Response: The subject site consists of approximately ~~19.23~~ gross acres (14.8 net acres). The current use is agricultural (tree nursery), as well as a single-family residence. This application constitutes a request for approval of a Final Site Plan pursuant to Section 24-43(b) of the Zoning Code, which allows plans to be reviewed as Final Site Plans at the initial stage of review if the plans and supporting data comply in all respects with the requirements for a final site plan. The proposed site plan include a gated private roadway providing access to the lots from Griffin Road. It includes one cul-de-sac at the south end of the property. There is no residents access from SW 106th Ave. However, a stabilized subgrade access road will be provided for emergency and fire department vehicles only. Re: Hanson Park
Site Plan & Plat Petitions

PETITIONS: Hanson Park – Site Plan (SP #9-1-23) and Plat (P #9-1-23)

LOCATION: SE Corner of Griffin Rd and SW 106th Avenue, Cooper City, Florida

OWNER/PETITIONER: Hanson Homestead LLC (Owner)
CC Homes at Cooper City LLC (Agent)

LAND USE

DESIGNATION: E-Estate

ZONING DESIGNATION: A-1, Agricultural (Broward County) District (existing)
R-1-D, Single Family (Cooper City) District (proposed)

ACRES: 19.23 acres gross from Broward County Acreage
Determination letter
14.03 acres for the proposed Plat

ANALYSIS:

This item is a Preliminary/Final Site Plan petition for the proposed Hanson Park subdivision. It is being presented for Preliminary/Final Site Plan approval pursuant to Section 24-43(b) of the Zoning Code.

The subject site is approximately 19.23 net acres in size made up of two tracts of land (Hanson Parcel and FDOT lake which was purchased from the Hanson Family) and is located on SE Corner of Griffin Rd and SW 106th Avenue. Accompanying this petition are rezoning and plat petitions which reflect a total of 38 lots that are from 8,700 to 10,370 square feet in size. The site plan reflects one and two-story single-family homes, 3 to 6 bedrooms, with models from 2,312 to 4,720 square feet.

Access to the site is provided only from Griffin Road via a right-in and right-out. The plans reflect a private gated community with a private internal street within a 60-foot wide access tract. The project will include access gates with a visitor call box. Landscape berms are being proposed along Griffin Road and SW 106th Avenue to ensure buffering and privacy for the new homes. There will be a gated “emergency access only” entrance off of SW 106th Avenue into the southern end of the community.

The proposed lake and the current FDOT lake will serve as a buffer between this community and the Pine Lake subdivision to the East. The developer has restricted lots 18 and 19 to single story units only to ensure the privacy of the Cooper’s Grove community to the south.

There are no recreation lands being proposed within the development. Therefore the developer will need to secure approval of a fee in lieu of the recreational land dedication requirement of six acres per thousand-population generated by the development. An appraisal and park dedication fee was calculated and a check for \$331,000 has been submitted to the City.

The property has been surveyed for wetlands and permits from South Florida Water Management District and Florida Department of Environmental Protection will be required before the City’s issuance of a fill permit.

Plat Petition. The Plat reflects 38 specifically delineated lots with a restriction of single family detached dwelling units. The plat reflects access from Griffin Rd to the north. A lake which will serve as the water management area and a private road to be dedicated to the future Homeowners Association. In addition, the Plat reflects all utility and drainage easements.

The proposed plat provides future access to the Hanson Homestead site and a declaration of restrictive covenants is proposed restricting the site to R-1-D permitted uses if the current house is moved or demolished.

RECOMMENDATION: The plat, site plans, engineering, and landscape plans have been reviewed by the DRC for conformance with the proposed zoning district regulations and are in conformance with those standards subject to the conditions listed below. The Development Review Committee therefore recommends APPROVAL of the Site Plan and Plat petitions subject to the following:

1. Approval or receipt of the following items prior to City Commission Approval of the Site Plan and Plat Amendments:
 - a. City Commission approval of the flex rezoning petition accompanying these petitions to change the zoning on the property from the A-1 to the R-1-D zoning district with the application of 19 flex units.
 - b. Engineering Department approval of the Water and Sewer Agreement and payment of the ERC Fees.
 - c. Engineering Department approval of Engineering Plans, Water & Sewer Plans, and Paving and Drainage Plans.

- d. Central Broward Water Control District review and approval of the Drainage and Water Management Plans.
 - e. Payment of the fee in lieu of the recreational dedication requirement.
2. Approval or receipt of the following items prior to permit issuance:
- a. Payment of General Government Impact Fees, and any outstanding Broward County fees.
 - b. Broward County approval of the sewer collection transmission system.
 - c. Health Department approval of the Water Distribution System.
 - d. Post Office & Broward County E911 approval of the Address Plan.
 - e. Submittal of recorded copies of the HOA Documents and the Declaration of Restrictive Covenants.
 - f. Payment of the Cost Recovery Fees including the Appraisal and the Traffic Study Fees.

ROYAL PALM RANCHES PRESERVATION BOARD RECOMMENDATION:

PLANNING AND ZONING BOARD RECOMMENDATION:

At the meeting on February 29, 2024, the Planning and Zoning Board recommended APPROVAL with an 8-0 Vote.
