In the event the **CITY** rejects any subcontractor or consultant, said subcontractor or consultant will immediately cease work on anything related to this Agreement. The **DEVELOPER** shall not be entitled to compensation for any monies previously paid to any subcontractor or consultant if said subcontractor or consultant is rejected by the **CITY**.

13. **COMPLIANCE WITH ALL LAWS.** The **DEVELOPER**, at its own cost and expense, shall comply with all applicable laws, statutes, rules, and ordinances in carrying out the activities contemplated herein.

14. **APPROVALS AND PERMITS.** The **DEVELOPER** shall be fully responsible for obtaining all required approvals from all appropriate governmental and regulatory agencies and all necessary permits for all facilities contemplated in this Agreement. Notwithstanding anything else contained herein to the contrary, this Agreement shall not constitute or be interpreted as a waiver of any requirements of any other agency of Broward County and/or any requirements of the Code the City of Cooper City or of the Code of Broward County. The **DEVELOPER** is responsible for obtaining all permits as may be required for the work contemplated herein.

15. **CITY AS PERMITTEE.** Certain federal, state and county agencies, including but not limited to the State of Florida Department of Transportation, the South Florida Water Management District, the Central Broward Water Control District, the U.S. Army Corps of Engineers and Florida railway entities may require that the **CITY** be named

as permittee for certain construction activities even though the **DEVELOPER'S** contractor will actually perform the work. To insure that the **CITY** will incur no costs or liability as a result of being named permittee on such permits, the **DEVELOPER** shall provide sufficient security as acceptable to the **CITY** which shall indemnify and protect the **CITY** from all claims, actions, judgments, liability, loss, cost and expense, including reasonable attorney's fees, related to work performed by the **DEVELOPER** pursuant to such permits. The security shall be furnished prior to the start of construction and shall be in an amount equal to the **CITY'S** cost estimate for the permit work. The **DEVELOPER** shall have sixty (60) days to resolve any claims by a permittor. Otherwise, the **CITY** shall be entitled to pay said claims from the security. The **DEVELOPER** shall be liable for all costs in excess of the security.

16. **OWNERSHIP OF WATER METER.** The **CITY** shall own and install the required water meter as a part of any water service installation. Ownership by the **CITY** shall terminate at the outlet side of each water meter. The **DEVELOPER** shall pay all applicable installation charges.

17. **TREATMENT AND TRANSMISSION CAPACITY.** In addition to the covenants and conditions set forth herein, water and sewer service to be rendered by the **CITY** is subject to the following:

- a. issuance of a valid operation permit by the State of Florida for the **CITY'S** sewage treatment facility serving the **PROPERTY** which allows additional connections,

- b. sufficient available capacity in the **CITY'S** sewage system and connection approval,
- c. available water by the **CITY**.

However, in no event will the **CITY** be obligated to supply any more water or sewage treatment capacity in any one year than is called for by the building connection schedule attached as **Exhibit "D"**. Any variation from said connection schedule which results in increased yearly demand on the water resources or sewage treatment facility capacity of the **CITY** not specifically provided for in

Exhibit "D" shall be subject to the written approval and consent of the **CITY** and shall be dependent on the availability of the water resource and the various restrictions placed on the supply of water or the disposal of sewage by local, state and federal government agencies and the physical limitations on the **CITY'S** supply and treatment capacity. If the **DEVELOPER** does not utilize the yearly amount of water or sewage treatment facility allocation projected in **Exhibit "D"**, said amount will be available to the **DEVELOPER** in the next calendar year subject to the limitations and provisions specified herein.

18. **ALLOCATION OF CAPACITY.** The **CITY** agrees to include the aforesaid allocation in its regional water supply, production and transmission facilities and regional sanitary sewer system, once the **DEVELOPER** is granted necessary sewer allocation. However, it is mutually agreed and understood by the **CITY** and the **DEVELOPER** that the allocation of capacity by the **CITY** does not guarantee the ability of the **CITY** to supply water for the **PROPERTY** or the ability to receive and dispose of sewage originating from the **PROPERTY**. Capacity allocation is subject to local, state and federal agencies and other regulatory bodies having jurisdiction. In connection therewith, the **DEVELOPER**

agrees that the **CITY** shall not be liable or in any way responsible for any costs, claims or losses incurred by the **DEVELOPER** as a result of actions by regulatory bodies, which are related to capacity allocation.

19. **FACILITIES EASEMENTS.** If the facilities contemplated herein or any portion thereof are installed within private property outside of public right-of-way, the facilities shall be installed in the center of a twelve (12) foot wide easement for water facilities and fifteen (15) foot wide easement for sewer facilities. Both require a twenty-five (25) foot minimum vertical clearance above the finished grade. The **CITY** shall have twenty-four (24) hour access to the easement for emergency purposes. If the facilities are not located in platted easements, then easements shall be granted to the **CITY** by the **DEVELOPER** prior to the **CITY'S** installation of a water meter and/or the rendition of sewer service to the **PROPERTY**. The **DEVELOPER** may not place any structures in an easement area which would prevent the **CITY**, at its sole discretion, from making full use of the easement, and the **DEVELOPER** shall remove same, at the **DEVELOPER'S** cost, at the direction of the **CITY**. The **DEVELOPER** may place structures in the easement area if such structures may be removed, with minimal effort by the **CITY**. In the event that such structures need to be removed in order for the **CITY** to make use of the easement; the **DEVELOPER** hereby recognizes that **DEVELOPER** has placed such structures in the easement area at **DEVELOPER'S** own risk, and that the **CITY** shall not be liable for any costs incurred by the **DEVELOPER** in replacing any such structures removed by the **CITY**.

20. **CONVEYANCE OF TITLE.** Conveyance of all easements shall be by separate instruments in recordable form as approved by the **CITY** and shall be accompanied by a written opinion of title by an attorney licensed to practice law in the State of Florida, which states that the **DEVELOPER** is the owner of the property interest to be conveyed, subject only to liens, encumbrances and restrictions as are acceptable to the **CITY**. The opinion shall also state that upon execution by the **DEVELOPER**, a valid and enforceable easement will be vested to the **CITY**. The **DEVELOPER** shall pay for all applicable recording fees and for all applicable documentary stamps. The details for all conveyances are specified herein. Failure of the **DEVELOPER** to provide proper conveyances shall be cause for the **CITY** to refuse to render service to the **PROPERTY**.

21. **DRAWINGS AND CONVEYANCE DOCUMENTS.** Following completion of the water and/or sewer facilities contemplated herein for **CITY** ownership, the **CITY** shall provide conveyance documents, which may include bills of sale, releases of lien and grants of easement for execution by the **DEVELOPER**. The properly executed documents shall be delivered to and accepted by the **CITY** prior to the rendition of water and/or sewer service by the **CITY**. The **DEVELOPER** shall pay for all applicable recording fees and for all applicable documentary stamps. These conveyances shall be accompanied by copies of paid bills and/or lien waivers, releases, or satisfactions from all persons who performed work on the **PROPERTY** or on the water and/or sewer facilities and all persons who incorporate materials into the **PROPERTY** or into the water and/or sewer facilities, together with a breakdown of the actual cost of said facilities. Concurrently, the **DEVELOPER** shall furnish the **CITY** with one (1) set of mylar as-built drawings showing specific locations and depths among other things, of all facilities as located by a licensed

surveyor, along with four (4) prints of the as-built drawings which have been sealed by a surveyor and certified by the engineer of record. An additional copy of As-Built drawings shall be provided in an electronic format compatible with the C.A.D. format. Approval by the **CITY** of all required conveyance documents, drawings and survey specified herein shall constitute final acceptance by the **CITY** of said facilities. After final acceptance, the facilities shall remain at all times the sole, complete, and exclusive property of the **CITY** and under the exclusive control and operation of the **CITY**.

22. **WARRANTY AND MAINTENANCE BOND.** The **DEVELOPER** warrants that the water and sewer facilities to be owned by the **CITY** shall be free from defects in materials and workmanship for a period of one (1) year from final acceptance by the **CITY**. At the time of execution of this Agreement, **DEVELOPER** shall deliver to the **CITY** a performance bond or other security in a form acceptable to the City Attorney in an amount equal to one hundred ten (110) percent of the estimated cost of construction as approved by the **CITY**. Upon completion of construction and simultaneously with the transfer of the water and/or sewer facilities to the **CITY**, the Bond shall be reduced to twenty-five (25) percent of the certified completed cost of the water and/or sewer facilities. The remaining Bond shall be held for an initial one (1) year period and shall act as a maintenance bond, which shall guarantee the warranty. Release of the remaining Bond shall be contingent upon the satisfactory inspection of all improvements, and the approval of the City Commission. If it becomes necessary to repair and/or replace any part of the facilities during the initial one (1) year period, then the warranty as to those items repaired and/or replaced shall continue to remain in effect for an additional period of one (1) year from the date of final acceptance by the **CITY** of those repairs and/or replacements. The bonds shall have as the surety thereon only such surety company as is acceptable to the **CITY** and

which is authorized to write bonds of such character and amount under the laws of the State of Florida.

23. **CONDITION OF AGREEMENT.** Both the **DEVELOPER** and the **CITY** recognize that time is of the essence and that this Agreement shall be deemed null and void and unenforceable if the **DEVELOPER** fails to comply with any of the following conditions, where applicable:

- a. After execution of this Agreement, work on the water and/or sewer facilities shall commence within one hundred eighty (180) days from the execution date.
