

CITY OF COOPER CITY
CITY COMMISSION REGULAR MEETING
Tuesday, January 11, 2022 at 6:30 PM
City Hall Auditorium | 9090 SW 50th Place

MINUTES

PLEDGE OF ALLEGIANCE

Mayor Ross opened the meeting at 6:30 PM and lead the assembly in the Pledge of Allegiance.

ROLL CALL

Present were Commissioners Shrouder, Meltzer, Pulcini, Green, and Mayor Ross.

CHANGES TO AGENDA/EMERGENCY MATTERS

None.

PROCLAMATIONS/PRESENTATIONS

Commissioner Pulcini recognized Pastor Ryan Crossley, Iglesia La Roca De Hollywood for his service to the community. The church has its own radio station and Pastor Crossley has invited the Commission to be interviewed or to conduct community outreach. Pastor Crossley thanked the Commission and briefly discussed their outreach efforts and services.

Commissioner Shrouder requested Item 15 Ordinance 22-1 to moved up. There were no objections.

ORDINANCES ON FIRST READING

Ordinance 22-1 (Finance)

City Attorney Horowitz read "AN ORDINANCE OF THE CITY OF COOPER CITY, FLORIDA, AMENDING ORDINANCE NO. 21-24, ADOPTED ON SEPTEMBER 23, 2021; PROVIDING FOR AN AMENDED BUDGET FOR FISCAL YEAR 2021-2022 FOR THE CITY, ATTACHED HERETO AS EXHIBIT "A" AND INCORPORATED HEREIN; PROVIDING FOR CONFLICTS; PROVIDING FOR SEVERABILITY; AND PROVIDING AN EFFECTIVE DATE."

Commissioner Shrouder asked City Manager Napoli to review some of the budget changes in ARPA. He noted the \$300k that was removed. Under Exhibit A, electronic permitting, he asked if the software for Community Development is also the same software that the Utilities Department was seeking.

City Manager Napoli responded yes, it's an asset management system, and the electronic permitting system is included within it.

Commissioner Shrouder asked if there has been a decision on the specific software.

City Manager Napoli responded they have not.

Commissioner Shrouder noted the City needs software that can interlink with others, similar to the CRM, and also interfaces with accounting software.

Commissioner Shrouder asked about the records management system.

City Manager Napoli responded that they are looking at an improved system.

Horace McHugh, ARPA Manager, noted these are the items that were brought forward over two meetings and there was Commission consensus. They provided an estimate of cost and identified those items where money would be spent this year and deferred the cost of the other items into the second ARPA tranche. He noted this request moves special revenue funds to expenditure funds, so that approved projects can be paid for. He confirmed the costs are estimates.

Aaron Kendrick, CFO, confirmed staff have gone through each of the items, to ensure compatibility is addressed.

Mr. McHugh clarified that any bid or procurement over the City Manager's threshold would be brought back to the Commission for review and further explanation.

Commissioner Shrouder stated he thinks \$68,000 seems like a lot for WiFi in the dog parks. He asked the other Commissioners their opinion.

Commissioner Meltzer said he will leave the WiFi up to the City Manager's discretion. He asked if there is there anything else that the \$68,000 can be better spent on?

Commissioner Shrouder stated he would like to restore a deputy sheriff position, specifically in traffic. I understand hesitation with reoccurring costs, but suggested grant funding the position for a year.

Commissioner Meltzer suggested a fifth code officer. He invited Captain De Giovanni to the podium.

Captain De Giovanni stated that whatever resources the City entrusts to him, he will use them wisely. He believes WiFi at parks would benefit public safety, specifically for the installation of the surveillance cameras.

Commissioner Green stated he will not support a deputy sheriff for traffic or another code officer due to reoccurring costs. He does support WiFi at parks and perhaps other areas around the City.

Commissioner Pulcini asked Captain De Giovanni about an extra traffic deputy.

Captain De Giovanni acknowledged that resources and personnel are always helpful and a major concern in the City is traffic control management.

Commissioner Pulcini asked him if his answer is a yes.

Captain De Giovanni responded yes sir.

Commissioner Shrouder noted that traffic is always one of the largest issues. He believes this is of quality-of-life topic with a big impact.

Commissioner Meltzer suggested one FTE for traffic and then take hours from other folks and put it towards traffic management at schools.

Captain De Giovanni said he can put a proposal together for the City Manager.

Commissioner Meltzer reminded the Commission that a prior Commission decided to add another traffic deputy. He suggested trying for a year or two and if there is no benefit, they can cut the position.

Commissioner Shrouder talked about subsidizing with vacancy credits.

Commissioner Meltzer spoke about traffic at SW 118 Avenue and inquired whether ARPA allows for spending on traffic calming devices.

City Manager Napoli does not believe ARPA funds can be spent on traffic calming devices. He noted they are working on a comprehensive traffic plan for the entire City and are requesting legislative assistance.

Mayor Ross noted he will be in Tallahassee February 17 – 19 to address that issue.

Commissioner Meltzer asked Mr. McHugh how confident he is that there will be money left over when all projects are said and done.

Mr. McHugh answered that the sooner they start, the less expensive it's going to be. He noted they have started to move on several things. He reviewed a few projects.

Commissioner Meltzer proposed they reassess after some of the projects are contracted. He does not see anything that he would change at this point.

Mr. McHugh reminded the Commission they would be funding positions for three years.

City Manager Napoli said that ARPA funds can be used on positions that were eliminated and the code enforcement officer position was not eliminated.

Commission Shrouder would like to fund the Deputy Sherriff for Traffic and to move the funding from the loss revenue lines.

Mr. McHugh stated the loss revenue funding was earmarked for the fire apparatus and if they remove funding it will impact their ability to fund the fire apparatus.

Discussion ensued about the fire apparatus.

Conversation shifted to receiving funds from MPO to repaving Stirling Road.

Mayor Ross stated he is not convinced that they should be adding the deputy sheriff at this time. He believes the WiFi cost is reasonable and thinks the City needs it.

City Manager Napoli spoke about the recent Federal Infrastructure Bill but noted there is process yet for how funding will be distributed.

Commissioner Shrouder suggested that Captain De Giovanni bring data forward to show whether or not a traffic deputy would be warranted. He said he will withdraw the motion if the data does not support the need for a traffic deputy.

MOTION: Commissioner Pulcini moved to approve Ordinance 22-1 as amended with the addition of a Deputy Sheriff for Traffic position. Commissioner Meltzer seconded the motion. In a roll call vote, the **motion passed (4-1)**

NO: Commissioner Green

YES: Commissioners Shrouder, Pulcini, Meltzer and Mayor Ross

After the motion was approved, Commissioner Pulcini asked whether applicable items are compatible with moving to the cloud. Discussion ensued about the concerns of putting everything on the cloud.

Order of agenda was resumed.

PUBLIC SPEAKING

Open Public Meeting - Any individual may speak for a time period of up to four (4) minutes' duration regarding any matters which are pertinent to the City. Each Commission member shall have up to three (3) minutes to answer questions and concerns submitted to them by such individuals or may defer to the

City Manager, as applicable. Any questions requiring additional research may be responded to subsequently (e.g. within 48 hours of the Commission Meeting). There will be a sixty-minute aggregate time limit for this item. If a person desires to speak on an item that is designated for a public hearing, their comments should be held until the public hearing.

Agenda Concerns - *Presentations by members of the public will each be limited to four (4) minutes. Comments may address any issue on this agenda, provided that if a person wishes to speak on an item designated for public hearing, their comments should be held until the public hearing is opened by the Mayor. There will be a thirty-minute aggregate time limit for this item.*

Jimmy Goulet spoke on a recent Cooper City house fire, possibly due to a home dryer. He explained the safe operation of dryers and noted dryer fires are often caused by spontaneous combustion. He stated a dryer should never be left unattended. A second reason for dryer fires is venting, which is why duct cleaning is important. He acknowledged that dryer fires are rare but can happen due to poor venting or poor construction. He believes the topic should be brought up the Building Department.

Commissioner Shrouder noted three home fires within the last two weeks. He thanked the public safety personnel. He said there may have been a fire hydrant that did perform as it should. He asked if the reason why Davie Fire Rescue responded to one of the fires by Palm Avenue was because of an Automatic Aid Agreement.

City Manager Napoli said it would have not been due to an Automatic Aid Agreement.

Commissioner Pulcini said he thought they already asked for that agreement.

City Manager Napoli said he would engage with Davie directly and try to have a preliminary response by the next meeting.

Mayor Ross asked when the closest response agreement was supposed to take effect.

Mike Bufalo wanted to speak on a few issues. He urged the City to act on the ARPA funding for the fire trucks. He expressed concerns that the contract price of fire apparatus will increase. He said his second concern is a grave one. He learned today that the Fire Chief was removed from the City. He contacted him to ask what happened. The Fire Chief explained it was due to an incidence of former Commissioner Jamie Curran playing Santa at the annual Christmas party. He stated a current Commissioner threatened the Fire Chief position. Mr. Bufalo's concern was the incident occurred in front of City residents and his is extremely disheartened.

Commissioner Shrouder noted he discussed the apparatus with Mr. Bufalo, but it wasn't until just recently that the responsibility to purchase fire trucks became the City's. He said the first time he saw the quotes for the apparatus was a week or two ago. He stated he takes issue with the insinuation that the equipment is unsafe, when he was told by BSO that the equipment was not unsafe.

Commissioner Meltzer noted that 15 months ago it was BSO's responsibility to purchase equipment.

Paul Volin thanked the Commissioners for their service. He invited everyone to "Holocaust Remembrance Day" interfaith event on January 26th.

Dr. Zoe Curakitis said she attended last month and was told that she should take up her concern with Sergeant Mosca to discuss the code enforcement. She has an issue with a citation concerning two lawn chairs in her front yard.

Andrew Gross spoken on public safety. He expressed dissatisfaction with the dissolution of the Public Safety Advisory Board. He stated the Fire Chief could be here to answer questions and was surprised that the removal of the Fire Chief did not have to come before the City Commission.

Tracy Meltzer said she was somewhat of an expert in COVID, due to living and breathing around the virus for two years. She commended Commissioner Meltzer on the way he handled his diagnosis.

Commissioner Green addressed comments from Mr. Gross. He said he has been here for 12 years and believes the responsibility of maintaining fire apparatus was that of BSO until 15 months ago. He stated for at least 10 of the 12 years that he has been here that he does not believe BSO has put any lives at risk (by handling the apparatus). Second, he noted the removal of the Fire Chief is the responsibility of the City Manager and he had zero conversations with the City Manager with regards to having Chief Bishop removed. He expressed disappointed that the City is captured in ways that does not reflect what this City is about.

Mayor Ross closed the public comments.

CONSENT AGENDA

Minutes

Special meeting minutes of November 16, 2021

Regular meeting minutes of November 30, 2021

MOTION: Commissioner Meltzer moved to approve the minutes of the consent agenda. Commissioner Green seconded the motion. In a roll call vote, the **motion passed** by a unanimous vote.

REGULAR AGENDA

Motion to approve the City Manager's recommendation of Lourdes Mantecon for HR Director/Risk Manager - Administration

MOTION: Commissioner Green moved to approve the City Manager's recommendation of Lourdes Mantecon for HR Director/Risk Manager. Commissioner Shrouder seconded the motion. In a roll call vote, the **motion passed** by a unanimous vote.

Mayor Ross welcomed Ms. Mantecon.

Commissioner Meltzer welcomed Ms. Mantecon and said she will bring a tremendous level of expertise to the City.

Motion to Approve the Purchase of Network Switches (ARPA) - Finance

MOTION: Commissioner Shrouder moved to approve the Purchase of Network Switches. Commissioner Green seconded the motion. In a roll call vote, the **motion passed** by a unanimous vote.

Motion to approve managed IT Security Services (ARPA) - Finance

MOTION: Commissioner Shrouder moved to approve managed IT Security Services. Commissioner Green seconded the motion. In a roll call vote, the **motion passed** by a unanimous vote.

Motion to approve purchase of Nutanix Cluster (ARPA) - Finance

MOTION: Commissioner Shrouder moved to approve purchase of Nutanix Cluster. Commissioner Meltzer seconded the motion. In a roll call vote, the **motion passed** by a unanimous vote.

Motion to approve Work Order with Chen Moore for Professional Services, to assist with Drainage Improvements at the Bill Lips Sports Complex (ARPA Project) – Public Works

MOTION: Commissioner Green moved to approve Work Order with Chen Moore for Professional Services, to assist with Drainage Improvements at the Bill Lips Sports Complex. Commissioner Meltzer seconded the motion In a roll call vote, the **motion passed** by a unanimous vote.

Motion to approve the proposed guidelines for the Community Grant Programs funded with the American Rescue Program Act (ARPA) of 2021 – Administration

Commissioner Shrouder asked Mr. McHugh about utility assistance and revisions.

Mr. McHugh confirmed that they reached out to the consultant who advised that it is too complicated
Commissioner Shrouder expressed concerns about the gross revenue. He thinks the number is misleading because of large equipment purchases.

Commissioner Meltzer said gross revenue is a figure you can measure from year to year.

Discussion ensued about measuring gross and net revenue and how to determine hardship.

Commissioner Meltzer stated one can quantify what expenses, or higher costs, were due to COVID.

Commissioner Meltzer said if they are capping at \$15,000 grants for businesses then 20 businesses could benefit.

Mr. McHugh confirmed that limitations are in place to stop individuals and businesses from double-dipping. He stated one concern the consultant had was the threshold of employees for “small businesses” which the SBA currently has capped at 1,400 employees. He said the City does not have a way of capturing number of employees for their small businesses.

Commissioner Meltzer noted if they do not see demand, they can shift resources to areas with higher demand. He said they are protecting the interest of the community.

Commissioner Pulcini said the qualification cap should be net and not gross.

Discussion continued about gross vs. net revenue and loss.

Commissioner Shrouder stated it should be based off tax return.

Commissioner Pulcini said it should be based upon a Profit & Loss Statement.

Commissioner Pulcini asked if submitted tax returns become public record.

City Attorney Horowitz responded that portions may become public but areas that are exempt will remain exempt under federal law.

Mr. McHugh stated that an attestation is required for both tax returns and Profit & Loss Statements.

Mayor Ross said he has not been convinced that the item needed to be changed.

MOTION: Commissioner Shrouder moved to discuss the proposed guidelines for the Community Grant Programs funded with the American Rescue Program Act (ARPA) of 2021. Seconded by Commissioner Green. In a roll call vote, the **motion passed (3-2)**.

NO: Commissioner Shrouder, Pulcini

YES: Commissioners Meltzer, Green, and Mayor Ross

Discussion and possible action on the City's Compensation Plan and approval of engagement with HR Compensation Consultant LLC (HRCC) to update the compensation plan - Administration

MOTION: Commissioner Pulcini moved to discuss and defer to a later meeting to allow the HR Director an opportunity to review. Commissioner Meltzer seconded the motion. In a roll call vote, the **motion passed** by a unanimous vote.

Commissioner Shrouder said he not comfortable with the HR consultants. He expressed concerns with past mistakes with this specific company. He raised concerns and they have not been resolved.

Commissioner Pulcini agreed with Commissioner Shrouder.

Katie Busch, from HRCC, spoke via Zoom. She said it is important that they back to the scope of work on the studies. The scope of work was fully completed. She said in terms of benefits, that was not included in the previous scope of work.

Discussion Regarding Fire Assessment Methodology - Finance

City Attorney Horowitz stated that it is not on the agenda for any action. They are asking staff and City Attorney's Office for clarification on the City Commission's intent on how to move forward with the assessment. He noted they are asking whether the Commission is intending to reconsider any exemptions and/or assessments, and, if so, they would like to go back to the consultants to ensure the methodology has updated information.

Commissioner Green said he will continue to support 100% exemptions for nonprofit organizations

Commissioner Meltzer said, for discussion purposes, that the City's 11,662 housing units are the biggest contributor to the assessment. He asked if there is any precedent to develop a hybrid method – small flat fee where everyone pays and then look at square footage of a home for other portion of fee.

Commissioner Shrouder agreed there should be a hybrid model and asked City Attorney Horowitz if the consultants could bring them options that other municipalities use.

Consensus was reached on direction.

Discussion on uniform building code applications for window signs - Commissioner Pulcini

Commissioner Pulcini stated that nowhere on the application is the option to apply for a window sign.

Commissioner Shrouder said this is a wrong type of form.

Carlos Vega, Community Development Department Director, said there is no objection to establishing a new form or abolishing the need for a window signage application. He stated there is no Florida code that addresses this.

Commissioner Shrouder asked if the City code requires a permit for temporary signs.

Mr. Vega said there are some temporary signs that require a permit.

Mayor Ross said he would like to avoid a code enforcement issue.

Consensus was reached by the Commission to direct Mr. Vega to work with the City Attorney's Office to revise the code to eliminate permit requirement for window signs.

Discussion on amending bulk pickup requirements for the Royal Palm Ranches community - Commissioner Pulcini

Mayor Ross opened the public comments.

Joseph Milner, resident, said the issue is that Code Enforcement is writing up houses for having a couple of branches over by the road. He stated if professional help picks up vegetation on a Friday and puts it in a spot and bulk doesn't come, then he's in violation. He doesn't understand this rash of code enforcement that has been happening within the last year.

Commissioner Pulcini responded that the Commission decides what the codes are and it's up to us to change the rules for the community they represent. He said when they annexed the community, they agreed to not change the residents' way of life.

Commissioner Meltzer said they do what they think is best for the City as a whole. He said there is personal responsibility to keeping the bulk pickup schedule and making sure that bulk items are left outside at the appropriate time.

Discussion ensued about annexation and Code.

Kathleen Smith, a resident of Royal Palm Ranches for 25 years, doesn't agree with putting vegetation out there every day. She's against letting vegetation pile up every day on the streets.

Ariel Bando, resident, said he went door-to-door and code enforcement is freaking people out. He said the City is taking it too far. He said if the City cares, they would get rid of wildlife (gators/snakes) and put lighting.

City Attorney Horowitz said any action related to Royal Palm Ranches would take a super majority vote from the Commission (4/5 vote).

Consensus was reached by the Commission to recommend City staff reach out to the Preservation Board to discuss.

Kevin Greenblat said he's never had a fine in 12 years. He said suddenly 25-30 residents received fines, including two he received in the same day. He said the number of fines feels aggressive.

Commissioner Meltzer said there was blatant disregard for the ordinance and referenced large appliances being disposed of. He said the enforcement was directed at all of Cooper City.

Commissioner Pulcini asked if he received a warning first.

Mr. Greenblat said yes at one of his properties.

Mayor Green said whatever the Preservation Board brings forth for the standard should be consistent for the overall community.

Mayor Ross closed the public comments.

Discussion on a review and update of Chapter 25 Article II Signs of the City Code- Commissioner Pulcini

Commissioner Pulcini said he was contacted by a resident who wanted to open a Christmas store but could not because the Code prevents them for displaying holiday items throughout the year.

Commissioner Shrouder suggested a change that says holiday decorations cannot be placed out for more than 60 days.

Mr. Vega said he was only aware of holiday window decorations and not the Christmas store example. He said there is no objection to changing the Code. He said a retail store that wanted to operate would not be prohibited by the Code.

City Manager Napoli recommended a comprehensive review of the Code.

Discussion ensued about a timeframe for the ordinance and Code enforcement.

CITY MANAGER REPORT

City Manager Napoli said they did not move forward with pay study, so we will not move forward with budget transfer.

He said their staff has been affected by COVID. He said they did have to briefly close the Community Center, but activities and programs continued. They are currently at full operations.

He noted the Eat to the Beat event will be held on January 14.

He recognized two staff members for their recent customer service.

The Business Expo will be held on January 22.

Both events are scheduled to be held in-person, but they continue to evaluate COVID.

CITY ATTORNEY REPORT

City Attorney Horowitz stated they had their ongoing mediation with BSO yesterday. During that meeting, they never got to any substance with the negotiation of numbers. He requested a shade session for a later date prior to the next hearing.

POLICE CHIEF'S REPORT

Captain De Giovanni provided an update on traffic holiday ops. There were 82 citations and 15 of the drivers were residents. A vast majority were drivers passing through the City. The top violations were speeding, running stop signs, and aggressive driving. He said traffic accidents were down during the surge.

He reminded the Commission about the "Bikes Up Guns Down" movement that is connected to the MLK holiday. He said that BSO has been working with regional partners to set up task force to address illegal vehicles on roadways. He stated it has not been an issue in past years, but it was an issue last year.

He noted the Sheridan Commercial Center has not come to compliance and a fine will be levied at the next magistrate meeting. Sheridan Publix location was not in compliance, and they now have their final hearing on February 2.

There was an LATF seizure in September 2021 and the City was issued check of \$19,000.

He stated the voluntary programs are on brief pause due to COVID surge.

He shared there are three (3) vacancies, but it will be short-lived.

Commissioner Shrouder asked if the County disbanded the economic crimes unit.

Captain De Giovanni replied that violent crimes cases are taking priority. The unit has not been disbanded but individuals have been repurposed to deal with violent crimes.

Commissioner Shrouder said we should have deputies respond to all accidents on all surrounding roads. He cited the incident on Sawgrass Expressway regarding Coral Springs PD. He stated, as a City, we should handle those incidents on all perimeter roads.

Police Chief answered that they respond, take control, and render aid until a clean handoff to another agency if appropriate.

Conversations continued with Commission discussing concerns in dealing with other jurisdictions.

Commissioner Green said he likes Captain Di Giovanni's approach.

Captain De Giovanni noted he will review areas of dispute with his team, connect with counterparts at the other municipalities, and he will present his plan to the City Manager.

FIRE CHIEF'S REPORT

None.

COMMISSIONERS' CONCERNS/REPORTS/ITEMS TO BE PLACED ON NEXT AGENDA

Commissioner Green said he will not be able to attend Eat to the Beat.

Commissioner Pulcini thanked everyone on the dais and residents.

Commissioner Meltzer said he will not be able to attend Eat to the Beat. He mentioned the Business Expo and thanked Tina Hudson and Michael Cabello. He said they have 70 businesses registered. He discussed the posts on social media regarding his and the Mayor's health. He said there were inaccuracies written on social media that he does not appreciate. He provided his phone number to address any potential questions. He noted at the December 14 meeting, the Commission asked to put the Senior Management pension item on this agenda. City Manager Napoli confirmed that item will be on the next agenda.

Commissioner Shrouder said he will not be able to attend Eat to the Beat. He thanked Public Works. He welcomed Mr. Good and asked about merging streets and stormwater together. City Manager Napoli responded that he would like to allow Public Works Director to get his feet on the ground. Commissioner Shrouder suggested a stormwater rate study.

Mayor Ross said he will be attending Eat to the Beat. He noted the Touch-a-Truck has been rescheduled. City Manager Napoli said they will likely reschedule to September.

ADDITIONAL PUBLIC COMMENTS (2 MINUTES)

None.

ADJOURNMENT

The meeting was adjourned at 10:11 P.M.

WEBVTT

1

00:00:03.090 --> 00:00:06.420

Cooper City Hall: And, once again, good evening, ladies and gentlemen, to the January 11.

2

00:00:08.309 --> 00:00:15.030

Cooper City Hall: City Hall meeting, it is now 630 and i'll ask you please to join me in the pledge of allegiance.

3

00:00:17.910 --> 00:00:28.230

Cooper City Hall: I pledge allegiance to the flag of the United States of America and to the Republic for which it stands one nation under God indivisible with liberty and justice for all.

4

00:00:31.380 --> 00:00:33.000

Cooper City Hall: Thank you ma'am a roll call, please.

5

00:00:34.260 --> 00:00:46.830

Cooper City Hall: Krishna shrouded here, Michelle Meltzer your Commissioner pulteney Krishna being here and I am here, are there any changes to the agenda or any emergency matters.

6

00:00:49.680 --> 00:00:50.340

Cooper City Hall: No mismatch.

7

00:00:51.930 --> 00:00:59.310

Cooper City Hall: And we have the public speaking we've got five people for the open public speaking, give me going.

8

00:01:02.160 --> 00:01:09.780

Cooper City Hall: Oh i'm sorry not sorry Jimmy would you have a seat a moment because I missed the proclamations oh fair enough.

9

00:01:10.860 --> 00:01:14.640

Cooper City Hall: If you would join me down at the podium for proclamation for pastor Ryan gosling.

10

00:01:49.800 --> 00:01:56.220

Cooper City Hall: This meeting, I would like to give a certificate of appreciation to pastor Ryan crossley of the glaze yes to that aka.

11

00:01:57.240 --> 00:02:05.130

Cooper City Hall: The coo coo city extends a sincere gratitude to you for your invaluable assistance compassion and dedication doing this challenging time scarcity.

12

00:02:05.640 --> 00:02:15.210

Cooper City Hall: uncertainty and abundance of need in the Community, on behalf of the Commission and Greg Ross mayor presented this 11th of January 2022.

13

00:02:15.960 --> 00:02:34.680

Cooper City Hall: Now, with the point out that they have own radio station and he has offered time on his radio station or the city and the Commissioners to be interviewed or to reach out to the Community don't you can reach out to so you can reach out to him and organize it.

14

00:02:38.310 --> 00:02:39.870

Cooper City Hall: I was reading a book.

15

00:02:41.070 --> 00:02:56.730

Cooper City Hall: That was talking about the rosetta effect it's a small town in Pennsylvania that had very low incidence of heart disease, and they were wondering why and after the journal American medicine.

16

00:02:58.050 --> 00:03:07.470

Cooper City Hall: His research we figured it wasn't like their lifestyle and one of the reason was the nonprofits and the churches, how they brought people together.

17

00:03:08.760 --> 00:03:15.570

Cooper City Hall: So the benefits that we cannot measure and dollars that purchase bring to the Community.

18

00:03:16.710 --> 00:03:21.570

Cooper City Hall: So i'd like to thank you for everything you do for Cooper city well, thank you.

19

00:03:31.350 --> 00:03:37.230

Cooper City Hall: I want to just take a moment to thank all the city Commissioners and especially.

20

00:03:38.280 --> 00:03:54.330

Cooper City Hall: mayor Ross we were able to in 2015 become part of the Cooper city community and our church has been active in the Community since then and throughout this time period that has been so difficult for so many one of the strengths.

21

00:03:55.380 --> 00:04:00.480

Cooper City Hall: In our churches we're very involved in homes so we've been able to reach out and.

22

00:04:01.620 --> 00:04:13.290

Cooper City Hall: With all kinds of help food any any kind of thing that people have needed but we're thankful for the city Commission and especially the mayor that.

23

00:04:14.400 --> 00:04:21.750

Cooper City Hall: helps us facilitate this sort of thing in the Community, and I just want to appreciate them and also as.

24

00:04:22.350 --> 00:04:28.590

Cooper City Hall: Commissioner puccini said feel strange standing on this side trying to talk to you, but, as Commissioner cheating said.

25

00:04:29.160 --> 00:04:40.320

Cooper City Hall: We have we own our own FM radio station 106 point three FM and it reaches pretty much all of broward county all the way up said commercial boulevard.

26

00:04:40.740 --> 00:04:50.700

Cooper City Hall: covers all of our city that's for sure, and we just wanted to offer our services for free to this city, I was reading the.

27

00:04:51.360 --> 00:05:01.380

Cooper City Hall: The weekly newsletter and I thought wouldn't it be wonderful if this was presented, every week across the radio waves and anybody in the city that.

28

00:05:01.800 --> 00:05:10.920

Cooper City Hall: was listening to hear it on a weekly basis and anything that the city would meet may or anything you want to get out there.

29

00:05:11.610 --> 00:05:22.080

Cooper City Hall: we're at a service and just want to make that available to you and we'll get started preaching to be part of the Community, we reach out to a population that is mainly Hispanic.

30

00:05:22.560 --> 00:05:31.170

Cooper City Hall: Which is also large part of the percentages so and we have a lot of families, because the churches here, people are moving in constantly to come closer to the Church.

31

00:05:31.500 --> 00:05:46.890

Cooper City Hall: So we want to just make those services available, whatever we need to do contact us and we can make that happen so that the city is across the airwaves also reaching the Community Thank you so much for your time and for the recognition.

32

00:06:49.080 --> 00:06:50.250

Cooper City Hall: Okay we've got Jimmy.

33

00:06:51.510 --> 00:06:59.790

Cooper City Hall: I want to know if we can pull the budget amendment first because I don't know how late them build a make it samantha's.

34

00:07:01.110 --> 00:07:03.420

Cooper City Hall: Covering and coven after relief.

35

00:07:05.040 --> 00:07:07.080

Cooper City Hall: nanny any objection to that.

36

00:07:08.280 --> 00:07:08.940

Cooper City Hall: He wants to.

37

00:07:10.620 --> 00:07:16.260

Cooper City Hall: He wants to move Item number just looking for the 15 budget amendment.

38

00:07:18.270 --> 00:07:19.770

Cooper City Hall: Before the consent agenda.

39

00:07:21.150 --> 00:07:21.900

Cooper City Hall: Any objections.

40

00:07:23.580 --> 00:07:23.790

know.

41

00:07:25.470 --> 00:07:28.470

Cooper City Hall: Having no objections, when we that before the consent agenda.

42

00:07:30.480 --> 00:07:32.760

Cooper City Hall: And we'll address it at this time.

43

00:07:34.440 --> 00:07:37.200

Cooper City Hall: And it is the ordinance.

44

00:07:39.030 --> 00:07:50.310

Cooper City Hall: Please read it, good evening Thank you mayor Commission coordinates 22 dash one is an ordinance of the city Cooper city Florida amending ordinance 21 days 24 adopted on September 23 2021.

45

00:07:50.670 --> 00:07:59.820

Cooper City Hall: Providing for an amended budget for fiscal year 2021 2022 for the city attach your tunes exhibit and incorporate here in life or complex, providing for severability provided for effective date.

46

00:08:00.930 --> 00:08:02.340

Cooper City Hall: make you do have a motion.

47

00:08:04.170 --> 00:08:10.590

Cooper City Hall: Motion motion by commissionable jeannie do have a second by Commissioner melter which and pull Jamie.

48

00:08:13.500 --> 00:08:13.800

Cooper City Hall: Nothing.

49

00:08:15.630 --> 00:08:16.290

Cooper City Hall: Nothing miracle.

50

00:08:17.670 --> 00:08:22.800

Cooper City Hall: Commission agree i'm good sir, thank you, Brittany charter, yes, I am.

51

00:08:23.970 --> 00:08:29.640

Cooper City Hall: I wanted to go through some of these budgeted things that we, we have here on the arpa.

52

00:08:31.170 --> 00:08:33.240

Cooper City Hall: i'm hoping.

53

00:08:34.800 --> 00:08:35.640

Cooper City Hall: Some of.

54

00:08:36.900 --> 00:08:38.130

Cooper City Hall: Some of my colleagues would.

55

00:08:39.150 --> 00:08:44.550

Cooper City Hall: have some some stuff, especially the finance guys, but I could take the lead, if not.

56

00:08:45.630 --> 00:08:49.110

Cooper City Hall: Mr manager, I was wondering if you can go through a list of some of these changes.

57

00:08:50.250 --> 00:08:56.940

Cooper City Hall: That we did, and the proposals on the arpa I know the 300,000 was removed yeah.

58

00:08:59.040 --> 00:09:02.850

Cooper City Hall: that's yeah, then I don't know if you want to go to an order.

59

00:09:04.290 --> 00:09:11.730

Cooper City Hall: Well, let me start in order that's the easiest thing okay i'm on the the exhibit a the electronic permitting the.

60

00:09:12.360 --> 00:09:22.110

Cooper City Hall: This proposal, the software is this is this going to be the one that will keep my understanding is this is the permitting software for.

61

00:09:22.650 --> 00:09:30.540

Cooper City Hall: The committee development guys going to also work with what the utilities department was seeking software, they were seeking again what.

62

00:09:31.140 --> 00:09:41.850

Cooper City Hall: Yes, Sir that's um that's correct we put out an rfp P for the cms mms to make marriage and as best management asset.

63

00:09:42.510 --> 00:09:55.140

Cooper City Hall: system and included in that we included the permitting electronic permitting piece of it because we wanted to have hopefully one system that encapsulates.

64

00:09:55.920 --> 00:10:06.750

Cooper City Hall: All have as much of the cities, you know assets and operations as possible Divorce is going to have to interact with them yesterday, did you guys.

65

00:10:07.530 --> 00:10:20.100

Cooper City Hall: decide on the specific software, because I know you have not, they were the options were I guess what were the options of gov pilot was one of the ones that there's quite a few vendors out there, that they would have to you know compete.

66

00:10:21.570 --> 00:10:30.240

Cooper City Hall: For for this Okay, and I guess my concern would be, I want to make sure that we go with a software that is able to interlinked with the other.

67

00:10:30.810 --> 00:10:47.310

Cooper City Hall: programs, we have one of the issues we've been talking about is this like a CRM where we can actually kind of centrally manage the different interactions that the the residents or users, having and I want to make sure the software does that and obviously i'm sure.

68

00:10:49.050 --> 00:10:57.330

Cooper City Hall: interfaces with bs na the accounting software yeah and so that's that's one of my one of my concerns there.

69

00:10:59.010 --> 00:11:01.650

Cooper City Hall: With the records management system, I don't know if you can go through that.

70

00:11:03.960 --> 00:11:14.040

Cooper City Hall: But go ahead for us yeah we currently have a records management system, but we need to improve upon it so we're looking at another more improved records management system.

71

00:11:15.480 --> 00:11:19.440

Cooper City Hall: i'm sorry, Commissioner stroller Horace McHugh all of these.

72

00:11:20.250 --> 00:11:32.910

Cooper City Hall: Is, these are the items that we had spoken to brought to the Commission over two meetings discussed and had consensus on and gotten provided you with an estimate in terms of what it would cost.

73

00:11:33.630 --> 00:11:43.500

Cooper City Hall: What we did is realizing that we will get a total of 8.9 years, this year we identified those that at least would be spending we anticipate spending during this year.

74

00:11:43.980 --> 00:11:55.620

Cooper City Hall: And deferred the the cost of the others into the second tranche, so what this budget amendment is actually doing our this request is doing is moving it from a.

75

00:11:56.580 --> 00:12:06.210

Cooper City Hall: Special revenue fund into an expenditure fund, we are then when we start spending the money would be able to spend it instead of bringing every single item back to you.

76

00:12:06.960 --> 00:12:14.070

Cooper City Hall: A lot of these are estimates, like in this case the electronic permitting system and in that case, what we will be doing is.

77

00:12:14.640 --> 00:12:26.010

Cooper City Hall: meeting with committed development finance it at various disciplines, to find out and figure out the scope of what we're looking for go ahead and procure it and then.

78

00:12:27.240 --> 00:12:34.020

Cooper City Hall: determine what is most appropriate in terms of satisfying the needs and integrating, but this is just one example.

79

00:12:34.800 --> 00:12:50.040

Cooper City Hall: Of we provided less about these are raw estimates and then what we did was we will go ahead and refine each of them as we go through, but these all these items were the same ones that we had brought to you over to our three ladies, you certainly and so.

80

00:12:51.660 --> 00:12:57.090

Cooper City Hall: to your point about the compatibility, we have gone through each of the items here to make sure that their.

81

00:12:57.900 --> 00:13:08.850

Cooper City Hall: agent indicated will work with the S amp a and the other major software items or software hardware, that we have in place, so the combat a compatibility issue has been.

82

00:13:09.420 --> 00:13:30.990

Cooper City Hall: thought through and address Okay, and I know it, it might it might be redundant, but anytime we're authorizing the spending of millions of dollars, you know it's one of those things, I just want to make sure, because once we appropriated that's one less control in place so.

83

00:13:32.040 --> 00:13:41.010

Cooper City Hall: also add that for any of these that's over 20 over the threshold, they also would be coming to you, so if we did a bit or a procurement.

84

00:13:41.310 --> 00:13:51.030

Cooper City Hall: And something exceeded that it would be brought back to you with a further explanation so there's a lot of control on your part you're not relinquish that control by.

85

00:13:51.630 --> 00:14:01.320

Cooper City Hall: by authorizing this you're you're actually moving the process along because, as of now, we had you know the budget was adopted without this being in the expenditure sides so.

86

00:14:01.590 --> 00:14:13.980

Cooper City Hall: What you're doing is putting it there, so that we can go ahead and then spend it from that Okay, well, I appreciate you indulge me there was number four on there, I was hoping, maybe my colleagues would be Greta.

87

00:14:16.440 --> 00:14:25.980

Cooper City Hall: I think 60 8000s a lot for for wi fi and something maybe you guys will be at the parks dog parks, maybe, create a comeback on that.

88

00:14:26.520 --> 00:14:37.230

Cooper City Hall: I just think there's a couple other things we can do and hold off on the wi fi, especially with the major carriers rolling out 5g service very soon might be faster than the wi fi.

89

00:14:40.740 --> 00:14:42.000

Cooper City Hall: Let me finish your mounting.

90

00:14:43.170 --> 00:14:48.780

Cooper City Hall: Well that's on number four Okay, what else number four number four that's it okay.

91

00:14:49.890 --> 00:14:50.670

Cooper City Hall: Look, we.

92

00:14:53.070 --> 00:14:54.810

Cooper City Hall: As far as the wi fi goes.

93

00:14:57.300 --> 00:14:57.690

What.

94

00:14:59.700 --> 00:15:03.750

Cooper City Hall: i'm going to leave that the job is discretionary we talked about this ad nauseum over to meetings.

95

00:15:06.420 --> 00:15:10.200

Cooper City Hall: Whether it's what is it \$68,000 for wi fi in the parks.

96

00:15:11.400 --> 00:15:17.490

Cooper City Hall: Maybe the only question I would ask at this point and we're we're probably test, you know we're getting passed to the point of.

97

00:15:19.320 --> 00:15:26.160

Cooper City Hall: No return but we've we've we have discussed this already is there anything else that that \$68,000 can be better spent on.

98

00:15:27.480 --> 00:15:28.710

Cooper City Hall: Well, in your estimation.

99

00:15:29.880 --> 00:15:37.980

Cooper City Hall: If you'll indulge me sure I do have something else it's a little it's a little more than 68 so i'm trying to play it's lower than six a little more than six.

100

00:15:38.640 --> 00:15:49.410

Cooper City Hall: So i'm trying to find some stuff i'm in what ultimately, I would like us to be able to find a way to to restore deputy sheriff position.

101

00:15:50.490 --> 00:15:58.740

Cooper City Hall: In traffic because basically traffic, one of the largest needs we have in our city and our compliment a sworn officers just less now.

102

00:15:59.280 --> 00:16:09.660

Cooper City Hall: than when we started, so I understand that the hesitation with recurring costs it's it's real money, but I would ask the Commission to.

103

00:16:10.380 --> 00:16:19.890

Cooper City Hall: Propose grant funding for a year and, like like the if we got a grant from the COPs for something else, and we shall it works, we did this with code.

104

00:16:20.460 --> 00:16:34.710

Cooper City Hall: we're at a point with the code, where we had some concerns and we thought about going different direction well and under the leadership of our captain, I think you know we trusted him, and you know it was a good decision so.

105

00:16:36.570 --> 00:16:43.800

Cooper City Hall: What since we're having this discussion, maybe indulge me I and you're speaking of code I would I would support.

106

00:16:44.940 --> 00:16:54.270

Cooper City Hall: Whether the right now, or next next fiscal year a fifth code officer in the city, I would, but I think filling our fourth position model tire they let's bring Captain up.

107

00:16:55.140 --> 00:17:06.330

Cooper City Hall: If you don't mind is that okay yeah no problem Okay, thank you yeah and I do support more sensible right and let's face it, I mean these these are these numbers here.

108

00:17:06.870 --> 00:17:15.270

Cooper City Hall: There I don't not every one of these numbers is is is a contracted number, some of them are just speculative that's greater that's correct, so we may very well come in.

109

00:17:16.410 --> 00:17:23.730

Cooper City Hall: substantially under that that bottom line number there, in which case we might be able to do everything correct in in, but we know with with.

110

00:17:24.780 --> 00:17:46.230

Cooper City Hall: Whether it's code or or law enforcement deputies they take time when we added service age, it was almost like a six months or I don't know the lead time so I would ask that we we attempt it and the captain, I guess, could just speak to maybe the code issue and the traffic deputy issue.

111

00:17:47.640 --> 00:17:50.070

Cooper City Hall: And, good evening, good evening my pleasure and also.

112

00:17:51.120 --> 00:17:58.530

Cooper City Hall: I think the easy answer is, is that whatever resources, the city interest to me i'm going to do my very best to use them wisely.

113

00:18:00.150 --> 00:18:05.010

Cooper City Hall: I don't know if it's okay to say this, but i'm going to save this just because it ties into another Program.

114

00:18:05.610 --> 00:18:14.310

Cooper City Hall: I do believe, however, Commissioner, that the wi fi departs would be been an official participants cameras that were installing so there were some concerns that.

115

00:18:15.150 --> 00:18:31.740

Cooper City Hall: The IP director and I were working with to actually improved the wi fi at those parks, that would actually benefit the high end of those cameras to the real time Center the hopefully it's okay to say that I just wanted to put that out there appreciate your making our case worse.

116

00:18:32.910 --> 00:18:49.500

Cooper City Hall: I had helped me help you I had to be honest, on that point only because it's part of the presentation you're going to see on the 25th hopefully on it's actually a footnote in the staff report mentioning the white line okay well does anybody else want to chime in sure.

117

00:18:50.760 --> 00:19:04.080

Cooper City Hall: For sure great Thank you Mayra Ross and I hear what both of my colleagues are saying i'm not going to support adding a deputy sheriff for or restoring that for traffic purposes or the fifth code officer.

118

00:19:06.930 --> 00:19:18.330

Cooper City Hall: You know, once the Opera money runs out, these are going to be recording recurring costs to the city and so these don't go away.

119

00:19:18.900 --> 00:19:27.540

Cooper City Hall: And I understand my colleague is talking about the possibilities for grants to come in to support this, but long term.

120

00:19:28.290 --> 00:19:37.440

Cooper City Hall: This is grant money that the money is going to run out, and so the city, the residents they're going to be paying for this, this is going to be.

121

00:19:37.890 --> 00:19:51.180

Cooper City Hall: An every year occurrence, if something doesn't happen, so I agree with the the the captain with regards to the the wi fi at the sports complex, I know that this Commission.

122

00:19:52.020 --> 00:20:04.710

Cooper City Hall: In prior meetings we have talked about adding those police readers and really just kind of modernizing and overhauling the technology that we have here, and so I think.

123

00:20:05.610 --> 00:20:16.530

Cooper City Hall: my humble opinion, the wi fi goes to support that not only for police and fire, but also for all of the other areas throughout the city and so that's all that's all I have to say right now.

124

00:20:19.650 --> 00:20:23.970

Cooper City Hall: I think I know the answer but Captain Giovanni, do you.

125

00:20:25.350 --> 00:20:28.020

Cooper City Hall: need extra traffic deputy.

126

00:20:30.180 --> 00:20:30.510

Cooper City Hall: I think.

127

00:20:34.770 --> 00:20:35.520

Cooper City Hall: speak freely.

128

00:20:36.600 --> 00:20:36.990

Cooper City Hall: Any.

129

00:20:38.190 --> 00:20:56.130

Cooper City Hall: Their their resources are always helpful personnel are always helpful, one of the major concerns, if not the major concern the city, I would say is traffic control management so certainly an additional body for traffic control management would be beneficial.

130

00:20:57.930 --> 00:21:02.880

Cooper City Hall: I understand the city's concerns for being good stewards with the finances that's not my decision.

131

00:21:05.280 --> 00:21:06.180

Cooper City Hall: So, is that a yes.

132

00:21:07.530 --> 00:21:08.070

Cooper City Hall: Yes, sir.

133

00:21:09.600 --> 00:21:21.930

Cooper City Hall: And you know my my thought on this is we're we're built out our biggest issue we're have I mean I watched the planning and zoning meeting last night and one of the topics came up with traffic.

134

00:21:22.410 --> 00:21:28.140

Cooper City Hall: it's an issue Road rage is worse than it's ever been the texting and driving is worse than it's ever been.

135

00:21:28.530 --> 00:21:39.420

Cooper City Hall: Traffic is probably one of our it's probably our largest concern every year when the school start probably actually when they're on break and they go back.

136

00:21:39.720 --> 00:21:50.970

Cooper City Hall: It is like you everything falls apart, and I have to reset it and retrain everyone, including not me because I drag perfectly, but my wife, who sometimes we get stopped.

137

00:21:52.320 --> 00:21:57.750

Cooper City Hall: it's just a matter of way of life, because we didn't have the benefits of.

138

00:21:58.650 --> 00:22:08.970

Cooper City Hall: Traffic planning on the school shirt and stuff and in you know when it was done in the 70s, so I think that to quality of life thing, and it could make a big impact I.

139

00:22:09.480 --> 00:22:26.910

Cooper City Hall: I do trust that the captain would be able to make a question about it, let me, let me interject something, if I may, what about bringing in one one body for traffic let's call it when F T and then what you will do might give you the option to do is take.

140

00:22:28.140 --> 00:22:38.400

Cooper City Hall: Efforts you know take hours from other folks and put them at the schools and maybe give a little more reinforcement to the traffic situation around the schools which, as you know, is bad.

141

00:22:40.170 --> 00:22:51.270

Cooper City Hall: It is, Commissioner, and I would certainly put together a plan for the manager in regards to that traffic management, particularly for the schools, it would just give you another time and the Commissioner, Greens point.

142

00:22:52.380 --> 00:23:00.690

Cooper City Hall: Let me just remind everybody that I guess it was six or seven years ago that the prior Commission they had decided to add a traffic.

143

00:23:01.740 --> 00:23:09.720

Cooper City Hall: officer a deputy to the to the payroll and you know Look, we know after our money runs out it's on us it's a recurring costs but.

144

00:23:10.110 --> 00:23:19.800

Cooper City Hall: You know, at that time they didn't feel the need to you know they they I guess they they felt that it was necessary, so we continued on and that person continued, and you know continued in the city and.

145

00:23:20.370 --> 00:23:26.790

Cooper City Hall: You know, if we go and add somebody else now, we do have the option in a year or two if it's if we don't see the benefit we don't have to you know.

146

00:23:27.330 --> 00:23:45.900

Cooper City Hall: We don't have to continue and what we could use to help subsidize it is in years past we we only have received a vacancy credit after 21 days under the noon it's instant and I think it would be a lot more because recently those numbers were sent over by either Jacob.

147

00:23:47.340 --> 00:23:55.020

Cooper City Hall: The prior prior vacancy credits given out the similar cities are our size would be so I think it's going to be a lot a lot higher based off that data.

148

00:23:55.410 --> 00:24:05.160

Cooper City Hall: We remember, we have to authorize the manager use it that money towards traffic need film well, we would we wouldn't do that anymore, where that would we would say vacancy credits, not us toward.

149

00:24:05.790 --> 00:24:10.620

Cooper City Hall: Traffic detail we're going to keep that and that will help offset the cost of what that that would be.

150

00:24:11.130 --> 00:24:16.560

Cooper City Hall: In addition, I know the captain, how to spend significant money and overtime during the beginning of school.

151

00:24:17.400 --> 00:24:29.040

Cooper City Hall: To have you know happens come in, and it was like that game where you one pops up and you keep a you know, he was going to whack a mole they were going from one school to the next right.

152

00:24:29.520 --> 00:24:36.210

Cooper City Hall: You can't keep up so that's what I was suggesting maybe take that one F T and you can divide it up, among other people and just give some reinforcement.

153

00:24:36.840 --> 00:24:45.390

Cooper City Hall: You know at at the schools The other thing is, and I didn't even think about this earlier, the you know we talked about traffic control and I.

154

00:24:46.050 --> 00:24:57.600

Cooper City Hall: I keep thinking 118th avenue, you know we know how how critical that that road is and how bad the traffic is over there and I know we've had the electronic signs out there and more enforcement.

155

00:24:58.500 --> 00:25:08.460

Cooper City Hall: But what about you know we're talking about the traffic calming devices will our traffic calming devices Is there something in the arpa plug in the arpa rules that says that we can spend money.

156

00:25:09.930 --> 00:25:18.060

Cooper City Hall: For traffic calming because I think listen we've been talking about this for two years now, I think it's time we take some action because it took the situations are only getting worse right.

157

00:25:18.660 --> 00:25:25.380

Cooper City Hall: yeah I don't I don't think there, we can use our from money for traffic comment devices, Commissioner, but we do.

158

00:25:26.190 --> 00:25:33.660

Cooper City Hall: Have it's in this year one of this year's legislative proposal, because for traffic coming devices what you need you need to do a holistic approach, because what.

159

00:25:33.990 --> 00:25:37.110

Cooper City Hall: happens with traffic coming devices, as you do it in one area that I.

160

00:25:37.860 --> 00:25:40.920

Cooper City Hall: have another welcome to silicon, we need to do it all over the city.

161

00:25:41.250 --> 00:25:47.340

Cooper City Hall: Well, exactly and that's the point i'm making this year's legislative proposal we're asking for assistance and funding for a comprehensive.

162

00:25:47.610 --> 00:25:58.350

Cooper City Hall: Traffic plan for the entire city okay good and then based on that comprehensive traffic plan, we could plan out traffic coming devices for the city and could also probably include getting funds.

163

00:25:58.920 --> 00:26:02.910

Cooper City Hall: For those devices, you know, in the future years, but we do have a plan.

164

00:26:03.390 --> 00:26:12.750

Cooper City Hall: Where we do, we are requesting assistance and providing funding for the comprehensive it wasn't a grant that assistance i'm sorry who's going to grant that assistance well we we requested it in one of.

165

00:26:13.320 --> 00:26:21.750

Cooper City Hall: Legislative assistants for this year, well, that would be a great job request, and I will be up there, the 17th 18th and 19th addressing that issue.

166

00:26:22.380 --> 00:26:32.700

Cooper City Hall: And you know, for me the I would love to see the traffic unit have those resources to we now have some of the electronic speed signs that collect data.

167

00:26:33.240 --> 00:26:43.440

Cooper City Hall: I mean you have an issue with you do have traffic issues everywhere, and then you have sometimes perceived traffic issues where they think that someone's going 90 miles an hour, but the data will show you it's really not.

168

00:26:43.890 --> 00:26:54.660

Cooper City Hall: And with right now the traffic and we have there barely can keep your head above water just being defensive, we have to give them some resources, so they can.

169

00:26:55.110 --> 00:27:02.970

Cooper City Hall: Have that they can look at assessed data and we could have a comprehensive plan i'm remember they used to have the strips where they would put them out, and they could track.

170

00:27:03.600 --> 00:27:08.580

Cooper City Hall: And then, they say, well, Mr Meltzer only one person, one over \$50 and I know I might Bailey has the.

171

00:27:08.910 --> 00:27:18.030

Cooper City Hall: ability to do that, we purchased for it was \$4,000 two years ago, a kit that we can we can do just that ourselves, instead of having to rely upon the county to come out at their leisure.

172

00:27:18.660 --> 00:27:29.460

Cooper City Hall: And then give us back the give us back to the critical data at their leisure with sometimes we take two or three months, and I think that's our move those around the city now and do our own you know I think that's our last big.

173

00:27:30.600 --> 00:27:41.340

Cooper City Hall: component to to public safety, with the Chair, so you know we have three issues cold traffic and burberry's when we get hit with them, we have that pretty well yep.

174

00:27:41.940 --> 00:27:47.850

Cooper City Hall: With all the stuff we're doing a real time crime Center we have code which I would I would agree that we would.

175

00:27:48.360 --> 00:27:55.560

Cooper City Hall: revisit even adding that or enhancing that in the future as part of the beautification of the city, the reunification APP revitalization and.

176

00:27:56.250 --> 00:28:07.890

Cooper City Hall: And traffic, and I think you have a really solid package that we're still under the actual full time equivalents that they had previously right and it will help on the overtime budget.

177

00:28:09.090 --> 00:28:14.970

Cooper City Hall: I you know I can't you know, we have the ability to take it away if it doesn't work out, I think.

178

00:28:16.260 --> 00:28:23.070

Cooper City Hall: it's worth trying if the manager don't I don't disagree I haven't met every horoscope for a second year, Mr Horace McHugh.

179

00:28:25.770 --> 00:28:26.310

Cooper City Hall: Thank you, Sir.

180

00:28:28.380 --> 00:28:34.020

Cooper City Hall: I just I just have a question I have, I have your your draft budget for the orbit here.

181

00:28:36.660 --> 00:28:47.490

Cooper City Hall: I guess the big question is how confident, do you feel that, and again I should I shouldn't be asking us to I know you really don't know, but do you feel like we might have some money left over, when this is all said and done, I know a lot of these things are.

182

00:28:48.750 --> 00:28:52.440

Cooper City Hall: about to be contracted for some things we haven't quite gotten there yet.

183

00:28:53.850 --> 00:29:02.970

Cooper City Hall: So the sooner we start the less expensive it's going to be understood yeah and what we did was to bring this to you the end of last year and started moving.

184

00:29:03.360 --> 00:29:09.750

Cooper City Hall: you've actually started moving with a number of things we have started moving with the feasibility study for City Hall, with a bill lips.

185

00:29:10.620 --> 00:29:18.870

Cooper City Hall: The drainage assessment, which is on your agenda with the Community grant program so we're actually starting to move and once we start.

186

00:29:19.170 --> 00:29:25.230

Cooper City Hall: Then the capital our assets that were procuring most likely would be less and I don't want you to stop.

187

00:29:26.010 --> 00:29:33.210

Cooper City Hall: Know like full speed ahead and terrific sharing that the longer it is the higher the chances of it's going to be.

188

00:29:33.630 --> 00:29:44.700

Cooper City Hall: So the I guess the answer to that I don't know, in some cases, the directors like with it, or with the the electronic permitting we have a broad estimate.

189

00:29:45.030 --> 00:29:51.180

Cooper City Hall: And the sooner we go out to bed and get the firm estimate the lease is going to be that.

190

00:29:51.540 --> 00:30:02.220

Cooper City Hall: that's as broad as far as I can Okay, and I know you've done you've done tremendous work here, I know you put a lot of time into into the budget into you know we've we've been presented, all of this, and I think it's great.

191

00:30:03.420 --> 00:30:05.580

Cooper City Hall: But as as like with anything else I guess.

192

00:30:06.930 --> 00:30:16.530

Cooper City Hall: things change which just a couple more things to interject you like, Commissioner, had spoken earlier and in the code person, as I had spoken.

193

00:30:17.370 --> 00:30:32.790

Cooper City Hall: Things that maybe didn't know I guess didn't come to mind when we talked about this previously so i'm just wondering, and again i'll put this to my colleagues do we would I would I would maybe proposes let's see where we're at once, once you contract this stuff out.

194

00:30:33.930 --> 00:30:40.440

Cooper City Hall: And if we have some money because I can't I don't see a whole lot here that I would really want to change at this point, but I do agree with Commissioner.

195

00:30:41.340 --> 00:30:50.820

Cooper City Hall: could use another another traffic deputy, we could certainly use another code enforcement officer or then perhaps Commission and green commissionable changing the mayor have some items that they would like to see.

196

00:30:51.480 --> 00:31:01.710

Cooper City Hall: an amended probably just further would like to clarify that request where we'd be looking then at potentially funding let's assume the deputy 150.

197

00:31:02.070 --> 00:31:10.050

Cooper City Hall: For the funding for year one year two and year three right so that would not just be a one year, obviously, the Court officers similarly so.

198

00:31:10.710 --> 00:31:18.210

Cooper City Hall: That that's to further clarify, so that there is understanding that it wouldn't be a water here yeah I just said something on the code enforcement officer.

199

00:31:19.950 --> 00:31:25.470

Cooper City Hall: question I hate to, but the the arpa funds can only be used for positions.

200

00:31:26.550 --> 00:31:34.380

Cooper City Hall: That were eliminated Okay, and we didn't eliminate eliminate now, we will we'll talk about that this summer during budget yeah.

201

00:31:35.070 --> 00:31:45.480

Cooper City Hall: And so um you know, and we have some room, we do have some room here, you know we have under the last revenue category, those are estimated.

202

00:31:45.990 --> 00:31:51.360

Cooper City Hall: estimated costs, both in both in year one and year two and and I think.

203

00:31:52.050 --> 00:32:03.120

Cooper City Hall: That knowing the the manager being somewhat conservative and his approach it's probably on the higher end, you know I think we can we will be able to add that extra.

204

00:32:03.930 --> 00:32:17.370

Cooper City Hall: deputy, so I would like to add number six under service restoration and continuity you guys will indulge me and for that deputy, and it would not have to be permanent, the captain said we could.

205

00:32:18.990 --> 00:32:29.730

Cooper City Hall: We could you know amended afterwards is Mr manager, would you be okay with with that yeah, the only thing I would ask Commissioners yeah if we can just look at.

206

00:32:30.390 --> 00:32:40.740

Cooper City Hall: How we're going to come up with that amount of money within within this are you saying to take it out of the lost revenue or yeah take it off of the first item in lost revenue over the second item lost revenue.

207

00:32:42.120 --> 00:32:54.090

Cooper City Hall: Mr manager, for me, the last revenue is a calculation that we determined and came up with a total what we did was to put the first tranche of the last revenue.

208

00:32:54.960 --> 00:33:08.340

Cooper City Hall: To address apparatus that we had anticipated procuring and I think it's been moved to the next, the next agenda so by removing this you're removing your ability to fund that apparatus.

209

00:33:08.910 --> 00:33:23.820

Cooper City Hall: Well it's not it's not new money it's it's the same it's the same lost revenue that we're putting a portion in this year that we know we're going to spend and a portion and next year that we anticipate will be spent well, yes, but well i'll speak on that that item.

210

00:33:25.200 --> 00:33:35.040

Cooper City Hall: You know one there was you know the item that was moved apparatus, all of them are not age, at the same at the same aging.

211

00:33:35.790 --> 00:33:47.460

Cooper City Hall: And then also we had requested data more data on it, and some of the data had reflected that there might be the cost might actually be lower if the equipment was comparable to.

212

00:33:48.030 --> 00:33:57.360

Cooper City Hall: You know i'm still waiting to have all that I think we're going to have some comparison we're supposed to have a comparison and some of the apparatus, but like i'll give you example.

213

00:33:58.710 --> 00:34:03.120

Cooper City Hall: Davey had was paying \$200,000 last on an engine.

214

00:34:04.290 --> 00:34:07.440

Cooper City Hall: I don't I don't know the reasons but we're going to be provided that.

215

00:34:08.670 --> 00:34:17.160

Cooper City Hall: You know I did go in and meet with the bsf fleet person and he told me all the things and to be honest, it was like speaking a foreign language I didn't know.

216

00:34:17.730 --> 00:34:30.570

Cooper City Hall: You know, but the numbers were there's definitely room there but and then additionally at during a I had a meeting last week, I had with with staff, I was told that, on the the rescues.

217

00:34:32.160 --> 00:34:39.360

Cooper City Hall: I was told that any new rescue we've by the box with I guess the transport i'm not correct me if i'm wrong but i've told the transport box.

218

00:34:41.280 --> 00:34:46.620

Cooper City Hall: I guess it goes over the chassis that box is something that can be used for.

219

00:34:47.190 --> 00:34:56.130

Cooper City Hall: Several you know for years to come, it's not something that has to be repurchased all the time, so I asked the question, what about the current boxes, that we have for our for our equipment and I was told as a possibility.

220

00:34:56.910 --> 00:35:02.610

Cooper City Hall: That they can be they can be used in the futures and that would be and I was told that you're looking at about \$160,000 per.

221

00:35:03.780 --> 00:35:06.570

Cooper City Hall: haven't received an answer, yet, but i'm still in addition.

222

00:35:07.470 --> 00:35:16.470

Cooper City Hall: I think I was on the same meeting, and the response was that the current box, because of the materials, it can be retrofitted, but it can be done is I don't know the answer, but I asked if it could be.

223

00:35:16.740 --> 00:35:27.390

Cooper City Hall: retrofitted or if it could be modified in any way for some kind of dollar figure to give us the same you know the same the ease of portability, if you will.

224

00:35:27.930 --> 00:35:40.920

Cooper City Hall: As the as the new boxes and I was told that it would be looked into, and we would we would have an answer forth with which we haven't received it yeah and the bso fleet piece of fire fleet I didn't want it, maybe Director or person responsible.

225

00:35:42.480 --> 00:35:55.020

Cooper City Hall: He also told me that you know these items, they could take 18 months to two years to build they don't payment doesn't have to be made until then, and you can get very low interest rates on them.

226

00:35:55.620 --> 00:36:03.060

Cooper City Hall: So, you know that was like one of the things you could pay up front, but the savings when we calculate it was less than 3% I think.

227

00:36:03.720 --> 00:36:22.050

Cooper City Hall: And you could get you know our interest rate we make ourself was higher so we might be better off keeping the cash and getting a you know, a payment on a piece of equipment and then i'll be a so also said that you can sometimes by engines that are a few years old.

228

00:36:23.220 --> 00:36:33.060

Cooper City Hall: So whatever it is, we have to find out like I I we budgeted for the work you know the most conservative case, I think we can agree it's probably.

229

00:36:33.480 --> 00:36:37.560

Cooper City Hall: not going to end up that high, and I think I don't know you know we have.

230

00:36:38.370 --> 00:36:46.560

Cooper City Hall: We have the the room just start with the deputy Plus, I can only imagine that, I mean all the money here is going to the sheriff's office either way i'm sure they help us out one way or not.

231

00:36:47.010 --> 00:37:02.640

Cooper City Hall: Talking about other a deputy or firefighter they're both equally important, so, Commissioner, what I would say is that the manager asked me to follow up on the research on the data have gotten some haven't I have not received all was prepared to to have that discussion at the next meeting.

232

00:37:03.660 --> 00:37:07.740

Cooper City Hall: So there's some data that you, you do say it sounds like French and that's probably.

233

00:37:08.310 --> 00:37:16.050

Cooper City Hall: Correct because we don't have the correct information so maybe what we could do is wait until the next The next meeting, for example.

234

00:37:16.890 --> 00:37:24.780

Cooper City Hall: I know from a procurement perspective if we're going to procure equipment, we need to have appeal and to have the appeal, we need to have the money.

235

00:37:25.320 --> 00:37:35.280

Cooper City Hall: So yes, it may be, we may not have to pay for a particular time, but at least we have to have the money to do the appeal, so there are various nuances that.

236

00:37:36.030 --> 00:37:46.440

Cooper City Hall: That are being mentioned that are correct, but may not be fully correct so just wanted to provide but we're you know we're talking about 170 5000.

237

00:37:46.950 --> 00:37:57.240

Cooper City Hall: You know, not much more than that, so we'll have enough to cover that, in addition, although it might be a wash or upfront getting more money because of the settlement would be a so.

238

00:37:58.170 --> 00:38:08.250

Cooper City Hall: Then we had budgeted for you know we might have budgeted those payments and further years but we're getting that up front that can be used on s RDS which, so we have the peel money covered.

239

00:38:09.090 --> 00:38:14.400

Cooper City Hall: The I suggest something also yesterday, my understanding is, we have a new representative for the CEO.

240

00:38:15.450 --> 00:38:18.750

Cooper City Hall: And the city my understanding and i've had what's it.

241

00:38:19.980 --> 00:38:25.140

Cooper City Hall: And he's going to bring all kinds of money in that hope now and i've also had conversations with the manager.

242

00:38:26.550 --> 00:38:27.390

Cooper City Hall: looks like.

243

00:38:28.440 --> 00:38:33.360

Cooper City Hall: And I hope looks like we may be getting some funding for sterling road next year.

244

00:38:35.010 --> 00:38:46.950

Cooper City Hall: Things Oh, it will have a great well let's hope they change for the better and if that's the case, then this four and a half million that we have that we have for be so and I know utilities needs a bunch of stuff too, but we come.

245

00:38:48.210 --> 00:39:04.470

Cooper City Hall: Commissioner, we actually swapped out a \$5 million I understand I understand yeah but maybe instead of 5 million, we can do it, we can do 4.8 to 5 million and put 175 years to the day i'm just saying there might be some room for wiggle here we do and and I and.

246

00:39:05.790 --> 00:39:12.000

Cooper City Hall: it's my understanding that the new utilities Director has a very, very good relationship with the vice, Chair of the MP oh.

247

00:39:14.430 --> 00:39:25.020

Cooper City Hall: No they're very close so between our new facilities director and our new Commission representative, Mr Meltzer I believe they're going to be.

248

00:39:25.800 --> 00:39:38.820

Cooper City Hall: bringing home the bacon so you know i'd ask you guys to go out on a limb and in trust us trust the captain on this item like we did with code and now let's.

249

00:39:39.930 --> 00:39:52.260

Cooper City Hall: let's let's fund that we have those savings from the radios we have the savings from the vacancy credits that are increased, we have the money and we'd be restoring a deputy sheriff position to the city.

250

00:39:53.400 --> 00:39:54.600

Cooper City Hall: And one of the most.

251

00:39:56.220 --> 00:39:57.420

Cooper City Hall: So that's the mayor if he would.

252

00:39:58.620 --> 00:40:10.020

Cooper City Hall: I am not convinced at this time that we should be doing it we I think you have it on the horizon, we have it on the horizon there's no doubt in my mind that.

253

00:40:10.650 --> 00:40:20.970

Cooper City Hall: The wi fi should stay, I was thrilled to see 68,000 and I thought it would be more but suffice it to say if they can do it for that.

254

00:40:21.480 --> 00:40:28.530

Cooper City Hall: i'm thrilled I know Captain had said and I listened attentively to it and believe that wi fi is.

255

00:40:28.980 --> 00:40:38.250

Cooper City Hall: definitely needed in the way to go, you convince me on the wi fi now Mr Mayor you're not convinced, yet, so let me, let me keep going a little bit um.

256

00:40:38.700 --> 00:40:46.410

Cooper City Hall: You know this is just appropriating the money is horses said we just put it in the bucket we're not necessarily signing a contract so i'd asked that we.

257

00:40:47.040 --> 00:40:52.470

Cooper City Hall: make a step forward, it doesn't commit us it starts to come before us Commission again and again.

258

00:40:53.400 --> 00:41:02.430

Cooper City Hall: So, give me give me a name thing that word it, but when permission and alter move 5 million from one project to the streets.

259

00:41:03.000 --> 00:41:11.760

Cooper City Hall: For the beautification or really for the repaving just fyi I was at a meeting with you congresswoman debbie wasserman Schultz.

260

00:41:12.300 --> 00:41:20.850

Cooper City Hall: Who was touting the fact that there were grants for infrastructure and Joe I think I sent that to you men in fact you were on it.

261

00:41:21.750 --> 00:41:34.650

Cooper City Hall: And the issue that I had requested to be answered was whether Commissioner smelters concern of I need to get it done now, and we all want it done now, let me ask you something if.

262

00:41:35.190 --> 00:41:44.460

Cooper City Hall: If representative Schultz, is telling you now that there are grants available, how can we didn't know this years ago wait a minute big well because the infrastructure just came through and she's explaining to us why don't we.

263

00:41:44.730 --> 00:41:49.440

Cooper City Hall: Why don't we have that information we do now where's it in job well it's.

264

00:41:49.770 --> 00:41:58.650

Cooper City Hall: let's be clear, we don't have the information we have the very macro what she was doing was explaining the recent infrastructure bill that was passed at the federal level.

265

00:41:58.920 --> 00:42:04.770

Cooper City Hall: They haven't worked out how the all that money is going to get down to the terrific like what she was saying was be alert.

266

00:42:05.460 --> 00:42:16.050

Cooper City Hall: The be start coordinating with all of the different agencies, because a lot of this funding is not going to go to the city, but it's going to go to different agencies and there's going to be regional approaches and that sort of thing so.

267

00:42:16.710 --> 00:42:26.670

Cooper City Hall: it's not that we have understand, but in the same breath the point i'm making is the fact that I had asked if we already are on the list for the mta oh.

268

00:42:27.420 --> 00:42:37.500

Cooper City Hall: Will we be able to ask for the grant and get it, and for go the mpl and and the answer was quite frankly.

269

00:42:38.190 --> 00:42:48.270

Cooper City Hall: They they don't appreciate you doing that and if you've got something from the empty to stick with it, and I understand from the empty to word came down that.

270

00:42:48.750 --> 00:42:56.280

Cooper City Hall: We are, and I think we've Jason who I spoke to who said, you know, things are changing and it looks like it may be a little quicker than we hadn't.

271

00:42:56.970 --> 00:43:07.200

Cooper City Hall: One and one more thing when you say that it that I me sterling road no sterling wrote a, for this is for our 36,000 resident one road is it the road is in and has been horrible care that.

272

00:43:07.680 --> 00:43:18.420

Cooper City Hall: Years and it's something that needs to be it's going to be like kickbacks for that you don't want to be recognized for it that's not necessary, I just wanted early road done Mr Mayor to your point.

273

00:43:19.740 --> 00:43:35.430

Cooper City Hall: The sterling word we did not vote on a contract to do it, we just set money aside right, and the same point if new information comes about this deputy, then we can on set it aside like we're going to do when when MP to fully fund sterling road.

274

00:43:35.970 --> 00:43:48.120

Cooper City Hall: But I you know we have to, we have to have at least three votes to get there i'm asking just move me a little bit closer you know we're going to have another hearing and another hearing.

275

00:43:49.470 --> 00:43:54.240

Cooper City Hall: And maybe it those hearings, when I see a little more data on it, I would be convinced i'm not.

276

00:43:54.750 --> 00:44:07.050

Cooper City Hall: I can tell you why you don't have the data on it, because the captain, I was not going to reach out to them and ask them for for data because and that's why he looked uncomfortable there because I didn't tell him I was going to bring it up.

277

00:44:08.430 --> 00:44:17.460

Cooper City Hall: I took a you know, a page from Congress, where last minute they try to move stuff around you know watching C span and so that's why he didn't i'm sure.

278

00:44:17.940 --> 00:44:28.200

Cooper City Hall: If we allocate this step one he will come with all the data and if it's not sufficient i'll i'll make the motion myself i'm just asking if we can move the ball one step closer.

279

00:44:28.980 --> 00:44:42.480

Cooper City Hall: And you know we and i'm open to it, I promise you I the captain will tell you i'm not for wasting money I complained to him about everything, why is the why you know.

280

00:44:43.050 --> 00:44:58.920

Cooper City Hall: Why is the car running and i'm being facetious but you know I you know i'm just asking to move us one step closer, would you I appreciate what you're asking Commissioner Commissioner pulcini of something it can we agree to have the captain bring us a data.

281

00:45:00.930 --> 00:45:04.650

Cooper City Hall: Gavin can you do that in the next two weeks at the forest for the next major.

282

00:45:07.080 --> 00:45:17.490

Cooper City Hall: Can we move it forward now, and if the data is not sufficient let's say let's wait till the day that and then we can intelligently discussing Mr Mayor, I offer this point if.

283

00:45:17.970 --> 00:45:30.480

Cooper City Hall: If we move it forward, and you are not single handily convinced, I will withdraw the motion, so you just asked you and a move a solidarity and i'd asked Commission agreeing to.

284

00:45:31.050 --> 00:45:43.530

Cooper City Hall: This is something I think it's important if the data doesn't support it, I would, I will back off of it, but can we just go one step closer to restoring the deputy sheriff's do you want to do that, in the form of promotion yes.

285

00:45:45.330 --> 00:45:45.990

Cooper City Hall: i'd second that.

286

00:45:47.490 --> 00:45:49.410

Cooper City Hall: I get any further discussion on that.

287

00:45:50.790 --> 00:45:52.020

Cooper City Hall: Hearing none all about.

288

00:45:54.240 --> 00:46:01.740

Cooper City Hall: Commissioner shredder Yes, Commissioner Meltzer yes, let me clarify the, you have the number it's going to be the same amount as the.

289

00:46:03.150 --> 00:46:05.430

Cooper City Hall: The budget of men would be just copy the detective deputy.

290

00:46:10.020 --> 00:46:10.440

Cooper City Hall: Yes.

291

00:46:12.210 --> 00:46:15.870

Cooper City Hall: Commissioner puccini yes, we should agree, no.

292

00:46:17.850 --> 00:46:19.050

Cooper City Hall: Yes, thank you.

293

00:46:21.030 --> 00:46:22.470

Cooper City Hall: or anything else.

294

00:46:28.110 --> 00:46:30.060

Cooper City Hall: Is there any other things on here.

295

00:46:35.310 --> 00:46:40.380

Cooper City Hall: To approve the item, as amended Okay, do I have mostly to prove the dynamism ended motion of.

296

00:46:41.640 --> 00:46:49.020

Cooper City Hall: It as amended how's that gonna get most of motion and a second give me gimme shelter called vote.

297

00:46:51.120 --> 00:46:52.440

Cooper City Hall: Commissioner shrouded yes.

298

00:46:53.790 --> 00:47:00.120

Cooper City Hall: Elsa yes, who is your pazzini Yes, Commissioner, green know mayor Ah yes.

299

00:47:01.260 --> 00:47:02.670

Cooper City Hall: Is there any of the other.

300

00:47:04.230 --> 00:47:07.110

Cooper City Hall: items on here that you guys wanted to.

301

00:47:08.910 --> 00:47:13.080

Cooper City Hall: write 18 million I like to you like to spend.

302

00:47:16.230 --> 00:47:16.800

Cooper City Hall: The.

303

00:47:19.890 --> 00:47:37.560

Cooper City Hall: I will, I would like to tell my fellow Commissioners, I took the summer, the lead on it, I met with it to discuss all the requests that are made hundreds of thousand dollars in here, and you know I I was satisfied with what Darrell said.

304

00:47:38.610 --> 00:47:43.650

Cooper City Hall: Or it manager and I do think in the future, I spoke with the manager We may want to look at.

305

00:47:44.760 --> 00:47:59.100

Cooper City Hall: strengthening our it as we've seen the hacking is gone crazy, I mean I think kronos the county was hacked or something and it's sent several county agencies into a tailspin.

306

00:47:59.550 --> 00:48:07.080

Cooper City Hall: So sometimes we have to make sure we get in front of these things um I think you know the county's having payroll.

307

00:48:07.950 --> 00:48:20.850

Cooper City Hall: I believe they're having payroll issues, or at least scheduling issues and with the kronos and so it's something I finishes needs to consider we've been very lucky doing great with to to it, but we might need to.

308

00:48:21.960 --> 00:48:38.280

Cooper City Hall: Add to that because I have concerns over and I asked that are we using kronos Mr manager the week will be impacted by the kronos hack, no, no, we just I guess scheduling for some of the summer go vendors.

309

00:48:39.360 --> 00:48:45.090

Cooper City Hall: I know I don't know if plan a police I don't know if police were having issues, I know there were some issues on the fireside.

310

00:48:46.350 --> 00:48:47.670

Cooper City Hall: Okay, so.

311

00:48:49.890 --> 00:48:54.720

Cooper City Hall: Anything else on Item number 16 excuse me, getting.

312

00:48:56.730 --> 00:48:57.240

Cooper City Hall: Moving on.

313

00:48:58.680 --> 00:49:01.740

Cooper City Hall: we'll go back to you Okay, can I ask a quick question.

314

00:49:03.090 --> 00:49:04.740

Cooper City Hall: Are we sure that all these.

315

00:49:05.790 --> 00:49:13.500

Cooper City Hall: items are compliant with us moving to the cloud eventually the remember we had something about moving to the cloud.

316

00:49:14.640 --> 00:49:17.880

Cooper City Hall: Is everything here compliant with us eventually moving to the cloud.

317

00:49:19.410 --> 00:49:29.370

Cooper City Hall: I can't answer that I mean we we if we decided to take off moving you know psn a to the cloud we did take that off, we talked about moving one one permanent.

318

00:49:30.750 --> 00:49:37.380

Cooper City Hall: thing here, we took that off, but know when you say is everything compatible moving to the cloud, let me give you my cloud.

319

00:49:38.820 --> 00:49:40.290

Cooper City Hall: Preference and i'm.

320

00:49:41.340 --> 00:49:52.590

Cooper City Hall: not saying that I agree with it, but in case future in the future we decide the future permissions decide to go with it, but these decisions, we making today.

321

00:49:54.420 --> 00:50:02.460

Cooper City Hall: Helping towards over the cloud, or are they, in contrast, what was explained to me and Horace was there when I met with darryl.

322

00:50:03.300 --> 00:50:25.080

Cooper City Hall: None, none of the money that were most of the money we're designating, it is not a new initiative, it would be in the life on so it may not get us to the cloud but it isn't the latest from in the cloud it's it's needed so right now we have several servers, and so this is helping us.

323

00:50:26.850 --> 00:50:34.860

Cooper City Hall: On some of the end of life equipment, the cloud when they're selling you the software sounds great they say it's very secure and all these things.

324

00:50:35.970 --> 00:50:37.110

Cooper City Hall: But if you are a.

325

00:50:38.490 --> 00:50:44.820

Cooper City Hall: hacker organization enterprise you're looking to hack the largest group which is often the cloud, and the reason why.

326

00:50:45.150 --> 00:50:49.740

Cooper City Hall: You know apple doesn't have as many viruses as windows because market shares and anywhere near.

327

00:50:50.160 --> 00:51:02.760

Cooper City Hall: The same so when you say Cooper cities internal peril system isn't as secure as kronos yeah you're right, but those foreign hackers aren't looking to hack cruces hundred and 50 employees that are looking to hack kronos is.

328

00:51:03.270 --> 00:51:14.460

Cooper City Hall: You know, however, many users have million users or 10 million users and I think, from an IT standpoint, we have to be very careful, by putting everything on the cloud because it.

329

00:51:15.540 --> 00:51:25.200

Cooper City Hall: You know, it opens us up the clouds got to be protected, just as your software, but you know you're always going to have hackers that are just as good as the software creators.

330

00:51:26.400 --> 00:51:37.140

Cooper City Hall: I think, be so fires it kind of in a tizzy right now with their scheduling because of kronos that's an understatement my understanding is like they're having to go to the almost the manual way for a manual.

331

00:51:37.770 --> 00:51:46.620

Cooper City Hall: scheduling like a new door hurricanes so i'm sure kronos is a lot more secure than us, but you're not going to have an enterprise hacking.

332

00:51:48.030 --> 00:51:55.110

Cooper City Hall: are small city, just because of the sheer volume, as they would a system like that or adp or something to that effect.

333

00:51:56.340 --> 00:52:02.490

Cooper City Hall: You know I, and I disagree that that small cities won't be hacked it's not that i'm what i'm saying is.

334

00:52:02.970 --> 00:52:10.320

Cooper City Hall: We could, but it's not they happen, they have, but you don't no one's trying to shut down the scheduling of 115 employees.

335

00:52:11.100 --> 00:52:20.730

Cooper City Hall: Are they trying to shut down the cyber attack and get a wrench yeah if I can add just to the specific question at hand because I asked that very same question today.

336

00:52:21.150 --> 00:52:35.940

Cooper City Hall: Of the hour just to make sure From my own perspective, so I think it's a great question and answer was that yeah there's nothing on our list right now that would deter us from moving towards the cloud, which is based on this specific question that's being asked.

337

00:52:37.320 --> 00:52:40.110

Cooper City Hall: There are elements here that that.

338

00:52:41.340 --> 00:52:47.820

Cooper City Hall: Mr Commissioners router has mentioned, as well the that are not their hardware elements.

339

00:52:48.600 --> 00:53:05.670

Cooper City Hall: That are not necessarily cloud based or non cloud based their their hardware that you need, no matter which system you all, whether you have physical server will the notch out, but there are no items here on this particular this that would prevent us from moving towards cloud in a strategic.

340

00:53:07.080 --> 00:53:07.680

Cooper City Hall: format.

341

00:53:10.950 --> 00:53:14.310

Cooper City Hall: it's all part of the planet, yes, the phone absolutely.

342

00:53:15.870 --> 00:53:27.090

Cooper City Hall: Thank you, and just for the record state your name this is Aaron kendrick the the new CFO and i'm pleased to be before you for the very first time and welcome welcome nice to have you welcome.

343

00:53:28.560 --> 00:53:30.780

Cooper City Hall: All right, moving right on then.

344

00:53:32.250 --> 00:53:37.470

Cooper City Hall: To been saying it now, for the third time Jimmy go lay public speaking.

345

00:53:45.060 --> 00:53:52.170

Cooper City Hall: Good evening, gentlemen, apparently, we had a house fire recently in Cooper city, possibly dryer fire.

346

00:53:53.820 --> 00:53:56.190

Cooper City Hall: i've left some documents in front of you guys.

347

00:53:57.630 --> 00:54:02.640

Cooper City Hall: Regarding home drives I wrote an article by the way, i've been involved in.

348

00:54:04.140 --> 00:54:08.550

Cooper City Hall: The laundry industry for 42 years I know little home dryers.

349

00:54:10.080 --> 00:54:16.590

Cooper City Hall: don't do a lot for me, I will work on much larger equipment, but it's all the same, so the way home dryers work we have.

350

00:54:17.820 --> 00:54:21.210

Cooper City Hall: A thermostat that measures of temperature shuts the heating elements off.

351

00:54:22.230 --> 00:54:34.560

Cooper City Hall: turns them on turns them off as the temperature is reached there's also a high limit there is that that will shut the dryer off if the dryer exceeds a particular temperature mainly about 180 degrees Fahrenheit.

352

00:54:35.910 --> 00:54:48.300

Cooper City Hall: At that point, safe operation of a dryer, so why do we have fires and dryers one of the reasons why is because we have spontaneous combustion, this is really very, very important for people understand this.

353

00:54:49.140 --> 00:55:00.900

Cooper City Hall: When you are drying garments when you're drying household goods, possibly rags are used and cleaning with lysol other possible flatow flammable chemicals.

354

00:55:01.650 --> 00:55:11.760

Cooper City Hall: We never want to leave a dryer unintended after drying cycles completed the reason why, because the garments are goods in that dryer never stopped eating.

355

00:55:12.270 --> 00:55:20.790

Cooper City Hall: That continue to eat, they continue to heat and then we have spontaneous combustion this often happens in industries where we're doing a lot of.

356

00:55:21.510 --> 00:55:31.560

Cooper City Hall: kitchen work or greasy rags, but it does happen in households as well, so when a when a driver is finished drying the doors to reopen the government should be removed.

357

00:55:32.100 --> 00:55:45.150

Cooper City Hall: If they're left in there again we could have spontaneous combustion that may happen to this House over may not know other reasons why is because in front of you, this is a, this is a maytag.

358

00:55:46.890 --> 00:55:51.840

Cooper City Hall: May tag installation manual and we have different types of.

359

00:55:52.950 --> 00:56:02.670

Cooper City Hall: venting we have solid piping, and we have this what you buy at home depot that flexible corrugated venting the flexible corrugated venting is good for about 10 foot.

360

00:56:03.390 --> 00:56:07.380

Cooper City Hall: And that's normally coming out of your dry going right into your exterior wall and exhausting.

361

00:56:07.890 --> 00:56:17.370

Cooper City Hall: When these when this venting type is used and in homes and going through addicts and going to rooms rooms, it becomes a fire hazard why.

362

00:56:17.760 --> 00:56:32.880

Cooper City Hall: Because it's corrugated Linda tracks is corrugated on the on it and can tumble back down into the dryer itself, it creates friction what that what happens in the dry will take 2030 minutes long and dry load then would.

363

00:56:33.900 --> 00:56:39.900

Cooper City Hall: Now, again, this brings up a point and one where we're building homes and Cooper city and we're and we're.

364

00:56:41.190 --> 00:56:50.790

Cooper City Hall: and looking at plans, how would they get exhausted dryers are exhausted and dryers correctly, are they doing by code or doing by manufacturer recommendations.

365

00:56:51.900 --> 00:57:06.660

Cooper City Hall: So basically duct cleaning is super super important super important and keeping those ducks clean, making sure that nobody's in there messing around and jumping out thermostats like i've done in House for a couple of days, but.

366

00:57:08.610 --> 00:57:19.560

Cooper City Hall: Fires in homes due to dryers, I must say, maybe rare but it's a potential and every single household and Cooper city in Florida United States.

367

00:57:19.980 --> 00:57:35.310

Cooper City Hall: Because you're not vintage correctly because it's not clean and one homes are built the builder themselves are not correctly installing them and real quick and make a make a point so if a dryer is is is is.

368

00:57:35.820 --> 00:57:55.980

Cooper City Hall: allowed to run 70 feet of exhaust Doc straight exhaust if you look on our I made a note in the bottom on the first page that a 90 degree elbow equals six foot of exhaust up straight duct so you put 234 elbows in there times that by six foot we're at our limit.

369

00:57:58.050 --> 00:57:58.350

Cooper City Hall: So.

370

00:58:00.180 --> 00:58:10.650

Cooper City Hall: I hope that that the folks number one clean take care of that drives Why would you have a fire in the dryer it's very, very unusual, but it could be the reason why the things I stated.

371

00:58:11.250 --> 00:58:17.400

Cooper City Hall: Whether or not cleaning the dogs thermostats could be jumped time they could have spontaneous combustion and and.

372

00:58:17.790 --> 00:58:22.710

Cooper City Hall: And again, this should be brought up to the building department as well on one homes are designed.

373

00:58:23.280 --> 00:58:30.000

Cooper City Hall: they're designed with the proper ventilation of dryers We thank you for your expertise mission and your thoughts on it yep yes.

374

00:58:30.570 --> 00:58:43.800

Cooper City Hall: We had, I think it was three fires recently at least three home fires, since you know our last Commission meeting all about two weeks, and you know I want to thank the.

375

00:58:45.450 --> 00:58:53.670

Cooper City Hall: public safety personnel from going out there, but you know, this is also an opportunity when you look at what we have going on.

376

00:58:55.290 --> 00:58:56.040

Cooper City Hall: I know.

377

00:58:57.090 --> 00:58:59.760

Cooper City Hall: We might have had a fire hydrant.

378

00:59:01.020 --> 00:59:04.950

Cooper City Hall: not perform as it should, or over perform.

379

00:59:06.390 --> 00:59:18.570

Cooper City Hall: But I want to make sure that we're on top of these things, one of the one of the home fires, I think it was because of the dryer the one over near palm avenue.

380

00:59:20.160 --> 00:59:27.000

Cooper City Hall: Davey fire department came out there battalion chief was out there, helping us, and so I want to thank our neighbors.

381

00:59:27.990 --> 00:59:41.790

Cooper City Hall: I know we had spoken with bso about an automatic gain agreement i'm imagine that's what happened, or where they're supposed to come back to us i'm not sure if it was automatic a mutual aid, but I want to make sure.

382

00:59:42.840 --> 00:59:43.830

Cooper City Hall: That we have.

383

00:59:45.900 --> 00:59:55.740

Cooper City Hall: When if there's a there's a fire call that we have all the fastest closest you know best responses were able to do that.

384

00:59:56.910 --> 01:00:08.670

Cooper City Hall: So to that extent we really should be looking at these measurements and and I guess the one question is was was it db come via an automatic eight agreement or.

385

01:00:09.720 --> 01:00:10.080

Cooper City Hall: we've.

386

01:00:11.160 --> 01:00:25.710

Cooper City Hall: wouldn't have been automatically do we will do we know, I have to i'll have to check on that I have to check date to where we are and I know we've requested and Commissioner porcine has been bringing that up for.

387

01:00:26.730 --> 01:00:29.850

Cooper City Hall: a while now automatic gain do we know where we're at with that.

388

01:00:30.990 --> 01:00:47.790

Cooper City Hall: And the closest response that we we we do not, we don't have an automatic update agreement with David can we can we get one, at least as the fires and medical might be different situation is that there's a lot more medical calls, but to me I want all the fire trucks.

389

01:00:48.900 --> 01:00:50.520

Cooper City Hall: they're the fastest I don't want to have to wait.

390

01:00:52.110 --> 01:00:53.730

Cooper City Hall: I guess what do we have to do to get that or.

391

01:00:55.620 --> 01:01:01.680

Cooper City Hall: After to engage with them directly with with with both Davey and optimus prime probably wouldn't.

392

01:01:02.400 --> 01:01:08.010

Cooper City Hall: it's it's urgent, but certainly with Davey we've we've had brief discussions with them about it in the past and.

393

01:01:08.760 --> 01:01:19.860

Cooper City Hall: will engage with them directly, is that something that the sheriff's office would have to have you ever been I think that it has to be mutually agreed between us and the shirt for for an automatic eight agreement.

394

01:01:22.170 --> 01:01:24.540

Cooper City Hall: I guess I should ask that we already asked.

395

01:01:26.100 --> 01:01:26.460

Cooper City Hall: I.

396

01:01:27.600 --> 01:01:30.510

Cooper City Hall: thought we did but there's something in the contract that prevents it.

397

01:01:32.010 --> 01:01:39.660

Cooper City Hall: Nothing i'm aware of, I know that i'm sorry good No, it is there yeah I believe there is, I believe, share some testing.

398

01:01:40.680 --> 01:01:49.350

Cooper City Hall: Is I made the fire remove sheriff's office requires their agreement their consent, but it's really not a prohibition to that relationship, and they have the signal that they wouldn't.

399

01:01:50.250 --> 01:01:59.190

Cooper City Hall: Another haven't I don't think, so I think what we should do, probably as four four to prove it and submit it and have them have them deny it, or.

400

01:02:00.990 --> 01:02:07.560

Cooper City Hall: Can we can we give direction, at least at least has to fire, I mean I know it might be more complex and medical but.

401

01:02:09.420 --> 01:02:16.440

Cooper City Hall: Then we give consent on that or how would that work Thank you need direction, and you know I will will engage with it.

402

01:02:17.610 --> 01:02:31.050

Cooper City Hall: Will in case directly with with Dave before automatically and i'll try to get some sort of a preliminary response by the next Commission, and I know it's been about two months that I signed the agreement for the closest response, and yet we don't have it.

403

01:02:32.070 --> 01:02:33.450

Cooper City Hall: When is that coming through.

404

01:02:35.250 --> 01:02:38.310

Cooper City Hall: And, and I don't suspect that you know the answer, but if you can get it.

405

01:02:39.330 --> 01:02:41.430

Cooper City Hall: What is that it was supposed to start in January.

406

01:02:44.490 --> 01:02:50.280

Cooper City Hall: Let me go there, are there any cities that they're involved i'm not sure, so I won't say.

407

01:02:53.340 --> 01:02:55.590

Cooper City Hall: All right, thank you Mike football.

408

01:03:01.860 --> 01:03:12.240

Cooper City Hall: Good evening I come here this evening with a couple of separate issues, the first one is the purchase of the fire trucks for the city.

409

01:03:13.410 --> 01:03:25.440

Cooper City Hall: I know that it's been discussed a little bit tonight that we receive our money that's been tagged as for replacement of our fire trucks, I think that.

410

01:03:25.950 --> 01:03:35.400

Cooper City Hall: it's urgent that we did this Commission acts on that the my understanding is that the quote, that the city received is only valid through the 15th.

411

01:03:36.210 --> 01:03:54.120

Cooper City Hall: of January, after that, the contract price will probably increase dramatically, I know that this Commission not perhaps not this specific Commission but prior Commission requested a quote under our previous fire chief which may have been under our previous Commission as well.

412

01:03:55.680 --> 01:04:06.780

Cooper City Hall: And that the price our current price is over \$200,000 per truck more because it wasn't acted upon and i'm afraid that if this Commission keeps waiting and and.

413

01:04:07.380 --> 01:04:16.170

Cooper City Hall: Waiting and waiting and waiting that the cost of this fire apparatus continues to go up because nothing is getting cheaper supply and demand, as the Commissioner stated.

414

01:04:16.770 --> 01:04:33.990

Cooper City Hall: Right now, the lead time is somewhere between 18 and 24 months when you order a truck today you won't see it from for somewhere between 18 and 24 months I speak because I work for bsl i'm a battalion Chief of beer so fire rescue I started my career here in Cooper city 23 years ago.

415

01:04:35.040 --> 01:04:42.330

Cooper City Hall: I don't speak for bso I speak as a resident here tonight because it's very concerning to me and my family that we have fire trucks.

416

01:04:42.840 --> 01:04:51.180

Cooper City Hall: Protecting the city, now that are far have far exceeded their their lifespan and the city.

417

01:04:51.960 --> 01:04:56.100

Cooper City Hall: Whatever agreement that was under previous agreement with the with the sheriff's office.

418

01:04:56.550 --> 01:05:11.400

Cooper City Hall: They changed out apparatus several times and we're at a point now that the city has to replace those trucks and our new contract that the that our city ratified put that burden on us, and I think time to act is now the second.

419

01:05:12.450 --> 01:05:22.830

Cooper City Hall: concern I have is quite a grave one Unfortunately I learned today that our fire chief was removed from.

420

01:05:24.030 --> 01:05:24.600

Cooper City Hall: From the city.

421

01:05:26.220 --> 01:05:32.070

Cooper City Hall: I just learned about today, I called him because I happen to work with them, we were both original Cooper city firefighters.

422

01:05:32.760 --> 01:05:41.100

Cooper City Hall: He had been here for quite some time longer than me i've been here i've been on the job 22 years he has been on the job quite some time longer than that.

423

01:05:42.090 --> 01:05:54.180

Cooper City Hall: And I asked them what happened, so what happened, and he proceeded to explain to me that, during our annual Christmas program i'm one of the.

424

01:05:55.200 --> 01:06:01.290

Cooper City Hall: One of the individuals that assist us Santa Claus was one of our ex Commissioners Jamie curran.

425

01:06:02.460 --> 01:06:19.020

Cooper City Hall: Apparently, one of the gentlemen, that was going to be our Santa Claus that that night had backed out he wasn't able to accomplish it Commissioner current had been our Santa here on the fire trucks many, many, many, many times over the last 22 years that i've been here.

426

01:06:20.250 --> 01:06:22.950

Cooper City Hall: The fire chief reached out to him and.

427

01:06:24.300 --> 01:06:27.480

Cooper City Hall: He was Santa I was informed that.

428

01:06:28.770 --> 01:06:31.980

Cooper City Hall: One of the members of the Commission approached him and.

429

01:06:33.240 --> 01:06:41.430

Cooper City Hall: asked why he was chosen, it was explained to him and then that Member of this Commission, then explained to him that.

430

01:06:42.060 --> 01:06:49.020

Cooper City Hall: It was going to cost him his position here in Cooper city and then he's going to have them removed subsequently called the city manager in front of him.

431

01:06:49.470 --> 01:06:59.580

Cooper City Hall: And this all occur in front of Members residents of the city it's not something i'm making up it's something that there's people in this audience tonight, they can verify that.

432

01:07:00.450 --> 01:07:07.710

Cooper City Hall: it's extremely disheartening to me, and it should be to all the residents and they're asking questions about fire apparatus and.

433

01:07:08.070 --> 01:07:21.630

Cooper City Hall: That sort of thing and we don't have a represent i'm here to answer those things, thank you and I find that very, very disheartening thing and I don't even know quite honestly that's legal or time Thank you can address some of the questions and apparatus.

434

01:07:23.190 --> 01:07:34.080

Cooper City Hall: Mr Ruffalo you and I have talked about the apparatus several times we've been in contact with the sheriff's office for almost two decades, or if you round it up two decades.

435

01:07:35.640 --> 01:07:46.500

Cooper City Hall: It wasn't until recently that the obligation became the cities to purchase the fire equipment, the the arpa money allowed us an avenue to do that.

436

01:07:47.610 --> 01:07:53.280

Cooper City Hall: Using our money to do that, I know you had some quotes about 8 million in lost revenue it's really.

437

01:08:07.770 --> 01:08:16.530

Cooper City Hall: think it requires a specific earmark flooding or connectivity issues we're looking at spending more than 50% of that money on fire apparatus.

438

01:08:17.430 --> 01:08:29.580

Cooper City Hall: Unfortunately, the first time I ever saw any quotes was like a week or two ago and the quotes as far as I was concerned.

439

01:08:30.180 --> 01:08:38.100

Cooper City Hall: wasn't enough information for one it it had how and they'll beach at the top of it, and one of the quotes so i'm.

440

01:08:38.910 --> 01:08:48.150

Cooper City Hall: Not knowing anything about fire, you know equipment I I wanted to know at a minimum what what do our neighbors pay.

441

01:08:49.110 --> 01:08:57.180

Cooper City Hall: What is the standard, because my my goal is a resonant isn't to is to isn't to be cheap but get you know the most bang for our buck.

442

01:08:58.110 --> 01:09:11.040

Cooper City Hall: And we're supposed to have the data on what that is some preliminary data was significantly different, some of them it wasn't but others what were you know, on the ladder truck and might have been \$100,000 off, but on the.

443

01:09:12.360 --> 01:09:23.970

Cooper City Hall: On the engine is it was \$200,000 difference which is significant, so I really am we're hit with those quotes and now you have to buy them within by was initial date the 15th.

444

01:09:24.570 --> 01:09:33.540

Cooper City Hall: But we have been given an extension, but that was that wasn't how it started right here's here's the information you're going to meet on the 11th you gotta buy by the 15th or it's going to be a lot more.

445

01:09:34.710 --> 01:09:48.510

Cooper City Hall: I know you don't even think that that's fair and you as a steward of of money well that was rhetorical because, but that in past things might have happened, but all I could do is you know.

446

01:09:49.710 --> 01:09:56.490

Cooper City Hall: Try to make decisions based off of things presented, while i'm here, so I think we've done pretty good coming up and designating money.

447

01:09:57.150 --> 01:10:12.000

Cooper City Hall: To to handle this issue, I do take a little bit of offense with the insinuation that we have unsafe equipment, because the equipment, we have in place was given to us by the brochures office.

448

01:10:12.540 --> 01:10:22.560

Cooper City Hall: And when I asked, I was concerned, I called you know the the the Chiefs or whatever they told me that the equipment wasn't unsafe, yes, we do need.

449

01:10:22.980 --> 01:10:27.330

Cooper City Hall: New stuff you're gonna have to take time to order, but I was told that.

450

01:10:27.960 --> 01:10:40.290

Cooper City Hall: That the platform works when it doesn't work they have an engine there just, just to clarify given I never said anything was unsafe what you're saying, but there's no Mr Mayor I don't want to be misquoted because that's an improper my.

451

01:10:41.160 --> 01:10:46.260

Cooper City Hall: Things already I did not say that the prize was unsafe I said it was aging.

452

01:10:46.830 --> 01:11:01.110

Cooper City Hall: A Thank you Mr before you post this and i'll give you your own picture says don't forget to ask your Commissioners why they're holding up the money to buy new fire trucks politics at its best why they put the resonance lives and property at risk with 20 year old trucks.

453

01:11:04.800 --> 01:11:05.790

Cooper City Hall: at great risk is.

454

01:11:07.140 --> 01:11:20.490

Cooper City Hall: So, Michael for the third time I I don't want any I don't want anyone's life will property be at risk if that if that's the case, but we can't even buy him for a second there Michael.

455

01:11:21.510 --> 01:11:25.770

Cooper City Hall: 15 months ago, the responsibility for buying a new equipment was the broward sheriff's office.

456

01:11:26.880 --> 01:11:35.220

Cooper City Hall: All right, the switch was flipped and now it's ours and we're we're we're doing so, but let me ask you something 15 months ago the equipment was a year and three months newer than it is now.

457

01:11:35.940 --> 01:11:45.090

Cooper City Hall: Was it any less in your words putting risk putting our firefighters at risk lives and property lives and property at risk, not to misquote you.

458

01:11:46.320 --> 01:11:49.350

Cooper City Hall: know why didn't they spend the money, then that, when it was their responsibility.

459

01:11:53.070 --> 01:11:54.570

Cooper City Hall: That I don't want you to answer, of course.

460

01:11:57.090 --> 01:11:59.730

Cooper City Hall: Permission it's up to you you're running the meeting can we let them.

461

01:12:01.500 --> 01:12:12.120

Cooper City Hall: Excuse me, Andrew we have rules, we all live by them it's a given take and he had the four minutes he's given his four minutes we've had the responses.

462

01:12:13.350 --> 01:12:15.030

Cooper City Hall: All right, it's up to you, Mr Mayor but.

463

01:12:16.680 --> 01:12:23.730

Cooper City Hall: And so that was one of my my concern is it takes 18 months to even have it made so even if on 15 months ago was ordered.

464

01:12:24.300 --> 01:12:28.410

Cooper City Hall: Under that analysis, it would be, we would be unsafe for three months so.

465

01:12:28.950 --> 01:12:37.080

Cooper City Hall: I don't think it's fair to say that I, it might be more fair to say, if you don't replace the equipment and that same equipment stays stays in service.

466

01:12:37.560 --> 01:12:52.680

Cooper City Hall: That would be unsafe but i'm told by the brochures office that the rescue trucks are safe and they're driving, as of today, that that that we have an engine that is safe and meets an FDA standards which are you know the fire service, and that when the platform is.

467

01:12:54.210 --> 01:13:00.600

Cooper City Hall: In service it works and when it's not in service they put it with another piece of equipment that you know meets the standards or whatever.

468

01:13:01.860 --> 01:13:16.560

Cooper City Hall: A platform is not ideal for the city acquaint really is, I believe that's what you guys are requesting us to to get but as a resident you wouldn't expect us to have 10 days notice to spend \$2.5 million.

469

01:13:19.080 --> 01:13:20.340

Cooper City Hall: Well, I mean Thank you.

470

01:13:31.380 --> 01:13:36.000

Cooper City Hall: Thank you for us, my name is Paul and i'm the executive pastor at the pentecostals of Cooper city at.

471

01:13:36.780 --> 01:13:46.440

Cooper City Hall: South flamingo just want to take a minute, first of all to thank all of you for your service my roster mesh router Commissioner Meltzer Commissioner Paul cine and Commissioner Green who I know stepped out.

472

01:13:47.160 --> 01:13:54.240

Cooper City Hall: Every time I attend these meetings i'm always amazed at the broad range of topics that you are all called upon to be knowledgeable.

473

01:13:54.600 --> 01:14:02.520

Cooper City Hall: and make decisions on under that's challenging so thank you for your service and your efforts to lead the city Well that is greatly appreciated.

474

01:14:03.030 --> 01:14:09.840

Cooper City Hall: just wanted to take a moment to invite all of you and the community at large to an event we're hosting in a couple of weeks January 27.

475

01:14:10.260 --> 01:14:21.960

Cooper City Hall: Is national Holocaust Remembrance Day we're going to be hosting an event on that evening we're partnering with a few other organizations Israel in Miami stand with us in the Holocaust heroes worldwide.

476

01:14:22.290 --> 01:14:33.420

Cooper City Hall: to host that event, the goal of that event is to come together as an interfaith event and remember that horrific tragedy that took place all those years ago we want to come together in unity, even though we have.

477

01:14:33.960 --> 01:14:38.520

Cooper City Hall: Various differences of opinions and differences of faith, we want to bind together.

478

01:14:39.180 --> 01:14:48.330

Cooper City Hall: To work against anything like that ever happening in the future and just to remember all of those who were tragically lost in the Holocaust, we hope to have.

479

01:14:48.690 --> 01:14:55.950

Cooper City Hall: We had hoped to have a Holocaust survivor with us, unfortunately, due to coven precautions they likely will only be greeting us by video.

480

01:14:56.190 --> 01:15:08.160

Cooper City Hall: But will be hosting some of their family and we look forward to that event and again we just want to invite all of you, and anyone from the Community who would like to join us at night, thank you all very much thank you pastor Thank you and I thank you for your services well.

481

01:15:09.900 --> 01:15:13.740

Cooper City Hall: Doctors it looks like Zoe current status.

482

01:15:19.260 --> 01:15:20.460

Cooper City Hall: may want to lower that might.

483

01:15:22.830 --> 01:15:24.150

Cooper City Hall: I was here last month.

484

01:15:25.620 --> 01:15:41.100

Cooper City Hall: And because of the masks I had a problem with sergeant Moscow and with code and i'm not sure which one of you individually, need to take it up with the Champions League.

485

01:15:47.130 --> 01:15:48.990

Cooper City Hall: I will not talk to me.

486

01:15:51.030 --> 01:15:54.810

Cooper City Hall: I want to remind you, there are 17 houses on this.

487

01:15:55.980 --> 01:16:09.690

Cooper City Hall: 11 of them have lawn furniture 11 to 17 when I talk to me, he said to me well, can you put the one chairs on the porch I said those houses for chess.

488

01:16:10.860 --> 01:16:12.990

Cooper City Hall: Well, why don't we just put the two cheers.

489

01:16:15.750 --> 01:16:29.730

Cooper City Hall: My take such offense and Defense that whomever was on your permission educated professional people would tell me to talk to him and I could get a resolution.

490

01:16:31.050 --> 01:16:38.400

Cooper City Hall: With on that House for almost 40 years now, I called spot climbing because he's turning 30.

491

01:16:40.020 --> 01:16:44.130

Cooper City Hall: He told me he was empty, except for what the left there, and so on.

492

01:16:46.020 --> 01:16:49.380

Cooper City Hall: Our side each Only then will have to be there.

493

01:16:50.730 --> 01:16:51.570

Cooper City Hall: For anything.

494

01:16:53.970 --> 01:16:54.630

Cooper City Hall: No problem.

495

01:16:56.520 --> 01:17:00.600

Cooper City Hall: I would like to know why did you select enforcement on me.

496

01:17:02.100 --> 01:17:18.930

Cooper City Hall: Why they've taken a personal what with their the stock or sergeant Moscow calling me on the Sunday that I have to remove to launch airs i'm going to take this to the highest level, I don't care if I have to go march in Washington.

497

01:17:20.310 --> 01:17:23.700

Cooper City Hall: How do they do this to us.

498

01:17:24.780 --> 01:17:35.100

Cooper City Hall: violated my civil rights if this will go in front of a jury with the pictures of all the houses 11 houses with lawn chairs and.

499

01:17:36.450 --> 01:17:40.080

Cooper City Hall: You told me to go talk to him second.

500

01:17:42.720 --> 01:17:43.260

Cooper City Hall: Porches.

501

01:17:46.020 --> 01:17:47.820

Cooper City Hall: And then, if not put them in.

502

01:17:49.440 --> 01:17:57.480

Cooper City Hall: Here they do this to us how dare they do this toss i'm i'm furious i'm just curious.

503

01:17:58.650 --> 01:18:01.140

Cooper City Hall: I I just can't even imagine.

504

01:18:04.530 --> 01:18:06.840

Cooper City Hall: I was on the Commission seat.

505

01:18:09.150 --> 01:18:15.870

Cooper City Hall: There, that I couldn't have to launch years well since then, I put a table out there.

506

01:18:16.950 --> 01:18:24.930

Cooper City Hall: And I put two plants on the table with the two launchers, and I intend on leaving it there i'll go to 20 minutes or 60 minutes.

507

01:18:27.630 --> 01:18:29.160

Cooper City Hall: And i'll go to the highest quality.

508

01:18:31.050 --> 01:18:42.240

Cooper City Hall: My plants aren't infringing on anybody sure they're in the fence Okay, I have a mango tree a proprietary a wine grape fruit tree an oak tree.

509

01:18:43.260 --> 01:18:54.210

Cooper City Hall: i'm not getting rid of one of those because you're arborist it's still enough to know I live tree from a dead tree so i'm appealing to you folks now.

510

01:18:54.600 --> 01:19:03.600

Cooper City Hall: condition your mouth or that's your area, maybe I can work with you because the arborist told me the palm trees dead.

511

01:19:04.560 --> 01:19:12.750

Cooper City Hall: Yet the poem it's not dead, eight o'clock every morning a blue Jay comes and sits on that tree, she said, I should cut it well i'm never gonna cut that.

512

01:19:13.170 --> 01:19:27.900

Cooper City Hall: i'll spend our last penny to go to a judge in a Jordan with this something has to be resolved sergeant last that thinks he's the Gestapo and he's not going to use Gestapo tactics on me or.

513

01:19:29.310 --> 01:19:40.470

Cooper City Hall: doctor I thank you for your comments, however, tonight we actually have the district Captain with us and let me be clear, I am suggesting that you speak with him.

514

01:19:41.490 --> 01:19:42.120

Cooper City Hall: Please.

515

01:19:43.770 --> 01:19:45.570

Cooper City Hall: He is not a lieutenant he's a captain.

516

01:19:47.760 --> 01:19:50.970

Cooper City Hall: because unfortunately the captain was on vacation at the time.

517

01:19:52.800 --> 01:19:55.170

Cooper City Hall: But I think you'll get it rectified and speaking with him.

518

01:19:56.550 --> 01:19:57.120

Cooper City Hall: and Dr.

519

01:19:58.290 --> 01:20:00.660

Cooper City Hall: Let me leave you with my card, you can certainly call me anytime.

520

01:20:02.550 --> 01:20:05.880

Cooper City Hall: Okay, I believe I think i'm sorry.

521

01:20:09.570 --> 01:20:10.860

Cooper City Hall: nah man that's not true.

522

01:20:11.910 --> 01:20:12.930

Cooper City Hall: that's not true.

523

01:20:15.300 --> 01:20:16.950

Cooper City Hall: My grandson I love more than.

524

01:20:21.180 --> 01:20:23.970

Cooper City Hall: How many times, I called you nine times.

525

01:20:25.020 --> 01:20:27.690

Cooper City Hall: Oh, thank you, thank you, Andrew gross.

526

01:20:33.240 --> 01:20:43.740

Cooper City Hall: Andrew gross 5010 regions yas way i'm here to talk tonight about public safety, as we know, for years, i've been coming to this Commission has been public safety board until it was abolished.

527

01:20:44.250 --> 01:20:53.910

Cooper City Hall: You guys talk tonight about how you want quotes and you want to know about this about fire and this about fire, you had a whole Board of professionals that had.

528

01:20:54.630 --> 01:21:03.570

Cooper City Hall: years of experience and what do we do we sunset of the Board got rid of them as soon as we did that we start talking about having our own police department.

529

01:21:04.020 --> 01:21:09.450

Cooper City Hall: And then now we're talking about fire truck, so we need to know what you mean to me the ladder truck read a box me this.

530

01:21:09.840 --> 01:21:14.310

Cooper City Hall: Well, we had all the people who can answer these questions and what do we do we got rid of them.

531

01:21:14.760 --> 01:21:25.140

Cooper City Hall: And it seems like tonight it's very easy to sound like Oh, we were doing everything so perfect we're doing everything so great for public safety, but really behind the scenes or working against public safety.

532

01:21:25.710 --> 01:21:28.680

Cooper City Hall: And I don't understand we've talked about fire trucks for years.

533

01:21:29.010 --> 01:21:40.230

Cooper City Hall: You guys are well, some of you guys are against having a lot of truck or Quint or any type of aerial device, we talked about automatic a we've gone into do extensive Ignazio about automatic game.

534

01:21:40.710 --> 01:21:48.420

Cooper City Hall: I can answer all those questions, but you don't want any other input, but what maybe the city manager could possibly do but he's got 1000 other things on his shoulders to do.

535

01:21:48.630 --> 01:21:54.510

Cooper City Hall: You want no help with this, nothing else you just want to come up with these things Oh, we need this book go back and get this go back and get that.

536

01:21:54.810 --> 01:21:58.470

Cooper City Hall: He must, he must have a million arms on him because I don't know how he's gonna ever get all this information.

537

01:21:59.400 --> 01:22:07.980

Cooper City Hall: And that leads me to who could also answer the questions the fire chief who whether you think it's wrong right whatever when I was Santa Claus.

538

01:22:08.400 --> 01:22:20.160

Cooper City Hall: I just can't imagine getting rid of a 40 year veteran of this depart of bso because the Santa Claus God forbid a building burns tonight, or whatever how God forbid, you ever get a an emergency, like in the bronx.

539

01:22:20.610 --> 01:22:23.160

Cooper City Hall: The chief officer is not there, because a Santa Claus.

540

01:22:23.550 --> 01:22:30.990

Cooper City Hall: Whatever went on, I thought we were adults and grownups and I thought it would be least come to this Commission i've been checking the Commission agenda every week to see if this could be on that.

541

01:22:31.590 --> 01:22:38.130

Cooper City Hall: It was never on that also not here today, he was removed, I thought that'd be brought before the Commission for the discuss no.

542

01:22:38.400 --> 01:22:45.270

Cooper City Hall: I didn't think of a any one of you single people could tell culver city manager to get rid of somebody or do something like that, without bring it for the Commission.

543

01:22:45.720 --> 01:22:54.600

Cooper City Hall: I was extremely surprised to hear that and I want to know what kind of communications went on, I was there, the night of this incident, I was there when the doors slammed in the screaming one on.

544

01:22:54.900 --> 01:23:01.500

Cooper City Hall: And one of you dress down the other one i'm not gonna get it i'm not a finger point i'm not i'm not like that i'm not here for anyone else but the city of Cooper city.

545

01:23:01.770 --> 01:23:08.820

Cooper City Hall: All he wants what's best and public safety i'm not here to be a mayor a bottle washer a garbage man, I just want to have the best public safety possible.

546

01:23:09.150 --> 01:23:15.450

Cooper City Hall: And I think we're going to talk here tonight at all we want this, we want this, the city, but secretly you're working against it every day.

547

01:23:15.930 --> 01:23:20.400

Cooper City Hall: you've had quotes on fire trucks for years you've talked about fire trucks for years.

548

01:23:21.000 --> 01:23:25.890

Cooper City Hall: You know, we could be fire truck sales and for all, we talked about it, we get all sudden tonight, or we didn't have this we have that.

549

01:23:26.310 --> 01:23:36.450

Cooper City Hall: But the bigger concern is we keep getting other people who are we ever going to get who's gonna want to work here with a micromangement that goes on, you have a city manager, who I think is incredible.

550

01:23:36.990 --> 01:23:45.960

Cooper City Hall: Let him do his job but don't work, the city, but I see each one of you just just all the time, go after him and I don't know how any of you how anything gets done in the city, I really don't.

551

01:23:46.650 --> 01:23:53.790

Cooper City Hall: And and it's just it's really something to see what goes on here tonight it's just like it's it's a fake thing you talk about things and.

552

01:23:54.120 --> 01:23:58.920

Cooper City Hall: And, and then all I didn't notice I didn't know that but you've heard it and you didn't want any other input for it.

553

01:23:59.340 --> 01:24:03.570

Cooper City Hall: And then also you say about comments on Facebook and stuff i'm just going to say this.

554

01:24:03.930 --> 01:24:13.200

Cooper City Hall: I thought you weren't allowed to have any of the city Commissioners who comment aren't a lot of block the citizens from seeing their comments I think that's I think that's some kind of law or something I don't know Maybe you can answer afterwards.

555

01:24:13.680 --> 01:24:22.680

Cooper City Hall: I know, not to speak afterwards I want to use my time wisely, but in just closing, I think the city talked about public safety, wants to be the big shot and public safety, but in real.

556

01:24:23.160 --> 01:24:34.260

Cooper City Hall: All they do is going back it's one step forward and two steps back it's really something and it's dangerous and you're going to kill somebody one day with your decisions it's really sad Thank you.

557

01:24:36.120 --> 01:24:51.570

Cooper City Hall: miss Mr gross you you knew about personnel changes before before I did in one breath you say you need to let the city manager lead and not micromanage them and the other breath you're blaming us for personnel changes that we didn't have anything to do with that's number one.

558

01:24:52.860 --> 01:25:04.320

Cooper City Hall: You made an insinuation about comments being blocked I think you're referring to comments I made and you weren't blocked those comments were removed by Mr boo follow.

559

01:25:04.980 --> 01:25:14.580

Cooper City Hall: I think at the at the request of his employer, because they were inaccurate, so no one blood knowing Blocker I certainly didn't block any any comments.

560

01:25:15.240 --> 01:25:29.280

Cooper City Hall: The thread was removed by by Mr follow at the request of his employer, because they were an accurate we don't have 20 year old vehicles that were not in danger with the equipment, yes, we do need to replace them.

561

01:25:30.330 --> 01:25:47.820

Cooper City Hall: And the first time there's been a quote is a few weeks ago, since i've been here, at least in a year I can't speak about three four years ago that that's that's that's a reality um so you know you're talking about commanding officers and and stuff like that, as you know.

562

01:25:48.960 --> 01:25:53.970

Cooper City Hall: The way it works is our commanding officers battalion chief had a Dania and then division chief.

563

01:25:55.080 --> 01:26:08.250

Cooper City Hall: No, nobody no commanding officers were were replaced in this Commission certainly didn't make any personnel changes so you can't have your cake and eat it too, if you want the manager, to be able to handle all personnel changes, then the manager handles personnel changes.

564

01:26:09.690 --> 01:26:12.480

Cooper City Hall: But you know I don't I don't think you can have it both ways.

565

01:26:14.880 --> 01:26:15.270

Cooper City Hall: Thank you.

566

01:26:16.770 --> 01:26:17.490

Cooper City Hall: Tracy melter.

567

01:26:22.260 --> 01:26:24.390

Cooper City Hall: hello, Mr Mayor and the Commission.

568

01:26:25.980 --> 01:26:36.780

Cooper City Hall: i'm someone who has been living and breathing the covert pandemic for two years now, so i'm somewhat of an expert, so I just wanted to.

569

01:26:38.100 --> 01:26:48.420

Cooper City Hall: express my support and commend Commissioner Meltzer and the way that he handled his recent Cobra diagnosis and I want to tell you, it was by the book.

570

01:26:49.200 --> 01:26:58.050

Cooper City Hall: From the minute he he experienced some very subtle symptoms that he thought he might have coven we immediately began quarantining.

571

01:26:58.530 --> 01:27:05.100

Cooper City Hall: took the proper steps to go and get tested and then, once those test results became official they were disclosed to the city.

572

01:27:05.790 --> 01:27:20.460

Cooper City Hall: So I want to assure you that it was by the book and I want to commend you for taking the proper steps and keeping the Community and your fellow Commissioners and the fellow city employees and your friends, say, so thank you very much thank God you're feeling better than.

573

01:27:23.790 --> 01:27:29.250

Cooper City Hall: anyone else anyone on virtual learning to speak at the open public meeting.

574

01:27:31.860 --> 01:27:40.980

Cooper City Hall: No one else in the audience listening to speak this time there was no like I want to address some of the concerns that I heard from Mr gross.

575

01:27:42.540 --> 01:27:43.950

Cooper City Hall: If I may go around it.

576

01:27:45.270 --> 01:27:59.130

Cooper City Hall: So I heard that i've heard some of the comments with regards to the fire apparatus in the equipment and i've been on this day as for 10 years actually No, this is my 12th year.

577

01:27:59.700 --> 01:28:10.170

Cooper City Hall: Here, on the day as and then within the last couple of years, last year, believe it was or the year before we had to amend the contract, and so we have a new contract in place.

578

01:28:11.070 --> 01:28:27.300

Cooper City Hall: Between bso in the city Prior to that, I just want to make sure that the residents understand Prior to that, I believe in, please, Mr Napoli or Mr Horowitz please correct me if i'm wrong because I don't want to say anything.

579

01:28:28.800 --> 01:28:44.430

Cooper City Hall: that's an error or that's incorrect now Prior to that, I believe that the responsibility of maintaining the all of the fire equipment apparatus, etc, etc, that was the responsibility of bsl correct.

580

01:28:45.780 --> 01:28:56.340

Cooper City Hall: Okay, and so I hear I hear the concerns from our residents with regards to the things that we need to do.

581

01:28:57.420 --> 01:29:13.620

Cooper City Hall: In terms of ensuring that we have the best possible equipment in place for the benefit and safety of our residents and I in our business all of our stakeholders and I certainly understand that, but I want to make sure that.

582

01:29:15.990 --> 01:29:17.820

Cooper City Hall: folks understand that.

583

01:29:19.890 --> 01:29:33.180

Cooper City Hall: At least the 10 of the 12 years and i've been up here, you know that responsibility for maintaining that equipment has failed on bsl and in no wise do I believe that they have put any of our.

584

01:29:34.530 --> 01:29:41.580

Cooper City Hall: Homeowners residents, businesses and no wise do I believe that they have put anybody's life at risk or in danger.

585

01:29:42.660 --> 01:29:52.500

Cooper City Hall: I support bsl police and fire, I will continue to do so because of the level of service that they have provided that they continue to provide to our residents.

586

01:29:53.580 --> 01:30:01.020

Cooper City Hall: it's second to none so I wanted to say that, first, secondly with regards to the removal of our fire chief.

587

01:30:02.490 --> 01:30:06.090

Cooper City Hall: You are correct, that is a, that is, the the.

588

01:30:07.380 --> 01:30:15.690

Cooper City Hall: The responsibility of the of the city manager and I want to say you say to you and to all of our public.

589

01:30:17.880 --> 01:30:27.960

Cooper City Hall: I have had zero conversations with Mr Napoli with with regards to me wanting to have him removed.

590

01:30:29.490 --> 01:30:31.530

Cooper City Hall: Chief Bishop the fire chief.

591

01:30:32.910 --> 01:30:34.320

Cooper City Hall: While I haven't known him.

592

01:30:35.760 --> 01:30:44.400

Cooper City Hall: For number of years, like many of the folks that are in the room, have known him in the last two years or however long he's been our district tree, for the last year.

593

01:30:45.780 --> 01:30:49.950

Cooper City Hall: He has been the consummate professional, I am sad to see him go.

594

01:30:51.180 --> 01:30:52.590

Cooper City Hall: I do not support him.

595

01:30:54.000 --> 01:31:01.170

Cooper City Hall: Not being our district chief because he was doing a phenomenal job, I can only say that.

596

01:31:02.340 --> 01:31:06.990

Cooper City Hall: You know this is if this has all arisen as a result of.

597

01:31:08.100 --> 01:31:14.310

Cooper City Hall: Who was on the fire truck serving a Santa Claus as a Community, I would hope.

598

01:31:15.720 --> 01:31:22.560

Cooper City Hall: That we would in 2022 I hope that we would find a way to move forward.

599

01:31:23.700 --> 01:31:29.910

Cooper City Hall: For all of the things that is good that goes on in this Community, I can tell you.

600

01:31:31.050 --> 01:31:34.650

Cooper City Hall: I just i'm disappointed every single time.

601

01:31:36.450 --> 01:31:37.410

Cooper City Hall: This city.

602

01:31:39.060 --> 01:31:43.620

Cooper City Hall: Is captured in a way that doesn't reflect truly.

603

01:31:44.700 --> 01:31:46.350

Cooper City Hall: What the city is all about.

604

01:31:47.970 --> 01:31:53.250

Cooper City Hall: We are I don't want to see our city, done a disservice.

605

01:31:54.660 --> 01:31:56.880

Cooper City Hall: Over things that.

606

01:31:59.250 --> 01:32:02.430

Cooper City Hall: That should not be taken place and so.

607

01:32:03.810 --> 01:32:08.400

Cooper City Hall: I wanted to say that to you and to all of the residents that are here.

608

01:32:09.780 --> 01:32:15.780

Cooper City Hall: Never once have I done with Mr Napoli know with his predecessors have I ever.

609

01:32:17.280 --> 01:32:29.940

Cooper City Hall: tried to micromanage them or try to dictate to them what they are supposed to do my job as your representative here on the day is to provide the policy along with my colleagues.

610

01:32:30.690 --> 01:32:43.140

Cooper City Hall: provide him with the guidance and allow Mr Napoli and his staff to execute whatever is the majority of the will of this Commission is as it pertains to our residents.

611

01:32:43.650 --> 01:32:53.580

Cooper City Hall: So I don't get it, so I don't so i'm not constantly telling Mr Napoli how to do his job, Mr Napoli we brought him in because of his expertise.

612

01:32:54.000 --> 01:33:08.820

Cooper City Hall: Because of the because of what he brings to the table and my expectations for him, and you can ask him, I would encourage any of our residents to talk to Mr Napoli or any of our staff.

613

01:33:10.050 --> 01:33:23.820

Cooper City Hall: Our job up here, I believe, is to make sure that we are providing Mr Napoli and his staff with the proper resources so that they can bring about everything that needs to get done in this Community, and so.

614

01:33:24.540 --> 01:33:33.060

Cooper City Hall: I know, moving forward, this is a new year, but my pledge my my continuous pledge to this community is a i'm a part of this Commission.

615

01:33:34.260 --> 01:33:43.500

Cooper City Hall: I recognize Mr Napoli as the CEO as the individual who is supposed to run the city I recognize them as such.

616

01:33:43.950 --> 01:33:53.340

Cooper City Hall: And while I have never micromanage them, I will not start this year or in a year thereafter, so I just wanted to to your to some of the comments that were made, I just wanted to make sure.

617

01:33:53.760 --> 01:34:04.110

Cooper City Hall: That I shared that with the residents that's all I have me a thank you and you very much, we have two additional people, but that is the item 13 so it's not as if i'm ignoring you but we'll wait until then.

618

01:34:05.250 --> 01:34:10.320

Cooper City Hall: For the agenda concerns moving on to the consent agenda, do I have emotion.

619

01:34:11.970 --> 01:34:13.740

Cooper City Hall: Like mission melter second by.

620

01:34:14.790 --> 01:34:16.170

Cooper City Hall: Second missing a grain.

621

01:34:17.850 --> 01:34:18.300

Cooper City Hall: Although.

622

01:34:20.310 --> 01:34:34.290

Cooper City Hall: Commissioner shrouded just Commissioner Meltzer yes, we should opportunity, yes, Commissioner, green yes Mayra yes, moving on to the regular agenda motion to approve any managers recommendation of Lord is so.

623

01:34:35.760 --> 01:34:42.870

Cooper City Hall: Let me just get the name in there, Lord is manta con for the HR director so moved by Commission to green second by.

624

01:34:44.310 --> 01:34:45.780

Cooper City Hall: me Ryan Commissioners router.

625

01:34:46.920 --> 01:34:52.290

Cooper City Hall: Miss montana's right up front here i'm sorry this month economist oh right.

626

01:34:53.880 --> 01:34:55.860

Cooper City Hall: I did not have an opportunity to meet you.

627

01:35:00.390 --> 01:35:10.680

Cooper City Hall: Thank you, thank you, if you can just step up to the podium and let me be the first to say, welcome to Cooper city where i'm taking the vote, yet, but welcome to Cooper city.

628

01:35:11.190 --> 01:35:29.610

Cooper City Hall: And if you can give us a little about yourself, thank you for having me again, my name is lori as managing i'm an attorney practicing but I love the practice and the Department of human resources, you guys have any questions, I know you guys were able to review my resume.

629

01:35:30.900 --> 01:35:31.740

Cooper City Hall: credentials.

630

01:35:33.450 --> 01:35:43.740

Cooper City Hall: I have no questions, other than again my apologies for not having met you, but I went through the resume you had me at attorney yeah you can never have too many attorneys right yes.

631

01:35:45.690 --> 01:35:46.470

Cooper City Hall: Any questions.

632

01:35:47.670 --> 01:35:52.440

Cooper City Hall: No, I just want to welcome you to Cooper city i'm really, really looking forward to.

633

01:35:53.550 --> 01:36:04.740

Cooper City Hall: Bringing you in and having having your I mean i'm looking at your look at your resume and your your level of experience, and I think you're going to bring a tremendous amount of expertise to the city and.

634

01:36:05.430 --> 01:36:22.260

Cooper City Hall: get us going in the right direction, so thank you welcome I just gonna be my pleasure, thank you, if you can call boat Commissioners router Yes, Commissioner Meltzer Commissioner pulteney Yes, Commissioner, green Yes, they are wrong, it is unanimous congratulations, thank you.

635

01:36:24.030 --> 01:36:39.030

Cooper City Hall: Moving on time number five motion to approve the purchase of network switches moved by commissioning router the second by second missing a green mentioned shorter nothing missing green i'm good sir, mention coach Jamie nothing missing.

636

01:36:41.130 --> 01:36:51.750

Cooper City Hall: Nothing major Ross Thank you call the boat Commissioners router yes can assure Meltzer yes Commission pulteney yes misha no Green yes may Ross yes.

637

01:36:52.440 --> 01:36:59.100

Cooper City Hall: we've got time number six do have motion to approve the managed it security services motion to approve by commissioning strider.

638

01:36:59.760 --> 01:37:09.120

Cooper City Hall: Second, second by commissioning green this jada no there isn't a green i'm good sir, thank Kristian Bush Cheney nothing there's no melter, I think, for me, all about.

639

01:37:10.230 --> 01:37:12.030

Cooper City Hall: Commissioner strategists, Commissioner.

640

01:37:13.080 --> 01:37:22.500

Cooper City Hall: Commissioner pazzini Yes, Commissioner, green yes near us, yes, Dr number seven Dr motion to approve the purchase of the new tonics cluster so moved.

641

01:37:24.060 --> 01:37:26.880

Cooper City Hall: Second, second by Commission melter radha.

642

01:37:27.900 --> 01:37:33.780

Cooper City Hall: Krishna melter nothing arrows mentioned a green i'm good so emission Cheney thing about.

643

01:37:34.950 --> 01:37:35.340

Cooper City Hall: Commissioner.

644

01:37:36.360 --> 01:37:51.060

Cooper City Hall: Commissioner Meltzer Yes, Commissioner pulteney Yes, Commissioner, green, yes, there is yes, good motion to approve a work order with Chen more of a professional services to assist with the drainage improvements at Philips sports complex.

645

01:37:52.770 --> 01:38:05.070

Cooper City Hall: So moved by commissioning grand second by second missing an altar missing green i'm good sir, thank you, Mr melter now i'm fine with this, I just you know when I had when I met with staff last week.

646

01:38:06.600 --> 01:38:14.130

Cooper City Hall: You know what i'm not even gonna mention now it's it's it's germane to the subject, but i'll wait till Commissioner concerns fair enough, thank you mentioned cool Jamie.

647

01:38:15.000 --> 01:38:27.240

Cooper City Hall: Nothing nothing for me thanks mission charter at just to remind you that I have a professional relationship, if you will, being that Chen more is a associate member of the bird league of cities i've met them there.

648

01:38:28.020 --> 01:38:37.170

Cooper City Hall: That is about the most, I can say, other than a very pleasant people Berg professional people very well respected people in the Community, having said that quote.

649

01:38:38.460 --> 01:38:46.020

Cooper City Hall: Commissioner shroud as Commissioner Meltzer Yes, Commissioner porcine Yes, Commissioner, green Yes, they are Ross yes.

650

01:38:47.010 --> 01:39:00.060

Cooper City Hall: You have motion to approve the proposed guidelines to the Community grant programs bonded with a rp a motion for discussion by shutter second Charter and second by commissioned a green register.

651

01:39:01.710 --> 01:39:02.610

Cooper City Hall: For it foursome.

652

01:39:03.990 --> 01:39:08.820

Cooper City Hall: And I had a question we had some talk regarding.

653

01:39:11.190 --> 01:39:16.350

Cooper City Hall: utility assistance and some of the other systems that it would have to it would need to be.

654

01:39:17.910 --> 01:39:21.660

Cooper City Hall: Any application or version of received it would would need to pay down.

655

01:39:22.710 --> 01:39:27.660

Cooper City Hall: The oldest debt that they own first I don't know if there's revisions made it in there not.

656

01:39:28.320 --> 01:39:38.460

Cooper City Hall: Commissioner, we reached out to the consultant and there's a great degree of difficulty to do that and we're tracking how much we're paying them and how much we're paying.

657

01:39:38.880 --> 01:39:48.540

Cooper City Hall: The different utilities so so we because of that that was not recommend that that was not being recommended because their difficulty in terms of application.

658

01:39:51.180 --> 01:39:58.140

Cooper City Hall: i'm beyond that, if I may be on that with the agenda, we had distributed the proposed guidelines.

659

01:39:58.920 --> 01:40:10.620

Cooper City Hall: This primarily to a great degree mirrors what you have previously seen and what we did was to highlight some additional adjustments which were recommended recommending after.

660

01:40:10.980 --> 01:40:21.690

Cooper City Hall: meeting with the Commissioners and the proposed revision is what's being recommended this addresses the small business and nonprofits and the assistance to household.

661

01:40:22.230 --> 01:40:39.960

Cooper City Hall: Which that deals with rent and mortgage and utilities, this is consistent, these guidelines are consistent with the Federal guidelines and the intent of the program in terms of economic stimulus and restoration of services, one of the concerns I have is the gross revenue.

662

01:40:42.150 --> 01:40:53.730

Cooper City Hall: That that concerns me, because in a service and service based business that would be a lot of money, but any anything where you're actually have equipment involved yc service and thinking of you know what we do.

663

01:40:54.480 --> 01:40:58.680

Cooper City Hall: But in any business where you actually have a lot of you know equipment purchased.

664

01:40:59.280 --> 01:41:08.580

Cooper City Hall: You could easily get over that number and it's it's not you know it's kind of misleading you think Oh well, somebody as gross revenues over \$2 million.

665

01:41:08.970 --> 01:41:17.370

Cooper City Hall: Then they shouldn't need these funds, but if they have a project, where they bought \$1.8 million worth of equipment.

666

01:41:18.030 --> 01:41:28.590

Cooper City Hall: For the customer and they charge 1.9 million for the job their their revenue is going to be on that hundred thousand not on the flow through of the of the gross.

667

01:41:29.340 --> 01:41:45.120

Cooper City Hall: So I just have a little bit of a concern for that AC AC business AC businesses, for example, end up having very high gross revenue, as a result of the actual equipment that that that the purchase price flows through to them, so that that's one of my concerns.

668

01:41:46.230 --> 01:41:56.250

Cooper City Hall: And I share that even with the and I guess nonprofits you wouldn't really have that much equipment unless you're talking about an association Community association, but.

669

01:41:57.060 --> 01:42:08.550

Cooper City Hall: You know, one of our Community associations that's a nonprofit may spend several million redoing their roads, but they're small staff, they might still need help with that and so that's what concerns.

670

01:42:09.240 --> 01:42:14.130

Cooper City Hall: I don't think it should really go off of gross revenue, because I think that's not an accurate number and.

671

01:42:15.210 --> 01:42:16.740

Cooper City Hall: I don't know if any of my colleagues will agree.

672

01:42:18.330 --> 01:42:25.020

Cooper City Hall: I actually I think gross revenue is exactly how we should do this because it's I think it's probably more verifiable.

673

01:42:26.520 --> 01:42:28.110

Cooper City Hall: Revenue I mean.

674

01:42:29.940 --> 01:42:43.140

Cooper City Hall: And I think in the spirit of this for small businesses, I think, in a spirit of giving these grants we wanted, I mean we're going to have any number of businesses apply for these grants, but I think in the spirit of things we want to help the small guys out here.

675

01:42:44.250 --> 01:42:48.720

Cooper City Hall: not saying that the others aren't aren't worthy but I guess somewhere, we have to draw a line.

676

01:42:49.890 --> 01:42:59.040

Cooper City Hall: Well i'm just I don't I agree with you, but I don't think that the way you do that as often gross revenue because equipment is included in gross revenue.

677

01:42:59.820 --> 01:43:07.710

Cooper City Hall: But equipment, so when you go and purchase an AC unit, so you purchased an AC unit for \$100,000 yeah easy number the.

678

01:43:08.310 --> 01:43:20.130

Cooper City Hall: let's say the profit margins 5% yeah but the I can \$5,000 is the amount of business are doing is suffered, not the amount of revenue they're making I think we're looking at here is right, but you're putting a cap on you're putting a gross revenue so like.

679

01:43:20.730 --> 01:43:29.820

Cooper City Hall: AC companies, the gross revenue is very high, because all the equipment that flows through to them is is talking about net revenue and you're talking about expenses.

680

01:43:32.340 --> 01:43:40.230

Cooper City Hall: you're talking about net revenue and you're setting a ceiling on a gross yeah so they could they could have they could you know say you had \$100,000 he.

681

01:43:40.830 --> 01:43:51.120

Cooper City Hall: gave in a cost in 95 they might have to buy 1000 bucks when you talk about like talking about a company that had to buy an AC for the police any company that has the equipment in there is.

682

01:43:51.570 --> 01:44:05.880

Cooper City Hall: That they're grown, though I think I think the idea here is to have it kept on based on gross revenue because gross revenue is something that you can measure from year to year you're looking at apples versus apples net revenue is it you know look Okay, it may.

683

01:44:07.470 --> 01:44:18.690

Cooper City Hall: Only apply for federal grants usually they look at your net and and they see it would net has increased or decreased I don't know if that's really what affects your bottom line what to bring home and that's what.

684

01:44:19.260 --> 01:44:28.350

Cooper City Hall: that's what matters for my money, what matters is if they're doing less business and they were doing the previous year, I mean to me it's a matter of it's a matter of what their what their gross receipts are.

685

01:44:28.800 --> 01:44:36.360

Cooper City Hall: But that's that's an easy way of measuring if you sell your whether there was a way if you sell \$10 million of plants and the cost you 12 million.

686

01:44:36.750 --> 01:44:42.180

Cooper City Hall: You lost \$2 million yeah but that's nothing worse off what was that what was it called remember, we were doesn't matter.

687

01:44:43.020 --> 01:44:48.570

Cooper City Hall: that's why we're getting the money, based on hardship over the decrease shows have a pandemic decrease me on that, but.

688

01:44:48.960 --> 01:44:58.050

Cooper City Hall: When you sell your plans that that feature gross revenue, a month what's my gross revenue, the actual cost of the plan, of course, it does so, if you if you sell on how are you going to.

689

01:44:59.220 --> 01:45:07.710

Cooper City Hall: ask you this, how are you how are you going to determine whether i'm paying more for plants because of the pandemic they get there is no, no, you can't look at the.

690

01:45:08.100 --> 01:45:17.190

Cooper City Hall: The only the only three, the only the real truest measure is looking at the gross revenue got me my expenses went up is because a cove it I don't know, nobody can nobody can quantify things.

691

01:45:18.240 --> 01:45:27.480

Cooper City Hall: have gone down but i'm just saying a cap on it at 2 million it's probably not an issue you know, let me, let me just finish it I also spoke spoke with Horace last week at our meeting.

692

01:45:28.440 --> 01:45:45.150

Cooper City Hall: And one thing that i'd like to see is more data from like Horace you I think you brought up CPI know Maybe it was a Carlos who brought it up that there's there's all kinds of there's all kinds of metrics available for different for different businesses for different.

693

01:45:46.380 --> 01:45:54.540

Cooper City Hall: industries, if you will, you know, a candy store there might be metrics out there saying that hey you know what candy stores have suffered 36%.

694

01:45:54.840 --> 01:46:01.740

Cooper City Hall: Loss of gross revenue, because of the pandemic in the last year, then we have something prepared and we have something another set of eyes, if you will, to be.

695

01:46:03.060 --> 01:46:10.890

Cooper City Hall: To look at when it's remember, we have to make a decision whether somebody is qualified whether they're whether they are worthy of this.

696

01:46:11.790 --> 01:46:18.630

Cooper City Hall: Strictly because of the pandemic, I remember sometimes i'm not going to say that anybody can do this, but sometimes the books get cooked.

697

01:46:19.320 --> 01:46:27.480

Cooper City Hall: And, and you know I don't want to reward people that are just bad business people, I want to reward people and give them grants if they truly truly are no, I agree with you.

698

01:46:27.690 --> 01:46:32.730

Cooper City Hall: If they qualify, you know what is the spirit of this thing what I was saying, with this is the issue with.

699

01:46:33.480 --> 01:46:38.010

Cooper City Hall: With this is the contractors, for example, if you have a million dollar house bill.

700

01:46:38.520 --> 01:46:45.030

Cooper City Hall: \$8 million ministry their gross revenue, even though they're not getting anywhere near that all the all the equipment and the subs all that comes out of their thing.

701

01:46:45.480 --> 01:46:52.710

Cooper City Hall: So their percentage might be, I understand it, you know it, but how do you know if there was expenditures that they're paying or.

702

01:46:53.160 --> 01:46:54.540

Cooper City Hall: If they're paying more than they were last.

703

01:46:54.810 --> 01:47:00.630

Cooper City Hall: How do you know you look and see that the revenue decrease but i'm just saying why are we capturing and at businesses to brush revenue not well.

704

01:47:00.810 --> 01:47:08.610

Cooper City Hall: Okay, so what would you what would you suggest, I don't think it matters what it exceeds when we look at well here's the thing, though it's based on first come, first serve.

705

01:47:09.030 --> 01:47:13.080

Cooper City Hall: All right, I mean if i'm understanding this correctly Horace this is first come, first serve whoever it is.

706

01:47:13.620 --> 01:47:25.740

Cooper City Hall: Yes, it is based on first girlfriend we're giving the gap, we have here at the lead it's up to 300 I think it's chapter 2015 to \$20,000 grant for the business now it's \$15,000 grant for the business.

707

01:47:26.820 --> 01:47:32.070

Cooper City Hall: I mean look if we're granted if we're capping it at \$15,000 if we give all the money.

708

01:47:33.420 --> 01:47:39.210

Cooper City Hall: for doing all \$15,000 grants I guess it's 20 businesses that could benefit from this \$300,000.

709

01:47:40.890 --> 01:47:49.830

Cooper City Hall: I looked at \$2 million CAP that's that's that's my two cents, if you guys, you know if you want to try something different, if you think there's benefit to it let's talk about it.

710

01:47:51.090 --> 01:47:51.870

Cooper City Hall: Anything gentlemen.

711

01:47:53.250 --> 01:47:55.560

Cooper City Hall: Why are we if the CAP is.

712

01:47:57.180 --> 01:48:11.490

Cooper City Hall: not really sure why we're having this conversation if there's only a total of \$300,000 right yes that's correct K so there's a total of \$300,000 and we're worrying about what the caps should be.

713

01:48:13.170 --> 01:48:21.840

Cooper City Hall: mission or Meltzer I, and I agree with you, I don't want us to make sure that we don't lose the the spirit in the essence of what this.

714

01:48:22.290 --> 01:48:41.820

Cooper City Hall: What this is going to represent for our Community, so I hear the I hear the the conversations that's going on, but I think Mr Horace please correct me if i'm wrong, the end of the organization that's provided the criteria they're also going to ensure that.

715

01:48:44.070 --> 01:48:54.960

Cooper City Hall: they're all of the proper document documentation from those entities that apply they're going to make sure that they that they meet those those requirements, yes.

716

01:48:55.320 --> 01:49:06.000

Cooper City Hall: Yes, they will be monitoring it and enforcing it, but just to clarify they provided some input, the criteria came from some of the comments we heard from you, with the input from staff with their experience.

717

01:49:06.630 --> 01:49:17.610

Cooper City Hall: One of the concerns relative to this is that it's targeted towards small business, the small SBA has small business probably up to 1400 in terms of.

718

01:49:18.270 --> 01:49:26.730

Cooper City Hall: Employees we don't have a way of capturing our number of employees for small businesses, so there were you know it's an arbitrary thing.

719

01:49:27.030 --> 01:49:37.350

Cooper City Hall: And the suggestion was to select 2 million figuring that those with revenue significantly higher would have more resources and hopefully more ability to recover.

720

01:49:38.130 --> 01:49:48.390

Cooper City Hall: So that that was our our So let me ask you this, are you comfortable with the the camp, this is staffs recommendation which I provided to the manager Okay, thank you, I have nothing for.

721

01:49:49.740 --> 01:49:57.750

Cooper City Hall: I think I think wood horse had said hit the nail on the head, and that is anything a book 2 million is really not a small business.

722

01:49:58.770 --> 01:50:09.600

Cooper City Hall: And that's where they CAP it at I don't have a great problem with that and horse can confirm for me that duplicity is not going to happen, so we have rental assistance.

723

01:50:10.140 --> 01:50:23.250

Cooper City Hall: or mortgage assistance that they have applied for received in prior months or years assistance that they can't use those same months, if you will, that same data.

724

01:50:23.730 --> 01:50:35.280

Cooper City Hall: To now doubled it yeah that's one of the that's one of the changes we made to reflect those concerns and on the first page of the handout that we gave you the last line indicates that they have received.

725

01:50:35.700 --> 01:50:47.610

Cooper City Hall: Funding from the city's curious program they can't use the same information, the same the same laws for the same period, thank you very much yeah my and my My biggest concern and we can talk about this for what an hour and a half last week.

726

01:50:48.990 --> 01:50:57.240

Cooper City Hall: We just I just want to make sure that we that we tighten this thing up and i'm not going to say this sound again like I said it at that meeting last week, it sounds very caustic, but when.

727

01:50:57.870 --> 01:51:08.700

Cooper City Hall: Money is being given away you're always you're always facing possibilities of fraud, and we, as a city we're going to be administering this program, with the help of our strategic philanthropies.

728

01:51:09.240 --> 01:51:17.400

Cooper City Hall: And we just want to and i'm sure everybody else on the Commission gave into it, as far as you know, tightening this thing up I like what I see here.

729

01:51:18.330 --> 01:51:25.860

Cooper City Hall: it's you know we're just protecting ourselves and protecting the interest of the Community, so I appreciate the efforts and I.

730

01:51:26.850 --> 01:51:34.830

Cooper City Hall: You know I look forward to seeing how things shake down and the other thing I just want to make clear as we spoke and I just just did you can confirm this for me.

731

01:51:35.400 --> 01:51:47.610

Cooper City Hall: If we're not seeing a demand coming in, for one of the three aspects of this and we can always shift resources towards something where there's a higher demand the correct it's a fluid situation correct terrific Thank you, of course.

732

01:51:49.560 --> 01:52:02.040

Cooper City Hall: One of the other, I think you missed the point was missed the \$2 million CAP is OK, but the qualification criteria should be net income.

733

01:52:03.510 --> 01:52:14.640

Cooper City Hall: it's okay that's a \$2 million CAP gross revenue, but the qualification capture the net income if it's not grossing not gross correct if it's not because if it's gross it's that's that's the difference that's why.

734

01:52:17.340 --> 01:52:24.600

Cooper City Hall: i'm sorry that that's how it is it's the 10% that qualification is net grow but it says gross That was a change and gross for the.

735

01:52:25.680 --> 01:52:28.560

Cooper City Hall: Written gross revenue that's pretty rough.

736

01:52:29.580 --> 01:52:32.010

Cooper City Hall: that's all of them are gross like the one extra.

737

01:52:34.470 --> 01:52:38.760

Cooper City Hall: So as a recommendation that the word gross be replaced with net.

738

01:52:40.500 --> 01:52:47.340

Cooper City Hall: yeah it should it should be no I think what Commissioner Chinese saying is that the net for the loss correct.

739

01:52:48.720 --> 01:52:54.180

Cooper City Hall: qualify, in order to qualify you see if they lost income based on their net income.

740

01:52:55.470 --> 01:53:03.300

Cooper City Hall: not based on the gross revenues yeah can you prove that those expenses are cover related because that's what this this that's the spirit of this.

741

01:53:04.830 --> 01:53:15.180

Cooper City Hall: Was that the revenues of company related either we're not some business know at least there's a way of quantifying it Max I mean like like want to find that income, the same number no number is there is.

742

01:53:16.590 --> 01:53:25.680

Cooper City Hall: There is data put up a number of data put out by Federal Government that you that you can look at to get you know, a covert period because coconut.

743

01:53:27.030 --> 01:53:28.320

Cooper City Hall: oil revenues declining.

744

01:53:31.080 --> 01:53:32.520

Cooper City Hall: I don't want to reward people for the.

745

01:53:33.630 --> 01:53:34.920

Cooper City Hall: same thing when.

746

01:53:36.480 --> 01:53:49.620

Cooper City Hall: we're Okay, the reason must be covert related what we're saying is, it should be their net revenue went down cool We really did not their gross revenue went down closely related know gross revenue is one number net revenue you're looking at that you're looking at all the expenditures.

747

01:53:50.880 --> 01:53:59.040

Cooper City Hall: That was on the tech using the tax return, because they have incredible answers as well, whatever you, whatever the majority wants to do, I will not support that.

748

01:53:59.670 --> 01:54:10.740

Cooper City Hall: But aren't you how are you verifying it with with the 990 right or they would with a tag is that is the 999 99 and that and.

749

01:54:11.400 --> 01:54:17.070

Cooper City Hall: No profit and loss it's correct well it shouldn't, be it shouldn't it shouldn't be the case, one or the.

750

01:54:17.940 --> 01:54:26.910

Cooper City Hall: realize for 2021 there, there is a very small chance that people are going to the business owners are going to be providing us with a tax return for 2021 when they apply for this money.

751

01:54:27.480 --> 01:54:33.000

Cooper City Hall: And they will make the tax records he lived in their tax returns so far nobody okay so they're going to give you a profit loss statement.

752

01:54:33.810 --> 01:54:42.720

Cooper City Hall: But those are totally you accept a profit loss and I guess, we are, I guess we're going to accept that and and just use that as a basis, I mean based on you know.

753

01:54:43.200 --> 01:54:57.420

Cooper City Hall: and trust them that they're that their expenditures are coven related or that we require the tax returns, let them go that's what I that's what I said at the meeting right that's what I suggest that if the meeting I think that's that's the prudent way of handling it but it's not actually.

754

01:54:58.620 --> 01:55:06.150

Cooper City Hall: yeah and horror and horsburgh I think it was hard to brought up the point that you know it makes the timing of it may not be such where it's going to be possible.

755

01:55:06.900 --> 01:55:13.290

Cooper City Hall: But I think that would, I think that would encourage people if they want it, they want to benefit from this program go get your taxes done.

756

01:55:13.890 --> 01:55:21.150

Cooper City Hall: got to do them anyway yeah, because how else you're going to know what your what your bottom line is anyway right, I mean, I think it has to be the tax return.

757

01:55:22.680 --> 01:55:32.640

Cooper City Hall: Because we could just make a profit, they are the profit loss is don't they change well it's both it's the required hmm the both required okay and.

758

01:55:33.180 --> 01:55:44.730

Cooper City Hall: And this this program is going to last for per year and so we'll give them time to file to do their taxes for 2021 but if we're going to do the techcrunch and we just go off the net.

759

01:55:46.170 --> 01:55:54.330

Cooper City Hall: Basically, they lie don't lie they lie did I read it it's a Horwitz if they provide the tax returns are those well those become public records.

760

01:55:57.420 --> 01:56:07.440

Cooper City Hall: To the extent that there's exempt information contained within those documents that out that information great exempt to not become public their portions which may be a public record, but everything that's exempt under Florida law remain exempt.

761

01:56:07.830 --> 01:56:15.630

Cooper City Hall: It will absolutely okay yeah it same thing with your data points produce your revenues and and it's exam.

762

01:56:19.890 --> 01:56:29.250

Cooper City Hall: In addition, Commissioner, if I may offer the tax return is based on the information they provide and compile and certifying a test that it's correct.

763

01:56:29.670 --> 01:56:32.700

Cooper City Hall: If we require profit and loss statement they're expected to do the same.

764

01:56:33.120 --> 01:56:41.040

Cooper City Hall: provide the information, a test that it is correct in one case it's going to the irs and the other cases it's coming to us, which is going to be sent.

765

01:56:41.340 --> 01:56:51.750

Cooper City Hall: and subject to the federal scrutiny also so so it's an a test station that they're required to do either way, in addition to that, in some cases, depending on the period that they are claiming.

766

01:56:52.500 --> 01:57:05.010

Cooper City Hall: If it's for a period in in 20 a couple of months, or are you know visa V 19 it, you know they may require the 19 and 20 tax return and not necessarily required the 21.

767

01:57:06.840 --> 01:57:14.850

Cooper City Hall: My two things, or it should be based off a tax return, and they should be required to sign a sworn affidavit which they are.

768

01:57:17.550 --> 01:57:21.300

Cooper City Hall: That that's the two things I want the sworn affidavit needs to say it's coven related.

769

01:57:22.320 --> 01:57:32.580

Cooper City Hall: And the tax article about providing tax returns i'm particular about providing tax returns i'd rather i'd rather just have a profit loss.

770

01:57:37.710 --> 01:57:47.550

Cooper City Hall: And I understand why because of the tax return an example shows ownership of the of the company that's not provided under a profit loss or anywhere else.

771

01:57:48.990 --> 01:57:51.450

Cooper City Hall: there's other information on the tax return that's private.

772

01:57:52.650 --> 01:57:53.880

Cooper City Hall: That you may not want, as well as.

773

01:58:00.900 --> 01:58:01.950

Cooper City Hall: whenever you guys wanted it.

774

01:58:04.500 --> 01:58:15.900

Cooper City Hall: doesn't matter doesn't matter they leave the professionals have come up with the criteria we have a motion to approve it, I haven't been convinced it criteria to be changed.

775

01:58:17.100 --> 01:58:20.820

Cooper City Hall: And so i'm in favor of approving guidelines as a stand.

776

01:58:23.100 --> 01:58:23.640

Cooper City Hall: On the boat.

777

01:58:25.530 --> 01:58:26.520

Cooper City Hall: Krishna shadow.

778

01:58:28.980 --> 01:58:29.310

No.

779

01:58:32.370 --> 01:58:40.890

Cooper City Hall: No, no, Commissioner Meltzer yes, Mr porcine know mission of green yes may Ross yes.

780

01:58:41.940 --> 01:58:43.620

Cooper City Hall: Moving on to Item number 10.

781

01:58:45.330 --> 01:58:46.380

Cooper City Hall: You have a.

782

01:58:47.820 --> 01:59:03.600

Cooper City Hall: discussion and possible action on the city's compensation plan and approval of engagement with HR compensation consultants llc HR CC motion update the compensation plan motion.

783

01:59:06.810 --> 01:59:13.650

Cooper City Hall: of emotion, for what, though, because it's really for discussion, right now, emotional discussion and my emotion is two.

784

01:59:14.910 --> 01:59:33.690

Cooper City Hall: Plus phones so to allow our HR director to consider this item and we present it where they should go she's appeared to allow our HR director to give her an opportunity to look at it, since we just hired her let's give her an opportunity to go second to that absolutely second.

785

01:59:34.740 --> 01:59:35.970

Cooper City Hall: Any further discussion.

786

01:59:37.230 --> 01:59:48.660

Cooper City Hall: Yes, for me, my i'm not comfortable with the HR compensation consultants they I agree with that and that's also something we'll discuss with her yeah my.

787

01:59:49.110 --> 02:00:07.020

Cooper City Hall: My issue well I think she should handle it but as far as it comes with the with this company my issue is the mistakes that have happened in the past they did a city wide compensation study the part time employees were left off the some of the building inspectors were left off.

788

02:00:09.000 --> 02:00:10.020

Cooper City Hall: We had that issue with.

789

02:00:11.670 --> 02:00:20.400

Cooper City Hall: I think there's the structural or whoever and addition to that, last time they were here in front of the Commission or.

790

02:00:20.790 --> 02:00:38.910

Cooper City Hall: One of the times commissionable Cheney had asked them about benefits they said that they didn't use benefits in the methodology to come up with it i've found several errors in the the actual job descriptions that they've they've gone over, we have the part time one part time.

791

02:00:40.170 --> 02:00:55.320

Cooper City Hall: series eight had more responsibilities than the full time one, so I just think it's flawed, maybe it's not them, maybe the information they were given was was inadequate, but i've raised concerned about this, and those concerns haven't been.

792

02:00:56.490 --> 02:01:11.130

Cooper City Hall: resolved so I couldn't rely on me information producing this company at this point because I don't I just don't have confidence in it so and and in in relation to that we do have katie Bush on virtual.

793

02:01:12.420 --> 02:01:15.900

Cooper City Hall: She may wish to respond to that all bit the most needs to.

794

02:01:17.370 --> 02:01:20.760

Cooper City Hall: What you say postpone would defer what differ until.

795

02:01:21.960 --> 02:01:24.420

Cooper City Hall: I would like to show you there.

796

02:01:26.520 --> 02:01:27.180

Katie Busch: Good evening.

797

02:01:27.930 --> 02:01:28.500

Good evening.

798

02:01:32.250 --> 02:01:34.470

Cooper City Hall: urns can you address them.

799

02:01:35.070 --> 02:01:41.610

Katie Busch: yeah absolutely I think it's important if we go back to the scope of work.

800

02:01:42.690 --> 02:01:58.230

Katie Busch: For the prior studies and understand those fully that may shed light on some of the concerns that were brought up so we've got to go back to the foundation, the scope of work of what was asked to be performed.

801

02:01:59.730 --> 02:02:07.530

Katie Busch: was fully and completely performed properly by HR compensation consultants HR CC.

802

02:02:08.730 --> 02:02:21.030

Katie Busch: In terms of benefits that was not included in the previous scope of work, so I think it's important to go back I absolutely agree with you all have the new HR director.

803

02:02:21.660 --> 02:02:42.570

Katie Busch: and evaluate the work that was done previously understand what the previous scope of work was and how each item in our presentation and work met that scope and then identify whether or not she wants to expand the scope of work for this particular study.

804

02:02:46.890 --> 02:02:52.950

Cooper City Hall: appreciate that, having said that anything else for discussion on this motion call the vote.

805

02:02:55.980 --> 02:03:07.200

Cooper City Hall: Commissioners router i'm to postpone it, yes, I mean that's our mission Meltzer Yes, Commissioner porcine yes Krishna green yes Mayra yes.

806

02:03:08.580 --> 02:03:15.510

Cooper City Hall: Thank you, Miss verse and we will continue Item number 11 discussion regarding the fire assessment methodology.

807

02:03:19.170 --> 02:03:28.770

Cooper City Hall: It says finance, but Joe you're gonna yeah last course I mean i'll ask Jacob to them okay miss America mission, good evening, and this item is listed as a finance item, but I will.

808

02:03:31.080 --> 02:03:34.350

Cooper City Hall: suggest that our office had a role in placing this on the agenda as well.

809

02:03:34.980 --> 02:03:40.350

Cooper City Hall: This item is not on the agenda this evening for any action regarding the fire assessment tonight to be very clear.

810

02:03:40.650 --> 02:03:49.770

Cooper City Hall: What we're asking both staff and the city attorney's office is some clarification from the Commission as to the commission's intent with regards to the fire assessment for the upcoming fiscal year.

811

02:03:50.790 --> 02:04:01.740

Cooper City Hall: We were call last summer last May, June, July we began discussing the fire assessment, there were a number of different options that the Commission discussed in the context of exemptions to the assessment.

812

02:04:02.100 --> 02:04:08.640

Cooper City Hall: We have our methodology, which was included in the backup prepared by me analytics who's our consultant, I believe, Mr wallace maybe with us this evening.

813

02:04:09.240 --> 02:04:18.720

Cooper City Hall: What we're asking this evening is if the Commission is intending to reconsider any portion of its assessment or any portion of its exemptions for the upcoming fiscal year.

814

02:04:19.050 --> 02:04:26.040

Cooper City Hall: we'd like the direction authorization from the Commission to go back to our consultants, make sure that our methodology is up to date.

815

02:04:26.430 --> 02:04:32.430

Cooper City Hall: and confirms all of the different approaches that the Commission discussed last year to keep all options on the table.

816

02:04:32.700 --> 02:04:40.440

Cooper City Hall: In the event, the Commission order to consider any one of those options at the appropriate time, when the assessment is first considered later in the year for the summer.

817

02:04:40.920 --> 02:04:50.880

Cooper City Hall: And again we're not asking the Commission to take any action tonight in the context of assessments, but we know that the property appraiser's office requests any changes to the city's methodology by May 1.

818

02:04:51.420 --> 02:04:55.680

Cooper City Hall: They do consider a change to the exemption status of any institutional.

819

02:04:56.310 --> 02:05:03.570

Cooper City Hall: Residents of the city and nonprofits churches or religious organizations and any others to be considered a change to the methodology.

820

02:05:03.870 --> 02:05:12.000

Cooper City Hall: So the city administration and the city attorney's office would just like to ensure that all of the pieces are in place in the context of our study and methodology.

821

02:05:12.210 --> 02:05:21.930

Cooper City Hall: So that when it comes time for the Commission to consider an assessment for the next fiscal year all the options that the Commission may want to consider that, at that time are supported by the methodology.

822

02:05:23.880 --> 02:05:24.330

Cooper City Hall: There are.

823

02:05:25.440 --> 02:05:31.680

Cooper City Hall: There are some of the correct me if i'm wrong with the Horowitz there will be some minor adjustments that will need to be done.

824

02:05:32.250 --> 02:05:43.500

Cooper City Hall: Going forward there well to to our methodology, there may be at the Commission provides the direction this evening we'll go back with our finance department and Rica quarter with our professional consultants.

825

02:05:43.890 --> 02:05:49.170

Cooper City Hall: to review the methodology to make sure it's consistent with all of the most recent data that we have available.

826

02:05:49.650 --> 02:05:55.290

Cooper City Hall: Last year the Commission discussed a number of different options in the context of the assessments and exemptions, there is discussions about.

827

02:05:55.320 --> 02:06:02.880

Cooper City Hall: without considering without touching exemptions still are some minor just it would it would be an update to our methodology which which would, which would.

828

02:06:03.000 --> 02:06:09.360

Cooper City Hall: help and support whatever approach the city took in the context of a fire assessment even keeping the exemptions, the same as they are today.

829

02:06:11.520 --> 02:06:20.190

Cooper City Hall: Richard green Mr Ross and I spoke to a Mr Horowitz earlier today, and I know they're there will probably be some minor tweaks to it.

830

02:06:22.350 --> 02:06:33.210

Cooper City Hall: i'm okay with that so long as I will be continued to support the 100% 100% exemptions for our nonprofit organizations here.

831

02:06:34.080 --> 02:06:40.680

Cooper City Hall: In Cooper city, they do so much number half of our residents here throughout the throughout the city throughout the year.

832

02:06:41.010 --> 02:06:50.730

Cooper City Hall: And so, if my position is going to continue it's going to remain the same with the hundred percent exemptions for our nonprofit organizations that's all I have in there, thank you, thank you.

833

02:06:51.270 --> 02:07:00.240

Cooper City Hall: notes or anything yeah thanks mate Ross, and this is just you know i'm looking at at at what we currently abide by.

834

02:07:01.770 --> 02:07:08.430

Cooper City Hall: As far as how we're assessing the different classes and i'm just wondering just for discussion purposes, if.

835

02:07:09.450 --> 02:07:23.580

Cooper City Hall: i'm looking at the, of course, the biggest contributor to our fire system that's the residential Community or 11,662 units units, if you will, and right now that everybody is being.

836

02:07:25.140 --> 02:07:43.980

Cooper City Hall: being assessed it's a flat rate of \$267 I believe and i'd spoken with i'd spoken with our city attorney i'm just wondering if there's any precedents, or if it's even legal to come up with a hybrid method where there may be a small flat fee that everybody pays but.

837

02:07:45.330 --> 02:07:52.860

Cooper City Hall: then take a look at square footage of a home and have some kind of a variable assessment based on that as well.

838

02:07:53.550 --> 02:08:02.220

Cooper City Hall: So as to not overburden those that are living in homes that are no less expensive than others, now the other side can say well you know what fire truck shows up.

839

02:08:02.700 --> 02:08:07.650

Cooper City Hall: It showing up at one home, regardless of whether it's 2000 square feet or 10,000 square feet.

840

02:08:08.130 --> 02:08:17.010

Cooper City Hall: And you know i've been thinking about all this and I just thought i'd bring it up for discussion, see what the rest of with you guys had to say about that that has to do with residential commercial.

841

02:08:17.550 --> 02:08:26.070

Cooper City Hall: residential or or residential i'm sorry residential just resident that's the only that's the only assessment that's that's a purely a flat fee across the board.

842

02:08:26.460 --> 02:08:40.710

Cooper City Hall: Everything else is based on a variable unit of measure the hybrid method is what we have now is when we charging 65% flat fee, and the rest goes on the.

843

02:08:41.280 --> 02:08:54.030

Cooper City Hall: packs on the on the millage rate based on value assessed value so that's a hybrid measures well but that's true value versus know that means assessed value size, which is not accurate.

844

02:08:54.990 --> 02:09:03.780

Cooper City Hall: Well, so sizes doesn't know why square footage sizes and doesn't remember it depends, when you buy your home if you bought a home this year you're.

845

02:09:04.980 --> 02:09:11.310

Cooper City Hall: not be the hybrid method you want no it's a hybrid and that's not accurate and a lot of I would I would agree with Commissioner.

846

02:09:12.210 --> 02:09:19.200

Cooper City Hall: Meltzer that we should we should look at some some type of hybrid method, because I give this example, you know.

847

02:09:20.040 --> 02:09:28.710

Cooper City Hall: If Commissioner Meltzer his house is like four miles up to his driveway he's got this compound that looks down, like everyone else, and I have a regular House so.

848

02:09:29.100 --> 02:09:41.130

Cooper City Hall: When we have to spend \$2 million on a fire truck with a ladder and they need all the technical stuff to get to yours it's a you know costs more than my you know just plug plug my garden hose so.

849

02:09:42.060 --> 02:09:57.360

Cooper City Hall: I agree, I think, and that's yours, we didn't get the Commissioner puccini's I got very little room he's houses so largely name its name Chateau pulcini versus you know just the regular folk over here, so I think we should look at some type of.

850

02:09:58.710 --> 02:10:16.920

Cooper City Hall: measurement that takes in consideration the actual you know size of the property being protected so, then what i'm hearing is yes options are out there let's do this and move forward and then obviously when it comes to fruition, we can discuss it further.

851

02:10:17.940 --> 02:10:21.330

Cooper City Hall: So any direction or anything if i'm hearing.

852

02:10:22.020 --> 02:10:29.070

Cooper City Hall: Again, if there's consensus from the commissionable happy to work with our consultant work with finance department city administration to update revisit our methodology.

853

02:10:29.460 --> 02:10:36.420

Cooper City Hall: i'm going to gather be presented to you anytime comes to consider the supplier says, but if the upcoming fiscal year or maybe they can bring some of those options to us.

854

02:10:37.200 --> 02:10:44.640

Cooper City Hall: That other municipalities us mad because it could be, there could be a better way that we just haven't thought of yet with a look at that.

855

02:10:45.330 --> 02:10:59.490

Cooper City Hall: i'm sorry yeah so that option Jeff not a problem, I think we all agree 100% exemption on nonprofits and churches i'm sorry hundred percent exemption there I don't grandson yeah good good try next.

856

02:11:00.810 --> 02:11:14.580

Cooper City Hall: Moving on, we have Item number 13 which we have i'm sorry Item number 12 first discussion on uniform building code applications for windows signs Commission a genie.

857

02:11:18.000 --> 02:11:23.100

Cooper City Hall: Then you have that factual finite when I went back a second I didn't get it what keeping the exemption.

858

02:11:25.410 --> 02:11:33.870

Cooper City Hall: talk to us, what are you talking about Okay, where are we wearing the uniform building Code as it applies to windows signs only okay.

859

02:11:34.260 --> 02:11:43.440

Cooper City Hall: Well then, the application speaks for itself look at the application and any one of you tell me how how to fill out the application apply for a request sign.

860

02:11:44.490 --> 02:11:53.910

Cooper City Hall: But window sign there's no place on this application to apply for winter sign the suggestions that either to not have an application and just have the code.

861

02:11:56.130 --> 02:12:09.930

Cooper City Hall: We needed we've got the window sign expert right before you do you want or or or use the older application that we had that that means that would require changing our code.

862

02:12:11.010 --> 02:12:21.930

Cooper City Hall: And we can revert back to the older application that we had in 2000s probably 2016 when the county came up with this uniform building permit Carlos.

863

02:12:22.560 --> 02:12:36.360

Cooper City Hall: Can you answer those that actually had a place to write what sign you putting on the door this one has no place to let let's let's be honest, this is the wrong form all day long a building permit.

864

02:12:37.380 --> 02:12:49.980

Cooper City Hall: which talks about a notice a commencement is the wrong form and I met a scratch out own on right tenant for it's wrong it's the wrong form for Alex I can't even imagine Commission.

865

02:12:51.480 --> 02:13:06.660

Cooper City Hall: We have no direction of establishing a new form or abolishing the requirement for permit for windows signage our code requires a permit our permits are handled through the building department and therefore the county requires us to use the.

866

02:13:07.800 --> 02:13:20.040

Cooper City Hall: Building code uniform broward county building code a permit application in this case windows signage doesn't fall on the Florida building code purview therefore if.

867

02:13:20.730 --> 02:13:39.240

Cooper City Hall: If it was the commission's directed tonight we can abolish the requirement for permit and change our code to read that way, or we can just create a new form and and run it through our planning and zoning does our code require a permit for.

868

02:13:40.590 --> 02:13:41.550

Cooper City Hall: Temporary signs.

869

02:13:45.390 --> 02:13:48.900

Cooper City Hall: Temporary signs, as far as okay.

870

02:13:52.650 --> 02:14:00.540

Cooper City Hall: We do have some temporary signs that would require permanent, but if I want to put a piece of paper on my door that says temporarily closed during a permit for that.

871

02:14:00.930 --> 02:14:15.900

Cooper City Hall: Now, no but can we consider a sticker on the door that temporary so I want to do does our do we have any codes require permits for temporary signs or fix like site anytime or we time a window sign any type.

872

02:14:17.190 --> 02:14:23.490

Cooper City Hall: yeah there are some that require, we do have a list of exemptions in our code as well do we have them fill out a building permit for those.

873

02:14:25.020 --> 02:14:34.890

Cooper City Hall: The way we have it established right now, yes, but again, the the building code is the building permanent is just the process that we use, we need to create a forum, we have no objection to create a new form.

874

02:14:35.520 --> 02:14:42.360

Cooper City Hall: separate from the Florida Belen cool because when I ran my campaign, I was going to put up temporary signs, I had a.

875

02:14:43.080 --> 02:14:53.580

Cooper City Hall: Post the bond on, I have to fill out building correct well, not a building permit, we had a bond temporary bond per application for, but if you want to do our permits that don't require this form, yes.

876

02:14:54.840 --> 02:14:59.520

Cooper City Hall: If I want to get a permit for block Party I don't sell the building this is just the wrong form.

877

02:15:00.330 --> 02:15:09.420

Cooper City Hall: So the question is, is a form being used as a result in, and I was just at a meeting with broadly two cities where they had Fort lauderdale alliance.

878

02:15:10.260 --> 02:15:22.470

Cooper City Hall: come forward and educate us on the country errs silver permitting or platinum fermenting yes, it is that the reason why we have this fan yeah years ago.

879

02:15:23.730 --> 02:15:31.710

Cooper City Hall: group came before the state and said, you know every city has their own form, we want a uniform application in broward county.

880

02:15:32.130 --> 02:15:40.740

Cooper City Hall: This was created and passed on, but again windows signage which is unbelievable, the issue is here, this is not falling for the building code.

881

02:15:41.190 --> 02:15:49.410

Cooper City Hall: So does not require to use this form just our code requires a permit We have no objections of creating a separate form for it.

882

02:15:50.010 --> 02:16:01.500

Cooper City Hall: Or, if you want to make this a code enforcement issue where we have the code in place, but no permits required that's an option as well if we can avoid a code enforcement is no I like to avoid it.

883

02:16:02.280 --> 02:16:14.580

Cooper City Hall: You know application, why is it only because of code says it requires it, so we interest checks pixel code is say that doesn't require us the thing too, if you want to change the name.

884

02:16:15.960 --> 02:16:19.020

Cooper City Hall: On the on the an attorney or if they will get a new permit.

885

02:16:19.830 --> 02:16:30.090

Cooper City Hall: it's absurd, it should just be here's the requirements you can't fill more than 30% of the window, whatever the requirements are if you're in violation of that, then you get cited I don't think you should have to get a permit for that.

886

02:16:33.810 --> 02:16:45.540

Cooper City Hall: can't argue that I really can I would like to see a code change not requiring that I think it's business friendly I think it's something that we tout.

887

02:16:46.050 --> 02:16:53.910

Cooper City Hall: And now's the time to show it, so I don't have a problem, give direction to Jay Jacobs officer right we're not.

888

02:16:54.480 --> 02:17:03.870

Cooper City Hall: Sure, can we can we change the ordinance to the whatever the requirements are are still the requirements under the code, but you don't have to go seek a permit for it.

889

02:17:04.140 --> 02:17:10.710

Cooper City Hall: What i'm hearing is this old gentleman to eliminate the permit requirement for windows right yes that's the case it's the permissions direction.

890

02:17:11.880 --> 02:17:19.680

Cooper City Hall: That effect and add the enforceability via record portion is it yeah I don't think it's in there, right now, right now, the penalty is removal.

891

02:17:20.250 --> 02:17:27.180

Cooper City Hall: correct, but it would still be a code violation it's still be cited we get out of specific penalties revision, but ultimately code enforcement still has the authority to report the code.

892

02:17:30.930 --> 02:17:32.610

Cooper City Hall: I have no problem, and given that direction.

893

02:17:33.720 --> 02:17:44.130

Cooper City Hall: And one here object to that is there going to be a huge financial impact of the window size permits like \$30 yeah it's not me to the city and as a whole arena lose a lot of revenue.

894

02:17:47.220 --> 02:17:49.680

Cooper City Hall: you've got your marching orders, thank you.

895

02:17:51.390 --> 02:18:06.180

Cooper City Hall: Moving on time number 13 discussion on amending the bulk pickup requirements for the rel palm branches, I do want to open it up to public meeting at this time i've got three individuals wishing to speak, Joseph milner.

896

02:18:20.340 --> 02:18:21.480

Cooper City Hall: This is on yes.

897

02:18:22.590 --> 02:18:39.030

Cooper City Hall: If possible, i'd like to hear with Mr Cheney has to say before I comment our word, the public open public meeting notes, so if you signed up, let me know and we all want to hear from the residents of what what the issues are for you okay well the issue for us is a.

898

02:18:40.260 --> 02:18:41.610

Cooper City Hall: year a little over a year.

899

02:18:42.810 --> 02:18:43.980

Cooper City Hall: Going back a year over.

900

02:18:45.180 --> 02:18:54.750

Cooper City Hall: we're getting code enforcement back and Royal palm branches writing up residence with serious find one has even gotten a LIEN on his house over the fines.

901

02:18:57.150 --> 02:19:04.410

Cooper City Hall: for having a cold branches by the road everybody back there i'm sure you're all aware of the area there's people have quite a bit of shrubbery.

902

02:19:04.800 --> 02:19:10.770

Cooper City Hall: quite a bit of greenery and your yards, some people do their own yard, some people have professional help.

903

02:19:11.400 --> 02:19:17.190

Cooper City Hall: The 24 hour notice, if I have a lot I cut my own long, but if I have a long guy come on a Friday.

904

02:19:18.030 --> 02:19:27.960

Cooper City Hall: Before bolt pick up and he happens to pick up all the little branches in the yard and stacks among the corner, where they pick it up i'm in violation and that's never happened i've been there since 73.

905

02:19:29.550 --> 02:19:38.940

Cooper City Hall: Maybe when I was a little kid something happened I don't remember the biggest I remember back then, is my grandparents not getting their son tattered in their orange box, some of you might remember that.

906

02:19:39.720 --> 02:19:48.570

Cooper City Hall: Now this is ridiculous, this is only been happening for about a year and a half the people, am I getting this fine we haven't seen code enforcement back there for anything.

907

02:19:49.170 --> 02:19:58.410

Cooper City Hall: We have people dumped stuff back to the don't even live there and we take care of it as if it's in my heart, I take care of and I'm sure other residents will say the same thing somebody somebody dropped the couch my or one day when.

908

02:19:59.430 --> 02:20:04.980

Cooper City Hall: I got somebody all the way it was before code and force, I mean before bolt pick up I didn't want to look at it, I took care of it.

909

02:20:05.550 --> 02:20:08.670

Cooper City Hall: we've always taken care of our own stuff back there and I don't understand why.

910

02:20:09.630 --> 02:20:19.170

Cooper City Hall: they're back they're bothering us for anything, this is all recent development to this is not something that's going on, when we prefer statics nobody came over there, to the next day is the day you got branches and.

911

02:20:19.590 --> 02:20:29.040

Cooper City Hall: week earlier, a month early leaving not seeing any enforcement and there shouldn't be any back there, quite frankly, because of our our circumstances there's a lot of residents are bacteria that are elderly.

912

02:20:29.640 --> 02:20:32.580

Cooper City Hall: That takes some whole month to get their little pile together because they.

913

02:20:33.060 --> 02:20:45.540

Cooper City Hall: they're 60 7080 years old, they go out there and I worked in our yard, one of the weather's cool and evening and a few branches out eventually they have a little pile and when this has never been a problem that all of a sudden, it is, and I think that.

914

02:20:47.370 --> 02:20:50.310

Cooper City Hall: I don't understand the motive behind this recent rash of.

915

02:20:51.750 --> 02:20:54.480

Cooper City Hall: code enforcement in our area, it seems to be very selective.

916

02:20:55.650 --> 02:20:59.790

Cooper City Hall: I don't I just don't understand I guess you guys are going to shed some light on it and.

917

02:21:01.020 --> 02:21:09.210

Cooper City Hall: Hopefully, make some sort of change because it's it's totally ridiculous for for people who live there to be all of a sudden, subject to these rules.

918

02:21:09.810 --> 02:21:17.430

Cooper City Hall: That they've never well, maybe somebody who moved in the last year and got to find since it started happening doesn't know any better.

919

02:21:17.820 --> 02:21:29.790

Cooper City Hall: But anybody that's been living there for now, the years knows this has never been our way of life, our lifestyle and part of our annexation was know lifestyle changes for the people with back.

920

02:21:31.080 --> 02:21:32.370

Cooper City Hall: So i'd like to hear what.

921

02:21:33.840 --> 02:21:36.690

Cooper City Hall: He has to say and the Board has to say, the Commissioners.

922

02:21:37.710 --> 02:21:46.140

Cooper City Hall: Can I have time, I want to know who fired the chief over Santa Claus we know wasn't Mr green he made it clear.

923

02:21:48.270 --> 02:21:49.410

Cooper City Hall: Thank you very much.

924

02:21:51.240 --> 02:22:00.660

Cooper City Hall: Max you want to respond now away Okay, no I respond to him, first of all I you know I apologize for any inconvenience has caused you.

925

02:22:01.260 --> 02:22:06.720

Cooper City Hall: It is not to the code and forces fault and it's not your souls fault it's not the captain's fault.

926

02:22:07.410 --> 02:22:24.480

Cooper City Hall: We give the general direction we make the codes, as you see, we decide what the codes are so we are responsible repair buck stops here with us so it's up to us and you come here you're doing the right thing it's up to us to help you change.

927

02:22:25.620 --> 02:22:34.590

Cooper City Hall: The way you want the rules to be and we represent, you so you're doing the right thing and hopefully we will start the process tonight and.

928

02:22:35.610 --> 02:22:44.580

Cooper City Hall: convened the the conservation Board was your representatives in your area will then decide what the right course will be.

929

02:22:46.440 --> 02:23:07.320

Cooper City Hall: I will start this will discuss this after after I went to will speak, but you know I happen to agree with you that when you when not we are next your area we I believe agreed not to change your way of life and we may be did change it a little bit too much.

930

02:23:08.460 --> 02:23:15.450

Cooper City Hall: I don't know what we are not, but if I don't think it's up to us it's up to the conservation board to make that decision.

931

02:23:17.520 --> 02:23:17.760

Cooper City Hall: again.

932

02:23:18.780 --> 02:23:28.740

Cooper City Hall: Thank you, thank you Howard, you know I listened and, yes, the buck stops with us, we said policy in the city and we do what we think is best for Cooper city.

933

02:23:29.190 --> 02:23:37.200

Cooper City Hall: As a whole, without trying to injure any or put any kind of burden on any one specific neighborhood now I also live in an area that's.

934

02:23:37.770 --> 02:23:51.510

Cooper City Hall: comparable to yours, I live on 55th court off of palm avenue it's just 13 homes but we're on acreage back there, and you know it's also it's a matter of responsibility now i'm sorry the gentleman that spoke with your name.

935

02:23:53.670 --> 02:23:58.500

Cooper City Hall: milner oh like john milner perfect Mr Miller you'd mentioned.

936

02:24:00.120 --> 02:24:01.620

Cooper City Hall: We did my train of thought back.

937

02:24:04.920 --> 02:24:12.210

Cooper City Hall: Oh, when you dead somebody cuts your lawn and they come and they they trim trees and they put everything out because.

938

02:24:13.200 --> 02:24:20.310

Cooper City Hall: they're there and it has to be done at that point in time, I have somebody cut my my yard as well, and I have a I have the bulk pickup.

939

02:24:21.150 --> 02:24:26.670

Cooper City Hall: schedule keep it on my refrigerator and I make sure whenever there's tree trimming to be done when they have to, I have a.

940

02:24:27.240 --> 02:24:40.080

Cooper City Hall: 60 foot oak tree in the backyard, that has to be pruned every so often that requires a lot of work and make sure they do it during the bulk pickup week and then they take everything out and they put it in a timely manner and I don't get fined.

941

02:24:41.340 --> 02:24:52.350

Cooper City Hall: I just take a little a little personal responsibility would go a long way, no miss Miller, Miss milner it's milner i'm going to treat equally sorry.

942

02:24:53.310 --> 02:25:05.490

Cooper City Hall: Oh no Southwest 55th court 97th avenue were subject, I believe, to the same, we were addicts and at the same time you weren't 2006 can I read, can I read the contract to you.

943

02:25:07.560 --> 02:25:17.130

Cooper City Hall: But, but my point was, at any rate it's just all we're asking you, is to just be a little bit cognizant of what the of what the current.

944

02:25:18.330 --> 02:25:26.100

Cooper City Hall: ordinances and just put the just put the bulk out when when you know the week the pickups coming good book pickups coming you know.

945

02:25:27.030 --> 02:25:34.740

Cooper City Hall: Let me get through the public, I know i'm sorry but, but I just wanted, I just wanted to reply, can I read this one paragraph, before we say anything else.

946

02:25:35.220 --> 02:25:44.130

Cooper City Hall: Pursuant to the provision of Chapter etc laws of Florida, the Act, the Royal palm branches area will be considered a preservation area.

947

02:25:44.580 --> 02:25:53.970

Cooper City Hall: And in order to protect the rural atmosphere of the Royal palm ranches Community all broward county land use and zoning classifications rules and regulations.

948

02:25:54.270 --> 02:26:03.030

Cooper City Hall: that are applicable to this area on the effective date of the Act shall be adopted by the city prior to the effective date of the annexation.

949

02:26:04.230 --> 02:26:15.150

Cooper City Hall: For whatever rules they had before the taxation, so will be in effect So what are the rules, right now, they can only put the book out 24 hours before pickup is that what Bergen county has taken.

950

02:26:16.260 --> 02:26:25.080

Cooper City Hall: Is that that's where we're at right now what were the what were the rules, prior to the Commission changing amending to that where we're at today.

951

02:26:28.410 --> 02:26:28.680

Cooper City Hall: For all.

952

02:26:31.020 --> 02:26:33.930

Cooper City Hall: The annexation and grant the codes have not changed.

953

02:26:35.250 --> 02:26:45.030

Cooper City Hall: When we did our code change for for both pick up it didn't affect their annexation agreement so they're still under their broward county zoning codes.

954

02:26:45.360 --> 02:26:59.490

Cooper City Hall: Which i've been, in fact, since the annexation to play so it hasn't changed and, what is your what and what is it 24 hours of yard waste is allowed anything before that are longer than 24 hours can't be at the street.

955

02:27:01.020 --> 02:27:02.190

Cooper City Hall: And what is ours.

956

02:27:04.740 --> 02:27:19.890

Cooper City Hall: Ours is identical to broward counties identical ours, I believe it is, but again, their code is different there on the broward county zoning codes yeah wondering where our counties is the 24 hours, I believe we kind of has the same 24 hour okay.

957

02:27:21.600 --> 02:27:21.930

Cooper City Hall: So.

958

02:27:24.390 --> 02:27:30.210

Cooper City Hall: So I think legally that now practically are they entitled to different stuff I think they are.

959

02:27:31.740 --> 02:27:42.720

Cooper City Hall: I don't know that I necessarily agree with it, or that all the neighbors do so I think they're preservation Board should meet and make a recommendation what day of the week is your book pick up picked up Mr Miller what's.

960

02:27:46.020 --> 02:27:49.320

Cooper City Hall: thursday's this one, the third Third, the third Thursday of the month.

961

02:27:52.740 --> 02:27:59.250

Cooper City Hall: Okay, make sure it's still up to people i'm sorry Okay, and I want to get through the comments.

962

02:28:00.600 --> 02:28:01.920

Cooper City Hall: i've got Kathleen Smith.

963

02:28:14.790 --> 02:28:29.730

Cooper City Hall: If you want, can you just drop that Mike Thank you very much um so I live in Royal palm branches as well i've been there 25 years we the ordinance are talking about, I know that in 1984 there was.

964

02:28:31.050 --> 02:28:42.840

Cooper City Hall: A special there was a special resident lifestyle ordinance passed in 1984 and allows newly enix agriculture, so that was back with broward county and I believe it was still like they only had 24 hours.

965

02:28:43.590 --> 02:28:54.150

Cooper City Hall: It would be great if we could have the weekend, to put it out there, but I don't agree with putting our agriculture, which is the vegetation out there every day to pile up.

966

02:28:54.780 --> 02:29:06.810

Cooper City Hall: Day after day to you know because i'm in a corner on two acres I kind of agreed with some of one of the gentlemen ariel's information it's kind of hard for people who work during the week.

967

02:29:07.350 --> 02:29:12.150

Cooper City Hall: people that are elderly that can't get their stuff out, but we do have resources and capacity, we had the.

968

02:29:12.750 --> 02:29:18.030

Cooper City Hall: I believe the newsletter offers I mean someone could call in we could get somebody help if they need it.

969

02:29:18.480 --> 02:29:24.000

Cooper City Hall: But back to putting stuff out I can't imagine it being out there, or agriculture, the vegetation every day.

970

02:29:24.450 --> 02:29:28.980

Cooper City Hall: Right now i'm what i'm, seeing as somebody put vegetation out with Santa Claus and the reindeers are sitting there.

971

02:29:29.820 --> 02:29:42.150

Cooper City Hall: You know it's people new people come in, they move into the resin they don't know till they you know when they get this and people say, and I know I spoke with officer deval sergeant I believe it's Lynn window.

972

02:29:43.200 --> 02:29:50.130

Cooper City Hall: And she educated me a lot, you said you know you can put it, inside and i've been there 25 years, so I knew some of the stuff, but when I was hearing.

973

02:29:50.460 --> 02:29:56.370

Cooper City Hall: Mixed information from other residents, I was like I don't think that's correct I believe you can put on the side of your House.

974

02:29:56.700 --> 02:30:03.420

Cooper City Hall: I believe you can put inside a fenced area but not out in the street if we have that everybody doing that i'm going to have to breathe into my.

975

02:30:04.140 --> 02:30:12.810

Cooper City Hall: cold a sack blowing from everybody else on to me I agree there's some people that need help and we I know Cooper city is willing to help anyone who needs help.

976

02:30:13.620 --> 02:30:19.350

Cooper City Hall: I don't agree with everyday vegetation being put out there owning a landscaping company.

977

02:30:20.040 --> 02:30:28.350

Cooper City Hall: It is a lot of work i've done it by myself, I have kids in college, and right now i'm the one doing it, I took down all my 15 year rica's because I was tired of all that.

978

02:30:28.620 --> 02:30:38.310

Cooper City Hall: And I put a porter carpet I can't say everybody can do that it's a lot of money it's expensive, but we have the resources to help you know if I have to go out there and help a neighbor I would.

979

02:30:39.000 --> 02:30:46.890

Cooper City Hall: So, right now, but my i'm dead set against, and I hope that you would be with me on not allowing vegetation everyday piled up on our streets.

980

02:30:47.970 --> 02:30:49.410

Cooper City Hall: Okay, thank you.

981

02:30:51.090 --> 02:30:56.730

Cooper City Hall: Question yeah my my my intention here is not to make a decision, but to convene the preservation board.

982

02:30:58.020 --> 02:31:07.920

Cooper City Hall: We have another person to speak yeah it's all just make it clear to the lady that we're not still making overnights it's a gender Ariel ban bando.

983

02:31:15.060 --> 02:31:19.920

Cooper City Hall: Erica machine, I was speaking to Michael Thank you good evening.

984

02:31:21.630 --> 02:31:25.110

Cooper City Hall: i've been here I think they will commit to living.

985

02:31:26.580 --> 02:31:27.630

Cooper City Hall: Previous to meeting.

986

02:31:30.870 --> 02:31:34.740

Cooper City Hall: After my first meeting here you guys send me to do some homework.

987

02:31:36.990 --> 02:31:47.520

Cooper City Hall: The genie Nepali that emails for me, we got in contact all the way, I am the one that went door to door in our neighborhood.

988

02:31:48.660 --> 02:32:00.960

Cooper City Hall: Now I totally I understand from where it can be for control, because I know on everything that we do in life, there is always those people to take advantage of.

989

02:32:02.460 --> 02:32:11.010

Cooper City Hall: Its life guys and there is no way around it it's like doesn't matter what they're going to do some people will find a way to take advantage of it.

990

02:32:12.030 --> 02:32:13.230

Cooper City Hall: I went, though, to do.

991

02:32:14.730 --> 02:32:27.570

Cooper City Hall: And I wish I we recorded that or we have it on video for you guys just to see it and see what how people are upset our people are it's freaking people are.

992

02:32:28.500 --> 02:32:41.520

Cooper City Hall: We not a normal residence we game over there and we want to stay away from every from any government interference, we live on our acreage.

993

02:32:42.570 --> 02:33:00.960

Cooper City Hall: We don't want a joy it's the reason we own went in there and pay top dollar and we want to live peacefully 99.9% of the time, if one of the neighbors have issue he can you say the other neighbors respond right away.

994

02:33:02.700 --> 02:33:10.020

Cooper City Hall: There is exception, of course, there is you never going to find you know the perfect community that everybody comply with everything it's like laughing.

995

02:33:11.430 --> 02:33:14.490

Cooper City Hall: But it's getting to a point.

996

02:33:16.290 --> 02:33:19.950

Cooper City Hall: That I don't know if it's on purpose or not, that.

997

02:33:21.420 --> 02:33:24.960

Cooper City Hall: The CD take it too far it's like.

998

02:33:26.160 --> 02:33:45.570

Cooper City Hall: Give a warning and you keep the fines and then finally become a LIEN and became a it's like a ticket so far guys were talking about which station i'm not talking about making this area is again we don't want to leave in a ghetto we don't want that messy area we care about our property.

999

02:33:47.070 --> 02:33:53.190

Cooper City Hall: that's not the point, the point is not to make mountains of books, there we don't want that.

1000

02:33:53.940 --> 02:34:03.300

Cooper City Hall: But we do want people to come over clean up their property they call this next away take the gators away that we have there you don't do that.

1001

02:34:03.930 --> 02:34:15.690

Cooper City Hall: And if you guys so much care about our area company our road can put some lighting in our streets you don't do that, so we do it from our own money from our own time.

1002

02:34:16.860 --> 02:34:36.450

Cooper City Hall: don't give a small hard time, leave us alone, please i'm telling you it's went too far, and the reason the reason for it it's not that people like doing something in purpose people cleaning their property for after ears, you know what i'm happy when they see books there i'm happy.

1003

02:34:37.650 --> 02:34:41.850

Cooper City Hall: you're listening to this trouble list animals let's folks there.

1004

02:34:43.950 --> 02:35:00.810

Cooper City Hall: Please consider that seriously i'm one of the ones that i'm already in versus over lean for \$250 which I would never be you i'll go to whatever call me i'll never give you that money and it's not because of the money it's the principle.

1005

02:35:01.980 --> 02:35:15.840

Cooper City Hall: I did nothing wrong, I have, so much so much landscaping there and I didn't bring somebody else and make you a mess I keep it on my swing my area I paid my rode.

1006

02:35:16.890 --> 02:35:18.120

Cooper City Hall: The bus theories here.

1007

02:35:19.740 --> 02:35:30.210

Cooper City Hall: As the pastor if we ever by the reason i'm asking you here, thank you, he get fined, by the way, I gotta find boom well you know, thank you, Mr Banda.

1008

02:35:32.280 --> 02:35:34.050

Cooper City Hall: MAC you had a suggestion.

1009

02:35:35.580 --> 02:35:36.750

Cooper City Hall: yeah I just want to.

1010

02:35:37.890 --> 02:35:40.230

Cooper City Hall: us to agree to hear from the preservation board.

1011

02:35:41.970 --> 02:35:48.780

Cooper City Hall: As far as solutions, yes, see what see what their opinion is I think that's the process correct Mr Horowitz.

1012

02:35:49.410 --> 02:35:54.390

Cooper City Hall: yeah just just very briefly and a couple things have been mentioned this evening we know in the.

1013

02:35:55.140 --> 02:36:07.950

Cooper City Hall: area was annexed into the city and I think was 2003 there was an annexation agreement entered into between broward county and the city at the time which address zoning drainage land use and other provisions that govern that particular community.

1014

02:36:08.550 --> 02:36:14.550

Cooper City Hall: There also as an overlay district in our code which specifically encompasses that area among a few other areas in the city.

1015

02:36:15.180 --> 02:36:21.870

Cooper City Hall: There is a preservation Board, which would be the appropriate venue if something were to be initiated by this Commission to would go to that board for their consideration.

1016

02:36:22.200 --> 02:36:28.170

Cooper City Hall: Alternatively, this Commission could ask the preservation board to look at a particular issue present this Commission, with its recommendations.

1017

02:36:28.440 --> 02:36:33.270

Cooper City Hall: One thing to keep in mind under the annexation agreement that we do have with this particular area any.

1018

02:36:34.200 --> 02:36:46.200

Cooper City Hall: Legislation any enact any enactments that in fact that particular area are subject to a super majority voted this Commission required for fifth third of this Commission to affect anything that would specifically related to that community.

1019

02:36:49.680 --> 02:36:59.160

Cooper City Hall: We need an emotional volt or just it was just intent was to give direction to the administration to reach out to the preservation board and convened that meeting, have that discussion.

1020

02:37:02.040 --> 02:37:06.300

Cooper City Hall: You didn't sign up yes we're still I have not closed the public meeting.

1021

02:37:10.290 --> 02:37:18.060

Cooper City Hall: Okay okay Kevin green black I live by not 3600 Northwest first way so.

1022

02:37:18.750 --> 02:37:28.680

Cooper City Hall: it's just been strange what happened i've been in the property for 12 years and i've never had a fine i've never had any neighbors have fights I didn't even know really get fines.

1023

02:37:29.130 --> 02:37:43.860

Cooper City Hall: And then I remember when the woman was drive around with coach he said that there was a change again haven't heard anything for months and months after that and then all of a sudden, and you guys could probably do some research and look it up, within two months.

1024

02:37:45.240 --> 02:37:54.570

Cooper City Hall: I don't even know how many 2530 of the residents all we're getting finds I got to find in the mail to take it's in the same envelope.

1025

02:37:55.020 --> 02:38:14.700

Cooper City Hall: One for my property and one for my other property that I rent out, so I was five \$250 because my tenants put out and they actually put out trash because they're leaving and it was just an idea so \$500 in one day and the file that I had was not a big pile and that I took a picture of.

1026

02:38:16.410 --> 02:38:24.870

Cooper City Hall: It but but I listened, I mean I understand we all love our Community, we all want to take care of it, I think we're all very respectful.

1027

02:38:25.650 --> 02:38:35.760

Cooper City Hall: it's just strange that all of a sudden in two months so much happened and so many tickets, so I don't know if there's a reason for that you guys could probably go back and look.

1028

02:38:36.120 --> 02:38:51.060

Cooper City Hall: And you can see for yourself how many violations you've given in a 60 day period I know we have one neighbor besides Arielle I do we have another new one, I think that got maybe three finds in six weeks or something so.

1029

02:38:52.620 --> 02:38:57.240

Cooper City Hall: I and again the same thing that we said about we all have different landscapers you know.

1030

02:38:58.290 --> 02:39:06.240

Cooper City Hall: I have a farm I mean I have five acres I have a lot of brush by landscapers maybe doing some of the brush not know when the bulk.

1031

02:39:07.020 --> 02:39:25.260

Cooper City Hall: pickup is I might not be home or my wife to tell them, so I agree and I don't think anyone should have a refrigerator out maybe for three weeks again maybe if they if they did, we could call and have someone pick it up, but to be so aggressive with defines it it felt a little.

1032

02:39:27.510 --> 02:39:29.340

Cooper City Hall: aggressive and so.

1033

02:39:30.660 --> 02:39:37.590

Cooper City Hall: yeah I think that the board would probably like to talk about this and get input from the rest, but.

1034

02:39:39.420 --> 02:39:43.590

Cooper City Hall: I think everyone that i've spoken to would like to see some type of modification.

1035

02:39:44.610 --> 02:39:48.690

Cooper City Hall: I believe that will give the board the opportunity before you leave please fill out one of the.

1036

02:39:50.760 --> 02:39:56.220

Cooper City Hall: questions, the first is sure hey Kevin Mr greenblatt how are you man Happy New Year Happy New Year.

1037

02:39:57.000 --> 02:40:06.180

Cooper City Hall: Listen, we made some changes, no question about it, but the change the genesis of the changes was we heard, we were hearing from residents, I personally in some of the other Commissioners driving around the city.

1038

02:40:07.170 --> 02:40:15.570

Cooper City Hall: And it wasn't directed at you, and for oil palm read Royal palm estates or rope on branches, rather it was directed at Cooper city, there was.

1039

02:40:16.590 --> 02:40:24.600

Cooper City Hall: blatant disregard for the ordinance the bulk pickup was you'd see and it happened right over here.

1040

02:40:25.740 --> 02:40:26.670

Cooper City Hall: 91st.

1041

02:40:29.850 --> 02:40:42.270

Cooper City Hall: You know just to the south of City Hall here, there was you'd see refrigerators couches boxes of stuff I don't know what was in there, but boxes of stuff appliances just out for days and weeks, at a time.

1042

02:40:43.140 --> 02:40:47.880

Cooper City Hall: And you live in Cooper city, we all live in culver city, you know you start seeing that.

1043

02:40:48.660 --> 02:40:56.490

Cooper City Hall: It becomes prevalent and all of a sudden Cooper cities not such a special place anymore, so we decided to take the bull by the horns change tighten things up a little bit we gave direction to.

1044

02:40:56.940 --> 02:41:05.760

Cooper City Hall: Captain Giovanni back there and asked him to just make sure that code enforcement was doing their best to keep Cooper city looking like Cooper city should be looking.

1045

02:41:06.360 --> 02:41:16.140

Cooper City Hall: And it doesn't just to answer your question that's how this that's how this all began wasn't we weren't directing this at your neighborhood or directing it at 36,000 residents and Cooper city.

1046

02:41:17.130 --> 02:41:21.180

Cooper City Hall: So I understand, but just to jump in I think if you were to look at.

1047

02:41:21.780 --> 02:41:33.720

Cooper City Hall: 90 plus percent of the violations that you gave they weren't for cell phones in refrigerators, I think that it has to be violations I don't know, can I did you receive a warning first.

1048

02:41:34.410 --> 02:41:46.830

Cooper City Hall: So, supposedly, yes, I did have a warning on my property, I did not get or I not that I know of, I would like, if someone could show me I don't remember ever receiving the warning for my other property that I rent out.

1049

02:41:47.340 --> 02:41:52.260

Cooper City Hall: And that's when I got the two tickets in the same day I don't even live in the other house, but hopefully we're doing.

1050

02:41:52.830 --> 02:42:06.000

Cooper City Hall: The right process now convening that reservation board and preservation board is members of your community, who will then discuss this and bring forth us address, we appreciate your time and your help with this banner and.

1051

02:42:07.230 --> 02:42:18.930

Cooper City Hall: i'll say this that we didn't make any changes to any ordinances at all, and I know some people think that it's selective enforcement it isn't you guys heard the the lady who was here earlier.

1052

02:42:19.410 --> 02:42:24.480

Cooper City Hall: What happened was we pretty much weren't enforcing code enforcement at all city wide.

1053

02:42:24.870 --> 02:42:31.560

Cooper City Hall: So we we put a major emphasis on enforcing the current codes, as they stand and that's where.

1054

02:42:31.890 --> 02:42:38.970

Cooper City Hall: People unfortunately think that they're being targeted they're not being targeted, you know the the lady the lady here thinks that you know.

1055

02:42:39.360 --> 02:42:55.260

Cooper City Hall: You heard her, she was very adamant about our chairs and thinking that they're going after it's it's not it's not that the reason why you got to in one day was because i'm sure they drove down the street that day, and both properties are on there, but i'm i'm not opposed to yes.

1056

02:42:56.910 --> 02:42:57.180

sure.

1057

02:43:10.620 --> 02:43:11.850

Cooper City Hall: You need to speak into the MIC.

1058

02:43:14.670 --> 02:43:27.660

Cooper City Hall: size of the property, the amount of the vegetation, the amount of the landscaping we is OK, for the code officers it's a women in the minute to turn right or 9438 doesn't matter.

1059

02:43:28.200 --> 02:43:39.270

Cooper City Hall: you're going to start collecting I know you feel special gene Now I know you feel special you're not every meeting we have people come in here from every crevice of the city, would you say.

1060

02:43:42.660 --> 02:43:47.520

Cooper City Hall: We, the landscapers come twice a month, Sir okay when he knows.

1061

02:43:48.540 --> 02:43:53.730

Cooper City Hall: When he moved the known to me to move all the pantry branches.

1062

02:43:54.870 --> 02:44:03.210

Cooper City Hall: i'm talking about only me Okay, I have 12,000 pounds or my probably not many pulling in two weeks.

1063

02:44:04.380 --> 02:44:06.060

Cooper City Hall: or 12,000 weakens.

1064

02:44:07.320 --> 02:44:09.420

Cooper City Hall: Think about it economy.

1065

02:44:10.740 --> 02:44:16.320

Cooper City Hall: Like let's let's let's let's make this you know worthwhile because.

1066

02:44:16.950 --> 02:44:24.480

Cooper City Hall: Basically, you guys have certain zone zoning regulations because of where you live, and you have a preservation board i'm not opposed to you guys wanting your rules to be a certain way.

1067

02:44:25.140 --> 02:44:33.540

Cooper City Hall: The preservation board weeds to bring that to us and make sure it reflects, in my opinion, all of the residents and if it doesn't reflect all the residents.

1068

02:44:34.080 --> 02:44:44.370

Cooper City Hall: i'm you know i'm not i'm not in favor of changing zoning for for 50% of your residents over there, I agree, you guys have your own zoning and.

1069

02:44:46.050 --> 02:44:48.030

Cooper City Hall: exemption for Mr banjo.

1070

02:44:49.170 --> 02:44:49.560

Cooper City Hall: banjo.

1071

02:44:51.030 --> 02:44:51.600

Cooper City Hall: banjo.

1072

02:44:52.650 --> 02:45:07.350

Cooper City Hall: banjo that four times your time is up, I appreciate it, we are doing what we can, at this time, and that is the right thing and having the preservation board addressing so if your preservation board comes with to us with a recommendation.

1073

02:45:07.800 --> 02:45:17.520

Cooper City Hall: We will then look I don't I don't think we should give the preservation board any recommendation I know this is an issue I want to hear what they have to save the record for discussion and to come up with a way.

1074

02:45:18.540 --> 02:45:35.070

Cooper City Hall: Okay, thank you very much it's closed as boards and public years one one you know I hear what everyone's saying with regards to that we need to hear from the preservation board, and I certainly want to make sure that we have that opportunity to hear from them.

1075

02:45:37.170 --> 02:45:41.820

Cooper City Hall: I think what i'm hearing and I hope i'm hope i'm hearing that.

1076

02:45:43.770 --> 02:45:44.580

Cooper City Hall: Let me back up.

1077

02:45:46.200 --> 02:45:55.140

Cooper City Hall: i'm only 20% of the vote here, but I think what's going to be important is, whatever the President ration board brings forth.

1078

02:45:56.790 --> 02:45:59.490

Cooper City Hall: i'm certainly hoping that.

1079

02:46:02.280 --> 02:46:03.480

Cooper City Hall: That the standard.

1080

02:46:05.010 --> 02:46:10.830

Cooper City Hall: is going to be is going to be consistent with the overall Community.

1081

02:46:12.360 --> 02:46:22.110

Cooper City Hall: And then, whatever that standard is that everybody's going to adhere to it, what I think oftentimes what I think what the Commission is trying, is saying is.

1082

02:46:23.670 --> 02:46:33.600

Cooper City Hall: That there are rules in place and to your point, sometimes people are to the point that was made earlier sometimes people overlook what the rules are.

1083

02:46:34.410 --> 02:46:44.220

Cooper City Hall: But the rules are the rules and the expectation that all of us as residents should have is that everybody's going to follow the rules, whatever they may be.

1084

02:46:45.990 --> 02:46:59.100

Cooper City Hall: With regards to to your area, I am certainly looking forward to hearing what the standards are going to be coming forward from the preservation board.

1085

02:46:59.520 --> 02:47:08.880

Cooper City Hall: And then, if all of the folks that are there if they are in agreement with those standards that those standards have got to be followed by all and not by some.

1086

02:47:11.190 --> 02:47:13.590

Cooper City Hall: So that's my point, I just wanted to make sure that.

1087

02:47:15.870 --> 02:47:24.750

Cooper City Hall: That that you're that you know that you've heard from all of us, because i'm hearing a number of different things from.

1088

02:47:25.680 --> 02:47:34.680

Cooper City Hall: different voices and quite honestly I don't it's not all consistent i'm hearing one person say hey wait a minute I don't want this.

1089

02:47:35.580 --> 02:47:44.220

Cooper City Hall: Out there all the time and then i'm hearing other folks say well wait a minute I you know i've got the folks coming the landscapers twice.

1090

02:47:44.670 --> 02:47:54.480

Cooper City Hall: per month and, as a result of that, and as a result of my property there's a possibility that is going to be out there longer right so i'm hearing.

1091

02:47:55.110 --> 02:48:06.060

Cooper City Hall: mixed messages so i'm hoping that, from the group that it will be a clear and concise message message that represents.

1092

02:48:06.690 --> 02:48:23.400

Cooper City Hall: The entire community that's all I needed to say thank you so much, God bless you have a great evening, thank you, moving on to Item number 14 we have a discussion on a review and update of Chapter 25 Article two signs of the city code Carlos.

1093

02:48:24.570 --> 02:48:27.300

Cooper City Hall: hey this is me again.

1094

02:48:28.890 --> 02:48:39.870

Cooper City Hall: Oh i'm sorry, you can do a simple to me again, this was a result of our email blast we put this code, I even though we had this code.

1095

02:48:40.710 --> 02:48:47.400

Cooper City Hall: There was a red somebody contacted me they wanted to open a Christmas store in culver city, but they're not allowed to the goal of this code.

1096

02:48:48.180 --> 02:48:56.280

Cooper City Hall: It can't put Christmases plays out throughout the whole year that can only during that period, so they can't open a Christmas story capacity.

1097

02:48:57.000 --> 02:49:10.050

Cooper City Hall: So we kind of have to adapt the code to allow for circumstances that they did not think about when when they brought this code.

1098

02:49:10.710 --> 02:49:18.360

Cooper City Hall: One of the suggestions that Mr Horowitz gave us to look at all the code, I think we initially had a good idea of.

1099

02:49:18.960 --> 02:49:25.920

Cooper City Hall: Bringing two codes every meeting, and then it kind of went to the wayside because those are codes that we don't know about.

1100

02:49:26.340 --> 02:49:36.750

Cooper City Hall: Until somebody brings it up, and then we realized that you know the code mania of attention, and this is probably one of them that needs every time I have no difficulty in addressing this one.

1101

02:49:37.770 --> 02:49:48.840

Cooper City Hall: So, and many others and, for example, this year the Epiphany was on the sixth of January and we told everybody to take directions on the fifth as a day before the Epiphany you know.

1102

02:49:50.040 --> 02:50:04.320

Cooper City Hall: How cold should allow some flexibility, I think the coach we change, instead of having the window, it should are those dates, it should just say no holiday decorations may be out of place now, for more than 60 days.

1103

02:50:05.730 --> 02:50:07.710

Cooper City Hall: holiday sure does.

1104

02:50:08.730 --> 02:50:10.740

Cooper City Hall: Everyone what you like.

1105

02:50:12.930 --> 02:50:14.040

Cooper City Hall: But Carlos, what do you think.

1106

02:50:15.360 --> 02:50:15.630

Cooper City Hall: well.

1107

02:50:17.640 --> 02:50:31.650

Cooper City Hall: From what I understood that, but I believe that the issue was when it came to holiday decorations on windows I wasn't aware of a business that was not able to operate, because it was a Christmas door.

1108

02:50:32.910 --> 02:50:43.560

Cooper City Hall: Okay, how can they put Christmas decorations out to year it's it's part of their store, and this is what they're selling that's definitely the code in.

1109

02:50:44.100 --> 02:51:02.820

Cooper City Hall: What what was referenced was just when a holiday decorations during that time period, but we have no direction in making an overall you know, whether it be 60 days or to encompass every holiday, but a retail store that sells Christmas.

1110

02:51:03.840 --> 02:51:21.570

Cooper City Hall: Retail would not be prohibited from opening based on that code specific specifically for Christmas decoration holidays holiday decorations I think I mean I think cufflinks is a long period of time from October to January to January 5 but can you put valentine's decorations then.

1111

02:51:22.770 --> 02:51:26.220

Cooper City Hall: it's decorations you talking about during valentine's day yeah.

1112

02:51:27.450 --> 02:51:40.320

Cooper City Hall: This this speaks this typically the holiday decorations but can they can you put valentine's day decorations in February, you know our call it, if you want it to run a valentine's day special and you put a sign on.

1113

02:51:40.860 --> 02:51:46.230

Cooper City Hall: What i'm just asking based on this code storefront that you would be allowed to do we don't.

1114

02:51:47.490 --> 02:51:47.760

Cooper City Hall: Just.

1115

02:51:50.010 --> 02:51:55.440

Cooper City Hall: decoration if you're if a store wants to put up on valentine's day decoration they're allowed to.

1116

02:51:59.280 --> 02:52:07.680

Cooper City Hall: thanksgiving they know there's a holiday well during the holiday period that's during that period for thanksgiving you're talking about the outlier so.

1117

02:52:08.130 --> 02:52:22.530

Cooper City Hall: out your question is can people put up decorations for holidays outside the holiday period, I think this code was written to define what the holiday period was around the major holidays between.

1118

02:52:23.250 --> 02:52:34.170

Cooper City Hall: thanksgiving Halloween thanksgiving and and the Christmas time so that's what this was particularly made for I don't think it was prohibitive for those other.

1119

02:52:35.640 --> 02:52:41.310

Cooper City Hall: Those other holidays, but it's specifically address just that holiday period of Halloween.

1120

02:52:42.330 --> 02:52:50.610

Cooper City Hall: So I think your point, Commissioners, probably, we need to tighten it up, I mean, maybe, maybe, maybe we need to relook like it's suggesting here because Commissioner Meltzer and.

1121

02:52:51.600 --> 02:53:01.950

Cooper City Hall: And Carlos also have some a lot of input from the businesses on perhaps some sign changes we need so maybe what we're suggesting here is that we do a comprehensive review of our sign.

1122

02:53:02.880 --> 02:53:13.110

Cooper City Hall: code and that will take a pretty big effort but it's probably something we need to do, but do we have a problem with businesses that have too many decorations.

1123

02:53:13.980 --> 02:53:19.710

Cooper City Hall: I don't think it's a problem, I mean we just brought, as you know, every week in the newsletter we're trying to educate our residents.

1124

02:53:20.040 --> 02:53:24.870

Cooper City Hall: and businesses on the code, so this was just an item of the code, it was during the holiday period.

1125

02:53:25.230 --> 02:53:36.150

Cooper City Hall: That it was it was brought out in the newsletter you know here's what what the code is I don't think it's because we have a problem, I think it was just educating resonance like we do every week on on certain codes.

1126

02:53:37.650 --> 02:53:55.800

Cooper City Hall: That forget the news i'm talking about the code now, the purpose of the code what tongue that we have to take down into creations January 5 this year tiffany was January 6 so we're telling them, you have to take down your Christmas decoration the day before Epiphany some people celebrate.

1127

02:53:57.000 --> 02:54:01.710

Cooper City Hall: Christmas for religious reasons, and then they want to keep their decorations up.

1128

02:54:02.760 --> 02:54:08.340

Cooper City Hall: Up to the symphony so they may have wanted to keep it up a day longer.

1129

02:54:09.450 --> 02:54:25.230

Cooper City Hall: it's easy you look at the calendar you can't play bass from Christmas and that's it that's it, this was commercial with the code does not allow for, but I was told us that's what that's what we want to do it, but that's just one example, that the point is why legislature.

1130

02:54:27.720 --> 02:54:39.690

Cooper City Hall: Because if you don't if you listen to a Commissioner, your outer said you're going to have 60 days before Christmas, so we're talking in October, no not before 60 days.

1131

02:54:40.200 --> 02:54:49.170

Cooper City Hall: Total put it down so if you want to put it, no, then you have to get on Christmas mostly but that's my point, some people will want to do that others will want to take it on the end.

1132

02:54:49.560 --> 02:55:02.340

Cooper City Hall: If you want to say it 60 days with the holiday being in the middle in the Center now at least you have 30 on either side, but i'm not even favorite that I think the verbiage can be tightened up.

1133

02:55:03.150 --> 02:55:10.200

Cooper City Hall: and acceptable to everyone, even the problem is, by putting a time period you're selecting some holidays over others and that's the issue.

1134

02:55:10.830 --> 02:55:16.350

Cooper City Hall: Then, then you do, and we should just come up with a timeframe, when you put them up it's X amount of days, and they come down.

1135

02:55:16.800 --> 02:55:23.400

Cooper City Hall: And who knows and who's taking I could tell you the the note of wanted to put up, so I know when they can you know it's an issue.

1136

02:55:24.330 --> 02:55:33.000

Cooper City Hall: Time definitely it should be principles I should be by principal not by not by close you're saying, Mr bear for valentine's day like say.

1137

02:55:33.660 --> 02:55:48.450

Cooper City Hall: 28 days, three weeks before right when we get after one week after the 14th of February February 21 February 22 second go around this any valentine's stuff don't violate you can do it because you'd have to look at their free every holiday what.

1138

02:55:50.220 --> 02:55:57.030

Cooper City Hall: And a store do you can't you can't possibly contemplate every holiday, because what it kind of the Church of Howard, and has.

1139

02:55:57.900 --> 02:56:06.060

Cooper City Hall: The pros me we don't get specific, though we have time period from when you put up, and the reason why you do, that is because it's only an issue for the one person who hasn't taken it down.

1140

02:56:06.480 --> 02:56:20.910

Cooper City Hall: And then code says it's up there in this, you know if we have a time period, how do I know and maybe i'm not understanding time period, are you saying, three weeks before the holiday three weeks after or are you know okay so we're going.

1141

02:56:22.050 --> 02:56:38.310

Cooper City Hall: On when do I know as a city, when you put it up, so I know one thing i've been asked that the city attorney so Horwitz can we have like a broad policies that the city can give direction to take something down when it becomes a nuisance.

1142

02:56:39.600 --> 02:56:40.950

Cooper City Hall: Come on our discretion.

1143

02:56:42.420 --> 02:56:49.200

Cooper City Hall: discretion, I would suggest that becomes a very difficult thing to enforce well, we will we're using objective criteria we use days.

1144

02:56:50.400 --> 02:56:59.550

Cooper City Hall: that's objective that's not content specific where it doesn't matter what the content and then any holiday after after X number of days after the holiday.

1145

02:56:59.880 --> 02:57:07.230

Cooper City Hall: without specifying which holiday wait a minute, what about before the holiday okay before or after the holiday is before it has to be taken down.

1146

02:57:07.950 --> 02:57:22.890

Cooper City Hall: without specifying I was in honest to God Halloween hadn't begun and I had thanksgiving holiday decorations and advertisements happening before Halloween i'm sorry.

1147

02:57:24.480 --> 02:57:24.810

Cooper City Hall: I.

1148

02:57:25.980 --> 02:57:29.190

Cooper City Hall: To me it was reprehensible sorry you followed.

1149

02:57:30.450 --> 02:57:32.670

Cooper City Hall: thanksgiving shouldn't be out until after Halloween.

1150

02:57:34.530 --> 02:57:37.830

Cooper City Hall: decorations more than 30 days in advance of the.

1151

02:57:38.700 --> 02:57:47.820

Cooper City Hall: I think I think that's not business friendly in the sense of you've got businesses here that will object to that let businesses do what they want to do the basically.

1152

02:57:48.240 --> 02:57:55.320

Cooper City Hall: The gives them days before days after the holiday without specifying the holiday days and that's that's essentially what we've done here.

1153

02:57:55.800 --> 02:58:08.430

Cooper City Hall: that's what essentially this code is doing it's not defined in the holidays defined in that period is holiday period it encompasses those major holidays in that period, one why don't you allow us to take some time to think through this sure no.

1154

02:58:09.900 --> 02:58:14.040

Cooper City Hall: come up with something yes we're just gonna talk with the business before you.

1155

02:58:15.060 --> 02:58:21.180

Cooper City Hall: come up with some ideas Okay, because I hate to mention it's just a discussion with some of.

1156

02:58:22.410 --> 02:58:30.750

Cooper City Hall: The businesses to take down the holiday decorations by the fifth, then this city should do the same way there's not a pressing and this is not pressing issue now no nobody's.

1157

02:58:31.530 --> 02:58:42.240

Cooper City Hall: I got emails about it and calls about calls about it when when this came out yeah it's not it is an issue in the city, it became an issue when we try to educate great, but it wasn't it.

1158

02:58:43.860 --> 02:58:46.110

Cooper City Hall: wasn't right yeah we created it.

1159

02:58:47.160 --> 02:58:52.380

Cooper City Hall: And we created by sending out the email, now we created issues by trying to enforce the Code as.

1160

02:58:53.190 --> 02:59:05.790

Cooper City Hall: Well, but at least we're reinforcing an accurate thing that I know, but this one we're not enforcing it here we're not really enforcing it we just created by sending out the email so well, if it is nobody knew about it.

1161

02:59:08.340 --> 02:59:15.150

Cooper City Hall: Alright, then we'll leave it in your soul come up with something simple questions, moving on to the.

1162

02:59:17.370 --> 02:59:18.570

Cooper City Hall: city managers report.

1163

02:59:20.430 --> 02:59:21.030

Cooper City Hall: boom.

1164

02:59:27.510 --> 02:59:41.250

Cooper City Hall: Know what's a budget transfer Oh, I thought we handled ISM is reporting into the ordinance we handle it right so that's now city managers report that the budget transfer, we did not move forward with the.

1165

02:59:42.780 --> 02:59:55.710

Cooper City Hall: The study on the pace study so that's what this budget transfer what so we won't do this transfer until we receive the the go ahead to do those study that's what that budget transfer was.

1166

02:59:57.360 --> 03:00:00.690

Cooper City Hall: Anything else on your report, I have a couple things Mr Mayor.

1167

03:00:04.290 --> 03:00:14.940

Cooper City Hall: That this This is, as many of our residents in business, have been affected our staff has been affected by like Kobe we've had a significant amount of people that have been.

1168

03:00:16.080 --> 03:00:18.510

Cooper City Hall: tested positive because, mainly because of Hama chrome.

1169

03:00:19.920 --> 03:00:28.710

Cooper City Hall: But aamir Khan variant we did have to close the Community Center just the Community said in that in that not eliminate activities.

1170

03:00:29.370 --> 03:00:36.330

Cooper City Hall: But but we're we're getting better people back and we're full operations Now I do want to give a shout out to.

1171

03:00:37.230 --> 03:00:49.260

Cooper City Hall: jenna in our new passport agent kesha and they received an incredible nice note for our residents for the tremendous customer service that they provided.

1172

03:00:50.100 --> 03:01:02.400

Cooper City Hall: We do have this Friday we have eat to the beach on the 22nd we have the business the inaugural business Expo at the school, we are not right now and we're continuing to evaluate.

1173

03:01:03.090 --> 03:01:12.450

Cooper City Hall: The impact of covert on those those events, and right now we're we're going to move forward with with those events unless something drastic happens between now and then.

1174

03:01:14.130 --> 03:01:17.250

Cooper City Hall: And that's all I have any questions in city manager.

1175

03:01:18.990 --> 03:01:21.090

Cooper City Hall: Hearing none police chief report near, if I may.

1176

03:01:22.260 --> 03:01:24.240

Cooper City Hall: Just one item under the city training recording there.

1177

03:01:25.410 --> 03:01:26.640

Cooper City Hall: Oh, I missed it i'm sorry.

1178

03:01:27.780 --> 03:01:37.290

Cooper City Hall: Just just very quickly merrick Commission I briefed you all individually, but one of the record reflect the yesterday we had our mediation with bsl and our ongoing litigation regarding the disputed pension payments.

1179

03:01:37.980 --> 03:01:46.050

Cooper City Hall: or media was Tom lynch the city showed up in certainly in good faith with our special counsel Commissioner routers with us as long with our city manager.

1180

03:01:46.530 --> 03:01:55.410

Cooper City Hall: We had a very brief opening with be so we broke out into our breakout rooms i'm sorry to say, we never really got to the substance of any negotiations in the context of numbers.

1181

03:01:56.130 --> 03:02:03.060

Cooper City Hall: After a relatively brief time the mediation was in past we're continuing to move forward with our litigation strategy, working with.

1182

03:02:03.420 --> 03:02:09.150

Cooper City Hall: Our special counsel, Mr klausner in furtherance of our hearing which is set in motion for summary judgment, I believe, in early June.

1183

03:02:09.600 --> 03:02:17.970

Cooper City Hall: And at his request, in conjunction with our office i'm requesting this evening a shade session under Section two at 6011 in Florida statutes.

1184

03:02:18.330 --> 03:02:32.370

Cooper City Hall: i'm not asking for that this evening, obviously we will go ahead and coordinate with your schedules and the manager to set a shady shade session for some later date, prior to our next hearing, I just wanted the American mission to be where, so thank you very much.

1185

03:02:35.340 --> 03:02:36.600

Cooper City Hall: Any questions will be turning.

1186

03:02:38.670 --> 03:02:40.740

Cooper City Hall: During none, please do support hmm.

1187

03:02:42.330 --> 03:02:44.190

Cooper City Hall: Do we need to decide about the shade session.

1188

03:02:46.830 --> 03:02:47.100

Cooper City Hall: Okay.

1189

03:02:49.020 --> 03:02:52.530

Cooper City Hall: could be the mayor commission's new manager staff residents that are with us.

1190

03:02:53.220 --> 03:03:00.150

Cooper City Hall: I wanted to give an update on the traffic holiday OPS traffic surge plan that we had discussed, as you know, in the month of December.

1191

03:03:00.450 --> 03:03:09.540

Cooper City Hall: We had authorized a increase in traffic on enforcement during sporadic days during the holiday season, to combat specifically aggressive driving.

1192

03:03:10.200 --> 03:03:18.600

Cooper City Hall: drunk driving and so forth, we had a very successful campaign we had over 82 citations issue 264 drivers.

1193

03:03:18.960 --> 03:03:26.250

Cooper City Hall: 58 of those citations we're moving violations and 15 of the drivers were residents of the city which mean the vast majority of the.

1194

03:03:26.760 --> 03:03:37.230

Cooper City Hall: cited were actually passer bys that we're passing through the city 49 of the drivers, so the bulk of the percentage 60% or more were non residents.

1195

03:03:37.860 --> 03:03:42.900

Cooper City Hall: The top three violations were speeding running stop signs and careless driving and we did have a felony.

1196

03:03:43.350 --> 03:03:48.900

Cooper City Hall: Driving while license revoked the rest during that operation to so we wrap that up as a very successful operation.

1197

03:03:49.440 --> 03:03:54.420

Cooper City Hall: traffic accidents were actually down during that operation which show that the enforcement search was working.

1198

03:03:54.930 --> 03:04:07.740

Cooper City Hall: And we will be continuing to have sporadic traffic enforcement efforts throughout this year, including with the base grant that I am getting on the calendar for again for the broward aggressive speeding enforcement, as we did last year.

1199

03:04:09.150 --> 03:04:16.650

Cooper City Hall: in regards to traffic as well, I just wanted to give a special note to the Commission, the residents, that obviously Monday.

1200

03:04:17.310 --> 03:04:27.120

Cooper City Hall: Many across this country will be celebrating a very important day Martin Luther King jr day with all the festivities that that brings there has been a spin off.

1201

03:04:27.840 --> 03:04:35.430

Cooper City Hall: Safety concern that's come from that holiday and that's the bikes up guns down movement that's been going on for a few years, where we see a lot of.

1202

03:04:36.030 --> 03:04:50.820

Cooper City Hall: Four wheelers ATV motorcycles taking over roadways and streets and highways and large groups of people I do want you to be reassured that the broward sheriff's office and work with our regional partners in Miami.

1203

03:04:51.420 --> 03:04:58.260

Cooper City Hall: beach and Florida highway patrol and we do have a task force that is set up it's going to be adequately staffed.

1204

03:04:58.650 --> 03:05:04.500

Cooper City Hall: So that way we can address those the legal four wheelers on the roadways to ensure traffic safety.

1205

03:05:04.890 --> 03:05:13.110

Cooper City Hall: And we will also be having the increased enforcement here in Cooper city, although it has not been an issue here in past years within the issue here last year, when I was here.

1206

03:05:13.590 --> 03:05:25.320

Cooper City Hall: We do have our team on alert in case you see that stuff the residency any legal four wheelers driving on the roadways at leaves and so forth, please contact my team, so that we can have it addressed.

1207

03:05:26.700 --> 03:05:33.240

Cooper City Hall: in regards to code, we had our magistrate hearing last week on January 5 the last two prizes that we have on the docket.

1208

03:05:33.690 --> 03:05:38.610

Cooper City Hall: went forward with the shared a professional Center which has not comply with the magistrates order.

1209

03:05:38.970 --> 03:05:47.010

Cooper City Hall: And so, now they have a certification of fine date set up for the February 2 magistrate order, where they find will actually be issued and certified.

1210

03:05:47.430 --> 03:05:57.360

Cooper City Hall: And then you know again hopefully that fine we'll bring them to compliance or at least urge them in that direction, and then the second is the shared in publix.

1211

03:05:58.170 --> 03:06:05.100

Cooper City Hall: location that one, they also were not in compliance, they were given 90 days previously.

1212

03:06:05.490 --> 03:06:13.590

Cooper City Hall: And now, they have their final hearing set in February 2 as well, so in February, I look forward to giving the update on both of those plazas.

1213

03:06:14.010 --> 03:06:18.840

Cooper City Hall: in regards to criminal investigations, we did have a successful when on a la etfs seizure.

1214

03:06:19.290 --> 03:06:26.220

Cooper City Hall: Back in September 23 of last year, our Cooper city crimes oppression team was conducting in our comics investigation, the city.

1215

03:06:26.760 --> 03:06:36.480

Cooper City Hall: stemming from they conducted a traffic stop in the city and as part of that investigation they seized a large sum of money that was believed to be involved in the narcotic trade.

1216

03:06:36.900 --> 03:06:50.880

Cooper City Hall: And we did successfully when that mttf mediation and the city was issued a check of \$19,000 for that case, all of that money went to Cooper city, because it was the Cooper city cries depression team that handle the start to finish.

1217

03:06:51.570 --> 03:07:00.780

Cooper City Hall: So that was a good case that our team handled, and I applaud our crimes brushing team detective rush and detective zimbra for their great work on that case.

1218

03:07:01.470 --> 03:07:08.670

Cooper City Hall: in regards to Community outreach we will be there for the city's wonderful eat to beat and also the business Expo we're very excited for that.

1219

03:07:09.270 --> 03:07:16.590

Cooper City Hall: But I did want to let the Commission know and the residents know that, due to the rising code cases are voluntary programs are going to be put on a brief pause.

1220

03:07:16.920 --> 03:07:25.050

Cooper City Hall: We don't anticipate it being a long pause and what we're going to do is with our explorers and co op program we're still going to have our zoom meetings.

1221

03:07:25.350 --> 03:07:30.150

Cooper City Hall: zoom training that we're going to set up so that way we don't lose any momentum that we've been building towards.

1222

03:07:30.450 --> 03:07:35.910

Cooper City Hall: And then, hopefully, in the next few weeks the omni cron cases are coming down, and we can have that in person meeting again.

1223

03:07:36.420 --> 03:07:44.430

Cooper City Hall: But that was just done out of an abundance of caution, because a lot of the personnel were unfortunately coming sick and we need to make sure that we can staff, the.

1224

03:07:45.060 --> 03:07:58.230

Cooper City Hall: roadways for safety and then Lastly, the vacancies, I have three vacancies at this moment, however, those are short lived our Community involvement specialist which has been baking for some while, but that was a strategic move because we're revamping that, as I.

1225

03:07:59.250 --> 03:08:08.970

Cooper City Hall: shared with the commission's to the manager that hired person does start on January 24 of this year we're very excited to bring this new.

1226

03:08:09.660 --> 03:08:21.420

Cooper City Hall: Employee to our capacity team she actually was a resident at one point here and Cooper city tended schools here she lived in the embassy legs Community so she's very familiar with it.

1227

03:08:22.080 --> 03:08:27.720

Cooper City Hall: The Culture here and we believe should be a great fit for Cooper city, so we look forward to starting January 24.

1228

03:08:28.770 --> 03:08:32.910

Cooper City Hall: Our code retirement on of last year with.

1229

03:08:34.950 --> 03:08:45.600

Cooper City Hall: Our code retirement, we have that up and going with human resources right now posting that position, and then the third one, is our CSA that we had resigned on December 30 of 2021.

1230

03:08:46.200 --> 03:08:54.990

Cooper City Hall: But that's already being filled on January 18 so next week we'll have that field so it's a short live, they can see that concludes my report any question that the captain.

1231

03:08:59.520 --> 03:09:15.240

Cooper City Hall: Captain we think it was last me speaking about adding deputies and I brought up economic crimes, and I said how the county only had four people I thought, maybe one day, you should even have a detective in that, and then I think I found out the county disbanded their economic crimes in.

1232

03:09:16.320 --> 03:09:17.100

Cooper City Hall: That accurate.

1233

03:09:19.170 --> 03:09:20.820

Cooper City Hall: Commissioner, an email did come out.

1234

03:09:22.020 --> 03:09:23.880

Cooper City Hall: I think it was last week was out of town.

1235

03:09:25.350 --> 03:09:32.070

Cooper City Hall: Addressing there's been a rising case of violent crime throughout our county not just broward county but throughout the nation, really.

1236

03:09:32.550 --> 03:09:37.470

Cooper City Hall: And so that units really being I wouldn't say disbanded but our.

1237

03:09:37.950 --> 03:09:50.160

Cooper City Hall: Free purpose in the sense that the violent crime cases will be taking precedent, however, our current investigations division did tell us that, if we have a complex economic crime case that we could reach out to them, and they would assist us.

1238

03:09:54.000 --> 03:09:55.080

Cooper City Hall: So they're still going to be there.

1239

03:09:56.370 --> 03:10:01.170

Cooper City Hall: The bodies are there they're repurpose to prioritize violent crime investigations.

1240

03:10:02.310 --> 03:10:09.060

Cooper City Hall: However, if there is a complex economic case that occurs in the city that we need assistance with.

1241

03:10:10.110 --> 03:10:23.130

Cooper City Hall: They assured us that if I contact them, they will assist us and take one of those detectives and assign them to the case Okay, well, I guess it's good move that we added to the detective correct because unbeknownst.

1242

03:10:24.210 --> 03:10:36.030

Cooper City Hall: To us it's more of an issue now, one of the other things is the a lot of our borders, we spoke about this, a lot of our roads and Gruber city, the jurisdictions go back and forth.

1243

03:10:37.350 --> 03:10:59.490

Cooper City Hall: I think that i'd like to support in the Commission, but I think if we should, as a prior as a policy have our deputies respond to all accidents on the surrounding roads, regardless of the jurisdiction and let me that that a little bit more there's an incident in.

1244

03:11:00.630 --> 03:11:07.320

Cooper City Hall: On the sawgrass expressway in cool springs, where there was a fight over jurisdiction on who's going to respond to that and it.

1245

03:11:07.890 --> 03:11:20.700

Cooper City Hall: resulted in I think a head on collision and so cool springs Commission said from their forward they if there was a call on that road they're going to dispatch their police and not want to get into a tug of war.

1246

03:11:21.570 --> 03:11:35.220

Cooper City Hall: When you look at some of our roads, for example, certain portions of pine island eternally make might be D, but the rest of it can be us if you look over on university it's Davey in salon interest on, for instance lunch, so I don't.

1247

03:11:35.700 --> 03:11:58.110

Cooper City Hall: know when the first how many feet and sauna is baby, you know so yeah 34 units going West and in around our perimeter it's kind of like that, I think that is a city, we should just go ahead and say we will handle those it's it's not going to be a lot I don't think it's gonna be a lot.

1248

03:11:59.190 --> 03:12:08.970

Cooper City Hall: And you know it's very hard when you're I remember one time, turning on pine island right right going through heading eastbound and you make a.

1249

03:12:09.750 --> 03:12:20.340

Cooper City Hall: word on sterling make a left on the pine island northbound and I got I got hit as many years ago and it was like is it Davey was a fart with depends, how far through the intersection you're right.

1250

03:12:20.970 --> 03:12:34.710

Cooper City Hall: If you know and and at that time, a be so came and actually stayed with me until baby some team, eventually, but I just think that um with that on on all of our perimeter road we should handle as calls.

1251

03:12:35.250 --> 03:12:41.190

Cooper City Hall: Being it that you guys are the broward sheriff's office you have jurisdiction and we certainly have the resources.

1252

03:12:41.640 --> 03:12:50.670

Cooper City Hall: I mean I wouldn't want to divert resources from you know if you have active calls not to do it, but if I think that we should, I want to know the Commission thinks about that.

1253

03:12:51.780 --> 03:12:52.800

Cooper City Hall: Having that done.

1254

03:12:54.900 --> 03:13:04.470

Cooper City Hall: yeah, what do you think about it, if they get a mayor and, Commissioner, I understand what you're saying, and I want you to know it's recently, something that I address with my team.

1255

03:13:05.370 --> 03:13:19.650

Cooper City Hall: and always want to err on the side of service, so if we have a call that were dispatched to, and it may be in another jurisdiction, the expectation in a direction is that we respond still.

1256

03:13:20.130 --> 03:13:31.980

Cooper City Hall: We arrive on scene, we assess the scene, we render aid if it's another jurisdiction, we make them notification to the jurisdiction but we remain on scene until they arrived, and we have a clean handoff but as far as.

1257

03:13:33.960 --> 03:13:45.450

Cooper City Hall: not responding at all and just assuming the other jurisdictions go out there, we don't want to take that approach, because somebody could need assistance and things could get worse, so the direction is is that we respond.

1258

03:13:46.260 --> 03:13:55.920

Cooper City Hall: We take control that scene, we render aid we notify the other jurisdiction if they fail to show up that's on them if that continues to happen, a pattern.

1259

03:13:56.490 --> 03:14:11.580

Cooper City Hall: Then, what I would like to do is to be able to reach out to my counterpart from that mentality and to just meet with them and discuss that intersection and come to an agreement on if that's Okay, with the Commission, why not us went on us just take take the handle it ourselves, I mean.

1260

03:14:12.990 --> 03:14:26.490

Cooper City Hall: And I say that because we're the broward man you guys are the broward county sheriff's office, so you could it's not a matter of legal authority no it's not it's a matter of you know resource management, and you know just.

1261

03:14:27.540 --> 03:14:32.790

Cooper City Hall: utilizing your team in its jurisdiction right and so.

1262

03:14:33.870 --> 03:14:45.420

Cooper City Hall: It might not be all the time, but there, there could be significant cases like we've had had that location, a significant crash where vehicle went through a a business area right and that took.

1263

03:14:46.440 --> 03:14:48.630

Cooper City Hall: A lot of resources to investigate properly.

1264

03:14:50.400 --> 03:14:57.840

Cooper City Hall: But if the other agency was willing to come out there and we spend 2030 minutes there and then they come in, they relieve us and we have a clean handoff the resident.

1265

03:14:58.770 --> 03:15:09.930

Cooper City Hall: does not have any lack of service and there's no lack of time and we're having a that clean hands up, I think, would be a responsible approach that would be my recommendation and.

1266

03:15:11.730 --> 03:15:23.130

Cooper City Hall: I don't disagree with that, but I think in practicality, the what happens is the nature is going to be it's not our jurisdiction call this this department and.

1267

03:15:23.550 --> 03:15:29.970

Cooper City Hall: You know if we just if our policy which we handle it, I mean it something significant it doesn't really cost us anytime because.

1268

03:15:30.840 --> 03:15:38.130

Cooper City Hall: Being it that we're the broward sheriff's office we don't do traffic homicide that the county sheriff would come out and do it the original unit.

1269

03:15:39.030 --> 03:15:42.690

Cooper City Hall: We still would hold the scenes i'd still tied the person up there and.

1270

03:15:43.440 --> 03:15:55.590

Cooper City Hall: What we would always help with a scene and if we that's where it's really accidents we're talking about, and so, if the accident is significant enough where it would it would take a higher level that's going to be a countywide resource anyway.

1271

03:15:57.030 --> 03:16:05.160

Cooper City Hall: And if it's if it's not we have service AIDS, and we have you know deputy sheriff and I wouldn't want them to do that in lieu of another call.

1272

03:16:05.730 --> 03:16:14.670

Cooper City Hall: But if you know I just think your approach sounds good, but I don't think the practicality of it every deputy comes to computer transfers they're not going to know that necessarily.

1273

03:16:15.510 --> 03:16:21.270

Cooper City Hall: versus the call comes out in the sergeant knows we handle at pine island is sterling cooper's it handles it.

1274

03:16:22.530 --> 03:16:26.340

Cooper City Hall: So I just think it's a higher level, so all of our residents.

1275

03:16:27.600 --> 03:16:40.710

Cooper City Hall: Because it's a good chance is probably one of our it could be one of our residents traversing in cool springs had this very issue and that's why i'm and I understand them and Commission, I agree with you again there's a there's a meter on the side of service, because we don't want the.

1276

03:16:41.940 --> 03:16:49.380

Cooper City Hall: weather the coop city resident or not to be caught up in a jurisdictional battle of 2030 minutes when they need assistance we just want to go there and the system.

1277

03:16:49.770 --> 03:16:57.270

Cooper City Hall: And it's not about winning who takes care of the case and oftentimes will spend more time trying to figure that out, then it would take just to handle it.

1278

03:16:57.930 --> 03:17:01.800

Cooper City Hall: So, in those cases we go and we will handle it, that was a direction that I gave.

1279

03:17:02.520 --> 03:17:12.600

Cooper City Hall: But if there's a complex case one that's going to need follow up investigation and sometimes accidents do, then we should at least make that notification to that jurisdiction for a lot of reasons I mean for.

1280

03:17:13.320 --> 03:17:21.720

Cooper City Hall: Not just for the practicality of them managing their own scenes but also for them having proper data of incidents taking place during their city.

1281

03:17:23.370 --> 03:17:27.180

Cooper City Hall: But it's accurate, because the osi you still put the address but sure.

1282

03:17:28.410 --> 03:17:35.370

Cooper City Hall: I can I buy an island and sterling location, though, Commissioner, I think that you're correct, I think that that would be an.

1283

03:17:36.120 --> 03:17:43.170

Cooper City Hall: intersection that's a lot easier for us to just maintain a handle because there's a very small portion, which is that turn lane, which is debatable.

1284

03:17:43.530 --> 03:17:55.560

Cooper City Hall: And then you know, Commissioner, in full cine a while back he had his in laws' call 911 all the years and they you know they said it wasn't good for shitty um you know it's.

1285

03:17:56.910 --> 03:18:12.090

Cooper City Hall: If it's significant I can understand the higher level, the sergeant lieutenant you make a decision, but any regular accident, we have the extra resources we that was part of you know, the CSA a's and in the deputies.

1286

03:18:13.860 --> 03:18:16.680

Cooper City Hall: And I think it's it's good, because even on sharing in.

1287

03:18:17.880 --> 03:18:35.700

Cooper City Hall: I was under the impression that the eastbound lanes so on the South side was pines and the north we're on the North side we're was a Cooper city with I guess the West plains, but then continue, then you have an accident and pines was pretty much in DC lights.

1288

03:18:36.990 --> 03:18:37.290

Cooper City Hall: or.

1289

03:18:39.210 --> 03:18:48.570

Cooper City Hall: I do know all about it it's jurisdictional we had, and I, I think you know, on 90 literally almost at and Griffin.

1290

03:18:50.100 --> 03:19:03.600

Cooper City Hall: There was an accident and initiated from a westbound car that would be Davey, of course, the car hit the median to a point of impact flipped and came over on to.

1291

03:19:04.560 --> 03:19:15.990

Cooper City Hall: Our side, I called Cooper city fire the right hey guys give me a heads up and they're like, no, no, you got to call 911 they'll decide.

1292

03:19:17.010 --> 03:19:25.230

Cooper City Hall: Okay, but someone needs it, and I don't care what side it's on, and so what you're saying has a lot to do with police and yet.

1293

03:19:25.860 --> 03:19:39.480

Cooper City Hall: When we are dealing with neighboring cities and they make money off of rescue they want to make sure their rescue is going to have you know obtained the person and so i'm not sure.

1294

03:19:40.920 --> 03:19:42.150

Cooper City Hall: I don't care what it would look.

1295

03:19:43.260 --> 03:19:51.330

Cooper City Hall: I get it, but overreaching is something I don't want to be accused of, I want to be a good neighbor.

1296

03:19:53.250 --> 03:20:02.580

Cooper City Hall: If we're handling that many, then I guess ministry natively or at the policy level we got to sit more for some neighbors I don't think that's going to be the case, I think it's more likely.

1297

03:20:02.910 --> 03:20:08.430

Cooper City Hall: That somebody's going to say a deputy or have a police officer say that's not our jurisdiction.

1298

03:20:08.820 --> 03:20:16.500

Cooper City Hall: they're going to go on a resource it's not very accurate, like the property appraiser to try to determine you really need the GIS to go and look and see where it is.

1299

03:20:16.770 --> 03:20:25.800

Cooper City Hall: there's a point over on university and sheridan ish area where almost all four cities come meet in the middle yeah baby slivers over there, where the.

1300

03:20:27.210 --> 03:20:43.560

Cooper City Hall: on the side of David wrote extension not Davey Hollywood slivers up on the side of the road extension, where the Flanagan's Flanagan's as Hollywood hines meets Cooper city comes in and then Davey so you know I don't I don't really want to see Davey police car on Solano.

1301

03:20:44.580 --> 03:20:55.290

Cooper City Hall: Inside doing I don't think we should have, though, and then they're not even sure to turn and you're saying it's Okay, for us to go into gaming in essence only because under State law.

1302

03:20:56.130 --> 03:21:01.920

Cooper City Hall: The broward county sheriff has authority throughout broward county I do not want him to go to date or palm beach.

1303

03:21:05.340 --> 03:21:19.650

Cooper City Hall: i'm not comfortable with you know I don't know about anyone else I like Captain de giovanni's approach we have to be my humble opinion, we have to be very cautious when you're dealing with.

1304

03:21:21.930 --> 03:21:23.460

Cooper City Hall: Multiple jurisdictions.

1305

03:21:24.480 --> 03:21:28.680

Cooper City Hall: I know that I hear the Commissioners concerned with well you know we're talking about.

1306

03:21:29.520 --> 03:21:46.560

Cooper City Hall: You know minor incidences or traffic infractions or you know small accidents or minor accidents we don't you never know if that minor accident is going to be a bigger part of something else, ie with the situation that occurred.

1307

03:21:48.210 --> 03:21:54.540

Cooper City Hall: In the city of miramar last year, the year before, where the ups truck.

1308

03:21:56.160 --> 03:21:57.870

Cooper City Hall: Left Miami dade county.

1309

03:21:59.610 --> 03:22:02.340

Cooper City Hall: Miami dade followed them into miramar.

1310

03:22:03.720 --> 03:22:10.770

Cooper City Hall: it's been, it was reported on the news shootout ensued and some now you have multiple jurisdictions.

1311

03:22:13.980 --> 03:22:14.490

Cooper City Hall: That.

1312

03:22:15.960 --> 03:22:24.570

Cooper City Hall: are probably going to have to assume some level of liability with regard to everything that's gone on so I certainly would not want to put our folks.

1313

03:22:26.850 --> 03:22:44.580

Cooper City Hall: at risk of having to be a part of something like that unbeknownst to them it's more likely that our residents are going to sit in the way wow while they they fight it out that's that's the reality, but you don't want that default is with the 911 system.

1314

03:22:45.630 --> 03:22:52.110

Cooper City Hall: And, and that should be addressed, I think that's more appropriate to look at how the system.

1315

03:22:53.280 --> 03:22:57.030

Cooper City Hall: He made it wasn't me, I think the point is.

1316

03:22:58.350 --> 03:23:00.090

Cooper City Hall: Really simple point is.

1317

03:23:01.740 --> 03:23:12.390

Cooper City Hall: 10 feet should not matter, we should not be looking at 10 feet, if something happens, for example, an accident happens on the road, and then they pull over.

1318

03:23:12.870 --> 03:23:18.630

Cooper City Hall: And they pulled over five feet now they're in davie but actually i'm happy or city, who.

1319

03:23:19.440 --> 03:23:26.370

Cooper City Hall: will send you a Davey and it all comes davy because they pulled over and date but that doesn't happen capacity, let me give me that these things actually happen.

1320

03:23:26.670 --> 03:23:48.240

Cooper City Hall: And they shouldn't really matter where the call me why we addressed it by having me sign the agreement for closest unit response response, and it is a closest who were city should go even if there's a little, even if you're, not even if there's a risk so God forbid, something happens.

1321

03:23:49.350 --> 03:23:54.030

Cooper City Hall: And I believe you so as a best trained in many areas, there is, I mean they.

1322

03:23:55.800 --> 03:24:03.030

Cooper City Hall: We we will respond with total faith we direction again, as we will respond to those cases, Commissioner.

1323

03:24:04.020 --> 03:24:17.790

Cooper City Hall: Because we also don't want the resident to be stuck waiting for service, but how do we get dispatch to dispatch you guys, so let me give you an example, there are certain areas in Florida, where, if you get an accident on sterling road.

1324

03:24:19.170 --> 03:24:26.700

Cooper City Hall: Florida highway patrol comes out does it most the Florida Florida highway patrol does accidents throughout the the the the Community.

1325

03:24:27.210 --> 03:24:36.780

Cooper City Hall: Only in South Florida do they not come off of the highway so it's not a jurisdiction issue it's just they if there's an understanding they don't call this patch has a different.

1326

03:24:37.890 --> 03:24:48.000

Cooper City Hall: Different system that they utilize with with data that generates what jurisdiction it's going to be and sometimes that's paste up, based on past precedent.

1327

03:24:48.510 --> 03:24:57.600

Cooper City Hall: bars what jurisdictions that handle that and where that's NGO coated before right, I want to make future precedent that if it comes out on.

1328

03:24:58.140 --> 03:25:06.270

Cooper City Hall: Certain areas where that anywhere on that road will take it we don't care if it's the turn lane we don't care if it's a northbound lane or whatever, I will get this patch.

1329

03:25:06.810 --> 03:25:19.590

Cooper City Hall: That you listen to your place where do I know you've heard accidents on 595 the person comes off Davey says no going back to fh P and it's confusing and people really do sit there and.

1330

03:25:20.670 --> 03:25:27.960

Cooper City Hall: it's not the dispatcher needs a dispatcher That way we can say that we're going to you know rally our deputies and talent, but if they don't even get the call and are going to know.

1331

03:25:28.830 --> 03:25:35.850

Cooper City Hall: So I would like to enter you know, whatever we have to do so that if, if you have an accident on on the sterling road.

1332

03:25:36.900 --> 03:25:39.720

Cooper City Hall: And pine island for our share suppose.

1333

03:25:42.600 --> 03:25:50.670

Cooper City Hall: Once they get there, they could then you know say hey this is going to be a death, and you know, David you wanted orders be so downtown want to do it, but but.

1334

03:25:51.330 --> 03:25:59.310

Cooper City Hall: In this particular situation, there was a broken down car a off duty pines person was sitting there waiting for somebody to come.

1335

03:25:59.790 --> 03:26:12.870

Cooper City Hall: It was dispatched to Cooper city Cooper city said nope it's not us it's Davey so that off duty pines person was there to like 20 minutes over 20 minutes waiting and I know the cat nodes so that the deputy went there I.

1336

03:26:13.980 --> 03:26:23.250

Cooper City Hall: you'd have to have gone in there, a very small sliver of time if that happened, but you know i'm like it didn't clearly group or city into other cities handled it.

1337

03:26:23.910 --> 03:26:29.640

Cooper City Hall: And, and at the same time, we have a service aid sitting in the middle of field by the basketball courts.

1338

03:26:30.600 --> 03:26:40.680

Cooper City Hall: not appearing to be off on call and i'm thinking hey we have a service a we're not all tied up where this is in Cooper city and optimise understanding, but i'd rather just err on the side of US handle him.

1339

03:26:42.300 --> 03:26:45.270

Cooper City Hall: And that's why Commissioner was addressed the very next thing.

1340

03:26:45.930 --> 03:26:54.930

Cooper City Hall: Like I promise you know I know the Monday dispatch the for the business edition will dispatch but this batch did dispatch that call to us, and then it was redirected.

1341

03:26:55.770 --> 03:27:07.260

Cooper City Hall: Based on the perception that that area was Davies that we're discussing and there are some question there and they have handled accidents there before.

1342

03:27:08.790 --> 03:27:18.780

Cooper City Hall: However, the the clarification and the direction the agreement, this is the consensus we all understood that we are on the side of service.

1343

03:27:19.410 --> 03:27:28.440

Cooper City Hall: We still go and arrive on scene and if there's a question or jurisdiction, we can notify baby, but we start rendering aid in the system if they be arrives.

1344

03:27:29.010 --> 03:27:36.300

Cooper City Hall: Great we have a clean hands off of David refuses where they're ready were assisting the resident, and will remain there and assist them through the end.

1345

03:27:36.750 --> 03:27:44.640

Cooper City Hall: And I think that resolves the concern, so now that you have when you have someone working overtime here from pumping out how do they know that the sergeant.

1346

03:27:45.570 --> 03:27:54.030

Cooper City Hall: With monitors the radio and the sergeant is responsible for ensuring that the calls are responded to and that's why the conversation was not just.

1347

03:27:54.930 --> 03:28:11.070

Cooper City Hall: It was with the vested parties that leadership team, I would really like to get it changed at the district level I you know at least the areas that are in question that the you know the ones that aren't clear, because when people call an accident, they don't know the exact location.

1348

03:28:12.150 --> 03:28:18.420

Cooper City Hall: They really don't they say oh it's you know what that's why that's why Commissioners, a little i'm a little hesitant answering that.

1349

03:28:19.650 --> 03:28:27.390

Cooper City Hall: Because it's very difficult to control, you don't know what the color is going to give the call taker you don't know how the call taker is going to input it.

1350

03:28:27.840 --> 03:28:41.670

Cooper City Hall: And you don't know how the system GEO coding is going to route that call and that's that's a whole nother department outside my area of control, but in this particular case, the call was routed to Cooper city.

1351

03:28:42.960 --> 03:28:50.490

Cooper City Hall: And it was a a direction that I addressed on how we will handle that location in the future.

1352

03:28:51.960 --> 03:28:55.650

Cooper City Hall: i'm not aware of any other locations, Commissioner, that we have that.

1353

03:28:56.280 --> 03:29:07.410

Cooper City Hall: type of issue, I know that we have other jurisdictional areas like the mayor had discussed on Griffin westbound with Davey but normally in those areas David has been very prompt.

1354

03:29:07.770 --> 03:29:15.900

Cooper City Hall: and responsive, we have a good relationship with them, I don't think that there's any portion of Davey on on Griffin road.

1355

03:29:17.130 --> 03:29:25.110

Cooper City Hall: that's new that wasn't how it was before the West side, now I ignored the north side is not what point North side.

1356

03:29:26.700 --> 03:29:36.750

Cooper City Hall: ne is not dating for the website I think they do a lot, it depends on where where where it's at, and what I would recommend for the Commission is if.

1357

03:29:37.680 --> 03:29:42.270

Cooper City Hall: You, allow me to go back to the team find that word these disputed areas are historically.

1358

03:29:42.630 --> 03:29:50.370

Cooper City Hall: Where we have the majority of our issues at, allow me to reach out to my counterparts, with the other municipalities if they have disputes.

1359

03:29:50.670 --> 03:30:05.250

Cooper City Hall: Where they don't feel that that surgery section we're not going to get into a cat and mouse about it, we will simply just take it, and that will be a very clear and understood things back and forth I think they all agree with that can we get a detailed map with a streets.

1360

03:30:06.360 --> 03:30:16.350

Cooper City Hall: Which jurisdiction has it as I, it should be covered in the zone maps arm and dust manager, but I can send Union like that it's pretty.

1361

03:30:18.570 --> 03:30:31.410

Cooper City Hall: we're talking about an element of the Orleans How would you see that yeah you can see that i've tried, yet we haven't showed something detailed enough, you have to look on one of the GIs the county GIs system.

1362

03:30:33.570 --> 03:30:48.000

Cooper City Hall: i'll give you example the Griffin gets all the you know in front of armies owes I think Davey will now handle but that's new that's really not dating baby has is not continuous but, but the law, stating that land on by the government can't.

1363

03:30:48.510 --> 03:30:56.160

Cooper City Hall: forgive you from being contiguous makes them acceptable, so all this, I mean theoretically it's right away, but that's right away in Cooper city.

1364

03:30:56.490 --> 03:31:06.450

Cooper City Hall: So they used to never handle anything on Griffin as probably the last few years now, you see him on a certain portion of it but or higher the surveyor to survey.

1365

03:31:07.500 --> 03:31:24.030

Cooper City Hall: getting into an occurrence for that's all yeah I if Commissioner if the Commission is fine with the recommendation that I made i'll move forward with that, I think we all are, and the manager know what the results are should thank you okay miss any other questions or the chief.

1366

03:31:25.560 --> 03:31:28.890

Cooper City Hall: Thank you very much we'll be raising concerns.

1367

03:31:30.150 --> 03:31:30.750

Cooper City Hall: isn't a green.

1368

03:31:33.030 --> 03:31:48.270

Cooper City Hall: Thank you, Mary I was just very quickly, I know that we have eat to the beat this coming Friday, regrettably, I will not be able to attend, I will be in boca raton attending a meeting and so i'm going to miss the event but i'm sure that it'll be a great a great event.

1369

03:31:49.980 --> 03:31:53.490

Cooper City Hall: I have nothing for Thank you Thank you conventional Cheney.

1370

03:31:55.950 --> 03:31:58.260

Cooper City Hall: Again, thank you for the meeting, thank you for.

1371

03:31:59.610 --> 03:32:02.880

Cooper City Hall: pastor roped into that stayed the whole meeting.

1372

03:32:05.100 --> 03:32:15.810

Cooper City Hall: braved it out, thank you for all the residents who are still watching and Commission and Tina was there in the corner did an awesome job today.

1373

03:32:16.890 --> 03:32:17.670

Cooper City Hall: Joe and.

1374

03:32:18.870 --> 03:32:20.220

Cooper City Hall: As always, and thank you.

1375

03:32:23.220 --> 03:32:24.510

Cooper City Hall: Thank you mayor Ross.

1376

03:32:27.390 --> 03:32:31.740

Cooper City Hall: Friday night we have each of the beat I know it's gonna be a tremendous event it's actually my favorite event.

1377

03:32:32.160 --> 03:32:43.380

Cooper City Hall: Other than founders day when we have it in January it's gonna be nice and cool out the weather's gonna be conducive unfortunately i'm not going to be there, I regret to say, i'm not going to be there either so really the three of you to hold down the fort.

1378

03:32:45.600 --> 03:32:56.760

Cooper City Hall: We have our first ever business Expo coming up on the 22nd and i'd be remiss if I didn't give a big shout out to Carlos Vega and his staff, particularly miss Tina Hudson for all the hard work she has put in.

1379

03:32:57.780 --> 03:32:58.260

Cooper City Hall: and

1380

03:33:00.360 --> 03:33:01.320

Cooper City Hall: Michael capello.

1381

03:33:02.610 --> 03:33:03.060

Cooper City Hall: Thank you.

1382

03:33:04.800 --> 03:33:15.900

Cooper City Hall: we've actually able to hit our maximum amount of vendors, we targeted 70 because of space constraints and we have 70 signed up 70 businesses and Cooper city, are going to be showing their wares this event.

1383

03:33:16.710 --> 03:33:24.000

Cooper City Hall: And I spoke with Michael the other day, and he thinks we're going to have well, I was hoping for a couple hundred people to show up for this thing.

1384

03:33:24.510 --> 03:33:31.890

Cooper City Hall: He seems to think it's gonna be substantially more than that, and I couldn't tell you how thrilled we'd all be if that happens, because I think it's going to be it's going to be a wonderful showcase.

1385

03:33:32.460 --> 03:33:45.330

Cooper City Hall: For the businesses, but also going to be an eye opener for our residents you'll be able to see once and for all, all the all the wonderful businesses and products and services available to them in Cooper city so i'm really looking forward to that next Saturday over at the high school.

1386

03:33:47.970 --> 03:33:49.320

Cooper City Hall: other thing I wanted to mention.

1387

03:33:53.850 --> 03:34:02.310

Cooper City Hall: Recently, was brought to my attention that there were some posts on social media regarding mine and the mayor's health Now I understand we're public officials.

1388

03:34:02.850 --> 03:34:12.750

Cooper City Hall: And we're living in a glass, you know, in a fish tank I get the whole thing but remember we're human beings as well, and I think a little sensitivity could have been.

1389

03:34:14.340 --> 03:34:32.520

Cooper City Hall: Maybe taken here, there were inaccuracies written on social media that I personally don't like to speak to the Mayor, but I don't appreciate, there were no factual just stuff that wasn't true if anybody thinks for a second that any of us up here would.

1390

03:34:33.600 --> 03:34:47.760

Cooper City Hall: would not take this pandemic seriously and wouldn't do the responsible thing of notifying the people that need to be notified immediately and not put our residents in our children at risk is sadly mistaken.

1391

03:34:49.320 --> 03:35:09.330

Cooper City Hall: And i'm all i'm asking for is a little more responsibility in social media if anybody has any questions they want to ask me about my health or anything else, my numbers 954-859-4743 i'll be happy to address anybody's questions or concerns moving forward, I just asked her that consideration.

1392

03:35:12.180 --> 03:35:20.520

Cooper City Hall: that's all I have for this evening, thank you very much and show i'd like to just give me two minutes after the meeting Thank you may run Commission shorter I.

1393

03:35:22.140 --> 03:35:36.990

Cooper City Hall: eat to the beat is also probably one of my favorites but regrettably I won't be here either my daughter it's my daughter's birthday and and we're gonna go to the mouse so postpone the event.

1394

03:35:38.340 --> 03:35:42.990

Cooper City Hall: You know what I see if my wife, will take the three kids without me so that goes but i'm.

1395

03:35:44.370 --> 03:35:47.220

Cooper City Hall: So fortunate I won't be able to do that.

1396

03:35:48.360 --> 03:35:50.160

Cooper City Hall: Thanks Tina for stepping up.

1397

03:35:51.510 --> 03:35:58.470

Cooper City Hall: look like your natural over there, get right back to it, and I want to thank public works, the assault another sign painted.

1398

03:35:59.880 --> 03:36:02.490

Cooper City Hall: With the new paint and it looks great.

1399

03:36:03.870 --> 03:36:12.270

Cooper City Hall: You know so it's a great touch the other, the last thing I have, I want to welcome Mr good, and I want to ask about.

1400

03:36:13.380 --> 03:36:25.740

Cooper City Hall: When we're merging streets and stormwater together and merge them together, I keep talking about it, I just want to do it so what's the right way to do that I.

1401

03:36:26.910 --> 03:36:36.660

Cooper City Hall: Think if you i've already spoken to him, Mr good about about that, but just just give us the opportunity to assess and then determine a timeline how long you think and before and now.

1402

03:36:38.430 --> 03:36:51.990

Cooper City Hall: i'd like to give let Mr could get his feet on the ground Okay, and then the other thing is, I do want to go ahead if the Commission will greet and looked at doing a storm water rates study the last one did not.

1403

03:36:53.340 --> 03:37:01.320

Cooper City Hall: cover a lot of things that I think are important and another one was on, for example on new year's Eve.

1404

03:37:02.460 --> 03:37:04.350

Cooper City Hall: A neighbor decided to light off like.

1405

03:37:05.460 --> 03:37:14.910

Cooper City Hall: To freight trains will full of you know dynamite essentially and all that stuff ends up in the street in ultimately into the storm drain so.

1406

03:37:15.420 --> 03:37:22.920

Cooper City Hall: We have to really you know address the stuff that goes in the storm drains when you proactive, so I think we need to.

1407

03:37:23.790 --> 03:37:36.480

Cooper City Hall: What do we have that study done to take any concert take these things into consideration yeah I think before the studies done you've got Tom good on board now let him at least get his feet wet what.

1408

03:37:37.530 --> 03:37:41.790

Cooper City Hall: The rate is going to be regardless whether it goes to Tom or stage when's the last time we had a.

1409

03:37:43.260 --> 03:37:51.600

Cooper City Hall: We had a recent study done probably about two years ago, but it didn't include all it's simply looked at was the storm water drain.

1410

03:37:52.410 --> 03:38:02.400

Cooper City Hall: You know, infrastructure, not all the you know all the things that go into it, so you know you put a storm great there and a pipe.

1411

03:38:03.090 --> 03:38:14.790

Cooper City Hall: And yeah that cost X amount of to put in the ground, but what about the maintenance of it with with all the debris that goes in we don't have any street sweeping we have on there to have a street sweeper but that's all stormwater related.

1412

03:38:15.870 --> 03:38:20.490

Cooper City Hall: And, and you know everything that comes off into the grounds.

1413

03:38:21.570 --> 03:38:27.780

Cooper City Hall: You go down our main roadways that should be cleaned up can we, and I think I agree, you know we.

1414

03:38:28.800 --> 03:38:36.270

Cooper City Hall: We need to see how we can best minimize what's going on, in other words anything under the other than water.

1415

03:38:37.080 --> 03:38:49.350

Cooper City Hall: Is is a problem, so the placement of the screen is obviously sure you know, an answer, but, but the screens have to be they have to be maintained at regular intervals, so they don't clog up the backup or the tree trimming we're paying for right now to the general fund.

1416

03:38:50.250 --> 03:38:59.640

Cooper City Hall: And why do we don't treat we don't trim the trees inside each ways, so why are we trimming the trees out of the general fund that shouldn't really be in a journal fun that if it's.

1417

03:39:00.000 --> 03:39:09.930

Cooper City Hall: Because it's it's on a street We maintain that, in my opinion, should be done via because we're maintaining it goes into the storm, can we can we not redo.

1418

03:39:10.260 --> 03:39:20.190

Cooper City Hall: The entire study but can we supplement and see what the cost would be now i'll talk to Mike about doing that we've already had an initial discussion on that and.

1419

03:39:21.900 --> 03:39:28.230

Cooper City Hall: And also we're going to be bringing to the Commission, I don't know it's gonna be on one or the first one in favor we're still.

1420

03:39:29.280 --> 03:39:42.120

Cooper City Hall: Adding stormwater rates to the anthem or, can you please send us a study to please would you please send us all this stuff old study the previous study, yes, yes, yes mayor man, I just have one more thing, and this is for Joe.

1421

03:39:43.530 --> 03:39:47.430

Cooper City Hall: And I know and we spoke about this right, I know the answer I just wanted to make sure everybody knows.

1422

03:39:47.970 --> 03:39:57.000

Cooper City Hall: At the December 14 meeting we had asked you to put on the agenda for this meeting, the item regarding the senior senior management pension and.

1423

03:39:57.780 --> 03:40:03.360

Cooper City Hall: I wanted to speak to that yeah it is, I was expecting that this will be on that it'll be next gen I just needed to.

1424

03:40:04.320 --> 03:40:12.660

Cooper City Hall: Talk to some of you didn't I haven't spoken to everyone, about it, but just some things are on there before we actually move forward so it'll be on the next agenda great Thank you.

1425

03:40:14.910 --> 03:40:27.090

Cooper City Hall: It to the beach, I will be at yeah Thank you I will also think it's important to know that those of you who were intending on going to touch a truck we have rescheduled that.

1426

03:40:27.720 --> 03:40:37.620

Cooper City Hall: We have rescheduled and we're looking on unfortunately because of all the events we have coming up and we're probably looking at the September timeframe Okay, so please note that.

1427

03:40:41.790 --> 03:40:43.980

Cooper City Hall: I couldn't have said it better howard's just won't touch it.

1428

03:40:45.480 --> 03:40:51.420

Cooper City Hall: I thank you and we have anyone on virtual regarding public comments.

1429

03:40:53.250 --> 03:40:57.360

Cooper City Hall: Anyone in the audience wishing to have a public comment at this time.

1430

03:40:58.470 --> 03:40:59.100

Cooper City Hall: Seeing none.

1431

03:41:23.430 --> 03:41:35.040

Cooper City Hall: The heart of someplace special our residents their experiences Their stories the bonds they've built with neighbors along south west 54th street yourself with 98 that.

1432

03:41:35.700 --> 03:41:45.840

Cooper City Hall: You will find a landmark that tells the story of strangers who became neighbors who then became friends with my hero when I moved in or we moved in 1972.

1433

03:41:47.430 --> 03:41:57.180

Cooper City Hall: But and who did damage that we had a new trade put in by the city, and this is the trick is you know and his wife, has called Cooper city phone for.
