GENERAL CONDITIONS

Quotation Requests and Invitations to Bid

These General Conditions apply to all Quotation Requests and Invitations to Bid (each a “solicitation”) issued by Broward County (the “County”) unless the County deletes, supersedes, or modifies any of these General Conditions for a particular solicitation by indicating such change in the Special Instructions to Vendors. The submission by any vendor (“Vendor”) of a response to the solicitation (“response”) constitutes Vendor’s offer to the County to contract with the County and includes as a material part of that offer Vendor’s agreement that these General Conditions, along with all other provisions included in the solicitation and the pricing stated in Vendor’s response, will constitute the contract between the Vendor awarded the solicitation (“Contractor”) and the County, and shall prevail over any conflicting provision in any quotation, standard form contract, or other document of the Contractor, regardless of any language in such document(s) to the contrary. Any modification to these General Conditions or the language of the solicitation by Vendor is prohibited, unenforceable, and may render Vendor’s response nonresponsive.

The Broward County Procurement Code (“Procurement Code”), Chapter 21 of the Broward County Administrative Code, is applicable to this solicitation, and can be obtained from the Purchasing Division’s website at: www.broward.org/purchasing. Submission of a response constitutes Vendor’s agreement to be bound by the Procurement Code as applied to this solicitation.

A. GENERAL PROVISIONS

1. Effect of Vendor’s Signature on Vendor’s Response.

By Vendor including its digital or electronic signature on the response:

- (a) Vendor represents and certifies that the representations in Section A.2 of these General Conditions are true and accurate;
- (b) Vendor acknowledges, accepts, and agrees that the solicitation is governed by the Terms and Conditions of the Solicitation stated herein; and
- (c) **VENDOR ACKNOWLEDGES, ACCEPTS, AND AGREES THAT, IF AWARDED THE SOLICITATION BY THE COUNTY’S ACCEPTANCE OF VENDOR’S OFFER AS SET FORTH IN ITS RESPONSE, VENDOR IS LEGALLY BOUND TO THESE GENERAL CONDITIONS, SPECIAL INSTRUCTIONS, AND THE SPECIFICATIONS OF THIS SOLICITATION, INCLUDING WITHOUT LIMITATION THE TERMS AND CONDITIONS OF CONTRACT STATED HEREIN.**

2. Vendor Representations and Certifications.

Vendor represents and certifies the following:

- (a) The individual submitting the response is authorized to sign on Vendor’s behalf and has actual legal authority to bind Vendor to the solicitation’s terms. Vendor acknowledges and agrees that electronic signatures or digital signatures shall have the same legal effect as a handwritten signature.
- (b) Vendor’s response is made without prior understanding, agreement, or connection with any other vendor submitting a response to the solicitation regarding either vendor’s response, and is in all respects fair and without collusion or fraud.
- (c) Vendor is neither delinquent in payment of any taxes, fees, fines, contractual debts, judgments, or any other debts due and owed to the County, nor in default of any contractual or regulatory obligation to the County.
- (d) No owner, principal, officer, director, or member of Vendor is or was an owner, principal, officer, director, or member in any other firm that was suspended or debarred from doing business with the

County within the last three (3) years, unless otherwise noted in Vendor's response.

(e) All statements in Vendor's response are accurate, true, and correct. Vendor acknowledges that any inaccurate, untruthful, or incorrect statement made in its response may be used by the County as a basis for rejection; rescission of contract award; or termination of the contract; and may also serve as the basis for suspension and/or debarment of Vendor pursuant to the Procurement Code.

(f) Vendor represents and warrants that it possesses the knowledge, skill, experience, and financial capability required to provide and perform all goods and services required under the solicitation and that each person and entity that will provide goods or services under the contract is duly qualified to perform such services by all appropriate governmental authorities, where required, and is sufficiently experienced and skilled in the area(s) for which such person or entity will render such goods or services.

B. TERMS AND CONDITIONS OF THE SOLICITATION

1. Responses.

Responses must be submitted electronically through the County's designated electronic bidding system ("EBS"). It is Vendor's responsibility to ensure its response is submitted and received through the EBS by the date and time specified in the solicitation. The County will not consider responses received by other means or after the time that solicitations are due. All timeframe references are to Eastern Time. The official time for electronic submittals is the EBS's servers, as synchronized with the atomic clock. Any response that seeks to modify or take exception to the official time shall be deemed nonresponsive.

The County is a public agency subject to Chapter 119, Florida Statutes. Any material submitted in Vendor's response is a public record available for public inspection and copying pursuant to Section 119.071, Florida Statutes. If Vendor contends any material constitutes or contains trade secrets or is otherwise exempt from disclosure under Florida public records laws (collectively, "Trade Secret Materials"), Vendor must separately submit and conspicuously label the Trade Secret Materials as "EXEMPT FROM PUBLIC RECORD PRODUCTION – TRADE SECRET." Unless submitted in accordance with this paragraph, Vendor waives any claim of confidentiality or trade secret with respect to any and all information included in the Vendor's response. If a third party submits a public records request for Trade Secret Materials, the County shall refrain from disclosing the Trade Secret Materials unless otherwise ordered by a court of competent jurisdiction or authorized in writing by the Vendor, and Vendor must indemnify and defend County and its employees, officers, and agents from any and all claims, causes of action, losses, fines, penalties, damages, judgments, and liabilities of any kind, including attorneys' fees, litigation expenses, and court costs, relating to the nondisclosure of the Trade Secret Materials in response to a public records request by a third party.

2. Withdrawal.

Unless otherwise expressly permitted under the Procurement Code, Vendors may not withdraw their responses after the deadline for responses to the solicitation until 120 days after the deadline for filing responses to the solicitation. Any response that seeks to modify or take exception to this provision shall be deemed nonresponsive. Violation of this section may subject Vendor to suspension or debarment, and shall entitle the County to execute on Vendor's posted bid security.

3. Bid Opening (Invitations to Bid only).

All responses to Invitations to Bid shall be publicly opened in the public domain or as otherwise designated in the solicitation. The Purchasing Division will decrypt responses received in the EBS immediately following the deadline for bid responses.

4. Cancellation of Solicitation.

The Director of Purchasing may cancel a solicitation at any time before the deadline for responses.

5. Addenda.

The County reserves the right to amend this solicitation prior to the deadline for Vendor responses by issuing written addenda to the solicitation. If, upon review, a Vendor finds a nonclerical error in an addendum, that Vendor must contact the Purchasing Division immediately, prior to opening date, to allow the County to review the alleged error and to issue any clarification, if the County determines that a clarification is necessary. Vendors are responsible for obtaining and reviewing each addendum prior to the deadline for submission of responses to the solicitation. The terms of all addenda are incorporated into the Terms and Conditions of the Solicitation.

6. Prices.

All responses must include firm prices, which must include all handling, set up, shipping, and inside delivery charges to the destination specified in the solicitation, unless otherwise indicated in the solicitation.

(a) **Certification of Prices:** Vendor certifies that the prices it is proposing in its response are not higher than the prices at which Vendor sells the same goods and/or services in approximately similar quantities, under similar terms and conditions, to any other purchaser.

(b) **F.O.B. Destination:** Unless otherwise specified in the solicitation, prices shall be provided as F.O.B. Destination, with freight, fuel, and all other costs included.

(c) **Taxes:** The County is exempt from federal and Florida taxes on direct purchases of tangible property. The County's tax exemption number will appear on the County's purchase order. Vendor must pay all applicable sales, consumer, land use, or other similar taxes required by law.

(d) **Discounts:** Vendors may offer a cash discount for prompt payment, but such discounts will not be considered by the County in determining the lowest net cost for evaluation purposes unless otherwise stated in the solicitation.

(e) **Mistakes:** Vendors are cautioned to examine all specifications, drawings, delivery instructions, unit prices, extensions, and all other special conditions pertaining to this solicitation. Failure to examine all pertinent documents shall not entitle vendors to relief from any provision or any requirement of this solicitation. Mathematical errors, other than in unit prices, may be deemed clerical errors and are subject to correction by the County at the County's sole discretion. If there is a mistake in the extended price (i.e., unit price multiplied by quantity), the unit price shall govern.

7. Awards.

If a specific basis of award is not established in the Special Instructions to Vendors, the award shall be to the lowest responsive and responsible Vendor. When two or more Vendors offer the same pricing, the Purchasing Division will break the tied responses in accordance with the applicable provisions of the Procurement Code. The County reserves the right to make separate award(s) to one or more Vendors for individual goods/services, groups of goods/services, or all or none or any combination thereof. When a group of goods/services is specified in the solicitation, Vendor must include in its response prices for all items within the group.

A Vendor desiring to offer "No Charge" on an item in a group of goods/services must so indicate by placing a \$0.00 in the offer field for that item, and enter "No Charge" in the "Notes for Buyer" section in the EBS. If a Vendor does not comply with these requirements, its response with respect to that group of goods/services will be deemed incomplete and may be rejected. However, if Vendor(s) do not offer all items within a group, the County may issue an award on one or more items on an item-by-item basis. When a group is indicated for variable quantities and the group shows evidence of unbalanced prices, such solicitation response may be rejected. The Director of Purchasing, or the Broward County Board of County

Commissioners ("Board"), as applicable, reserves the right to waive technicalities and irregularities and to reject any or all responses.

8. Qualifications of Vendors.

The County will only award a contract to a Vendor that is normally engaged in providing the types of commodities, services, or construction specified in the solicitation. Vendors must have adequate organization, facilities, equipment, and personnel to ensure prompt and efficient service to the County. The County reserves the right to inspect Vendor's facilities, equipment, personnel, and organization, or to take any other action necessary to determine Vendor's ability to perform in accordance with the solicitation's specifications, terms, and conditions, and Vendor's submittal of its response to the solicitation shall be deemed to constitute Vendor's consent to such inspection. The County will determine whether the evidence of ability to perform is satisfactory, and reserves the right to reject responses and/or find any Vendor nonresponsible where evidence or evaluation is determined to indicate insufficient or uncertainty regarding capacity or ability to perform. The County may also consider a Vendor's history of any and all types of citations, orders, judgments, and/or violations, including those relating to suspensions, debarments, or environmental regulations, in determining responsibility. Vendors must submit with their response a complete history of all citations and/or violations notices and dispositions thereof. Failure of a Vendor to submit such information may be grounds for rejection of Vendor's response and constitutes grounds for termination of Vendor's contract if awarded the solicitation. Vendor shall notify the County immediately of any citations, orders, judgments, or violations not included in Vendor's response that occur at any time prior to award of the contract.

9. Affiliated Entities.

Each Vendor must disclose in its response the names and addresses of its principals and identify all affiliates of Vendor at any time in the five (5) years preceding the date the solicitation was posted. For purposes of this section: (a) "principal" is an individual who is an officer or member of Vendor, or an owner of at least 10% of the equity interest of Vendor; (b) "affiliate" is any entity that directly or indirectly controls, is controlled by, or is under common control with, Vendor or principal(s) of Vendor; and (c) "control" means (i) ownership, directly or indirectly, of fifty percent (50%) or more of the shares of stock entitled to vote for the election of directors, in the case of a corporation, or fifty percent (50%) or more of the equity interests in the case of any other type of legal entity, or (ii) status as a general partner in the case of a partnership, or (iii) any other arrangement whereby a party controls or has the right to control the Board of Directors or equivalent governing body of the entity, or (iv) in the case of a corporation or a partnership, if the abovementioned applicable level of ownership or control is prohibited in any country where the entity is organized or maintains its headquarters or principal place of business, then the maximum ownership or control level for the entity permitted in that country.

10. Resolution of Protested Solicitations and Proposed Awards.

In accordance with Sections 21.65 through 21.67 of the Broward County Procurement Code, if a Vendor intends to protest a solicitation or proposed award of a contract the following shall apply:

(a) Any protest concerning the solicitation's specifications or requirements (or any addendum thereto) must be received by the Director of Purchasing on or before 5:00 p.m. on the fifth (5th) business day after the solicitation or addendum is posted on the EBS.

(b) Any protest concerning a proposed award or ranking must be received by the Director of Purchasing on or before 5:00 p.m. on the fifth (5th) business day after the proposed award or ranking is posted on the Purchasing Division's website.

(c) The protest must be made in writing and must specify the grounds for protest in accordance with Section 21.66 of the Procurement Code.

(d) For purposes of this section, a business day is defined as Monday through Friday between 8:30 a.m. and 5:00 p.m., except County holidays. Failure to timely file a protest within the timeframes specified constitutes a waiver of the right to protest. Pursuant to Section 21.71 of the Procurement Code, the filing of a protest is a remedy that must be exhausted before filing an appeal or civil action.

(e) As a condition of initiating any protest, the protestor must present the Director of Purchasing with a filing fee. The filing fee is calculated based on the estimated contract amount. For purposes of the protest, the estimated contract amount shall be the contract amount submitted by the protestor. If no contract amount was submitted, the estimated contract amount shall be the County's estimated contract price for the project. The County will accept money order, certified check, or cashier's check, payable to Broward County Board of County Commissioners. The filing fee will be refunded if the protestor prevails in the protest. The filing fees are as follows:

Estimated Contract Amount	Filing Fee
Mandatory Bid Amount up to \$250,000	\$500
\$250,001 - \$500,000	\$1,000
\$500,001 - \$5 million	\$3,000
Over \$5 million	\$5,000

11. Public Entity Crimes; Public Business Discrimination; Foreign Country of Concern.

Vendor represents that the submission of its response to this solicitation does not violate the Public Entity Crimes Act, Section 287.133, Florida Statutes. Vendor represents that it has not been placed on the "discriminatory vendor list" as provided in Section 287.134, Florida Statutes, and that it is not a "scrutinized company" pursuant to Section 215.473, Florida Statutes. Vendor represents and certifies that it is not ineligible to contract with the County on any of the grounds stated in Section 287.135, Florida Statutes. Vendor represents that it is, and if awarded the contract will remain for the duration of the contract, in full compliance with Section 286.101, Florida Statutes. Violation of this section shall result in cancellation of Vendor's contract, and may result in suspension and/or debarment.

12. Prohibited Telecommunications Equipment.

Vendor represents and certifies that it and its applicable subcontractors do not use any equipment, system, or service that uses covered telecommunications equipment or services as a substantial or essential component of any system, or as critical technology as part of any system, as such terms are used in 48 CFR §§ 52.204-24 through 52.204-26. Vendor represents and certifies that, if awarded this solicitation, Vendor and its applicable subcontractors shall not provide or use such covered telecommunications equipment, system, or services for the duration of any contract resulting from this solicitation.

13. Criminal History Screening Practices.

By submission of its response to this solicitation, Vendor represents and certifies that it has implemented, or will implement upon award of the contract, policies, practices, and procedures that preclude inquiry into an employment applicant's criminal history until the applicant is selected as a finalist and interviewed for the position.

14. Construction Apprenticeship Program (Construction Contracts only).

If the solicitation is for a construction contract as defined in Section 26-9 of the Broward County Code of Ordinances, Vendor represents and certifies that it shall comply for the duration of the contract, if awarded, with Sections 26-8 through 26-11 of the Broward County Code of Ordinances regarding the Construction Apprenticeship Program.

15. State of Florida Division of Corporations Requirements.

Vendor must comply with all state and local business licensing requirements. All corporations, partnerships, and other business entities must have the authority to transact business in the State of Florida and must be in good standing with the Florida Secretary of State before responding to this solicitation. A Vendor that does not comply with the provisions of this section may be deemed nonresponsive to the solicitation.

16. Cone of Silence Ordinance (Invitations to Bid).

The Cone of Silence Ordinance, Section 1-266, Broward County Code of Ordinances, provides that for certain time periods, Vendors and their representatives may not communicate regarding the solicitation with any County Commissioner or their staff or with certain County personnel. However, Vendors may communicate with a representative of the Office of Economic and Small Business Development (“OESBD”) (telephone (954) 357-6400) at any time regarding a solicitation or regarding participation of Small Business Enterprises, County Business Enterprises, Disadvantaged Business Enterprises, or Airport Concessions Disadvantaged Business Enterprises in a solicitation. The Cone of Silence also permits communication with certain other specific County employees (for more information, refer to Section 1-266, Broward County Code of Ordinances). Any violation of the Cone of Silence Ordinance by Vendor or any representative of Vendor, including owner, employee, consultant, lobbyist, or actual or potential subcontractor or subconsultant, may be reported to the County’s Office of Professional Standards. If the Office of Professional Standards determines that a violation has occurred, a fine shall be imposed against Vendor as provided in the Broward County Code of Ordinances. Additionally, a determination of violation shall render any award to a Vendor who is found to have violated the Cone of Silence Ordinance voidable, at the sole discretion of the Board.

17. Contingency Fees.

Vendor certifies it has not paid and will not pay any contingency fees (sometimes known as a finder’s fee) to any person or organization, other than a bona fide employee working solely for Vendor, to secure a contract made pursuant to this solicitation. Violation of this policy may result in termination of any resultant contract and/or possible suspension and/or debarment of Vendor. This provision does not apply to fees paid to an insurance broker in connection with a solicitation to provide insurance coverage to the County.

18. Local Business Tax Receipt Requirements.

Unless exempt under applicable law, any Vendor maintaining a business address within Broward County must have a current Broward County Local Business Tax Receipt issued by the Broward County Records, Taxes and Treasury Division (“Business Tax Receipt”) prior to recommendation for award. Unless exempt, Vendors that do not have a current Business Tax Receipt may be deemed nonresponsive to this solicitation. For further information on obtaining or renewing a Local Business Tax Receipt, contact the Records, Taxes and Treasury Division at (954) 357-6200.

19. Dun & Bradstreet Report Requirement.

The County may review any Vendor’s Dun & Bradstreet rating and payment performance to assist in determining a Vendor’s responsibility regarding this solicitation.

20. Samples.

Samples or drawings, when required, shall be provided to the County free of charge. If not mutilated or destroyed in the examination, Vendor will be notified to remove same at their expense. If samples are not removed within thirty (30) calendar days after written notice to Vendor, they shall be considered as abandoned, and the County shall have the right to dispose of them as its own property.

21. “Or Equal” Clause.

Whenever a material, article, or piece of equipment is identified in the solicitation by reference to a manufacturer or brand name, trade name, catalog number, or otherwise, any such reference is intended merely to establish a standard; and, unless such identification is followed by the words “no substitution is permitted,” any material, article, or piece of equipment of any other manufacturer or brand that will perform or serve the requirements of the solicitation will be considered equally acceptable, provided that

the material, article, or piece of equipment so proposed is, in the sole opinion of the County, equal in substance, quality, and function to the material, article, or piece of equipment specified in the solicitation.

22. Legal Requirements.

Applicable provisions of all federal, state, and local laws, ordinances, rules, and regulations, including the Procurement Code, shall govern development, submittal, and evaluation of responses, and shall govern any and all claims and disputes that may arise between Vendor(s) and the County or its officers, employees, and/or authorized representatives. Lack of knowledge by any Vendor of any applicable law, rule, or regulation shall not constitute a recognizable defense against the legal effect thereof.

C. TERMS AND CONDITIONS OF CONTRACT

1. Contract Period.

The contract period shall start and terminate as indicated in the solicitation's Special Instructions to Vendors. If no contract period is stated in the Special Instructions to Vendors, the contract period shall start upon the date of award and end three (3) years later, unless extended by mutual consent of County and Contractor for up to two (2) additional one (1) year renewal terms. The total contract period, inclusive of the above-referenced renewal terms, shall not exceed five (5) years, unless renewed or extended pursuant to action by the Board. The continuation of the contract beyond the end of any County fiscal year is subject to both the appropriation and the availability of funds in accordance with Chapter 129, Florida Statutes.

If the Director of Purchasing determines to renew the contract as set forth above, the County will provide Contractor with notice of the County's intent to renew in advance of the contract expiration date. If Contractor consents to the renewal or otherwise confirms the request to renew (which may be done electronically), the contract shall be renewed for the stated period. All prices, terms, and conditions of the contract shall remain firm for any renewal period unless subject to price adjustment expressly stated in the solicitation. If the Director of Purchasing does not renew the contract, or if no further renewal of the contract period is available, Contractor nonetheless shall, if directed in writing by the Director of Purchasing, continue contract performance for an extension period not exceeding ninety (90) days beyond the contract expiration date. Contractor shall be compensated for such performance during the extension period at the rate in effect when the Director of Purchasing directed Contractor to continue performance for an extended period beyond the contract expiration date.

Any items not removed by Contractor within thirty (30) days after the County's notice of rejection shall be considered abandoned, and the County may dispose of them in any manner it sees fit. The County shall not be required to give written notice of rejection with respect to foodstuffs, medication, or other perishable goods. Bid Bond, Bid Security, Performance and Payment Security, and Qualifications of Surety Requirements:

- A. **Bid Bond:** A Vendor must submit with its response a bid bond in the form of the County's approved Bid Bond Form, including all substantive terms set forth therein, which shall be executed by a surety company meeting the **Qualifications of Surety Requirements**. Failure to submit a bid bond by the solicitation due date and time, and in accordance with instructions will deem Vendor non-responsive. A copy of the County-approved **Bid Bond Form** may be found at: [https://www.broward.org/Purchasing/Pages/StandardTerms_copy\(1\).aspx](https://www.broward.org/Purchasing/Pages/StandardTerms_copy(1).aspx) under the section "Standard Guaranty and Bond Forms."
- B. **Bid Security:** In lieu of a bid bond, the following will be acceptable: money order, certified check, cashier's check, an original **Bid Security - Unconditional Letter of Credit**, treasurer's check or bank draft of any national or state bank (United States). A personal check or a company check of a Vendor is not a valid bid guarantee.
1. The bid security shall be in an amount equal to five percent (5%) of the total price offered, payable to Broward County and conditioned upon the successful Vendor providing the Performance and Payment Security, evidence of insurance, or any other requirements set forth within the solicitation, within 10 calendar days after notification of award of the contract.
 2. Security of the successful Vendor shall be forfeited to the Broward County not as a penalty, but as liquidated damages for the cost and expense incurred should said Vendor fail to provide the required Performance and Payment Security or Certificate of Insurance or fail to comply with any other requirements set forth in the solicitation. Upon request, bid securities of unsuccessful vendors will be returned after award of contract or expiration of bid validity.
 3. Vendors must either submit an electronic bid bond through Periscope S2G or submit an original bid security to the Purchasing Division, by solicitation due date and time, or Vendor may be deemed non-responsive.
 - a. To submit an electronic bid bond, Vendor must submit through Periscope S2G, using **Surety 2000**. Vendors, bonding agents, and surety companies must register with Surety 2000 to use the service; contact **Surety 2000** to find out information regarding their service (www.surety2000.com or 800-660-3263).
 - i. The Vendor must provide their bonding agent with Broward County's vendor identification number for Surety 2000 (P06145037) and its "Supplier identifier" number. The Vendor's individual Supplier identifier number is available on the Details tab in BidSync (Bid Bond: See bid bond information).
 - ii. The bonding agent can then provide a Bid Bond Number for the Vendor to import into Periscope S2G.
 - iii. For detailed instructions on submitting an electronic bid bond, visit Vendor Registration page www.broward.org/Purchasing/Pages/Registration.aspx and select "How to Submit an electronic bid bond?"
 - iv. Broward County reminds Vendors to allow enough time to secure a bid bond and submit electronically in case there are any errors or issues. If there are errors during the import process, check all identification numbers. Contact Surety 2000 for additional assistance.
 - v. An original bid bond will not be required when the bid bond is submitted electronically through Surety 2000.
 - b. To submit an original bid security, in lieu of submitting an electronic bid bond through Periscope S2G, Vendor must submit an original bid security in a sealed envelope, with the solicitation number, solicitation title, date and the time of bid opening, and address listed on the envelope. A copy of the bid security should also be uploaded into Periscope S2G. The uploaded copy of the bid guarantee does not replace the original bid security submission requirement. Vendors must submit the original bid guarantee, by the solicitation due date and time, to:

Broward County Purchasing Division 115
South Andrews Avenue, Room 212 Fort
Lauderdale, FL 33301

- 18.2. If any part of the Contractor's work depends for proper execution or results upon the work of any third parties, the Contractor shall inspect and promptly report to the Project Manager any defects in such work that render it unsuitable for such proper execution and results of the Contractor's work. The Contractor's failure to so inspect and report shall constitute an acceptance of the third party's work as fit and proper for the performance of the Contractor's work, except as to defects which may develop in the third parties' work after the execution of the Contractor's work.
- 18.3. The Contractor shall conduct its operations and take all reasonable steps to coordinate the prosecution of the work so as to not interfere with or impact any other contractor on the site.

Should such interference or impact occur, the Contractor shall indemnify the County from and liability to the affected related to such interference or impact.

20. USE OF COMPLETED PORTIONS

- 20.1. The County has the right at its sole option to take possession of and use any completed or partially completed portions of the project. Such possession and use shall not be deemed an acceptance of any of the work not completed in accordance with the Project Documents. If such possession and use increase the cost of or delays the work, the Contractor shall be entitled to reasonable extra compensation or reasonable extension of time or both, as approved by the Project Manager.
- 20.2. If the County decides to take possession of any completed or partially completed portions of the project, the following shall occur:

- 20.2.4. The Contractor shall complete all punch-list items and request final inspection within the time specified by the Project Manager. Upon completion of the final inspection, the Project Manager shall issue partial acceptance of the project for the designated area.
- 20.2.5. If the County decides to occupy or use a portion or portions of the work prior to Partial Acceptance, such occupancy or use shall not commence prior to a time mutually agreed upon by the County and the Contractor and to which the insurance company or companies providing the property insurance have consented by endorsement to the policy or policies. Insurance on the unoccupied or unused portion or portions shall not be canceled or lapsed on account of such partial occupancy or use. Consent of the Contractor and of the insurance company or companies to such occupancy or use shall not be unreasonably withheld.

21. LANDS FOR WORK

- 21.1. The County shall provide, as may be indicated in the Project Documents, the lands upon which the work is to be performed, rights-of-way and easements for access thereto, and such other lands as are designated by the County for the use of the Contractor.
- 21.2. The Contractor shall obtain, at the Contractor's own expense and without liability to the County, any additional land and access thereto that may be required for temporary construction facilities, temporary easements, or for storage of materials. The Contractor shall furnish to the County copies of written permission obtained by the Contractor from the owners of such land.

22. REMOVAL OF EQUIPMENT

- 22.1. The Contractor shall notify owners of adjacent property and utilities when prosecution of the work may affect them. All damage, injury or loss to any property caused directly or indirectly, in whole or in part, by the Contractor, any subcontractor or anyone directly or indirectly employed by any of them or anyone for whose acts any of them may be liable, shall be remedied by the Contractor. The Contractor's duties and responsibilities for the safety and protection of the work shall continue until such time as all the work is completed and final acceptance has been issued.
- 23.3. The Contractor shall designate a responsible member of its organization at the work site whose duty shall be the prevention of accidents. This person shall be the Contractor's superintendent unless otherwise designated in writing by the Contractor to the County.

In the event any materials, equipment or supplies are lost, stolen, damaged or destroyed prior to final acceptance by the County, the Contractor shall replace same without cost to the County.

25. LOCATION AND DAMAGE TO EXISTING FACILITIES, EQUIPMENT OR UTILITIES

- 25.1. The County does not represent or warrant that all existing utility lines are shown in the Project Documents, or that the ones indicated are in their true location. The Contractor must identify and locate all underground and overhead utility lines or equipment affecting or affected by the project. Contractor will not be entitled to any additional payment or extension of time due to discrepancies between actual location of utilities and plan location of utilities.
- 25.2. The Contractor shall notify each utility company with facilities at the project site prior to the start of construction to arrange for positive underground location, relocation, or support of its utility where that utility may be in conflict with or endangered by the work. The cost of relocation of water mains or other utilities for the convenience of the Contractor shall be paid by the Contractor. All charges by utility companies for temporary support of its utilities shall be paid for by the Contractor. All costs of permanent utility relocation to avoid conflict shall be the responsibility of the utility company involved. The Contractor will not be entitled to any additional payment or extension of time for utility relocations, regardless of reason for relocation.
- 25.3. The Contractor shall schedule the work in such a manner that the work is not delayed by the utility providers relocating or supporting their utilities. The Contractor shall coordinate its activities with any and all public and private utility providers occupying the right-of-way. The Contractor will not be entitled to any additional compensation or extension of time for any delay associated with utility relocation or support.
- 25.4. The Contractor shall protect all overhead, surface or underground structures and utilities from damage or displacement. The Contractor will promptly and completely repair all damage to such structures within a reasonable time. All repairs are to be inspected by the utility owner prior to backfilling. The County reserves the right to remedy such damage by making such repairs to be made at the expense of the Contractor. The County's expense in causing such repairs shall be deducted from Contractor's next Application for Payment.

26. PROJECT SCHEDULE

- 26.1. Prior to starting work, the Contractor shall submit and obtain approval from the Project Manager of the project schedule showing the order in which the Contractor proposes to complete the work. The schedule shall identify all major items of work as separate activities and provide the start date, completion date and estimated duration for each activity.
- 26.2. The schedule shall follow the Gantt format and clearly indicate the critical path and all activities

associated with it. All activity relationships and dependencies shall be clearly legible.

- 26.3. Include activities for review time of shop drawings and submittals and procurement and delivery of materials and equipment when the duration exceeds 7 days.
- 26.4. Include time after completion of the work for submittal and review of the final project invoice.
- 26.5. No work activity in the schedule will have a duration greater than 30 days unless previously approved by the Project Manager.
- 26.6. The project schedule shall be presented with the Contractor's estimate. Schedule updates shall be submitted monthly or sooner if significant impacts to the schedule occur.
- 26.7. The construction schedule shall be submitted as a PDF. Every schedule update shall show the actual start and completion dates of activities that have commenced or completed.
- 26.8. The Contractor shall provide a schedule summary with the schedule update. The schedule summary shall discuss the contractors progress on the project and provide a recovery plan if the project is more than 7 days behind schedule. - 26.9. Any request for a time extension shall include an updated project schedule.

27. CONTINUING THE WORK

28. FINAL ACCEPTANCE

- 28.1. Upon submittal of written notification from the Contractor that all project work has been completed, the Project Manager will inspect for acceptance. The inspection will be made within five (5) business days of receiving notification.
- 28.2. If the Project Manager finds that all work has been satisfactorily completed, the County will consider such inspection as the final inspection.
- 28.3. If any of the Work is found to be unsatisfactory, the Project Manager will detail the remedial work required to achieve acceptance in a punch list and submit the written punch list to the Contractor.
- 28.4. The Contractor will immediately perform the remedial work and submit written notification to the Project Manager when the remedial work is completed.
- 28.5. Upon satisfactory completion of the work, the County will submit a written notice of final acceptance to the Contractor.
- 28.6. Project time will continue after final acceptance until the final project invoice is submitted and approved.

29. LIQUIDATED DAMAGES

- 29.1. If the Contractor fails to complete the project within the time stipulated in the Project Documents or within extra time the County may have granted, the Contractor shall pay to the County not as a penalty but, as liquidated damages per calendar day, the amount listed in Section 8-10.2 of Florida Department of Transportation Standard Specifications for Road and Bridge Construction, July 2022, corresponding to the amount of the Purchase Order for the project. The Contractor agrees that the amount has been agreed upon due to the difficulty in determining the actual damages that will be suffered by the County in the event of failure to complete the Project on time.
- 29.2. The County is authorized to deduct liquidated damages amount from the monies due to the Contractor for the work under this contract, or as much thereof as the County may, at its own option, deem just and reasonable.
- 29.3. The County considers the project complete when the Contractor has completed all work and the County has accepted the work in accordance with Article 28 "Final Acceptance."
- 29.4. The work to be performed under this Contract for each individual project shall be commenced on the date stated in the Notice to Proceed, which will not be issued until receipt of all required documents.
- 29.5. The work shall be completed and ready for final payment per schedule identified in the Notice to Proceed and mutually agreed upon by the County and the Contractor.
- 29.6. Upon failure of the Vendor to complete a project awarded pursuant to this contract within the specified period of time (plus approved extensions, if any) the Vendor shall pay to County the sums listed in Table 1 for each calendar day (plus approved extensions) after the time specified for completion and readiness for final payment.

Table 1

INDIVIDUAL PROJECT AMOUNT	DAILY CHARGE PER CALENDAR DAY
\$50,000 and under	\$868
Over \$50,000 but less than \$250,000	\$882
Over \$250,000 but less than \$500,000	\$1,197

Over \$2,500,000	\$2,592

- 29.7. **PEAK-HOUR LANE CLOSURES:** Peak-hour lane closures will be prohibited unless all viable alternatives have been explored and reasons for the closures are warranted, justified, and documented. Peak-hour lane closures proposed by the Contractor must be in writing by the County, otherwise they are expressly prohibited. Failure of a Contractor to comply with this requirement will result in assessment of liquidated damages in the amount of \$400.00 for each occurrence of a prohibited peak-hour lane closure plus \$120.00 for each ensuing thirty (30) minute interval. The maximum amount of Liquidated Damages per day for peak-hour lane closures shall not exceed the values listed in Table 1.

30. BITUMINOUS MATERIAL PRICE ADJUSTMENT CLAUSES

- 30.1. The bid unit price for Bituminous Material will be adjusted in accordance with the Florida Department of Transportation's (F.D.O.T) Standard Specifications for Road and Bridge Construction July 2022 (refer to Special Instructions to Vendors, Section D. Price Adjustment/Escalation).

31. WEATHER

- 31.1. Extensions to the contract time for delays caused by the effects of inclement weather shall be submitted as a request for a change in the contract time. Time extensions are justified only when rains, other inclement weather conditions, or related adverse soil conditions prevent the Contractor from productively performing controlling items of work identified on the accepted schedule or updates resulting in:
- 31.1.1. The Contractor being unable to work at least fifty percent (50%) of the normal workday on controlling items of work identified on the accepted schedule or updates to that schedule; or
- 31.1.2. The Contractor must make major repairs to the work damaged by weather. Providing the damage was not attributable to a failure to perform or negligence by the Contractor, and providing that the Contractor was unable to work at least fifty percent (50%) of the normal workday on controlling items of work identified on the accepted schedule or updates.

32. NOTIFICATION AND CLAIM FOR CHANGE OF PROJECT TIME OR PROJECT PRICE

- 32.1. Any claim for a change in the project time or project price shall be made by written notice to the Project Manager within five (5) calendar days of the commencement of the event giving rise to the claim and stating the general nature and cause of the claim. Within seven (7) calendar days of the termination of the event giving rise to the claim, the Contractor shall submit written notice of the extent of the claim with supporting information and documentation. Such notice shall be accompanied by a written certified statement that the adjustment claimed is the entire adjustment to which the Contractor has reason to believe it is entitled to as a result of the occurrence of said event.
- 32.2. All claims for changes in the project time or project price shall be determined by the Contract Administrator if the Project Manager and the Contractor cannot otherwise agree. **IT IS EXPRESSLY AND SPECIFICALLY AGREED THAT ANY AND ALL CLAIMS FOR CHANGES TO THE PROJECT TIME OR PROJECT PRICE SHALL BE WAIVED IF NOT SUBMITTED IN STRICT ACCORDANCE WITH THE REQUIREMENTS OF THIS SECTION.**
- 32.3. The Project's time will be extended in an amount equal to time lost on critical work items due to delays beyond the control of and through no fault or negligence of the Contractor if a claim is as provided in Section 31.1. Such delays shall include, but are not limited to, acts, omissions neglect by any other contractor employed by the County, fires, floods, labor disputes, epidemics, abnormal weather conditions or acts of God.

33. NO DAMAGES FOR DELAY

- 33.1. No claim for damages or any claim, other than for an extension of time, shall be made or asserted against the County by reason of any delays except as provided herein. The Contractor shall not be entitled to an increase in the Project's price or compensation of any kind from the County for direct, indirect, consequential, impact or other costs, expenses or damages, including but not limited to costs of acceleration or inefficiency, arising from delay, disruption, interference or hindrance from any cause whatsoever, whether such delay, disruption, interference or hindrance be reasonable or unreasonable, foreseeable or unforeseeable, avoidable or unavoidable. The Contractor shall be entitled only to extensions of the Contract Time as the sole and exclusive remedy for such resulting delay, in accordance with and to the extent specifically provided above; provided, however, that this provision shall not preclude recovery of damages by Contractor for actual delays due solely to fraud, bad faith, or active interference on the part of the County.

34. EXCUSABLE DELAY

- 34.1. Excusable delay. Delay that extends the completion of the work, that is caused by circumstances beyond the control of the Contractor, or its subcontractors, suppliers or vendors are excusable delays.
- 34.2. The Contractor is entitled to a time extension of the allowable project time for each day the work is delayed due to excusable delay. The Contractor shall document its claim for any time extension as provided in Article 31 hereof.

35. RESOLUTION OF DISPUTES

- 35.1. To prevent all disputes and litigation, the parties agree that the Project Manager shall decide all questions, claims, difficulties, and disputes of whatever nature which may arise relative to the technical interpretation of the Contract Documents or fulfillment of the Project Documents as to the character, quality, amount and value of any work done or materials furnished, or proposed to be done or furnished under or, by reason of the Contract Documents. The Project Manager's estimates and decisions upon all claims, questions, difficulties, and disputes shall be final and binding to the extent provided in Section 34.2. All nontechnical administrative disputes shall be determined by the Contract Administrator. During the pendency of any dispute and after a determination thereof, the Contractor and the Project Manager shall act in good faith to mitigate any potential damages including utilization of construction schedule changes and alternate means of construction.
- 35.2. If the determination of a dispute under this article is unacceptable to either party, the party objecting to the determination must notify the other party in writing within ten (10) days of receipt of the written determination. The notice must state the basis of the objection and must be accompanied by a statement that any Contract Price adjustment claimed is the entire adjustment to which the objecting party has reason to believe it is entitled to as a result of the determination. Within sixty (60) days after Final Completion of the work, the parties shall participate in mediation to address all objections to any determinations and to attempt to prevent litigation. The mediator shall be mutually agreed upon by the parties. Should any objection not be resolved in mediation, the parties retain all their legal rights and remedies provided under State law. A party specifically waives all its rights, including, but not limited to, claims for contract time and contract price adjustments provided in the contract, including its rights and remedies under State law, if said party fails to comply in strict accordance with the requirements of this article.

36. DIFFERING SITE CONDITIONS

- 36.1. If during the progress of the work, the Contractor encounters subsurface or concealed conditions at the project site that differ materially from those indicated in the Project Documents or if unknown physical conditions of an unusual nature, differing materially from those ordinarily encountered and generally recognized as inherent in the work provided for in the Project Documents, are encountered at the site, the Contractor, without disturbing the conditions and before performing any work affected by such conditions, shall, within twenty-four (24) hours of their discovery, notify the Project Manager in writing of the existence of the aforesaid conditions.
- 36.2. The Project Manager shall investigate the site conditions identified by the Contractor, within two (2) business days after receipt of the Contractor's written notice. If, in the sole opinion of the Project Manager, it is determined that the conditions materially differ and cause an increase or decrease in the cost or time required for the performance of any work, the Contractor shall provide a revised estimate including adjustment to the Contract Price, or the Contract Time, or both for the Project Manager approval
- 36.3. If the Project Manager and the Contractor cannot agree on an adjustment in the Contract Price or Contract Time, the adjustment shall be referred to the Contract Administrator for final determination. Should the Contract Administrator determine that the conditions of the Project site are not so materially different to justify a change in the terms of the Contract, the Contract Administrator shall so notify the Contractor in writing, stating the reasons, and such determination shall be final and binding upon the parties hereto.
- 36.4. No request by the Contractor for an equitable adjustment to the Contract under this provision shall be allowed unless the Contractor has given written notice in strict accordance with the provisions of this Article.
- 36.5. No request for an equitable adjustment or change to the project's price or project time for differing site conditions shall be allowed if made after Final Acceptance of the project.

37. ROYALTIES AND PATENTS

- 37.1. All fees, royalties, and claims for any invention, or pretended inventions, or patent of any article, material, arrangement, appliance, or method that may be used upon or in any manner be connected with the construction of the work or appurtenances, are hereby included in the prices stipulated in this Contract for said work.

- 38.1. The Contractor shall pay all applicable sales, consumer, use, and other taxes required by applicable law. The Contractor is responsible for reviewing the pertinent state statutes involving state taxes and complying with all their requirements.

39. NO INTEREST

- 39.1. Any monies not paid by the County when claimed to be due to the Contractor under this agreement, including, but not limited to, any and all claims for contract damages of any type, shall not be subject to interest including, but not limited to prejudgment interest. However, the provisions of the County's prompt payment ordinance, as such relates to timeliness of payment, and the provisions of Section 218.74(4), Florida Statutes as such relates to the payment of interest, shall apply to valid and proper invoices.

40. FINAL BILL OF MATERIALS

- 40.1. The Contractor shall be required to submit to the Project Manager a final bill of materials with unit costs for each bid item for supply of materials installed. This shall be an itemized list of all materials with a unit cost for each material and the total shall be determined on the basis of the unit cost established for each Contract item. A Final Certificate for Payment will not be issued by the County until the Contractor submits the final bill of materials and the County verifies the accuracy of the units of work.

41. PAYMENT FOR TESTING

- 41.1. The expense of all Quality Control and Process Control tests specified either directly or by reference in the Contract Documents shall be borne by the Contractor.
- 41.2. The Contractor shall provide a copy of all test results to the County.
- 41.3. The Contractor shall make allowances for the performance of verification testing requested by the County. The Contractor shall either directly contract with a testing firm to perform verification testing and seek payment from the County in accordance with the Contract Documents or coordinate with the County's testing firm to facilitate the testing.

42. WARRANTY

- 42.1. The Contractor warrants to the County that all materials and equipment furnished under this Contract will be new unless otherwise specified and that all the work will be of good quality, free from faults and defects, and in conformance with the Project Documents. All work not conforming to these requirements, including substitutions not properly approved and authorized, may be considered defective. If required by the Project Manager, the Contractor shall furnish satisfactory evidence as to the kind and quality of materials and equipment.

43. HURRICANE PRECAUTIONS

- 43.1. During such periods of time as are designated by the National Weather Service as being a hurricane watch or warning, the Contractor, at no cost to the County, shall take all precautions necessary to secure the project site from any damage that may be caused by all threatened storm events, regardless of whether the Project Manager has given notice of the same.
- 43.2. Compliance with any specific hurricane watch or warning precautions will not constitute additional work.
- 43.3. Suspension of the work caused by a threatened or actual storm event, regardless of whether the County has directed such suspension, will entitle the Contractor to additional Contract Time as non-compensable, excusable delay, and shall not give rise to a claim for compensable delay.

44. EXPLOSIVES

- 44.1. When the use of explosives is necessary in the performance of the work, the Contractor shall exercise the utmost care in handling and usage of such explosives for the protection of life and property. All explosives shall be stored in a safe manner in storage clearly marked "Dangerous-Explosives", and shall be placed in the care of competent watchmen. When the use of explosives becomes necessary, the Contractor shall furnish to the County proof of insurance

coverage, adequately providing public liability and property damage insurance as a rider attached to its regular policies, unless otherwise included in the policies themselves.

45. COUNTY'S RIGHT TO CLEAN UP

- 45.1. The Contractor shall always keep the premises free from accumulation of waste materials or rubbish caused by its operations. At the completion of the project, the Contractor shall remove all its waste materials and rubbish from the project as well as its tools, construction equipment, machinery, and surplus materials. If the Contractor fails to clean up during the performance of the work or at the completion of the work, the County may do so, and the cost thereof shall be charged to the Contractor. If a dispute arises between the Contractor and separate contractors as to their responsibility for cleaning up, the County may clean up and charge the cost thereof to the contractors responsible as the Project Manager shall determine to be appropriate and equitable.

46. PROJECT RECORDS

- 46.1. The Contractor shall maintain all books and records and accounts, whether financial or otherwise, which relate to the project and to any claim for additional compensation made by the Contractor, including, without limitation, complete and correct records of payments to each of its subcontractors. For each subcontractor, the books and records and accounts shall reflect each payment to the subcontractor and the cumulative total of the payments made to the subcontractor. The County shall have the right to inspect and copy, at the County's expense, the books and records and accounts of the Contractor which relate in any way to the Project, and to any claim for additional compensation made by the Contractor, and to conduct an audit of the financial and accounting records of the Contractor which relate to the project and to any claim for additional compensation made by the Contractor. The Contractor shall retain and make available to the County all such books and records and accounts, whether financial or otherwise, which relate to the Project and to any claim for a period of three (3) years following final completion of the project. During the project and the three (3) year period following final completion of the project, all provide the County access to its books and records and accounts upon seventy-two (72) hours written notice.

- (b) Vendor’s response is made without prior understanding, agreement, or connection with any other vendor submitting a response to the solicitation regarding either vendor’s response, and is in all respects fair and without collusion or fraud.
- (c) Vendor is neither delinquent in payment of any taxes, fees, fines, contractual debts, judgments, or any other debts due and owed to the County, nor in default of any contractual or regulatory obligation to the County.
- (d) No owner, principal, officer, director, or member of Vendor is or was an owner, principal, officer, director, or member in any other firm that was suspended or debarred from doing business with the County within the last three (3) years, unless otherwise noted in Vendor’s response.

(e) All statements in Vendor's response are accurate, true, and correct. Vendor acknowledges that any inaccurate, untruthful, or incorrect statement made in its response may be used by the County as a basis for rejection; rescission of contract award; or termination of the contract; and may also serve as the basis for suspension and/or debarment of Vendor pursuant to the Procurement Code.

(f) Vendor represents and warrants that it possesses the knowledge, skill, experience, and financial capability required to provide and perform all goods and services required under the solicitation and that each person and entity that will provide goods or services under the contract is duly qualified to perform such services by all appropriate governmental authorities, where required, and is sufficiently experienced and skilled in the area(s) for which such person or entity will render such goods or services.

B. TERMS AND CONDITIONS OF THE SOLICITATION

1. Responses.

Responses must be submitted electronically through the County's designated electronic bidding system ("EBS"). It is Vendor's responsibility to ensure its response is submitted and received through the EBS by the date and time specified in the solicitation. The County will not consider responses received by other means or after the time that solicitations are due. All timeframe references are to Eastern Time. The official time for electronic submittals is the EBS's servers, as synchronized with the atomic clock. Any response that seeks to modify or take exception to the official time shall be deemed nonresponsive.

The County is a public agency subject to Chapter 119, Florida Statutes. Any material submitted in Vendor's response is a public record available for public inspection and copying pursuant to Section 119.071, Florida Statutes. If Vendor contends any material constitutes or contains trade secrets or is otherwise exempt from disclosure under Florida public records laws (collectively, "Trade Secret Materials"), Vendor must separately submit and conspicuously label the Trade Secret Materials as "EXEMPT FROM PUBLIC RECORD PRODUCTION – TRADE SECRET." Unless submitted in accordance with this paragraph, Vendor waives any claim of confidentiality or trade secret with respect to any and all information included in the Vendor's response. If a third party submits a public records request for Trade Secret Materials, the County shall refrain from disclosing the Trade Secret Materials unless otherwise ordered by a court of competent jurisdiction or authorized in writing by the Vendor, and Vendor must indemnify and defend County and its employees, officers, and agents from any and all claims, causes of action, losses, fines, penalties, damages, judgments, and liabilities of any kind, including attorneys' fees, litigation expenses, and court costs, relating to the nondisclosure of the Trade Secret Materials in response to a public records request by a third party.

2. Withdrawal.

Unless otherwise expressly permitted under the Procurement Code, Vendors may not withdraw their responses after the deadline for responses to the solicitation until 120 days after the deadline for filing responses to the solicitation. Any response that seeks to modify or take exception to this provision shall be deemed nonresponsive. Violation of this section may subject Vendor to suspension or debarment, and shall entitle the County to execute on Vendor's posted bid security.

3. Bid Opening (Invitations to Bid only).

All responses to Invitations to Bid shall be publicly opened in the public domain or as otherwise designated in the solicitation. The Purchasing Division will decrypt responses received in the EBS immediately following the deadline for bid responses.

4. Cancellation of Solicitation.

The Director of Purchasing may cancel a solicitation at any time before the deadline for responses.

5. Addenda.

The County reserves the right to amend this solicitation prior to the deadline for Vendor responses by issuing written addenda to the solicitation. If, upon review, a Vendor finds a nonclerical error in an addendum, that Vendor must contact the Purchasing Division immediately, prior to opening date, to allow the County to review the alleged error and to issue any clarification, if the County determines that a clarification is necessary. Vendors are responsible for obtaining and reviewing each addendum prior to the deadline for submission of responses to the solicitation. The terms of all addenda are incorporated into the Terms and Conditions of the Solicitation.

6. Prices.

All responses must include firm prices, which must include all handling, set up, shipping, and inside delivery charges to the destination specified in the solicitation, unless otherwise indicated in the solicitation.

(a) **Certification of Prices:** Vendor certifies that the prices it is proposing in its response are not higher than the prices at which Vendor sells the same goods and/or services in approximately similar quantities, under similar terms and conditions, to any other purchaser.

(b) **F.O.B. Destination:** Unless otherwise specified in the solicitation, prices shall be provided as F.O.B. Destination, with freight, fuel, and all other costs included.

(c) **Taxes:** The County is exempt from federal and Florida taxes on direct purchases of tangible property. The County's tax exemption number will appear on the County's purchase order. Vendor must pay all applicable sales, consumer, land use, or other similar taxes required by law.

(d) **Discounts:** Vendors may offer a cash discount for prompt payment, but such discounts will not be considered by the County in determining the lowest net cost for evaluation purposes unless otherwise stated in the solicitation.

(e) **Mistakes:** Vendors are cautioned to examine all specifications, drawings, delivery instructions, unit prices, extensions, and all other special conditions pertaining to this solicitation. Failure to examine all pertinent documents shall not entitle vendors to relief from any provision or any requirement of this solicitation. Mathematical errors, other than in unit prices, may be deemed clerical errors and are subject to correction by the County at the County's sole discretion. If there is a mistake in the extended price (i.e., unit price multiplied by quantity), the unit price shall govern.

7. Awards.

If a specific basis of award is not established in the Special Instructions to Vendors, the award shall be to the lowest responsive and responsible Vendor. When two or more Vendors offer the same pricing, the Purchasing Division will break the tied responses in accordance with the applicable provisions of the Procurement Code. The County reserves the right to make separate award(s) to one or more Vendors for individual goods/services, groups of goods/services, or all or none or any combination thereof. When a group of goods/services is specified in the solicitation, Vendor must include in its response prices for all items within the group.

A Vendor desiring to offer "No Charge" on an item in a group of goods/services must so indicate by placing a \$0.00 in the offer field for that item, and enter "No Charge" in the "Notes for Buyer" section in the EBS. If a Vendor does not comply with these requirements, its response with respect to that group of goods/services will be deemed incomplete and may be rejected. However, if Vendor(s) do not offer all items within a group, the County may issue an award on one or more items on an item-by-item basis. When a group is indicated for variable quantities and the group shows evidence of unbalanced prices, such solicitation response may be rejected. The Director of Purchasing, or the Broward County Board of County Commissioners ("Board"), as applicable, reserves the right to waive technicalities and irregularities and to reject any or all responses.

8. Qualifications of Vendors.

The County will only award a contract to a Vendor that is normally engaged in providing the types of commodities, services, or construction specified in the solicitation. Vendors must have adequate organization, facilities, equipment, and personnel to ensure prompt and efficient service to the County. The County reserves the right to inspect Vendor's facilities, equipment, personnel, and organization, or to take any other action necessary to determine Vendor's ability to perform in accordance with the solicitation's specifications, terms, and conditions, and Vendor's submittal of its response to the solicitation shall be deemed to constitute Vendor's consent to such inspection. The County will determine whether the evidence of ability to perform is satisfactory, and reserves the right to reject responses and/or find any Vendor nonresponsible where evidence or evaluation is determined to indicate insufficient or uncertainty regarding capacity or ability to perform. The County may also consider a Vendor's history of any and all types of citations, orders, judgments, and/or violations, including those relating to suspensions, debarments, or environmental regulations, in determining responsibility. Vendors must submit with their response a complete history of all citations and/or violations notices and dispositions thereof. Failure of a Vendor to submit such information may be grounds for rejection of Vendor's response and constitutes grounds for termination of Vendor's contract if awarded the solicitation. Vendor shall notify the County immediately of any citations, orders, judgments, or violations not included in Vendor's response that occur at any time prior to award of the contract.

9. Affiliated Entities.

Each Vendor must disclose in its response the names and addresses of its principals and identify all affiliates of Vendor at any time in the five (5) years preceding the date the solicitation was posted. For purposes of this section: (a) "principal" is an individual who is an officer or member of Vendor, or an owner of at least 10% of the equity interest of Vendor; (b) "affiliate" is any entity that directly or indirectly controls, is controlled by, or is under common control with, Vendor or principal(s) of Vendor; and (c) "control" means (i) ownership, directly or indirectly, of fifty percent (50%) or more of the shares of stock entitled to vote for the election of directors, in the case of a corporation, or fifty percent (50%) or more of the equity interests in the case of any other type of legal entity, or (ii) status as a general partner in the case of a partnership, or (iii) any other arrangement whereby a party controls or has the right to control the Board of Directors or equivalent governing body of the entity, or (iv) in the case of a corporation or a partnership, if the abovementioned applicable level of ownership or control is prohibited in any country where the entity is organized or maintains its headquarters or principal place of business, then the maximum ownership or control level for the entity permitted in that country.

10. Resolution of Protested Solicitations and Proposed Awards.

In accordance with Sections 21.65 through 21.67 of the Broward County Procurement Code, if a Vendor intends to protest a solicitation or proposed award of a contract the following shall apply:

(a) Any protest concerning the solicitation's specifications or requirements (or any addendum thereto) must be received by the Director of Purchasing on or before 5:00 p.m. on the fifth (5th) business day after the solicitation or addendum is posted on the EBS.

(b) Any protest concerning a proposed award or ranking must be received by the Director of Purchasing on or before 5:00 p.m. on the fifth (5th) business day after the proposed award or ranking is posted on the Purchasing Division's website.

(c) The protest must be made in writing and must specify the grounds for protest in accordance with Section 21.66 of the Procurement Code.

(d) For purposes of this section, a business day is defined as Monday through Friday between 8:30 a.m. and 5:00 p.m., except County holidays. Failure to timely file a protest within the timeframes specified constitutes a waiver of the right to protest. Pursuant to Section 21.71 of the Procurement Code, the filing of a protest is a remedy that must be exhausted before filing an appeal or civil action.

(e) As a condition of initiating any protest, the protestor must present the Director of Purchasing with a filing fee. The filing fee is calculated based on the estimated contract amount. For purposes of the protest, the estimated contract amount shall be the contract amount submitted by the protestor. If no contract amount was submitted, the estimated contract amount shall be the County's estimated contract price for the project. The County will accept money order, certified check, or cashier's check, payable to Broward County Board of County Commissioners. The filing fee will be refunded if the protestor prevails in the protest. The filing fees are as follows:

Estimated Contract Amount	Filing Fee
Mandatory Bid Amount up to \$250,000	\$500
\$250,001 - \$500,000	\$1,000
\$500,001 - \$5 million	\$3,000
Over \$5 million	\$5,000

11. Public Entity Crimes; Public Business Discrimination; Foreign Country of Concern.

Vendor represents that the submission of its response to this solicitation does not violate the Public Entity Crimes Act, Section 287.133, Florida Statutes. Vendor represents that it has not been placed on the "discriminatory vendor list" as provided in Section 287.134, Florida Statutes, and that it is not a "scrutinized company" pursuant to Section 215.473, Florida Statutes. Vendor represents and certifies that it is not ineligible to contract with the County on any of the grounds stated in Section 287.135, Florida Statutes. Vendor represents that it is, and if awarded the contract will remain for the duration of the contract, in full compliance with Section 286.101, Florida Statutes. Violation of this section shall result in cancellation of Vendor's contract, and may result in suspension and/or debarment.

12. Prohibited Telecommunications Equipment.

Vendor represents and certifies that it and its applicable subcontractors do not use any equipment, system, or service that uses covered telecommunications equipment or services as a substantial or essential component of any system, or as critical technology as part of any system, as such terms are used in 48 CFR §§ 52.204-24 through 52.204-26. Vendor represents and certifies that, if awarded this solicitation, Vendor and its applicable subcontractors shall not provide or use such covered telecommunications equipment, system, or services for the duration of any contract resulting from this solicitation.

13. Criminal History Screening Practices.

By submission of its response to this solicitation, Vendor represents and certifies that it has implemented, or will implement upon award of the contract, policies, practices, and procedures that preclude inquiry into an employment applicant's criminal history until the applicant is selected as a finalist and interviewed for the position.

14. Construction Apprenticeship Program (Construction Contracts only).

If the solicitation is for a construction contract as defined in Section 26-9 of the Broward County Code of Ordinances, Vendor represents and certifies that it shall comply for the duration of the contract, if awarded, with Sections 26-8 through 26-11 of the Broward County Code of Ordinances regarding the Construction Apprenticeship Program.

15. State of Florida Division of Corporations Requirements.

Vendor must comply with all state and local business licensing requirements. All corporations, partnerships, and other business entities must have the authority to transact business in the State of Florida and must be in good standing with the Florida Secretary of State before responding to this solicitation. A Vendor that does not comply with the provisions of this section may be deemed nonresponsive to the solicitation.

16. Cone of Silence Ordinance (Invitations to Bid).

The Cone of Silence Ordinance, Section 1-266, Broward County Code of Ordinances, provides that for certain time periods, Vendors and their representatives may not communicate regarding the solicitation with any County Commissioner or their staff or with certain County personnel. However, Vendors may communicate with a representative of the Office of Economic and Small Business Development (“OESBD”) (telephone (954) 357-6400) at any time regarding a solicitation or regarding participation of Small Business Enterprises, County Business Enterprises, Disadvantaged Business Enterprises, or Airport Concessions Disadvantaged Business Enterprises in a solicitation. The Cone of Silence also permits communication with certain other specific County employees (for more information, refer to Section 1-266, Broward County Code of Ordinances). Any violation of the Cone of Silence Ordinance by Vendor or any representative of Vendor, including owner, employee, consultant, lobbyist, or actual or potential subcontractor or subconsultant, may be reported to the County’s Office of Professional Standards. If the Office of Professional Standards determines that a violation has occurred, a fine shall be imposed against Vendor as provided in the Broward County Code of Ordinances. Additionally, a determination of violation shall render any award to a Vendor who is found to have violated the Cone of Silence Ordinance voidable, at the sole discretion of the Board.

17. Contingency Fees.

Vendor certifies it has not paid and will not pay any contingency fees (sometimes known as a finder’s fee) to any person or organization, other than a bona fide employee working solely for Vendor, to secure a contract made pursuant to this solicitation. Violation of this policy may result in termination of any resultant contract and/or possible suspension and/or debarment of Vendor. This provision does not apply to fees paid to an insurance broker in connection with a solicitation to provide insurance coverage to the County.

18. Local Business Tax Receipt Requirements.

Unless exempt under applicable law, any Vendor maintaining a business address within Broward County must have a current Broward County Local Business Tax Receipt issued by the Broward County Records, Taxes and Treasury Division (“Business Tax Receipt”) prior to recommendation for award. Unless exempt, Vendors that do not have a current Business Tax Receipt may be deemed nonresponsive to this solicitation. For further information on obtaining or renewing a Local Business Tax Receipt, contact the Records, Taxes and Treasury Division at (954) 357-6200.

19. Dun & Bradstreet Report Requirement.

The County may review any Vendor’s Dun & Bradstreet rating and payment performance to assist in determining a Vendor’s responsibility regarding this solicitation.

20. Samples.

Samples or drawings, when required, shall be provided to the County free of charge. If not mutilated or destroyed in the examination, Vendor will be notified to remove same at their expense. If samples are not removed within thirty (30) calendar days after written notice to Vendor, they shall be considered as abandoned, and the County shall have the right to dispose of them as its own property.

21. “Or Equal” Clause.

Whenever a material, article, or piece of equipment is identified in the solicitation by reference to a manufacturer or brand name, trade name, catalog number, or otherwise, any such reference is intended merely to establish a standard; and, unless such identification is followed by the words “no substitution is permitted,” any material, article, or piece of equipment of any other manufacturer or brand that will perform or serve the requirements of the solicitation will be considered equally acceptable, provided that

the material, article, or piece of equipment so proposed is, in the sole opinion of the County, equal in substance, quality, and function to the material, article, or piece of equipment specified in the solicitation.

22. Legal Requirements.

Applicable provisions of all federal, state, and local laws, ordinances, rules, and regulations, including the Procurement Code, shall govern development, submittal, and evaluation of responses, and shall govern any and all claims and disputes that may arise between Vendor(s) and the County or its officers, employees, and/or authorized representatives. Lack of knowledge by any Vendor of any applicable law, rule, or regulation shall not constitute a recognizable defense against the legal effect thereof.

C. TERMS AND CONDITIONS OF CONTRACT

1. Contract Period.

The contract period shall start and terminate as indicated in the solicitation's Special Instructions to Vendors. If no contract period is stated in the Special Instructions to Vendors, the contract period shall start upon the date of award and end three (3) years later, unless extended by mutual consent of County and Contractor for up to two (2) additional one (1) year renewal terms. The total contract period, inclusive of the above-referenced renewal terms, shall not exceed five (5) years, unless renewed or extended pursuant to action by the Board. The continuation of the contract beyond the end of any County fiscal year is subject to both the appropriation and the availability of funds in accordance with Chapter 129, Florida Statutes.

If the Director of Purchasing determines to renew the contract as set forth above, the County will provide Contractor with notice of the County's intent to renew in advance of the contract expiration date. If Contractor consents to the renewal or otherwise confirms the request to renew (which may be done electronically), the contract shall be renewed for the stated period. All prices, terms, and conditions of the contract shall remain firm for any renewal period unless subject to price adjustment expressly stated in the solicitation. If the Director of Purchasing does not renew the contract, or if no further renewal of the contract period is available, Contractor nonetheless shall, if directed in writing by the Director of Purchasing, continue contract performance for an extension period not exceeding ninety (90) days beyond the contract expiration date. Contractor shall be compensated for such performance during the extension period at the rate in effect when the Director of Purchasing directed Contractor to continue performance for an extended period beyond the contract expiration date.

2. Orders and Quantities. The contract may be for: (a) a definite quantity; (b) an open-end/indefinite quantity; or (c) all of the County's requirements. The Special Instructions specify the applicable contract type and the associated terms and conditions, which shall govern the contract.

3. Invoice and Payment.

Contractor may submit invoices for payment no more often than on a monthly basis, but only after the goods or services for which the invoices are submitted have been delivered or completed. If subcontractor or supplier fees or costs are included in a Contractor invoice to the County, Contractor must submit a Certification of Payments to Subcontractors and Suppliers with each such invoice in the form provided by the County. Contractor must pay subcontractors and suppliers within fifteen (15) days following receipt of payment from the County for such subcontracted work or supplies. The certification shall be accompanied by a copy of the notification sent to each unpaid subcontractor listed on the form, if any, explaining the good cause why payment has not been made to that subcontractor.

The County shall pay for all goods and services received and accepted by the County in accordance with the Local Government Prompt Payment Act, Section 218.70, Florida Statutes, and the Prompt Payment Policy, Section 1-51.6, of the Broward County Code of Ordinances. All applications for payment shall be submitted to the address indicated in the purchase order. The County will pay Contractor after receipt, acceptance, and proper invoice is received. Invoices must bear the purchase order number. The County will only accept and pay for goods delivered or services performed by Contractor within the contract period, including any extensions or continued performance as directed by the Director of Purchasing.

4. Termination.

(a) **Availability of Funds.** In the event funds for the contract are not made available or otherwise allocated by the Board, the County may terminate the contract upon thirty (30) days prior written notice to Contractor without penalty or liability for such termination. The Board shall be the final authority as to availability of funds and how such available funds are to be allotted and expended.

(b) **Nonperformance.** The County may terminate the contract for cause if Contractor is in breach and does not correct the breach within ten (10) days after written notice from the County Contract Administrator identifying the breach. Cause for termination shall include, but not be limited to, failure to suitably perform the work; failure to suitably deliver goods in accordance with the specifications and instructions in this solicitation; failure to continuously perform the work in a manner calculated to meet or accomplish the objectives of the County as set forth in this solicitation; or multiple breaches of the provisions of the contract notwithstanding whether any breach was previously waived or cured.

(c) **For Convenience.** The County may terminate the contract for convenience upon no less than thirty (30) days written notice. If the contract is terminated for convenience, Contractor shall be paid for any goods properly delivered and services properly performed prior to the termination date specified in the notice from the County. However, upon being notified of the County's election to terminate, unless directed otherwise in writing by the County, Contractor shall cease any deliveries, shipment, or carriage of goods, and refrain from performing further services or incurring additional expenses under the terms of the contract. In no event will payment be made for lost or future profits or damages for Contractor's reliance on continued performance of the contract beyond the effective date of the termination for convenience. Contractor acknowledges and agrees that it has received good, valuable, and sufficient consideration from the County for the County's right to terminate the contract for convenience, the receipt and adequacy of which are hereby acknowledged.

5. Conditions and Packaging.

Unless otherwise stated in the solicitation, or specifically ordered from an accepted price list, deliveries must consist only of new and unused goods and must be the current standard production model available at the time of Contractor's response. The goods must be suitably packaged for shipment by common carrier. Each container, or multiple units or items otherwise packaged, must bear a label or otherwise legible marking stating the name of Contractor (or the manufacturer or supplier), the purchase order number, and any other information required by the solicitation's specifications.

6. Safety Standards.

Unless otherwise specified in the solicitation, all goods and services, including manufactured items and fabricated assemblies, shall comply with applicable requirements of the Occupational Safety and Health Act ("OSHA") and all standards thereunder. All sources of energy associated with machinery/equipment purchased shall be capable of being "locked-out" in accordance with OSHA 29 CFR § 1910.147, Hazardous Energy Control. Pursuant to OSHA 29 CFR § 1910.1200, Hazard Communication Standard, and Chapter 442, Florida Statutes, Occupational Safety and Health, any chemical substance provided or delivered pursuant to this solicitation to the County must be compliant with the Global Harmonized System ("GHS") for Hazard Communication accompanied by a Safety Data Sheet ("SDS") consisting of 16 sections, which SDS must be submitted to the Broward County Risk Management Division, 115 South Andrews Avenue, Room 218, Fort Lauderdale, Florida 33301-1803.

7. Rejection of Nonconforming Items.

The County may withhold acceptance of or reject any items that the County determines do not meet the specification requirements of the solicitation. Upon written notice from County, Contractor must remove the rejected items at its own expense within five (5) calendar days after the County's notice of rejection and then replace them at its own expense with items that meet the specification requirements of the solicitation. Any items not removed by Contractor within thirty (30) days after the County's notice of rejection shall be considered abandoned, and the County may dispose of them in any manner it sees fit. The County shall not be required to give written notice of rejection with respect to foodstuffs, medication, or other perishable goods. With respect to foodstuffs, medication, and other perishable goods, the County may provide verbal notification of rejection, in response to which Contractor must immediately remove and replace the rejected goods at its sole expense. Contractor's failure to provide conforming items, failure to meet the timeframes for removal and replacement specified in this section may result in Contractor being found in breach of contract.

8. Inspection, Acceptance, and Title.

Inspection and acceptance will be at the delivery destination specified in the solicitation, unless otherwise stated in the purchase order. Title and risk of loss or damage to all items shall be the responsibility of Contractor until such items are accepted by the County.

9. Governmental Restrictions and Prohibited Covered Telecommunications Equipment.

In the event any applicable law or regulation requires substitution of the goods or services required by the solicitation (or alteration of the material quality, workmanship, or performance of such goods or services) prior to delivery of same, Contractor must immediately notify the County in writing of the specific law or regulation requiring such substitution or alteration. The County reserves the right to accept any such substitution or alteration, including any price adjustments occasioned thereby, or to terminate the contract without liability and at no further expense to the County. For the duration of the contract, neither Contractor nor its subcontractors shall use any equipment, system, or service that uses covered telecommunications equipment or services as a substantial or essential component of any system, or as critical technology as part of any system, as such terms are used in 48 CFR §§ 52.204-24 through 52.204-26. Additionally, Contractor represents and certifies that if Contractor identifies covered telecommunications equipment or services used as a substantial or essential component of any system, or as critical technology as part of any system, during the term of the contract, or if Contractor is notified of such by a subcontractor at any tier or by any other source, Contractor shall promptly report the information in 48 CFR § 52.204-25(d)(2) to the County.

10. Insurance.

Contractor shall, at its sole expense, maintain the minimum insurance coverages required in the solicitation in accordance with the terms and conditions of this section. Contractor shall maintain insurance coverage against claims relating to any act or omission by Contractor, its agents, representatives, employees, or subcontractors in connection with the contract. Contractor shall ensure that "Broward County" is listed and endorsed as an additional insured on all required policies. Contractor shall ensure that all required insurance coverages remain in full force and effect for the duration of the contract and until all performance required by Contractor has been completed. Contractor shall ensure that all required insurance policies are issued by insurers: (1) assigned an A. M. Best rating of at least "A-" with a Financial Size Category of at least Class VII; (2) authorized to transact insurance in the State of Florida; or (3) a qualified eligible surplus lines insurer pursuant to Section 626.917 or 626.918, Florida Statutes, with approval by the County's Risk Management Division. Contractor shall be solely responsible for and shall pay any deductible or self-insured retention applicable to any claim against the County. Unless prohibited by the applicable policy, Contractor waives any right to subrogation that any of Contractor's insurers may acquire against the County and agrees to obtain same in an endorsement of Contractor's insurance policies.

11. Indemnification.

(a) **Contracts other than construction contracts (as defined in Section 725.06, Florida Statutes):** Contractor shall indemnify, hold harmless, and defend the County and all of the County's current, past, and future officers, agents, and employees (collectively, "Indemnified Party") from and against any and all causes of action, demands, claims, losses, liabilities, and expenditures of any kind, including attorneys' fees, court costs, and expenses, including through the conclusion of any appellate proceedings, raised or asserted by any person or entity not a party to the contract, and caused or alleged to be caused, in whole or in part, by any intentional, reckless, or negligent act or omission of Contractor, its officers, employees, or agents, arising from, relating to, or in connection with the contract (collectively, a "Claim"). If any Claim is brought against an Indemnified Party, Contractor shall, upon written notice from the County, defend each Indemnified Party against each such Claim by counsel satisfactory to the County or, at the County's option, pay for an attorney selected by the County Attorney to defend the Indemnified Party. The obligations of this section shall survive the expiration or earlier termination of this solicitation and the contract term. If considered necessary by the Contract Administrator and the County Attorney, any sums due Contractor under the contract may be retained by the County until all Claims subject to this indemnification obligation have been settled or otherwise resolved. Any amount withheld shall not be subject to payment of interest by the County.

(b) **Construction contracts (as defined in Section 725.06, Florida Statutes):** Contractor shall indemnify and hold harmless the County and its current, past, and future officers and employees from liabilities, damages, losses, and costs, including, but not limited to, reasonable attorneys' fees, to the extent caused by the negligence, recklessness or intentionally wrongful conduct of Contractor or other persons employed or utilized by Contractor in the performance of the contract. The provisions of this section shall survive the expiration or earlier termination of the contract. To the extent considered necessary by the Contract Administrator and the County Attorney, any sums due Contractor under the contract may be retained by the County until all of the County's claims subject to this indemnification obligation have been settled or otherwise resolved, and any amount withheld shall not be subject to payment of interest by the County.

12. Notice.

Notice to the County or Contractor must be sent via U.S. first-class mail, hand delivery, or commercial overnight delivery, each with a contemporaneous copy via email, to the addresses listed below (for the County) or stated in the solicitation (for Contractor), and shall be effective upon mailing or hand delivery (provided the contemporaneous email is also sent). The addresses for notice shall remain as set forth in this section unless and until changed by providing notice of such change in accordance with the provisions of this section.

The exclusive venue for any lawsuit arising from, related to, or in connection with this solicitation or contract shall be in the state courts of the Seventeenth Judicial Circuit in and for Broward County, Florida. If any claim arising from, related to, or in connection with this solicitation or contract must be litigated in federal court, the exclusive venue for any such lawsuit shall be in the United States District Court or United States Bankruptcy Court for the Southern District of Florida. **BY ENTERING INTO THE CONTRACT, EACH OF CONTRACTOR AND THE COUNTY HEREBY EXPRESSLY WAIVE ANY RIGHTS IT MAY HAVE TO A TRIAL BY JURY OF ANY CIVIL LITIGATION RELATED TO THE CONTRACT. IF A PARTY FAILS TO WITHDRAW A REQUEST FOR A JURY TRIAL IN A LAWSUIT ARISING OUT OF THE CONTRACT OR SOLICITATION AFTER WRITTEN NOTICE BY THE OTHER PARTY OF VIOLATION OF THIS SECTION, THE PARTY MAKING THE REQUEST FOR JURY TRIAL SHALL BE LIABLE FOR THE REASONABLE ATTORNEYS' FEES AND COSTS OF THE OTHER PARTY IN CONTESTING THE REQUEST FOR JURY TRIAL, AND SUCH AMOUNTS SHALL BE AWARDED BY THE COURT IN ADJUDICATING THE MOTION.**

14. Patents and Royalties.

Contractor, without exception, shall indemnify, hold harmless, and defend the County, and all of the County's current, past, and future officers, agents, and employees, from liability of any nature or kind, including but not limited to attorneys' fees, costs, and expenses, for or on account of any of any claims by third parties arising out of any copyrighted, trademarked, invention (patented or unpatented), process, or article that is manufactured, used, or otherwise required or occasioned by performance of the contract by Contractor or by the County. Contractor is solely responsible for any and all royalties, fees, or costs resulting or arising from use of any design, device, or materials covered by letters, patent, or copyright. The County shall not be liable or pay any royalties, fees, or costs in connection with the contract or the goods or services provided pursuant to the contract. This provision shall survive the expiration or earlier termination of the contract.

15. Assignment; Subcontractors.

Except for subcontracting approved by the County in advance, neither the contract nor any right or interest in it may be assigned, transferred, subcontracted, or encumbered by Contractor without the prior written consent of the County. Any assignment, transfer, encumbrance, or subcontract in violation of this section shall be void and ineffective, constitute a breach of the contract, and permit the County to immediately terminate the contract, in addition to any other remedies available to the County at law or in equity. The County may condition any consent required under this section upon review of any documentation reasonably requested by the County and/or payment by Contractor of a fee in an amount specified by the County to cover costs incurred by the County in evaluating the transaction for which consent is requested.

16. Equal Employment Opportunity.

Contractor shall not discriminate against any employee or applicant for employment based on race, religion, age, color, sex, gender, national origin, sexual orientation (including as provided in Broward County Code, Chapter 16½), marital status, political affiliation, disability, or physical or mental disability. Contractor shall also take affirmative action to ensure that employees are treated during their employment, without regard to their race, religion, age, color, sex, gender, national origin, sexual orientation, marital status, political affiliation, disability, or physical or mental disability. Such actions shall include, but not be limited to the following: employment, promotion, demotion, transfer, recruitment or recruitment advertising, layoff or termination, rates of pay or other forms of compensation, as well as selection of training, including apprenticeship. Contractor agrees to post notices setting forth the provisions of this nondiscrimination clause in conspicuous places available to employees and applicants for employment.

Contractor must include the foregoing requirements of this Section C.16 in its contracts with any subcontractors or subconsultants that may perform work required by this solicitation, except that any project assisted by U.S. Department of Transportation funds shall comply with the nondiscrimination requirements in 49 CFR Parts 23 and 26, as applicable. Contractor must ensure subcontractors and subconsultants, if any, are aware and comply with the requirements of this section. Failure to comply with above requirements is a material breach of the contract and may result in contract termination or such other remedy as the County deems appropriate, all of such remedies being cumulative.

17. Criminal History Screening. *[Generally applicable to contracts over \$100,000]*

Unless exempted under Section 26-125, Broward County Code of Ordinances, Contractor certifies and represents that it shall comply with Section 26-125(d) of the Broward County Code of Ordinances prohibiting inquiry into the criminal history of an employment applicant until the applicant is selected as a finalist and interviewed for the position. Violation of this section shall constitute a material breach of contract, entitling Broward County to pursue any remedy permitted under the contract or applicable law.

18. Purchase by Other Governmental Agencies.

Contractor understands and agrees that any other governmental unit may enter into a contract with Contractor on the same terms and conditions as Contractor's contract with the County. However, any such governmental unit must establish its own contract with Contractor, place its own orders, issue its own purchase orders, be separately invoiced by Contractor, make its own payments, and issue its own exemption certificates as required by Contractor. Contractor understands and agrees that the County is not and will not be a legally bound party to any contractual agreement made between any other governmental unit and Contractor as a result of this solicitation, and that no other governmental unit is an implied or intended third-party beneficiary of the contract between the County and Contractor.

19. Public Records.

Pursuant to Chapter 119, Florida Statutes, Contractor and all subcontractors and subconsultants retained by Contractor for performance of the contract, shall comply with Florida's Public Records Law, including as follows:

- (a) Keep and maintain public records required by the County to perform the services;
- (b) Upon request from the County, provide the County with a copy of the requested records or allow the records to be inspected or copied within a reasonable time and at a cost that does not exceed that provided in Chapter 119, Florida Statutes, or as otherwise provided by law;
- (c) Ensure that public records that are exempt or confidential and exempt from public record requirements are not disclosed except as authorized by law for the duration of the contract and following completion or termination of the contract if the records are not transferred to the County; and
- (d) Upon completion or termination of the contract, transfer to the County, at no cost, all public records in possession of Contractor or keep and maintain public records required by the County to perform the services. If Contractor transfers the records to the County, Contractor shall destroy any duplicate public records that are exempt or confidential and exempt. If Contractor keeps and maintains the public records, Contractor shall meet all applicable requirements for retaining public records. All records stored electronically must be provided to the County upon request in a format that is compatible with the information technology systems of the County.

A request for public records regarding the contract must be made directly to the County, who will be responsible for responding to any such public records requests. Contractor must provide any requested records to the County to enable the County to respond to the public records request.

IF CONTRACTOR HAS QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES, TO CONTRACTOR'S DUTY TO PROVIDE PUBLIC RECORDS RELATING TO THE CONTRACT, CONTACT THE CUSTODIAN OF PUBLIC RECORDS AT (954) 357-6006, PURCHASINGINFORMATION@BROWARD.ORG, 115 S. ANDREWS AVE., SUITE 212, FORT LAUDERDALE, FLORIDA 33301.

Any material submitted to the County that Contractor contends constitutes or contains trade secrets or is otherwise exempt from production under Florida public records laws (including Chapter 119, Florida Statutes) ("Trade Secret Materials") must be separately submitted and conspicuously labeled "EXEMPT FROM PUBLIC RECORD PRODUCTION – TRADE SECRET." In addition, Contractor must, simultaneous with the submission of any Trade Secret Materials, provide a sworn affidavit from a person with personal knowledge attesting that the Trade Secret Materials constitute trade secrets under Section 688.002, Florida Statutes, and stating the factual basis for same. If a third party submits a request to the County for records designated by Contractor as Trade Secret Materials, the County shall refrain from disclosing the Trade Secret Materials, unless otherwise ordered by a court of competent jurisdiction or authorized in writing by Contractor. Contractor must indemnify and defend the County and its employees, officers, and agents from any and all claims, causes of action, losses, fines, penalties, damages, judgments, and liabilities of any kind, including attorneys' fees, litigation expenses, and court costs, relating to the nondisclosure of any Trade Secret Materials in response to a records request by a third party.

20. Audit Right and Retention Records.

The County shall have the right to audit the books, records, and accounts of Contractor and its subcontractors that are related to the contract. Contractor and its subcontractors shall keep such books, records, and accounts as may be necessary in order to record complete and correct entries related to the contract and performance under the contract. All such books, records, and accounts shall be kept in written form, or in a form capable of conversion into written form within a reasonable time, and upon request to do so, Contractor or its subcontractor shall make same available in written form at no cost to the County. Contractor shall ensure that the requirements of this section are included in all agreements with its subcontractor(s).

Contractor shall preserve and make available, at reasonable times within Broward County, Florida, for examination and audit, all financial records, supporting documents, statistical records, and any other documents pertinent to the contract for at least three (3) years after expiration or termination of the contract or until resolution of any audit findings, whichever is longer. Any audit or inspection pursuant to this section may be performed by any County representative (including any outside representative engaged by the County). Contractor hereby grants the County the right to conduct such audit or review at Contractor's place of business, if deemed appropriate by the County, with seventy-two (72) hours' advance notice.

Any incomplete or incorrect entry in such books, records, and accounts shall be a basis for the County's disallowance and recovery of any payment made by the County based upon such entry. If an audit or inspection in accordance with this section discloses overpricing or overcharges to the County of any nature by Contractor in excess of five percent (5%) of the total contract billings reviewed by the County, Contractor shall reimburse County for the reasonable actual cost of the County's audit. In addition, at the County's option, Contractor shall remit the amount of overcharges to County or County shall deduct such overcharges from future payments made by County to Contractor. Any remittances due by Contractor as a result of such audit or inspection shall be made within thirty (30) days after presentation of the County's findings to Contractor.

21. Ownership of Documents.

All finished or unfinished documents, studies, surveys, drawings, maps, models, photographs, specifications, and reports prepared or provided by Contractor in connection with the contract shall become the property of the County upon the expiration or termination of the contract, whether the project for which they are made is completed or not. Contractor must deliver all such materials to the Contract Administrator prior to contract expiration or within fifteen (15) days after Contractor's receipt of a written notice of termination. The County may withhold any payments due to Contractor until Contractor complies with the provisions of this section.

22. Special Notice.

In accordance with 29 CFR § 1926.1101(k)(2), Contractor is hereby notified of the presence of asbestos containing material and/or presumed asbestos containing material at some Broward County locations.

23. Contractor Responsibilities; Time is of the Essence; Waiver; Remedies.

Unless otherwise stated in the solicitation, Contractor will be responsible for the provision, installation, and performance of all equipment, materials, goods, and services offered in its response, even if such materials or equipment is not of their own manufacture or such services are not being performed by Contractor's own employees. Time is of the essence in performing the duties, obligations, and responsibilities required by Contractor under the contract. The County's election not to enforce any particular breach(es) does not

waive the County's right to enforce any other breach(es) and shall not be construed as a modification of the contract. All remedies provided in these General Conditions are cumulative.

24. Warranties and Guarantees.

Contractor shall obtain all applicable manufacturers' warranties and guarantees of the equipment and materials required by this solicitation and resulting orders under this solicitation for the benefit of, and in the name of, Broward County. Contractor shall deliver documentation of such warranties and guarantees to the point of delivery specified in the solicitation.

25. Independent Contractor.

The relationship between the County and Contractor is an independent contractor relationship, and nothing in the contract shall constitute or create a partnership, joint venture, or any other relationship between the Parties. In providing goods or services as specified in the solicitation, neither Contractor nor its agents shall act as officers, employees, or agents of the County. Contractor shall not have the right to bind the County to any obligation not expressly undertaken by the County under the contract.

26. Regulatory Capacity.

Notwithstanding the fact that the County is a political subdivision with certain regulatory authority, the County's performance under the contract is as a Party to the contract and not in its regulatory capacity. If the County exercises its regulatory authority, the exercise of such authority and the enforcement of any rules, regulation, laws, and ordinances shall be made pursuant to its pursuant to the County's regulatory authority as a governmental body separate and apart from the contract, and shall not be attributable in any manner to the County as a party to the contract.

27. Sovereign Immunity.

Except to the extent required by law, nothing herein is intended to serve as a waiver of sovereign immunity by the County nor shall anything included herein be construed as consent by the County to be sued by third parties in any matter arising out of the contract. The County is a political subdivision as defined in Section 768.28, Florida Statutes, and shall be responsible for the negligent or wrongful acts or omissions of its employees to the extent required under Section 768.28, Florida Statutes.

28. Third-Party Beneficiaries.

Neither Contractor nor the County intends to directly or substantially benefit a third party by entering into the contract. Therefore, the Parties acknowledge that there are no third-party beneficiaries to the contract and that no third party shall be entitled to assert a right or claim against either of them based upon the contract.

29. Compliance with Laws; Code Requirements.

Contractor and the goods and services provided by Contractor pursuant to the contract must comply with all applicable federal, state, and local laws, codes, ordinances, rules, and regulations including, without limitation, Americans with Disabilities Act, 42 U.S.C. § 12101, Section 504 of the Rehabilitation Act of 1973, and any related federal, state, or local laws, rules, and regulations. Contractor and its subcontractors must be familiar and comply with all applicable federal, state, county, municipal, and local laws, rules, regulations, and codes applicable to performance of the contract. Contractor must ask for and receive any required inspections relevant to its performance of the contract.

30. E-Verify.

Contractor represents that Contractor and each subcontractor has registered with and uses the E-Verify system maintained by the United States Department of Homeland Security to verify the work authorization status of all newly hired employees in compliance with the requirements of Section 448.095, Florida Statutes, and that entry into the contract will not violate that statute. If Contractor violates this section,

County may immediately terminate the contract for cause and Contractor shall be liable for all costs incurred by County due to the termination.

31. Ownership Disclosure Form.

By January 1 of each year, Contractor must submit, and cause each of its subcontractors to submit, an Ownership Disclosure Form (or such other form or information designated by the County), available at <https://www.broward.org/econdev/Pages/forms.aspx>, identifying the ownership of the entity and indicating whether the entity is majority-owned by persons fitting specified classifications.

32. Restrictions on Use of Certain Plastics and Products on County property.

Contractor shall not sell or provide for use on County property expanded polystyrene food service articles (e.g., Styrofoam), unencapsulated expanded polystyrene products, single-use plastic beverage straws, or single-use plastic stirrers, as set forth in more detail in Section 27.172, Broward County Administrative Code.

33. Amendments; Severability.

All changes to purchase orders shall be by issuance of a change order or amended purchase order by the County. Any modification or change to the contract must be by written amendment signed by Contractor and the County. If any part of the contract is found to be unenforceable by any court of competent jurisdiction, that part shall be deemed severed from the contract and the balance of the contract shall remain in full force and effect.

=====

** Workers in this classification may be entitled to a higher minimum wage under Executive Order 14026 (\$15.00) or 13658 (\$11.25). Please see the Note at the top of the wage determination for more information.

Note: Executive Order (EO) 13706, Establishing Paid Sick Leave for Federal Contractors applies to all contracts subject to the Davis-Bacon Act for which the contract is awarded (and any solicitation was issued) on or after January 1, 2017. If this contract is covered by the EO, the contractor must provide employees with 1 hour of paid sick leave for every 30 hours they work, up to 56 hours of paid sick leave each year. Employees must be permitted to use paid sick leave for their own illness, injury or other health-related needs, including preventive care; to assist a family member (or person who is like family to the employee) who is ill, injured, or has other health-related needs, including preventive care; or for reasons resulting from, or to assist a family member (or person who is like family to the employee) who is a victim of, domestic violence, sexual assault, or stalking. Additional information on contractor requirements and worker protections under the EO is available at <https://www.dol.gov/agencies/whd/government-contracts>.

Unlisted classifications needed for work not included within the scope of the classifications listed may be added after award only as provided in the labor standards contract clauses (29CFR 5.5 (a) (1) (ii)).

The body of each wage determination lists the classification and wage rates that have been found to be prevailing for the cited type(s) of construction in the area covered by the wage determination. The classifications are listed in alphabetical order of "identifiers" that indicate whether the particular rate is a union rate (current union negotiated rate for local), a survey rate (weighted average rate) or a union average rate (weighted union average rate).

Union Rate Identifiers

A four letter classification abbreviation identifier enclosed in dotted lines beginning with characters other than "SU" or "UAVG" denotes that the union classification and rate were prevailing for that classification in the survey. Example: PLUM0198-005 07/01/2014. PLUM is an abbreviation identifier of the union which prevailed in the survey for this classification, which in this example would be Plumbers. 0198 indicates the local union number or district council number where applicable, i.e., Plumbers Local 0198. The next number, 005 in the example, is an internal number used in processing the wage determination. 07/01/2014 is the effective date of the most current negotiated rate, which in this example is July 1, 2014.

Union prevailing wage rates are updated to reflect all rate changes in the collective bargaining agreement (CBA) governing this classification and rate.

Survey Rate Identifiers

Classifications listed under the "SU" identifier indicate that

no one rate prevailed for this classification in the survey and the published rate is derived by computing a weighted average rate based on all the rates reported in the survey for that classification. As this weighted average rate includes all rates reported in the survey, it may include both union and non-union rates. Example: SULA2012-007 5/13/2014. SU indicates the rates are survey rates based on a weighted average calculation of rates and are not majority rates. LA indicates the State of Louisiana. 2012 is the year of survey on which these classifications and rates are based. The next number, 007 in the example, is an internal number used in producing the wage determination. 5/13/2014 indicates the survey completion date for the classifications and rates under that identifier.

Survey wage rates are not updated and remain in effect until a new survey is conducted.

Union Average Rate Identifiers

Classification(s) listed under the UAVG identifier indicate that no single majority rate prevailed for those classifications; however, 100% of the data reported for the classifications was union data. EXAMPLE: UAVG-OH-0010 08/29/2014. UAVG indicates that the rate is a weighted union average rate. OH indicates the state. The next number, 0010 in the example, is an internal number used in producing the wage determination. 08/29/2014 indicates the survey completion date for the classifications and rates under that identifier.

A UAVG rate will be updated once a year, usually in January of each year, to reflect a weighted average of the current negotiated/CBA rate of the union locals from which the rate is based.

WAGE DETERMINATION APPEALS PROCESS

1.) Has there been an initial decision in the matter? This can be:

- * an existing published wage determination
- * a survey underlying a wage determination
- * a Wage and Hour Division letter setting forth a position on a wage determination matter
- * a conformance (additional classification and rate) ruling

On survey related matters, initial contact, including requests for summaries of surveys, should be with the Wage and Hour National Office because National Office has responsibility for the Davis-Bacon survey program. If the response from this initial contact is not satisfactory, then the process described in 2.) and 3.) should be followed.

With regard to any other matter not yet ripe for the formal process described here, initial contact should be with the Branch of Construction Wage Determinations. Write to:

Branch of Construction Wage Determinations
Wage and Hour Division
U.S. Department of Labor
200 Constitution Avenue, N.W.
Washington, DC 20210

2.) If the answer to the question in 1.) is yes, then an interested party (those affected by the action) can request review and reconsideration from the Wage and Hour Administrator (See 29 CFR Part 1.8 and 29 CFR Part 7). Write to:

Wage and Hour Administrator
U.S. Department of Labor
200 Constitution Avenue, N.W.
Washington, DC 20210

The request should be accompanied by a full statement of the interested party's position and by any information (wage payment data, project description, area practice material, etc.) that the requestor considers relevant to the issue.

3.) If the decision of the Administrator is not favorable, an interested party may appeal directly to the Administrative Review Board (formerly the Wage Appeals Board). Write to:

=====

END OF GENERAL DECISIO"

Bid Bond, Bid Security, Performance and Payment Security, and Qualifications of Surety Requirements:

- A. **Bid Bond:** A Vendor must submit with its response a bid bond in the form of the County's approved Bid Bond Form, including all substantive terms set forth therein, which shall be executed by a surety company meeting the **Qualifications of Surety Requirements**. Failure to submit a bid bond by the solicitation due date and time, and in accordance with instructions will deem Vendor non-responsive. A copy of the County-approved **Bid Bond Form** may be found at: [https://www.broward.org/Purchasing/Pages/StandardTerms_copy\(1\).aspx](https://www.broward.org/Purchasing/Pages/StandardTerms_copy(1).aspx) under the section "Standard Guaranty and Bond Forms."
- B. **Bid Security:** In lieu of a bid bond, the following will be acceptable: money order, certified check, cashier's check, an original **Bid Security - Unconditional Letter of Credit**, treasurer's check or bank draft of any national or state bank (United States). A personal check or a company check of a Vendor is not a valid bid guarantee.
1. The bid security shall be in an amount equal to five percent (5%) of the total price offered, payable to Broward County and conditioned upon the successful Vendor providing the Performance and Payment Security, evidence of insurance, or any other requirements set forth within the solicitation, within 10 calendar days after notification of award of the contract.
 2. Security of the successful Vendor shall be forfeited to the Broward County not as a penalty, but as liquidated damages for the cost and expense incurred should said Vendor fail to provide the required Performance and Payment Security or Certificate of Insurance or fail to comply with any other requirements set forth in the solicitation. Upon request, bid securities of unsuccessful vendors will be returned after award of contract or expiration of bid validity.
 3. Vendors must either submit an electronic bid bond through Periscope S2G or submit an original bid security to the Purchasing Division, by solicitation due date and time, or Vendor may be deemed non-responsive.
 - a. To submit an electronic bid bond, Vendor must submit through Periscope S2G, using **Surety 2000**. Vendors, bonding agents, and surety companies must register with Surety 2000 to use the service; contact **Surety 2000** to find out information regarding their service (www.surety2000.com or 800-660-3263).
 - i. The Vendor must provide their bonding agent with Broward County's vendor identification number for Surety 2000 (P06145037) and its "Supplier identifier" number. The Vendor's individual Supplier identifier number is available on the Details tab in BidSync (Bid Bond: See bid bond information).
 - ii. The bonding agent can then provide a Bid Bond Number for the Vendor to import into Periscope S2G.
 - iii. For detailed instructions on submitting an electronic bid bond, visit Vendor Registration page www.broward.org/Purchasing/Pages/Registration.aspx and select "How to Submit an electronic bid bond?"
 - iv. Broward County reminds Vendors to allow enough time to secure a bid bond and submit electronically in case there are any errors or issues. If there are errors during the import process, check all identification numbers. Contact Surety 2000 for additional assistance.
 - v. An original bid bond will not be required when the bid bond is submitted electronically through Surety 2000.
 - b. To submit an original bid security, in lieu of submitting an electronic bid bond through Periscope S2G, Vendor must submit an original bid security in a sealed envelope, with the solicitation number, solicitation title, date and the time of bid opening, and address listed on the envelope. A copy of the bid security should also be uploaded into Periscope S2G. The uploaded copy of the bid guarantee does not replace the original bid security submission requirement. Vendors must submit the original bid guarantee, by the solicitation due date and time, to:

Broward County Purchasing Division 115
South Andrews Avenue, Room 212 Fort
Lauderdale, FL 33301
- C. **Performance and Payment Security:** within 10 calendar days of being notified of the award of contract, Vendor shall furnish the referenced Performance Bond and a Payment Bond containing all the provisions of the:

Goods and Services - Performance Bond Form and Payment Bond Form OR

For All Other Broward County Form (BCF) Agreements - Performance Bond Form and Payment Bond Form

1. The bonds shall be in the amount of **one hundred percent (100%)** of the total contract amount of a fixed contract or total contract amount of the initial contract term of a multi-year contract containing one or more renewable term guaranteeing to County the completion and performance of the work covered in such Contract as well as full payment of all suppliers, material men, laborers, or subcontractors employed pursuant to this project. Such bond(s) shall be with a surety company which is qualified pursuant to the section, Qualifications of Surety.
2. Each bond shall continue in effect for one year after completion and acceptance of the performance or work with liability equal to one hundred percent (100%) of the Contract price for work performed, or an additional bond shall be conditioned that the Vendor will upon notification by the County, correct any defective or faulty work or materials which appear within one year after completion of the work.
3. For Construction Contracts Only: Pursuant to the requirements of Section 255.05(1), Florida Statutes, Vendor shall ensure that the bonds referenced above shall be recorded in the public records of Broward County and provide County with evidence of such recording.
4.
