

**CITY COMMISSION
STAFF REPORT**

DEPARTMENT: Finance

DATE: 6/2/2023

SUBJECT: Motion to Approve a renewal of MSA FL-12180672-MBrow with Comcast Enterprise. – **Finance/Information Technology**

CITY MANAGER RECOMMENDATION:

The City Manager recommends approval to renew our MSA FL-12180672-MBrow with Comcast Enterprise.

BACKGROUND OF ITEM:

Currently, the City has partnered with Comcast as the primary ISP for the last 5 years at various City facilities. This renewal would be a continuance to our agreement for our existing fiber services and allowing the City of Cooper City to establish new products and services with Comcast.

ANALYSIS:

Having Comcast as the primary ISP, there may be additional services that will need to be added in the future or adjustment in speeds as the Cities needs continue to grow technologically.

FISCAL IMPACT:

The renewal of the MSA will have no initial Fiscal Impact and can help streamline negotiations for future projects and contracts.
