

“Exhibit A”

Scope of Services:

To assist the City staff in the following areas:

1. Review all wastewater lab results as they become available, and advise if they are consistent with our baseline data.
2. Review the completion of the State and County Monthly Operating Reports.
3. Keep track and advise on the Annual Sludge Report, Broward County Operation Permit, DMRQA, and all the mandatory submittals.
4. Build charts for the Deep Injection Well Injectivity test.
5. Review the Underground Injection Control (UIC) Well Program.
6. Assist with various operational and troubleshooting problems.
7. Assist in obtaining quotes from vendors for different services and parts.
8. Be on call available 24/7 to assist with emergency and non-emergency issues.

Total hours shall not exceed more than ten (10) hours per week and the flat rate of \$50 per hour. There shall be no other benefits admissible.

The services required from Mike Aldrich should not exceed 10 hours weekly without supervisory approval.
