

1133

03:02:59.350 --> 03:03:03.170

Lisa Mallozzi: It's nothing more. There are 5 0. 1 c. 3. Their records are.

1134

03:03:03.170 --> 03:03:31.410

Cooper City Hall: My statement is, was in the beginning. These were the topics that were essentially hurdles, so I did not see that. So my consensus is. Yes, I would assume that that should not be a concern at all. I would just say, change this where it says special magistrate to licensee, and that was a copy face. Mayor, may I just add in and take 2 seconds? I want to see Cooper City Optimus

1135

03:03:31.910 --> 03:03:34.170

Cooper City Hall: as what it needs to be.

1136

03:03:34.480 --> 03:03:37.889

Cooper City Hall: I'm asking for when this comes back.

1137

03:03:37.900 --> 03:04:04.439

Cooper City Hall: to not allow there to be an opportunity to dissect, to cut open and to lance the success that you guys have already done. Please allow this not to be at the granular level of how to implement the start button, but yet, to say looks good, and only the big topic items. Maybe, like some of this language that had to have gotten beat up tonight. But that's the only expectation

1138

03:04:04.440 --> 03:04:33.889

Cooper City Hall: it should not, and it should not have to drill down to the to the one z. 2. These types of questions that that I think you guys can knock out, and if you can't. Then I do understand why it would show here. But I am expecting you guys to work with my city on the agenda, because if the agenda comes in. Then I understand there was no workaround, and it's there for a purpose. But some of the stuff. I'm sitting there wondering, like you already heard I was frustrated with the city. Why didn't green light already go on some of these things? So you had some

1139

03:04:33.890 --> 03:04:36.609

Cooper City Hall: valid position tonight? I'm being

1140

03:04:36.660 --> 03:04:43.750

Cooper City Hall: questioning on topics got it, but at the same time we shouldn't be we should be agreeing that at this point

1141

03:04:43.840 --> 03:04:52.959

Cooper City Hall: our city got to see us on the news, and not for something positive, so I don't want to be on the news again for any of these same purposes, you know. Thank you

1142

03:04:53.420 --> 03:04:57.620

Cooper City Hall: to say, I don't know that I am

1143

03:04:57.780 --> 03:05:21.560

Cooper City Hall: these 2 commissioners. You guys have notes that we don't know what they are. Well, honestly, I tried not just today. But I tried. I've I've asked you about. No, no, that was today, but probably no less than 5 times I said, Hey, what's going? What are you guys pushbacks on it, both of you and you guys all. And you guys been very close. You know, we have to talk to the board. So I've tried to elicit your issues.

1144

03:05:21.690 --> 03:05:34.189

Cooper City Hall: No, no, no, no, absolutely multiple times. We started when we were at Dunkin donuts we met, and I asked you, and you said well, many times, many times to him.

1145

03:05:34.600 --> 03:05:41.640

Cooper City Hall: so I've tried many times in all fairness, in all fairness, and out of respect for the rest of your board. I can't talk to one, Commissioner.

1146

03:05:41.640 --> 03:06:05.829

Cooper City Hall: Okay, I've got to talk to the diet, but you just said you didn't know what my issues were. Well, I just got the agreement today. So and that's fair. So I made some markups. Most of them are little changes that I don't think you'll have a question about. There are a couple of things that we may want to, and frankly, you must like Dunkin donuts because we we met at Dunkin donuts, too, and and some of the things

1147

03:06:06.080 --> 03:06:20.749

Cooper City Hall: I know it's not. I think I got coffee some of the things we did. You know we addressed that. I don't see in this agreement that I'd like to see in the agreement. There's there's 1 other issue that's not in here that's kind of in here. It's on the fence right now, and that's the background checks.

1148

03:06:21.100 --> 03:06:24.456

Cooper City Hall: The club has conducted over 900 background checks.

1149

03:06:25.180 --> 03:06:28.416

Cooper City Hall: some of that stuff is not subject to public record.

1150

03:06:30.750 --> 03:06:36.780

Cooper City Hall: got my most recent affidavit. And just to let you know the system works based on current actions, we got noticed.

1151

03:06:37.385 --> 03:06:57.559

Cooper City Hall: But the a the the Aca system have to re-look at this agreement because we are still operating out of the old system. But I have been told again, trying not to work with one individual person in the dais, that this is something the city wants to take over.

1152

03:06:58.580 --> 03:07:02.620

Cooper City Hall: The timber pines language we're doing like pember pines, does, you know. So

1153

03:07:02.920 --> 03:07:10.569

Cooper City Hall: I'm saying this because what's in here may not be what happens in the future. And it's again we didn't pull it out as an item, because we can't really touch it yet.

1154

03:07:10.750 --> 03:07:17.669

Cooper City Hall: but it's definitely a sticking point. What's sticking one on it? Well, the sticking point is whether or not you have access to the data.

1155

03:07:18.070 --> 03:07:25.469

Cooper City Hall: Okay? And right now, we cannot provide you access to that data. We are bound by our agreement with the company that we license with, and

1156

03:07:25.600 --> 03:07:31.020

Cooper City Hall: who is responsible for that data at this moment? In time we, as a sole sports provider, are responsible.

1157

03:07:31.180 --> 03:07:34.980

Cooper City Hall: We signed an affidavit. These are the people that have cleared background checks I've got.

1158

03:07:36.160 --> 03:07:39.070

Cooper City Hall: plus or minus 900 and something names.

1159

03:07:39.520 --> 03:07:51.919

Cooper City Hall: you know. But there's been a lot of pressure to share that information. And we posted the list on our website. I provide an affidavit every time we update the website every couple of weeks. And here's where we're acting.

1160

03:07:52.050 --> 03:08:04.369

Cooper City Hall: Mike, if that's a sticking point, can you just please always provide? Not now. But if this becomes when we meet you guys in the near future. What then? Other like systems are doing?

1161

03:08:04.370 --> 03:08:28.630

Cooper City Hall: So we at least can look at comparisons, because if you don't like my colleagues giving like comparisons, and at least give me an option to hear of what, then is

not working for you. But then here's what some other places are doing, because, you know, the 1st thing is going to be well, here's what we have on our suggestion. The State, the state of Florida, dictates how this operates right? Sure, it's part of the statute. They have not opened up the new system for places like us.

1162

03:08:28.880 --> 03:08:41.480

Cooper City Hall: a club to operate in the new system. Yet, like in a system like this quick question, could our law enforcement take that over? Of course, technically not based on the ordinance today? Yes, statute today. Yes, again, the actual.

1163

03:08:42.140 --> 03:09:05.750

Cooper City Hall: So you could contract with a 3rd party. But you couldn't contract with the law enforcement. Sometimes you just say things that are kind of silly in this agreement. Here you have it in here that the city is going to take it over and pay when when Aca is ready, and but they could do it today. You can't do it today. Why, why we do not have the ability. It's crazy. I asked Josh. Josh. I want to make sure I got a background check, and he gave me a paper, and I went and did it with the city of Cooper City. We couldn't do that?

1164

03:09:05.750 --> 03:09:12.280

Cooper City Hall: Oh, wow! Why could we? Why couldn't I get background check as a camp counselor, as an employee here? But I can't as a coach.

1165

03:09:12.330 --> 03:09:25.919

Cooper City Hall: Why do you guys do it for people who sign up to do trainings? We have trainers. No, it's not. I am not saying that you cannot perform the function of a background check. You guys can do that. But then you are then the responsible agency.

1166

03:09:26.170 --> 03:09:51.790

Cooper City Hall: So if a coach gets dinged, okay, because of an act. We can't send it to your Ori number, or whatever it is. Of course we can. Yes, we can. This is so. We've investigated this. We cannot at this moment. In time. You guys are in Aca. We're not in Aca. You said it. You said it wasn't brought up, because you guys are still vetting through whatever that is still at the back end of this. Right? I got it that you guys will take it over once that system is in place. Okay, let's take it over now.

1167

03:09:52.340 --> 03:09:54.449

Cooper City Hall: So you don't have to worry about it. I'm okay with that.

1168

03:09:56.200 --> 03:10:03.547

Cooper City Hall: It's a cost on us. I'm okay with it. So we're gonna re background check 900 people. We didn't say, Re, background check going full

1169

03:10:03.930 --> 03:10:04.670

Cooper City Hall: order.

1170

03:10:05.370 --> 03:10:11.150

Cooper City Hall: What are the words eligible? No, no, that's all we need to see ours doesn't say that

1171

03:10:11.570 --> 03:10:22.160

Cooper City Hall: it will. In the State system it will in the State system. The State system is not ready for us, but we can run them in the state system we're using. But that's a huge cost on you.

1172

03:10:22.330 --> 03:10:35.669

Cooper City Hall: And when it's substantial cost. And we just said, We take it over. We just said we. In time we take it over we'll handle it for you. Covered. We have to do it, anyway, for the people that come here that want to get the training. And and right.

1173

03:10:35.910 --> 03:10:54.379

Cooper City Hall: yeah, you guys work that out. You guys work that out. Are we meeting on the 27, th are you guys, Mayor? Will our city staff have enough time to do what they need to do to get that? So they're ready? I think if you give them a timeline, they'll be ready.

1174

03:10:54.580 --> 03:11:03.800

Cooper City Hall: Same? Okay, thank you. Well, no, if we had consensus, not Ryan. But I think we had consensus that the city could take it over.

1175

03:11:04.160 --> 03:11:17.219

Cooper City Hall: Of course we have to run by our board, but if you're saying you want to take over background checks, pay for it. Be responsible. Cool, absolutely. Yeah. What do you guys think? I think this is the least we could do for the residents?

1176

03:11:19.190 --> 03:11:20.980

Cooper City Hall: I'll see you on the 28.th

1177

03:11:21.440 --> 03:11:40.849

Cooper City Hall: I want to see the background. I mean, Ryan. You know what this involves. I don't know. Bso wanted Digiovanni when he was here, wanted to buy the machine anyway. But there was some reoccurring costs. So that was before this issue. Now this would be perfect. Why don't we have our city talk to the new captain make some decisions, come back.

1178

03:11:40.970 --> 03:11:41.770

Cooper City Hall: Alright.

1179

03:11:42.010 --> 03:11:43.890

Cooper City Hall: Yeah, that was my. And

1180

03:11:44.110 --> 03:11:58.639

Cooper City Hall: emotion. It's a workshop. It would save you a lot of money, right? Because it's 30 bucks, a person or something. We roll it out because we wanted to get a machine for residents, anyway.

1181

03:11:59.490 --> 03:12:07.050

Cooper City Hall: you mean, oh, just so like people wanted to get, you know, to for any purpose. Would they pay, or would they? Would it be a service
