7. **OTHER USES ON THE PROPERTY.** If the DEVELOPER constructs buildings other than those outlined in Exhibit "D" attached, or otherwise changes the use of structures built at the PROPERTY, the CITY shall determine if additional capacity is needed, as calculated using Exhibit "D" attached hereto. If additional capacity is required, additional connection charges, computed at prevailing rates, capacity allocation, if available, and construction connection charges, if any, shall be required of the DEVELOPER. If requested by the CITY, the DEVELOPER shall provide the CITY a list of all tenants and building units and/or use prior to the installation of any water meters by the CITY for the PROPERTY. The CITY may require DEVELOPER to make certain modifications to CITY'S water and sewer systems in order to alleviate the burden that providing service to the PROPERTY has on the systems. The required modifications are set forth in Exhibit "E" and shall be performed by DEVELOPER at DEVELOPER'S sole cost and expense. The DEVELOPER will not receive a Certificate of Occupancy prior to the completion of the required modifications.

8. **DESIGN AND CONSTRUCTION OF FACILITIES.** The **DEVELOPER** at its own cost and expense shall cause to be designed, constructed and installed all of the necessary water and/or sewer facilities provided for in this Agreement unless otherwise specified. The facilities shall include any and all water mains, valves, fittings, fire hydrants, firelines, service connections, service lines, shutoffs, meter boxes, air release valves, gravity sewer mains, laterals, manholes, and all appurtenances thereto for a complete installation. A copy of each field report shall be submitted to the **CITY** by the engineer. The **CITY** shall retain the right, but not be obligated, to make engineering inspections of all the construction work performed by the **DEVELOPER** under the terms of this Agreement including private facilities not to be conveyed to the **CITY**. Such inspections shall not be construed to constitute any representation or guarantee on the part of the **CITY** as to the quality and condition of materials and workmanship. Any inspections by the **CITY** shall not relieve the **DEVELOPER** of any responsibility for proper construction of said facilities in accordance with approved plans and specifications. Furthermore, any inspections by the **CITY** shall not

relieve the **DEVELOPER** of responsibility for the quality and condition of materials and workmanship.

10. **TESTS.** During construction and at the time when various tests are required, the **CITY'S** engineer or its authorized representative, together with the **DEVELOPER'S** engineer and contractor, shall jointly be present to witness tests for determination of conformance with approved plans and specifications. The **DEVELOPER** shall notify the **CITY** a minimum of twenty-four (24) hours in advance of the tests. Copies of test results shall be furnished to the **CITY** upon the completion of each test.

11. **CONSTRUCTION MEETINGS.** **DEVELOPER** shall arrange for a pre-construction meeting with the **CITY** prior to the commencement of each phase of construction. Notification for each meeting shall be made in writing and must be received by all parties at least seventy-two (72) hours in advance of the proposed meeting. The meeting shall be held at least twenty-four (24) hours prior to the commencement of each phase of construction. The **CITY** reserves the right to schedule construction meetings with the **DEVELOPER'S** representatives (Engineer, Project Manager, Construction Superintendent and others) at a place designated by the **CITY** with respect to project related matters upon twenty-four (24) hours notice.

12. **SUBCONTRACTORS AND CONSULTANTS.** The **CITY** reserves the right, at any time, to bar any subcontractor or consultant employed by the **DEVELOPER** from engaging in any sort of work or activity related to this Agreement, if such be in the interests of the **CITY**. In the event the **CITY** rejects any subcontractor or consultant, said subcontractor or consultant will immediately cease work on anything related to this

Agreement. The **DEVELOPER** shall not be entitled to compensation for any monies previously paid to any subcontractor or consultant if said subcontractor or consultant is rejected by the **CITY**.

13. **COMPLIANCE WITH ALL LAWS.** The **DEVELOPER**, at its own cost and expense, shall comply with all applicable laws, statutes, rules, and ordinances in carrying out the activities contemplated herein.

14. **APPROVALS AND PERMITS.** The **DEVELOPER** shall be fully responsible for obtaining all required approvals from all appropriate governmental and regulatory agencies and all necessary permits for all facilities contemplated in this Agreement. Notwithstanding anything else contained herein to the contrary, this Agreement shall not constitute or be interpreted as a waiver of any requirements of any other agency of Broward County and/or any requirements of the Code the City of Cooper City or of the Code of Broward County. The **DEVELOPER** is responsible for obtaining all permits as may be required for the work contemplated herein.

15. **CITY AS PERMITTEE.** Certain federal, state and county agencies, including but not limited to the State of Florida Department of Transportation, the South Florida Water Management District, the Central Broward Water Control District, the U.S. Army Corps of Engineers and Florida railway entities may require that the **CITY** be named as permittee for certain construction activities even though the **DEVELOPER'S** contractor will actually perform the work. To insure that the **CITY** will incur no costs or liability as a result of being named permittee on such permits, the **DEVELOPER** shall provide sufficient security as

acceptable to the **CITY** which shall indemnify and protect the **CITY** from all claims, actions, judgments, liability, loss, cost and expense, including reasonable attorney's fees, related to work performed by the **DEVELOPER** pursuant to such permits. The security shall be furnished prior to the start of construction and shall be in an amount equal to the **CITY'S** cost estimate for the permit work. The **DEVELOPER** shall have sixty (60) days to resolve any claims by a permittor. Otherwise, the **CITY** shall be entitled to pay said claims from the security. The **DEVELOPER** shall be liable for all costs in excess of the security.

16. **OWNERSHIP OF WATER METER.** The **CITY** shall own and install the required water meter as a part of any water service installation. Ownership by the **CITY** shall terminate at the outlet side of each water meter. The **DEVELOPER** shall pay all applicable installation charges.

17. **TREATMENT AND TRANSMISSION CAPACITY.** In addition to the covenants and conditions set forth herein, water and sewer service to be rendered by the **CITY** is subject to the following:

- a. issuance of a valid operation permit by the State of Florida for the **CITY'S** sewage treatment facility serving the **PROPERTY** which allows additional connections,
- b. sufficient available capacity in the **CITY'S** sewage system and connection approval,
- c. available water by the **CITY**.

However, in no event will the **CITY** be obligated to supply any more water or sewage treatment capacity in any one year than is called for by the building connection schedule

attached as **Exhibit "D"**. Any variation from said connection schedule which results in increased yearly demand on the water resources or sewage treatment facility capacity of the **CITY** not specifically provided for in **Exhibit "D"** shall be subject to the written approval and consent of the **CITY** and shall be dependent on the availability of the water resource and the various restrictions placed on the supply of water or the disposal of sewage by local, state and federal government agencies and the physical limitations on the **CITY'S** supply and treatment capacity. If the **DEVELOPER** does not utilize the yearly amount of water or sewage treatment facility allocation projected in **Exhibit "D"**, said amount will be available to the **DEVELOPER** in the next calendar year subject to the limitations and provisions specified herein.

18. **ALLOCATION OF CAPACITY.** The **CITY** agrees to include the aforesaid allocation in its regional water supply, production and transmission facilities and regional sanitary sewer system, once the **DEVELOPER** is granted necessary sewer allocation. However, it is mutually agreed and understood by the **CITY** and the **DEVELOPER** that the allocation of capacity by the **CITY** does not guarantee the ability of the **CITY** to supply water for the **PROPERTY** or the ability to receive and dispose of sewage originating from the **PROPERTY**. Capacity allocation is subject to local, state and federal agencies and other regulatory bodies having jurisdiction. In connection therewith, the **DEVELOPER** agrees that the **CITY** shall not be liable or in any way responsible for any costs, claims or losses incurred by the **DEVELOPER** as a result of actions by regulatory bodies, which are related to capacity allocation.

19. **FACILITIES EASEMENTS.** If the facilities contemplated herein or any portion

thereof are installed within private property outside of public right-of-way, the facilities shall be installed in the center of a twelve (12) foot wide easement for water facilities and fifteen (15) foot wide easement for sewer facilities. Both require a twenty-five (25) foot minimum vertical clearance above the finished grade. The **CITY** shall have twenty-four (24) hour access to the easement for emergency purposes. If the facilities are not located in platted easements, then easements shall be granted to the **CITY** by the **DEVELOPER** prior to the **CITY'S** installation of a water meter and/or the rendition of sewer service to the **PROPERTY**. The **DEVELOPER** may not place any structures in an easement area which would prevent the **CITY**, at its sole discretion, from making full use of the easement, and the **DEVELOPER** shall remove same, at the **DEVELOPER'S** cost, at the direction of the **CITY**. The **DEVELOPER** may place structures in the easement area if such structures may be removed, with minimal effort by the **CITY**. In the event that such structures need to be removed in order for the **CITY** to make use of the easement; the **DEVELOPER** hereby recognizes that **DEVELOPER** has placed such structures in the easement area at **DEVELOPER'S** own risk, and that the **CITY** shall not be liable for any costs incurred by the **DEVELOPER** in replacing any such structures removed by the **CITY**.

20. **CONVEYANCE OF TITLE.** Conveyance of all easements shall be by separate instruments in recordable form as approved by the **CITY** and shall be accompanied by a written opinion of title by an attorney licensed to practice law in the State of Florida, which states that the **DEVELOPER** is the owner of the property interest to be conveyed, subject only to liens, encumbrances and restrictions as are acceptable to the **CITY**. The opinion shall also state that upon execution by the **DEVELOPER**, a valid and

enforceable easement will be vested to the **CITY**. The **DEVELOPER** shall pay for all applicable recording fees and for all applicable documentary stamps. The details for all conveyances are specified herein. Failure of the **DEVELOPER** to provide proper conveyances shall be cause for the **CITY** to refuse to render service to the **PROPERTY**.

21. **DRAWINGS AND CONVEYANCE DOCUMENTS.** Following completion of the water and/or sewer facilities contemplated herein for **CITY** ownership, the **CITY** shall provide conveyance documents, which may include bills of sale, releases of lien and grants of easement for execution by the **DEVELOPER**. The properly executed documents shall be delivered to and accepted by the **CITY** prior to the rendition of water and/or sewer service by the **CITY**. The **DEVELOPER** shall pay for all applicable recording fees and for all applicable documentary stamps. These conveyances shall be accompanied by copies of paid bills and/or lien waivers, releases, or satisfactions from all persons who performed work on the **PROPERTY** or on the water and/or sewer facilities and all persons who incorporate materials into the **PROPERTY** or into the water and/or sewer facilities, together with a breakdown of the actual cost of said facilities. Concurrently, the **DEVELOPER** shall furnish the **CITY** with one (1) set of mylar as-built drawings showing specific locations and depths among other things, of all facilities as located by a licensed surveyor, along with four (4) prints of the as-built drawings which have been sealed by a surveyor and certified by the engineer of record. An additional copy of As-Built drawings shall be provided in an electronic format compatible with the C.A.D. format. Approval by the **CITY** of all required conveyance documents, drawings and survey specified herein shall constitute final acceptance by the **CITY** of said facilities. After final acceptance, the facilities shall remain

at all times the sole, complete, and exclusive property of the **CITY** and under the exclusive control and operation of the **CITY**.

22. **WARRANTY AND MAINTENANCE BOND.** The **DEVELOPER** warrants that the water and sewer facilities to be owned by the **CITY** shall be free from defects in materials and workmanship for a period of one (1) year from final acceptance by the **CITY**. At the time of execution of this Agreement, **DEVELOPER** shall deliver to the **CITY** a performance bond or other security in a form acceptable to the City Attorney in an amount equal to one hundred ten (110) percent of the estimated cost of construction as approved by the **CITY**. Upon completion of construction and simultaneously with the transfer of the water and/or sewer facilities to the **CITY**, the Bond shall be reduced to twenty-five (25) percent of the certified completed cost of the water and/or sewer facilities. The remaining Bond shall be held for an initial one (1) year period and shall act as a maintenance bond, which shall guarantee the warranty. Release of the remaining Bond shall be contingent upon the satisfactory inspection of all improvements, and the approval of the City Commission. If it becomes necessary to repair and/or replace any part of the facilities during the initial one (1) year period, then the warranty as to those items repaired and/or replaced shall continue to remain in effect for an additional period of one (1) year from the date of final acceptance by the **CITY** of those repairs and/or replacements. The bonds shall have as the surety thereon only such surety company as is acceptable to the **CITY** and which is authorized to write bonds of such character and amount under the laws of the State of Florida.

23. **CONDITION OF AGREEMENT.** Both the **DEVELOPER** and the **CITY** recognize that time is of the essence and that this Agreement shall be deemed null and void and unenforceable if the **DEVELOPER** fails to comply with any of the following

conditions, where applicable:

- a. After execution of this Agreement, work on the water and/or sewer facilities shall commence within one hundred eighty (180) days from the execution date. Work shall be considered to have commenced and be in active progress when engineering drawings are submitted to the **CITY** for review and approval, and, upon the **CITY'S** issuance of said approval, a full complement of workmen and equipment is present at the site to diligently incorporate materials and equipment into the construction of the water and/or sewer facilities throughout the day on each full working day, weather permitting.
- b. Once the **DEVELOPER** commences work on the water and/or sewer facilities, said work cannot be suspended, abandoned, or not in active progress for a period exceeding one hundred eighty (180) days.

The **DEVELOPER** shall pay all claims and losses in connection therewith and shall investigate and defend all claims, suits or actions of any kind or nature in the name of the **CITY**, where applicable, including appellate proceedings, and shall pay all costs, judgments, and attorney's fees which may issue thereon. The **DEVELOPER** expressly understands and agrees that any insurance protection required by this Agreement or otherwise provided by the **DEVELOPER** shall in no way limit the responsibility of **DEVELOPER** to defend, indemnify, keep and save harmless the **CITY** or its officers, employees, agents and instrumentalities as herein provided. In the event that the provisions of Sec. 725.06(2) and / or Sec. 725.08(2), Florida Statutes are applicable to work performed by or through **DEVELOPER** pursuant to this Agreement, this paragraph shall be deemed to provide for **DEVELOPER** to defend, indemnify and hold **CITY** harmless solely to the fullest extent allowed by said statutes, as applicable.
