

Sec. 19-74. - Application for service.

Service shall be furnished only upon signed application accepted by City and the conditions of such application are binding upon the customer as well as upon the City. To obtain service, application shall be made at the City. Applications are accepted by the City with the understanding that there is no obligation on the part of the City to render service other than that which is then available from its existing water production and distribution equipment and service lines, and from its existing sewage treatment collection, transmission and treatment facilities. The applicant shall furnish to the City at the time of making application the name of the applicant, the ownership or other interest in or to the property or location and the legal description or street address at which service is to be rendered.

Application for service required by firms, partnerships, associations, corporation and others, shall be rendered only by duly authorized parties. When service is rendered under agreement or agreements entered into between the City and an agent of the principal, the use of such service by the principal shall constitute full and complete ratification by the principal of the agreement or agreements entered into between the City and an agent of the principal under which such service is rendered.

(Ord. No. 84-4-1, § 5, 4-24-84)

Sec. 19-84. - Change of occupancy, termination or transfer of services.

When change of occupancy takes place on any premises supplied by the City with service, written notice thereof shall be given to the City not less than three days prior to the date of change by the outgoing customer who will be held responsible for all service used on such premises until such written notice is so received and the City has had reasonable time to discontinue water service. However, if such written notice has not been received, the application of a succeeding occupant for service will automatically terminate the prior account. The customer's deposit may be transferred from one service location to another, but if both locations are supplied by the City, the customer's deposit may be transferred from one name to another.

The property owner is ultimately responsible for any charges pursuant to this section and this article.

For the convenience of its customers, the City will accept telephone orders to discontinue or transfer water service and will use all reasonable diligence in the execution thereof. However, oral orders or advice cannot be deemed binding or be considered formal notification to the City.

(Ord. No. 84-4-1, § 15, 4-24-84)
