Tedra,

Sorry for all the items, but I just received the below email from Rock Creek requesting assistance with their LPR cameras. Can you please add the email from rock creek as back up for the following item:

- Discussion & Possible Action on Rock Creek's request for LPR grant fund assistance.

Thank you,

**Ryan Shrouder**  
Commissioner

June 6, 2023

Good morning Mayor Ross and Commissioners Green, Katzman, Mallozzi, and Shrouder:

Rock Creek has been working with Vetted Security Solutions, as recommended by Cooper City, and has secured a labor and material quote to install both LPR and CCT cameras at our 6 points of entry.

We have been working with both Vetter and Sgt. Nieves since last year on this project. BSO has been extremely helpful in terms of providing us with information and encouraging such an investment.

As we feel such an investment would help both the residents of Rock Creek and Cooper City, is there a possibility that Cooper City could assist with the initial costs of install as part of your continued partnership with Rock Creek.

I will be attending, along with one of our Board members the "Open House" on June 14<sup>th</sup>, 2023, at BSO headquarters showcasing the new system you have up and running. Congratulations to you for such an accomplishment.

Our next Rock Creek Board meeting is on 6 21 2023 with the purchase of this system and a commitment to a Service contract being on the Agenda.

Please advise what information we can provide to help you consider our request.

Thanks again,

Carl Rosendorf, LCAM
