REGULAR AGENDA

Motion to approve smart camera equipment (ARPA) – Captain De Giovanni

MOTION: Commissioner Shrouder moved to approve the smart camera equipment ARPA. Commissioner Pulcini seconded the motion. In a roll call vote, the motion passed by a unanimous vote. (5-0)

Captain De Giovanni summarized the smart camera equipment request. Eventually, they will be tied into a Real-Time Crime Center. The cost is approximately \$260,000.

Mayor Ross is additional employees are needed for the equipment.

Captain De Giovanni responded no.

Commissioner Green asked about CCTV at Bill Lips Park.

Captain De Giovanni replied that his team did look at outfitting the park but had to consider budgetary concerns and locations with past crime trends. They determined Bill Lips was not a location where incidences occurred.

Commissioner Green stated expressed concern that cameras are installed in other major City parks.

Captain De Giovanni noted the City Manager asked him to look into a facility across the street that could likely reach the area to provide park monitoring.

Commissioner Pulcini asked if the City could add to the system in the future.

Captain De Giovanni replied yes.

Commissioner Shrouder requested regular updates and encouraged the development of the next phase of the system so it can be properly budgeted.

Motion to approve the purchase of Fire Apparatus (1 quint, 1 engine, 1 rescue) using ARPA funds – Administration

MOTION: Commissioner Pulcini moved to approve the purchase of Fire Apparatus (1 quint, 1 engine, 1 rescue) using ARPA funds. Commissioner Meltzer seconded the motion.

Commissioner Pulcini noted the engines are up to spec for BSO and said it is in the City's benefit to have the best engines for the community.

Horace McHugh, ARPA Manager, provided an overview of the engines. He noted delivery is approximately two years. He said the quotes are valid through January 27, 2022. There will be an 8%

increase after January 27, which totals \$214,000. They would be purchased by the City and be owned by the City. He reviewed the three considerations and features. He noted they conducted outreach to twelve (12) other Fire-Rescue agencies. They received responses from six (6) agencies. All anticipate future increases due to inflation, fuel costs, labor costs, supply chain, Covid environments, etc.

Commissioner Green asked about the warranty.

Mr. McHugh said he will clarify and provide that answer shortly.

Commissioner Shrouder noted he prefers to receive this information ahead of the meeting and requested a copy.

Mr. McHugh noted the information is included in the memo.

Mayor Ross requested the presentation be placed online.

Commissioner Shrouder asked about the price increase from the survey and the costs presented.

Mr. McHugh said some of it includes items procured in 2020 and there were significant increases in 2021. Additionally, he noted some answered the survey slightly differently. Finally, he stated it is hard to compare vehicles that are custom with features for each municipality.

Commissioner Meltzer asked for copies of the survey to be distributed to the Commission tonight.

Mayor Ross asked if all vehicles in the survey were manufactured by Pierce.

Mr. McHugh replied no. He listed the cities he reached out to, and which ones responded to the survey.

Mayor Ross asked why the City is not using the procurement process.

City Manager Napoli said they went with their service provider, BSO, for their expertise.

Commissioner Pulcini asked if the vehicles have the same specs as other BSO vehicles.

Mr. McHugh said that question should be directed to BSO.

Commissioner Pulcini said the uniformity of the vehicles is beneficial.

Gregory Holness, currently serving as Fire chief of BSO Department of Fire Rescue, introduced Assistant Chief Eric Busenbarrick and Fleet Coordinator Victor Goizueta.

Mayor Ross asked what the national standard for years in service for an engine or quint.

Assistant Chief Busenbarrick replied fifteen (15) years.

Mayor Ross expressed frustration with BSO regarding their reluctance to purchase new vehicles prior to the ARPA funding. He asked who was on the committee.

Discussion ensued about the committee composition.

Mayor Ross asked if the Fire Department is fully accredited.

Chief Holness said they have both CAS and CFAI accreditation.

Commissioner Meltzer asked how many floaters come to Cooper City to work from other municipalities.

Assistant Chief Busenbarrick said, on average, 4-5 a month.

Commissioner Meltzer asked if Pierce and E1 are comparable in quality.

Assistant Chief Busenbarrick replied that BSO believes Pierce products are the best.

Commissioner Meltzer shared his research and data he received from neighboring municipalities. He does not believe they were bid out properly and multiple vendors should have been engaged.

Commissioner Pulcini mentioned stocking spare parts with uniform vehicles.

Discussion ensued about the specs of the vehicles.

Commissioner Green noted uniformity is a must but hears the concerns from his fellow Commissioners about pricing. He asked if it is BSO's standard procurement procedure to go out to for multiple bids.

Mayor Ross asked why they do not have a copy of the BSO contract that they are piggy backing on.

Chief Holness said he will provide a copy of the City Manager tomorrow. He described the procurement process they engaged in eight (8) years ago to establish the standards. He explained the reason they do the process this way for the cities is to ensure it is streamlined and the pricing is based on that unit right now.

Commissioner Green asked if the question was answered about the warranty.

Assistant Chief Busenbarrick said the warranty is five (5) years, but it is not bumper to bumper on the engines.

Discussion ensued about the warranty and budget forecasting.

Mayor Ross asked how long the quint has been out of service.

Fire Rescue Fleet Coordinator Victor Goizueta said over a year.

Mayor Ross asked about life service of a rescue vehicle.

Assistant Chief Busenbarrick said five (5) years frontline and two (2) years reserved.

Commissioner Shrouder expressed concerns multiple concerns. His first concern is contractual obligations and costs that are in the quote. He understands the benefit of uniformity but believes it comes at a cost to Cooper City in this instance. He asked if the City's procurement process permits a purchase this high without going out to bid.

City Manager Napoli said it is fine if it is a piggyback on another contract that went out to bid. In this case, it is the Deerfield contract.

Mr. McHugh said there are exceptions which include piggybacking, or co-oping, and sole source type of product, with one vendor providing it.

Chief Holness said Pierce is an option but E1 is an option as well through the Florida Sheriff's Association.

City Manager Napoli confirmed they need to get a copy of the contract, but Chief Holness stated the contract was bid out.

Commissioner Shrouder wants to ensure this is compliant with the City's procurement code. He asked about the equipment that is included in the quote.

Chief Holness responded they can separate out the equipment costs.

Discussion ensued about outfitting new vehicles with new equipment.

Commissioner Shrouder asked if any Cooper City vehicles are unsafe.

Chief Holness said no. They are old, but not unsafe. They repair any issues.

Commissioner Shrouder noted he would have appreciated more involvement prior to January.

Chief Holness outlined the delivery times for the vehicles, which currently range from 16-22 months. Their goal is consistency in operations.

Commissioner Shrouder spoke on regionalization.

Commissioner Green said if they paused this process the price will likely increase. He stated they have to look long term.

Discussion ensued about ISO evaluation.

Commissioner Meltzer recommended to City Manager Napoli call the other manufacturers and get based prices for the three vehicles.

City Manager Napoli clarified the BSO process. He said he does not have the expertise to call other manufacturers for pricing. He recommended bringing on an expert to conduct that outreach.

Discussion ensued about pricing and specs.

Commissioner Shrouder asked if they can order just the base to lock in the price and consider options later.

Commissioner Green said they will have to go out to bid for an expert and it will take a considerable amount of time.

Commissioner Meltzer asked if the internal Auditors have experts at their disposal.

Commissioner Shrouder asked the City Attorney Bridgemore how they would vote on the item without knowing which contract they are piggybacking on.

City Attorney Bridgemore recommended obtaining a copy of the contract, so you know what you are piggybacking. She stated it is required to be competitively bid but they are allowed by piggybacked. She noted they could vote on it tonight subject to the Commission having a subsequent review of the piggybacked agreement. It would not be voting to enter into the agreement. The Commission would theoretically be voting to intend to enter into the agreement.

Commissioner Pulcini withdrew his motion. Commissioner Meltzer withdrew his second.

Mayor Ross asked Chief Holness for an update on the Closest Unit Response he signed on behalf of the commission three months ago.

Chief Holness replied it is down at the County and he will follow up for a response.

The Commission thanked BSO for attending tonight.

City Manager Napoli said they can do a Professional Services Agreement to engage an expert. He asked the Commission to clarify the direction.

Commissioner Meltzer recommended comparing apples to apples with other vendors. He said other cities have used other manufacturers.

The Commission asked BSO to provide answers to their questions from tonight before an expert is engaged.

Mayor Ross asked Mr. Goizueta to set up a committee for Cooper City.

Discussion ensued with BSO about vehicle comparison.

City Manager Napoli said he heard the direction and will figure next steps out.

MOTION: Commissioner Shrouder moved to bifurcate to discuss and approve enrollment in the Florida Retirement System's Senior Management Service Class. Commissioner Meltzer seconded the motion. In a roll call vote, the **motion passed** by a unanimous vote.

Commissioner Shrouder said it will cost the City more money, but it is a benefit to retain talent. He would support it. He believes the scope of the study should include benefits.

Commissioner Meltzer agreed. His only concern is the \$79,000 that is not budgeted.

City Manager Napoli recommended it not be implemented this fiscal year since it is not budgeted.

Commissioner Green concurred but suggested implementing it this year.

Commission Pulcini said it is good to attract and retain top talent.

Mayor Ross asked about the cost.

City Manager Napoli replied the annual cost is \$176,000, bifurcated to not include elected officials.

Mayor Ross expressed concern that the new HR Director had the opportunity to conduct the study.

Mayor Ross asked HR Director Lourdes Mantecon whether the study will assist them in making their decision about whether they should join or not.

Ms. Mantecon replied she believes it does not have much to do with it. She suggested a comparison with other cities.

Mayor Ross asked what they are paying without the FRS.

City Manager Napoli responded they pay 10 percent versus 27 or 28 percent of salary.

Mayor Ross asked for a motion on the remaining bifurcated part of the item. Hearing no motion, the motion dies.

19

00:02:40.890 --> 00:02:53.760

19546007139: Good evening Commissioners mayor city manager and city personnel that may Cooper city someplace special i'm here to speak on an issue that isn't new but it's an it's been an issue and Cooper city and other cities for a while.

20

00:02:54.780 --> 00:02:57.780

19546007139: yeah some speed and ignoring traffic was.

21

00:02:58.920 --> 00:03:06.930

19546007139: A few other residents and I brought this up as a Commission, and the first time I spoke about it was September 20 2019.

22

00:03:08.340 --> 00:03:11.070

19546007139: So this has been on the radar for almost three years.

23

00:03:12.720 --> 00:03:19.950

19546007139: Since that time, several city officials have met with me and other residents to assess the situation determine our feasible option.

24

00:03:20.970 --> 00:03:28.890

19546007139: Thank you conditioner Meltzer mayor Ross city manager Napoli physically coming out to the area and question and monitoring what is occurring.

25

00:03:29.850 --> 00:03:42.330

19546007139: i've also been in contact with chief Giovanni and he shared the efforts DSL is taken to try to alleviate the situation my neighbors and I know how busy everyone is so we appreciate you taking the time to come out.

26

00:03:43.710 --> 00:03:55.980

19546007139: Of the issue comes down to speed and residential areas in flamingo gardens the speed limit is 25 and it's very infrequently adhered to, and this can be verified by the speed signs that were put up on one at.

27

00:03:57.630 --> 00:04:06.930

19546007139: The stop signs on 118 for the most part, seem to function as yield signs if the vehicle operator decides to actually reduce their speed, before going through them.

28

00:04:08.130 --> 00:04:22.680

19546007139: And i'm noticing, because I am walking my child to school that the crosswalks at 118 and 22nd and one 16th and 52nd are not safe because there isn't much stopping and no one seems to adhere to a pedestrian right of way.

29

00:04:24.330 --> 00:04:36.900

19546007139: I ended up having to walk two houses away from the crosswalk before crossing the street, so we can at least have a better vantage point to see which cars are actually going to stop and which cars is going to turn down 60 seconds a little bit of leeway.

30

00:04:40.320 --> 00:04:56.520

19546007139: As I mentioned previously, this was brought up three years ago and some things have been done, we have to speed signs on 118 psl has done more controlling and it's come up from many more residents and and i'm sure Commissioners in there, you know you've you've heard from a lot of people.

31

00:04:58.200 --> 00:05:05.010

19546007139: Now, with you know situations like this, or challenges and we've worked through many of them, including modifying the code.

32

00:05:06.270 --> 00:05:22.440

19546007139: To have 120 second in compliance that street had humps for years and, apparently, the road was out of compliance due to the city code, it had to be revised twice because apparently the first one still had the road out of compliance.

33

00:05:23.520 --> 00:05:30.180

19546007139: The other thing that we've worked through as the city now owns the devices to conduct our own speed studies to determine the best options for.

34

00:05:30.750 --> 00:05:42.960

19546007139: The different roads there's not only one 18th it's not only one 16th it could be one of six, it could be 90 s you know it could be nob hill Tom you know there's a lot going on.

35

00:05:44.190 --> 00:05:51.060

19546007139: So I just asked the Commission, you know, can we put this back on the radar we know things take time Kobe has not helped.

36

00:05:52.770 --> 00:06:00.990

19546007139: But we feel you know, we do have the resources necessary, we have the brains, you know, to make this make this happen and ensure the safety.

37

00:06:01.920 --> 00:06:12.330

19546007139: Health and well being of our residents, it takes collaboration we have all the pieces, we need, we just need to focus on the task at hand, and you know I just like to hear your thoughts.

38

00:06:13.470 --> 00:06:16.800

19546007139: As you know what what we can do to keep everybody safe.

39

00:06:18.600 --> 00:06:19.560

19546007139: Thank you, thank you very.

40

00:06:20.040 --> 00:06:25.500

Cooper City Virtual Meeting: Howard, I thank you very much for your thoughts and comments, anyone wishing to comment, this time.

41

00:06:26.850 --> 00:06:40.620

Cooper City Virtual Meeting: Mister Mister Mister sure sure, thank you for sharing with us um I see you out all the time running and walking so I know you have a great perspective of what goes on in throughout the Community, especially if Mayo gardens.

42

00:06:41.880 --> 00:06:53.070

Cooper City Virtual Meeting: I to share the same concern regarding traffic, and it seems like it has I don't know if i'm saying this anecdotally but you know gotten to fold.

43

00:06:54.630 --> 00:06:58.080

Cooper City Virtual Meeting: or doubled, as the problems have gotten twofold.

44

00:06:59.250 --> 00:07:03.570

Cooper City Virtual Meeting: Tonight there's a there's an item on here to add an extra traffic deputy.

45

00:07:04.560 --> 00:07:20.580

Cooper City Virtual Meeting: And I think that's that's a step in the right direction, right now, well, we had to we went several years back that went to a third and tonight, if you could send me to the approval that will be a fourth 25% increase in the traffic unit so.

46

00:07:21.690 --> 00:07:27.150

Cooper City Virtual Meeting: I know the solution should be quicker unfortunately they're not, but it is on my radar.

47

00:07:28.650 --> 00:07:38.550

Cooper City Virtual Meeting: Not for the lack of a better word and i'm hoping we'll be able to really put some resources towards this and address this issue at our strategic workshop.

48

00:07:40.740 --> 00:07:42.540

Cooper City Virtual Meeting: Thank you, Commissioner, I got the pun.

49

00:07:44.100 --> 00:07:44.790

Cooper City Virtual Meeting: anyone else.

50

00:07:46.410 --> 00:07:58.770

Cooper City Virtual Meeting: Thanks mayor Ross good evening, Mr shea sheer thanks for calling in and speaking on this subject, we had spoken earlier this week, you and I, and and you're right, it has fallen off the radar to some degree, or at least it seems so to the public, but.

51

00:08:00.840 --> 00:08:09.690

Cooper City Virtual Meeting: You know this has to be addressed, two ways through enforcement and then we have to take a hard look at speed coming devices were necessary.

52

00:08:10.140 --> 00:08:18.390

Cooper City Virtual Meeting: And I know we had some we had a plan in place, we were putting things together with our former public works director and, unfortunately, he left, we have a.

53

00:08:20.460 --> 00:08:29.640

Cooper City Virtual Meeting: Very good brand new public works director and with this commission's direction hopefully we'll we'll get the ball rolling again and.

54

00:08:30.540 --> 00:08:42.930

Cooper City Virtual Meeting: it's like Commissioners router said it's not just 118th it's 116th it's palm avenue it's 90 52nd street it's it's it's a pervasive problem throughout the city and.

55

00:08:44.040 --> 00:08:52.590

Cooper City Virtual Meeting: it's something that we, we were cognizant of it and we're going to get the ball rolling and get this thing rectified, but thanks for calling in tonight and sharing your thoughts.

56

00:08:53.100 --> 00:09:01.440

Cooper City Virtual Meeting: Thank you, anyone else with the city manager yeah I just have a few comments, and thank you for calling, and I know we've met out there no close to your House.

57

00:09:03.330 --> 00:09:15.510

Cooper City Virtual Meeting: It appears that things have fallen off the radar, but there are our things working as Commissioners router mentioned, we are doing our strategic plan workshop, and that is one of the priorities.

58

00:09:16.440 --> 00:09:24.210

Cooper City Virtual Meeting: And action items in our strategic plan so that's that's thinking about the the next five to 10 years but also in this year's.

59

00:09:24.810 --> 00:09:29.490

Cooper City Virtual Meeting: Legislative requests and the mayor was just up in tallahassee last year we submitted.

60

00:09:30.090 --> 00:09:40.170

Cooper City Virtual Meeting: For the state's assistance \$125,000 to do what is part of our our plan that was brief, before, but to do the holistic traffic analysis and study.

61

00:09:40.650 --> 00:09:48.330

Cooper City Virtual Meeting: For the entire city So hopefully we'll get that funding to do that and then we'll we will do a a traffic analysis of the entire city.

62

00:09:48.630 --> 00:09:54.180

Cooper City Virtual Meeting: That, as Commissioner amounts was mentioned and it's not only 118 but we're talking about arteries throughout the city.

63

00:09:54.450 --> 00:10:00.570

Cooper City Virtual Meeting: And, as everybody knows, if you if you just address one area of the city, then affects other areas of see so a holistic.

64

00:10:00.900 --> 00:10:08.250

Cooper City Virtual Meeting: approach to include, which would include recommendation for traffic coming throughout the city and there's also a lot of venture infrastructure.

65

00:10:08.550 --> 00:10:14.130

Cooper City Virtual Meeting: needs that we probably need to do in in certain areas so that traffic and that traffic study for this facility will.

66

00:10:14.760 --> 00:10:21.090

Cooper City Virtual Meeting: enable us to do that, but in the in the mid term is, if you recall, when when we gave the presentation, probably, about a year.

67

00:10:21.990 --> 00:10:36.480

Cooper City Virtual Meeting: or so ago we talked about short term and cabinet do Giovanni has done a lot of short term and mid term needs, but really mid mid term actions, but what we really need now is the longer term, that more costly.

68

00:10:37.500 --> 00:10:45.540

Cooper City Virtual Meeting: holistic approach throughout the city that not only addresses when 18 2016 but the entire city, so we are, it is, it is a priority for the city.

69

00:10:45.960 --> 00:10:55.140

Cooper City Virtual Meeting: During our strategic workshop I think we'll discuss it even more on some of the concrete things that that we plan on doing, and obviously get direction from Commission for that, but it is.

70

00:10:55.980 --> 00:11:03.240

Cooper City Virtual Meeting: It is going to cost money, of course, resources and but, but it is an issue that we need to address and a long term.

71

00:11:04.470 --> 00:11:07.650

Cooper City Virtual Meeting: However, it has it answered your concerns at this time.

19546007139: me I was, I was, I was double muted, so that.

78

00:11:35.940 --> 00:11:45.750

93

00:14:05.160 --> 00:14:15.570

Cooper City Virtual Meeting: Absolutely, so what we're giving anything away but we're putting before you on this agenda item is to play strategically positioned.

94

00:14:16.140 --> 00:14:22.800

Cooper City Virtual Meeting: Smart camera systems, those are self learning cameras with analytics capabilities and infrared.

95

00:14:23.340 --> 00:14:37.710

Cooper City Virtual Meeting: To help us better watch and monitor the key locations in the city that will eventually be able to tie into a real time crime Center where you're on duty law enforcement personnel can constantly be eyes on watching those locations for you.

96

00:14:39.300 --> 00:14:48.930

Cooper City Virtual Meeting: And the cost, roughly speaking, I believe it was around 260 4000 I can give you the exact figure and 260.

97

00:14:51.420 --> 00:14:55.050

Cooper City Virtual Meeting: Correct 260 750 \$44 44 cents.

98

00:14:57.300 --> 00:15:05.340

Cooper City Virtual Meeting: will have to have any additional employees hired as a result of this equipment this equipment, no Sir.

99

00:15:07.050 --> 00:15:09.390

Cooper City Virtual Meeting: Any other questions that the captain Christina great.

100

00:15:10.740 --> 00:15:16.050

Cooper City Virtual Meeting: Thank you mayor, I was just wondering i'm going to support it, but what I don't see on here is any.

101

00:15:17.430 --> 00:15:21.690

Cooper City Virtual Meeting: CC TV or anything at bill lips park.

102

00:15:23.460 --> 00:15:31.770

Cooper City Virtual Meeting: Correct Commissioner green my team had looked at outfitting bill lips, but we were trying to be mindful of a few items one was obviously the budgetary.

103

00:15:32.580 --> 00:15:47.010

Cooper City Virtual Meeting: concerns but also past crime trends and where we've had incidents and build it was not a location where we had incidents that were concerned, but the locations that we put before you were the ones that we felt the money would be best use that.

104

00:15:48.510 --> 00:15:48.840

Thank you.

105

00:15:50.430 --> 00:15:51.060

Cooper City Virtual Meeting: wouldn't finish.

106

00:15:52.470 --> 00:15:57.060

Cooper City Virtual Meeting: So understand, I understand your perspective.

107

00:15:58.170 --> 00:16:17.940

Cooper City Virtual Meeting: However, if we're going to if we're going to be placing CCTV and devices at the other major parks Sue Sue Ellen farman flamingo West, I know that we have a number of kids that participate in sporting events at bill lips.

108

00:16:19.080 --> 00:16:23.640

Cooper City Virtual Meeting: I would, I only say that because I would hate for.

109

00:16:25.350 --> 00:16:33.060

Cooper City Virtual Meeting: In the distant near future for someone to say, well, you have that you have all of the equipment that all of the other parks major parks.

110

00:16:34.830 --> 00:16:42.390

Cooper City Virtual Meeting: You know, and I know that you have a I mean the rationale is on point but just for this is what I was thinking about that's all.

111

00:16:43.290 --> 00:16:51.750

Cooper City Virtual Meeting: Commissioner, the manager actually asked me are ready to look into the facility across the street from bill lips, I do believe that there'd be an ability to.

112

00:16:52.080 --> 00:17:01.650

Cooper City Virtual Meeting: utilize similar cameras that would reach that area, so well it, I think your address, will be concerned excellent and like a question captain, can we.

113

00:17:02.040 --> 00:17:14.940

Cooper City Virtual Meeting: In the future, add to the system, yes, are necessary Okay, so if they need what shall arise, it will not cost as much as this to add cameras in the future.

114

00:17:16.320 --> 00:17:19.590

Cooper City Virtual Meeting: With we're going to do it for look relatively smaller.

115

00:17:20.640 --> 00:17:26.940

Cooper City Virtual Meeting: Right This system would be standalone but would tie into the overall system okay Okay, thank you anything else.

116

00:17:28.140 --> 00:17:45.990

Cooper City Virtual Meeting: I would just ask that you give us some updates on the rollout and maybe start creating the next phases of things that we would need so we can budget forum as we build this out and and adjust and keep track of the effectiveness absolutely I will do that Thank you.

117

00:17:47.010 --> 00:17:47.790

Cooper City Virtual Meeting: Alright cool about.

118

00:17:49.860 --> 00:18:11.280

Cooper City Virtual Meeting: shorter yes permission i'm outside yes comes from training, yes, yes, yes, moving on to Item number four do have a motion to approve the purchase of fire apparatus a quaint an engine a rescue using a rp a funds motion by commissioned to full jeannie, you will have a second.

119

00:18:12.930 --> 00:18:14.100

Cooper City Virtual Meeting: Commission and Meltzer.

120

00:18:16.140 --> 00:18:19.170

Cooper City Virtual Meeting: President Cheney anything at this time would you wish to.

121

00:18:20.340 --> 00:18:24.120

Cooper City Virtual Meeting: refer to fire to give a report yeah.

122

00:18:25.290 --> 00:18:29.580

Cooper City Virtual Meeting: I know there's a lot of details on on these on this fire apparatus.

123

00:18:31.080 --> 00:18:38.670

Cooper City Virtual Meeting: I just wanted to say one thing this these fire engines are up to spec for bso the reason.

124

00:18:39.330 --> 00:18:45.900

Cooper City Virtual Meeting: The reason why we need them to be at respect for bsl is because we have a lot of floaters to come in and out.

125

00:18:46.410 --> 00:18:57.270

Cooper City Virtual Meeting: from other cities that work and be or so, and they need to be exactly the same and correct me fire chief if i'm wrong they need to be exactly the same as every other bsl city.

126

00:18:58.050 --> 00:19:07.830

Cooper City Virtual Meeting: Now, you may say, this is not our problem, this is your souls problem, but it is our problem, because our residents depend on an efficient and effective.

127

00:19:08.610 --> 00:19:25.890

Cooper City Virtual Meeting: Fire Service, so we have to have a voice in our benefit to have the best possible fire engines and then the fire engines that are firefighters can work with the best possible way, so I say, instead of.

128

00:19:27.990 --> 00:19:31.260

Cooper City Virtual Meeting: Nickel and diamond and tearing apart, to the bed, we just.

129

00:19:33.720 --> 00:19:35.640

Cooper City Virtual Meeting: I say we approve it, the way it is.

130

00:19:38.070 --> 00:19:40.560

Cooper City Virtual Meeting: I like to ask a question so let's go through it.

131

00:19:43.710 --> 00:19:59.100

Cooper City Virtual Meeting: Ours we're going to do misdemeanors we're going to give a brief presentation just done an overview of what we're looking at right now and then then questions for us can answer questions, of course, the the fire chief is here, and then to two experts are here as well.

132

00:20:00.150 --> 00:20:08.130

Cooper City Virtual Meeting: Good good afternoon Marin, Commissioners, the issue at hand is the purchase of the fire apparatus sudden i'm trying to get it Okay, thank you.

133

00:20:11.940 --> 00:20:27.570

Cooper City Virtual Meeting: The vehicles in question would like to replace his platform 2004 that 17 years old, an engine 2008 that's 15 years old and rescue that's 17 years old 77 years old i'm sorry.

134

00:20:28.110 --> 00:20:44.370

Cooper City Virtual Meeting: We anticipate an estimate of about two years from the request to delivery so by the time we if we were to order it today would anticipate that the these ages upon delivery 1917 and.

135

00:20:45.960 --> 00:20:54.630

Cooper City Virtual Meeting: The replacement apparatus generally the specs themselves are developed by a committee which includes people from the administrative staff.

136

00:20:55.890 --> 00:21:03.180

Cooper City Virtual Meeting: management staff supervisory mechanics and people from fleet that operators the firefighters, the paramedics.

137

00:21:03.840 --> 00:21:12.270

Cooper City Virtual Meeting: The they're generally standard specs specs for be so operated equipment and be a so can speak a little bit about that if you if you choose to.

138

00:21:13.080 --> 00:21:19.890

Cooper City Virtual Meeting: The quotes that we received our are based in established public sector bids and those were via via so.

139

00:21:20.760 --> 00:21:27.270

Cooper City Virtual Meeting: The specifics that we're presenting to you the delivery is approximately two years as i've mentioned before.

140

00:21:27.660 --> 00:21:48.270

Cooper City Virtual Meeting: And the quotes that we got the initial we got an earlier time frame and we were able to request that it'd be extended, so the bids are valid through January 27 beyond that there's a minimum of an 8% increase which for this particular amount totals 214,000.

141

00:21:49.470 --> 00:21:54.450

Cooper City Virtual Meeting: The part that they would be purchased by the city and they remain the ownership of the city.

142

00:21:56.040 --> 00:22:03.810

Cooper City Virtual Meeting: So the consideration are three different equipment or apparatus one is a 17 year old aerial it's being replaced by a clint.

143

00:22:04.170 --> 00:22:16.290

Cooper City Virtual Meeting: And the quickly some of the multifunction capabilities pumping water storage fire hose aerial device and ground ladder and depending on the staffing, they are able to do medical services also.

144

00:22:16.950 --> 00:22:27.840

Cooper City Virtual Meeting: Its peers philosophy is seven nine and nine it's 1,000,003 34 and delivery aspect within 22 months, the second is replacing the 15 year old engine.

145

00:22:28.680 --> 00:22:39.270

Cooper City Virtual Meeting: Which primarily has pumping and water tank storage and capabilities with medical features also 916,000 297 it's appears.

146

00:22:39.870 --> 00:22:50.310

Cooper City Virtual Meeting: velocity P, you see 821 delivery in three months, and the third is replacement of a 70 year old rescue it's a massage super warrior.

147

00:22:50.820 --> 00:22:58.620

Cooper City Virtual Meeting: On a freightliner chances and the primary functions are medical and transport, the box itself is replaceable, this was an issue that.

148

00:22:59.100 --> 00:23:06.600

Cooper City Virtual Meeting: One or two Commissioners had asked about the current boxes, that we have now are made of wood and materials that.

149

00:23:07.320 --> 00:23:18.570

Cooper City Virtual Meeting: would need to be rehabbed and they're not reusable this box replaceable boxes of such that it's something that when the vehicle is being replaced next door around.

150

00:23:19.320 --> 00:23:31.890

Cooper City Virtual Meeting: This could be reused again the price for this is 414,000 and delivery within 20 months we did a survey recognizing we had some questions regarding.

151

00:23:32.490 --> 00:23:46.200

Cooper City Virtual Meeting: From the Commission regarding the comparative costs and features of the vehicles and equipments and based on that we did a survey and did some outreach to about 12 agents is asking them for.

152

00:23:48.030 --> 00:23:55.800

Cooper City Virtual Meeting: summaries of vehicles and equipment they had purchased since 1920 in the last two years, we only receive responses from six agents is.

153

00:23:56.580 --> 00:24:10.980

Cooper City Virtual Meeting: One of the general questions that we had that responses that we got I spoke to two or three people as part of that is that the anticipate future increases due to you know facial fuel costs Labor supply supply chain chips all of those things.

154

00:24:11.700 --> 00:24:26.100

Cooper City Virtual Meeting: But with that the average that we saw on the aerials for the last two years was about 1,000,001 for the engine about 700,000 and for the rescue of the 40 and about 300,000 to 91.

155

00:24:27.270 --> 00:24:45.750

Cooper City Virtual Meeting: With that said they each acknowledge that it's very difficult to do a comparison like this, for example, you've got different size different choices chassis different motors different pumps different you know some comes with the equipment.

156

00:24:46.770 --> 00:24:56.310

Cooper City Virtual Meeting: In terms of stairs stretchers or power structures, so this is just a rudimentary thing which they cautioned me on using this.

157

00:24:57.090 --> 00:25:09.330

Cooper City Virtual Meeting: substantially, but we told you to do a survey, we did the survey and i'm presenting the summer to you so with that we're offering for your consideration the purchase of the Quint.

158

00:25:10.350 --> 00:25:28.320

Cooper City Virtual Meeting: Which is about 1,000,003 34 purchase of the engine for 916,000 and the rescue 414,000 and additionally we're recommending that if if you approve this that the funding be source of funding be our pro funds, thank you, questions of horse.

159

00:25:30.780 --> 00:25:32.820

Cooper City Virtual Meeting: Commission sorry, Commissioner, green.

160

00:25:35.160 --> 00:25:37.260

Cooper City Virtual Meeting: Thank you, my Ross so I just.

161

00:25:38.910 --> 00:25:50.610

Cooper City Virtual Meeting: I have a question i'm actually in this may be for the experts from bso actually then hold it because I only have it, of course, right now, okay okay so.

162

00:25:50.970 --> 00:26:09.600

Cooper City Virtual Meeting: This question is for you, Mr Cars, with regards to I was, as I was going through the equipment proposal, I was thinking about the warranty and on for the equipment proposal and exhibit a the proposal option list as you read the the.

163

00:26:11.100 --> 00:26:21.510

Cooper City Virtual Meeting: The contract or the proposal it refers to when you go when you want to know find out about the warranty it refers you back to exhibit a, which is a blank page.

164

00:26:22.800 --> 00:26:24.480

Cooper City Virtual Meeting: So can we maybe i'm.

165

00:26:25.980 --> 00:26:37.590

Cooper City Virtual Meeting: Maybe i'm not looking at this correctly, but do you know what the warranty is going to be for these vehicles i'll clarify that and get it to you with a few minutes Okay, thank you.

166

00:26:38.820 --> 00:26:39.450

Cooper City Virtual Meeting: anyone else.

167

00:26:42.480 --> 00:26:46.890

Cooper City Virtual Meeting: Users anywhere, you can put that the slide back up with those numbers I.

168

00:26:48.960 --> 00:26:53.220

Cooper City Virtual Meeting: don't think the presentations online is this one you're referring to Commission.

169

00:26:54.270 --> 00:26:56.430

Cooper City Virtual Meeting: Whatever is on the screen a minute ago.

170

00:26:57.870 --> 00:26:59.520

Cooper City Virtual Meeting: I don't have it on that, on the screen.

171

00:27:08.490 --> 00:27:12.450

Cooper City Virtual Meeting: And i'll ask if it hasn't been placed on the web, please place it on the when.

172

00:27:18.870 --> 00:27:21.450

Cooper City Virtual Meeting: Are you referring to this survey, or are they.

173

00:27:22.590 --> 00:27:25.230

Cooper City Virtual Meeting: Both of them I went into these are the first time.

174

00:27:26.910 --> 00:27:29.580

Cooper City Virtual Meeting: Where I would have liked to been able to look at this stuff.

175

00:27:33.060 --> 00:27:33.870

Cooper City Virtual Meeting: And it's done.

176

00:27:36.270 --> 00:27:38.370

Cooper City Virtual Meeting: Okay, and the next set of numbers.

177

00:27:39.510 --> 00:27:42.750

Cooper City Virtual Meeting: and others are the next slide yeah the next slide in the back end but.

178

00:27:47.220 --> 00:27:50.160

Cooper City Virtual Meeting: Is there any way to get the centers as well sure.

179

00:27:51.390 --> 00:27:53.760

Cooper City Virtual Meeting: This actually is in the memo this.

180

00:27:55.410 --> 00:27:58.170

Cooper City Virtual Meeting: This is in the middle you're asking for this slide it's in the middle.

181

00:27:59.340 --> 00:28:07.260

Cooper City Virtual Meeting: not the slightest self, but the content, what I, oh no, no, no, I to I said that one just easier for me to write it then go into the backup but the first set the survey information.

182

00:28:08.880 --> 00:28:09.330

and feel.

183

00:28:13.410 --> 00:28:14.220

Cooper City Virtual Meeting: I guess.

184

00:28:15.330 --> 00:28:18.420

Cooper City Virtual Meeting: My biggest concern is the discrepancy and.

185

00:28:19.500 --> 00:28:24.300

Cooper City Virtual Meeting: In cost between the survey amounts and the amounts here.

186

00:28:26.730 --> 00:28:37.050

Cooper City Virtual Meeting: You know this is millions of dollars worth of equipment and it looks like almost these prices are almost a 30 33% higher than the average one server.

187

00:28:38.490 --> 00:28:38.820

Cooper City Virtual Meeting: know.

188

00:28:39.840 --> 00:28:45.840

Cooper City Virtual Meeting: You had 1,000,093 and then we're at 1.33 so.

189

00:28:47.670 --> 00:28:51.030

Cooper City Virtual Meeting: 27.7% higher.

190

00:28:52.710 --> 00:28:54.930

Cooper City Virtual Meeting: No, no, no, this is what they want to charge.

191

00:28:57.330 --> 00:28:57.930

Cooper City Virtual Meeting: You like it.

192

00:28:59.940 --> 00:29:00.510

Cooper City Virtual Meeting: Was.

193

00:29:04.560 --> 00:29:15.150

Cooper City Virtual Meeting: 977 12 on the engines in this \$200,000 more so, what percentage increases are.

194

00:29:16.740 --> 00:29:17.370

Cooper City Virtual Meeting: 200,000.

195

00:29:19.860 --> 00:29:21.900

Cooper City Virtual Meeting: yeah almost 30% on these things.

196

00:29:25.170 --> 00:29:26.220

Cooper City Virtual Meeting: it's 28.

197

00:29:27.360 --> 00:29:29.520

Cooper City Virtual Meeting: rescues like 40 something percent higher.

198

00:29:30.720 --> 00:29:35.460

Cooper City Virtual Meeting: And so I just you know I know it's hard to compare but it just.

199

00:29:36.750 --> 00:29:45.750

Cooper City Virtual Meeting: I might preferable method, these are between high 20s to the low 40s percent increase higher than the average and.

200

00:29:47.010 --> 00:29:55.080

Cooper City Virtual Meeting: I mean, I do think I did take the opportunity to meet with Victor from fleet that be so.

201

00:29:56.190 --> 00:30:01.680

Cooper City Virtual Meeting: To explain some of the things that came on but realistically I know it was kind of over my head.

202

00:30:02.430 --> 00:30:13.830

Cooper City Virtual Meeting: So i'm just concerned with I would like to know why why so much more I can understand things sometimes it's a little bit more, and I know costs increase in this might have come from 2020.

203

00:30:14.460 --> 00:30:21.900

Cooper City Virtual Meeting: But that's significant increases, I can tell you what was related to me beyond that you may direct the question to be so, Commissioner.

204

00:30:22.950 --> 00:30:27.660

Cooper City Virtual Meeting: What what was told is that I asked for the last two years, some of this represents two.

205

00:30:28.530 --> 00:30:36.540

Cooper City Virtual Meeting: Items procured in 2020 between 2020 and 2021 significant increases between 10 and 21 and no additional increases.

206

00:30:37.230 --> 00:30:46.200

Cooper City Virtual Meeting: So so normal increases as one response, the second response is that you know each person responded to the survey a little bit differently.

207

00:30:46.590 --> 00:30:55.470

Cooper City Virtual Meeting: Some included all the equipment and attachments that were included and some purchased it that a bare bones, and then bought the equipment separately.

208

00:30:55.800 --> 00:31:06.960

Cooper City Virtual Meeting: So, so that you're not you're probably in some instances talking apples and oranges The third thing is that, with the vehicles and equipments are all have different.

209

00:31:08.280 --> 00:31:16.020

Cooper City Virtual Meeting: engines which different classes and different configurations which each of them has a value in terms of the.

210

00:31:16.290 --> 00:31:31.500

Cooper City Virtual Meeting: length of service and the usefulness and other things so it's more of a general activity, a general response I can't give you a line by line response, whether something is needed, but those were the feedback that I got from speaking to the they weren't any of the vehicles.

211

00:31:32.790 --> 00:31:44.130

Cooper City Virtual Meeting: As much or more i'm sorry where any of the vehicles from the survey as much or more, and not to my recollection I think I saw something from Holland Dale beach that was similar.

212

00:31:44.790 --> 00:31:57.450

Cooper City Virtual Meeting: But, but I don't but I don't remember anything can be more because, like, I was looking, and I think that this at 915 the engine alone would be the most expensive engine purchase in broward county this year.

213

00:31:58.590 --> 00:32:03.240

Cooper City Virtual Meeting: I think calendar was under that it was at nine 900 or something to that effect.

214

00:32:04.860 --> 00:32:10.110

Cooper City Virtual Meeting: So um yeah but but but, again, Commissioner, the aerial.

215

00:32:11.280 --> 00:32:18.630

Cooper City Virtual Meeting: comes in different configurations, you may have a Quint that's has five functions versus just an area ladder versus.

216

00:32:19.680 --> 00:32:33.360

Cooper City Virtual Meeting: You know other apparatus a platform so as I, as I said just I want to play fire chief, but I just want to repeat just overall caution on using those it's just a guide so.

217

00:32:33.840 --> 00:32:41.670

Cooper City Virtual Meeting: I don't feel comfortable kind of justifying it, but I could pass on the information that was shared with me when I asked those same questions.

218

00:32:43.770 --> 00:32:49.680

Cooper City Virtual Meeting: Thank you mentioned Meltzer thanks mere Ross Thank you horse for your report, I just have a question, though.

219

00:32:50.610 --> 00:32:58.920

Cooper City Virtual Meeting: At this I know it's I know it's last minute we're talking about this subject, right now, would be very helpful if we had your survey, would it be possible to make some copies and distribute them while we're here shortly.

220

00:32:59.430 --> 00:33:05.520

Cooper City Virtual Meeting: And that was my question of what agencies and did you ask and what agencies responded.

221

00:33:06.570 --> 00:33:15.750

Cooper City Virtual Meeting: And when they responded, most importantly, where they all manufacturers have peers know, are they different.

222

00:33:17.010 --> 00:33:28.080

Cooper City Virtual Meeting: So that the answer to the last question is no they're not all peers, in terms of who I was, who I requested plantation oulton park lot of hill coral springs Davey Fort lauderdale Hollywood.

223

00:33:28.590 --> 00:33:39.180

Cooper City Virtual Meeting: pumping the beach miramar sunrise time where I can hillandale beach in terms of who responded open park lot of hill David Fort lauderdale and sunrise Thank you.

224

00:33:40.440 --> 00:33:49.740

Cooper City Virtual Meeting: We have many similarities to some of them and lots of differences to a lot of them right and that's why.

225

00:33:50.220 --> 00:34:00.690

Cooper City Virtual Meeting: Having a committee, who is a committee compromise comprised of do you know the names I don't know the names, the positions where.

226

00:34:01.080 --> 00:34:13.500

Cooper City Virtual Meeting: doesn't help me with physician, I do not, was it where any of them I guess i'll be so when they get here, let me ask you another question horse simply stated, why are we not using the procurement process.

227

00:34:13.950 --> 00:34:25.770

Cooper City Virtual Meeting: For which we utilize when we have lots of money involved in this is what 2.4 million yeah what depends i'll answer them Sir yeah.

228

00:34:29.250 --> 00:34:44.760

Cooper City Virtual Meeting: We went with our our service provider and which, which is be so we relied on them because they are our contract city, there are service provider we relied on them for their expertise for their recommendation and.

229

00:34:45.360 --> 00:34:53.940

Cooper City Virtual Meeting: Their means of procuring the vehicle, so we went through what I thought was the the logical choice and that's our service provider.

230

00:34:54.540 --> 00:35:12.780

Cooper City Virtual Meeting: Which is bsm we did not put this out to bid we did we did go through the So who is our service provider, they are our service provider, but I guess, my question is when they were asked to do this you're asking.

231

00:35:13.950 --> 00:35:15.840

Cooper City Virtual Meeting: To put a kid in a candy store.

232

00:35:17.040 --> 00:35:18.390

Cooper City Virtual Meeting: With no restrictions.

233

00:35:19.530 --> 00:35:27.510

Cooper City Virtual Meeting: And they will come out with what they want, not what Cooper city needs and that's my difficulty.

234

00:35:28.530 --> 00:35:40.500

Cooper City Virtual Meeting: So, having said that it's funny that what they're coming forward with is a very, very expensive three unit series when.

235

00:35:41.700 --> 00:35:46.170

Cooper City Virtual Meeting: And I i'm does anyone have any additional questions reports go ahead.

236

00:35:48.660 --> 00:35:51.900

Cooper City Virtual Meeting: Okay, before be all yes, I do of course.

237

00:35:52.920 --> 00:36:02.550

Cooper City Virtual Meeting: Do the vehicles that we got its proton have the same specs as other bso vehicles and other cities.

238

00:36:03.720 --> 00:36:11.130

Cooper City Virtual Meeting: I recall holiday or beach at least having similar specs so they did not go off the BAT and get.

239

00:36:12.930 --> 00:36:24.930

Cooper City Virtual Meeting: leather seat, so when they others other cities don't have a seat, so we think they got the same specs as as other cities have prefer if you direct that to be associated okay and.

240

00:36:26.790 --> 00:36:31.710

Cooper City Virtual Meeting: The answer is probably Yes, Commissioner, because they have their committee selects the different apparatus.

241

00:36:32.580 --> 00:36:41.370

Cooper City Virtual Meeting: So the following a set standard see that's the difficulty man, then, Commissioner, the difficulty is they're looking for uniformity.

242

00:36:41.940 --> 00:36:53.160

Cooper City Virtual Meeting: The difficulty is, we are not beachfront we don't have the same difficulties that handling the beach, what we are separate and apart and no, no, no, so.

243

00:36:54.150 --> 00:36:57.720

Cooper City Virtual Meeting: That was still talk, we have okay okay go ahead and I finished yeah.

244

00:36:58.350 --> 00:37:11.550

Cooper City Virtual Meeting: We are benefiting by uniformity because we're benefiting from the fact that be a soul has many firefighters, that they can send over when we need them, so we don't have just.

245

00:37:12.450 --> 00:37:21.000

Cooper City Virtual Meeting: 36 4060 firefighters, that we have if firefighters are out sick you're so concerned other firefighters, one of the cities.

246

00:37:21.390 --> 00:37:27.630

Cooper City Virtual Meeting: In culver city, and they need uniformity, because they need to be able to go in our fire engines.

247

00:37:28.230 --> 00:37:38.070

Cooper City Virtual Meeting: and work, the same way as the working in other cities, the same way if we have an incident like you mentioned a couple meetings ago where they sent out.

248

00:37:38.940 --> 00:37:53.760

Cooper City Virtual Meeting: 20 engines, they need to be working together seamlessly as if the one that one engine has has one apparatus and other engine has a different apparatus, depending on what city purchased it.

249

00:37:54.510 --> 00:38:00.960

Cooper City Virtual Meeting: They need to be the same, but under that logic that would mean it all these vehicles in the same Bingo and they're not that's not.

250

00:38:01.260 --> 00:38:07.590

Cooper City Virtual Meeting: What they should be all be a solo practice fire apparatus should have the same specifications but they're not.

251

00:38:08.040 --> 00:38:16.050

Cooper City Virtual Meeting: They might want to matriculate that in, but I think in dear dear field, I think they're driving he ones is that what they're going to guess the fire are going to.

252

00:38:16.680 --> 00:38:31.410

Cooper City Virtual Meeting: Be so acquired properly be so cool whenever they acquired from how and other driving they might want to now change it going forward, but this could be a 10 year plan for correct well the, this is a part of the plan, the plan is improving this situate the situation there now.

253

00:38:32.520 --> 00:38:43.110

Cooper City Virtual Meeting: The plan is to improve for Cooper city, and so what is your improvement for Cooper city correct right well let's see why it wasn't improved 1715 years ago.

254

00:38:43.890 --> 00:38:54.780

Cooper City Virtual Meeting: When the responsibility was for bso to purchase the equipment, all of a sudden when aarp money is available they're coming forward and saying finding.

255

00:38:55.920 --> 00:39:12.210

Cooper City Virtual Meeting: it's incredible when when and i'll ask any one of the experts to step up and answer if you can the national fire standard for a engine and or a coin is how many years.

256

00:39:16.110 --> 00:39:17.400

Cooper City Virtual Meeting: There hi how are you.

257

00:39:18.510 --> 00:39:24.120

Cooper City Virtual Meeting: Commissioners evening city attorney city manager city clerk for the record Gregory wholeness.

258

00:39:24.540 --> 00:39:32.130

Cooper City Virtual Meeting: I am currently serving as the fire chief countywide fire Chief of broward sheriff's office department of fire rescue with me, I have today.

259

00:39:33.060 --> 00:39:40.470

Cooper City Virtual Meeting: or abuse and bark is assistant chief is in charge of our administrative support services, as well as our fleet coordinator Victor goizueta.

260

00:39:40.770 --> 00:39:50.700

Cooper City Virtual Meeting: who's here they're both the SMEs on this project and can differ a lot of questions to you, but first and foremost, I want to thank you for.

261

00:39:51.240 --> 00:39:58.620

Cooper City Virtual Meeting: Getting it this far and we didn't get this far, just to come this far and what I say what I mean what I mean by say.

262

00:39:59.100 --> 00:40:05.430

Cooper City Virtual Meeting: My saying that is that this has been a long term long time coming under the old contract mayor, I know you were asking me.

263

00:40:05.940 --> 00:40:13.530

Cooper City Virtual Meeting: We can't go back to the old contract we're at the new contract and what we did is as best we could, under those situations.

264

00:40:14.370 --> 00:40:21.780

Cooper City Virtual Meeting: We we put in the vehicles that needed to be put in took out the vehicles that needed to be but, unfortunately, replacing agent with aging.

265

00:40:22.140 --> 00:40:26.490

Cooper City Virtual Meeting: And then, at some point you're kicking the can down the road and with your foresight.

266

00:40:26.970 --> 00:40:35.790

Cooper City Virtual Meeting: And the Commission for side to city managers for side, we finally got it to this point, this hasn't been something that's new and novel this has been since.

267

00:40:36.090 --> 00:40:43.590

Cooper City Virtual Meeting: Commissioner locks I mean to city manager losses days I remember discussing this during contract negotiations we talked about this.

268

00:40:43.980 --> 00:40:53.040

Cooper City Virtual Meeting: And I just want to let you know it's just I appreciate it, I appreciate the mere fact that it's here on on the dyess to be discussed and we're here to answer any questions.

269

00:40:54.240 --> 00:41:08.010

Cooper City Virtual Meeting: I do have a question i'm sorry I asked one first, and that was the standard for a truck an engine or a coin under the national standards, how many years, is it supposed to be in service.

270

00:41:10.650 --> 00:41:11.790

Cooper City Virtual Meeting: 2015.

271

00:41:13.170 --> 00:41:24.540

Cooper City Virtual Meeting: How many years, do we have the engine now oh i'm sorry it looks like 15 how many years, do we have the Queen looks like 17 Is that acceptable to you, apparently, it is.

272

00:41:26.130 --> 00:41:36.540

Cooper City Virtual Meeting: Apparently, it is because the Chiefs have allowed this, the Union has allowed this and then finally looked to the city Commission and say, help us.

273

00:41:37.950 --> 00:41:44.700

Cooper City Virtual Meeting: i'm calling for this years and years ago and nobody over there is listening, because you would have to pick up the tab.

274

00:41:46.350 --> 00:41:57.720

Cooper City Virtual Meeting: Now all of a sudden, when you see that we have gotten 18 just shy of 18 million you're saying let's have it and and what the problem is and tell me.

275

00:41:59.220 --> 00:42:02.100

Cooper City Virtual Meeting: Chief were you involved in the.

276

00:42:03.240 --> 00:42:14.850

Cooper City Virtual Meeting: Early about six seven years ago, when we had the request of you to see what the staffing would be for an additional rescue No, sorry I was not okay.

277

00:42:16.260 --> 00:42:19.350

Cooper City Virtual Meeting: Then let me just ask at this point in time.

278

00:42:21.480 --> 00:42:30.750

Cooper City Virtual Meeting: Who was on the committee, and I say who were there Union people on the committee who were their drivers were any from Cooper city.

279

00:42:32.220 --> 00:42:42.600

Cooper City Virtual Meeting: So the committee is made up of staff assistant chief I heard that, as you say, so let me ask it so what he says, the chief when Cooper city.

280

00:42:44.130 --> 00:42:46.440

Cooper City Virtual Meeting: This particular one no next.

281

00:42:47.460 --> 00:42:55.740

Cooper City Virtual Meeting: um there's different names that can let me have the names that's what i've been asking APP and asked my city manager for that and I haven't received it.

282

00:42:56.130 --> 00:43:04.050

Cooper City Virtual Meeting: And we didn't end and I did ask the question and the chief given answer that they, the committee it varies on personnel he but he did give us the.

283

00:43:04.920 --> 00:43:19.080

Cooper City Virtual Meeting: The the positions of the pieces, I want the positions, let me be very clear on this particular I want the names, who were on the committee for Cooper city's recommendation or am I to understand that max's right.

284

00:43:19.500 --> 00:43:29.460

Cooper City Virtual Meeting: That all you did was say hey we're going to take a look at all broward county, and this is what we want, not taking a look at what Cooper city needs tell me.

285

00:43:30.480 --> 00:43:41.910

Cooper City Virtual Meeting: So the answer the question is the committee did not need meat, specifically for what is on this agenda because approximately three and a half years ago the Committee.

286

00:43:42.390 --> 00:43:49.920

Cooper City Virtual Meeting: That was put together, we decided to try to start making the uniform apparatus, like the Commissioner said.

287

00:43:50.430 --> 00:44:10.440

Cooper City Virtual Meeting: That has been done, the majority of the apparatus the broward sheriff's office uses his peers, if this passes tonight, the committee will be put back together, it would be representative someone from Cooper city, but the only changes from three and a half years ago, moving for.

288

00:44:11.460 --> 00:44:28.650

Cooper City Virtual Meeting: or minor from the committee when I say minor it is things like we've realized that a switch in the cab the location would be better from the right to the left side things that are not does not change the overall.

289

00:44:29.670 --> 00:44:36.720

Cooper City Virtual Meeting: apparatus so that would be the only thing that a committee would be put together the reason why, and I answered the.

290

00:44:37.650 --> 00:44:52.890

Cooper City Virtual Meeting: city manager is we changed, we are in the process of purchasing the hazmat vehicle So yes, we use people from the hazmat team to sit down to build that because we did not have a standard spec that we would go off.

291

00:44:53.940 --> 00:45:07.740

Cooper City Virtual Meeting: If the question is, are some of those people Union people 100% the majority of our personnel, Sir, are part of the Union, I want to know the names it's not a hard question so once again transparency.

292

00:45:08.670 --> 00:45:21.300

Cooper City Virtual Meeting: falls on deaf ears coming to bsl Okay, so I will get those names from three and a half years ago, because those would have been the people that put together what we are going forward with.

293

00:45:21.930 --> 00:45:31.110

Cooper City Virtual Meeting: If it's past tonight in the future, I can provide names that would be part of that again only for minor adjustments.

294

00:45:32.250 --> 00:45:36.750

Cooper City Virtual Meeting: So what am I not trying to dodge your question i'm trying to be upfront and honest with you.

295

00:45:38.130 --> 00:45:47.070

Cooper City Virtual Meeting: I don't know who sat on the committee three and a half years ago that but you're willing to take their recommendation three and a half years later, and say.

296

00:45:47.370 --> 00:45:57.390

Cooper City Virtual Meeting: Only because we want it easier for be so do we end the uniformity, but we don't care, this is my difficulty of this is what you want, not what we need.

297

00:45:58.110 --> 00:46:06.810

Cooper City Virtual Meeting: Show me that you contacted us show me that someone's like Cooper city fire actually went in and said here's what we need here's why we need it.

298

00:46:07.440 --> 00:46:09.810

Cooper City Virtual Meeting: Well, we believe that what is before you.

299

00:46:10.230 --> 00:46:22.800

Cooper City Virtual Meeting: Is what the city of Cooper city does need and you say that to each and every one of the 13 contracts, it is because you want uniformity you want the ease in trench yes transferring out peers to pierce.

300

00:46:23.160 --> 00:46:33.060

Cooper City Virtual Meeting: of keeping simple inventory of only pierce i'm interested in getting the best fire engines and we believe what is before you is exactly that Sir.

301

00:46:33.810 --> 00:46:45.270

Cooper City Virtual Meeting: But without a procurement process we don't know and we don't know if it's the best price either I know you say it's minor changes but three and a half years ago to now major change economically.

302

00:46:46.560 --> 00:46:50.250

Cooper City Virtual Meeting: and your yes cost of inflation cost of a lot of things.

303

00:46:56.820 --> 00:47:01.920

Cooper City Virtual Meeting: And to go, are you are is it finding the foreign because I know police department is this fire department fully accredited.

304

00:47:03.360 --> 00:47:07.770

Cooper City Virtual Meeting: We are both cast accredited accredited yes, Sir fully accredited.

305

00:47:11.280 --> 00:47:14.640

Cooper City Virtual Meeting: And I probably need a better definition of fully accredited.

306

00:47:15.960 --> 00:47:21.540

Cooper City Virtual Meeting: Let me ask it a different way to be easier, is there any accreditation that you have not received yet.

307

00:47:23.010 --> 00:47:25.110

Cooper City Virtual Meeting: No, the two there's two.

308

00:47:26.190 --> 00:47:46.080

Cooper City Virtual Meeting: benchmark to best practice accreditations one is for Commission on ambulances services that are cast accreditation and the other one is CFA Ai which is which we had discussed that many town halls in front of you so Those are the two accredited departments that we recognize.

309

00:47:48.000 --> 00:47:58.890

Cooper City Virtual Meeting: One is on analysts one is on fire and response times so Is there something i'm you know that we should be looking at i'm open I recall distinctly that.

310

00:47:59.490 --> 00:48:11.700

Cooper City Virtual Meeting: police had received the full accreditation and fire head not so i'm going to just ask once again, is there any other accreditation that you have not received not, to my knowledge Okay, thank you.

311

00:48:14.430 --> 00:48:19.560

Cooper City Virtual Meeting: i'll defer to counter to the Commission is some other things as well.

312

00:48:22.020 --> 00:48:28.020

Cooper City Virtual Meeting: yeah that go ahead, thank you, Mary rose, good evening thanks for being here this evening and he'll probably have a couple questions absolutely.

313

00:48:29.550 --> 00:48:40.830

Cooper City Virtual Meeting: we're talking about floaters and training, how many floaters typically in a given month or a year, or some kind of a timeframe, do we have that come to Cooper city to you know to.

314

00:48:42.450 --> 00:48:44.820

Cooper City Virtual Meeting: To work or other municipalities.

315

00:48:47.010 --> 00:48:48.480

Cooper City Virtual Meeting: i'll just a guess.

316

00:48:49.680 --> 00:48:55.200

Cooper City Virtual Meeting: I would probably say maybe in a month time four to five okay.

317

00:48:57.390 --> 00:48:57.720

Cooper City Virtual Meeting: All right.

318

00:48:59.280 --> 00:49:02.250

Cooper City Virtual Meeting: The other question I have pierce first is he one.

319

00:49:04.530 --> 00:49:14.790

Cooper City Virtual Meeting: Quality wise comparable quality is one better than the other um well, that is a kind of one of those questions whether you prefer chevy or Ford.

320

00:49:15.690 --> 00:49:28.050

Cooper City Virtual Meeting: But what I could do tonight is, we had a comparable he one apparatus, I could walk through what we compared you don't have to just just looking for your opinion.

321

00:49:28.620 --> 00:49:37.380

Cooper City Virtual Meeting: Well, our opinion is that the pierce products that we purchase are what not only the broward sheriff's Office believe that is the best.

322

00:49:39.150 --> 00:49:48.090

Cooper City Virtual Meeting: So that would be I guess my opinion again not stating that there may be anyone that's comparable, but when we did our research.

323

00:49:48.750 --> 00:49:52.770

Cooper City Virtual Meeting: There was some very distinct differences between those two apparatus.

324

00:49:53.100 --> 00:50:02.790

Cooper City Virtual Meeting: And again, I could highlight some of you would like me to know I listen i've talked to people in the county and other municipalities and they don't have a problem with one or the other, and again.

325

00:50:03.270 --> 00:50:08.490

Cooper City Virtual Meeting: As far as price goes as the mayor alluded to earlier it's what kind of an appetite do you have now we're.

326

00:50:09.780 --> 00:50:11.760

Cooper City Virtual Meeting: we're up here and we are.

327

00:50:13.050 --> 00:50:15.630

Cooper City Virtual Meeting: Given the responsibility to make sure the city is is.

328

00:50:16.710 --> 00:50:19.860

Cooper City Virtual Meeting: Protected so absolutely we're not we're not.

329

00:50:21.360 --> 00:50:24.720

Cooper City Virtual Meeting: The price difference between anyone in the pierce the comparable.

330

00:50:25.980 --> 00:50:38.730

Cooper City Virtual Meeting: Again, may be highlighted again I don't have a breakdown of exactly exactly, but some of the features so he's always he doesn't sound like it doesn't sound like a whole hill of beans of difference here.

331

00:50:39.630 --> 00:50:46.920

Cooper City Virtual Meeting: But let me, let me just let you go, I believe there were some there were some that would it would be quite different.

332

00:50:49.920 --> 00:51:00.930

Cooper City Virtual Meeting: You know, and I don't know anything about fire trucks it's not my job you're the fire truck experts, but I do know about his German I know numbers and you know i'm just gonna i'm just going to go out there and tell you.

333

00:51:02.400 --> 00:51:17.490

Cooper City Virtual Meeting: i've got some numbers here now, Mr McHugh came back and said, the average cost of the Quinn Quinn in the county was 1,000,093 books and we're looking at 1,000,003 34 and that's if we approve tonight, if we don't approve tonight we're looking at another 8% to tack on to that.

334

00:51:19.200 --> 00:51:20.220

Cooper City Virtual Meeting: For the pumper.

335

00:51:21.690 --> 00:51:30.330

Cooper City Virtual Meeting: It came in well i'll tell you right now, one of our neighbors as ordered a pumper recently, and it was an easy one typhoon pumper 2023.

336

00:51:31.500 --> 00:51:35.430

Cooper City Virtual Meeting: that's mine my research done my research.

337

00:51:37.740 --> 00:51:38.700

Cooper City Virtual Meeting: 2023.

338

00:51:40.320 --> 00:51:45.840

Cooper City Virtual Meeting: typhoon pumper that they purchased and I don't know about the bells and whistles but apparently it was it was.

339

00:51:47.070 --> 00:51:53.370

Cooper City Virtual Meeting: Adequate for their needs, and of course the 640 \$6,000 which is 270,000 less.

340

00:51:54.930 --> 00:51:57.120

Cooper City Virtual Meeting: than what said margate.

341

00:51:58.590 --> 00:52:10.470

Cooper City Virtual Meeting: And \$270,000 difference you're looking at their the on the ladder you looking at 240 \$1,000 and then on the on the rescue, I do have a question because it looks like we have a.

342

00:52:13.440 --> 00:52:17.040

Cooper City Virtual Meeting: ambulance going on at 23 chassis is what the bid says.

343

00:52:18.450 --> 00:52:34.050

Cooper City Virtual Meeting: Yes, that standard for the industry, the they they you buy the chassis and you buy the box, they are put together at the factory and then that's where the complete musical comes, but my only question is why wouldn't we get a 23 chassis a 23 bucks to go with the 23 chassis.

344

00:52:35.370 --> 00:52:38.580

Cooper City Virtual Meeting: um the other way to get the new get get the most.

345

00:52:40.590 --> 00:52:42.390

Cooper City Virtual Meeting: The best the newest equipment available.

346

00:52:44.940 --> 00:52:56.310

Cooper City Virtual Meeting: What am I was Victor why so i'm the fleet coordinator for broward sheriff's office when they purchase when they give you the quote for the chassis it's the time of the quote is given so when they make the two vehicles, it becomes a 2023.

347

00:52:58.320 --> 00:53:06.360

Cooper City Virtual Meeting: Okay well i'm looking at one of our neighbors they have a they actually have a 2023 freightliner Horton freightliner chassis and a 23 cab.

348

00:53:06.930 --> 00:53:19.050

Cooper City Virtual Meeting: And they came in 340 \$7,000 which is 5360 \$67,000 less than what we're looking at here and I understand you want to keep everything consistent in the county I can appreciate that.

349

00:53:19.620 --> 00:53:30.510

Cooper City Virtual Meeting: You want all of your all of your men and women to be able to just float, as you say, but you know we are I don't want the tail wagging the dog here, we need to.

350

00:53:31.170 --> 00:53:38.760

Cooper City Virtual Meeting: We need to have the equipment it's right for Cooper city and if it if it means a little bit more training for be so you know personnel, so be it.

351

00:53:39.090 --> 00:53:48.420

Cooper City Virtual Meeting: And you're looking at with those three vehicles you're looking at 630 \$3,000 of less and i'm not saying, those are the answer but somewhere in between the 2.6 and.

352

00:53:48.870 --> 00:53:57.720

Cooper City Virtual Meeting: The \$2 million that I just that I just described there's gotta be it's gotta be you know, a better way now I also know the three questions I asked.

353

00:53:59.190 --> 00:54:07.200

Cooper City Virtual Meeting: When I when one of our directors bring something to us for purchases, do we need it, we absolutely need to do vehicles there's no question about that.

354

00:54:07.710 --> 00:54:11.340

Cooper City Virtual Meeting: was a budgeted for they absolutely have been budgeted for through arpa.

355

00:54:11.820 --> 00:54:23.400

Cooper City Virtual Meeting: But the third question where they bid out properly and I have to say at this point, no because we've only receive one vendor quote for each vehicle, in other words, if we weren't didn't check multiple vendors and that's my difficulty this evening.

356

00:54:25.830 --> 00:54:26.340

Cooper City Virtual Meeting: understood.

357

00:54:27.510 --> 00:54:29.670

Cooper City Virtual Meeting: What was the rescue that you were.

358

00:54:30.720 --> 00:54:42.870

Cooper City Virtual Meeting: Was it in the AV the rescue was a horn and freightliner chassis and a 2023 standard cab and they've both been and what I try to compare apples to apples they're both 23 is they've both been ordered recently so.

359

00:54:43.380 --> 00:54:52.110

Cooper City Virtual Meeting: It will be there is i'm not i'm not i'm not i'm not going and saying it's something that was ordered six months, because we know, prices have gone up, things have changed on this new world nobody again.

360

00:54:52.350 --> 00:54:59.670

Cooper City Virtual Meeting: There, there is a difference between a Horton box man and osage box okay well it's like the mayor said, though.

361

00:55:01.710 --> 00:55:09.720

Cooper City Virtual Meeting: Without you know I don't believe any of the other municipalities would have purchased this other equipment be at the Horton or the one.

362

00:55:11.280 --> 00:55:19.020

Cooper City Virtual Meeting: With you know I don't think they believe they're putting anybody's lives in danger or they're getting any less of a quality product.

363

00:55:20.520 --> 00:55:24.330

Cooper City Virtual Meeting: So again, what it comes down to is what's our what's our taste here.

364

00:55:25.620 --> 00:55:32.550

Cooper City Virtual Meeting: it's our needs first there one, well then that's it because I know, nobody came forward 15 months ago when it was via social responsibility.

365

00:55:33.570 --> 00:55:41.310

Cooper City Virtual Meeting: as per the contract to purchase this and i'm not knocking i'm not trying to beat on you guys or anything but it's the it's the reality now it's on us and.

366

00:55:42.120 --> 00:55:48.630

Cooper City Virtual Meeting: Not saying we didn't have any input into the process, but we really didn't have any input in the process can I make a comment, a second.

367

00:55:49.710 --> 00:56:08.820

Cooper City Virtual Meeting: spare parts, if you carry any spare parts it's easier if it's uniformity if it's one making one brand and they carry one water pump that fits trucks in every city, instead of carrying five different ones, and then they run out.

368

00:56:09.930 --> 00:56:12.120

Cooper City Virtual Meeting: isn't it easier if they have one brand.

369

00:56:13.170 --> 00:56:19.050

Cooper City Virtual Meeting: of vehicles and instead of having different brands of vehicles would be easier to stock the spare parts.

370

00:56:19.560 --> 00:56:32.550

Cooper City Virtual Meeting: If there's uniformity, it would, it would, if if we have all peers, yes, the the common components fan belts, etc, we can carry those keep stock, so we can.

371

00:56:33.000 --> 00:56:43.530

Cooper City Virtual Meeting: Repair maintenance may not make a difference, every day, but if a truck breaks and we have the truck fixed next day, instead of next month that will make a difference.

372

00:56:45.060 --> 00:57:00.030

Cooper City Virtual Meeting: Okay, go ahead if I just one quick question 10 eight the vendor correct, are they the only vendor around that that that are the REPS there the locators product they're the local pure spender yes, Sir, and when you say local where are they located.

373

00:57:01.770 --> 00:57:12.810

Cooper City Virtual Meeting: There their home offices over in the temp bradenton they are the southeast basically they have so that's the that's the that's the the regional representative for this particular product, yes, nobody else we could call.

374

00:57:13.800 --> 00:57:25.470

Cooper City Virtual Meeting: You know it's we're going to get the same answer every call another REP in tucson Arizona or peers right yes that's their pricing Okay, thank you, Chris mentioned verify if I could buy yet Commission agree.

375

00:57:28.200 --> 00:57:43.140

Cooper City Virtual Meeting: i'm going to allow you to please say what what you wanted to say before I before I quit I appreciate that Thank you, Sir So yes, uniformity, is one of the key elements, but that was not the reason why these products are before you tonight.

376

00:57:44.370 --> 00:57:47.970

Cooper City Virtual Meeting: There is positive things for that that all being said.

377

00:57:49.050 --> 00:57:58.530

Cooper City Virtual Meeting: it's not necessarily the number of floats that come through is that a benefit that when they do float through they're used to what compartments etc hundred percent.

378

00:57:59.700 --> 00:58:01.170

Cooper City Virtual Meeting: So I would like to.

379

00:58:02.700 --> 00:58:12.930

Cooper City Virtual Meeting: just point out a few things because I received the message, so we looked at the peers velocity 107 area.

380

00:58:13.980 --> 00:58:17.130

Cooper City Virtual Meeting: versus you one that we were provided spec for.

381

00:58:18.540 --> 00:58:31.320

Cooper City Virtual Meeting: i'm not going to go through the whole page all the pages i'm sorry just explained, who provided the spec it was just packed we've invited our local fire department so that's not us, when you say a local fire department, who.

382

00:58:36.210 --> 00:58:40.290

Cooper City Virtual Meeting: So Cooper said he gave us this box, this is what I want to know when did Cooper city do that.

383

00:58:45.810 --> 00:58:52.860

Cooper City Virtual Meeting: yeah that's what i'm gonna find out who and Cooper city because i'm pretty sure it's not one fun staff over here, so when Cooper city.

384

00:58:56.490 --> 00:58:58.110

Cooper City Virtual Meeting: Chief Bishop to provide it.

385

00:59:00.060 --> 00:59:00.450

Cooper City Virtual Meeting: Go ahead.

386

00:59:02.130 --> 00:59:03.360

Cooper City Virtual Meeting: So frame rail.

387

00:59:05.010 --> 00:59:08.640

Cooper City Virtual Meeting: The piers is 13 point 38 inches tall.

388

00:59:09.810 --> 00:59:14.340

Cooper City Virtual Meeting: versus 10.25 again there's one difference.

389

00:59:18.120 --> 00:59:36.870

Cooper City Virtual Meeting: outrigger Jacks the pierce has three the other has for what that says, for an operational standpoint is is easier to set up the peers, because you only have three outriggers that come out versus four so you can do that in a tighter operational area.

390

00:59:38.280 --> 00:59:44.370

Cooper City Virtual Meeting: elevator water stream go up here to the absolute What would the benefit be to have for.

391

00:59:45.420 --> 00:59:52.620

Cooper City Virtual Meeting: Normally, if you have three employees and then you have four employees, you get more production, what would the benefit, be a for as opposed to three.

392

00:59:53.100 --> 01:00:02.760

Cooper City Virtual Meeting: it's just how the apparatus is designed so in order to stabilize that piece of apparatus they believe they need for outriggers.

393

01:00:03.450 --> 01:00:14.310

Cooper City Virtual Meeting: To pay being the manufacturer the manufacturer expert of who built it, yes, you here we go ahead pierce is able to stabilize their vehicle with three.

394

01:00:15.090 --> 01:00:32.160

Cooper City Virtual Meeting: What it means from an operational standpoint for fire department is it's easier to set that piece of apparatus up because the the radius is smaller and it's easier to maneuver with I mean place the outriggers what elevated water stream.

395

01:00:33.390 --> 01:00:54.690

Cooper City Virtual Meeting: peers 1500 gallons per minute versus 1001 other is the aerial functions, the pierce is what is called dual versus a single What that means is the nozzle on a dual, which is the peers, you could have it basically moves.

396

01:00:55.710 --> 01:01:06.990

Cooper City Virtual Meeting: versus the single the nozzle is at the tip so when you go to use the ladder when I can't be moved there are limitations, so, in other words.

397

01:01:07.350 --> 01:01:16.110

Cooper City Virtual Meeting: As you put the ladder if you wanted to put it up against the parapet the nozzle may dictate how you could place it because it cannot be moved.

398

01:01:16.530 --> 01:01:28.440

Cooper City Virtual Meeting: On the piers being a dual that nozzle could be retracted and therefore it wouldn't be necessarily a factor when you put the rigors I mean the the the ladders down again.

399

01:01:29.430 --> 01:01:38.370

Cooper City Virtual Meeting: i'm more than happy to go line by line on all three that we have, but I just wanted to point out all those things do play in the pricing.

400

01:01:39.480 --> 01:01:48.330

Cooper City Virtual Meeting: Whether or not you as a Commission believe that that is worth going with the piers products again we're only here to help you as partners.

401

01:01:48.750 --> 01:02:07.410

Cooper City Virtual Meeting: To help you understand why what you have before you is what we be so believes, yes, the city of Cooper city, it is what is needed and what is best for the city of Cooper city, just like everyone else that is bought and gone with the pierce deerfield Holland ale Western.

402

01:02:09.030 --> 01:02:11.130

Cooper City Virtual Meeting: And we've had those similar conversations.

403

01:02:13.140 --> 01:02:24.690

Cooper City Virtual Meeting: Thank you, Mary Ross and I thank you for the time yeah and I appreciate that absolutely certain I appreciate the comments and i'm hearing what my colleagues are saying and I agree with.

404

01:02:25.860 --> 01:02:35.370

Cooper City Virtual Meeting: With what has been said up here, Commissioner puccini points out a very valid point with regards to uniformity.

405

01:02:38.010 --> 01:02:39.960

Cooper City Virtual Meeting: working for a governmental agency.

406

01:02:41.910 --> 01:02:46.140

Cooper City Virtual Meeting: uniformity is absolutely a must.

407

01:02:47.400 --> 01:02:49.470

Cooper City Virtual Meeting: Because depending on where you're at.

408

01:02:50.490 --> 01:03:02.880

Cooper City Virtual Meeting: The route, the kin for for the purposes of bs so depending on where you're at throughout the county or what station you where you're at you hope that the equipment.

409

01:03:04.530 --> 01:03:14.010

Cooper City Virtual Meeting: is somewhat similar when you're responding to a call I get that but what's not lost and what i've heard up here also.

410

01:03:16.110 --> 01:03:23.010

Cooper City Virtual Meeting: Is the pricing, I know that there you know i'm looking at this big date of.

411

01:03:24.210 --> 01:03:31.860

Cooper City Virtual Meeting: and a lot has happened between 2020 and now, and so I understand the increases I understand.

412

01:03:33.150 --> 01:03:39.450

Cooper City Virtual Meeting: Why, there are there are increases what's not lost on me, though, is.

413

01:03:40.560 --> 01:03:46.980

Cooper City Virtual Meeting: As a governmental agency, but I would imagine utilizing the procurement process I would imagine that.

414

01:03:48.930 --> 01:04:06.540

Cooper City Virtual Meeting: You want to make sure that as you're trying to get the best bang, for your buck that you are competition is a great thing, and so, when you have an opportunity to compete when when manufacturers have an opportunity to compete for business.

415

01:04:07.650 --> 01:04:10.410

Cooper City Virtual Meeting: utilizing the same specs right.

416

01:04:12.090 --> 01:04:25.980

Cooper City Virtual Meeting: It makes for good thing for the buyer and so what I didn't hear from bso is in terms of your procurement process or when you visit this out.

417

01:04:26.940 --> 01:04:43.770

Cooper City Virtual Meeting: Do is it standard operating procedure for for you all to go out with multiple bids, Commissioner, Commissioner, I think, on that because i've discussed that briefly with chief wholeness he'd probably be best to okay let's make sure that you know that's.

418

01:04:46.080 --> 01:04:55.050

Cooper City Virtual Meeting: and Joe do we have a copy of the contract that we are supposed to be piggybacking on, if you will that be so hands with Pearson.

419

01:04:56.490 --> 01:05:05.730

Cooper City Virtual Meeting: No, we don't we have, which is great tell, why not if you're asking us to base it on what you're doing why don't we have a copy of it, why don't, we have to ask.

420

01:05:09.150 --> 01:05:15.720

Cooper City Virtual Meeting: mayor so noted you'll get it i'll send it to you, oh thanks, no decision can be made until we have everything in front of us.

421

01:05:17.850 --> 01:05:28.260

Cooper City Virtual Meeting: Okay, that that that is fine and like I said before, when it came up here, you know just being that we got this far, is a is a good thing, so, in answer to the procurement question.

422

01:05:28.890 --> 01:05:36.240

Cooper City Virtual Meeting: Commissioner Meltzer Commissioner green you both you both brought about, we went through a process some eight years ago.

423

01:05:37.710 --> 01:05:44.370

Cooper City Virtual Meeting: Roughly about eight years ago, as we sometimes have to stand to go ahead and put it out for bid and it was a competitive process.

424

01:05:44.670 --> 01:05:55.350

Cooper City Virtual Meeting: went through an rfp process and we established that's that's what we establish the standards now, yes, we will have mergers, we will have units that that are in between.

425

01:05:55.770 --> 01:06:03.570

Cooper City Virtual Meeting: Wherever we try to strive for our standard it's in the best interest of the safety of the firefighters and the residents of because the.

426

01:06:03.990 --> 01:06:15.300

Cooper City Virtual Meeting: The familiarity of the truck will position of work word a piece of equipment are I mean obviously you can't make it for everyone, because we're going to have automatic a mutual aid everybody's going to come.

427

01:06:15.840 --> 01:06:20.220

Cooper City Virtual Meeting: But if there's at least more people that know where the equipment is is less time.

428

01:06:20.730 --> 01:06:33.900

Cooper City Virtual Meeting: fumbling around trying to find equipment so whatever we do in whichever way we go, we will need to do is to look at that you know when that committee comes to go hey how close can we get to this in order to keep that.

429

01:06:34.620 --> 01:06:47.760

Cooper City Virtual Meeting: Going and moving in that direction the, as I said, this was done on this, it is a current contract that we have that you will be taping piggybacking off of other than that is what's available to you as the Florida sheriffs association.

430

01:06:49.770 --> 01:06:54.150

Cooper City Virtual Meeting: Co op bid or if another city has one or you'll have to go out for bid for.

431

01:06:54.960 --> 01:06:58.710

Cooper City Virtual Meeting: For this is just what something that we have provided and we've done.

432

01:06:58.980 --> 01:07:11.010

Cooper City Virtual Meeting: For all the cities so when we do the procurement, it is streamline and it's so the pricing here is based on our on our on the cost that would be if we would purchase that unit, right now, so.

433

01:07:11.490 --> 01:07:19.860

Cooper City Virtual Meeting: Whether we buy or you know deerfield just took delivery Western has got to purchase come in, we have hillandale getting a purchase going through.

434

01:07:20.220 --> 01:07:31.710

Cooper City Virtual Meeting: There it's all based on that there is an alpha provide that that contract for you to the city manager and i'll forward that to you tomorrow soon as I get in it, thank you, chief wellness and just one last thing mayor and i'll be finished.

435

01:07:32.940 --> 01:07:44.640

Cooper City Virtual Meeting: I like I said I hear the concerns that are being made up here my only the only one of the things that that i'm very mindful of is.

436

01:07:47.220 --> 01:07:53.430

Cooper City Virtual Meeting: As a body, whatever the majority decides if we decide that we're going to.

437

01:07:55.410 --> 01:08:03.090

Cooper City Virtual Meeting: Wait and take a step back and and and and go moving moving a different direction.

438

01:08:05.040 --> 01:08:23.820

Cooper City Virtual Meeting: Along with that comes the potential of more of an increase than what we would hope for so i'm going to leave at that, but I appreciate appreciate the answers Thank you Mr Nelson chief I just have a question for both of you i'm looking at the.

439

01:08:25.440 --> 01:08:27.210

Cooper City Virtual Meeting: The quote for the.

440

01:08:29.940 --> 01:08:30.660

Cooper City Virtual Meeting: For the ladder.

441

01:08:32.190 --> 01:08:42.240

Cooper City Virtual Meeting: I don't know if you have it, if you have at your disposal where's the option on there that you know I know we have a pump option of was it 1500 a five.

442

01:08:42.990 --> 01:09:01.380

Cooper City Virtual Meeting: i'm sorry phone and downs, with no, but I think I think the pierce was was was it 1500 gallons per gallon or just or 500 1500 calories 500 can pump 1500 gallons per can pump 1500 gallon where's that i'm just trying, this is a as many pages here I just like to see what that is.

443

01:09:03.870 --> 01:09:06.450

Cooper City Virtual Meeting: On page 13 will find it for.

444

01:09:07.560 --> 01:09:25.500

Cooper City Virtual Meeting: there's page for Okay, let me go in here and start tearing electric nozzle monitor page 13 where the bottom a high flow down 1500 1500 GPM waterway high flow 1500 G might be that might be a piece of part of this if I let it let the experts fine.

445

01:09:28.890 --> 01:09:38.490

Cooper City Virtual Meeting: Commission well, so I don't know if they were they able to answer the question because I had asked a question earlier about with regards to the warranty i'm waiting for Horace, but I think rather.

446

01:09:39.150 --> 01:09:55.950

Cooper City Virtual Meeting: The five years experts answer that five years and I pointed it out to I pointed out where was in the contract so to follow up, if I might just one moment for those five years, we will not have to pay you for maintenance, how much less in the contract will it be.

447

01:09:57.960 --> 01:10:07.560

Cooper City Virtual Meeting: Well, the maintenance so with a warranty yes, that you, we would, we would, as we make the budget preparation, we would sit down with city staff.

448

01:10:08.040 --> 01:10:18.510

Cooper City Virtual Meeting: And we would take that into consideration, but they're still the warranty is not bumper to bumper on the engines, the warranty is the engine and the transmission chief simple question.

449

01:10:19.080 --> 01:10:26.490

Cooper City Virtual Meeting: How much less will it be I couldn't do that until I couldn't give you that answer until we sat down as part of the budget preparation.

450

01:10:27.090 --> 01:10:44.970

Cooper City Virtual Meeting: We can't do an answer either until we know for sure how much credit will be given to us, and then the follow up to that and and Victor you're standing is if that's what we will be credited for the maintenance is that what we will be charged after the five years.

451

01:10:49.110 --> 01:10:50.790

Cooper City Virtual Meeting: You mean the maintenance costs sure.

452

01:10:52.170 --> 01:11:03.450

Cooper City Virtual Meeting: You determine that X amount of dollars for the five years is not is because of maintenance, so we get credit for that then we don't have a warranty on the sixth year.

453

01:11:03.900 --> 01:11:12.420

Cooper City Virtual Meeting: Then I can safely assume that you insert that amount of money back in for the cost of the maintenance yes okay nothing additional.

454

01:11:13.050 --> 01:11:22.800

Cooper City Virtual Meeting: Well, again, that would be five years blitzer, as always, every year we sit down with city staff as we prepare the budget.

455

01:11:23.430 --> 01:11:36.330

Cooper City Virtual Meeting: Whenever a district chief he is part of that process or she or she we have those discussions with city staff so that both parties feel as comfortable as they possibly can, when the budget and and the.

456

01:11:37.260 --> 01:11:54.360

Cooper City Virtual Meeting: It comes forward again, we would show maintenance records things like that is the discussions that we have so for us to sit here today and say what would be the maintenance costs five years from now, after you receive the apparatus piece key please, please keep in mind.

457

01:11:55.380 --> 01:12:02.100

Cooper City Virtual Meeting: As we say that it's well over a year out before the truck has ordered or approved tonight before it gets here.

458

01:12:03.510 --> 01:12:05.280

Cooper City Virtual Meeting: To forecast that far forward.

459

01:12:07.740 --> 01:12:16.710

Cooper City Virtual Meeting: We couldn't do that, I mean, though I don't want to give you a number or approximate that who knows, I mean the industry took massive hit.

460

01:12:18.240 --> 01:12:21.630

Cooper City Virtual Meeting: not trying to move the MIC like that a massive hit with Kovac.

461

01:12:22.710 --> 01:12:33.630

Cooper City Virtual Meeting: vehicles, as we all know, some of the things that we normally can get from the industry are nearly impossible to get so to sit here today and say, well, we can give you a 10% discount.

462

01:12:34.890 --> 01:12:48.540

Cooper City Virtual Meeting: I couldn't we couldn't do that short change not only you or us, those are part of those discussions, but you can be sure that when we have no more warranty that it's a 5% increase each and every year.

463

01:12:50.040 --> 01:12:53.550

Cooper City Virtual Meeting: history repeats itself it's a great indicator of the future.

464

01:12:55.350 --> 01:13:01.380

Cooper City Virtual Meeting: I don't know if it isn't exactly a 5% increase every year, so you're counting peers.

465

01:13:03.450 --> 01:13:06.660

Cooper City Virtual Meeting: Victor the Quinn, is that appears.

466

01:13:08.280 --> 01:13:11.670

Cooper City Virtual Meeting: How long has it been out of service for Cooper city.

467

01:13:12.810 --> 01:13:15.900

Cooper City Virtual Meeting: Well, currently have a talent that's not the question.

468

01:13:16.950 --> 01:13:19.770

Cooper City Virtual Meeting: The question how long has it been out of service.

469

01:13:21.090 --> 01:13:21.630

Cooper City Virtual Meeting: or.

470

01:13:23.100 --> 01:13:24.840

Cooper City Virtual Meeting: And yet, you still recommend peers.

471

01:13:26.970 --> 01:13:35.700

Cooper City Virtual Meeting: Because apparently Commissioner puccini saying it's a good idea to uniform, they have the inventory so apparently that's an actor.

472

01:13:39.810 --> 01:13:40.620

Cooper City Virtual Meeting: comedian.

473

01:13:46.110 --> 01:13:46.500

Yes.

474

01:13:47.670 --> 01:14:05.220

Cooper City Virtual Meeting: Sir, just one clarification, the Quint, when you had the old 100 foot later Ariel the road tech bearing failed failed girl inspection to place the road tag Baron was over \$150,000 so comes down to money you didn't want to spend it.

475

01:14:06.240 --> 01:14:07.860

Cooper City Virtual Meeting: It was not worth spending, sir.

476

01:14:10.650 --> 01:14:16.170

Cooper City Virtual Meeting: And I guess it wasn't worth purchasing the vehicles, when it was your obligation that rhetorical.

477

01:14:17.940 --> 01:14:28.650

Cooper City Virtual Meeting: Let me ask you this, and chief is still stand by the fact that a rescue is to be in service active service for 15 years.

478

01:14:29.730 --> 01:14:37.680

Cooper City Virtual Meeting: No a rescue this the bso the model that we use is a rescue is five years frontline two years reserve.

479

01:14:41.700 --> 01:14:54.030

Cooper City Virtual Meeting: And again, and can you compare, for me, because this uniformity thing is just got me going, because how many condominiums does hillandale have and how many kinds of many, and this group of city have.

480

01:14:55.230 --> 01:15:08.580

Cooper City Virtual Meeting: I didn't bring those comparisons and they weren't even utilized in the specs and what Cooper city needs as opposed to what you're doing is looking and saying this is what we want.

481

01:15:09.480 --> 01:15:18.450

Cooper City Virtual Meeting: What would be good for us and, by the way, is it not true that the firefighters all go through most go through the broward Academy.

482

01:15:20.400 --> 01:15:20.850

Cooper City Virtual Meeting: or.

483

01:15:22.350 --> 01:15:40.350

Cooper City Virtual Meeting: What is it coral springs as Academy, I could not give you the statistics of which academies is a majority good to do uniform training isn't it, that is correct and, would you agree with me that when you get to the station each district somehow is a little different, they may put a.

484

01:15:41.730 --> 01:15:44.700

Cooper City Virtual Meeting: Power saw in the front as opposed to the back.

485

01:15:46.950 --> 01:15:56.520

Cooper City Virtual Meeting: No, they are not supposed to do that that's again back to the uniformity and have you ever seen that done in any of the firehouses yes and when it is, it is corrected.

486

01:15:59.520 --> 01:15:59.880

Cooper City Virtual Meeting: Yes, i'm.

487

01:16:01.380 --> 01:16:06.780

Cooper City Virtual Meeting: gonna get started, thank you for your time and she follows, thank you for coming out.

488

01:16:08.070 --> 01:16:26.280

Cooper City Virtual Meeting: And you did, I have some concerns, I, I think we do need to purchase new apparatus i'm concerned, some with the cost and with the with the process and I want to try to take them by category My first is contractually.

489

01:16:27.570 --> 01:16:30.750

Cooper City Virtual Meeting: Our contract that we sign said that.

490

01:16:32.070 --> 01:16:36.600

Cooper City Virtual Meeting: Be so will consult with the city on coming up with the specs of the vehicles.

491

01:16:38.820 --> 01:16:46.320

Cooper City Virtual Meeting: And it also says that be as a shepherd responsible for equipping the vehicles with all the necessary equipment.

492

01:16:47.220 --> 01:17:02.370

Cooper City Virtual Meeting: For medical service and fire protection, including communication devices and Shell responsible for the maintenance of such equipment, but in the quote we got there, several thousand dollars worth of equipment in there that'd be so as contracts navigated cover like radios.

493

01:17:03.630 --> 01:17:06.840

Cooper City Virtual Meeting: So just looking at the quote on the ladder there's.

494

01:17:07.860 --> 01:17:21.240

Cooper City Virtual Meeting: Several several, I think, maybe four different radios that were being charged for here that csos required to pay for for show into the contract there's hose that be so supposed to.

495

01:17:22.440 --> 01:17:24.900

Cooper City Virtual Meeting: be required to equip the fire truck with.

496

01:17:25.920 --> 01:17:29.310

Cooper City Virtual Meeting: That they're supposed to be paying for sure into the contract.

497

01:17:30.390 --> 01:17:46.440

Cooper City Virtual Meeting: same issue with the the warranties we have \$60,000 worth of warranties on on the on the ladder on the Queen which out knowing exactly what that offsets going to be or savings and the reason why that matters you know from your standpoint.

498

01:17:49.080 --> 01:17:55.410

Cooper City Virtual Meeting: It might be a wash but every time we have conversations with csos general counsel, they say, well, we don't true up.

499

01:17:56.610 --> 01:18:03.720

Cooper City Virtual Meeting: We don't do true ups and contracts you pay the price you get it, even if we don't use it, you lose it, but if we you know.

500

01:18:04.530 --> 01:18:16.920

Cooper City Virtual Meeting: go over that we don't ask you for any money so there's what equates to 10s of thousands of dollars worth of contractual obligations of vs owes put on this invoice, and this is just a ladder.

501

01:18:17.580 --> 01:18:27.870

Cooper City Virtual Meeting: If we took a look at the the engines, the same thing I think how they'll purchase the same engine, but for \$15,000 less.

502

01:18:28.770 --> 01:18:35.520

Cooper City Virtual Meeting: And so that's that's a that's a concern of mine contractually and also the fact that our contract says that.

503

01:18:36.150 --> 01:18:48.000

Cooper City Virtual Meeting: That will work together to come out with the the equipment and our contract was signed, subsequent to this committee that was done three years ago um I understand the need of the committee, I really do.

504

01:18:49.740 --> 01:19:00.690

Cooper City Virtual Meeting: You have to balance that we can't we can't there's a cost to everything it's good to have the same saw in the same drawer, but that comes at a certain cost, we know.

505

01:19:01.230 --> 01:19:17.340

Cooper City Virtual Meeting: That when you're trying to make everything uniform somebody has to give in somebody's gotta gotta pay to make that leap, but he isn't talks with margate to take over their their department, right now, and there are offered what type of vehicle just didn't want anyone.

506

01:19:18.840 --> 01:19:20.610

Cooper City Virtual Meeting: told anyone type flip over.

507

01:19:21.720 --> 01:19:27.030

Cooper City Virtual Meeting: Dear fields what he wants and everything, so I understand the the the need to want a uniform.

508

01:19:28.080 --> 01:19:36.930

Cooper City Virtual Meeting: Uniform but I don't know that we can afford to be the brunt of that awesome question for our city.

509

01:19:38.580 --> 01:19:48.720

Cooper City Virtual Meeting: As far as the Chairman process does our current Code in one of the Commissioners they know can help me does it allow us to purchase something at this price about going out to bid.

510

01:19:50.040 --> 01:19:52.500

Cooper City Virtual Meeting: Commission petunia you know that's where we're.

511

01:19:53.790 --> 01:20:04.050

Cooper City Virtual Meeting: If we piggyback off another contract, but well, it has to be a big contract and then that was big country I this stuff I saw wasn't wasn't.

512

01:20:04.980 --> 01:20:11.400

Cooper City Virtual Meeting: I did not see the I saw the quote that deerfield gun, it did not see an embedded contract down there.

513

01:20:12.300 --> 01:20:18.150

Cooper City Virtual Meeting: There are exceptions to the procurement code or purchasing good are, if not exception it's written in.

514

01:20:18.480 --> 01:20:32.970

Cooper City Virtual Meeting: And one is a Co op or piggybacking another as a sole source if it's a sole source type of product with one vendor providing it that there are there exceptions to that also yeah well, I know there could be.

515

01:20:33.750 --> 01:20:43.230

Cooper City Virtual Meeting: But she told me, my question was does our code allowed, because this is, these are I love, these are not bought through the sheriff's contract, and I mean in Florida sheriffs association contract.

516

01:20:44.310 --> 01:20:44.970

Cooper City Virtual Meeting: They were not.

517

01:20:46.290 --> 01:20:49.260

Cooper City Virtual Meeting: Now, of course, against peers, would be the sole source of pierce.

518

01:20:50.400 --> 01:20:58.770

Cooper City Virtual Meeting: pierce is a product special to product and you want as a sole source of bender original vendor know Kenny, is the.

519

01:20:59.670 --> 01:21:06.060

Cooper City Virtual Meeting: original vendor that would would be dealing with yeah but my question is, does our procurement code.

520

01:21:06.600 --> 01:21:14.820

Cooper City Virtual Meeting: require us to actually put it out to like specs out the bid, then let like he one versus pierce bit on, and I know.

521

01:21:15.330 --> 01:21:20.850

Cooper City Virtual Meeting: You can't get a better price hear from anybody, but peers because i'm the only maker of it, but my question is.

522

01:21:21.450 --> 01:21:32.100

Cooper City Virtual Meeting: The other makers of vehicles, so my understanding of what I hear the chief saying is that it's not an apples to apples comparison, so if you put it out, you know, for example, one.

523

01:21:32.610 --> 01:21:43.680

Cooper City Virtual Meeting: doesn't provide with airbags on one one does so you wouldn't if you require airbags you wouldn't have them equally responding because one can fulfill it if it's a stabilizer and you have.

524

01:21:44.370 --> 01:21:53.880

Cooper City Virtual Meeting: Four legs stabilizer versus a three one doesn't one doesn't So if you put it out that that's my interpretation of what I hear now, I think, is more question our city I don't know.

525

01:21:54.810 --> 01:22:01.320

Cooper City Virtual Meeting: I don't want to speak, said that the contract that we'd be picking back and offers bit up but we can't vote tonight on my ears we don't have.

526

01:22:01.710 --> 01:22:17.820

Cooper City Virtual Meeting: The, but it was i'm sorry no they didn't they didn't it wasn't it wasn't because he said it was eight years ago Well, no, they put a Community together to expect it out and they got a price back then, but there's no there was no procurement process, as of today, chief.

527

01:22:22.350 --> 01:22:27.900

Cooper City Virtual Meeting: know in in light of all the cookie cutter because yes somebody brought up about we have he wants.

528

01:22:29.010 --> 01:22:32.610

Cooper City Virtual Meeting: We have a ones in the in the beer in the bso fleet yes.

529

01:22:34.530 --> 01:22:43.410

Cooper City Virtual Meeting: oftentimes chiefs come in and they have their specific you know things that they want to get and they want to push a certain a certain item.

530

01:22:43.920 --> 01:22:56.460

Cooper City Virtual Meeting: So when subsequent two chiefs have left we we stayed with we put it out from we put it out for for solicitation we've got we got the contract awarded to pierce.

531

01:22:57.270 --> 01:23:07.710

Cooper City Virtual Meeting: And so that's what we have that we can offer you what i'm also saying is that the Florida sheriffs association has the one on on their on their on the on the Florida.

532

01:23:08.130 --> 01:23:18.390

Cooper City Virtual Meeting: FSA contract so it's available for you i'm just trying to help you out with the procurement piece of it to see what's you know what's available, this is what we, we offered to deerfield to Western.

533

01:23:19.410 --> 01:23:39.120

Cooper City Virtual Meeting: You know they purchased their vehicles, they they elected to do that they have the same, I mean, so we have that same a body style cabinets thing everything there now you know but we're getting into like 50 horsepower versus 58.

534

01:23:40.380 --> 01:23:56.100

Cooper City Virtual Meeting: This number of tour this it's like you're getting to down into the into the areas that really when when we set the spec up if you want to go out for bid absolutely will will help you do that process and go here here's what we suggest.

535

01:23:57.060 --> 01:24:09.840

Cooper City Virtual Meeting: The mere fact that we are here tonight is is tantamount to success okay that's how I feel about it, you know we are here to make a decision to provide effective.

536

01:24:10.260 --> 01:24:20.850

Cooper City Virtual Meeting: Fire Response emergency medical response, these are be new apparatus to the residents and visitors of Cooper city someplace special and I applaud you all.

537

01:24:21.630 --> 01:24:36.720

Cooper City Virtual Meeting: Trust me I do, I applaud you all to get to this stage I don't think this is a city that that that has the I think some of the top notch folks here on the rescue and on the fire trucks, they are some awesome people.

538

01:24:38.010 --> 01:24:46.080

Cooper City Virtual Meeting: They are and I love them all chief I agree with you boots on the ground and you're in a you know each municipality has the room procurement.

539

01:24:47.760 --> 01:24:59.520

Cooper City Virtual Meeting: ordinances the Sheriff certainly probably has policies, but the Sheriff could do Western purchase off of our of our contract deerfield purchased off my question is from our standpoint.

540

01:25:01.230 --> 01:25:15.330

Cooper City Virtual Meeting: Is this income and I don't wanna I don't want to speculation, I want to know is this in compliance with our our procurement code, because I part of the backup I do not see a piggyback contract, I see a quote.

541

01:25:16.590 --> 01:25:23.640

Cooper City Virtual Meeting: And, and so that's I guess I don't know if some of the pricing and the pricing on the quote is reflective of the terms and.

542

01:25:24.690 --> 01:25:30.750

Cooper City Virtual Meeting: Consideration in terms of the contract, so what the prices, you see there aren't are in line with that.

543

01:25:32.250 --> 01:25:38.400

Cooper City Virtual Meeting: And they're just not you just don't have the actual backup document i'm not sure if i'm not sure if our code prohibits us from.

544

01:25:38.880 --> 01:25:47.970

Cooper City Virtual Meeting: Well that's that's that's really in the city manager in the city attorney city attorney yeah so I I we don't have the contract.

545

01:25:48.690 --> 01:26:01.920

Cooper City Virtual Meeting: We need to get a copy of the contract verify that the I mean the chief has just said, the contract was built out if the contract was built out that we can effectively piggyback off of that country, but we have to remember that dish dish sheriff has a lot less.

546

01:26:03.090 --> 01:26:15.090

Cooper City Virtual Meeting: has more discretion and in his procurement, then we may have because he's a constitutional officer, so if something that was correctly booted out under the Sheriff procurement policy may not.

547

01:26:15.990 --> 01:26:20.550

Cooper City Virtual Meeting: meet our procurement codes, I want to make sure that it's in compliance with our procurement code.

548

01:26:21.900 --> 01:26:33.510

Cooper City Virtual Meeting: You know, not necessarily, we have to make sure I understand that I Eve at penn State law will double check but based on what we know, right now, it would we would be able to.

549

01:26:34.230 --> 01:26:39.570

Cooper City Virtual Meeting: purchase piggybacking off their contract, but we probably need a little more due diligence because.

550

01:26:39.960 --> 01:26:45.390

Cooper City Virtual Meeting: with which we should have done before, on the contract, but based on what we're being told, right now, yes we'd be able to, and then the.

551

01:26:45.780 --> 01:27:01.080

Cooper City Virtual Meeting: question is is also for the chief What about the equipment aspect that's been included in in the invoices here at that would ordinarily be an obligation of of vso under the contract.

552

01:27:02.550 --> 01:27:10.650

Cooper City Virtual Meeting: yeah through the consideration yeah absolutely we we can separate it up, but I heard something about radios in there yeah.

553

01:27:11.130 --> 01:27:23.730

Cooper City Virtual Meeting: I know we have the we the in a local agreement on radius but to be so contract under on page nine under capital replacement it says vehicle equipment other personal property eight be.

554

01:27:25.470 --> 01:27:39.390

Cooper City Virtual Meeting: i'm sorry it's gonna be eight F, it says be so shall be responsible for equipping such vehicles with regard to all necessary equipment, as determined by be so for emergency medical services and fire protection services, including communication devices.

555

01:27:39.900 --> 01:27:52.440

Cooper City Virtual Meeting: and shall be responsible for the maintenance of such equipment, you know, I was taking communications devices and I understand the walkie talkie we handled through the inner local agreement but.

556

01:27:53.310 --> 01:28:01.740

Cooper City Virtual Meeting: In just a one quote there were several thousands of dollars for radios I guess there's also radios installed in the vehicle as well, and those are the antennas that they've.

557

01:28:02.160 --> 01:28:10.680

Cooper City Virtual Meeting: installed because yeah I went through and highlighted it in and there's you know it says intercom fire calm that's an.

558

01:28:11.220 --> 01:28:26.220

Cooper City Virtual Meeting: that's a in in truck communications of is separate from so that the driver the officer it ties to the radio, but you can communicate and all and all seated position Okay, and I guess that's what headset fire calm helmet radio transmit.

559

01:28:27.450 --> 01:28:40.050

Cooper City Virtual Meeting: same thing intercom on you know I guess there's several those and so that was one of my plug and play they can plug into the side of the truck so they can wear headsets for hearing protection there's so many different.

560

01:28:41.070 --> 01:28:53.760

Cooper City Virtual Meeting: modules in that, but it's it's all for being able to communicate effectively and efficiently inside the inside of the apparatus so would that be, is that something that would ordinarily fall under you guys for certain to the contract.

561

01:28:55.050 --> 01:28:55.290

Cooper City Virtual Meeting: and

562

01:28:57.570 --> 01:29:06.510

Cooper City Virtual Meeting: We we make the truck whole when it comes in it's one piece so literally you're just moving some equipment over and that's it it's turnkey the.

563

01:29:06.900 --> 01:29:15.030

Cooper City Virtual Meeting: The, for instance I don't know what's in in in the current the current apparatus in terms of headsets.

564

01:29:15.810 --> 01:29:23.880

Cooper City Virtual Meeting: But it might be a different plug you know manufacturers, change your plugs these, these are all integral parts, so that they can operate in in the vehicle.

565

01:29:24.150 --> 01:29:30.690

Cooper City Virtual Meeting: Okay, and I mean they're even have ladders on here, you know being you know, the current whenever that's not yes money the ground landers but.

566

01:29:30.990 --> 01:29:41.220

Cooper City Virtual Meeting: The ground ladders, it would, if it's seven years old and 15 years old and 20 years old, his chances are the ladders on there are of that age to get tested every year as the, as do the hose.

567

01:29:41.520 --> 01:29:49.680

Cooper City Virtual Meeting: But at some point it's going to fail so i'm not i'm not saying we should have better equipment i'm just, no, no, no, I know I know i'm just talking to.

568

01:29:50.220 --> 01:29:59.250

Cooper City Virtual Meeting: To Commission and no i'm not saying that you're saying that either what i'm saying is just i'm just giving you the rationale behind up thinning a truck with all of the the.

569

01:30:00.270 --> 01:30:09.090

Cooper City Virtual Meeting: The necessary when I say necessary, not all the equipment, but the necessary equipment, the function if you're if you're an engine or a ladder.

570

01:30:09.360 --> 01:30:18.450

Cooper City Virtual Meeting: Or, and you have pump water you want, you know you know you want the newest host possible and not transferring old hose that could possibly fail it kind of defeats the purpose you pumping it.

571

01:30:18.810 --> 01:30:21.510

Cooper City Virtual Meeting: You know, of course, so Allendale purchased.

572

01:30:22.140 --> 01:30:32.550

Cooper City Virtual Meeting: Their engine without a hose and they're going to have are just the the hosts separate they had a separate line in the budget for it, so there gets a purchase it which they'll get.

573

01:30:32.850 --> 01:30:43.890

Cooper City Virtual Meeting: In ahead of schedule before two trucks, even here so they're going to take advantage of getting the the hose before price prices increase, so you know there's some there's some benefits to it now, but.

574

01:30:44.520 --> 01:30:53.220

Cooper City Virtual Meeting: The but the if it's in the budget being purchased via the budget, they can hold on to the consideration was under we take something out acceleration we don't get a reduction.

575

01:30:54.270 --> 01:31:03.870

Cooper City Virtual Meeting: Well, this wasn't never put into consideration for this fiscal current fiscal year, which was what we're in because this came up after the fact, so that's why everything is.

576

01:31:04.200 --> 01:31:10.200

Cooper City Virtual Meeting: You know it's the way it's laid out, we can split it out and take the hose and put it over here we've not met.

577

01:31:10.920 --> 01:31:16.170

Cooper City Virtual Meeting: When you know you've been in the meetings we've been so many of these meetings and then, what do we happens, we look at Lee and he says.

578

01:31:16.560 --> 01:31:24.990

Cooper City Virtual Meeting: Where there's no trouble with natural and you're like well Lee you jarred me 50,000 this year for a one time thing and now it's gone and he you know so.

579

01:31:27.630 --> 01:31:36.210

Cooper City Virtual Meeting: i'm just don't want to pay twice and understand, and I mean we're looking at the contract and I think we divested ourselves, so the issue that Thank you again.

580

01:31:36.600 --> 01:31:43.860

Cooper City Virtual Meeting: And i'll be a nauseum so sorry, you know just thank you for just getting it to this phase so just appreciate everybody's.

581

01:31:44.310 --> 01:31:55.890

Cooper City Virtual Meeting: care and concern and and actually a questions are good ones and i'm going to ask you this, do we have any vehicles are we operating any vehicles and Cooper city, right now, any of our apparatus that are unsafe.

582

01:31:58.980 --> 01:32:07.980

Cooper City Virtual Meeting: Their age their old, are they unsafe know we do we keep them I know where you're going with it, if there's a problem we'll take care of it now.

583

01:32:08.970 --> 01:32:14.340

Cooper City Virtual Meeting: This is we're trying to be prophylactic we're trying to replace stuff before they.

584

01:32:14.970 --> 01:32:25.800

Cooper City Virtual Meeting: Were babies aged out, but if you ever trying to do the best thing for the men and women have not only fire rescue, but for the resonance of Cooper city, we are absolutely doing that's what this is all about.

585

01:32:26.700 --> 01:32:33.450

Cooper City Virtual Meeting: I only bring that up because there's a you know fire chief from be so who's telling our residents on Facebook kid.

586

01:32:34.320 --> 01:32:43.620

Cooper City Virtual Meeting: On that that we're not aware of it, one year old coming over there, you know what I mean, and so I don't want the residents to think that we're sending a truck out with with.

587

01:32:44.340 --> 01:32:51.840

Cooper City Virtual Meeting: You know, a pumper that doesn't pump water if that happens that the vehicle goes to be repaired yes placement come Oh yes, so.

588

01:32:53.010 --> 01:32:54.630

Cooper City Virtual Meeting: um you know that.

589

01:32:56.910 --> 01:33:05.550

Cooper City Virtual Meeting: I know we need this equipment I you know i've expressed to you that I want to get to the point, replacing it i'm not happy about.

590

01:33:06.270 --> 01:33:17.040

Cooper City Virtual Meeting: The fact, we have to do it for our contract, but that's water under the bridge i'm not super comfortable with these numbers and I, you know I don't like the fact.

591

01:33:18.480 --> 01:33:22.320

Cooper City Virtual Meeting: I don't appreciate the fact we we kind of got this in like January.

592

01:33:23.100 --> 01:33:30.240

Cooper City Virtual Meeting: And I but I, you know, like I said Victor comedy me took me on a show me a bunch of things I really don't know he could have been making up names on the.

593

01:33:30.690 --> 01:33:39.690

Cooper City Virtual Meeting: equipment, I would have no clue but um so you know I just kind of wish for this type of money there was a little more.

594

01:33:40.320 --> 01:33:51.060

Cooper City Virtual Meeting: involved if we weren't setting the record in the county for the most expensive equipment, I would feel a little bit better about it, but because and there might might be rightfully so the you know the.

595

01:33:52.020 --> 01:34:08.460

Cooper City Virtual Meeting: You know, whatever international might not be as good as the oh sure asha whatever I don't know where the brawn, but I do have apprehension because i'm even looking at some of this stuff and like I said it might not be comparable, but I look, and I say this is not all old you have.

596

01:34:09.810 --> 01:34:10.680

Cooper City Virtual Meeting: Open part.

597

01:34:12.360 --> 01:34:31.320

Cooper City Virtual Meeting: Three on the 12th of this January 12 ordered a 75 foot ladder not as tall as 107 foot at a point and they paid 992,010 I don't know what the size of the pump the end yeah me transmission but i'm you know it's to me it's a lot.

598

01:34:32.640 --> 01:34:36.750

Cooper City Virtual Meeting: And I know that these take a long time to order so i'm really torn I really am.

599

01:34:38.430 --> 01:34:46.650

Cooper City Virtual Meeting: Part of me wants to start the process of it, but I don't want to spend a lot of money, I almost would be comfortable maybe moving forward on.

600

01:34:48.120 --> 01:34:48.810

Cooper City Virtual Meeting: The Quint.

601

01:34:50.550 --> 01:35:04.380

Cooper City Virtual Meeting: with apprehension look i've got apprehension as well, but the other ones, because one only finishes because the other things don't take as long to acquire and you guys do have more of them if there is an issue, so you have more engines and you have quince.

602

01:35:06.330 --> 01:35:20.640

Cooper City Virtual Meeting: Does that seem somewhat reasonable the lag time on production because they all get put they all get slotted for production production cycle right now we're looking at 22 months 2222 months.

603

01:35:25.350 --> 01:35:36.930

Cooper City Virtual Meeting: 16 to 17 months on the engine 18 to 19 months and 1616 months on a rescue, but how many engines, do you have in your shirt and service and you i'm in via some.

604

01:35:38.220 --> 01:35:44.040

Cooper City Virtual Meeting: 25 and rescues probably 50 so you know I think a lot less you have a lot less.

605

01:35:44.910 --> 01:35:57.420

Cooper City Virtual Meeting: You have a lot less points and I know, yes, yes, yes, yes, you have no none left, besides the one you get you were going to kind of give me what you never gave me but we don't have it in writing so aside from that there's really there's you know so.

606

01:35:58.440 --> 01:36:10.830

Cooper City Virtual Meeting: Yes, so, if you look at what we have more of engines and rescues, then we have an aerial devices, yes, absolutely true so i'm trying to find a middle ground for comfort until i'm quite there I don't know what.

607

01:36:12.540 --> 01:36:21.570

Cooper City Virtual Meeting: Let me just express a concern you know the tenor of this hour long conversation it comes back to well forget about the procurement for now process but.

608

01:36:22.530 --> 01:36:27.840

Cooper City Virtual Meeting: When you need is consistency of your fleet throughout the county that's the message i'm getting loud and clear.

609

01:36:28.440 --> 01:36:42.240

Cooper City Virtual Meeting: The problem is, you have what 13 contracts cities, how many contracts cities are there for fire now seven homes only 34 police, fire okay 75 it's I call it, I call it the greatest common denominator issue.

610

01:36:44.250 --> 01:36:53.160

Cooper City Virtual Meeting: You know the equipment that that you're that you quoted us that that that was a 10 one or wherever that it was quoted us.

611

01:36:54.390 --> 01:36:55.560

Cooper City Virtual Meeting: it's to accommodate.

612

01:36:58.050 --> 01:37:05.640

Cooper City Virtual Meeting: The greatest common denominator within the county, which would include somebody that has waterways that has an airport that has industrial that has large condos.

613

01:37:06.030 --> 01:37:12.810

Cooper City Virtual Meeting: there's a railway system coming through we don't have any of that here in culver city or very little of it and Cooper city, and we are.

614

01:37:13.230 --> 01:37:29.580

Cooper City Virtual Meeting: We are basically getting getting piggybacked along with the needs of the municipalities that have the greatest needs in the name of consistency of equipment through the throughout the county and it's it's it's it's a it's a concern of mine.

615

01:37:31.290 --> 01:37:44.130

Cooper City Virtual Meeting: On specialized units that you talked about the industrial bumpers actually we're in the process of doing the design build for the for that and Victor what's that going to be.

616

01:37:45.300 --> 01:37:53.070

Cooper City Virtual Meeting: 1.5 million yeah but that's Okay, no I just I just want to address and the airport's a little different so what we're doing.

617

01:37:53.790 --> 01:37:57.720

Cooper City Virtual Meeting: Is what we're trying to do is what we're trying to do a force majeure and be able to bring.

618

01:37:58.650 --> 01:38:07.260

Cooper City Virtual Meeting: The in what's the most consistency in operations and as best as very nebulous as it sounds, but it really is.

619

01:38:07.560 --> 01:38:13.230

Cooper City Virtual Meeting: Truly what we're trying to do is a consistency, this one is 1500 gallons per minute, this one is 1500 gallons per minute.

620

01:38:13.530 --> 01:38:22.650

Cooper City Virtual Meeting: We can pump together and with with friction loss and put the driver engineers know exactly how much water, based on the BT us, we can put the fire out she.

621

01:38:23.310 --> 01:38:38.130

Cooper City Virtual Meeting: was about 1500 gallons a minute is every option, where we could equipped, we can equip the pierce with a an option that gives us 2000 gallons a minute or 3500 gallons per minute if you know it's an option that can be put on any any field goal, regardless of the manufacturer.

622

01:38:39.600 --> 01:38:42.030

Cooper City Virtual Meeting: Not yes correct okay that's all right that's my question okay.

623

01:38:43.080 --> 01:38:47.280

Cooper City Virtual Meeting: But there will be a build up because the pump is bigger, so the truck will be actually bigger and.

624

01:38:48.630 --> 01:38:51.570

Cooper City Virtual Meeting: I respect would be so fire trying to do.

625

01:38:52.680 --> 01:38:56.790

Cooper City Virtual Meeting: And I understand the mission of fire you guys are trying to be uniform.

626

01:38:57.870 --> 01:39:01.290

Cooper City Virtual Meeting: I have always said, my concern is that that.

627

01:39:02.490 --> 01:39:15.270

Cooper City Virtual Meeting: goal is not at the disproportionate cost of us as a city and you come here wearing a hat of the fire chief of the entire broward county and I don't have you know.

628

01:39:16.980 --> 01:39:29.430

Cooper City Virtual Meeting: The ability to wear that you know or or you know that's not my focus it's not what i've been put up here to do it's it's to look after this small segment and, of course, our residents decide for me.

629

01:39:30.150 --> 01:39:35.220

Cooper City Virtual Meeting: don't all stay in Cooper city all day long you know, most of them traverse throughout the county.

630

01:39:36.360 --> 01:39:47.940

Cooper City Virtual Meeting: i'm going to say this just because I have you and the mayor here, I really wish the two of you guys would be getting the proper entity, the broward county Commission to do what our neighbors to the south and north have done.

631

01:39:48.540 --> 01:39:58.230

Cooper City Virtual Meeting: and have true regionalisation, so I admire the fact that you guys are going towards that as much as you can but with your hands tied behind your back because you don't have.

632

01:39:58.500 --> 01:40:09.150

Cooper City Virtual Meeting: A uniform taxing district you don't these things aren't you know plotted out if you look at your city when we first went with be a so we had a better coverage area with Southwest ranch's.

633

01:40:09.720 --> 01:40:23.460

Cooper City Virtual Meeting: With more resources, right here, and through whatever reason, now, you know if you look at the map that's kind of disappeared we're now in the middle isolated so when commissionable genie says be so has all these extra.

634

01:40:23.850 --> 01:40:36.420

Cooper City Virtual Meeting: You know, firefighters, first, the reality is fires all about time and responding from bonaventure or Dania or how on the beach is not advantageous for us.

635

01:40:37.590 --> 01:40:40.800

Cooper City Virtual Meeting: So I wish we weren't in this position, I wish you were.

636

01:40:41.940 --> 01:40:54.300

Cooper City Virtual Meeting: Miami dade or palm beach county and you had everything all the you know we're able to have the tech industry, but unfortunately we are, and so we have to balance our needs versus your guys mission.

637

01:40:55.410 --> 01:41:00.030

Cooper City Virtual Meeting: And I will probably say I will join you in any attempt for the regionalisation.

638

01:41:01.080 --> 01:41:18.420

Cooper City Virtual Meeting: Once you started the mirror mirror Ross I hear the comments that just that you and both from Commissioner router and yourself very, very valid points in terms of reason regionalisation, but the reality is that's not going to be happening anytime soon.

639

01:41:19.830 --> 01:41:30.120

Cooper City Virtual Meeting: it's not going to happen tonight and the likelihood of that happening within the next two years or three years, I mean, I hope that you know, one would hope and that you're optimistic, but.

640

01:41:31.320 --> 01:41:36.240

Cooper City Virtual Meeting: I don't know if that's going to happen, and I think we, we have a responsibility to the residents.

641

01:41:37.620 --> 01:41:46.620

Cooper City Virtual Meeting: To deal with what is, in our lap right, we know that we have to replace this equipment.

642

01:41:48.450 --> 01:41:58.260

Cooper City Virtual Meeting: We there's been not necessarily tonight, but I know that we've had previous conversations with regards to automatic aid i've heard it.

643

01:41:59.190 --> 01:42:10.920

Cooper City Virtual Meeting: On this Commission with regards to hey, we need to have automatic a, we need to, we need to make sure that we have that opportunity that responsibility or that automatic aid agreement with our neighbors around us.

644

01:42:13.140 --> 01:42:19.110

Cooper City Virtual Meeting: So that if we're out, they can come in and and support our residents and.

645

01:42:20.550 --> 01:42:31.020

Cooper City Virtual Meeting: All of that makes sense, and I agree with that right, I see, I understand, in terms of coming back to what Commissioner puccini said earlier.

646

01:42:31.530 --> 01:42:44.430

Cooper City Virtual Meeting: With the uniformity, I understand I get that hey look at it, I would have liked, if you all had three bids, but that's not where we're at tonight I do know that.

647

01:42:46.560 --> 01:43:00.930

Cooper City Virtual Meeting: hypothetically if this if this Commission if we if we say that okay well we're gonna we're going to put the pause on and we're going to start this process and we're gonna we're going to do that, you know the there's a good chance.

648

01:43:02.310 --> 01:43:09.270

Cooper City Virtual Meeting: that what we are the price is probably going to increase there's a good chance and I don't know the future.

649

01:43:10.950 --> 01:43:25.590

Cooper City Virtual Meeting: I don't know what it what it's going to be, but I think at the end of the day, we have to the decision i'm keeping him keep i'm trying to keep in mind our residents, I know that this equipment.

650

01:43:26.610 --> 01:43:31.020

Cooper City Virtual Meeting: it's 17 years old, is 15 years old, seven years old, whatever the case may be.

651

01:43:32.640 --> 01:43:38.910

Cooper City Virtual Meeting: I get it's all I know that we have an obligation or responsibility.

652

01:43:41.190 --> 01:43:42.570

Cooper City Virtual Meeting: To do something about it.

653

01:43:44.490 --> 01:43:46.290

Cooper City Virtual Meeting: These funds are available.

654

01:43:47.970 --> 01:43:48.360

it's.

655

01:43:49.980 --> 01:43:53.700

Cooper City Virtual Meeting: While these are not I hear the points with regards to.

656

01:43:55.110 --> 01:44:00.300

Cooper City Virtual Meeting: The things, maybe the itemized things that are on these on these on these trucks.

657

01:44:02.130 --> 01:44:02.790

Cooper City Virtual Meeting: What.

658

01:44:05.940 --> 01:44:10.290

Cooper City Virtual Meeting: This is going to be a that whatever we decide as a as a body.

659

01:44:11.610 --> 01:44:13.710

Cooper City Virtual Meeting: The cost it's going to cost us.

660

01:44:17.190 --> 01:44:20.820

Cooper City Virtual Meeting: we're gonna it's gonna pay is going to be pay now or.

661

01:44:21.930 --> 01:44:30.600

Cooper City Virtual Meeting: Pay later, but at the end of the day, as a city we're going to we are left with the responsibility of ensuring that.

662

01:44:32.370 --> 01:44:43.410

Cooper City Virtual Meeting: The men and women to be so that are here in the city and we're going to transfer into the city and our residents, we have to make sure that we're looking at this long term and saying okay.

663

01:44:44.430 --> 01:44:46.320

Cooper City Virtual Meeting: It is what it is, at the end of the day.

664

01:44:48.480 --> 01:44:58.140

Cooper City Virtual Meeting: However, if we put the tracks on hey We understand that there's a chance there's a possibility that we're going to pay more.

665

01:44:59.160 --> 01:45:02.520

Cooper City Virtual Meeting: than what we were intending to pay if we.

666

01:45:03.600 --> 01:45:11.400

Cooper City Virtual Meeting: Whatever decision if we decide to wait, as a Commission, so that's that I just wanted to make sure that I put that out there.

667

01:45:12.240 --> 01:45:25.650

Cooper City Virtual Meeting: Just for us just for thought that's going to green the thought is what i'm hearing is the fear factor, the bully factor, I am not weak to fall prey to that argument I am.

668

01:45:26.520 --> 01:45:35.070

Cooper City Virtual Meeting: Looking at bso saying y'all knew how many years ago that this equipment, according to this chief and I forget chief Eric what is it again.

669

01:45:37.980 --> 01:45:38.910

Cooper City Virtual Meeting: In burrows and dark.

670

01:45:40.500 --> 01:45:41.730

Cooper City Virtual Meeting: Do you mind if I call you chief Eric.

671

01:45:45.960 --> 01:45:56.490

Cooper City Virtual Meeting: Be us E n BA rr ic K comments phone who's in barrick okay cheap food and bear indicated.

672

01:45:59.340 --> 01:46:03.210

Cooper City Virtual Meeting: And, and let me and you answered it, but I need to ask it a different way.

673

01:46:04.620 --> 01:46:08.970

Cooper City Virtual Meeting: I asked about the life expectancy, or the life of.

674

01:46:09.990 --> 01:46:21.210

Cooper City Virtual Meeting: The rescue your answer, if I recall correctly, was well we're at be so and we do know that wasn't a good question, so let me ask the proper question.

675

01:46:22.590 --> 01:46:30.750

Cooper City Virtual Meeting: According to the national fire standards, how long is active for rescue.

676

01:46:32.430 --> 01:46:42.930

Cooper City Virtual Meeting: So just a point of clarification okay well you're you're using something that is not has nothing to do with the rescues the standard for rescues is triple okay.

677

01:46:43.560 --> 01:46:51.000

Cooper City Virtual Meeting: um what is triple K require and where, can I find that so we actually looked through the documentation today.

678

01:46:51.990 --> 01:47:04.380

Cooper City Virtual Meeting: We cannot clearly identify a specific number we're still researching that um but, again, the standard that not only be so, but normal industry standard.

679

01:47:05.310 --> 01:47:15.360

Cooper City Virtual Meeting: Is five point as a man asking for the national fire not and or DEMO me that doesn't apply it's KKK show me wearing KKK says five and two.

680

01:47:15.750 --> 01:47:25.410

Cooper City Virtual Meeting: And I did not have that tonight we are researching that and we provide that as soon as we find it if we do so again be so knows that two years ago.

681

01:47:25.980 --> 01:47:40.410

Cooper City Virtual Meeting: We were outdated 15 years did they come forward and tell us hey let's do some research and be prepared for a night like tonight, no well i'm hearing is we got to come back it's the same thing I hear from flux gotta come back gotta come back don't have answers don't know.

682

01:47:41.640 --> 01:47:55.410

Cooper City Virtual Meeting: But because in here Commission Green thing spending the money you got it no that's not how we do things up here just because we have the money doesn't mean we have to spend it and I won't flush it down the toilet.

683

01:47:56.790 --> 01:48:05.520

Cooper City Virtual Meeting: I will do the right thing by the residents, once again, not what not what be so once.

684

01:48:06.600 --> 01:48:16.650

Cooper City Virtual Meeting: But what Cooper city needs if I even heard you say what bso wants for Cooper city, but I haven't and then i'm perplexed.

685

01:48:17.520 --> 01:48:29.700

Cooper City Virtual Meeting: Because you turn around and say you got two months ago from chief bishops specs and yet the committee met three and a half years ago, so how did they know what specs chief.

686

01:48:31.650 --> 01:48:36.540

Cooper City Virtual Meeting: Bishop gave you how did they put it together, I guess, they didn't.

687

01:48:39.480 --> 01:48:40.380

Cooper City Virtual Meeting: please enlighten me.

688

01:48:44.160 --> 01:49:02.490

Cooper City Virtual Meeting: So, again we haven't since the three and a half years ago, when that committee met, we have not changed the engine and the areas that we talk to our cities, about and say, this is the recommendation, again, I heard difference of Holland, a diverse group or city.

689

01:49:04.050 --> 01:49:17.700

Cooper City Virtual Meeting: The apparatus is before you are applicable to both of those cities, based on what you have again something that also goes into the apparatus needs of the city Cooper city is ISO.

690

01:49:19.440 --> 01:49:21.180

Cooper City Virtual Meeting: We took that into consideration.

691

01:49:22.290 --> 01:49:30.990

Cooper City Virtual Meeting: You are in order to keep that standard that you have you're required to have X amount of engines aerials based on where they are the location.

692

01:49:31.590 --> 01:49:41.820

Cooper City Virtual Meeting: What type of high rises, you have mid rises, you have, but you don't even know that, and you here telling us by this, and yet you don't know the answers.

693

01:49:42.450 --> 01:49:58.110

Cooper City Virtual Meeting: that's what i'm not getting what would you have to prepare not prepared not prepared, I disagree you're actually a to a rating I have highlights from your last ISO evaluation to where I can tell you that.

694

01:49:59.760 --> 01:50:06.930

Cooper City Virtual Meeting: On the credits that you got for engine companies you got four out of six credit for reserve pumper you got 02 Point five.

695

01:50:08.160 --> 01:50:11.670

Cooper City Virtual Meeting: Credit for ladder service you got 1.64 out of four.

696

01:50:12.690 --> 01:50:16.440

Cooper City Virtual Meeting: So, if you would decide not to go with the same Quint.

697

01:50:17.910 --> 01:50:34.140

Cooper City Virtual Meeting: I would say that you are probably going when they re evaluate you, you are going to probably lose additional points, I can tell you that Cooper city actually ended up getting at one point 42 overall only guys ISO rating and I can tell you that.

698

01:50:35.310 --> 01:50:38.220

Cooper City Virtual Meeting: One second and that's out of 100 is.

699

01:50:40.110 --> 01:50:49.350

Cooper City Virtual Meeting: Well there's different ranges for the different classes easy just gave me a number of at one point and that's what the city of Cooper city scored in order to get there two.

700

01:50:49.860 --> 01:51:05.160

Cooper City Virtual Meeting: Out of 100 is it, but I so it's not really like an actor, because the category we're in we're not anywhere near being ISO one and No category we're in we have so much you know it's not like it's going to change unless we went all in here I disagree.

701

01:51:05.910 --> 01:51:15.210

Cooper City Virtual Meeting: Because the Class three, which is below is between 70 to 79 point 99 you're an 81.

702

01:51:16.170 --> 01:51:25.800

Cooper City Virtual Meeting: What did I say 4.2 again, I will be I was reading that was written on a per contract via seven that really that should maybe we should have breach of contract with the back for filing.

703

01:51:26.280 --> 01:51:34.470

Cooper City Virtual Meeting: I mean you know that wasn't done in the last 18 months right, no, this was the last is evaluation yeah and that was why be so.

704

01:51:36.150 --> 01:51:44.820

Cooper City Virtual Meeting: I respectfully we just informed I didn't come prepared well I tried to pair prepare as much as I possibly could.

705

01:51:45.390 --> 01:51:52.620

Cooper City Virtual Meeting: Without sitting in meetings and knowing what Commission may ask, but I bring up the ISO because.

706

01:51:53.280 --> 01:52:07.500

Cooper City Virtual Meeting: Again, that is a consideration for all of our cities of where they are at in their ISO rating, are they a one does the city wish to maintain one or the three do they mind if they slip up and down.

707

01:52:08.370 --> 01:52:15.780

Cooper City Virtual Meeting: If they don't and they want to get a different piece of apparatus if they don't want to do what is our requirements are that's a different story.

708

01:52:16.320 --> 01:52:28.680

Cooper City Virtual Meeting: We assume that the city of Cooper city, would like to maintain their class to that's why I brought it up tonight to say any major modifications of apparatus will have an effect on the next ISO rating.

709

01:52:31.170 --> 01:52:39.240

Cooper City Virtual Meeting: Current fair enough, but again I just need to find out you giving numbers 7981 is that out of 100.

710

01:52:40.710 --> 01:52:46.830

Cooper City Virtual Meeting: Yes, you could get a score of 100 but again class one has a range class to has a range.

711

01:52:48.540 --> 01:52:49.890

Cooper City Virtual Meeting: that's what I just read, sir.

712

01:52:51.420 --> 01:52:53.550

Cooper City Virtual Meeting: here's what i'd like to do like to.

713

01:52:55.140 --> 01:53:02.700

Cooper City Virtual Meeting: put this in the form emotion minutes if we have a pending motion okay so Okay, let me just let me, let me just Okay, my thoughts.

714

01:53:04.200 --> 01:53:15.900

Cooper City Virtual Meeting: i'm looking at the quote here for tears quote on the on the ladder based philosophy hundred and seven feet updated material surcharge a net price of \$1,004,000.

715

01:53:17.040 --> 01:53:25.920

Cooper City Virtual Meeting: that's for the base truck without the 13 pages of options are going to put on it, is that they just want to make sure i'm being accurate hear what i'm saying.

716

01:53:28.140 --> 01:53:31.530

Cooper City Virtual Meeting: Well, what I have been for me as your backup agenda okay.

717

01:53:32.580 --> 01:53:44.370

Cooper City Virtual Meeting: i'm assuming victor's the experts, but which one you're looking at areas \$1.3 million that's not what i'm asking evasion without without all the add ons the the base for the it says the very first item.

718

01:53:44.760 --> 01:53:58.980

Cooper City Virtual Meeting: Option number 0766640 the first line of the code base velocity hundred and seven feet updated material surcharge admit broward net cost 9% discount 1,000,400 million \$4,297 and 58 cents.

719

01:53:59.730 --> 01:54:12.090

Cooper City Virtual Meeting: that's for the base vehicle strip down okay Joe what I would suggest we do is get on the phone with peers with with with anyone Horton whoever else there is.

720

01:54:12.990 --> 01:54:23.700

Cooper City Virtual Meeting: And let's angle up that that's that's probably 75% of the cost of the furnished vehicle with all of the options so it's a great place to start and let's see what the other manufacturers.

721

01:54:24.930 --> 01:54:34.110

Cooper City Virtual Meeting: You know what what they're looking at price wise for similar I want apples to apples to apples and I believe we should do that with all three vehicles.

722

01:54:34.980 --> 01:54:52.620

Cooper City Virtual Meeting: i'm not sure I understand, Commissioner, you want us to do to take the base price and then just take the base the base vehicle stripped down vehicle 10 ladder and go to go to a couple of other different manufacturers, I mean I don't know I think what we need to do.

723

01:54:54.420 --> 01:55:05.520

Cooper City Virtual Meeting: we've gone to who are service providers, they provided their expert opinion on what they think we should do and they provided the contract that we can use from them to purchase it to a person okay I just agree.

724

01:55:06.060 --> 01:55:12.270

Cooper City Virtual Meeting: I mean I, with all due respect, you guys, you know which you provided us is very clear and concise and comprehensive but.

725

01:55:13.380 --> 01:55:19.590

Cooper City Virtual Meeting: i'm not i'm not comfortable spending this kind of mine, I understand that, but i'm just reviewing the process are we are right now so.

726

01:55:19.950 --> 01:55:35.340

Cooper City Virtual Meeting: What we've done is we've gotten from our service provider their expert opinion and what it would cost, based on what they think we need based on the specifications that they've they've got I have a word that Joe i'm sorry but I have to interrupt you and I don't do that.

727

01:55:36.720 --> 01:55:49.170

Cooper City Virtual Meeting: But with the greatest respect, they have not said to us that they have given us what Cooper city needs, but what they've clearly said is we're giving you what every other tammy.

728

01:55:49.620 --> 01:55:59.070

Cooper City Virtual Meeting: Every other city should have what we want you to have what we want, I have not heard well if I could just clarify and please allow me to finish, and then.

729

01:55:59.700 --> 01:56:02.820

Cooper City Virtual Meeting: Because i'm not ever not going to be able to get to what i'm trying to recommend.

730

01:56:03.660 --> 01:56:10.650

Cooper City Virtual Meeting: If I could clarify what they've done is they have they have and i'm just i'm not defending i'm just saying what their process is to make it clear.

731

01:56:11.040 --> 01:56:17.490

Cooper City Virtual Meeting: they've had a committee that recommended what a pumper should be what a ladder should be and what a rescue should be.

732

01:56:18.120 --> 01:56:28.470

Cooper City Virtual Meeting: Now they aren't making those specific they they looked at the needs of Cooper city what they just explained and said, we need a ladder, we need a pumper and we need a.

733

01:56:29.160 --> 01:56:33.750

Cooper City Virtual Meeting: rescue and these are the ones we've spect out, so this is what we're recommending for you.

734

01:56:34.200 --> 01:56:50.640

Cooper City Virtual Meeting: They don't go to each city and say you need this pump or uni this pumper you need it and they're all different they're that's just there they've already spect out and then so so, but let me so i'm just explaining their process, so what this is the information that we have right now.

735

01:56:52.200 --> 01:56:52.800

Cooper City Virtual Meeting: Commissioner.

736

01:56:53.880 --> 01:57:05.730

Cooper City Virtual Meeting: We don't have the expertise, when I say we we don't have the expertise to call and determine you know what exactly we need to each manufacturer, so what I would recommend we do is, we can.

737

01:57:06.750 --> 01:57:13.980

Cooper City Virtual Meeting: Bring on an expert to help us, because we don't have the expert i'm not a fire engine expert horses in a fire engine expert.

738

01:57:14.400 --> 01:57:23.460

Cooper City Virtual Meeting: We don't we've gotten csos perspective, but if we're going to get the perspective from other manufacturers, then we're going to need an expert to help us sort through all that information.

739

01:57:24.060 --> 01:57:34.980

Cooper City Virtual Meeting: And the same thing we need to do is though we've we've surveyed these other cities, we really need to dig into exactly you know how they prefer to what they brokered what other additional cost there they're getting.

740

01:57:35.460 --> 01:57:45.000

Cooper City Virtual Meeting: And that's a whole process in itself and then trying to determine that we also need expertise to do that, so we can go through that process but we're going to need.

741

01:57:45.600 --> 01:57:53.670

Cooper City Virtual Meeting: A system expert expertise to assist us in doing that, so I understand what you're saying, Commissioner, if.

742

01:57:54.150 --> 01:58:04.680

Cooper City Virtual Meeting: i'm just saying if we're going to do that we're going to need the extra understood understood, let me give you example, let me just say one thing that doesn't it seem doesn't seem like an outlier.

743

01:58:05.880 --> 01:58:18.090

Cooper City Virtual Meeting: That that the prices that were being quoted here as as compared to what Horace endeavor to you the data is collected about 25% higher yeah I think I think thousand dollars, I think.

744

01:58:19.290 --> 01:58:26.670

Cooper City Virtual Meeting: When we're talking about the variables, a lot of dough, but when we're talking about the engine and we're talking about the rescue we only have three.

745

01:58:27.030 --> 01:58:35.640

Cooper City Virtual Meeting: Three examples for the for the aerial that's us that's data which is pretty close to us, but then, for whatever reason sunrise only paid 900.

746

01:58:36.180 --> 01:58:41.220

Cooper City Virtual Meeting: Something thousand for their area, which you know which brought it down the average of the three significantly.

747

01:58:41.550 --> 01:58:51.180

Cooper City Virtual Meeting: i'm not sure what the details are with with sunrise and way with look even if the difference was only half that hundred thousand dollars in March was happening in the beginning, I think it's worth this exercise.

748

01:58:52.050 --> 01:58:59.730

Cooper City Virtual Meeting: In parks was bought this month yeah and the one in but I don't want you know they completely what they have and the one in.

749

01:59:00.570 --> 01:59:04.860

Cooper City Virtual Meeting: The one i'm told in margate was just ordered like in the last couple of weeks.

750

01:59:05.790 --> 01:59:22.200

Cooper City Virtual Meeting: And it's um you know the the bumper and it's 640 6000 compared to our 916 let me, let me ask the victor knows the answer this the base, according to this quote base velocity 107 is 101,000 \$3.

751

01:59:23.130 --> 01:59:40.800

Cooper City Virtual Meeting: With the discount it comes out to 100,000,001.1 million with this guy comes up to \$1 million right right, and when I go on the Florida sheriff's COMP contract pierce velocity 107.

752

01:59:42.090 --> 01:59:48.600

Cooper City Virtual Meeting: Foot is 942 and I guess if I want to discount involved oh.

753

01:59:49.080 --> 02:00:02.160

Cooper City Virtual Meeting: yeah the 6% right so there's that so 942 lists 6% that's another 50 \$54,000 so you know all of us on your data 850 and if I go if I look at not steal I don't know which one, this one is steel or not.

754

02:00:03.030 --> 02:00:15.150

Cooper City Virtual Meeting: Well, I guess, so you don't see an aluminum hundred and I guess it is still right because I don't see an aluminum wall one at that price so that that alone is.

755

02:00:15.930 --> 02:00:24.660

Cooper City Virtual Meeting: A huge difference, so I don't understand the base, maybe because it says updated material surcharge I don't know what that means, when you when you buy more shares.

756

02:00:25.380 --> 02:00:30.420

Cooper City Virtual Meeting: Before shares, because you haven't faced truck so it's like buying a car, without air conditioning.

757

02:00:30.990 --> 02:00:40.560

Cooper City Virtual Meeting: So you have to add the air condition, then you have to have the power windows and you have that, so this is what you see the line sheet currently in front of you, so the base truck is 141 million for.

758

02:00:41.820 --> 02:00:54.450

Cooper City Virtual Meeting: shares bit and might be 90 719 2942 and 42 so there might be options in that truck and we have not included that truck and Joe that's why I suggested doing it.

759

02:00:54.840 --> 02:01:03.360

Cooper City Virtual Meeting: Look just looking at the top, the top line there is it's a stripped down version, the wind give crank windows you don't have air conditioning, you know it's there's no wheels on it whatever.

760

02:01:03.690 --> 02:01:11.730

Cooper City Virtual Meeting: And that's, the only way to really compare apples to apples here, and then you know the the options are probably 25% of the total cost of vehicle and then you work out, you know.

761

02:01:11.970 --> 02:01:21.180

Cooper City Virtual Meeting: And then that's where the experts, but as far as just dollars and cents like I really let me ask this question to are we able to place an order.

762

02:01:22.200 --> 02:01:29.550

Cooper City Virtual Meeting: for a walk in the price for the base and say, well, what I will get back to you on the on the options, I mean maybe you guys would know you.

763

02:01:31.890 --> 02:01:35.220

Cooper City Virtual Meeting: Are achieve for shopping, you know based later I don't know.

764

02:01:36.330 --> 02:01:38.130

Cooper City Virtual Meeting: Because that's what I mean we know.

765

02:01:41.010 --> 02:01:46.860

Cooper City Virtual Meeting: don't know Sir just for clarification, so I know you guys are throwing different figures out different different prices of vehicles.

766

02:01:47.400 --> 02:01:53.040

Cooper City Virtual Meeting: But there are some places they called prepaid prepayment credits, they give you so another you pay the truck up front.

767

02:01:53.400 --> 02:02:03.210

Cooper City Virtual Meeting: I mean it's 15 days after you issue the purchase order you get a substantial credit so when you look at those numbers that they're giving you, you have to calculate those numbers into our fingers because we're not taking advantage of that.

768

02:02:05.040 --> 02:02:10.920

Cooper City Virtual Meeting: And we're not that which is that substantial credit and you're talking about which was like \$42,000.

769

02:02:13.170 --> 02:02:22.560

Cooper City Virtual Meeting: which we would have known that I mean I don't see that in the backup I don't see anything in the back on the call you know what I don't see the backup I don't even see what you said that Bishop did was.

770

02:02:22.920 --> 02:02:34.020

Cooper City Virtual Meeting: Provide specs where's his backup where's the specs well, I was that provided, I would say this, I want to say it, I would say this chief wholeness said wait a minute, I want to say i'm helping them out okay.

771

02:02:35.040 --> 02:02:54.150

Cooper City Virtual Meeting: Chief homeless said something about the fact that we're here today is huge huge steps and I, I believe that, and you know, I believe, we do need to buy new equipment i'm not 100% comfortable with with these numbers and.

772

02:02:56.010 --> 02:03:05.250

Cooper City Virtual Meeting: that's where i'm at you know I know we might end up taking a hit on on the increase, the 8% if we have to put the numbers are too far for me.

773

02:03:06.600 --> 02:03:07.170

Cooper City Virtual Meeting: So, Commissioner.

774

02:03:08.820 --> 02:03:25.950

Cooper City Virtual Meeting: May interject real quick Commission shorter I hear your point, I see the see the point but i'm also here in the city manager, when you say it, so if this Commission decides that we're going to we want to put the brakes on this particular item.

775

02:03:26.970 --> 02:03:33.720

Cooper City Virtual Meeting: Our city manager has said we're going to have to bring in experts, because he is not that.

776

02:03:34.800 --> 02:03:46.830

Cooper City Virtual Meeting: So we're going to have two gentlemen, I want you to think about this we're going to have to put if we're going to bring out experts expert firm or whatever we bring in guess what that's going to have to go out to bid.

777

02:03:48.420 --> 02:04:03.660

Cooper City Virtual Meeting: People are going to we're going to have to a group somebody is going to have to put together a bid proposal and, and please correct me if i'm wrong because I just I want you to hear my thought process we're going to have to put together a committee.

778

02:04:05.040 --> 02:04:07.080

Cooper City Virtual Meeting: who are going to who's going to determine.

779

02:04:08.100 --> 02:04:25.020

Cooper City Virtual Meeting: The criteria for firefighter X experts firefighter apparatus equipment, etc, etc we're going to have to put that that group together Oh, by the way, that's that's going to cost the that's going to cost the residents money.

780

02:04:26.100 --> 02:04:31.950

Cooper City Virtual Meeting: It may save them money we don't that's good mayor Ross I respectfully disagree, at the end of the day, it's going to.

781

02:04:33.390 --> 02:04:40.980

Cooper City Virtual Meeting: spend 20,000 and save 200 so but you're you're basing it on that you know that it's going to be just 20,000 we don't know.

782

02:04:41.310 --> 02:04:49.500

Cooper City Virtual Meeting: We don't know what that we don't know what that number I don't know if it's going to save or not you're absolutely right, but what we do know it's going to take a considerable amount.

783

02:04:49.920 --> 02:05:00.750

Cooper City Virtual Meeting: Of more time to do that, yes, and so that's how you do it, I understand what you're saying concert but it's going to take more time to do that and as and.

784

02:05:02.190 --> 02:05:07.410

Cooper City Virtual Meeting: As we wait and as we go through the entire process.

785

02:05:08.430 --> 02:05:22.830

Cooper City Virtual Meeting: Just like you said that it just made cost \$20,000 for this right during a lapse of time, it may cost us more when we finally get that expert information from an independent agency.

786

02:05:23.280 --> 02:05:28.380

Cooper City Virtual Meeting: That says okay here is what the needs of Cooper city are.

787

02:05:28.860 --> 02:05:37.770

Cooper City Virtual Meeting: And so here are the specs that we're going to end in, and we are, as the experts we're going to if you provide within the scope.

788

02:05:38.100 --> 02:05:53.790

Cooper City Virtual Meeting: Of what we're asking you to do what we're asking them to do if you now want us to make sure that we go out and find the manufacturers who can compete who are going to bid on whatever it is that we're putting out we're talking.

789

02:05:54.930 --> 02:05:57.990

Cooper City Virtual Meeting: Months from here, from now i'm.

790

02:05:59.460 --> 02:06:05.370

Cooper City Virtual Meeting: i'm just guessing right it what we what we are contemplating doing.

791

02:06:06.390 --> 02:06:23.370

Cooper City Virtual Meeting: it's going to be four to six months and i'm thinking that's conservatively speaking now once we do that now we're pushing back further the the fact that we still have to we're still at the end of the day, we're still going to have to purchase equipment.

792

02:06:24.660 --> 02:06:27.180

Cooper City Virtual Meeting: Gentlemen, it may cost us more.

793

02:06:28.230 --> 02:06:38.250

Cooper City Virtual Meeting: And maybe maybe it will cost us less, but if there's a there's a chance that it may cost us more and I, and I, and I want to bring to your attention, several years ago.

794

02:06:39.270 --> 02:06:52.710

Cooper City Virtual Meeting: This not on the same scale, not on the same level, but it's I think it's a valid point when we when we went out when a when a proposal came in for asphalt.

795

02:06:53.580 --> 02:07:03.210

Cooper City Virtual Meeting: What the Commission decided at the time was hey you know what we need to hold on, we need to stay the course we need to pull it back, we need to put the bid out right.

796

02:07:03.750 --> 02:07:15.690

Cooper City Virtual Meeting: And they were the Commission was absolutely absolutely correct and doing so, but in doing so, it costs the city, it costs the residents more money great Commission Green room, I will not wait.

797

02:07:16.230 --> 02:07:35.370

Cooper City Virtual Meeting: No, no, no hold on which are green i'm with you on this, but bad example because we saved money and as well as money, so no grow we ended up saving money and asphalt at all we saved the money ended up saving money piggybacked on a cheaper contract, so we save money, but but.

798

02:07:36.570 --> 02:07:47.100

Cooper City Virtual Meeting: Can we compromise can we compromise and maybe by two of them now, this isn't this isn't this isn't a situation where hey i'm ready to be.

799

02:07:48.090 --> 02:07:55.500

Cooper City Virtual Meeting: I don't think we're not going to be pressured into making the decision tonight, without without all the information at at my disposal at our disposal.

800

02:07:56.190 --> 02:08:06.060

Cooper City Virtual Meeting: As we're talking about we're talking about residents money here, I would agree to start on the Quint, but the problem I have is I need the answer to the pyramid question right, I need answered all my questions yeah.

801

02:08:06.780 --> 02:08:19.890

Cooper City Virtual Meeting: So this is we've been going through this for a long time, I would I would watch compromising and starting with the client, but I need the procurement question answered and I need the contract that we're voting on.

802

02:08:20.970 --> 02:08:25.140

Cooper City Virtual Meeting: I believe procurement wise, the Commission can.

803

02:08:26.310 --> 02:08:30.390

Cooper City Virtual Meeting: override it oh you found that rule, I believe it yeah and your client on your.

804

02:08:32.490 --> 02:08:39.300

Cooper City Virtual Meeting: Your law degree now do we have to what we're voting on here do we have men this because it's still, it would have to be the wrong name on it.

805

02:08:40.470 --> 02:08:46.050

Cooper City Virtual Meeting: Now, how do you how do you handle the invoice which won the bid it says it says if they're going to paint this with the name broward sheriff's on it.

806

02:08:46.980 --> 02:08:54.930

Cooper City Virtual Meeting: will also says he paid for all the maintenance, I have a question, what about our friends at test and data and blend our internal auditors.

807

02:08:55.470 --> 02:09:00.780

Cooper City Virtual Meeting: Is this something that they can potentially endeavor I mean they must have they must have relationships with.

808

02:09:01.560 --> 02:09:11.730

Cooper City Virtual Meeting: With public public safety experts with all of their with all of their work that they do you know in their internal auditing functions, I wonder if it's something that they could take a look at.

809

02:09:12.330 --> 02:09:18.660

Cooper City Virtual Meeting: But take take a look at well as far as as far as as far as other options as far as you know.

810

02:09:19.440 --> 02:09:28.770

Cooper City Virtual Meeting: you're talking about hiring an expert, but they may have those experts at their disposal already yeah I would I would not think they do, Commissioner, but we can certainly check.

811

02:09:29.760 --> 02:09:38.400

Cooper City Virtual Meeting: Something no but this case, I think the issue that so you might have brought up is that we have our experts and went to experts and we kind of.

812

02:09:40.050 --> 02:09:54.480

Cooper City Virtual Meeting: Know part of being an expert is objectivity, you know that there's no independence here yeah no worries and fears and we're using the either the one driving, and I mean, can you imagine if I asked de giovanni's deputies which vehicles, the best vehicle I could tell you they would say.

813

02:09:55.980 --> 02:10:02.490

Cooper City Virtual Meeting: Good no good good example we do not tell the captain what vehicles, you should be driving, we can see.

814

02:10:03.480 --> 02:10:11.310

Cooper City Virtual Meeting: I never heard of discussion about via police because he buys him if he got he buys the vehicles and they supply the vehicles to the captain I don't know.

815

02:10:11.760 --> 02:10:22.020

Cooper City Virtual Meeting: We do not know the process that they used to provide the vehicles, but we will not get involved in that process has he because he purchased the p purchase and they mature and.

816

02:10:23.250 --> 02:10:38.220

Cooper City Virtual Meeting: They purchase no well we purchase it, but they are what they need, and we had to provide classes for the city jury, are we able to how could we vote on it without knowing which contract or piggybacking off.

817

02:10:39.330 --> 02:10:45.420

Cooper City Virtual Meeting: I would recommend that you get a copy of the contract, so that you know what you're piggybacking because if you're voting.

818

02:10:46.560 --> 02:10:59.940

Cooper City Virtual Meeting: It is required to be competitively bid you are allowed to piggyback if you're piggybacking with you know you should have that, as part of your agenda item bathtub so that you are it's indicative of the exact agreement that the commission's agreeing to.

819

02:11:01.170 --> 02:11:09.870

Cooper City Virtual Meeting: You you could vote on it tonight, subject to the Commission having a subsequent review of the piggyback agreement but it wouldn't you wouldn't be.

820

02:11:10.290 --> 02:11:26.760

Cooper City Virtual Meeting: Voting to enter into the agreement you would just be theoretically voting to intend to enter into the agreement, but you can't vote on something they don't have I will, I will vote with an intention but we're premature so either way we cannot, we cannot have a final vote tonight.

821

02:11:28.410 --> 02:11:29.070

Cooper City Virtual Meeting: So.

822

02:11:30.300 --> 02:11:40.530

Cooper City Virtual Meeting: It depends on the My answer is, you need to see the piggyback agreement that you're voting on what I so an hour ago okay.

823

02:11:41.130 --> 02:11:44.610

Cooper City Virtual Meeting: Provided have no clue when you come here and say.

824

02:11:44.970 --> 02:11:51.630

Cooper City Virtual Meeting: This is what we suggest here, this is what we're basing it on its then fairness to them that's our city procurement that should be.

825

02:11:51.810 --> 02:12:01.170

Cooper City Virtual Meeting: Then via so doesn't know every city's different procurement transparency bring that word home with you Okay, then so then, then this case, we can proceed no.

826

02:12:02.190 --> 02:12:07.500

Cooper City Virtual Meeting: Okay, so i'm going to ask the city attorney this this question, so this Commission can't vote.

827

02:12:08.550 --> 02:12:12.810

Cooper City Virtual Meeting: To approve this subject to ensuring that.

828

02:12:13.950 --> 02:12:22.260

Cooper City Virtual Meeting: it's a it's a it's a legal there's a legal piggyback contract we can't we can't vote with that contingency in place or.

829

02:12:23.040 --> 02:12:31.470

Cooper City Virtual Meeting: stipulation in place The thing is, you wouldn't be voting with knowledge, because you don't we do have a representation that was competitively bid.

830

02:12:32.070 --> 02:12:43.710

Cooper City Virtual Meeting: You are relying on a piggyback contract normally, you would have the piggyback contract and then you would have either a cover contract or an invoice or quote attached to the base agreement.

831

02:12:44.310 --> 02:12:54.150

Cooper City Virtual Meeting: And I don't see that here, thank you and I don't think we can delegate are stored either via okay well that that's why I said this was the next agenda item that action.

832

02:12:55.980 --> 02:13:01.680

Cooper City Virtual Meeting: To mayor, yes, Sir next agenda item well, let me there's no ending motion.

833

02:13:03.150 --> 02:13:10.620

Cooper City Virtual Meeting: Motion so either that withdraw withdraw the most withdrawn tabled or voted on by the martian i'm sorry I didn't he was rather motion.

834

02:13:11.700 --> 02:13:20.670

Cooper City Virtual Meeting: and hold on i'm just looking who made the edits Jamie did you would throw the motion yeah after Commission melter you draw your second Okay, yes.

835

02:13:21.570 --> 02:13:39.720

Cooper City Virtual Meeting: Chief wholeness I do have one additional question, and that is unrelated but related, if you will, three months ago and I asked you this when we met two weeks ago, three months ago, I signed on behalf of a unanimous Commission a closest response.

836

02:13:44.070 --> 02:13:47.490

Cooper City Virtual Meeting: And we still don't have it, what is the holdup.

837

02:13:49.110 --> 02:13:59.070

Cooper City Virtual Meeting: The they're still it's down at the county so we're i'll get the answer fruit from you from that for for you from the county I know I heard that like weeks ago at the mayor's.

838

02:13:59.880 --> 02:14:09.300

Cooper City Virtual Meeting: And we've had we had some other things go going on with the county so but I don't know where it is in the process.

839

02:14:09.780 --> 02:14:19.860

Cooper City Virtual Meeting: down at the county, and I mean there are other other you other municipalities 31 you know 30 minutes palette is putting in stuff so I don't know where they're at so I don't want to say something that.

840

02:14:20.580 --> 02:14:32.640

Cooper City Virtual Meeting: Yes, I didn't follow up and go hey where is the Cooper city, but it's all combined into one, so you know you turn on a switch you got to turn it on for you can't just keep flipping switches on the closest unit, but.

841

02:14:33.510 --> 02:14:41.790

Cooper City Virtual Meeting: appreciate the foresight, you are one of the first, I just want to point out to actually sign it, which was was was which was.

842

02:14:42.420 --> 02:14:57.630

Cooper City Virtual Meeting: Was fantastic in terms of a municipal response to to to to the closest unit response so you know just want to point that out to you, we want to work with BSS we want to do the best by our residents.

843

02:15:00.060 --> 02:15:04.770

Cooper City Virtual Meeting: And i'm still finding it difficult working with bsl and it shouldn't be.

844

02:15:08.190 --> 02:15:11.040

Cooper City Virtual Meeting: I want to thank chief homeless, she.

845

02:15:12.870 --> 02:15:24.240

Cooper City Virtual Meeting: I food learner and Eric just Victor for coming out tonight, taking the time oh it's our pleasure, like you, prefaced it, I really think we made major headway and we're heading in the right direction.

846

02:15:24.840 --> 02:15:41.250

Cooper City Virtual Meeting: Absolutely, you know I want to use cliches but I don't want to use cliches so we got this far and let's keep let's keep it keep it going, I agree, but it's frustrating, but thank you all for spending the time and it's our pleasure you additional time spent that's all.

847

02:15:42.990 --> 02:15:46.980

Cooper City Virtual Meeting: Thank you very much, and this is just the first step and we'll get there.

848

02:15:47.850 --> 02:16:01.200

Cooper City Virtual Meeting: we're working on it we'll get it, thank you, thank you, Commissioner, will see any Thank you Commissioner green Commissioner Meltzer Commissioner shouted Thank you Ross Thank you Cindy manager and i'm glad you're here chief Bruce and barrick Thank you.

849

02:16:03.300 --> 02:16:15.870

Cooper City Virtual Meeting: Victor, thank you for your expertise and we will see the city for moving on to Item number, but I go sorry before we move on, you need direction I would appreciate some guidance.

850

02:16:18.240 --> 02:16:29.490

Cooper City Virtual Meeting: Just you know if we want to do in fact engage an expert I can make sure i'm not sure if the internal auditors, the route route to go will check with them, but.

851

02:16:30.240 --> 02:16:38.940

Cooper City Virtual Meeting: If we do want to engage a we do a personal certain you know professional services agreement, an expert to help us sort through this.

852

02:16:43.410 --> 02:17:00.180

Cooper City Virtual Meeting: And Mike my concern is know how how How far do we go, so what what is it you want to you want us to look at different models, do you want us to reach out to I mean we can clarify from other cities exactly.

853

02:17:01.260 --> 02:17:08.040

Cooper City Virtual Meeting: What they for for security and what you know with the enhanced with process that they went through I.

854

02:17:09.000 --> 02:17:25.080

Cooper City Virtual Meeting: verse apples that's what we have, I think what happens, the only way, you can do is taking a stripped down version of one of the three vehicles and looking to other manufacturers that's not really his question, though, but that's that's one method week.

855

02:17:26.190 --> 02:17:32.910

Cooper City Virtual Meeting: I think what we if you're gonna have somebody help you with it, I think that that person should look at.

856

02:17:33.990 --> 02:17:42.630

Cooper City Virtual Meeting: The specs there what they believe we would need in our city, in contrast, it, you know if it's.

857

02:17:43.500 --> 02:17:47.760

Cooper City Virtual Meeting: A little bit different when it's not a big deal if that person says, you need to 75.

858

02:17:48.300 --> 02:18:03.030

Cooper City Virtual Meeting: You know, foot ladder not 107 and it's \$300,000 difference, those are the wings, but it was said that the so they're the experts on what we, I believe that to be true, I believe they were they spect out here, I don't have any doubt my mind that it's most of it is true.

859

02:18:03.810 --> 02:18:20.070

Cooper City Virtual Meeting: I have is there were other options as far as manufacturers other cities and using other other manufacturers, I don't want to get I don't want to get pushed into a corner, because they require consistency throughout the challenge, I agree, so I and and I understand that, but.

860

02:18:21.390 --> 02:18:22.290

Cooper City Virtual Meeting: Really to.

861

02:18:23.670 --> 02:18:26.730

Cooper City Virtual Meeting: Have a recommendation, you need that recommendation.

862

02:18:27.810 --> 02:18:32.520

Cooper City Virtual Meeting: To come, this is one expert they've but they're recommending what they what they provide, but we didn't.

863

02:18:33.270 --> 02:18:40.740

Cooper City Virtual Meeting: have an expert to make that recommendation because no one here is qualified to say, this model is better than this model.

864

02:18:41.220 --> 02:18:49.440

Cooper City Virtual Meeting: And know and that and that's you know that and, like the chief did say no that's a lot of times it's between you know choosing between a chevy.

865

02:18:49.740 --> 02:18:57.750

Cooper City Virtual Meeting: And they can afford now what he just said and i'm just using this as an example, I don't think anybody here is qualified on you know the three.

866

02:18:58.590 --> 02:19:05.430

Cooper City Virtual Meeting: The three pronged amount versus the for prime amount, but that's them, that was an important decision, so we need an expert to.

867

02:19:06.000 --> 02:19:17.220

Cooper City Virtual Meeting: To make those recommend, but I am qualified and we weren't qualified years as a as a team as a board is to know that we we to make the House also options.

868

02:19:17.850 --> 02:19:32.550

Cooper City Virtual Meeting: To make an informed decision, but we can't be making that decision until we get the information as to be so, when will that be tender which information oh God every answer to the questions we had such as the piggyback contract, such as the KKK.

869

02:19:33.780 --> 02:19:40.620

Cooper City Virtual Meeting: Always T T T don't get it before the contest whatever can you guys get into us before the experts engaged.

870

02:19:43.050 --> 02:19:47.550

Cooper City Virtual Meeting: The the additional answers to the questions, the committee members.

871

02:19:48.930 --> 02:20:00.960

Cooper City Virtual Meeting: This specs that Bishop sent to you, I need everything informed intelligent decisions that's all we can make up here and without the information delay.

872

02:20:01.680 --> 02:20:12.090

Cooper City Virtual Meeting: Mr Napoli I if you have a vehicle the rescue truck that is 200,001 that's 450,000 I would.

873

02:20:12.630 --> 02:20:25.740

Cooper City Virtual Meeting: Like that expert to say hey this thing you know, only this is what it has doesn't have it only goes, you know 50,000 miles, the other one last 400,000 you can change out the box or whatever, and then we can make the decision, say, well, that makes sense or.

874

02:20:27.150 --> 02:20:28.650

Cooper City Virtual Meeting: Specifically i'm talking about.

875

02:20:29.940 --> 02:20:43.620

Cooper City Virtual Meeting: which he purchased a recipe for \$250,000 that was only the box it had a different requisition for the chassis, which is another hundred and 5000 so the actual price of the trucks to 300 plus thousand dollars.

876

02:20:44.670 --> 02:21:02.040

Cooper City Virtual Meeting: So why is this one over 400 brain, I mean that's my my difficulty Victor I really I understand, and I know but that's just what we need, broken down for us, you know and they say, this is a throwaway this isn't like baby does not have we carry refrigerator drugs baby does not carry that.

877

02:21:03.120 --> 02:21:06.480

Cooper City Virtual Meeting: We have five lock boxes, because we lock all our fluids appoint the gas.

878

02:21:07.620 --> 02:21:16.770

Cooper City Virtual Meeting: Baby doesn't have it, they weren't as one so when you add all those up together you shouldn't have to lock your stuff up, I mean if you guys are having hiring problems we can our HR director can.

879

02:21:17.940 --> 02:21:18.810

Cooper City Virtual Meeting: pass a credit.

880

02:21:19.980 --> 02:21:29.940

Cooper City Virtual Meeting: Joking so it's it's I guess it down, you have to compare apples to apples yeah our trucks are, for example, \$1.3 million okay.

881

02:21:30.480 --> 02:21:36.690

Cooper City Virtual Meeting: When we sit down to the committee I get involved, and I say hey listen my experience 35 year experience.

882

02:21:37.650 --> 02:21:51.060

Cooper City Virtual Meeting: For the bigger motor and the reason why the longevity of the motor five years down the road you might be rebuilding a motor if you put the smaller motor so that's where i'm going with the bigger motor Victor can we ask that you have the committee set up, why are you waiting.

883

02:21:52.140 --> 02:22:01.740

Cooper City Virtual Meeting: Oh i'm sorry not the three and a half year old committee that's too old and you don't even know who's on it set up a committee, you know what we need now.

884

02:22:02.160 --> 02:22:11.640

Cooper City Virtual Meeting: But with with guys soon fire chief we did that so currently you didn't do that currently right now we have about eight engines, as you see here in the fleet right now.

885

02:22:12.750 --> 02:22:13.350

Cooper City Virtual Meeting: who's fully.

886

02:22:14.580 --> 02:22:22.440

Cooper City Virtual Meeting: I know you did it for you you're not listening you got to do it, for this is a it's a lose lose he's just he's just not you're not hearing.

887

02:22:23.490 --> 02:22:32.160

Cooper City Virtual Meeting: I do have a real question, though, are you it's just I think it's a different difference of opinion, our mind counts, at the end of the day, we are.

888

02:22:32.850 --> 02:22:43.830

Cooper City Virtual Meeting: being proposed tonight to purchase the most expensive Quint in the broward sheriff's office history that's undoubtedly there's, not a single purchase order for quite more than this.

889

02:22:45.060 --> 02:22:54.720

Cooper City Virtual Meeting: But again pricing when you look back six months ago there was pricing differences which which could be the answer and so i'm in that probably is the answer, inflation housing.

890

02:22:55.050 --> 02:23:02.370

Cooper City Virtual Meeting: But you can understand how there's a little bit of apprehension to purchase the most expensive us kind of history, and you have to stand us here.

891

02:23:03.240 --> 02:23:11.700

Cooper City Virtual Meeting: totally understand your job is to provide the services to the citizens at the most economical price hundred percent do the same thing on our side.

892

02:23:12.150 --> 02:23:20.760

Cooper City Virtual Meeting: This is not the most expensive understands apparatus, either, that your cells know of cool well as for Mike Bailey sitting here, for God there's a it is.

893

02:23:21.420 --> 02:23:35.250

Cooper City Virtual Meeting: boring something's hair salon to us why don't know this isn't as expensive as well as one of your your your you know vehicles at the airport, one of the exercises like this is the most expensive quaint purchased in broward county money.

894

02:23:36.900 --> 02:23:42.930

Cooper City Virtual Meeting: It may be, and again until until we would do a side by side comparison, we say.

895

02:23:44.190 --> 02:24:00.780

Cooper City Virtual Meeting: there's these three, I would like you guys to say, these are the three identical or is apples to apples, as the purchasing excuse me, people like to use and then see the end price I couldn't sit here and tell you that 100% you're right when you can please let us know.

896

02:24:01.830 --> 02:24:09.390

Cooper City Virtual Meeting: Then I would ask respectively for direction of which pieces of apparatus, would you like us to help you do that, side by side.

897

02:24:10.350 --> 02:24:25.740

Cooper City Virtual Meeting: I think that would be what, whoever they Is it better to speak with a like a person who knows what they're talking about an expert then also we're still talking about I thought we were one of you know, one of one of order I thought we were.

898

02:24:27.060 --> 02:24:45.300

Cooper City Virtual Meeting: We were off this subject I know that Mr Napoli has asked for direction but we're still questioning these gentlemen and nothing is going to get answered tonight I hear what you're saying, but we're we're stuck on an issue that the motion has been removed.

899

02:24:46.980 --> 02:24:59.790

Cooper City Virtual Meeting: We I know Mr apple you have asked or right answer guidance with regards to how we proceed how we move forward on this particular item so, can you how do we.

900

02:25:01.530 --> 02:25:16.140

Cooper City Virtual Meeting: Gentlemen, how do we move the city manager has asked for direction as to what the what, how do we want him to move forward, so I already gave my opinion, we sent it hire an expert and figure it out, I.

901

02:25:18.330 --> 02:25:21.000

Cooper City Virtual Meeting: borrow an expert hire an expert got options Joe.

902

02:25:24.450 --> 02:25:28.800

Cooper City Virtual Meeting: i'll figure it out, I understand what we need to do, gentlemen, once again, thank you.

903

02:25:30.360 --> 02:25:37.560

Cooper City Virtual Meeting: Adam number five discussion and possible action on enrollment in the F R s senior management service class.

904

02:25:37.920 --> 02:25:45.870

Cooper City Virtual Meeting: The addition of specific senior executives positions to the Florida retirement system senior management service class and addition.

905

02:25:46.260 --> 02:25:57.570

Cooper City Virtual Meeting: of elected officials to the Florida retirement system elected office i'm glad I like to motion to discuss or lean on a bifurcated Okay, I want to go forward on the.

906

02:25:59.670 --> 02:26:15.840

Cooper City Virtual Meeting: senior management sure for the loan officers off motion for that for discussion sure I have a motion to have a second second by Commissioner melter okay um my position on this, this is going to cost city more money, but I think it is.

907

02:26:17.040 --> 02:26:20.190

Cooper City Virtual Meeting: A benefit that's necessary to keep and retain good talent.

908

02:26:22.380 --> 02:26:26.970

Cooper City Virtual Meeting: In order to demand that staff is able to.

909

02:26:28.020 --> 02:26:38.790

Cooper City Virtual Meeting: be efficient and cost money and do all these things you have to have you know competitive good wages, and I think this this actually will help us retain and and keep.

910

02:26:40.320 --> 02:26:47.610

Cooper City Virtual Meeting: Good management, the fact the reason why we're not we're not in it is actually ridiculous, because what happened is that point in time.

911

02:26:48.690 --> 02:27:01.830

Cooper City Virtual Meeting: The city was in their own plans and then they convert converted over and and most of the directors weren't at that time weren't in frs I think it kind of fell by the wayside, and then, after years next thing you know you have this.

912

02:27:03.540 --> 02:27:04.410

Cooper City Virtual Meeting: void so.

913

02:27:07.290 --> 02:27:25.560

Cooper City Virtual Meeting: I would support it and whoever we end up hiring for the pay study i'd asked that HR and the manager, make sure that they do include in the scope to take in consideration benefits, because I do think benefits matter and we you know that's my opinion on Prem smelter know, and I agree.

914

02:27:27.540 --> 02:27:41.040

Cooper City Virtual Meeting: I think, to be competitive, we need to fight a little bit, the only concern I have is looking at the remainder of this year \$79,000 budgeted for yeah it's not so my recommendation, Commissioner, is that.

915

02:27:42.120 --> 02:27:51.480

Cooper City Virtual Meeting: We not implement this this fiscal year but you approve it, so we can budget for next year, but we would not employed since it's not budget I don't recommend we we implement this surgeon agree.

916

02:27:54.300 --> 02:27:56.010

Cooper City Virtual Meeting: I concur, I concur.

917

02:27:58.590 --> 02:27:59.070

Cooper City Virtual Meeting: I would.

918

02:28:01.440 --> 02:28:07.500

Cooper City Virtual Meeting: i'm all for the bifurcating and doing this for the senior executives.

919

02:28:09.660 --> 02:28:13.050

Cooper City Virtual Meeting: You know my two cents would be that we implemented this year.

920

02:28:16.380 --> 02:28:23.010

Cooper City Virtual Meeting: that's just my opinion it's not budgeted for, so I can appreciate that commissionable training was budgeted for that we proved.

921

02:28:24.660 --> 02:28:25.500

Cooper City Virtual Meeting: commissionable Jenny.

922

02:28:28.770 --> 02:28:36.480

Cooper City Virtual Meeting: Thank you, brings us for the kind of they would want to assume there, I think our directors, I think it's something good to attract and retain.

923

02:28:36.900 --> 02:28:47.550

Cooper City Virtual Meeting: Top talent so yeah it's Nice, not a huge Casa city, but it's it's meaningful for them definitely support it, so that we are transparent, or what is the cost.

924

02:28:52.560 --> 02:28:55.410

Cooper City Virtual Meeting: So the the annual cost this one right here.

925

02:28:57.030 --> 02:29:04.770

Cooper City Virtual Meeting: The the annual cost of what we what we gave you there was just for the remainder of this year, but the annual cost will be.

926

02:29:07.980 --> 02:29:13.170

Cooper City Virtual Meeting: 176 Thompson.

927

02:29:14.310 --> 02:29:16.320

isn't 176.

928

02:29:18.060 --> 02:29:23.490

Cooper City Virtual Meeting: Is that is that with a bifurcated seven months right is that wasn't bifurcating.

929

02:29:24.570 --> 02:29:25.950

Cooper City Virtual Meeting: Your time is that bifurcated.

930

02:29:27.600 --> 02:29:33.630

Cooper City Virtual Meeting: Meaning that elected officials that that's bifurcating that's what we're using 79,000 in the background.

931

02:29:35.580 --> 02:29:38.130

Cooper City Virtual Meeting: For seven months come to me.

932

02:29:39.450 --> 02:29:48.240

Cooper City Virtual Meeting: Five a month Well now, the 70 i'm sorry that that's the The total cost would be like 36 to what the 79 reflects is.

933

02:29:49.980 --> 02:30:10.020

Cooper City Virtual Meeting: The savings because right now we're paying the tech we're paying 10% oh that's that would that would be additional cost right Oh yes, so it would be an additional hundred and \$33,000 over what we're paying currently OK, so my one they should I do and already is we've just hired an hr.

934

02:30:11.130 --> 02:30:20.880

Cooper City Virtual Meeting: director and we haven't given her the opportunity to do this study so before we start spending about 200,000 why don't we get this study done through her.

935

02:30:21.630 --> 02:30:41.880

Cooper City Virtual Meeting: See what's needed see if it will keep people or attract people regarding directors, then we make an informed intelligent decision this way I think we're jumping the gun I would think common sense tells you that it would it's not gonna hurt, I would say this, I am usually take my course.

936

02:30:42.960 --> 02:31:03.450

Cooper City Virtual Meeting: I mean, this is what I would say i'm generally against right spending, I have to be honest in this economy it's called the great resignation like that's what's going on, or and I know the mayor's room read hiring not the resumes it's retired but it's very competitive out there and.

937

02:31:04.620 --> 02:31:15.090

Cooper City Virtual Meeting: You don't know that no I fair to do we can always change it next year, I guess, I should have it, we had no you're not having it until October writing.

938

02:31:15.840 --> 02:31:22.980

Cooper City Virtual Meeting: But I mean what is she gonna I don't know she's gonna stand in front of you, and tell her that she didn't tell us, she doesn't deserve a better.

939

02:31:25.230 --> 02:31:40.830

Cooper City Virtual Meeting: Happy what's the question question is, will the study assist you in making our decision easier, whether we should join it or not, I don't think he has much to do with it because it's you know compensation, I know he.

940

02:31:42.150 --> 02:31:51.990

Cooper City Virtual Meeting: Has it on it's on I know it includes certain benefits, but this is mostly pension, you know, a compared to make a comparable other cities to bring in.

941

02:31:52.740 --> 02:32:05.220

Cooper City Virtual Meeting: You know better personnel essentially have we done a comparison to other cities, not yet Bingo know why you and always something we may have to put other cities do have this senior management level.

942

02:32:06.090 --> 02:32:18.300

Cooper City Virtual Meeting: yeah and not only do they have frs but they have you know distinguish between regular employees and senior management level, so what you're saying basically there's an intrinsic value to it, but not necessarily \$1 amount you build upon it correct.

943

02:32:19.260 --> 02:32:32.340

Cooper City Virtual Meeting: I mean the reality, I respect that I admire the multiplier is, if you think about this from our standpoint anyone simply if you could take a job at 2% multiplier 1.6% multiplier.

944

02:32:32.790 --> 02:32:44.610

Cooper City Virtual Meeting: yeah I mean that's a big deal that for the long run the longevity right, and you know, and I appreciate you as an HR director and the city manager and i've looked at this, and so I just.

945

02:32:45.570 --> 02:32:48.780

Cooper City Virtual Meeting: I mean, I get our money's worth I know he's been here a week.

946

02:32:49.530 --> 02:32:59.370

Cooper City Virtual Meeting: I i've thought about this for quite a while i've been i've come from cities, I know cities have it, I know we've been trying to hire people, and I know that people have said, well.

947

02:32:59.760 --> 02:33:09.150

Cooper City Virtual Meeting: i'm coming from the senior management plan, and I, you know i'm not you know that's a significant impact on on my my benefits if if I.

948

02:33:10.260 --> 02:33:17.280

Cooper City Virtual Meeting: If I go, you know come to Cooper city, so I know with with with the impact is, and I can justify the correct that figure that.

949

02:33:17.730 --> 02:33:28.620

Cooper City Virtual Meeting: figure is correct \$176,000 but that includes the city manager, right now, I have not included in that so that was my next he will take out the third \$37,000.

950

02:33:29.100 --> 02:33:41.010

Cooper City Virtual Meeting: From that from that right because we're right now we're delivering so it'd be 140,000 taking in 10% of your 457 right right okay good so that's paying 37,000 we're paying much less so.

951

02:33:42.060 --> 02:33:50.100

Cooper City Virtual Meeting: I figured but we put the city manager and they're just for the position not right and they said, the man and if i'm a city manager is always been in the senior management.

952

02:33:51.210 --> 02:33:53.310

Cooper City Virtual Meeting: He or she's been the only one in the senior manager.

953

02:33:54.330 --> 02:34:04.140

Cooper City Virtual Meeting: Okay, and right now, without the frs, what are we paying we pay a 10% it's about it's a 10 point something percent.

954

02:34:04.740 --> 02:34:12.870

Cooper City Virtual Meeting: versus about a 27 or 28% salary, but I do have a question I was reading, you know bear with me i'm trying to get number two number so.

955

02:34:13.860 --> 02:34:27.570

Cooper City Virtual Meeting: You have in the frs about 100 so it would be 105,000 okay how this is again, including me for 105,000 verses 170 to 81 more one more Okay, may I guess.

956

02:34:28.170 --> 02:34:39.840

Cooper City Virtual Meeting: i'm just reading the backup it does say in there that the city manager's position is compulsory for participation and I just something i'd maybe the position of authority I just not clear, but but.

957

02:34:40.590 --> 02:34:51.060

Cooper City Virtual Meeting: The position is, but the participation, you can opt out of it right what you're saying perfect Okay, thank you that's why we have the management just wanted clarification on that one fair enough any further discussion on this, no.

958

02:34:51.960 --> 02:35:03.300

Cooper City Virtual Meeting: One one last thing you know if the manager wants to figure out the numbers I don't oppose Commissioner green saying they should start now anytime I could try to find a common ground, like holly.

959

02:35:04.710 --> 02:35:10.140

Cooper City Virtual Meeting: I appreciate it, but i'll take the managers recommendation he doesn't want to do that so well about.

960

02:35:11.670 --> 02:35:15.090

Cooper City Virtual Meeting: Their, this is not a it's a it's a discussion impossible action.

961

02:35:16.410 --> 02:35:24.210

Cooper City Virtual Meeting: know the discussion was the motion that was bifurcated we've had discussion i've called the vote.

962

02:35:25.980 --> 02:35:40.380

Cooper City Virtual Meeting: Point of point of order Okay, the motion was too So are we voting the motion was made to buy for Kate and have in and not talk about the elective officers class So are we voting for.

963

968

02:36:32.730 --> 02:36:39.390

Cooper City Virtual Meeting: One united as only limitation, no, thank you, but no, I have three questions No okay let's.

Cooper City Virtual Meeting: ocean okay melter second bike pulcini mission belcher nothing there Ross commissionable Jamie I think we should have green.

971

02:37:06.150 --> 02:37:12.150

Cooper City Virtual Meeting: Commissioner shorter call about Commissioner router Yes, Commissioner, Commissioner puccini yes.

972

02:37:12.990 --> 02:37:32.580

973

02:37:33.600 --> 02:37:36.600

Cooper City Virtual Meeting: Was Meltzer a second, excuse me i'm sorry.

974

02:37:38.250 --> 02:37:41.340

Cooper City Virtual Meeting: I got it okay corrected can't be perfect.

975

02:37:47.490 --> 02:37:51.870

Cooper City Virtual Meeting: or anything no may Ross Thank you listeners know about.

976

02:37:52.440 --> 02:38:01.830

Cooper City Virtual Meeting: First i'm concerned confirming that the second was Commission amounts that is correct okay calling the vote, Commissioner, stronger, yes, coming from outside, yes Commission for training, yes, we should have green yes.

977

02:38:02.310 --> 02:38:10.650

Cooper City Virtual Meeting: Yes, and we have a discussion on amending the city Code prohibiting pets in parks Commission a shorter Yes, our code.

978

02:38:11.400 --> 02:38:25.080

Cooper City Virtual Meeting: I wanted to get your guys thoughts on this or code prohibits pets in passive parks, even if they're on a leash and you know I think if you ever your pet leash you shouldn't have to walk through a passive park on not.

979

02:38:26.490 --> 02:38:27.360

Cooper City Virtual Meeting: You know this isn't.

980

02:38:29.010 --> 02:38:37.080

Cooper City Virtual Meeting: I want to get your guys thoughts on it no I, I agree, I thought it was I did not agree when this when this ordinance was changed several years ago.

981

02:38:39.360 --> 02:38:45.510

Cooper City Virtual Meeting: You know I asked for some information earlier that I received back from the chief, and I believe.

982

02:38:47.850 --> 02:38:48.750

Cooper City Virtual Meeting: From the chief.

983

02:38:50.070 --> 02:38:51.090

Cooper City Virtual Meeting: engineer asked about.

984

02:38:53.100 --> 02:39:04.800

Cooper City Virtual Meeting: not prepared but anyway, you know what your answer, there have been very, very few, I believe, only three number three there were three three calls for service in the last five years right.

985

02:39:07.170 --> 02:39:18.420

Cooper City Virtual Meeting: You know people love their dogs, as long as they're least as long as they pick up after them, you know it's me it's a it's a it's personally to be personally responsible for your animals but.

986

02:39:19.890 --> 02:39:23.700

Cooper City Virtual Meeting: I don't have a problem with this and I made some air air.

987

02:39:25.620 --> 02:39:36.540

Cooper City Virtual Meeting: yeah I got a couple comments about says for first of all, they haven't been given any violations because they didn't have ticket books, so they didn't have any way of giving violations over a year.

988

02:39:37.890 --> 02:39:42.390

Cooper City Virtual Meeting: out of commission to shout it, so I learned I learned from him I learned from him say to know.

989

02:39:43.800 --> 02:39:50.010

Cooper City Virtual Meeting: Requesting five years of data that's kind of meaningless no But OK OK OK, a second I would not.

990

02:39:50.850 --> 02:40:03.870

Cooper City Virtual Meeting: Even request opinion of dog owners, because they have a vested interest in this so both Commission fatter and commandments are on drugs so something nine okay regardless i'm a dog owner I want cats, so I can I can.

991

02:40:05.460 --> 02:40:13.980

Cooper City Virtual Meeting: I still do not oppose this, because I believe, if you go outdoors you expect to see animals, and if you clean up after your dog.

992

02:40:14.730 --> 02:40:24.480

Cooper City Virtual Meeting: that's probably okay and expected to clean up after your dogs and i'm against us, you know, Genoa city regulating people's lives and people's behavior so go go ahead and.

993

02:40:24.870 --> 02:40:35.520

Cooper City Virtual Meeting: bring your dog out and enjoy and just clean up after yourself have a leash the county requires at least they have a leash law so make sure your dog isn't leash and clean up after your dog.

994

02:40:36.600 --> 02:40:41.730

Cooper City Virtual Meeting: that's AG, Commissioner, granting wishes, thank you, Mary and i'm going to be that may and again tonight.

995

02:40:43.350 --> 02:40:53.130

Cooper City Virtual Meeting: I actually like the ordinance in place, I know that there's only been three calls and no citations, however.

996

02:40:56.430 --> 02:41:02.130

Cooper City Virtual Meeting: i've been to a number of the passive passive parks throughout the city and just because.

997

02:41:03.330 --> 02:41:15.150

Cooper City Virtual Meeting: People haven't been site site it doesn't mean that people aren't allowing their their animals their pets to run freely in some of the passive parks.

998

02:41:15.870 --> 02:41:33.450

Cooper City Virtual Meeting: Not everybody adheres to the rules, not everybody cleans up after their pits it's been my experience here in Cooper city in walking through a number of the passive parts parks that people do allow for their animals to run freely which.

999

02:41:36.720 --> 02:41:51.420

Cooper City Virtual Meeting: i've seen it happen right in front of me, you have a big dog that's not on a leash and you have a little dog and sometimes they they play, but sometimes the the bigger dog is more aggressive and I have seen bigger dogs.

1000

02:41:54.060 --> 02:42:01.800

Cooper City Virtual Meeting: victimizer attack little dogs that were not or the big dogs were not on the least so you know.

1001

02:42:03.330 --> 02:42:20.610

Cooper City Virtual Meeting: While while most people are will keep their pets on a leash while they're in a passive part there is a number of people that do not that's just my opinion that's all mayor Thank you wearing sneakers a dog owner who's also a lawyer.

1002

02:42:21.870 --> 02:42:27.360

Cooper City Virtual Meeting: I love the dogs I love to take them to park to her too far, the difficulty is.

1003

02:42:28.860 --> 02:42:38.640

Cooper City Virtual Meeting: Not everyone is responsible and picked up after their dogs and we all know that because we're all walking in the park why don't we make that a violation, and I think it is.

1004

02:42:39.240 --> 02:42:49.380

Cooper City Virtual Meeting: It, the problem is international react right enforcement so and then liability if we allow dogs in the park and something happened.

1005

02:42:49.950 --> 02:42:58.140

Cooper City Virtual Meeting: You were the government, you know, we have the least label that anyone, but we will still be sued and I still have to pay, we have immunity from the we have ensured attorney.

1006

02:42:59.100 --> 02:43:08.970

Cooper City Virtual Meeting: Their insurance premiums i'd rather i'd rather turn a blind eye, if you will, as we did when we had it to the beach there had to be a dozen dogs there that night.

1007

02:43:10.230 --> 02:43:19.710

Cooper City Virtual Meeting: always good no complaints, but if there was a complaint we have something backing us up to say i'm sorry this dog has got to go.

1008

02:43:20.250 --> 02:43:33.510

Cooper City Virtual Meeting: If you allow the dogs you don't even have that I think it gives you another tool in the tool chest for the captain, and I think the way, everything has been working has been pretty decent why rock the boat.

1009

02:43:35.010 --> 02:43:41.820

Cooper City Virtual Meeting: So, having said that any additional yeah I mean good say I wanted to walk around the swamp by Howard house.

1010

02:43:42.630 --> 02:43:52.620

Cooper City Virtual Meeting: You know they call a preserve or whatever it's the new buzzword these days wetlands preserve it there's like no one there, I know, so I go to the grocery will bring the dogs.

1011

02:43:53.040 --> 02:44:07.770

Cooper City Virtual Meeting: And they everywhere else they bring the dog, you know playing the game, but you can't go to a desolate swamp and walk around it for so maybe could we have provided our citizens, our residents with three dog barks i'm willing to build a form yeah but we're not talking about the.

1012

02:44:08.910 --> 02:44:15.780

Cooper City Virtual Meeting: you're just walking the dog but it's not a dog owner one right love it as being pro animal, I think.

1013

02:44:17.010 --> 02:44:27.270

Cooper City Virtual Meeting: I am too, but i'm also people and they don't like walking into a stepping into how many times have you stepped into dog poop as the people don't have new.

1014

02:44:28.350 --> 02:44:30.810

Cooper City Virtual Meeting: you're outside not in your backyard.

1015

02:44:32.370 --> 02:44:41.130

Cooper City Virtual Meeting: Have satellite you know the the captain has a satellite that's right, you can zoom right into whoever didn't know with the new corrosion and i'm going to be an issue.

1016

02:44:41.790 --> 02:44:51.090

Cooper City Virtual Meeting: You know what if he wants to spend the time enforcing that God bless you, what do you think well, I mean there you ever saw Joe well I haven't done.

1017

02:44:52.890 --> 02:45:00.990

Cooper City Virtual Meeting: That and then you know there's pros and cons and, if you look at cities, probably it's about 60 to 4060 don't allow it for.

1018

02:45:01.410 --> 02:45:12.900

Cooper City Virtual Meeting: 40 allow it, so you know it depends, you know, obviously it's a policy decision, but you know the the pros are people can just go out and walk the dog, I mean I think there's the cons are.

1019

02:45:14.040 --> 02:45:19.710

Cooper City Virtual Meeting: Number one, there is an enforcement aspect now, particularly from the cleaning up.

1020

02:45:21.150 --> 02:45:23.850

Cooper City Virtual Meeting: The cleaning up aspect of it, plus the.

1021

02:45:24.870 --> 02:45:33.510

Cooper City Virtual Meeting: Some people are afraid of dogs, particularly children, so if they see a dog in the park then children are going to be in even parents or Franklin children come to the.

1022

02:45:33.930 --> 02:45:45.210

Cooper City Virtual Meeting: Come to dogs now if we do if you do opt to change it, I would say that we do a survey of all our parks they're probably send that we don't want dogs, particularly small confined areas we don't want dogs in there.

1023

02:45:46.290 --> 02:45:55.590

Cooper City Virtual Meeting: We obviously don't want dogs in the playground area of any of any of the parks and we'd have to restrict that we would probably there would be a cost, because we probably want to put.

1024

02:45:56.640 --> 02:46:00.960

Cooper City Virtual Meeting: You know site will science and in the bag, so people can clean up.

1025

02:46:01.260 --> 02:46:09.210

Cooper City Virtual Meeting: After their dog so we're gonna you know we're going to have to do that, so I mean there will be a cost, there will be, you know, increased enforcement There probably be increased complaints, just because.

1026

02:46:09.510 --> 02:46:14.430

Cooper City Virtual Meeting: You know people aren't now the dogs are there, and someone hasn't cleaned up and then they're going to call the city, you know that.

1027

02:46:15.180 --> 02:46:21.750

Cooper City Virtual Meeting: So, so those those those are the concepts of just the operational you know implications of it, but you know, obviously it's a.

1028

02:46:22.050 --> 02:46:26.640

Cooper City Virtual Meeting: policy decision, but I, like, I would just reiterate, I think we need to do a survey of each park.

1029

02:46:26.880 --> 02:46:33.810

Cooper City Virtual Meeting: and make you know, make sure that the park is appropriate to Tampa and all great points in one one other thing that we need to consider what are the people want.

1030

02:46:34.260 --> 02:46:40.050

Cooper City Virtual Meeting: i'm sorry, what did the people want the residents, we haven't really gotten there yet, because this is the first you know just getting on the agenda.

1031

02:46:41.100 --> 02:46:41.430

Cooper City Virtual Meeting: and

1032

02:46:42.450 --> 02:46:49.350

Cooper City Virtual Meeting: going to love this, but maybe we should workshop it now what i'm going to workshop over this is important, this is an important thing.

1033

02:46:51.150 --> 02:46:57.660

Cooper City Virtual Meeting: We could possibly even do maybe a survey, or maybe a survey the survey monkey we do that, that was that easy enough.

1034

02:46:58.890 --> 02:47:05.850

Cooper City Virtual Meeting: To have a yes, I think I think I like that idea that's direction, I presented, I mean look at doing one you know we don't want to.

1035

02:47:06.720 --> 02:47:15.060

Cooper City Virtual Meeting: be involved it doesn't you know, take a monkey survey john let's take a look, let us know it doesn't have to be any hard to appreciate that Thank you let me know.

1036

02:47:16.350 --> 02:47:29.010

Cooper City Virtual Meeting: i'll forget are optimists programs to our sports teams us are passing the practice into good point well now that you brought it up as our as our participation declining are increasing, that I don't know.

1037

02:47:30.840 --> 02:47:38.610

Cooper City Virtual Meeting: Where are they currently are they let me ask you this, and timmy are they currently are there any complaints about dogs in the parks or poop in the parks or.

1038

02:47:39.270 --> 02:47:52.380

Cooper City Virtual Meeting: That I don't know no I haven't heard anything I haven't heard anything if you all have but some some parks like memorial park we've had some complaints now and memorial park that the residents are walking through and not picking up their their dog food.

1039

02:47:53.580 --> 02:48:06.360

Cooper City Virtual Meeting: Okay, so but i'm just letting you know you know are optimists teams do practice out there, and now that you're going to invite more people out there they're going to start bringing their animals and hopefully they will clean up after themselves, but who knows.

1040

02:48:07.680 --> 02:48:22.200

Cooper City Virtual Meeting: we'll find out what they think about it will do the survey mm hmm I think it's a good idea yeah Thank you moving on to Item number 10 do i've motion to the Commission internal auditor look into the managerial pension plan.

1041

02:48:24.540 --> 02:48:44.700

Cooper City Virtual Meeting: will discuss it or motion first doing motion motion posted by Convention shrouded second by second full Cheney Commissioner charter, yes I received, I imagine, I think most of us received an email from a former the former assistant finance director that, among other things had some.

1042

02:48:48.510 --> 02:48:52.290

Cooper City Virtual Meeting: brought up maybe some improprieties or.

1043

02:48:53.940 --> 02:48:58.410

Cooper City Virtual Meeting: With the manager or pension plan that's now closed.

1044

02:48:59.640 --> 02:49:11.760

Cooper City Virtual Meeting: I took a look, I try to look at it myself, I cannot find an ordinance passing and jenna also looked at cannot find an ordinance approved proving this as far as I know, every defined benefit plan must be approved by ordinance.

1045

02:49:12.750 --> 02:49:20.370

Cooper City Virtual Meeting: So I have concerns over whether or not it was done correctly is a lot of lot of questions, and so I think this has been looked at this is.

1046

02:49:21.000 --> 02:49:34.290

Cooper City Virtual Meeting: millions of dollars and there's very scant information, no one seems to be able to have a lot, so I would like to have the internal auditor look at this.

1047

02:49:35.280 --> 02:49:42.660

Cooper City Virtual Meeting: This item, it concerns me, basically, from what I find is the managerial Members had a 401k.

1048

02:49:43.260 --> 02:49:54.780

Cooper City Virtual Meeting: One year and then they passed a pension via resolution, at best, which which wouldn't be in compliance with today's laws and I imagine the statutes, where the same I didn't shepherd eyes it.

1049

02:49:55.620 --> 02:50:01.410

Cooper City Virtual Meeting: giving them pensions for retroactive years of service without any buying without any conversion from a foreign one.

1050

02:50:01.920 --> 02:50:13.800

Cooper City Virtual Meeting: This doesn't sound right I can't I can't imagine that that's the case but that's kind of what the scant information you have now looks like, so I would a unlike some we look into this make sure it's fiduciary.

1051

02:50:17.100 --> 02:50:23.580

Cooper City Virtual Meeting: Somebody in a fiduciary position over city assets that were making sure, everything was kosher.

1052

02:50:25.980 --> 02:50:28.080

Cooper City Virtual Meeting: We asked our CFO.

1053

02:50:29.400 --> 02:50:29.910

Cooper City Virtual Meeting: To do that.

1054

02:50:31.110 --> 02:50:37.050

Cooper City Virtual Meeting: I don't think it'd be fair, I don't think he hit, he would have the time this is kind of like a.

1055

02:50:38.190 --> 02:50:44.730

Cooper City Virtual Meeting: No, no, I just some digging there's there's gonna be a plan administrator that we're gonna have to get data from and.

1056

02:50:46.020 --> 02:50:49.170

Cooper City Virtual Meeting: I to me, I guess, we could, but I think it'd be.

1057

02:50:51.660 --> 02:50:52.770

Cooper City Virtual Meeting: penny wise or.

1058

02:50:54.120 --> 02:50:58.860

Cooper City Virtual Meeting: I just think it'd be better have such an independent person look okay look at this it's fine.

1059

02:51:01.740 --> 02:51:09.330

Cooper City Virtual Meeting: yeah man well i'll give you example, but this plan, if you take a look at it, it says it's a 175 185 plan, I guess it's because they had the police chief in the fire chief in it.

1060

02:51:09.810 --> 02:51:26.310

Cooper City Virtual Meeting: But this is state statute says city cannot have more than one 175 185 plans we already had a fire and police pension, so I don't know how that that happened the statute on that didn't look like it had been amended, subsequent to this so there's just some real questions here.

1061

02:51:27.480 --> 02:51:29.700

Cooper City Virtual Meeting: i'm not sure if.

1062

02:51:31.470 --> 02:51:43.710

Cooper City Virtual Meeting: I know the manager, you probably haven't been in city government since 2000 but maybe the manager, I mean the one of the attorneys or somebody else was there ever a time that that you guys know where you could pass a pension plan without an ordinance.

1063

02:51:48.750 --> 02:51:49.680

Cooper City Virtual Meeting: Sorry, Jim.

1064

02:51:50.760 --> 02:51:57.720

Cooper City Virtual Meeting: Was there i'm putting on the spot sorry but was there ever a time that you know of that you could the pension plan could have been passed without.

1065

02:51:59.310 --> 02:52:13.590

Cooper City Virtual Meeting: Not being done by ordinance I don't know the answer to that, but yeah so I just think someone has to look and I have no problem looking into it, I need a CAP I need a CAP well, we will ask them what to do, they come back and tell us what a cost, and then we get through that right so.

1066

02:52:14.700 --> 02:52:21.570

Cooper City Virtual Meeting: What we'll do is, if you, you know want want to do this will let them know tomorrow, because that they are trying to.

1067

02:52:22.140 --> 02:52:35.760

Cooper City Virtual Meeting: prioritize well they're trying to prepare their plan for the year, based on the discussion we had before, and I just want to make sure that everybody's responded to them, then agreed to what the what would they had sent, but that they could add this on on and.

1068

02:52:37.320 --> 02:52:38.910

Cooper City Virtual Meeting: If you all want them to.

1069

02:52:40.020 --> 02:52:43.770

Cooper City Virtual Meeting: Or we have cutting motion any further discussion call the book.

1070

02:52:45.240 --> 02:52:56.970

Cooper City Virtual Meeting: Commissioner for otter yes comes from outside, yes, yes mission agree, yes, yes, moving on to Item number 11 resolution 22 dash one i'll ask you tourney.

1071

02:52:57.750 --> 02:53:08.400

Cooper City Virtual Meeting: Is bridge more to go ahead and read a resolution of the city Commission of the city of Cooper city Florida supporting and improving the sterling road roadway and drainage improvement projects.

1072

02:53:08.850 --> 02:53:16.170

Cooper City Virtual Meeting: But, also known as the project as more particularly described an exhibit a attached here to and incorporated here in.

1073

02:53:16.560 --> 02:53:32.280

Cooper City Virtual Meeting: authorizing and directing the appropriate city officials to take any and all action necessary to effectuate the intent of this resolution, providing for conflict severability and an effective date do have motion ocean by commissioning puccini second by.

1074

02:53:34.890 --> 02:53:36.960

Cooper City Virtual Meeting: Convention and green very simple jeannie.

1075

02:53:39.960 --> 02:53:44.880

Cooper City Virtual Meeting: Thank you, hopefully goes through smoothly or impure oh no you're.

1076

02:53:48.810 --> 02:53:50.220

Cooper City Virtual Meeting: going to get him to give.

1077

02:53:52.140 --> 02:53:52.440

Cooper City Virtual Meeting: me.

1078

02:53:53.910 --> 02:54:00.270

Cooper City Virtual Meeting: i'm sorry he's not here at the moment, so you know ya know our public works director for the city in the bag oh yes.

1079

02:54:01.980 --> 02:54:02.760

Cooper City Virtual Meeting: That utilities.

1080

02:54:04.020 --> 02:54:05.040

Cooper City Virtual Meeting: Well, though.

1081

02:54:06.480 --> 02:54:14.730

Cooper City Virtual Meeting: They will work but he's acting as a public works director he's he's well aware okay Commission a green any.

1082

02:54:16.410 --> 02:54:24.420

Cooper City Virtual Meeting: Meltzer thanks Mr Ross he look the only question I have is all sounds great you know with it, I know we're in the plan, the only question I have is.

1083

02:54:25.050 --> 02:54:34.680

Cooper City Virtual Meeting: Are we responsible for sterling road and that's a question that I believe Mr good was going to try to find the answer to because I have people telling me I hear it.

1084

02:54:35.250 --> 02:54:41.700

Cooper City Virtual Meeting: verbally but I haven't seen anything in writing that says the responsibility to maintain that road from palm avenue going West a flamingo road.

1085

02:54:42.390 --> 02:54:44.550

Cooper City Virtual Meeting: Is that of Cooper city there's a.

1086

02:54:44.970 --> 02:54:57.030

Cooper City Virtual Meeting: barrel county maintains a functional classification map is what they call and i've seen the map okay yeah i've seen the map, but I haven't seen any documentation and ordinance eight agreement of some kind, saying that it's our responsibility.

1087

02:54:57.510 --> 02:55:02.910

Cooper City Virtual Meeting: To maintain that road and I hopefully we'll have an answer soon.

1088

02:55:04.140 --> 02:55:07.980

Cooper City Virtual Meeting: Thank you regarding this, I have no difficulty with it, but.

1089

02:55:09.450 --> 02:55:21.660

Cooper City Virtual Meeting: about a month ago, not a little longer, we were talking about a Commissioner Meltzer was up in arms, I asked that we get Greg Stewart here, maybe even Gretchen from the county so that we can get a.

1090

02:55:23.220 --> 02:55:39.600

Cooper City Virtual Meeting: idea as to timing, because this resolution has no time frame on it, I will vote in favor of it, but I want to know timeframe and I will ask once again yeah we and we've been in I mean this is all coming from them, I get asked me.

1091

02:55:40.890 --> 02:55:52.680

Cooper City Virtual Meeting: what's not coming from them, and the answer that i'm looking for, well, I think this is a step to get to the how we prejudice in any way by by voting on this is it does it are we locking yourself into one method over another.

1092

02:55:53.820 --> 02:55:55.110

Cooper City Virtual Meeting: One method of what.

1093

02:55:56.280 --> 02:56:07.980

Cooper City Virtual Meeting: funding and having repaired so say we voted for this to prove this resolution, we could still go repair it ourself tomorrow right correct yeah so I mean what's the downside to me there isn't any.

1094

02:56:09.090 --> 02:56:20.760

Cooper City Virtual Meeting: Or, if this is a see slip but can we still go with a with a with a tax, with the paint tax money that example with this we can can can we still switch funding methods.

1095

02:56:21.750 --> 02:56:27.420

Cooper City Virtual Meeting: This is a this is this is surtax around, but if we want if they're see slip on the available, can we.

1096

02:56:28.320 --> 02:56:36.360

Cooper City Virtual Meeting: apply for the shoes with money, for example, I asked that same question regarding the federal grants and money and.

1097

02:56:37.020 --> 02:56:50.670

Cooper City Virtual Meeting: debbie wasserman Schultz a yes, you can but don't expect that to pass muster correct this, I think the fastest way of getting funding well, but this is how we just do it if we want to go something faster we can change when I just do what.

1098

02:56:52.920 --> 02:56:53.490

Cooper City Virtual Meeting: We call about.

1099

02:56:55.020 --> 02:56:57.480

Cooper City Virtual Meeting: Commissioner for otter Yes, Commissioner Meltzer no.

1100

02:56:58.590 --> 02:57:09.720

Cooper City Virtual Meeting: One Commissioner puccini yes, yes, there is yes motion passes for for one maybe I misunderstood, but Well, no, you didn't move be yours is.

1101

02:57:18.180 --> 02:57:18.450

Cooper City Virtual Meeting: OK.

1102

02:57:19.560 --> 02:57:32.280

Cooper City Virtual Meeting: We don't know we don't know it's broward county that needs to exist that's why I want them here Gretchen and they've agreed yet, but ordinance on second reading ordinance 22 dash one, this is a public hearing.

1103

02:57:33.450 --> 02:57:39.960

Cooper City Virtual Meeting: Is bridgeman if you would an ordinance of the city of Cooper city Florida amending ordinance number 21 dash.

1104

02:57:41.130 --> 02:57:57.240

Cooper City Virtual Meeting: adopted on September 23 2021 providing for an amended budget for fiscal year 2021 2022 for the city attached here to as exhibit a and incorporated here in providing for conflict severability and an effective deep emotion.

1105

02:57:58.320 --> 02:58:03.360

Cooper City Virtual Meeting: by commissioning pulteney second by second Commissioner melted because you're changing.

1106

02:58:04.710 --> 02:58:06.930

Cooper City Virtual Meeting: Nothing find his second reading.

1107

02:58:08.130 --> 02:58:10.170

Cooper City Virtual Meeting: melter nothing they are green.

1108

02:58:11.250 --> 02:58:27.300

Cooper City Virtual Meeting: Yes, Commissioner, green, yes, yes, moving on to city managers report so give Mr Mayor I I sent out i'm sorry in the backup is a memo that Mike sent to me.

1110

02:58:42.990 --> 02:58:53.640

Cooper City Virtual Meeting: And it's just a reprivatization of his capital projects there, he said, a, we need to re prioritize based on on urgency and that's all we're bringing this to your attention.

1111

02:58:54.720 --> 02:59:06.510

Cooper City Virtual Meeting: Since you've already proved his capital projects it's just a reprivatisation I don't have a difficulty with that Mike you want to tell us why to flip flop, or is it just the urgency of certain projects.

1112

02:59:08.730 --> 02:59:12.060

Cooper City Virtual Meeting: yeah it's just a matter of priority, based on.

1113

02:59:14.400 --> 02:59:23.580

Cooper City Virtual Meeting: Things that have changed over the last year and a half Okay, thank you any other questions, thank you call the boat, oh no sorry.

1114

02:59:24.690 --> 02:59:27.150

Cooper City Virtual Meeting: say anything else to report yeah I have a few things.

1115

02:59:28.290 --> 02:59:31.710

Cooper City Virtual Meeting: The first thing i'd like to do is, and I know everybody's already spoken.

1116

02:59:32.850 --> 02:59:40.800

Cooper City Virtual Meeting: about it in one form or another, but this the inaugural business Expo and job fair was a tremendous success.

1117

02:59:42.300 --> 02:59:51.390

Cooper City Virtual Meeting: You know, an incredibly team effort you know CD recreation public works Mike did a great job, the business Advisory Board of.

1118

02:59:52.020 --> 02:59:56.280

Cooper City Virtual Meeting: The Commission, and particularly Commissioner Meltzer was a spearhead of it but.

1119

02:59:57.030 --> 03:00:03.600

Cooper City Virtual Meeting: I think everybody agrees that was a tremendous success, something that will plan on doing annually, and you know, and I know they are.

1120

03:00:04.050 --> 03:00:18.480

Cooper City Virtual Meeting: have already had an after action review to to see how to improve it, but I just wanted to let everybody know that we've we've received a lot of positive feedback for it and appreciate everybody's assistance with that we have the senior Expo on the fifth.

1121

03:00:19.530 --> 03:00:22.080

Cooper City Virtual Meeting: On next Saturday at 10am.

1122

03:00:23.190 --> 03:00:32.190

Cooper City Virtual Meeting: Some actually some lessons learned on marketing that we did for the business Expo Mike and Mike is using to try to get more additional participation.

1123

03:00:33.870 --> 03:00:42.930

Cooper City Virtual Meeting: You know Commissioner Schroeder mentioned the strategic plan workshop that we're doing next Tuesday week from today and I i'm really looking forward to, I think.

1124

03:00:43.290 --> 03:00:49.380

Cooper City Virtual Meeting: The probably won't be a lot of discussion on what the priorities are but it's really how we're going to do to implement those priorities.

1125

03:00:49.680 --> 03:01:03.180

Cooper City Virtual Meeting: So i'm looking forward to your direction on on that and I think the base the base items that we have there, we can move forward on on really thinking long term on some of those will be transformative for the sitting.

1126

03:01:05.790 --> 03:01:14.400

Cooper City Virtual Meeting: The founders day we're we're deep pinches stacy's deep into planning for founders days can be march 12 based on the.

1127

03:01:15.270 --> 03:01:22.710

Cooper City Virtual Meeting: The great participation, we had on eat to the beat we are going to do it and Brian piccolo park stacy's already negotiated.

1128

03:01:23.010 --> 03:01:35.250

Cooper City Virtual Meeting: down from what they originally said, so I think we'll probably get a more reasonable price than they initially told us, but I know everybody's looking forward to that and can we're deep into the planning for that can I bring my dog data.

1129

03:01:38.940 --> 03:01:50.310

Cooper City Virtual Meeting: And then I just want to we we've been and I sent this out, you know, a couple months ago that we were looking to become a autism friendly city and so today we had our.

1130

03:01:52.290 --> 03:02:00.420

Cooper City Virtual Meeting: Our first detailed meeting on on implementing that and what it really is and it's working with the United, this is a tremendous organization.

1131

03:02:00.840 --> 03:02:11.850

Cooper City Virtual Meeting: The University of Miami and Nova southeastern Center for autism and related disability organizations organization and i've worked with them in the past, when I was at the airport, but it'll be a sere.

1132

03:02:12.390 --> 03:02:34.560

Cooper City Virtual Meeting: training and awareness and and what at the end of the day is that most of the things that will be doing, will be able to involve autism and artistic and families with the artistic artistic children, and so I think this is a huge step forward for the city once we get it implemented.

1133

03:02:35.970 --> 03:02:48.780

Cooper City Virtual Meeting: And that's all it is and and just so everyone knows we have dealt with that organization on a yearly basis when we have the autism event that we always hold it the firehouse.

1134

03:02:50.220 --> 03:03:02.040

Cooper City Virtual Meeting: But this the you know i'm sorry no but, but the important thing is you're talking about training of our employees well not just aren't, so this is, this is a city wide effort and there's things that we can and can't control but.

1135

03:03:02.400 --> 03:03:08.550

Cooper City Virtual Meeting: Obviously, with our with our staff the Commission as well, the Commission our staff police and fire.

1136

03:03:09.960 --> 03:03:16.590

Cooper City Virtual Meeting: The optimists for the sports programs we're going to include their outdoor sports programs and then work with the business Advisory Board.

1137

03:03:16.950 --> 03:03:24.870

Cooper City Virtual Meeting: And they chamber to also have some of our businesses if they want to be involved as well wonderful, the more the merrier any questions or the city manager.

1138

03:03:26.670 --> 03:03:28.860

Cooper City Virtual Meeting: Hearing none move on city attorney support.

1142

03:04:00.780 --> 03:04:18.810

1146

03:04:49.260 --> 03:04:56.610

Cooper City Virtual Meeting: Bi weekly on moving forward for the next few months, we will be implementing that aggressive driving stands here and Cooper city with the base grant.

1150

03:05:21.870 --> 03:05:30.660

Cooper City Virtual Meeting: That the Santiago on our midnight ship was patrolling here on Cooper city late at night, and there was a license plate reader and lpr and pembroke pines.

1151

03:05:30.990 --> 03:05:43.710

Cooper City Virtual Meeting: That have a hit on a vehicle that was stolen that'd be Santiago in his patrols later on at around four in the morning had saw that very vehicle driving on one 18th avenue entering plumbing of gardens.

1152

03:05:44.460 --> 03:05:52.290

Cooper City Virtual Meeting: neighborhood he got behind that vehicle and i'll tell you that you know the way progress that vehicle ended up being stopped there was a bailout.

1153

03:05:52.650 --> 03:06:06.600

Cooper City Virtual Meeting: Down Southwest ranches Davey was there with us, we work in conjunction with each other and apprehended for individuals, none of which lives in Cooper city or anywhere near where one of which actually lived in Miami dade somewhere down in Carroll city.

1154

03:06:07.950 --> 03:06:17.340

Cooper City Virtual Meeting: So i'm very proud of our deputies for being out there being cognizant and that was late hours, but I wanted to highlight this one particular case because I think it shows the wisdom of the city Commission.

1155

03:06:17.700 --> 03:06:27.720

Cooper City Virtual Meeting: The manager for the funding of the recent Alp ours and will be rolling out and Cooper city part of the Christian dziedzic plan that we had talked about that's up and coming for the.

1156

03:06:28.260 --> 03:06:38.520

Cooper City Virtual Meeting: discussion was the proactive investment in public safety and also using technology leveraging it to help us have better resource management and to address the crimes concerns.

1157

03:06:38.970 --> 03:06:51.090

Cooper City Virtual Meeting: very responsibly and this is one case where we can see that that technology that we invested in will work and it's going to help us a lot better once it's actually here in place and Cooper sitting.

1158

03:06:52.620 --> 03:06:55.260

Cooper City Virtual Meeting: in regards to that plan that we've been working on.

1159

03:06:56.460 --> 03:07:04.920

Cooper City Virtual Meeting: I thank you for your support on tonight's agenda item with the smart cameras I look very much forward to bringing you the third phase, which is gonna be the real time crime Center.

1160

03:07:05.190 --> 03:07:14.040

Cooper City Virtual Meeting: I told the city manager I should have that by the end of the week for him to sit down with him and his staff to look over and hopefully have that before the Commission sometime next month.

1161

03:07:14.730 --> 03:07:24.000

Cooper City Virtual Meeting: But I wanted to let you know that we have developed already a PPP program to roll out to the business community and our strategic partners called Cooper city stars.

1162

03:07:24.390 --> 03:07:33.720

Cooper City Virtual Meeting: So Cooper city safer through active real time and strategies that program is going to be rolled out to our business community Community partners.

1163

03:07:34.200 --> 03:07:42.090

Cooper City Virtual Meeting: To start getting them to tie into the real time crimes and every fourth even developed in case the Commission decides to fund that project.

1164

03:07:42.510 --> 03:07:50.580

Cooper City Virtual Meeting: And why that's so important is because we want to have the buy in ready to tap in that what's the build out happens again if the Commission support that item.

1165

03:07:51.000 --> 03:07:58.590

Cooper City Virtual Meeting: That we will be able to go live from day one with a good active system with the businesses and the H ways tie then.

1166

03:07:58.980 --> 03:08:11.220

Cooper City Virtual Meeting: we've had very productive conversations with some of our business leaders and the ways and they're very excited about Cooper city stars and looking to join the program some happy to share that with you and we'll be talking more about that in the month of column sure.

1167

03:08:12.240 --> 03:08:18.210

Cooper City Virtual Meeting: regards to Community outreach I just want to echo the statements from the city manager and just.

1168

03:08:18.480 --> 03:08:30.750

Cooper City Virtual Meeting: give credit to the city staff here I mean there was some amazing events, we had the privilege of just supporting those events Stacey her team TIM Carlos and just eat to the be business Expo was amazing.

1169

03:08:31.470 --> 03:08:35.640

Cooper City Virtual Meeting: So we look really much forward to supporting you, with your founders day efforts.

1170

03:08:36.480 --> 03:08:43.980

Cooper City Virtual Meeting: Also, will be at the church at Pentecost church on Thursday for the Holocaust events and make sure that that goes safely, but also to interact with the Community.

1171

03:08:44.580 --> 03:08:49.290

Cooper City Virtual Meeting: And then, on a fun note, I want to share with you that your bloodhound your newest bloodhound anthem.

1172

03:08:49.710 --> 03:08:57.150

Cooper City Virtual Meeting: turns one on Friday so we'd be having a birthday celebration for anthem this Friday just a little thing at the.

1173

03:08:57.600 --> 03:09:05.430

Cooper City Virtual Meeting: Cooper city station and we invite a MIC over to get some good pictures hopefully share with Community because i'm sure they'll love to see anthems first birthday.

1174

03:09:06.360 --> 03:09:13.830

Cooper City Virtual Meeting: Lastly, my vacancy standard to one CSA reference a promotion that took place on January 15 of this year.

1175

03:09:14.220 --> 03:09:25.320

Cooper City Virtual Meeting: And then the code position, which was the retirement on October 22 of last year that could position is being posted on January 31 will close on.

1176

03:09:25.860 --> 03:09:33.150

Cooper City Virtual Meeting: Two weeks after that, at that point, I will be able to hold the interviews, so I hope to have that filled sometime in March, that concludes my report.

1177

03:09:34.230 --> 03:09:45.390

Cooper City Virtual Meeting: Can you please tell us what's going on with the signs that are being intentionally destroyed and vandalized and i'm talking traffic signs, in essence, but it also has to do with.

1178

03:09:46.290 --> 03:09:54.540

Cooper City Virtual Meeting: signage yes mayor Ross i'm so I know the city manager, I put out a public safety announcement, a couple of weeks ago and.

1179

03:09:54.840 --> 03:10:04.830

Cooper City Virtual Meeting: For a couple days a few maybe a week or so it died down, but over the weekend, we did have another incident where it appears to be a vehicle that is intentionally driving.

1180

03:10:05.670 --> 03:10:17.190

Cooper City Virtual Meeting: Around uber city, most likely during the nighttime hours and apparently potentially backing into speed signs and school signs and a couple of just.

1181

03:10:17.760 --> 03:10:28.110

Cooper City Virtual Meeting: general direction type signs, so if the public sees anything abnormal if they see any trucks that seem to be hanging out in the easements late at night.

1182

03:10:29.070 --> 03:10:43.380

Cooper City Virtual Meeting: Please contact my team, so that we can investigate we've been scouring the neighborhoods for video evidence we've have strategically placed cameras throughout the city, but, to date, we do not have anything that is substantial.

1183

03:10:43.980 --> 03:10:56.130

Cooper City Virtual Meeting: to report on this, but we are working with our Community partners trying to find leads, we have reached out to a joining, I mean it's a power these not many have had such cases pembroke pines did have a few.

1184

03:10:57.210 --> 03:11:06.720

Cooper City Virtual Meeting: But we're actively investigating it Thank you any other questions captain, but just a common, thank you very much for this technology initiative.

1185

03:11:07.290 --> 03:11:16.950

Cooper City Virtual Meeting: This is exactly what we need this to propel us forward, I look forward to seeing the results of these new cameras I know my Community I signing up.

1186

03:11:17.520 --> 03:11:27.450

Cooper City Virtual Meeting: For this new program and they're very excited about it, and thank you, thank you very much my pleasure now, of course, you should there's an that they apprehended.

1187

03:11:28.500 --> 03:11:31.440

Cooper City Virtual Meeting: Somebody from a stolen vehicle apprehended with canine.

1188

03:11:34.200 --> 03:11:48.870

Cooper City Virtual Meeting: The bailout are you talking about the know that was that apprehension took place and Davey with Kang I do not believe can was there for that I can double check for you though there's my current My concern is that we have daytime canaan.

1189

03:11:50.700 --> 03:12:01.230

Cooper City Virtual Meeting: or regional scheduling and I probably think if we are need might really be in that time well we we've discussed this before, Commissioner.

1190

03:12:02.580 --> 03:12:13.080

Cooper City Virtual Meeting: Your nighttime you're going to be targeting the vehicle the vehicle burglary mo your daytime you're targeting the Berkeley residents mo in the scheme of things people.

1191

03:12:14.100 --> 03:12:23.970

Cooper City Virtual Meeting: tend to, and I would agree that burghley residents have precedence because you're invading their personal yeah but but, but they do courses over the resource on there's a lot less shift.

1192

03:12:25.290 --> 03:12:35.100

Cooper City Virtual Meeting: with apprehension that might take place right now you're right currently Cooper city is experiencing more burglary conveniences, although we do not have lot.

1193

03:12:35.640 --> 03:12:45.090

Cooper City Virtual Meeting: Then barely residences, but I just want you to know, and the Commission and the residents and know that there's also a a strategic reason why a canine on day shift is beneficial.

1194

03:12:45.690 --> 03:12:51.930

Cooper City Virtual Meeting: Well, but the reason we have it on day shift isn't because you scheduled it for day shift it's because they bid by seniority.

1195

03:12:52.920 --> 03:13:03.180

Cooper City Virtual Meeting: And the person in our city must have enough seniority not to be a nice new correct and and I just think we should take a look at that because traditionally we've had a yeah.

1196

03:13:03.690 --> 03:13:13.080

Cooper City Virtual Meeting: And I want to reinvent the wheel, but the other thing is, I did contact you today, but I want to share the rest of the Commission resident sent me pictures.

1197

03:13:13.530 --> 03:13:20.190

Cooper City Virtual Meeting: of one of the Charter schools that had a golf cart shutting down a lane of traffic and.

1198

03:13:20.910 --> 03:13:29.070

Cooper City Virtual Meeting: There wasn't a devotee maybe they didn't get their detail or whatever happens, but this just to me seems like we're just really addressing issues.

1199

03:13:29.610 --> 03:13:38.820

Cooper City Virtual Meeting: I want to know what like what we should do is Commission should we just authorize people to shut down main roads, or do we take action on it.

1200

03:13:39.510 --> 03:13:48.960

Cooper City Virtual Meeting: i'm at I think that we, we need to look at our code to see if it is a violation of the code to to shut down a road.

1201

03:13:49.500 --> 03:13:52.380

Cooper City Virtual Meeting: Without a person, I think we also need to take a look at the contract.

1202

03:13:52.950 --> 03:14:04.830

Cooper City Virtual Meeting: yeah and see what we can do, how and how to enforce and the other thing i'd want to do is if if this is, if this is indeed a violation of our ordinances and this property owner continue to do it, I want to look at maybe nuisance abatement.

1203

03:14:05.610 --> 03:14:08.280

Cooper City Virtual Meeting: And going after with nuisance abatement I don't know the exact.

1204

03:14:10.590 --> 03:14:20.280

Cooper City Virtual Meeting: I don't know if this violation would fall within the statute for nuisance abatement, but if that's the case i'd like to go after this Charter schools or the nuisance abatement thing.

1205

03:14:20.850 --> 03:14:29.670

Cooper City Virtual Meeting: and prosecute them and, and you know, to the fullest extent, and then we just go round and round and round we do and it's often enough, but.

1206

03:14:30.600 --> 03:14:43.470

Cooper City Virtual Meeting: I always am of the opinion, to try and speak with and talk with and come and come to an agreement of solution it's not like we haven't addressed it before time and time again.

1207

03:14:44.130 --> 03:14:52.890

Cooper City Virtual Meeting: My question is this time and I don't know what school you're referring to really doesn't matter, did they try and contact the captain or the city manager.

1208

03:14:53.520 --> 03:15:04.020

Cooper City Virtual Meeting: Or are they asking for forgiveness after they do it because, if that's it, then we need to regardless of who they contacted I don't think it is appropriate to take a golf cart in block.

1209

03:15:04.320 --> 03:15:21.000

Cooper City Virtual Meeting: I ignoring caddy road and that's why I think they didn't contact either one of them, but maybe i'm wrong and to me it's just what are we going to do just keep doing like you could just drive a golf cart out in block the northbound lane at sun palm avenue yeah we can do that right.

1210

03:15:22.440 --> 03:15:31.710

Cooper City Virtual Meeting: No, so if the Its certain rules with lane closures right and we we've addressed this with in this particular case finisher speaking about Renaissance charter.

1211

03:15:32.310 --> 03:15:42.180

Cooper City Virtual Meeting: If I may offer Renaissance Charter has a brand new principal let me approach, the principal this week with my traffic supervisor, let me go over the MOT process.

1212

03:15:42.690 --> 03:15:51.480

Cooper City Virtual Meeting: So that way they can have a backup plan if the traffic detailed deputy has not arrived that they can have an authorized MOT.

1213

03:15:52.230 --> 03:16:04.410

Cooper City Virtual Meeting: Through flt now they would have to certify their members we've already vetted that process for Franklin to explain how that would work once they got certified and they were clear, they would have to submit a MOT.

1214

03:16:05.430 --> 03:16:14.790

Cooper City Virtual Meeting: packet to be approved by FDA It once I was approved, then they can implement the link closure, we were present, we could implement it on our own.

1215

03:16:15.360 --> 03:16:24.840

Cooper City Virtual Meeting: But this case this happened because the traveler he felt that he was not present I miss confusing it I don't want the broward sheriff's office and MOT and mo you.

1216

03:16:25.650 --> 03:16:32.070

Cooper City Virtual Meeting: A crossing guard I don't want anyone shutting down a road without a permit you required to have a permit to shut down a road.

1217

03:16:32.490 --> 03:16:37.110

Cooper City Virtual Meeting: I don't believe you can just shut down a lane you can't just hire the sheriff's office to shut down a lane.

1218

03:16:37.710 --> 03:16:45.450

Cooper City Virtual Meeting: there's a an accident, I was just gonna say if there's like traffic accident, yes where's the authority to hot I can hire detail officer to shut down my block.

1219

03:16:46.410 --> 03:16:54.030

Cooper City Virtual Meeting: just shut it down that's that's that to me it's absurd it's a it's a county road it's one of the main thoroughfares.

1220

03:16:54.930 --> 03:17:01.800

Cooper City Virtual Meeting: Why would Why would we allow a property owner just to go shut down a road elaine not to the detriment of the restaurant and every.

1221

03:17:02.280 --> 03:17:08.490

Cooper City Virtual Meeting: go round and round around and so they've done it with the deputies and it's a little bit better sometimes so we kind of.

1222

03:17:08.940 --> 03:17:16.050

Cooper City Virtual Meeting: hype down, but then it POPs back up, I mean a golf cart sideways like a roadblock you see in the movies lane, I mean.

1223

03:17:16.440 --> 03:17:24.300

Cooper City Virtual Meeting: I would encourage you, Captain to have that discussion, but you're saying it's a new principal that's missed itself isn't it no the gentleman that was here today.

1224

03:17:24.840 --> 03:17:41.010

Cooper City Virtual Meeting: He just started with okay amy in all fairness is not about principles about it's about the landowners, the same land over the same lana and and and I that's not Okay, I want to know if the Commission will support me and starting a nuisance abatement process.

1225

03:17:42.870 --> 03:17:43.470

um.

1226

03:17:44.730 --> 03:17:55.110

Cooper City Virtual Meeting: I give an opportunity for the captain to sit talk and discuss and and come back you know 3060 days see if the solution is.

1227

03:17:57.030 --> 03:18:02.310

Cooper City Virtual Meeting: The solution is still link shut down, though I don't think that's sufficient I don't think that you know that we should be able to shut.

1228

03:18:02.910 --> 03:18:18.990

Cooper City Virtual Meeting: And I do agree with that, Commissioner, I mean seriously because i've been over there, I see what's happening it's not fair to all the other people, and it really does coming off Sharon very potentially causing an Act and the backup is ridiculous.

1229

03:18:20.070 --> 03:18:31.860

Cooper City Virtual Meeting: I know that they've been working on it, maybe concomitantly you can talk with them, but in the meantime, maybe we should start taking a look, and I think we should, because the like remember last time action.

1230

03:18:32.370 --> 03:18:38.850

Cooper City Virtual Meeting: Commissioners router suggested we were on the agenda if we got row, they can add you're in a hurry right they wanted to talk.

1231

03:18:40.290 --> 03:18:44.130

Cooper City Virtual Meeting: cine yeah I we seem to different question or resident.

1232

03:18:45.330 --> 03:18:46.110

Cooper City Virtual Meeting: Whether.

1233

03:18:47.610 --> 03:18:50.760

Cooper City Virtual Meeting: The closure of elaine and needs a deity approval.

1234

03:18:52.110 --> 03:19:09.960

Cooper City Virtual Meeting: So I asked Jacob Jacob, say, well, no different for emergency they can please can close our lane, but this is not emerges that closing it every day, and so I mean wouldn't do it have designed the streets differently, had they known that the lane would have been closed every day.

1235

03:19:11.040 --> 03:19:18.840

Cooper City Virtual Meeting: on the street possible yeah that's so so do they need do T permission to close the lane every day.

1236

03:19:19.590 --> 03:19:28.080

Cooper City Virtual Meeting: This is not an emergency, this is a daily occurrence, law enforcement, does not need permission from at the ot to close down a lane and.

1237

03:19:28.590 --> 03:19:32.550

Cooper City Virtual Meeting: Put an emergency, but this is not an emergency higher and law enforcement deputy.

1238

03:19:33.000 --> 03:19:42.000

Cooper City Virtual Meeting: And the fact that the deputy there is working at detail goes to the fact it's not an emergency it's not an on duty all law enforcement officer has the authority to.

1239

03:19:42.360 --> 03:19:48.360

Cooper City Virtual Meeting: redirect traffic close down a lane modify the traffic without being permitted throughout the ot However, if the.

1240

03:19:49.020 --> 03:19:52.050

Cooper City Virtual Meeting: Non law enforcement officer official which is school official.

1241

03:19:52.470 --> 03:20:02.940

Cooper City Virtual Meeting: That that they would need to have proper permitting and approval through an MOT process throughout the ot So can I hire a deputy to shut down my street for a block party.

1242

03:20:03.420 --> 03:20:18.240

Cooper City Virtual Meeting: Without within skip the city's permitting process is be so willing to do to skip the city's permitting process, and do, that the city, the city has authorized special permitting block parties with street closure, no, no, am I allowed to close it without a permit.

1243

03:20:19.740 --> 03:20:30.540

Cooper City Virtual Meeting: Or is bs okay with me hiring a deputy but that's different Commissioner because you're you're taking an issue where you're now have a resident who is trying to have a block party which necessitates a lung closure.

1244

03:20:30.840 --> 03:20:37.170

Cooper City Virtual Meeting: So that's why we have to come before this Commission for a special this that's the same situation you're talking about a property owner.

1245

03:20:37.620 --> 03:20:45.360

Cooper City Virtual Meeting: Who, there is a procedure for them to go and get a link ledger through do T or whatever, and in lieu of that they circumvent that by hiring a deputy sheriff to do it.

1246

03:20:46.650 --> 03:20:48.330

Cooper City Virtual Meeting: Commissioner, all I can tell you.

1247

03:20:49.590 --> 03:20:51.900

Cooper City Virtual Meeting: Respect the commission's decision, whatever it decides to do.

1248

03:20:54.450 --> 03:20:58.380

Cooper City Virtual Meeting: From the law enforcement perspective, taking that right hand turn lane.

1249

03:20:59.640 --> 03:21:10.860

Cooper City Virtual Meeting: is the best option to mitigate the traffic congestion, if we do not take that right turn lane, and you have vehicles coming out of Renaissance attempting to make a right.

1250

03:21:11.250 --> 03:21:18.180

Cooper City Virtual Meeting: The northbound traffic will not heat to them, which will only confound the problem and pro long it's.

1251

03:21:18.960 --> 03:21:28.170

Cooper City Virtual Meeting: Taking the right lane to allow trap to fly the school expedites the process that that's my advice, but is that, based on the current configuration.

1252

03:21:28.890 --> 03:21:39.210

Cooper City Virtual Meeting: Yes, you're correct so is your is your opinion that if that road was physically reconfigured that it couldn't be better correct it could be right so maybe that that property owner.

1253

03:21:39.780 --> 03:21:48.960

Cooper City Virtual Meeting: needs to facilitate the reconfiguration to allow for that well that that I that I won't try and go that's not my place to try man, but I do agree that.

1254

03:21:50.130 --> 03:22:05.160

Cooper City Virtual Meeting: better solutions always the long term solution is changing the roadway that does not require the law enforcement presence out there to manage thing can I suggest that the captain talk with them come back next.

1255

03:22:06.090 --> 03:22:10.920

Cooper City Virtual Meeting: meeting for him and then we're asking well he's gonna go ask him hey can you can you make some reconfiguration.

1256

03:22:12.000 --> 03:22:22.530

Cooper City Virtual Meeting: Yes to him that that be accomplished, or at least attempted, I think we need to decide as a Commission, rather not we're going to require them to comply with their conditional use or not.

1257

03:22:24.480 --> 03:22:32.340

Cooper City Virtual Meeting: I don't believe I don't believe when they became before this Commission I wasn't here if I don't believe they say, can I put a school here and Monday through Friday shut down the right lane.

1258

03:22:33.150 --> 03:22:40.860

Cooper City Virtual Meeting: And you guys said yes, I can let's let's put it on the agenda it's been on the agenda, we gave direction to investigate it we've already gone through all this, I think.

1259

03:22:42.000 --> 03:22:53.400

Cooper City Virtual Meeting: The public should be aware, should be able to come in this is just not on the agenda and it's coming up, we last time it was on the agenda, yes, we agreed that.

1260

03:22:54.150 --> 03:22:58.320

Cooper City Virtual Meeting: Somebody was going to go, because the captain said he didn't feel comfortable and investigating it.

1261

03:22:58.710 --> 03:23:06.120

Cooper City Virtual Meeting: So we agreed that somebody was going to do that, that never happened well i'm getting a call again that the and I go I drive out there and I got a picture of.

1262

03:23:06.540 --> 03:23:14.820

Cooper City Virtual Meeting: The call I drive by there, but the only change that I believe was made was that, as per their conditional use agreement they were required to have.

1263

03:23:15.480 --> 03:23:25.200

Cooper City Virtual Meeting: Three pickup times in the afternoon as opposed to and they made that change correct that's correct is there anything else in the conditional use agreement that they're not currently.

1264

03:23:26.880 --> 03:23:32.850

Cooper City Virtual Meeting: You know the up to and we check the conditional use on on the size of the classes and that, but they did make that one change.

1265

03:23:34.260 --> 03:23:41.010

Cooper City Virtual Meeting: So let me ask them will rephrase it so maybe this question you for Jacob when he comes back is that property owner permitted.

1266

03:23:41.580 --> 03:23:53.220

Cooper City Virtual Meeting: By right to shut down the right lane every Monday through Friday, or can we prohibit that not him, no, I know, but what i'm saying is because they've hired them.

1267

03:23:53.760 --> 03:24:02.130

Cooper City Virtual Meeting: that's what gives them the right, no, because then we will leave be so if they say they are going to circumvent our our permitting process, I said we shouldn't be in the contract, but no one will.

1268

03:24:03.060 --> 03:24:18.510

Cooper City Virtual Meeting: Be so it's not going to purposefully circumvent are permitting process if we required permitting to shut down a lane and they're providing details details without the permitting whenever, but he is he's doing the best he can with whatever, that is, but from our standpoint.

1269

03:24:19.710 --> 03:24:25.320

Cooper City Virtual Meeting: Or are they allowed to shut down that lane Monday through Friday Commission shout let me, let me, and please forgive me.

1270

03:24:26.400 --> 03:24:30.000

Cooper City Virtual Meeting: So what i'm hearing you say is.

1271

03:24:31.920 --> 03:24:42.870

Cooper City Virtual Meeting: A property owner who owns what property Renaissance red apple whoever the owner of that land is they're having a someone sit out in a golf cart.

1272

03:24:43.530 --> 03:24:53.790

Cooper City Virtual Meeting: And shut down the northbound right lane and it's not there, so are they did so they're directing traffic, they should not have done a Commissioner Fisher shatters correct.

1273

03:24:54.300 --> 03:25:03.030

Cooper City Virtual Meeting: Today, the traffic detailed they're not show up and they their staff shut down the lane themselves as if what we normally would do okay so.

1274

03:25:05.100 --> 03:25:12.900

Cooper City Virtual Meeting: From what i've heard they don't have the authority to do that what i've heard you say is that you're going to speak to the principal and.

1275

03:25:14.070 --> 03:25:26.340

Cooper City Virtual Meeting: Modest him, this is not standard operating procedure you do not have the authority or whoever it is you don't have the authority to block the road.

1276

03:25:28.050 --> 03:25:33.150

Cooper City Virtual Meeting: We would want to educate them in the correct process Okay, but even if the deputy didn't show up.

1277

03:25:33.900 --> 03:25:51.090

Cooper City Virtual Meeting: Do is our ordinances allow you to just have a deputy shut down a main road can dairy queen shut down one lane only road Monday through Friday Okay, so when you say shut down, so no one's using that road or is that road being I.

1278

03:25:52.380 --> 03:26:03.510

Cooper City Virtual Meeting: know they put they put either a cop car or golf cart as today there she cannot drive right so yeah as a barricade so all so there's two lanes go northbound everyone's forced to go into one lane.

1279

03:26:04.170 --> 03:26:14.640

Cooper City Virtual Meeting: So they they shut down, not only internally but, but the right fooling So what is the So let me ask this Captain with regards to the other.

1280

03:26:16.050 --> 03:26:31.260

Cooper City Virtual Meeting: schools throughout the city, what is the standard operating procedure or a process for you know doing you know beginning of school or at the end of the school day in terms of redirecting traffic.

1281

03:26:33.030 --> 03:26:39.960

Cooper City Virtual Meeting: And in schools where you have a lot of traffic that's coming in very quickly and leaving very quickly.

1282

03:26:41.160 --> 03:26:55.080

Cooper City Virtual Meeting: A common practice is to take the right turn lane law enforcement would typically be there to take the right turn lane to expedite those vehicles, leaving because, and the reason why I asked you, that is because I know that.

1283

03:26:55.650 --> 03:27:06.060

Cooper City Virtual Meeting: Cooper city high school at the beginning, the first couple of weeks during high school is, I know that I have seen throughout the years the cones.

1284

03:27:07.230 --> 03:27:16.140

Cooper City Virtual Meeting: You all have designated at those if you're coming from coming from the East hating Western sterling for those parents to go into turn into.

1285

03:27:17.790 --> 03:27:18.000

Cooper City Virtual Meeting: either.

1286

03:27:19.440 --> 03:27:40.050

Cooper City Virtual Meeting: Cooper city church of God there's this columns will you have taken, we were you have taken a dry a driveway or a road, and you have used it to redirect for stacking purposes, we have Commissioner in the past with diversity high school when they're leaving either the senior parking lot.

1287

03:27:41.190 --> 03:27:52.170

Cooper City Virtual Meeting: Taking the right turn lane we just can't do it every day because we don't have the staffing to okay so so so the point that i'm trying to make with this is, and I understand that.

1288

03:27:52.650 --> 03:28:10.140

Cooper City Virtual Meeting: Renaissance has there's a conditional use agreement in place with Renaissance and frank Franklin Academy, for that matter, and yes, they, we need to, we need to ensure that they are complying with their conditional use agreement as it pertains to the traffic flow.

1289

03:28:11.250 --> 03:28:23.220

Cooper City Virtual Meeting: But we know but, but we know that during school hours it the same thing is happening at Cooper city high school or has historically happened at Cooper city high school where the deputies have.

1290

03:28:24.450 --> 03:28:34.830

Cooper City Virtual Meeting: shut down a road for the purposes of allowing for at the end of the day, the parents are getting there too early at the school and I know Commissioner Mel so you have talked about this at ag nauseum.

1291

03:28:35.100 --> 03:28:43.350

Cooper City Virtual Meeting: With regards to tell the parents, but the parents are not well they're not doing it here in this city and quite honestly they're not doing it in any sale, but.

1292

03:28:43.800 --> 03:28:50.760

Cooper City Virtual Meeting: The public schools what's happening at the public schools is is similar to what's happening in tamarack.

1293

03:28:51.180 --> 03:29:04.080

Cooper City Virtual Meeting: means nothing because we have no jurisdiction over the public schools, we have no jurisdiction over tamarack we have no jurisdiction over boca raton I don't care what they're doing, where we have no jurisdiction but where we have jurisdiction.

1294

03:29:04.590 --> 03:29:11.940

Cooper City Virtual Meeting: they're shutting that elaine and there is no public school in Cooper city where a lane is shut down daily.

1295

03:29:12.780 --> 03:29:29.160

Cooper City Virtual Meeting: Not not since I can recall through which one is about right behind us, you know, a police car shuts down and i'm not talking about the QA like shut down by queuing Okay, but that's the natural flow that's even worse over here, because you get one language, a vehicle a.

1296

03:29:30.180 --> 03:29:41.940

Cooper City Virtual Meeting: shot with you know we talked about this a lot over the years, and I agree with you, the palm avenue at least there's another lane that people can can traverse to get to get.

1297

03:29:42.270 --> 03:29:49.170

Cooper City Virtual Meeting: Out of sterling go back here you're taking your life in your hands between 132 o'clock yeah I know 10 miles an hour versus sitting.

1298

03:29:50.070 --> 03:29:57.360

Cooper City Virtual Meeting: Next to somebody you're trying to the reality is when when they had that project to prove let's not talk about public schools, we have no sales.

1299

03:29:57.930 --> 03:30:04.800

Cooper City Virtual Meeting: right we don't know the public schools but let's talk about we brought it up and I don't want to get what what did what we have say over.

1300

03:30:05.370 --> 03:30:12.450

Cooper City Virtual Meeting: Well, we have say over is what state state legislature is given a sailor, and they haven't given us a republic, so when they do will address it.

1301

03:30:12.930 --> 03:30:20.760

Cooper City Virtual Meeting: When they came for approval, maybe Commissioner green remembers she she was on I highly doubt part of their plan was that they went to the county.

1302

03:30:21.210 --> 03:30:28.800

Cooper City Virtual Meeting: For sake of Renaissance or Franklin went to FDA ot in part of their plan was shutting down a lane every day that we know that didn't happen.

1303

03:30:29.520 --> 03:30:42.690

Cooper City Virtual Meeting: They might have had in there, to have a deputy but it wasn't the shut down a road every day, they would never ever prove that if they did, we need to ask the county to redo the road cannot hire a deputy just to shut down the road Monday through Friday.

1304

03:30:44.790 --> 03:31:01.410

Cooper City Virtual Meeting: So the issue is, and I mean that that's the issue, the reason the road is shut down, I mean that lane it's not a road it's that lane is shut down is to East the flow of traffic, so it actually helps during that time period to ease the help to.

1305

03:31:02.250 --> 03:31:13.770

Cooper City Virtual Meeting: Every Renaissance, well, it helps people exit does not help the people heading northbound because later darting over but you're gonna you're regardless of whether you shut that laying down or not you're going to have that amount of people.

1306

03:31:14.400 --> 03:31:22.440

Cooper City Virtual Meeting: exiting, and I mean you, you you, you are so your question, you always gonna have that amount of people exiting know if you had.

1307

03:31:22.710 --> 03:31:27.630

Cooper City Virtual Meeting: If you weren't allowed to do it, I guess you'd have a lower population at the school well, maybe you would pay.

1308

03:31:27.960 --> 03:31:32.010

Cooper City Virtual Meeting: To to remove the barrier on the turn lane, so you could.

1309

03:31:32.250 --> 03:31:42.060

Cooper City Virtual Meeting: You could actually run in the park, you can actually make a modification where that you're not affecting palm avenue like click the park would have to allow that in the burqa set the table at the end of the day, that's their problem.

1310

03:31:42.390 --> 03:31:50.340

Cooper City Virtual Meeting: Understand that but but i'm just trying to end the conversation here on on what we want to do so, what you're saying, Commissioner router is.

1311

03:31:50.850 --> 03:32:00.930

Cooper City Virtual Meeting: Can they do it, I think the answer is yes, they can I Okay, and can we prohibit them Okay, and if we prohibit them what, what do you want.

1312

03:32:01.650 --> 03:32:08.880

Cooper City Virtual Meeting: What do you want us to do you want us to, I would like to do nuisance abatement okay I don't know what that I would like to, I would like, if I think.

1313

03:32:09.240 --> 03:32:18.270

Cooper City Virtual Meeting: If you're finding that they're violating or two or more and it's I don't know if that's one of the ones are not that fall within the Statute, I would like to nuisance abatement, we can take the property.

1314

03:32:19.470 --> 03:32:27.030

Cooper City Virtual Meeting: Your revoke their conditional use i'm not opposed to punishing people for for doing things they shouldn't do if you're running a drug house i'm.

1315

03:32:27.660 --> 03:32:34.410

Cooper City Virtual Meeting: i'm for the COPs taking the property if you're running a nuisance and you're causing people all kinds of traffic.

1316

03:32:34.980 --> 03:32:44.460

Cooper City Virtual Meeting: i'm for correcting that measure, and we have to take it, we can take it, they could go to the church and make a deal, they can figure it out, they get like I said they could take a helicopter fly the kids in I don't care.

1317

03:32:44.970 --> 03:32:50.400

Cooper City Virtual Meeting: But when they came here they didn't come to the suit created commission's they can we shut down one of the lanes of palm avenue every day.

1318

03:32:50.850 --> 03:32:54.450

Cooper City Virtual Meeting: And you guys be fine with it No, of course, it didn't do that, but why are we letting them.

1319

03:32:54.900 --> 03:33:02.550

Cooper City Virtual Meeting: If somebody came before us today if, when he came in and said we would like to shut down one lane i'm sterling road every day what the What would we say.

1320

03:33:03.090 --> 03:33:10.890

Cooper City Virtual Meeting: We will you're not Well, no, we if it was a an event, where you have that value my travel not have any would say yeah Monday through Friday not.

1321

03:33:11.340 --> 03:33:21.480

Cooper City Virtual Meeting: not looking at the permit Monday through Friday for 180 days we'd like to shut up shut up, but what i'm saying is a school demisse dismissal as an event, where you have a large volume of cars coming and going.

1322

03:33:21.780 --> 03:33:29.040

Cooper City Virtual Meeting: So, the solution is to shut down that event to ease that but, if we want to stop them from doing that it's right now, they can.

1323

03:33:29.310 --> 03:33:46.470

Cooper City Virtual Meeting: I don't get it and it's recommended by by our police channel I don't believe they know I want to know okay rather legally so we'll ask a question let's take it, and if that then i'd like to i'd like to get rid of the the ordinance, we have to get a permit shut down a road Shanghai or.

1324

03:33:47.910 --> 03:33:51.810

Cooper City Virtual Meeting: Why don't we why don't they have the same rules as everyone else, why can I just hire a cop and shut down a road.

1325

03:33:53.160 --> 03:34:07.320

Cooper City Virtual Meeting: What do they get the higher they never went through FDA it to show to show us how it's gonna work correction they didn't hire we get well that even makes it worse and that's why I go back to we shouldn't have done it, but no one listen.

1326

03:34:09.000 --> 03:34:15.030

Cooper City Virtual Meeting: talk to him come back in two weeks, no I don't want them to talk, no, I want to start okay let's see it was.

1327

03:34:16.110 --> 03:34:17.640

Cooper City Virtual Meeting: Back on Okay, no, no, no.

1328

03:34:18.090 --> 03:34:27.840

Cooper City Virtual Meeting: What was on the agenda was We agreed that city staff was gonna hop through the city attorney's office somebody to invest it rolling out there and compliance i'd like to report when are we getting the report back Council.

1329

03:34:28.080 --> 03:34:45.960

Cooper City Virtual Meeting: Just indicated that has to be put on the agenda, it was on the agenda, we agreed on it, I know where's the report back let's put it on the agenda for the report to come back and let's see what it says, if there is such a report, but we'll get to it, we will get to know we want what happened.

1330

03:34:47.730 --> 03:34:54.390

Cooper City Virtual Meeting: For years we won't we won't let it go i'd like to hire deputy, I want to shut down all the sterling road.

1331

03:34:55.950 --> 03:35:04.890

Cooper City Virtual Meeting: Commission I understand what you're saying, but in every case, if somebody if they're going to hire a detail, we would determine whether that was necessary, whether it was right to do.

1332

03:35:05.430 --> 03:35:08.640

Cooper City Virtual Meeting: I I promise you that, in this particular case.

1333

03:35:09.390 --> 03:35:16.800

Cooper City Virtual Meeting: It helps the situation, however, they should not do it if we're not present because I do not have authorization to shut that down.

1334

03:35:17.100 --> 03:35:23.250

Cooper City Virtual Meeting: that's what I want to go on rectify, I do agree with you that long term the better solution is a widening of the road.

1335

03:35:23.520 --> 03:35:33.780

Cooper City Virtual Meeting: because it eliminates the need for the deputy to be there when I will speak to them if we have no authority to make them, then we should pay to widen widen the road, because this Commission made a bad decision.

1336

03:35:34.500 --> 03:35:45.480

Cooper City Virtual Meeting: And they allow if if we gave them the right to do that, then this Commission is paid for its mistakes and widen the road because it's not fair to all the residents and stuff as a partner, they may be.

1337

03:35:46.830 --> 03:35:47.640

Cooper City Virtual Meeting: candidly.

1338

03:35:50.310 --> 03:35:57.510

Cooper City Virtual Meeting: They may look to it as saying let's partner up we'll do it with you know yeah like they paid for that sure you never know.

1339

03:35:58.620 --> 03:36:04.590

Cooper City Virtual Meeting: So, and what about the other jars part, what about the other charter schools using our park is supposed to be temporary.

1340

03:36:06.600 --> 03:36:06.840

Cooper City Virtual Meeting: So.

1341

03:36:08.340 --> 03:36:16.140

Cooper City Virtual Meeting: We we haven't had established in a movie with them yeah okay i'd like it to end next week, if they don't if they don't give us a proposed, and while you.

1342

03:36:17.160 --> 03:36:20.820

Cooper City Virtual Meeting: Work on and then, what do you guys to code uses consensus will lock the gates.

1343

03:36:23.070 --> 03:36:28.110

Cooper City Virtual Meeting: When would you like it when would you like to get the Commissioners route, I would not, I would not agree to that.

1344

03:36:30.600 --> 03:36:31.260

Cooper City Virtual Meeting: I hear you.

1345

03:36:32.310 --> 03:36:41.670

Cooper City Virtual Meeting: know what you're asking for Franklin is now usually at the beginning of school, it was so bad, we said okay go ahead and q's you are park but it's temporary right.

1346

03:36:41.940 --> 03:36:52.680

Cooper City Virtual Meeting: We never got the it's temporary forever, for months now it's been four months and they're not going to come so if so, I hear what you're saying Okay, let them come back and do that.

1347

03:36:53.160 --> 03:37:05.550

Cooper City Virtual Meeting: But, but I think it would be rationed irresponsible on our part to say Okay, if you don't do this right, if you if you Okay, so if there's not an mo you agreement in place with the city and they can't.

1348

03:37:05.910 --> 03:37:20.760

Cooper City Virtual Meeting: They can't queue at the park at the park right, then the other alternative is to put them back on the road and potentially block a block a rope would be in this you guys were worried about the dogs people for liability, what about if there's a correction and our park.

1349

03:37:22.740 --> 03:37:27.900

Cooper City Virtual Meeting: In the morning yeah they don't Q in there, they do have a deputy now they got.

1350

03:37:32.010 --> 03:37:37.440

Cooper City Virtual Meeting: Commissioner, I way patrol I hear what you're saying, but the the harsh reality is.

1351

03:37:37.740 --> 03:37:48.690

Cooper City Virtual Meeting: Okay you're the tree, what about the traffic on on this on this road here, what about the traffic at embassy crimp elementary school, what about the travel to get you have no controls.

1352

03:37:49.290 --> 03:37:58.920

Cooper City Virtual Meeting: I have no control over the school I understand what you're saying, but you're not you're not getting rid of the problem just just by you saying, well, we don't have control okay.

1353

03:37:59.520 --> 03:38:10.740

Cooper City Virtual Meeting: The fact is, people are dropping dropping go into the schools earlier they're coming to the schools earlier and they're picking up their kids and they're blocking the traffic at every not only.

1354

03:38:11.910 --> 03:38:25.950

Cooper City Virtual Meeting: In this city they're blocking the traffic at every my kids went the embassy creek pioneer and Cooper city high school and every day that my kids were in school guess what there was a traffic problem in this league they were our residents.

1355

03:38:26.520 --> 03:38:37.200

Cooper City Virtual Meeting: These charter schools refuse to give our residence, at least that you're going to see okay traffic it's you book your residence rip yeah really yeah What about So what about for the deputy sheriff they went out there today.

1356

03:38:38.790 --> 03:38:46.050

Cooper City Virtual Meeting: I finish, I didn't hear the question, who paid for the deputy sheriff that went in sound on the road today Cooper city Cooper city paid for it.

1357

03:38:46.770 --> 03:38:55.890

Cooper City Virtual Meeting: So we're paying so they decided to open a business lie to us about the conditional use not have the resources, and now we go when you have a bomb threat who pays for that.

1358

03:38:56.430 --> 03:39:02.820

Cooper City Virtual Meeting: person so we're paying for all that at least the public schools of our students are resonance and i'm not their partner.

1359

03:39:03.840 --> 03:39:15.870

Cooper City Virtual Meeting: I am not their partner that's clear, they are not a and and again it's a scenario that we are aware of the cabinets were give him an opportunity.

1360

03:39:16.230 --> 03:39:24.450

Cooper City Virtual Meeting: To work, his magic if not i'd like to eminent domain, the land, then we can work with that let's put that on the agenda, I want to fix like Jeff.

1361

03:39:24.780 --> 03:39:34.080

Cooper City Virtual Meeting: And were you on the Commission, we voted for it, I believe, so okay well with Jeff and you created, we will fix the resonance of Commission will pay to fix it that you guys a lot all this traffic.

1362

1363

03:39:44.850 --> 03:40:03.390

Cooper City Virtual Meeting: badly put it on the agenda so that everybody's aware of it, we can speak intelligently about it and figure out a solution that's all i'm saying i'm not being rational right now so i'm going to move on, but I only do very much moving on to the Convention and concerns.

1364

03:40:04.530 --> 03:40:05.250

03:41:19.140 --> 03:41:24.780

Cooper City Virtual Meeting: It was awesome awesome I think it generated a lot of business for the businesses that came there.

Cooper City Virtual Meeting: So it was really a great thing Thank you so as a staff I they worked so hard, maybe next year we're going to look at hiring a company that gets paid with the proceeds of the Expo.

1376

03:41:47.850 --> 03:42:02.100

Cooper City Virtual Meeting: Not humans in general fund to get paid from the proceeds because, let me see staff works through it and I really hard and I can't see them after working all week and regular job doing this as well, when it was really hard work.

1377

03:42:03.180 --> 03:42:04.260

1384

03:42:33.870 --> 03:42:44.310

Cooper City Virtual Meeting: We had quite a few of our staff showed up you know, on their day off to come and support this, which was terrific as well fact a couple of meetings one prizes.

1385

03:42:46.530 --> 03:42:52.740

Cooper City Virtual Meeting: You know I want to thank one, a lot of people to thank for for the success of this and the.

1387

03:43:13.980 --> 03:43:21.570

Cooper City Virtual Meeting: business community i've heard a lot of a lot of great things coming back to me about how you're taking care of.

1388

03:43:23.370 --> 03:43:29.970

Cooper City Virtual Meeting: You know the businesses out there, so thank you for that Laura Rolando
brandon Johnson want to thank you all as well.

1389

03:43:30.480 --> 03:43:46.200

Cooper City Virtual Meeting: broward sheriff's office chief, thank you very much for you know, keeping
the traffic flowing I didn't there were no incidents that I know of, except for the double booking that we
had there was another event on the South side of the school but that's neither here nor there Michael
capello.

1390

03:43:49.020 --> 03:43:49.470

Cooper City Virtual Meeting: Joe.

1391

03:43:51.120 --> 03:43:59.790

Cooper City Virtual Meeting: Thank you this, what a great addition to the team you've taken us into the
21st century and beyond our marketing efforts.

1392

03:44:01.080 --> 03:44:04.560

Cooper City Virtual Meeting: Community outreach as well, so I want to thank you.

1393

03:44:08.760 --> 03:44:20.640

Cooper City Virtual Meeting: Carlos Vega you know Carlos started this journey with with me back in
February of last year and the goal was to visit every brick and mortar business in the Cooper Cooper city,
which were there were 320 of them.

1394

03:44:21.240 --> 03:44:34.500

Cooper City Virtual Meeting: took us about nine months to finish, but we visited you know we probably actually had interaction with 75% of them along the way, and about halfway through our journey, the feedback was we need.

1395

03:44:35.550 --> 03:44:41.970

Cooper City Virtual Meeting: people to know that we exist that we're here or we're small businesses going through coven right now we're trying to come out of it and.

1396

03:44:43.260 --> 03:44:49.260

Cooper City Virtual Meeting: People don't know we're here now, the sign of a great leader, and this is just something i've.

1397

03:44:50.580 --> 03:45:02.760

Cooper City Virtual Meeting: subscribed to my whole life, a great leader doesn't come up with a great idea, but the great leader recognizes that great idea and brings it to life and Carlos you are just that leader you've done it baby and.

1398

03:45:03.870 --> 03:45:15.420

Cooper City Virtual Meeting: I really appreciate it i'm proudest really proud of you, and expect to see some more great things from you and staff in the future we've also bandied about the idea of having a.

1399

03:45:17.400 --> 03:45:22.470

Cooper City Virtual Meeting: I guess you'd call it like a taste of Cooper city kind of like what they do in Orlando.

1400

03:45:23.880 --> 03:45:32.130

Cooper City Virtual Meeting: way to showcase our restaurants, speaking with the business owners speaking with residents at the Expo the feedback was tremendous.

1401

03:45:34.710 --> 03:45:40.170

Cooper City Virtual Meeting: The business community is very thankful that now the city has taken the initiative to.

1402

03:45:41.070 --> 03:45:51.780

Cooper City Virtual Meeting: What can we do for them, but in turn what we're doing for the business community it's coming back and helping the residents, because now, the residents have employment opportunities, the residents are more aware of what's available to them in Cooper city.

1403

03:45:52.200 --> 03:46:05.040

Cooper City Virtual Meeting: Conversely, they're spending their money and Cooper city is the hope we can let's fill some of these vacancies in the plazas let's make Cooper city, the place to be for commerce and I know Joe you have plans to do some rebranding we've talked about that.

1404

03:46:07.440 --> 03:46:12.780

Cooper City Virtual Meeting: You know it's strategic planning and I think it's a tremendous opportunity for us to really.

1405

03:46:13.590 --> 03:46:25.350

Cooper City Virtual Meeting: up the stakes and guys everybody that I mentioned, you guys set the bar high with this Expo we had 70 vendors, we sold the place out the first go round we had room for 70 vendors and we sold it out.

1406

03:46:26.100 --> 03:46:33.570

Cooper City Virtual Meeting: And that's just a testament to well and i'd be remiss I didn't even mention a business advisory board those 10 those 10 people.

1407

03:46:34.410 --> 03:46:41.850

Cooper City Virtual Meeting: They really work their fannies off planning the event, they were all there to help out with the event on Saturday.

1408

03:46:42.510 --> 03:46:54.930

Cooper City Virtual Meeting: And you got 1010 wonderful minds there and I look for great things from them and Joe I want to thank you also because you know you wanted to utilize these boards to do different.

1409

03:46:56.040 --> 03:47:08.010

Cooper City Virtual Meeting: Take on different initiatives in the city and you've done just that, and you have a board now that's empowered they feel like they're they feel like what they're doing is worthwhile and they can't wait to dig into the next project, so thank you for that.

1410

03:47:11.160 --> 03:47:16.320

Cooper City Virtual Meeting: And again, I just want to thank everybody for their support and it was a tremendous event.

1411

03:47:17.460 --> 03:47:20.370

Cooper City Virtual Meeting: The only other thing I wanted to mention.

1412

03:47:21.540 --> 03:47:31.200

Cooper City Virtual Meeting: was what Oh, and this is for chief sergeant Douglas Smith, I guess, were invited to lunch tomorrow over at the gag just that's what I.

1413

03:47:31.860 --> 03:47:43.560

Cooper City Virtual Meeting: wanted to mention them and I just sent you all the invitation, because I forgot to send it to you earlier, but she's preparing lunch tomorrow and is invited to come, I didn't get it like you should have gotten your just came.

1414

03:47:44.790 --> 03:47:51.540

Cooper City Virtual Meeting: Yes, I will be there when she when she came up by sending to us when we were yapping yeah and i'm sorry for taking so much time but.

1415

03:47:52.770 --> 03:48:06.360

Cooper City Virtual Meeting: i'd like I said i'm just very, very proud of staff, and it was a tremendous event, I look forward to more great things in the future, thank you and everybody have a great evening, Commissioner sure otter thanks Howard for great job i'm.

1416

03:48:08.790 --> 03:48:19.380

Cooper City Virtual Meeting: The parks, some of the softball people have reached out to me because they're all the parks are all the the fields your clothes and other grading the.

1417

03:48:20.850 --> 03:48:31.680

Cooper City Virtual Meeting: Whatever the clay, but we we had discussed as a policy decision Dr leave one field open least the the outfield should be open.

1418

03:48:32.730 --> 03:48:42.540

Cooper City Virtual Meeting: I myself went to go play ball, the other day, and they spikeball you throw them all of them ever heard of it anyway, I went to go.

1419

03:48:43.200 --> 03:48:49.920

Cooper City Virtual Meeting: to sue Ellen and all the baseball fields were locked even though you don't need the clay, you know the so we can.

1420

03:48:50.310 --> 03:48:57.990

Cooper City Virtual Meeting: leave something for them open, even if it's one of them, because apparently it's not a quick process has been probably two weeks or more, that those have been.

1421

03:48:58.830 --> 03:49:05.460

Cooper City Virtual Meeting: Close maybe they can we can do the logistics, or we can go back to that rule where we're going to get notification before we lock.

1422

03:49:06.360 --> 03:49:14.940

Cooper City Virtual Meeting: mark and put on the agenda, take all the locks off again I don't want to go back I just saw that email and I go through it and we'll we'll figure it out we'll for over bill lips, I don't know why.

1423

03:49:15.690 --> 03:49:21.150

Cooper City Virtual Meeting: that's the field that we designate would always be open to the public that will work is something um.

1424

03:49:22.110 --> 03:49:35.490

Cooper City Virtual Meeting: We I don't know if the managers let you guys know yet, but we secured Cooper city.gov we were successful in getting that versus the group cfl.gov so thanks to the manager things to Mike.

1425

03:49:36.150 --> 03:49:48.180

Cooper City Virtual Meeting: And darryl for getting that done initially they told us we were nobodies but we fought back and showed them that we were somebody so they relented don't take no for an answer don't take no for an answer.

1426

03:49:49.050 --> 03:50:00.060

Cooper City Virtual Meeting: I had on here to discuss adding an economic crimes detective now, I think I won't another to motorman because of the reckless approvals from this Commission regarding traffic, so I think we.

1427

03:50:00.690 --> 03:50:07.020

Cooper City Virtual Meeting: discuss adding more motorman or motor, I guess, not even motor motor people, whatever it is these days.

1428

03:50:08.370 --> 03:50:17.370

Cooper City Virtual Meeting: You know, we just traffic's one of the biggest issues we have in the city and you know with with these conditional uses we've granted left and right.

1429

03:50:18.690 --> 03:50:21.270

Cooper City Virtual Meeting: We have to pay the piper and pay pay the cost.

1430

03:50:22.290 --> 03:50:39.510

Cooper City Virtual Meeting: I would even support adding a traffic deputy to every school seven of them to fix these mistakes we've made so i'm see if I get consensus on that now Okay, the last thing I have, I would like to know who is going to be, I want to on the record who's going to be the Easter bunny.

1431

03:50:41.160 --> 03:50:44.250

Cooper City Virtual Meeting: For the upcoming upcoming man I don't want any issues.

1432

03:50:46.110 --> 03:50:48.450

Cooper City Virtual Meeting: can win is Easter, can we agree on the Easter bunny.

1433

03:50:50.490 --> 03:50:51.630

rabbit was last year right.

1434

03:50:53.100 --> 03:50:58.650

Cooper City Virtual Meeting: Is that not running for the kid is it is it going to get again, we agree that the manager is going to.

1435

03:50:59.130 --> 03:51:06.960

Cooper City Virtual Meeting: Make make the arrangements that it's going to be through him we don't have to worry about any other outside people doing it okay so.

1436

03:51:07.950 --> 03:51:20.400

Cooper City Virtual Meeting: We won't have any any issues like we have with some of the other holidays Thank you everyone knows if you're not a you know it's going to be scheduled through the manager absolutely and the person needs to be.

1437

03:51:21.420 --> 03:51:35.070

Cooper City Virtual Meeting: coven test, you know you know coven safe all those other things, and you know properly vetted and and with the background checks, or whatever you gotta do hang with kids so we agree on that.

1438

03:51:37.050 --> 03:51:37.410

Cooper City Virtual Meeting: Okay.

1439

03:51:38.760 --> 03:51:39.210

Cooper City Virtual Meeting: me.

1440

03:51:43.170 --> 03:51:43.920

Cooper City Virtual Meeting: That was funny.

1441

03:51:45.150 --> 03:51:57.960

Cooper City Virtual Meeting: And that's it, thank you very much, let me and i'm not the first, but let me say Commission Meltzer you deserve the golden sneaker award because you.

1442

03:51:58.770 --> 03:52:15.630

Cooper City Virtual Meeting: worked it for nine months and it came to fruition, which was a win, win, and that was obviously with the help of the business Advisory Board and let's not forget it was also with the partnership with the school board through.

1443

03:52:16.920 --> 03:52:20.850

Cooper City Virtual Meeting: minutes per cubic of the utilization of the cafeteria.

1444

03:52:23.280 --> 03:52:28.770

Cooper City Virtual Meeting: i'm not sure, but even if we did it still I think it's I think it's the school Board of broward county that allows us.

1445

03:52:29.160 --> 03:52:38.400

Cooper City Virtual Meeting: To rent it and that's i'm saying so it couldn't have been done without them, this was truly a team effort with a win, win situation and.

1446

03:52:38.790 --> 03:52:52.440

Cooper City Virtual Meeting: The the vendors of all the businesses in Cooper city really spoke highly because not only were they presenting themselves, if you will, and they were also hiring and so they were getting help.

1447

03:52:53.340 --> 03:53:10.830

Cooper City Virtual Meeting: Our residents will getting helped by being hired and by being introduced to some of the businesses and I won't say that they were new, but that they did not know we're out there and the, and again I was getting compliments and and and the truth is, it was.

1448

03:53:12.060 --> 03:53:21.870

Cooper City Virtual Meeting: commissioned beltlers initiative, with the help of staff which i've never seen a well oiled machine work as well, at any event that they did.

1449

03:53:22.290 --> 03:53:40.560

Cooper City Virtual Meeting: That that day and so kudos to them, I mean seriously they always work well together, but and play well together, but truthfully that event just packed and you know, Joe it comes from the top down, so thank you for what you do.

1450

03:53:42.180 --> 03:53:45.180

Cooper City Virtual Meeting: Just a walk in London in a run for his money and.

1451

03:53:47.460 --> 03:53:49.110

Cooper City Virtual Meeting: He would he really would.

1452

03:53:51.210 --> 03:54:05.130

Cooper City Virtual Meeting: i'm looking forward to having the certification for the autism I think that's gonna be well received and and you know candidly another feather in the cities CAP tonight was a tough night would be so.

1453

03:54:06.810 --> 03:54:15.300

Cooper City Virtual Meeting: But I think, and I think she pulling this said it, I think it's still a step forward, it may be three steps backwards, but we're still going to meet move forward.

1454

03:54:15.750 --> 03:54:25.650

Cooper City Virtual Meeting: And that's The important thing I think they've heard this loud and clear, hopefully they'll get everything to us forth with so that we can make an informed intelligent decision.

1455

03:54:26.880 --> 03:54:37.980

Cooper City Virtual Meeting: Having said that, let's open it up to the public for any public comment anyone here in City Hall wants them to do so, seeing no one to have anyone on virtual you have emotion, thank you very much.
